APPLICATIONS.

6. Every application for a patent must be left at or sent to the Patent Office, and may be sent by prepaid letter through the post, and must in every case be accompanied by the prescribed fee.

7.—(1.) Every application for a patent left at the Patent Office shall be numbered in the order of its receipt.

(2.) Every application for a patent sent by prepaid letter through the post shall, as far as practicable, be opened and numbered in the order in which the letter containing it was delivered at the Patent Office.

8. Every application for a patent shall be accompanied by a statement of an address for service to which all notices, requisitions, and communications of every kind may be sent by the Commissioner. The address for service shall be within the Commonwealth, and, if the Commissioner so requires, in or near to the city in which the Patent Office is situate.

9. Every application for a patent must be signed by all the applicants, each of whose signatures must be attested by a witness.

10. An application for a patent by a body corporate shall be signed or body corporate executed in such a manner as to bind the corporation, and shall be signed by some person who shall be personally responsible for the truth of the statements therein contained.

> 11.-(1.) Where the applicant for a patent includes in his specification more than one invention, he may, before acceptance of the application, or after refusal to accept the application on the ground that the specification includes more than one invention, amend his complete specification so as to include one invention only, and make application for a separate patent for each of the other inventions.

> (2.) Every such new application shall, if the applicant notify his desire to that effect to the Commissioner, bear the date of the original application, and shall, together therewith, be proceeded with in the manner prescribed as if it had been originally made on that date.

12. Every application for an extension of time for lodging a complete Extension of specification shall be made in the Form C2 in the Second Schedule, and the fine for shall state in detail the circumstances in and grounds upon which the complete extension is applied for, and the Commissioner may require the applicant to substantiate his statements by such proof as the Commissioner thinks necessary.

13. The statement of the invention claimed, with which a complete Gaims. specification must end, shall be clear and succinct as well as separate and distinct from the body of the specification.

14. Every complete specification must be accepted within twelve months time limit for from the date of application, or within such extended period, not exceeding complete three months, as the Commissioner, on application and on payment of specification, the prescribed fee, allows.

15.—(1.) When a complete specification is ready for acceptance, the Notice that application is Commissioner shall notify the applicant accordingly, and require him to ready for acceptance fee.

(2.) Upon the payment of the acceptance fee the Commissioner shall advertise the acceptance in the Official Journal.

(3.) If the acceptance fee be not paid within the time limited for the acceptance of the specification, the application shall be deemed to have been abandoned.

16. After the advertisement of acceptance, the application and speci-Inspection of fication, with the drawings (if any), may be inspected at the Patent specification. Office upon payment of the prescribed fee.

17. When the Commissioner refuses to accept an application accom- Refusal by panied by either a provisional or a complete specification, he shall notify $_{to \ accept}^{Commissioner}$ the refusal to the applicant, and such notification may be in the Form F in the Second Schedule.

18. All advertisements, notices, or documents, which by the Act or by Advertisement of other these Regulations are required to be published, shall be advertised in proceedings. the Official Journal.

19. Where the Commissioner has allowed an extension of time for $E_{xtension}$ of the acceptance of a complete specification, he may allow an extension, for time for sealing, the same period, of the time for the sealing of the patent.

APPLICATIONS UNDER SECTION 7 OF THE ACT.

20. An application made under section 7 of the Act may be in the Application Form A8 or A9 in the Second Schedule.

21. The Commissioner may, if he thinks fit, direct that the State patent reduction of state produced for his inspection.

22. The application must be signed by the applicant and attested by a state witness, and, in addition to the specifications left therewith, be accommon panied by a copy of the complete specification and drawings upon which application. the State patent was granted.

23. The applicant must state whether any amendment has been made Amendment in any document subsequent to the grant of the patent in the State, and subsequent to the reason for, and the nature of, the amendment. Amendments and objections to State

patents,

24. If a patent for the invention has been refused in any State or States, the applicant, when lodging his application, must state in writing the ground of the refuent. If any objection has been raised to the acceptance of his application in my State or States, he shall, when lodging his application, state in writing the nature of the objections, and the grounds upon which they were overcome.

Further proceedings.

25. The time for payment of the prescribed renewal fee on an application under section 7 of the Act shall be reckoned as from the date of the application.

26. Save as aforesaid, all proceedings in connexion with an application under section 7 shall be taken within the times and in the manner prescribed for ordinary applications.

APPLICATION FOR ADDITIONAL PATENT.

Application for additional 27. An application for an additional patent in respect of an improvement on an invention may be in the Form A7. patent,

> 28. The application shall be signed by the applicant in the presence of a witness.

29. The time for payment of the prescribed renewal fee on an additional patent shall be reckoned as from the date of the additional patent,

30. Save as aforesaid, all proceedings in connexion with an application for an additional patent shall be taken within the times and in the manner prescribed for ordinary applications.

APPLICATIONS UNDER INTERNATIONAL AND INTERCOLONIAL ARRANGEMENTS.

31. An application for a patent under International or Intercolonial requirements of application. arrangements may be in the Form A6 in the Second Schedule, and must be made within twelve months from the date of the first foreign application, and must be accompanied by a complete specification, and be signed by the person or persons by whom the first foreign applications was made. If that person, or any of those persons, he dead, the application must be signed by his or their legal representative, as well as by the other applicants, if any.

> 32.-(1.) In addition to the specification left with the application, a copy or copies of the specification or specifications and drawings, or documents corresponding thereto, filed or deposited by the applicant in the Patent Office of the Foreign State or British Possession in respect of the first foreign application, duly certified by the official chief or head of the Patent Office of the Foreign State or British Possession as aforesaid, or otherwise verified to the satisfaction of the Commissioner, must be left at the Patent Office at the same time as the application, or within such further time thereafter, not exceeding three months, as the Commissioner may allow. If any specification or other document is in a foreign language, a translation thereof shall be annexed thereto, and verified by declaration or otherwise to the satisfaction of the Commissioner.

> (2.) An application for extension of time for leaving the copy or copies of the foreign specification or specifications, drawings or documents, may be made in the Form C4, and shall be accompanied by the prescribed fee.

SIZE, ETC., OF DOCUMENTS.

35. Subject to any directions given by the Commissioner, all size of documents and copies of documents sent to or left at the Patent ^{documents}. Office, or furnished to the Commissioner or to the Court or the Law Officer, shall be written or printed in the English language on tough white paper of good quality, not thinner than 300 sheets to the inch. The sheets shall be 13 inches by 8 inches, with a margin of not less than 2 inches at the left side, and one-half inch elsewhere.

36. The top half of the first sheet of specifications shall be left blank, specifications, and the writing or printing shall be on one side only. The contents shall be written or printed in carbonaceous or other permanent ink, not liable to be affected by bleaching agents. If written, the writing shall be large and legible, not more than ten letters per inch, and with not more than two line spaces per inch. If printed, the type shall not be less than pica, and there shall not be more than three line spaces per inch. The date and the signature shall be on the last sheet, which shall, in the case of the complete specification, also contain the conclusion of the description of the nature of the invention.

37. The signatures to all documents must be written in full in a large signatures. and legible hand.

38.—(1.) A copy of every provisional specification shall be lodged at Copies of provisional the Patent Office at the same time as the original.

(2.) Six copies of every complete specification shall be lodged at the copies of Patent Office at the same time as the original.

(3.) Copies of every provisional or complete specification shall be marked "True Copy," and shall be signed by the applicant or his agent.

39. Copies of all other documents required by the Commissioner shall copies of other documents.

SIZES AND METHODS OF PREPARING DRAWINGS ACCOM-PANYING PROVISIONAL OR COMPLETE SPECIFICATIONS.

40.—(1.) The provisional or complete specification need not be accompanied by drawings if the specification sufficiently describes the invention without them; but if drawings are furnished they should accompany the provisional or complete specification to which they refer, unless the applicant desires to adopt the drawings lodged with the provisional specification as the drawings for the complete specification, when they must be referred to as those "left with the provisional specification."

(2.) The drawings must show every feature of the invention covered by the specification.

(3.) When the invention consists of an improvement upon an old machine, the drawing must exhibit the invention disconnected from the old structure, and also, in another view, the specific improvement and such parts of the old structure as necessarily co-operate with it. When the drawings illustrate an invention for which an additional patent is sought under section 85 of the Act, the improved or varied portions shall be drawn in full black lines, and so much of the original invention as may be necessary to show the connexion or action shall be repeated and shown in dotted outlines in proper relation to the improved part. (4.) Drawings must be delivered at the Patent Office either flat or on rollers, so as to be free from creases, folds, or breaks.

Requirements as to paper, &c.

Quality of ink, &c.

Size of drawings. 41. Drawings must be made on pure white tough drawing paper, not thinner than 100 sheets to the inch, of smooth surface and good quality, and without colour or Indian ink washes.

42. Drawings must be on sheets 13 inches at the sides by 8 inches at the top and bottom. The illustrations shall be inside a border rectangle 12 inches by 7 inches, leaving a margin half-an-inch wide. When an exceptionally large drawing is essential, it may be drawn in sections, on several detached sheets. There is no limit to the number of sheets. The figures should be numbered consecutively throughout.

43. -(1.) To insure their satisfactory reproduction on a reduced scale, all lines shall be in absolutely black Indian ink, and shall be uniform in thickness or gradation.

(2.) Section and shade lines shall not be closer than 30 per inch, and shading lines shall preferably be avoided.

(3.) Sections of plates and small pieces may be in solid black.

(4.) Reference letters and figures must be bold, distinct, not less than one-eighth of an inch in height, and should be placed in an upright position, and the same letters and figures must be used in different views of the same parts. Reference letter or figures shall in case of the larger parts be placed upon the parts, and in the case of smaller parts be placed to one side of the drawing and connected by a fine line to the parts to which they refer.

(5.) When the character of the drawings permits, such words as "plan," "elevation," and brief descriptive names of parts, such as "generator," "dipping tank," "high pressure cylinder," may be added; but no connected description, phrase, or sentence, shall appear on the drawings.

44.—(1.) The scale adopted shall be large enough to show clearly wherein the invention consists, and only so much of the apparatus, machine, &c., need be shown as effects this purpose.

(2.) When the scale is shown on the drawing, it should be denoted, not by words, but by a divided line. Related drawings, such as "plan" and "elevation," shall be drawn to the same scale, and be arranged in proper relative positions, where practicable.

45. Each sheet of the drawings shall be signed by the applicant or his agent, as near the lower right-hand corner inside the border line as is convenient.

46.—(1.) In the case of drawings left with a complete specification after a provisional specification, the number and date of the application shall be given in the lower left-hand corner, outside the border line.

(2.) In the case of all drawings, the total number of sheets, and the number of each sheet, shall be stated on each sheet in the top right-hand corner, outside the border line.

47. No professional designation, or advertisements, or addresses, will be permitted upon the face of the drawings or anywhere upon the tracings.

48.—(1.) A *fac-simile* of the original drawings prepared strictly in accordance with the regulations governing original drawings must be lodged with the original drawings.

(2.) A fac-simile prepared on tracing cloth must also be lodged.

49. The words "Original" or "True Copy," as the case requires, must, in each case, be placed in the centre at the top of each sheet, outside the border line.

Every declaration or affidavit shall state the description and true place of abode of the person making it, and shall be written or printed bookwise, and shall bear the name and address of the person leaving it, and the name of the person on whose behalf it is left.

51.-(1) Declarations for the purposes of these Regulations may be Declarations. taken or made before any of the following persons :---

- .(a) In Australia—A Notary Public, a Justice of the Peace, a Commissioner for Affidavits, or any person authorized by any Act or State Act to administer oaths or take declarations;
 - (b) In British Dominions other than Australia—Any Judge, Magistrate, Justice of the Peace, Notary Public, or Commissioner for Oaths or Affidavits, or any person authorized by law to administer oaths or take declarations;
 - (c) In Foreign Countries-Any Judge of a Superior Court, British Consul or Consular Officer, or Notary Public.

(2.) The Commissioner may take notice of the signature to any declaration, and of the signature of the person before whom it purports to have been declared, without proof of those signatures or of the official character of the person before whom the declaration purports to have been made.

52. Unless any particular form of declaration is prescribed, any decla- Form of ration for the purposes of these Regulations may be in accordance with declaration. the Form E1 in the Second Schedule. A statutory declaration in accordance with the law of the place in which the declaration is made may, however, be accepted as a declaration in lieu of a declaration in accordance with that Form.

53. Nothing in these Regulations as regards declarations shall necessitate Declaration in any further signature or attestation to the declaration contained in the application form of application for a patent than that directed by section 33 of the not affected. Act.

EXERCISE OF DISCRETIONARY POWERS BY THE COMMISSIONER.

54. The Commissioner, before exercising any discretionary power given to Exercise of him by the Act adversely to an applicant for a patent or for amend- new by ment of a specification, shall give him ten days' notice at least of the commissioner. time when he may be heard personally, or by his patent attorney, solicitor, or person authorized on his behalf, before the Commissioner.

55. Within five days from the date when such notice would be delivered notice to in the ordinary course of post, or such longer time as the Commissioner applicant. appoints in the notice, the applicant shall notify to the Commissioner whether he desires to be heard in the matter.

56. The Commissioner shall, after hearing the applicant (or without Notification of hearing him if he does not attend the Patent Office at the time fixed for decision. the hearing, or notifies the Commissioner that he does not desire to be heard, or fails to notify him that he desires to be heard), notify his decision or determination, together with any reasons therefor, to the applicant and any other person known to the Commissioner to be affected thereby.

OPPOSITION TO GRANT OF PATENTS.

57. A notice of opposition to the grant of a patent may be in the Form G in the Second Schedule, and shall state the grounds on which the person giving the notice (hereinafter called the opponent) intends to oppose the grant. Such notice must be signed by him or his patent attorney, solicitor, or agent, and must contain an address for service in the Commonwealth, and, if the Commissioner so requires, in or near to the city in which the Patent Office is situate, and shall be accompanied by a true copy.

58. Forthwith after the receipt of the notice of opposition the copy shall be transmitted by the Commissioner to the applicant.

59. The Commissioner may require any opponent who does not reside in Australia to give security for costs to his satisfaction within such time as he allows, and if the security is not so given the opposition shall be dismissed.

60. Where the ground or one of the grounds of opposition is that the invention has been patented in the Commonwealth or in a State on an application of prior date, the number, date, and title of the prior patent shall be specified in the notice.

61. Within fourteen days after the lodging of the notice of opposition, or within such further time, not exceeding one month, as the Commissioner allows, the opponent shall leave at the Patent Office declarations and copies thereof in support of his opposition, and forthwith after the receipt thereof the copies shall be transmitted by the Commissioner to the applicant.

62. Within fourteen days after the receipt from the Commissioner of such copies, or such further time as the Commissioner allows, the applicant shall leave at the Patent Office declarations and copies thereof in answer, and forthwith after the receipt thereof the copies shall be transmitted by the Commissioner to the opponent.

63. Within fourteen days after the receipt from the Commissioner of such copies, or such further time as the Commissioner allows, the opponent shall leave at the Patent Office declarations and copies thereof in reply, and forthwith after the receipt thereof the copies shall be transmitted by the Commissioner to the applicant. Such last-mentioned declarations shall be confined to matters strictly in reply.

64. Any party desiring an extension of time under the provisions of any of the three preceding Regulations must make application therefor before the expiration of the time sought to be extended, and the powers of the Commissioner thereunder may only be exercised at or after a hearing for the purpose, or on proof of the consent of the parties engaged.

65.-(1.) No further evidence shall be left on either side, except by leave of the Commissioner upon the written consent of the parties duly notified to him, or by special leave of the Commissioner on an application made to him for that purpose.

(2.) Either party making such application shall give three days' notice thereof to the opposite party, who shall be entitled to oppose the application.

(3.) If on hearing the application the Commissioner is satisfied that the failure to seal the patent within the sixteen months was not due to any neglect or wilful default on the part of the applicant or his agent, he may enlarge the time for sealing for such period as is required, but not exceeding three months in any event.

(4.) If any extension applied for under this Regulation be not granted, the fee paid on application therefor may be refunded by the Commissioner.

76. Nothing in these Regulations shall affect the power of the High Court or the Supreme Court to allow such extension of time as it thinks proper for the sealing of any patent.

APPEAL TO THE LAW OFFICER.

77. When any person intends to appeal to the law officer from a direction of the Commissioner under section 43 of the Act, or a decision of the Commissioner under the *Patents Act* 1906, he shall, within thirty days from the date of the direction or decision appealed against, leave at the Patent Office a notice of appeal (in duplicate), accompanied by the prescribed fee.

78. Such notice shall state the grounds of appeal, and whether the appeal is from the whole of the direction or decision, or part only, and, if so, what part of the direction or decision, and shall be accompanied by a statement (in duplicate) of the appellant's case.

79. Upon notice of appeal being filed, the Commissioner shall forthwith transmit to the law officer all the matters relating to the application in respect of which the appeal is made.

80. Seven clear days' notice at least of the time and place appointed for the hearing of the appeal shall be given to the appellant and the Commissioner by the law officer.

81. The evidence used on appeal to the law officer shall be the same as that used at the hearing before the Commissioner, and no further evidence shall be given, save as to matters which have occurred or come to the knowledge of the appellant or the Commissioner after the date of the direction or decision appealed against.

82. At the time and place appointed, the law officer shall hear the appellant and the Commissioner, and may adjourn or postpone the hearing, and shall at the hearing, or at some adjournment or postponement thereof, decide whether, and subject to what conditions, if any, the application and specification shall be accepted, and shall notify his decision in writing to the appellant and the Commissioner.

APPEAL TO THE HIGH COURT OR TO THE SUPREME COURT.

83.-(1.) When any person intends to appeal to the High Court or to the Supreme Court from a decision of the Commissioner, he shall, within thirty days from the date of the decision, or such further time as the Court, by special leave on application made within such thirty days, allows, leave at the Patent Office, and with the opposite party, if any, a notice in the Form Z in the Second Schedule, and file a copy of the notice in the Court.

(2.) Notice of intention to apply to the Court under this Regulation for special leave shall in each case be served on the Commissioner.

84. The Commissioner shall forward to the proper officer of the Court all documents and evidence used on the hearing before him.
