Subdivision C—Eligible transferors in relation to trusts

343 Interpretation

In this Subdivision, unless the contrary intention appears:

actual transfer, in relation to property or services, means a transfer of the property or services other than a transfer that is taken to have been made because of subsection 345(1), (2), (5), (6), (8), (10) or (11).

scheme has the same meaning as in Division 6AAA of Part III.

services has the same meaning as in Division 6AAA of Part III.

transfer has the same meaning as in Division 6AAA of Part III.

underlying transfer, in relation to a transfer of property or services to a trust, means:

- (a) if that transfer was an actual transfer—the actual transfer; or
- (b) if that transfer was taken to have been made because of subsection 345(1)—the actual transfer referred to in that subsection; or
- (c) if that transfer was taken to have been made because of subsection 345(2)—the actual transfer referred to in paragraph 345(2)(d); or
- (d) if that transfer was taken to have been made because of subsection 345(5)—the actual transfer referred to in paragraph 345(5)(b); or

- (e) if that transfer was taken to have been made because of the application of subsection 345(6) or (8) to an actual transfer—the actual transfer; or
- (f) if that transfer was taken to have been made because of the application of subsection 345(6) or (8) to a transfer that was taken to have been made because of subsection 345(1)—the actual transfer referred to in subsection 345(1); or

- (h) if that transfer was taken to have been made because of subsection 345(10)—the actual transfer referred to in paragraph 345(10)(b); or
- (j) if that transfer was taken to have been made because of one or more applications of subsection 345(11) to an actual transfer—the actual transfer; or
- (k) if that transfer was taken to have been made because of one or more applications of subsection 345(11) to a transfer (in this paragraph called the ***deemed transfer***) that was taken to have been made because of subsection 345(1), (2), (5), (6), (8) or (10)—the actual transfer that, under a preceding paragraph of this definition, is the underlying transfer in relation to the deemed transfer.

344 References to transfer of property or services

- (1) A reference in this Subdivision to the transfer of property or services to a trust includes a reference to the transfer of property or services by way of the creation of the trust.
- (2) For the purposes of this Subdivision, where an entity acquires property that did not previously exist, the property is taken to have existed immediately before the acquisition and to have been acquired from the entity who created the property.
- (3) For the purposes of this Subdivision, property or services are to be taken to have been transferred to an entity if the property or services have been applied for the benefit of, or in accordance with the directions of, the entity.

Section 345

- (4) Without limiting the generality of subsection (3), a reference in that subsection to the application of property or services for the benefit of an entity includes a reference to the application of property or services in the discharge, in whole or in part, of a debt due by the entity.
- (5) A reference in this Subdivision to a transfer of property or services to an entity includes a reference to a transfer made before the commencement of this Subdivision.
- (6) A reference in this Subdivision to the transfer of property or services to a trust does not include a reference to a transfer made by the trustee of the estate of a deceased person under:
 - (a) the terms of the deceased person's will or codicil; or
 - (b) an order of a court that varied or modified the provisions of a deceased person's will or codicil;unless:
 - (c) the transfer was made in or as a result of the exercise (by the trustee or any other person) of a power of appointment or any other discretion; or
 - (d) under subsection 345(1), the property or services are taken to have been transferred by an entity other than the trustee, instead of by the trustee; or
 - (e) under subsection 345(5), the Commissioner treats the property or services as having been (to any extent) transferred by an entity other than the trustee, instead of by the trustee.

345 Deemed transfers of property or services

- (1) For the purposes of this Subdivision, where an entity (in this subsection called the ***prime entity***) causes another entity to actually transfer property or services to a trust, the prime entity (instead of the other entity) is to be taken to have transferred the property or services to the trust.
- (2) For the purposes of this Subdivision, where:
 - (a) the trustee of a trust issues units in the trust to an entity (in this subsection called the ***first entity***) in the first entity's capacity as a manager, underwriter or dealer in relation to the marketing or placement of the units; and

- (b) in the course of the marketing or placement of the units, the units are disposed of by the first entity to another entity (in this subsection called the ***second entity***); and
 - (c) at a particular time (in this subsection called the ***second entity's transfer time***), the second entity transfers property or services to the first entity as consideration for the acquisition of the units; and
 - (d) the first entity has actually transferred, or actually transfers, property or services (in this subsection called the ***original property or services***) to the trust for the sole purpose of acquiring the units;

the second entity is taken to have transferred the original property or services (instead of the first entity) at the second entity's transfer time.
- (3) A reference in subsection (2) to a unit in a trust is a reference to an interest (however described) in any of the income or property of the trust.
- (4) Subsections (1) and (2) do not limit the operation of subsection (5).
- (5) Where, under a scheme:
 - (a) an entity (in this subsection called the ***scheme entity***) actually transfers property or services to another entity; and
 - (b) property or services are actually transferred to a trust at a particular time otherwise than by the scheme entity;

the Commissioner may, for the purposes of this Subdivision, treat the property or services mentioned in paragraph (b) as having been transferred by the scheme entity (instead of by any other entity) to the trust at that time.
- (6) Where:
 - (a) apart from subsections (8), (10) and (11), a partnership transfers property or services to a trust at a particular time (in this subsection called the ***transfer time***); and
 - (b) at a later time (in this subsection called the ***cessation time***), the partnership ceases to exist for the purposes of this Act;

then, for the purpose of determining whether an entity that was a partner in the partnership immediately before the cessation time is an eligible transferor in relation to the trust at a time after the cessation time, each such partner is to be taken to have transferred the original property or services to the trust at the transfer time.

Section 345

- (7) Nothing in subsection (6) affects the application of this Subdivision to the transfer made by the partnership concerned.
- (8) For the purposes of this Subdivision, if:
- (a) apart from this subsection and subsections (6), (10) and (11), a discretionary trust (in this subsection called the ***transferor trust***) transfers property or services (in this subsection called the ***original property or services***) to another trust (in this subsection called the ***transferee trust***) at a particular time (in this subsection called the ***transfer time***); and
 - (b) at a later time (in this subsection called the ***cessation time***), the transferor trust commences to be wound up or ceases to exist for the purposes of this Act; and
 - (c) apart from this subsection and subsections (6), (10) and (11), one or more other entities transferred property or services to the transferor trust at or before the transfer time;
- each of those other entities is to be taken to have transferred the original property or services to the transferee trust at the transfer time.
- (9) Nothing in subsection (8) affects the application of this Subdivision to the transfer mentioned in paragraph (8)(a).
- (10) For the purposes of this Subdivision, where:
- (a) any of the following subparagraphs applies:
 - (i) any of the following events occurs in relation to a company (which company is in this subsection called the ***transferor***):
 - (A) the company passes a resolution for its winding-up;
 - (B) an order is made for the winding-up of the company;
 - (C) any similar event;
 - (ii) a partnership (in this subsection also called the ***transferor***) ceases to exist for the purposes of this Act;
 - (iii) either of the following sub-subparagraphs applies in relation to the trustee of a trust (in this subsection also called the ***transferor***):
 - (A) the trust commences to be wound-up;
 - (B) the trust estate ceases to exist for the purposes of this Act; and

(b) an actual transfer of property or services is made to a trust (in this subsection called the *transferee*) as a consequence of the transferor being wound-up or ceasing to exist;
the transferor is taken to have transferred to the transferee the property or services concerned.

(11) Where:

- (a) the following subparagraphs apply to an entity (in this subsection called the *defunct entity*):
 - (i) the defunct entity is a company, partnership or trust;
 - (ii) the defunct entity transferred property or services (in this subsection called the *original property or services*) to a trust (including a transfer that was taken to have been made because of another application or applications of this subsection) at a particular time (in this subsection called the *transfer time*);
 - (iii) if the defunct entity is a company—the company passes a resolution for its winding-up, an order is made for the winding-up of the company or a similar event occurs;
 - (iv) if the defunct entity is a partnership—the partnership ceases to exist for the purposes of this Act;
 - (v) if the defunct entity is a trust—the trust commences to be wound up or ceases to exist for the purposes of this Act; and
 - (b) the Commissioner is satisfied that an entity (in this subsection called the *successor entity*) has benefited or is capable (whether by the exercise of a power of appointment or otherwise) of benefiting (either directly or indirectly through one or more interposed companies, partnerships or trusts) as a result of a transfer of property or services made by the defunct entity or a transfer of property or services made as a consequence of the defunct entity being wound up or ceasing to exist; and
 - (c) the Commissioner is of the opinion that it is appropriate to apply this subsection to the successor entity;
- then, for the purpose of determining whether the successor entity is an eligible transferor in relation to the trust referred to in subparagraph (a)(ii) at a time after the transfer time, the successor entity is to be taken to have transferred the original property or services to that trust.

346 Circumstances in which a transfer of property or services is an eligible business transaction

An underlying transfer of property or services to a trust is an eligible business transaction if, and only if, at or about the time of the transfer, identical or similar property or services were transferred by the transferor in the ordinary course of business to ordinary clients or customers under arm's length transactions in similar circumstances and subject to identical or similar terms and conditions as those that applied in relation to the underlying transfer of the property or services concerned.

347 Eligible transferor in relation to a discretionary trust

- (1) An entity (in this section called the *transferor entity*) is an eligible transferor in relation to a discretionary trust at a particular time (in this section called the *test time*) if the trust is not a public unit trust at the test time and:
 - (a) all of the following subparagraphs apply:
 - (i) the transferor entity transferred property or services to the trust at a time (in this subparagraph called the *transfer time*) at or after the IP time and before the test time;
 - (ii) if the underlying transfer was made in the course of carrying on a business—the underlying transfer was not an eligible business transaction;
 - (iii) if the underlying transfer was made under an arm's length transaction otherwise than in the course of carrying on a business—the transferor entity was in a position, at any time after the transfer time and before the test time, to control the trust; or
 - (b) all of the following subparagraphs apply:
 - (i) the transferor entity transferred property or services to the trust at any time before the IP time;
 - (ii) the underlying transfer was not an eligible business transaction;
 - (iii) at any time after the IP time and before the test time, the entity was in a position to control the trust;
- and, at the test time, the transferor entity is an Australian entity or a CFE.

- (2) For the purposes of this section, an entity is taken to be in a position to control a trust if, and only if:
- (a) a group in relation to the entity had the power by means of the exercise by the group of any power of appointment or revocation or otherwise, to obtain, with or without the consent of any other entity, the beneficial enjoyment of the corpus or income of the trust; or
 - (b) a group in relation to the entity was able in any manner whatsoever, whether directly or indirectly, to control the application of the corpus or income of the trust; or
 - (c) a group in relation to the entity was capable under a scheme of gaining the enjoyment or the control referred to in paragraph (a) or (b); or
 - (d) a trustee of the trust was accustomed or under an obligation (whether formally or informally) or might reasonably be expected to act in accordance with the directions, instructions or wishes of a group in relation to the entity; or
 - (e) a group in relation to the entity was able to remove or appoint the trustee, or any of the trustees, of the trust.
- (3) A reference in subsection (2) to a group in relation to an entity is a reference to any of the following:
- (a) the entity acting alone;
 - (b) an associate of the entity acting alone;
 - (c) the entity and one or more associates of the entity acting together;
 - (d) 2 or more associates of the entity acting together.

348 Eligible transferor in relation to a non-discretionary trust or a public unit trust

- (1) An entity is an eligible transferor in relation to a non-discretionary trust or a public unit trust at a particular time (in this section called the *test time*) if:
- (a) the transferor entity transferred property or services to the trust at or after the IP time and before the test time; and
 - (b) the underlying transfer was made for no consideration or for a consideration less than the arm's length amount in relation to the underlying transfer; and

Section 348

- (c) it is not the case that the sole purpose of the underlying transfer was the acquisition of units in the trust where the parties to the underlying transfer were at arm's length with each other in relation to the underlying transfer and the trust was a public unit trust at the test time;
and, at the test time, the transferor entity is an Australian entity or a CFE.
- (2) For the purposes of subsection (1), the arm's length amount in relation to a transfer of property or services to a trust is the amount that the trustee could reasonably be expected to have been required to pay to obtain the property or services concerned from the transferor under a transaction where the parties were dealing with each other at arm's length in relation to the transaction.

Division 3—Control interests, attribution interests, attributable taxpayers and attribution percentages

Subdivision A—Control interests

349 Associate-inclusive control interest in a company or trust

- (1) Subject to this section, the associate-inclusive control interest that an entity (in this section called the ***lower entity***) holds in a company or trust at a particular time is the aggregate of:
 - (a) the direct control interest in the company or trust that the lower entity holds at that time; and
 - (b) the indirect control interests in the company or trust that the lower entity holds at that time; and
 - (c) the direct control interests in the company or trust held at that time by associates of the lower entity; and
 - (d) the indirect control interests in the company or trust held at that time by associates of the lower entity.
- (2) In calculating the associate-inclusive control interest that the lower entity holds in the company or trust:
 - (a) an indirect control interest of the lower entity is not to be counted under paragraph (1)(b) to the extent to which it is calculated by reference to:
 - (i) a direct control interest in the company or trust that is taken into account under paragraph (1)(c); or
 - (ii) an indirect control interest in the company or trust that is taken into account under paragraph (1)(d); and
 - (b) an indirect control interest of an associate of the lower entity is not to be counted under paragraph (1)(d) to the extent to which it is calculated by reference to:
 - (i) a direct control interest in the company or trust that is taken into account under paragraph (1)(a) or (c); or
 - (ii) an indirect control interest in the company or trust that is taken into account under paragraph (1)(b) or (d).

Section 349

- (3) If, apart from this subsection, both of the following things would be counted in calculating the associate-inclusive control interest that the lower entity holds in the company or trust:
 - (a) the holding of a direct control interest by the lower entity or any other entity;
 - (b) an entitlement to acquire that direct control interest;only one of those things is to be taken into account.
- (4) For the purpose of determining any of the following matters:
 - (a) whether the aggregate of the associate-inclusive control interests that a group of entities holds in a company is not less than 50%;
 - (b) whether a single Australian entity has an associate-inclusive control interest in a company of not less than 40%;
 - (c) whether the aggregate of the associate-inclusive control interests that a group of entities holds in a trust is not less than 50%;
 - (d) whether the associate-inclusive control interest that an Australian entity holds in a CFC is not less than 10%;
 - (e) whether the associate-inclusive control interest that an Australian entity holds in a company is not less than 1%;if, apart from this subsection, an entity, or each of 2 or more entities, would hold a direct control interest, or control tracing interest, in another entity (in this subsection called the **higher entity**) equal to 100%:
 - (f) only one of those entities is to be taken to hold a direct control interest, or control tracing interest, as the case may be, in the higher entity equal to 100%; and
 - (g) no other entity (whether or not the entity would, apart from this subsection hold a direct control interest, or control tracing interest, of 100%) is to be taken to hold any direct control interest, or control tracing interest, as the case may be, in the higher entity.
- (5) For the purpose of calculating the aggregate of the associate-inclusive control interests that a group of entities holds in a company or trust:

- (a) if a particular direct control interest or indirect control interest that an entity holds in another entity would be counted more than once because the entity is an associate of one or more other entities in the group, that interest is to be counted only once; and
- (b) if both of the following things would, but for this subsection, be counted in calculating the aggregate of the associate-inclusive control interests that a group of entities holds in a company or trust:
 - (i) the holding of a direct control interest by an entity;
 - (ii) an entitlement to acquire that direct control interest;only one of those things is to be counted.
- (6) If it is necessary for the purposes of this section to decide:
 - (a) which one of 2 things is to be taken into account for the purposes of subsection (3) or (5); or
 - (b) which one of 2 or more entities is to be chosen for the purposes of paragraph (4)(f);the Commissioner may make that decision.

Section 350

- (2) If the percentage of total rights to vote or participate in decision-making differs as between differing types of decision-making, the highest of those percentages applies for the purposes of paragraph (1)(b).
- (3) For the purposes of the application of subsection (1) to a company, the percentage that an entity holds, or is entitled to acquire, at a particular time (in this subsection called the **test time**) in a statutory accounting period of the company, of the total rights to distributions of capital or profits of the company to its shareholders on winding-up is to be worked out by:
 - (a) ascertaining whichever of the following is applicable:
 - (i) the capital of the company as at the end of the statutory accounting period;
 - (ii) the profits of the company for the statutory accounting period; and
 - (b) assuming that the rights to such distributions that the entity holds, or is entitled to acquire, at the test time were the same at all other times during the statutory accounting period; and
 - (c) ascertaining the percentage concerned:
 - (i) at the end of the statutory accounting period instead of at the test time; and
 - (ii) on that assumption.
- (4) For the purposes of the application of subsection (1) to a company, the percentage that an entity holds, or is entitled to acquire, at a particular time (in this subsection called the **test time**) in a statutory accounting period of the company, of the total rights to distributions of capital or profits of the company to its shareholders, otherwise than on winding-up, is to be worked out by:

 - (i) the capital of the company as at the end of the statutory accounting period;
 - (ii) the profits of the company for the statutory accounting period; and
 - (b) assuming that the rights to such distributions that the entity holds, or is entitled to acquire, at the test time were the same at all other times during the statutory accounting period; and

- (c) ascertaining the percentage concerned:
 - (i) at the end of the statutory accounting period instead of at the test time; and
 - (ii) on that assumption.
- (5) Eligible finance shares in a company are to be ignored for the purposes of the application of subsection (1) to the company.
- (6) If, at a particular time, a company is controlled by a group of 5 or fewer Australian entities, either alone or together with associates (whether or not any associate is also an Australian entity), each Australian entity in that group of 5 or fewer holds a direct control interest in the company equal to 100%.
- (7) An entity that holds a direct control interest in a company at a particular time because of subsection (6) is not to be taken to hold any direct control interest in the company at that time because of subsection (1).

351 Direct control interest in a trust

- (1) An entity that is a beneficiary in a trust holds a direct control interest in the trust at a particular time equal to:
 - (a) the percentage of the income of the trust represented by the share of the income to which the beneficiary is entitled, or that the beneficiary is entitled to acquire; or

369 Indirect attribution account interest in an entity

- (1) The indirect attribution account interest that an entity (in this section called the **bottom entity**) holds in another entity (in this section called the **top entity**) is calculated in accordance with this section.

- (2) An interposed entity is not to be taken into account in calculating the indirect attribution account interest unless the entity is an attribution account entity.
- (3) If there is only one entity interposed between the bottom entity and the top entity, the indirect attribution account interest is calculated by multiplying the direct attribution account interest that the bottom entity holds in the interposed entity by the direct attribution account interest that the interposed entity holds in the top entity.
- (4) If there are 2 entities interposed between the bottom entity and the top entity, the indirect attribution account interest is calculated:
 - (a) by multiplying the direct attribution account interest that the bottom entity holds in the first interposed entity by the direct attribution account interest that the first interposed entity holds in the second interposed entity; and
 - (b) by multiplying the result of the calculation in paragraph (a) by the direct attribution account interest that the second interposed entity holds in the top entity.
- (5) If there are 3 or more entities interposed between the bottom entity and the top entity, the indirect attribution account interest is calculated:
 - (a) by multiplying the direct attribution account interest that the bottom entity holds in the first interposed entity by the direct attribution account interest that the first interposed entity holds in the second interposed entity; and
 - (b) by multiplying the result of the multiplication referred to in paragraph (a) by the direct attribution account interest that the second interposed entity holds in the third interposed entity;and so on, ending with a multiplication by the direct attribution account interest that the last interposed entity holds in the top entity.
- (6) For the purposes of this section, an entity (in this subsection called the ***second entity***) is interposed between 2 other entities (in this subsection called the ***first entity*** and the ***third entity*** respectively) if, and only if:
 - (a) the first entity has a direct attribution account interest in the second entity; and

Section 370

- (b) the second entity has a direct attribution account interest in the third entity.

370 Attribution surplus

An attribution surplus for an attribution account entity in relation to a taxpayer exists at a particular time if the entity's total attribution credits arising before that time in relation to the taxpayer exceed its total attribution debits arising before that time in relation to the taxpayer.

371 Attribution credit

- (1) An attribution credit arises for an attribution account entity (in this section called the *eligible entity*) in relation to a taxpayer if:
 - (a) an amount is included in the taxpayer's assessable income under section 456 in respect of the attributable income of the eligible entity for a statutory accounting period; or
 - (b) an amount is included in the taxpayer's assessable income under section 457 as a result of a change of residence by the eligible entity; or
 - (d) an attribution account payment that requires an attribution debit for another entity in relation to the taxpayer is made to the eligible entity.
- (2) Subject to subsection (4), the amount of the attribution credit is equal to the amount included in assessable income or to the amount of the attribution debit, as the case may be.
- (4) Where:
 - (a) the attribution credit arises under paragraph (1)(d) in relation to an attribution account payment consisting of a non-portfolio dividend paid to the eligible entity, where the eligible entity is a company; and
 - (b) the eligible entity is or will be liable to pay an amount of foreign tax on the attribution account payment or on amounts that include the attribution account payment;then the amount of the attribution credit is reduced by the amount calculated using the formula:
$$\text{Attribution account percentage} \times \text{Foreign tax}$$

where:

Attribution account percentage means the taxpayer's attribution account percentage for the attribution account entity.

Foreign tax means the amount of foreign tax, to the extent that it is attributable to the attribution account payment.

- (5) The attribution credit arises:
- (a) in a paragraph (1)(a) case where subsection 319(6) does not apply to the statutory accounting period referred to in that paragraph—at the end of the statutory accounting period; or
 - (aaa) in a paragraph (1)(a) case where subsection 319(6) applies to the statutory accounting period referred to in that paragraph—at the beginning of the statutory accounting period; or
 - (b) in a paragraph (1)(b) case—subject to subsection (8), at the time of the change of residence referred to in that paragraph; or
 - (d) in a paragraph (1)(d) case—when the attribution account payment referred to in that paragraph is made.
- (6) Where, apart from this subsection, an attribution credit would arise in relation to an attribution account entity for an Australian partnership or an Australian trust in respect of an amount included in the assessable income of the partnership or trust of a year of income under section 456 or 457, then, subject to subsection (7):
- (a) the attribution credit does not arise for the partnership or trust; and
 - (b) an attribution credit arises in relation to the attribution account entity for:
 - (i) any taxpayer for whom, as a result of the amount being so included, a tax detriment would arise in circumstances referred to in paragraphs 460(2)(a) and (b) or paragraphs 460(3)(a) and (b); and
 - (ii) any taxpayer where, as a result of the amount being so included, a tax detriment would arise for the trustee of a trust in which the taxpayer is a beneficiary, in respect of an amount assessable to the trustee under section 98 in respect of the taxpayer's share of the net income of the trust, in circumstances referred to in paragraph 460(4)(a); and

Section 371

- (iii) any taxpayer in the capacity of trustee of a trust, where, as a result of the amount being so included, a tax detriment would arise for the taxpayer in respect of an amount assessable to the taxpayer under section 99 or 99A, in circumstances referred to in paragraph 460(4)(a); and
 - (c) the amount of the attribution credit referred to in paragraph (b) equals the amount of the tax detriment, as reduced by any application of section 460; and
 - (d) the attribution credit referred to in paragraph (b) arises at the time when the attribution credit referred to in paragraph (a) would, but for this subsection, have arisen.
- (7) Subsection (6) does not apply to an Australian trust that is, in relation to the year of income referred to in that subsection:
 - (a) a corporate unit trust within the meaning of Division 6B of Part III; or
 - (b) a public trading trust within the meaning of Division 6C of that Part; or
 - (c) a complying superannuation fund, a non-complying superannuation fund, a complying approved deposit fund, a non-complying approved deposit fund or a pooled superannuation trust.
- (8) If:
 - (a) a company ceases to be resident in an unlisted country and becomes a resident of a listed country; and
 - (b) an amount (in this subsection called the **section 457 amount**) is included in a taxpayer's assessable income under section 457 as a result of the change of residence; and
 - (c) a particular part (in this subsection called the **eligible part**) of the section 457 amount is attributable to a hypothetical disposal of a particular asset of the company at the residence change time; and
 - (d) it might reasonably be expected that, if and when the company actually disposes of the asset, so much of the gain derived by the company on the actual disposal of the asset that accrued before the residence change time will be subject to tax in the listed country;the taxpayer may elect to defer the timing of so much of the paragraph (1)(b) attribution credit as is attributable to the eligible

part from the time of the change of residence referred to in that paragraph until immediately before the payment by the company of a dividend out of the gain derived by the company on the actual disposal of the asset.

- (9) An election for the purposes of subsection (8):
 - (b) is irrevocable; and
 - (c) has no effect unless it is made:
 - (i) within 6 months after the end of the later of the following years of income:
 - (A) the year of income in which the residence change time took place;
 - (B) the year of income in which this subsection commenced; or
 - (ii) within such further period as the Commissioner allows.

372 Attribution debit

- (1) An attribution debit arises for an attribution account entity (in this section called the *eligible entity*) in relation to a taxpayer if:
 - (a) the eligible entity makes an attribution account payment to the taxpayer or to another attribution account entity; and
 - (b) immediately before the eligible entity makes the attribution account payment, there is an attribution surplus for the eligible entity in relation to the taxpayer.
- (2) Subject to subsection (4), the amount of the debit is the lesser of:
 - (a) the attribution surplus; and
 - (b) whichever of the following is applicable:
 - (i) if the attribution account payment is made to the taxpayer—the attribution account payment;
 - (ii) in any other case—the taxpayer's attribution account percentage (for the attribution account entity to which the payment is made) of the attribution account payment.
- (4) Where:
 - (a) the attribution account payment is made to an attribution account entity that is a trust; and

Section 373

- (b) the attribution surplus, for the eligible entity, is in relation to the taxpayer in the capacity of trustee of the trust (because it is a surplus that resulted from an attribution credit or credits that arose under subparagraph 371(6)(b)(iii));
- then the amount of the attribution debit is the lesser of:
- (c) the attribution surplus; and
 - (d) any amount assessable to the taxpayer under section 99 or 99A in relation to the net income of the trust of the year of income in which the attribution account payment is made.
- (5) The attribution debit arises when the attribution account payment is made.

373 Grossed-up amount of an attribution debit

The grossed-up amount in relation to an attribution debit is:

- (a) where subparagraph 372(2)(b)(i) applied in relation to the debit—the amount of the debit; or
- (b) where subparagraph 372(2)(b)(ii) applied in relation to the debit—the amount of the debit, divided by the attribution account percentage referred to in that subparagraph.

Division 7—Calculation of attributable income of CFC

Subdivision A—Basic principles

381 Separate attributable income for each attributable taxpayer

Where, at the end of a statutory accounting period (in this Division called the *eligible period*) of a company:

- (a) the company is a CFC; and
- (b) there are one or more attributable taxpayers in relation to the company;

the attributable income of the company (in this Division called the *eligible CFC*) for the eligible period is calculated separately for each such attributable taxpayer (in this Division called the *eligible taxpayer*) in accordance with this Division.

382 Attributable income is taxable income calculated on certain assumptions

- (1) The attributable income is the amount that would be the eligible CFC's taxable income for the eligible period if certain assumptions were made.
- (2) For the purposes of describing those assumptions, amounts of assessable income, allowable deductions and exempt income that are to be taken into account in calculating the taxable income are referred to respectively as notional assessable income, notional allowable deductions and notional exempt income.

383 Basic assumptions

The assumptions are:

- (a) that the eligible CFC is a taxpayer and a resident, within the meaning of section 6, during the whole of the eligible period; and
- (b) that the eligible period is a year of income, being the year of income of the eligible taxpayer in which the eligible period ends; and

Section 384

- (c) that this Act is modified in accordance with Subdivisions B to E; and
- (d) whichever of the assumptions in section 384 or 385 applies.

384 Additional assumption for unlisted country CFC

- (1) Where the eligible CFC is a resident of an unlisted country at the end of the eligible period, it is to be assumed:
 - (a) that the only amounts of notional assessable income are those to which subsection (2) applies; and
 - (b) that all other income is notional exempt income.
- (2) The amounts of notional assessable income are:
 - (a) where the eligible CFC does not pass the active income test for the eligible period in relation to the eligible taxpayer—amounts that would be included in its notional assessable income for the eligible period under this Act as modified in accordance with Subdivisions B to E if the only income or other amounts derived by it during the eligible period, and any earlier statutory accounting period, were adjusted tainted income (within the meaning of section 386); and
 - (b) amounts included in the notional assessable income of the eligible CFC for the eligible period under section 102AAZD of this Act as modified in accordance with Subdivisions B to E; and
 - (c) amounts included in the notional assessable income of the eligible CFC for the eligible period under Division 6 of Part III of this Act as so modified; and
 - (d) amounts that would be included in the notional assessable income of the eligible CFC for the eligible period under Division 5 of Part III of this Act, as modified in accordance with Subdivisions B to E of this Division, in relation to any partnership if its net income included only:
 - (i) where the eligible CFC does not pass the active income test for the eligible period in relation to the eligible taxpayer—amounts that would be included if the partnership derived only adjusted tainted income (within the meaning of section 386); and
 - (ii) amounts included under section 102AAZD of this Act as modified in accordance with Subdivisions B to E of this Division; and

- (iii) amounts included under Division 6 of Part III of this Act as so modified.

385 Additional assumption for listed country CFC

- (1) Where the eligible CFC is a resident of a listed country at the end of the eligible period, it is to be assumed:
- (a) that the only amounts of notional assessable income are those to which subsection (2) applies; and
 - (b) that all other income is notional exempt income.
- (2) Subject to subsection (4), the amounts of notional assessable income are:
- (a) amounts that would be included in the notional assessable income of the eligible CFC for the eligible period under this Act as modified in accordance with Subdivisions B to D if the only income or other amounts derived during the eligible period, and any earlier statutory accounting period, by the eligible CFC were:
 - (i) where the eligible CFC does not pass the active income test for the eligible period in relation to the eligible taxpayer—adjusted tainted income (within the meaning of section 386) that is eligible designated concession income in relation to the listed country or any other listed country; and
 - (ii) income or other amounts, of a kind specified in the regulations, that:
 - (A) are not eligible designated concession income of the eligible CFC in relation to the listed country or any other listed country; and
 - (B) are not treated as derived from sources in the listed country for the purposes of the tax law of the listed country; and
 - (C) pass the test set out in subsection (2A); and
 - (b) amounts included in the notional assessable income of the eligible CFC for the eligible period under section 102AAZD of this Act as modified in accordance with Subdivisions B to D; and
 - (c) amounts included in the notional assessable income of the eligible CFC for the eligible period under Division 6 of Part III of this Act as so modified, where either of the following

Section 385

conditions (but not necessarily the same condition) is satisfied in relation to the listed country and each other listed country:

- (i) the amounts are not subject to tax in that listed country in a tax accounting period ending before the end of the eligible period or commencing during the eligible period;
 - (ii) the amounts are subject to tax in that listed country in such a tax accounting period and are designated concession income in relation to the listed country; and
- (d) amounts that would be included in the notional assessable income of the eligible CFC for the eligible period under Division 5 of Part III of this Act, as modified in accordance with Subdivisions B to D of this Division, in relation to any partnership if its net income included only:
 - (i) where the eligible CFC does not pass the active income test for the eligible period in relation to the eligible taxpayer—amounts that would be included if the partnership derived only adjusted tainted income (within the meaning of section 386) that is eligible designated concession income in relation to the listed country or any other listed country; and
 - (ii) amounts that would be included if the partnership derived only income or other amounts, of a kind specified in the regulations, that:
 - (A) are not eligible designated concession income of the partnership in relation to the listed country or any other listed country; and
 - (B) are not treated as derived from sources in the listed country for the purposes of the tax law of the listed country; and
 - (C) pass the test set out in subsection (2A); and
 - (iii) amounts included under section 102AAZD of this Act as modified in accordance with Subdivisions B to D of this Division; and
 - (iv) amounts included under Division 6 of Part III of this Act as so modified, where either of the following conditions (but not necessarily the same condition) is satisfied in relation to the listed country and each other listed country:

- (A) the amounts are not subject to tax in that listed country in a tax accounting period ending before the end of the eligible period or commencing during the eligible period;
 - (B) the amounts are subject to tax in that listed country in such a tax accounting period and are designated concession income in relation to the listed country.
- (2A) For the purposes of sub-subparagraphs (2)(a)(ii)(C) and (2)(d)(ii)(C), income or other amounts pass the test set out in this subsection if both:
 - (a) the income or other amounts are adjusted tainted income (within the meaning of section 386); and
 - (b) the income or other amounts are not subject to tax in the listed country or in any other listed country in a tax accounting period ending before the end of the eligible period or commencing during the eligible period.
- (3) For the purposes of paragraph (2)(c) or (d), a reference in that paragraph to an amount being not subject to tax or subject to tax, as the case may be, includes a reference to another amount included in the net income of a partnership or trust, to which the first-mentioned amount is attributable, being not subject to tax or subject to tax.
- (4) Where the sum of the amounts to which paragraph (2)(a) would otherwise apply does not exceed the lesser of:
 - (a) \$50,000; and
 - (b) 5% of the gross turnover of the eligible CFC for the eligible period;then that paragraph does not apply to those amounts.
- (5) In determining for the purposes of paragraph (4)(b) the gross turnover of the eligible CFC for the eligible period, section 434 has effect as if:
 - (a) subparagraph 434(1)(a)(i) were omitted; and
 - (b) the words “, but not including amounts that are shown in those recognised accounts as amounts covered by section 436” were omitted from paragraphs 434(1)(b), (c) and (d); and

Section 386

- (c) the words “(other than an exclusion of amounts shown in those recognised accounts as amounts covered by section 436)” were omitted from subsection 434(2).

386 Adjusted tainted income

- (1) The references in sections 384, 385 and 457 to adjusted tainted income are references to amounts that would be passive income, tainted sales income or tainted services income if certain modifications were made to the provisions of Division 8.
- (2) The modifications are:
 - (a) that paragraphs 446(1)(k), (m) and (n) are replaced with the following:
 - “(k) amounts derived from the disposal of tainted assets;
 - (m) amounts derived from the disposal of tainted commodity investments;
 - (n) amounts derived that are attributable to currency exchange rate fluctuations, except where under section 439 the amounts would, if they were currency exchange gains, relate to an active income transaction;”;
 - and
 - (b) that paragraph 446(1)(k) as so replaced does not apply to an amount derived from the disposal of a tainted asset in the circumstances referred to in paragraphs 450(2)(a) to (c) or (5)(a) to (c); and
 - (c) that paragraph 446(1)(n) as so replaced does not apply to an amount derived where, if it were a currency exchange gain, paragraphs 450(3)(a) and (b) would apply to it; and
 - (d) that the reference in subsection 450(7) to net gains that accrued to the company in respect of the disposal of tainted assets is replaced with a reference to amounts derived by the company from the disposal of tainted assets.

387 Reduction of attributable income because of interim dividends

- (1) Where:
 - (a) during the eligible period, the eligible CFC pays a dividend to the eligible taxpayer or to another entity; and

- (b) if the dividend is paid to the eligible taxpayer—the whole or part of the dividend is included in the assessable income of the eligible taxpayer of a year of income; and
- (d) the whole or part of the grossed-up assessable component of the dividend may reasonably be regarded as having been paid out of the attributable income of the eligible CFC for the eligible period;

then, for the purposes of this Part, the attributable income of the eligible CFC for the eligible period in relation to the eligible taxpayer is reduced by an amount equal to the whole or the part of the grossed-up assessable component of the dividend.

- (2) In this section:

grossed-up assessable component, in relation to a dividend the whole or part of which is included in the assessable income of the eligible taxpayer, means the amount of the whole or the part divided by the eligible taxpayer's attribution percentage for the eligible CFC at the time of payment of the dividend.

Subdivision B—General modifications of Australian tax law

388 Double tax agreements to be disregarded

In calculating the attributable income of the eligible CFC, the *International Tax Agreements Act 1953* is to be disregarded, except for the purpose of references in this Act to that Act.

389 Certain provisions to be disregarded in calculating attributable income

For the purpose of applying this Act in calculating the attributable income of the eligible CFC, the following provisions are to be disregarded:

- (a) except for the purposes of a reference in any other provision of this Part—sections 23AH, 23AI, 23AK and 128D, subsection 136AF(1A), Division 15 of Part III (other than subsection 148(1)) and sections 456, 457, 459A and 461;
- (b) except for the purposes of a reference in Division 6AAA of Part III or in any other provision of this Part—Part 3-6 of the *Income Tax Assessment Act 1997*;

Section 389A

- (ba) Division 230 of the *Income Tax Assessment Act 1997*;
- (c) Division 820 of the *Income Tax Assessment Act 1997*.

389A Other provisions to be disregarded in calculating attributable income

For the purpose of applying this Act in calculating the attributable income of the eligible CFC, the following provisions are to be disregarded:

- (a) Division 974 of the *Income Tax Assessment Act 1997*; and
- (b) any provision of this Act to the extent to which the operation of the provision depends on an expression whose meaning is given by Division 974 of the *Income Tax Assessment Act 1997*.

390 Elections to be made by eligible taxpayer

- (1) For the purpose of applying this Act in calculating the attributable income of the eligible CFC, any declaration, election, choice or selection that may be made, any notice that may be given or any option that may be exercised, under this Act by the eligible CFC apart from this section is not to be made, given or exercised by the eligible CFC but instead may be made, given or exercised by the eligible taxpayer.
- (2) The eligible taxpayer may make the declaration, election or selection, give the notice or exercise the option in the eligible taxpayer's return of income of the year of income in which the eligible period ends or within such further period after the lodgment of the return as the Commissioner allows.
- (3) Subsection (1) does not apply to an election under the CGT roll-over provisions.

392 Notional assessable amounts are to be pre-tax

- (1) An amount included in the notional assessable income of the eligible CFC is an amount before the payment of any foreign tax or Australian tax in respect of the amount.

393 Notional allowable deduction for taxes paid

- (1) Foreign tax or Australian tax paid by the eligible CFC in respect of amounts included in the notional assessable income of the eligible CFC for the eligible period, whether paid before, during or after that period, is a notional allowable deduction from the notional assessable income of the eligible CFC for the eligible period.
- (4) Where a person pays an amount of tax that the person is liable to pay under subsection 148(3) of this Act, in its application apart from this Part, in respect of premiums paid or credited to the eligible CFC, then, for the purposes of subsection (1), the amount is taken to be Australian tax paid by the eligible CFC in respect of the premiums.

394 Notional allowable deduction for eligible finance share dividends, widely distributed finance share dividends and transitional finance share dividends

Where:

- (a) the eligible CFC pays an eligible finance share dividend, a widely distributed finance share dividend or a transitional finance share dividend during or after the eligible period; and
- (b) if, on the assumption that the dividend were instead a payment of the interest, referred to in paragraph 327(d) or 327A(3)(b) or subsection 327B(2), as the case requires, to which it may reasonably be regarded as equivalent, an amount (in this section called the *interest equivalent*) of that interest accruing during the eligible period would be a notional allowable deduction for the eligible period;

then the interest equivalent is a notional allowable deduction for the eligible period.

395 Expenditure incurred to produce income or profits in later statutory accounting periods

In determining whether expenditure incurred by the eligible CFC during the eligible period for the purpose of gaining or producing income or profits in a later statutory accounting period is a notional allowable deduction under a particular provision, it is to be assumed that:

Section 396

- (a) there will be a requirement under this Division to calculate the attributable income of the eligible CFC for that later statutory accounting period; and
- (b) for that purpose, the eligible CFC will always be a resident of the listed country or unlisted country, as the case may be.

396 Modified application of sections 25A and 52

- (1) For the purpose of applying this Act and the *Income Tax Assessment Act 1997* in calculating the attributable income of an eligible CFC, sections 25A and 52 of this Act and sections 15-15 and 25-40 of the *Income Tax Assessment Act 1997* do not apply in respect of the disposal of a non-taxable Australian asset of the eligible CFC.
- (2) A reference in subsection (1) to a non-taxable Australian asset is a reference to a CGT asset other than one that has the necessary connection with Australia (within the meaning of the *Income Tax Assessment Act 1997*).
- (3) The residency assumption is to be ignored in determining whether an asset is a taxable Australian asset for the purposes of this section.

397 Modified application of trading stock provisions

When applying this Act and the *Income Tax Assessment Act 1997* in calculating the attributable income of the eligible CFC:

- (a) Subdivision B of Division 2 of Part III of this Act has effect as if the value of any article of trading stock to be taken into account at the beginning or end of a year of income were its cost price; and
- (b) Division 70 of the *Income Tax Assessment Act 1997* has effect as if the value of any item of trading stock to be taken into account at the beginning or end of an income year were its cost.

398 Modified application of depreciation provisions

- (1) Where property has been held by the eligible CFC in a non-attributable income period in relation to the application of a depreciation provision to the property (in relation to the eligible

Section 398A

CFC and the eligible taxpayer) prior to the eligible period, subsection (2) applies.

- (2) Such amount as the Commissioner considers appropriate to take account of the holding of the property as mentioned in subsection (1) is, under the depreciation provision:

- (a) a notional allowable deduction to the eligible CFC; or
- (b) included in the notional assessable income of the eligible CFC;

as the case requires, for the eligible period in relation to the eligible taxpayer, in substitution for any amount that would otherwise be so included or allowable.

- (3) For the purpose of exercising his or her power under subsection (2) to determine a notional allowable deduction in relation to:

- (a) former sections 54 to 62 of this Act; or
- (b) the former Division 42 (Depreciation) of the *Income Tax Assessment Act 1997* (other than Subdivisions 42-L and 42-M); or
- (c) Division 40 of that Act (other than Subdivision 40-E);

the Commissioner must assume that the property was used by the eligible CFC during any non-attributable income period wholly and exclusively for the purpose of producing notional assessable income.

398A Application of Division 3A of Part III

- (1) Subject to subsection (2), Division 3A of Part III applies in calculating the attributable income of the eligible CFC.
- (2) Section 82R does not apply, subject to subsection (3), to outgoings during the eligible period under a convertible note if:
 - (a) the note was issued by the eligible CFC (whether or not the company concerned was a CFC at the time):
 - (i) before 1 July 1990; or
 - (ii) on or after 1 July 1990 and before 1 July 1992, where:
 - (A) the terms of the issue of the note were publicly announced by the eligible CFC before 1 July 1990; or

Section 399

- (B) the eligible CFC was, under a contract entered into before 1 July 1990, obliged to issue the note; and
 - (b) at the end of each statutory accounting period of the eligible CFC preceding the eligible period and ending after 30 June 1990, the eligible taxpayer was an attributable taxpayer in relation to the eligible CFC; and
 - (c) the eligible period begins before 1 July 2000.
- (3) If:
 - (a) the terms of a note to which subsection (2) would, apart from this subsection, apply are varied (otherwise than because of a compromise or arrangement approved by a court); and
 - (b) the Commissioner considers that the variation is substantial enough to represent a new loan;subsection (2) does not apply to outgoings under the note after the time at which the variation takes place.

399 Modifications of net income of partnerships and trusts

- (1) If, in calculating the attributable income of the eligible CFC, it is necessary to determine the net income of a partnership or trust under section 90 or 95, it is to be assumed that:
 - (a) the modifications of this Act in this Division (other than excluded modifications) apply to the partnership or the trust in the same way as they apply to the eligible CFC (except where a provision modified only applies to companies); and
 - (b) for the purpose of applying those modifications, the partnership or trust is taken to be a resident of the same listed or unlisted country as the eligible CFC; and
 - (c) the *Income Tax Assessment Act 1997* is further modified by disregarding section 855-50; and
 - (d) for the purposes of applying Parts 3-1 and 3-3 of the *Income Tax Assessment Act 1997* in accordance with the preceding paragraphs, the trust is a resident trust for CGT purposes.
- (2) In this section:
 - excluded modifications*** means modifications made by sections 404 and 411 to 418 (inclusive).

399A Modified application of bad debt etc. provisions

- (1) For the purposes of applying this Act in calculating the attributable income of the eligible CFC for the eligible period:
- (b) section 63D of this Act is to be disregarded; and
 - (c) subsection (2) of this section has effect.

(2) Where:

- (a) apart from this subsection, an amount would be a notional allowable deduction to the eligible CFC under section 8-1 or 25-35 of the *Income Tax Assessment Act 1997* in respect of the writing off of a debt as bad; and
- (b) the debt was created or acquired in the ordinary course of a money-lending business of the eligible CFC that carries on that business; and
- (c) assuming that income:
 - (i) that has been derived by the eligible CFC in respect of the debt; or
 - (ii) that would have been reasonably likely to have been derived by the eligible CFC in respect of the debt if it had not become bad;

were instead derived by the eligible CFC during periods to which it may reasonably be attributed, there would be a part or parts (which part or the total of which parts is in this subsection called the ***notional exempt income period***) of the period (in this subsection called the ***eligible debt holding period***) beginning when the debt was so created or acquired, and ending when it was written off, in respect of which some or all of that income would not be included in the notional assessable income of the eligible CFC for any statutory accounting period;

then only a proportion of the amount referred to in paragraph (a) is a notional allowable deduction, being the proportion calculated using the following formula:

$$\frac{\text{Eligible debt holding period} - \text{Notional exempt income period}}{\text{Eligible debt term}}$$

where:

Eligible debt holding period means the number of days in the eligible debt holding period.

Section 399A

Notional exempt income period means the number of days in the notional exempt income period.

Eligible debt term means:

- (d) where the debt was acquired from a person other than an associate—the number of days in the eligible debt holding period; or
 - (e) in any other case—the number of days in the period beginning on the day on which the debt was created (whether by the eligible CFC or another person) and ending at the end of the day on which it was written off.
- (3) For the purposes of subsection (2):
- (a) where a debt that is written off was acquired from another person, the creation and any previous acquisition of the debt is to be disregarded, other than for the purposes of paragraph (2)(e); and
 - (b) if, on the assumption in paragraph (2)(c), income would be derived by the eligible CFC during a period before the first statutory accounting period of the eligible CFC beginning on or after 1 July 1990, then, in spite of anything in that paragraph, that income is taken not to be included in the notional assessable income of the eligible CFC for any statutory accounting period; and
 - (c) it is to be assumed that, for any statutory accounting period for which there is no requirement to calculate the attributable income of the eligible CFC in relation to the eligible taxpayer, there is such a requirement.
- (4) Where a part of a debt is written off as bad, the preceding provisions of this section apply as if the part were an entire debt that is written off as bad.
- (5) This section has the same effect in relation to an allowable deduction under section 63E in respect of the whole or part of a debt that is extinguished as it has in relation to an allowable deduction under section 8-1 or 25-35 of the *Income Tax Assessment Act 1997* in respect of the whole or part of a debt that is written off as bad.

400 Modified application of Division 13 of Part III

In calculating the attributable income of the eligible CFC:

- (a) for the purposes of section 136AC, the eligible CFC is to be treated as a resident or a non-resident, within the meaning of that section, without regard to the residency assumption; and
- (aa) for the purposes of Division 13 of Part III, an agreement is not an international agreement if, at all times when the agreement was in force, all of the parties to the agreement were CFCs and were residents of the same listed country; and
- (b) section 136AF applies as if:
 - (i) the reference in subsection 136AF(1) to the application of section 136AD in relation to a taxpayer were a reference both to:
 - (A) the application of that section in relation to any CFC in calculating its attributable income or in relation to any trust estate in calculating its attributable income under Division 6AAA of Part III; and
 - (B) the actual application of that section in relation to any taxpayer in calculating the taxable income of the taxpayer apart from this Part; and
 - (ii) the references in paragraphs 136AF(1)(a) and (b) to assessable income or allowable deductions in relation to the relevant taxpayer were references to notional assessable income or notional allowable deductions in relation to the eligible CFC.

401 Reduction of disposal consideration or capital proceeds if attributed income not distributed

- (1) If:
 - (a) it is necessary, for the purposes of applying a provision of this Act in calculating the attributable income of the eligible CFC in relation to the eligible taxpayer, to take into account:
 - (i) the amount of consideration received, entitled to be received or taken to have been received, by the eligible CFC in respect of the disposal of an asset; or
 - (ii) the capital proceeds from a CGT event happening in relation to a CGT asset;

Section 401

being an asset that is an interest in an attribution account entity (the *disposal entity*); and

- (b) immediately before the disposal or CGT event takes place, either or both of the following conditions are satisfied:
 - (i) there is an attribution surplus for the disposal entity in relation to the eligible taxpayer;
 - (ii) there is an attribution surplus for one or more other attribution account entities in relation to the eligible taxpayer, where each such entity is one in which the eligible taxpayer has an indirect attribution account interest held through the disposal entity;

then:

- (c) for the purpose of calculating the attributable income, the consideration or capital proceeds that, apart from this section, would be taken into account under the provision referred to in paragraph (a) in respect of the disposal or CGT event is, subject to subsection (3), taken to be reduced by the grossed-up amount of the attribution surplus, or the sum of the grossed-up amounts of the attribution surpluses, as the case requires; and
 - (d) for the purposes of this Act, attribution debits and credits arise in accordance with subsection (5).
- (3) For the purposes of paragraph (1)(c):
- (a) a reference to the grossed-up amount of an attribution surplus is a reference to the amount of the surplus divided by the eligible taxpayer's attribution account percentage for the eligible CFC; and
 - (b) where the disposal of the asset, or the CGT event, causes the eligible taxpayer's attribution account percentage for an attribution account entity in relation to which there is an attribution surplus to be reduced by a proportion, then only that proportion of the attribution surplus is, subject to this subsection, to be taken into account under that paragraph; and
 - (c) where there is only one attribution surplus referred to in that paragraph and (after any application of paragraph (b) of this subsection) its grossed-up amount exceeds the consideration in respect of the disposal or the capital proceeds from the CGT event, then the surplus is only to be taken into account

to the extent that its grossed-up amount equals the consideration or those capital proceeds; and

- (d) where there are 2 or more attribution surpluses referred to in paragraph (1)(c) and (after any application of paragraph (b) of this subsection) the sum of their grossed-up amounts exceeds the consideration in respect of the disposal or the capital proceeds from the CGT event, then:
- (i) if the taxpayer makes an election that for the purposes of this paragraph, a part of each surplus (after any application of paragraph (b)) such that the sum of the grossed-up amounts of the parts to which the election relates equals the consideration or those capital proceeds—only the part to which the election relates of each surplus is to be taken into account under paragraph (1)(c); or
 - (ii) if subparagraph (i) does not apply—only a proportion of each surplus (after any application of paragraph (b)) is to be taken into account under paragraph (1)(c), being the proportion calculated using the formula:

$$\frac{\text{Consideration}}{\text{Total grossed-up surplus}}$$

where:

consideration means the amount of the consideration or the capital proceeds.

total grossed-up surplus means the sum of the grossed-up amounts of the attribution surpluses (after any application of paragraph (b)).

- (4) An election for the purposes of paragraph (3)(d) must be made on or before the date of lodgment of the eligible taxpayer's return of income for the year of income in which the eligible period ends or within such further period after the lodgment of the return as the Commissioner allows.
- (5) For the purposes of this Act:
- (a) an attribution debit is taken to arise at the time of the disposal under section 372, in relation to the eligible taxpayer, for each attribution account entity (in this section called a **surplus entity**) in relation to which there is an attribution surplus to which paragraph (1)(c) applies; and

Section 402

- (b) the amount of the attribution debit is equal to so much of the surplus as is taken into account under paragraph (1)(c); and
 - (c) there is no grossed-up amount in relation to the attribution debit under section 373; and
 - (d) an attribution credit equal to the debit is taken to arise, at the time of the disposal or of the CGT event, under section 371 for the eligible CFC in relation to the eligible taxpayer.
- (6A) In determining, for the purposes of this section, whether there was an attribution surplus immediately before a CGT event, and the amount of such a surplus, also take into account any attribution credit that later arises because the CGT event caused section 104-175 of the *Income Tax Assessment Act 1997* (as it notionally applies to the CGT event entity under this Division) to operate.
- (7) In this section:
 - interest**, in relation to an attribution account entity, means:
 - (a) if the entity is a company—an interest in shares in the company, or an entitlement to acquire such an interest; or
 - (b) if the entity is a partnership—an interest of a partner in the profits or property of the partnership, or an entitlement of a partner to acquire such an interest; or
 - (c) if the entity is a trust—an entitlement of a beneficiary to a share of the income or corpus of the trust, or an entitlement of a beneficiary to acquire such an entitlement.

402 Additional notional exempt income—unlisted or listed country CFC

- (1) This section applies where the eligible CFC is a resident of either a listed country or an unlisted country at the end of the eligible period.
- (2) Each of the following is notional exempt income of the eligible CFC in relation to the eligible period:
 - (a) income or other amounts derived by the eligible CFC in the eligible period that are included in the assessable income of the eligible CFC of any year of income for the purposes of this Act apart from this Part, other than amounts that are so

included under section 143 (where the proviso to that section does not apply);

- (b) so much of a frankable distribution, paid to the eligible CFC in the eligible period, as is either the franked part of the distribution, or the part of the distribution that has been franked with an exempting credit;
- (e) a premium paid or credited to the eligible CFC in the eligible period, where, because of the application of subsection 148 (1) for the purposes of this Act apart from this Part, the premium is not, for those purposes, allowable as a deduction to the person referred to in subparagraph 148(1)(a)(i) and is not included in the assessable income of the eligible CFC.

(3) If:

- (a) an attribution account entity makes an attribution account payment to the eligible CFC in the eligible period; and
- (b) apart from this subsection, the whole or part of the attribution account payment would be included in the notional assessable income of the eligible CFC in relation to the eligible taxpayer for the eligible period; and
- (c) on the making of the attribution account payment, an attribution debit arises for the attribution account entity in relation to the eligible taxpayer;

then so much (if any) of the whole or the part of the attribution account payment as does not exceed the grossed-up amount of the attribution debit is notional exempt income of the eligible CFC for the eligible period.

(4) If:

- (a) a FIF attribution account entity (within the meaning of former Part XI) makes a FIF attribution account payment (within the meaning of former Part XI) to the eligible CFC in the eligible period; and
- (b) apart from this subsection, the whole or part of the FIF attribution account payment would be included in the notional assessable income of the eligible CFC in relation to the eligible taxpayer for the eligible period; and
- (c) on the making of the FIF attribution account payment, a post FIF abolition debit arises under section 23AK for the FIF attribution account entity in relation to the eligible taxpayer;

Section 403

so much (if any) of the whole or the part of the FIF attribution account payment as does not exceed the grossed-up amount of the post FIF abolition debit is notional exempt income of the eligible CFC for the eligible period.

- (5) For the purposes of subsection (4), the grossed-up amount of the post FIF abolition debit is:
- (a) where subparagraph 23AK(3)(b)(i) applied in relation to the debit—the amount of the debit; or
 - (b) where subparagraph 23AK(3)(b)(ii) applied in relation to the debit—the amount of the debit, divided by the FIF attribution account percentage referred to in that subparagraph.

403 Additional notional exempt income—unlisted country CFC

If the eligible CFC is a resident of an unlisted country at the end of the eligible period, the notional exempt income of the eligible CFC in relation to the eligible period includes income or profits derived by the eligible CFC in the eligible period in or in connection with carrying on business in a listed country at or through a permanent establishment of the eligible CFC in that listed country, where the income or profits are not eligible designated concession income in relation to any listed country in relation to the eligible period.

404 Additional notional exempt income—listed or section 404 country CFC

Where the eligible CFC is a resident of a listed country or a section 404 country at the end of the eligible period, a dividend paid to it in the eligible period by a company that is a resident of a listed country or a section 404 country is notional exempt income.

Subdivision C—Modifications relating to Australian capital gains tax

405 Interpretation

- (1) In this Subdivision:
- commencing day* has the meaning given by section 406.
- commencing day asset* has the meaning given by section 406.

- (3) Some provisions of this Subdivision say that a payment can include giving property. To the extent that one does, use the market value of the property in working out the amount of the payment.

406 Meaning of *commencing day* and *commencing day asset*

- (1) For the purposes of applying this Act in calculating the attributable income of the eligible CFC, the eligible CFC's ***commencing day*** is the later of:
- (a) the last day of the most recent period during which there was not an attributable taxpayer with an attribution percentage (greater than nil) in relation to the eligible CFC; and
 - (b) 30 June 1990.

Example: If a taxpayer became an attributable taxpayer with an attribution percentage (greater than nil) in relation to the eligible CFC at 3 pm on 20 October 2004 and there were no other such attributable taxpayers at that time, the commencing day is 20 October 2004.

- (2) For the purposes of applying this Act in calculating the attributable income of the eligible CFC, a ***commencing day asset*** of the eligible CFC is a CGT asset (other than one that is taxable Australian property) owned by the eligible CFC at the end of its commencing day.
- (3) In determining whether a CGT asset is taxable Australian property, disregard the residency assumption.

408 Certain capital gains and losses disregarded

If a CFC makes a capital gain or capital loss from a CGT event that is not disregarded under Subdivision 855-A of the *Income Tax Assessment Act 1997*, or would have made a capital gain from the event apart from indexation, disregard the CGT event in calculating the attributable income of the eligible CFC.

408A Certain events before commencing day ignored

For the purposes of applying this Act in calculating the attributable income of an eligible CFC, if the eligible CFC's commencing day is after 30 June 1995, Parts 3-1 and 3-3 of the *Income Tax Assessment Act 1997* do not apply to CGT events involving the eligible CFC before the end of the commencing day.

Section 409

409 Losses before 30 June 1990 to be disregarded

For the purposes of applying this Act in calculating the attributable income of the eligible CFC, capital losses incurred before the end of 30 June 1990 are disregarded.

410 General modifications—CGT

For the purposes of applying this Act in calculating the attributable income of the eligible CFC, Parts 3-1 and 3-3 of the *Income Tax Assessment Act 1997* apply as if these provisions were disregarded:

- (a) section 116-85 (about section 47A of this Act applying to a rolled-over asset);
- (b) section 116-95 (about a company changing residence from an unlisted country);
- (c) section 118-12 (about assets used to produce exempt income etc.);
- (d) section 855-45 (about an individual or company becoming an Australian resident);
- (e) section 855-55 (about a CFC becoming an Australian resident);
- (f) Subdivision 170-B (about transfer of net capital losses within company groups).

411 Commencing day assets taken to have been acquired on commencing day

- (1) Subject to this section, for the purposes of applying this Act in calculating the attributable income of the eligible CFC, a commencing day asset of the eligible CFC is taken to have been acquired, for the purposes of Parts 3-1 and 3-3 of the *Income Tax Assessment Act 1997* (about CGT), by it on its commencing day.
- (3) Subsection (1) does not apply for the purposes of determining the cost base to the eligible CFC of an asset.

412 Cost base of commencing day asset

- (1) For the purposes of applying this Act in calculating the attributable income of the eligible CFC, the following provisions have effect.

- (2) The first element of the cost base of each commencing day asset of the eligible CFC is the greater of the asset's market value (at the end of the eligible CFC's commencing day) and the asset's cost base (on that day).
- (3) The first element of the reduced cost base of each commencing day asset of the eligible CFC is the lesser of the asset's market value (at the end of the eligible CFC's commencing day) and the asset's cost base (on that day).

413 Adjustment of cost base as at commencing day—return of capital

- (1) For the purposes of applying this Act in calculating the attributable income of the eligible CFC, the following provisions have effect.
- (2) Where:
 - (a) commencing day assets of the eligible CFC consist of shares in a company; and
 - (b) at any time during the period commencing at the time when the eligible CFC acquired the shares and ending at the end of the eligible CFC's commencing day, the company paid an amount that was not a dividend to the eligible CFC in respect of the shares;the cost base to the eligible CFC of the shares as at the eligible CFC's commencing day is to be reduced by that amount.
- (3) Where:
 - (a) a commencing day asset of the eligible CFC consists of an interest or unit in a trust; and
 - (b) at any time during the period commencing at the time when the eligible CFC acquired the interest or unit and ending at the end of the eligible CFC's commencing day, the trustee of the trust paid an amount to the eligible CFC in respect of the interest or unit, being an amount that would not have been notional assessable income of the eligible CFC;the cost base to the eligible CFC of the interest or unit as at the eligible CFC's commencing day is to be reduced by so much of the amount as is not attributable to a deduction allowed under Division 43 of the *Income Tax Assessment Act 1997* or former Division 10C or 10D of Part III of this Act.

Section 414

- (4) The payment referred to in subsection (2) or (3) can include giving property: see subsection 405(3).

414 Exercise of rights

- (1) For the purposes of applying this Act in calculating the attributable income of the eligible CFC, the following provisions have effect.
- (2) Despite section 130-40 of the *Income Tax Assessment Act 1997*, the modifications in subsections (3) and (4) of this section apply if the eligible CFC exercises rights or options as mentioned in that section to acquire:
- (a) shares in a company, or options to acquire shares in a company; or
 - (b) units in a unit trust, or options to acquire units in a unit trust; and those rights or options are commencing day assets of the eligible CFC.
- (3) The first element of the cost base of the shares, units or options is the sum of:
- (a) the amount paid to exercise the rights or options; and
 - (b) the greater of the market value of the rights or options (at the end of the eligible CFC's commencing day) and the cost base of the rights or options (on that day).
- (4) The first element of the reduced cost base of the shares, units or options is the sum of:
- (a) the amount paid to exercise the rights or options; and
 - (b) the lesser of the market value of the rights or options (at the end of the eligible CFC's commencing day) and the cost base of the rights or options (on that day).
- (5) The payment referred to in subsection (3) or (4) can include giving property: see subsection 405(3).
- (6) For indexation purposes, the amount referred to in paragraph (3)(b) is taken to have been incurred on the eligible CFC's commencing day.

418 Options

- (1) For the purposes of applying this Act in calculating the attributable income of the eligible CFC, the following provisions have effect.
- (2) Subsection 104-30(5) of the *Income Tax Assessment Act 1997* applies to an option granted by the eligible CFC as if the reference in that subsection to 20 September 1985 were a reference to the day after the eligible CFC's commencing day.
- (3) Section 134-1 of the *Income Tax (Transitional Provisions) Act 1997* does not apply to an option granted to the eligible CFC.

418A Effect of change of residence from Australia to listed or unlisted country

- (1) For the purposes of applying this Act in calculating the attributable income of the eligible CFC, where:
 - (a) disregarding the residency assumption, at any time (in this section called the **residence-change time**) during the eligible period or an earlier statutory accounting period beginning on or after the day following the eligible CFC's commencing day, the eligible CFC ceased to be a resident within the meaning of section 6 and became a resident of a listed country or an unlisted country; and
 - (b) the eligible CFC owned a CGT asset at the residence-change time; and
 - (c) a CGT event happens in relation to the asset during the eligible period;then sections 411 to 414 (inclusive) apply, in addition to any application apart from this section but subject to subsection (2) of this section, to the asset as if:
 - (d) any reference in those sections to a commencing day asset were a reference to the asset; and
 - (e) any reference in those sections relating to the eligible CFC's commencing day or the day following the eligible CFC's commencing day were a reference relating respectively to the residence-change time or a time immediately after the residence-change time; and
 - (f) if section 104-160 of the *Income Tax Assessment Act 1997* (CGT event I1) applied to the change of residence for the purposes of the application of this Act apart from this Part:

Section 419

- (i) section 412 applies as if subsections 412(2) and (3) referred only to the market value of the asset concerned; and
 - (ii) section 414 applies as if paragraphs 414(3)(b) and (4)(b) referred only to the market value of the asset concerned.
- (2) Where the asset is a commencing day asset, sections 411 to 414 (inclusive) do not apply, in spite of anything contained in those sections, to the asset except in accordance with subsection (1) of this section.

419 Modified application of Subdivision 126-B of the *Income Tax Assessment Act 1997*

- (1) For the purposes of applying this Act in calculating the attributable income of the eligible CFC, Subdivision 126-B of the *Income Tax Assessment Act 1997* has effect as if the table in subsection 126-50(5) of that Act were omitted and the following table were substituted:

Additional requirements			
Item	The originating CFC's residency status	The recipient company's residency status	This requirement must be satisfied
1	A resident of a listed country at the time of the trigger event	Either: (a) a resident of that listed country at that time; or (b) an Australian resident at that time	It does not matter what the roll-over asset is
2	A resident of a listed country at the time of the trigger event	A resident of a particular unlisted country at that time	The asset must have been used (just before that time) in connection with a permanent establishment of the originating CFC in any unlisted country at or through which the originating CFC carried on business just before that time

Additional requirements			
Item	The originating CFC's residency status	The recipient company's residency status	This requirement must be satisfied
3	A resident of an unlisted country at the time of the trigger event	Either: (a) a resident of an unlisted country at that time; or (b) an Australian resident at that time	It does not matter what the roll-over asset is

- (2) The residency assumption is ignored for the purpose of applying the table in subsection (1).

421 Elections under CGT roll-over provisions

- (1) Subject to this section, for the purpose of applying this Act in calculating the attributable income of the eligible CFC for the eligible period, any election or choice that may be made, by the eligible CFC, or by the eligible CFC and another entity, apart from this section, under any of the CGT roll-over provisions:
- (a) on or before the date of lodgment of a particular return of income; or
 - (b) within such further period as the Commissioner allows;
- is to be made instead:
- (c) if there is only one attributable taxpayer in relation to the eligible CFC at the end of the eligible period—on or before the date of lodgment of the taxpayer's return of income of the year of income in which the end of the eligible period occurs; or
 - (d) if there are 2 or more attributable taxpayers in relation to the eligible CFC at the end of the eligible period:
 - (i) if the taxpayers' returns of income of the year of income in which the end of the eligible period occurs are lodged on different dates—on or before the later or latest of those dates; or
 - (ii) if the taxpayers' returns of income of the year of income in which the end of the eligible period occurs are lodged on the same date—on or before that date; or

Section 422

- (e) in any case—within such further period as the Commissioner allows.
- (1A) For the purposes of applying subsection (1) to an eligible CFC in relation to an eligible period, if:
 - (a) an entity (the *designated entity*) is the only attributable taxpayer in relation to the eligible CFC at the end of the eligible period; and
 - (b) the designated entity's attribution percentage in relation to the company is 100% at the end of the eligible period;then, instead of the election or choice being given by the eligible CFC, or by the eligible CFC and another entity (which other entity may be the designated entity), the election or choice may be given by:
 - (c) the designated entity; or
 - (d) if the designated entity is not the same as the other entity—the designated entity and the other entity;as the case requires.
- (2) Except in accordance with subsection (3), subsection (1) does not apply to an election or choice in respect of the disposal of an asset if the disposal is, or apart from an election or choice in accordance with subsection 438(3A) would be, taken into account in determining under Division 8 whether the eligible CFC passes the active income test in relation to the eligible period.
- (3) If an election or choice is made under a CGT roll-over provision in accordance with subsection 438(3A), that election or choice also has effect as if it were made under the CGT roll-over provision in accordance with subsection (1) of this section.

422 Adjustment of capital proceeds where change of residence by eligible CFC from unlisted to listed country

- (1) For the purposes of applying this Act in calculating the attributable income of the eligible CFC, in relation to the eligible period in relation to the eligible taxpayer, the following provisions have effect.
- (2) This section sets out what happens if:
 - (a) the eligible CFC ceases at a time (the *residency change time*), during the eligible period or an earlier statutory

- accounting period, to be a resident of an unlisted country and becomes a resident of a listed country; and
- (b) subsection 457(3) does not apply to the change of residence; and
 - (c) because of the change in its residency status, an amount is included in the eligible taxpayer's assessable income under section 457 (including because of paragraph 58(1)(d) of the *Taxation Laws Amendment (Foreign Income) Act 1990*); and
 - (d) a CGT event happens during the eligible period in relation to a CGT asset (the **CFC asset**) that the eligible CFC owned since the residency change time.
- (3) If the conditions in subsection (4) are satisfied, the capital proceeds from the CGT event are reduced by the amount worked out under subsection (5). If the conditions in subsection (6) are satisfied, those capital proceeds are increased by the amount worked out under subsection (7).

Reduction of capital proceeds

- (4) If all the eligible CFC's assets were disposed of at the residency change time for their market values in the circumstances mentioned in subparagraph 457(2)(a)(ii):
- (a) distributable profits of the eligible CFC of a particular amount (the **distributable profit amount**) would be created, or its distributable profits would be increased by an amount (also the **distributable profit amount**); and
 - (b) the eligible CFC would have made a profit (the **CFC asset profit**) on the disposal of the CFC asset.
- (5) The capital proceeds are reduced by:

$$\text{Distributable profit amount} \times \frac{\text{CFC asset profit}}{\text{Total asset profits}}$$

where:

total asset profits is the sum of the profits that the eligible CFC would have made if all its assets were disposed of at the residency change time for their market values (ignoring disposals that would not result in a profit).

Section 423

Increase in capital proceeds

- (6) If all the eligible CFC's assets were disposed of at the residency change time for their market values in the circumstances mentioned in subparagraph 457(2)(a)(ii):
- (a) the distributable profits of the eligible CFC would be reduced by an amount (the **distributable profit reduction amount**); and
 - (b) the eligible CFC would have made a loss (the **CFC asset loss**) on the disposal of the CFC asset.
- (7) The capital proceeds are increased by:
- $$\frac{\text{Distributable profit reduction amount}}{\text{Distributable profit reduction amount}} \times \frac{\text{CFC asset profit}}{\text{Total asset profits}}$$

where:

total asset losses is the sum of the losses that the eligible CFC would have made if all its assets were disposed of at the residency change time for their market values (ignoring disposals that would not result in a loss).

423 Adjustment of capital proceeds where section 47A applies to rolled-over assets

- (1) For the purposes of applying this Act in calculating the attributable income of the eligible CFC, in relation to the eligible period in relation to the eligible taxpayer, the following provision has effect.
- (2) The capital proceeds from a CGT event that happens in relation to a CGT asset of the eligible CFC during the eligible period are reduced if:
 - (a) either:
 - (i) because of Division 17 of former Part IIIA of this Act, that Part did not apply to the disposal of the asset to the eligible CFC by another CFC during the eligible period or an earlier statutory accounting period; or
 - (ii) there was a roll-over under Division 122, 124 or 126 of the *Income Tax Assessment Act 1997* (except under Subdivision 124-J, 124-K or 124-L of that Act) for a CGT event (the **earlier CGT event**) that happened during that period in relation to the asset and involving the eligible CFC and another CFC; and

- (b) the eligible taxpayer was an attributable taxpayer in relation to both CFC's at the time of the disposal or the earlier CGT event; and
 - (c) the other CFC is taken, under section 47A of this Act, to have paid the eligible CFC a dividend in relation to the disposal or the earlier CGT event; and
 - (d) an amount is included in the attributable taxpayer's assessable income in respect of the dividend under section 456 of this Act.
- (3) The reduction is the lesser of:
- (a) the amount of the dividend; and
 - (b) the amount of any capital gain that:
 - (i) apart from Division 17 of former Part IIIA of this Act, would have accrued to the other CFC in respect of the disposal if the consideration in respect of the disposal had been the market value of the asset at the time of the disposal; or
 - (ii) the other CFC would have made from the earlier CGT event apart from the roll-over if the capital proceeds from that event had been the market value of the asset at the time of that event.

Subdivision D—Modifications relating to losses

425 Sometimes-exempt income etc.

- (1) Where an amount is not included in the eligible CFC's notional assessable income for a statutory accounting period (being the eligible period or an earlier period) in relation to the eligible taxpayer because:
 - (a) the eligible CFC passes the active income test for the period in relation to the eligible taxpayer; or
 - (b) subsection 385 (4) applies;then the amount is sometimes-exempt income of the eligible CFC for the period in relation to the eligible taxpayer.
- (2) Where an amount would, disregarding section 431, only be a notional allowable deduction of the eligible CFC for a statutory accounting period (being the eligible period or an earlier period) in relation to the eligible taxpayer if the eligible CFC's

Section 426

sometimes-exempt income for the period in relation to the eligible taxpayer were instead notional assessable income, then the amount is a sometimes-exempt deduction of the eligible CFC for the period in relation to the eligible taxpayer.

- (3) Where the eligible CFC's sometimes-exempt deductions for a statutory accounting period (being the eligible period or an earlier period) in relation to the eligible taxpayer exceed its sometimes-exempt income for the period in relation to the taxpayer, the excess is a (sometimes-exempt income) loss of the eligible CFC for the period in relation to the eligible taxpayer.
- (4) Where an eligible CFC's sometimes-exempt income for a statutory accounting period (being the eligible period or an earlier period) in relation to the eligible taxpayer exceeds its sometimes-exempt deductions for the period in relation to the taxpayer, the excess is a (sometimes-exempt income) gain of the eligible CFC for the period in relation to the eligible taxpayer.

426 Creation of loss

For the purposes of this Subdivision, if:

- (a) the amount of the eligible CFC's notional allowable deductions (other than under section 431) for a statutory accounting period (being the eligible period or an earlier period) are applied as follows:
 - (i) they are applied first against any notional assessable income of the eligible CFC class for the period;
 - (ii) any excess is then applied against any (sometimes-exempt income) gain for the period; and
- (b) there is any amount remaining;

then the amount remaining is a loss of the eligible CFC for the period.

427 Certain provisions to be disregarded

For the purposes of applying this Act and the *Income Tax Assessment Act 1997* in calculating the attributable income of an eligible CFC, disregard the following:

- (b) Division 36, section 165-120 and Subdivisions 170-A, 709-D and 719-I of the *Income Tax Assessment Act 1997* (except for the purpose of a reference to any of those provisions in any

other provision of this Act, as applied in accordance with this Division);

(ba) Subdivisions 165-CC and 165-CD of the *Income Tax Assessment Act 1997*.

428 Subdivision to apply as if there were always a requirement to calculate attributable income

For the purposes of applying this Subdivision in calculating the attributable income of the eligible CFC for the eligible period, it is to be assumed that, for any earlier statutory accounting period (when the eligible CFC existed) for which there was no requirement to calculate its attributable income in relation to the eligible taxpayer, there were such a requirement (except for the purpose of applying section 398).

429 Notional allowable deduction for (sometimes-exempt income) loss

The amount of any (sometimes-exempt income) loss of the eligible CFC for the eligible period class is a notional allowable deduction for the period from the notional assessable income of the eligible CFC.

431 Deduction etc. for previous period loss

- (1) Where there are one or more losses of the eligible CFC of any statutory accounting period before the eligible period, the losses, to the extent they have not been previously taken into account under this section in respect of any such period, are to be taken into account in accordance with this section.
- (2) The losses are to be taken into account as follows:
 - (a) they are to be applied first against any (sometimes-exempt income) gain for the eligible period, to the extent that the gain has not already been applied under section 426 in determining whether there is a loss for the eligible period;
 - (b) any excess is then a notional allowable deduction for the eligible period, but only to the extent that the deduction does not exceed the amount of the notional assessable income for the period as reduced by notional allowable deductions other than under this section;

Section 431

- (c) where there are 2 or more losses, they are to be taken into account in the order in which they arose.
- (3) A loss for a statutory accounting period is only to be taken into account under subsection (2) if the eligible CFC was a CFC at the end of that statutory accounting period and each following statutory accounting period before the eligible period.
- (4) A loss for a statutory accounting period is to be taken into account under subsection (2) only if:
 - (a) where the eligible CFC is a resident of a listed country at the end of the eligible period:
 - (i) the eligible CFC is a resident of a listed country at the end of that statutory accounting period; and
 - (ii) if there are any statutory accounting periods (the *intervening periods*) occurring between that statutory accounting period and the eligible period—the eligible CFC was a resident of a listed country at the end of each of the intervening periods; or
 - (b) where the eligible CFC is a resident of an unlisted country at the end of the eligible period:
 - (i) the eligible CFC is a resident of an unlisted country at the end of that statutory accounting period; and
 - (ii) if there are any statutory accounting periods (also the *intervening periods*) occurring between that statutory accounting period and the eligible period—the eligible CFC was a resident of an unlisted country at the end of each of the intervening periods.
- (4A) If:
 - (a) at the end of both the eligible period and of a prior statutory accounting period, the eligible CFC was a resident of the same country; and
 - (b) the country was either:
 - (i) a listed country at the end of the eligible period and an unlisted country at the end of that statutory accounting period; or
 - (ii) an unlisted country at the end of the eligible period and a listed country at the end of that statutory accounting period;

subsection (4) does not prevent a loss for that statutory accounting period, or an earlier statutory accounting period, from being taken into account under subsection (2).

(4B) If:

- (a) the eligible CFC is a resident of an unlisted country at the end of the eligible period; and
- (b) that country emerged from the dissolution of another country; and
- (c) the other country was in existence at the end of a prior statutory accounting period; and
- (d) at the end of that statutory accounting period, the CFC was a resident of the other country; and
- (e) the other country was a listed country at the end of that statutory accounting period;

subsection (4) does not prevent a loss for that statutory accounting period, or an earlier statutory accounting period, from being taken into account under subsection (2).

(4D) If:

- (a) as a result of the operation of subsection (4), a loss of a CFC for a statutory accounting period was not taken into account under subsection (2) in calculating the attributable income of the CFC for a later statutory accounting period (the ***second statutory accounting period***); and
- (b) the eligible period is later than the second statutory accounting period;

then, despite anything in subsection (4), (4A) or (4B), the loss is not to be taken into account under subsection (2) in calculating the attributable income of the CFC for the eligible period.

- (5) A loss for a statutory accounting period is not to be taken into account under subsection (2) if, assuming that it were a tax loss (within the meaning of the *Income Tax Assessment Act 1997*) of the eligible CFC, it would not be taken into account or allowed as a deduction in relation to the eligible period.

Division 8—Active income test

Subdivision A—Basic conditions for passing the active income test

432 Active income test

- (1) Subject to sections 437 and 453, for the purposes of this Part, a company is taken to pass the active income test in relation to a statutory accounting period if, and only if:
 - (a) the company was in existence at the end of the statutory accounting period; and
 - (b) there was no time during the statutory accounting period when the company was in existence when the company was neither a resident of a particular listed country nor of a particular unlisted country; and
 - (c) the company has kept accounts for the statutory accounting period and:
 - (i) the accounts are prepared in accordance with commercially accepted accounting principles; and
 - (ii) the accounts give a true and fair view of the financial position of the company; and
 - (d) the company has complied with the substantiation requirements set out in section 451 in relation to the statutory accounting period; and
 - (e) at all times during the statutory accounting period when the company was in existence and was a resident of a particular listed country, or of a particular unlisted country, the company carried on business in that country at or through a permanent establishment of the company in that country; and
 - (f) the tainted income ratio of the company for the statutory accounting period is less than 0.05.
- (3) For the purposes of this section, if a company was dormant, within the meaning of Part VI of the *Companies Act 1981*, throughout a particular period (in this subsection called the **dormant period**) commencing on the day on which the company was incorporated, the company is to be taken not to have been in existence during the dormant period.

Subdivision B—Tainted income ratio

433 Tainted income ratio

- (1) For the purposes of this Part, if a company is a resident of a particular listed country or a particular unlisted country at the end of a statutory accounting period, the tainted income ratio of the company for the statutory accounting period is calculated using the formula:

$$\frac{\text{Gross tainted turnover}}{\text{Gross turnover}}$$

where:

Gross tainted turnover means the gross tainted turnover of the company of the statutory accounting period.

Gross turnover means the gross turnover of the company of the statutory accounting period.

- (3) For the purposes of this Part, the tainted income ratio of a company for a statutory accounting period is taken to be less than 0.05 if both the numerator and the denominator in the applicable fraction are 0.
- (4) For the purposes of this Part, the tainted income ratio of a company for a statutory accounting period is to be calculated in the currency in which the profit and loss accounts and the balance-sheet of the company for the statutory accounting period are prepared.

434 Gross turnover

- (1) Subject to section 437, for the purposes of this Part, the gross turnover of a company of a statutory accounting period is the sum of:
- (a) the amount that is shown in the recognised accounts of the company for the statutory accounting period as the gross revenue derived by the company, but not including:
 - (i) amounts that are shown in those recognised accounts as amounts covered by section 436; or
 - (ii) amounts that are shown in those recognised accounts as revenue in respect of the disposal of assets (other than trading stock or commodity futures contracts,

Section 434

- commodity forward contracts or rights or options in respect of such contracts); or
- (iii) amounts that are shown in those recognised accounts as revenue from disposing of commodity futures contracts, commodity forward contracts or rights or options in respect of such contracts; or
 - (iv) amounts that are shown in those recognised accounts as revenue from currency exchange rate fluctuations; and
- (b) the amount that is shown in the recognised accounts of the company for the statutory accounting period as the amount (if any) by which the sum of the gains derived by the company in the statutory accounting period in respect of the disposal of assets (other than trading stock or commodity futures contracts, commodity forward contracts or rights or options in respect of such contracts) exceeds the losses incurred by the company in the statutory accounting period in respect of the disposal of such assets, but not including amounts that are shown in those recognised accounts as amounts covered by section 436; and
- (c) the amount that is shown in the recognised accounts of the company for the statutory accounting period as the amount (if any) by which the gains derived by the company in the statutory accounting period from disposing of commodity futures contracts, commodity forward contracts or rights or options in respect of such contracts exceeds the losses incurred by the company in the statutory accounting period from disposing of commodity futures contracts, commodity forward contracts or rights or options in respect of such contracts, but not including amounts that are shown in those recognised accounts as amounts covered by section 436; and
- (d) the amount that is shown in the recognised accounts of the company for the statutory accounting period as the amount (if any) by which the sum of the gains derived by the company in the statutory accounting period from currency exchange rate fluctuations exceeds the losses incurred by the company in the statutory accounting period from currency exchange rate fluctuations, but not including amounts that are shown in those recognised accounts as amounts covered by section 436.

- (1A) In working out the gross turnover of a company of a statutory accounting period, assume that the amounts shown in the company's recognised accounts, as mentioned in paragraphs (1)(b) and (c), for that period had been worked out by also including:
- (a) as gains derived by the company in that period—capital gains the company would have made; and
 - (b) as losses incurred by the company in that period—capital losses the company would have made;
- in that period because of CGT event J1, if the assumptions in paragraphs 383(a) to (c) had applied.

Note 1: CGT event J1 is about companies ceasing to be related after a roll-over.

Note 2: Basically, the effect of the assumptions in paragraphs 383(a) to (c) is that the company concerned is taken to be a taxpayer and a resident and CGT event J1 may therefore be taken to have happened.

- (2) Subject only to sections 437, 438 and 440, for the purposes of this section, where a company has prepared recognised accounts for a statutory accounting period in accordance with commercially accepted accounting principles, then, in determining whether a particular amount shown in those accounts is covered by an expression used in subsection (1) (other than an exclusion of amounts shown in those recognised accounts as amounts covered by section 436), the expression concerned is taken to have the same meaning that it has under those accounting principles.
- (3) If the Commissioner considers that:
- (a) the consideration for the supply or acquisition of one or more items of property would have been taken into account in working out an amount described in any of the paragraphs of subsection (1) as being that shown in the recognised accounts of the company for the statutory accounting period; and
 - (b) assuming the company were an eligible CFC whose attributable income for the statutory accounting period were being calculated, the Commissioner would make a determination under section 136AD in relation to the supply or acquisition of the items; and
 - (c) as a result of the determination, the consideration for the supply or acquisition would have been different; and

Section 435

- (d) if that different consideration had instead been taken into account in working out the amount shown in the recognised accounts, the amount shown in the recognised accounts would also have been different;

then the different amount is substituted for the amount shown in the recognised accounts.

435 Gross tainted turnover

For the purposes of this Part, the gross tainted turnover of a company of a statutory accounting period is so much of the gross turnover of the company of the statutory accounting period as consists of:

- (a) passive income of the company of the statutory accounting period; or
- (b) tainted sales income of the company of the statutory accounting period; or
- (c) tainted services income of the company of the statutory accounting period.

436 Amounts excluded from active income test

- (1) For the purposes of the application of this Part to a company, the following amounts are, in accordance with subparagraph 434(1)(a)(i) and paragraphs 434(1)(b), (c) and (d), excluded from the active income test:
 - (a) income or profits derived by the company that are included in the assessable income of the company of any year of income other than under section 143 (where the proviso to that section does not apply);
 - (b) income or profits derived by the company during a statutory accounting period where all of the following conditions are satisfied:
 - (i) the income or profits are derived by the company in carrying on a business at or through a permanent establishment of the company in a listed country (other than a listed country of which the company is a resident);
 - (ii) the income or profits are not eligible designated concession income in relation to any listed country in relation to the statutory accounting period;

- (iii) the income or profits are subject to tax in a listed country in a tax accounting period:
 - (A) ending before the end of the statutory accounting period; or
 - (B) commencing during the statutory accounting period;
 - (c) an amount that, if the company were a resident within the meaning of section 6, would, or would apart from paragraphs 99B(2)(d) and (e), have been included in the assessable income of the company under Division 6 of Part III;
 - (d) so much of a frankable distribution as is either the franked part of the distribution, or the part of the distribution that has been franked with an exempting credit;
 - (e) a non-portfolio dividend paid to the company by a company that is a resident of a listed country or unlisted country;
 - (g) a premium paid or credited to the company where, because of the application of subsection 148(1), the premium is not allowable as a deduction to the person referred to in subparagraph 148(1)(a)(i) and is not included in the assessable income of the company.
- (2) Where:
- (a) the company receives an attribution account payment, being a dividend, from another entity; and
 - (b) the whole or part (in this subsection called the ***eligible amount***) of the attribution account payment is not excluded from the active income test, in relation to the company in relation to the statutory accounting period, under subsection (1); and
 - (c) on the making of the attribution account payment by the other entity, an attribution debit arises for that entity in relation to a taxpayer;
- then, for the purposes of this Part, so much of the eligible amount as does not exceed the grossed-up amount of the attribution debit is, in accordance with subparagraph 434(1)(a)(i), excluded (in addition to any other amount that is excluded under subsection (1)) from the active income test in relation to the company in relation to the taxpayer.

Subdivision C—Treatment of partnership income

437 Treatment of partnership income

- (1) For each partnership in which a company is a partner at any time during a statutory accounting period, the following modifications apply for the purposes of determining the effect of that partnership on the question whether the company is taken to pass the active income test in relation to the statutory accounting period:
 - (a) the partnership is to be treated as an entity separate from the company;
 - (b) in spite of anything in section 432, the company is not taken to pass the active income test in relation to the statutory accounting period unless:
 - (i) the partnership has kept accounts for the statutory accounting period and:
 - (A) the accounts are prepared in accordance with commercially accepted accounting principles; and
 - (B) the accounts give a true and fair view of the financial position of the partnership; and
 - (ii) the partnership has complied with the substantiation requirements set out in section 452 in relation to the statutory accounting period;
 - (c) for the purposes of this Division, the notional gross tainted turnover of the partnership of the statutory accounting period, or the notional gross turnover of the partnership of the statutory accounting period, is the amount that would be the gross tainted turnover, or the gross turnover, as the case requires, of the partnership of the statutory accounting period if:
 - (i) except for the purposes of determining the associates of the partnership—the partnership were a company; and
 - (ii) a reference in this Division to the recognised accounts of the partnership were a reference to the accounts referred to in paragraph (b) of this subsection that are prepared by the partnership for the statutory accounting period; and

- (iii) the partnership were a resident of the same particular listed country or particular unlisted country, of which the company was a resident;
- (d) the gross tainted turnover of the company of the statutory accounting period is to be increased by the amount calculated using the formula:
$$\frac{\text{Notional gross tainted turnover of partnership}}{\text{Partner's interest of partnership}}$$

where:

Notional gross tainted turnover of partnership means the notional gross tainted turnover of the partnership for the statutory accounting period.

Partner's interest means the company's percentage interest in the profits of the partnership for the statutory accounting period.

- (e) the gross turnover of the company of the statutory accounting period is to be increased by the amount calculated using the formula:
$$\frac{\text{Notional gross turnover of partnership}}{\text{Partner's interest of partnership}}$$

where:

Notional gross turnover of partnership means the notional gross turnover of the partnership for the statutory accounting period.

Partner's interest means the company's percentage interest in the profits of the partnership for the statutory accounting period.

(2) If:

- (a) a company is a partner in one or more partnerships at any time during a statutory accounting period; and
- (b) apart from this subsection, paragraph 432(1)(e) does not apply in relation to the company in relation to the statutory accounting period; and
- (c) at all times during the statutory accounting period when:
 - (i) a particular one of those partnerships was in existence; and

Section 438

- (ii) the company was in existence and was a resident of a particular listed country, or of a particular unlisted country;

the partnership carried on business in that country at or through a permanent establishment of the partnership in that country;

subsection 432(1) has effect as if paragraph 432(1)(e) had applied in relation to the company in relation to the statutory accounting period.

Subdivision D—General interpretive provisions

438 Roll-overs—asset disposals

- (1) This section applies in determining the application of paragraph 434(1)(b) and section 445 in relation to a non-taxable Australian asset of a company.
- (2) If a CGT roll-over provision applies to:
 - (a) the disposal of the asset by an entity (in this section called the *transferor*) to the company (in this section called the *transferee*); or
 - (b) the disposal of the asset by the company (in this section also called the *transferor*) to another entity (in this section also called the *transferee*);

the following provisions have effect:

- (c) the transferee is taken to have paid, as consideration to acquire the asset, the sum of:
 - (i) the consideration (if any) paid or payable by the transferor to acquire the asset; and
 - (ii) the expenditure (if any) incurred by the transferor in making capital improvements to the asset; and
 - (d) the transferor is not taken to have:
 - (i) derived any gains; or
 - (ii) incurred any loss;in respect of the disposal of the asset.
- (2A) If:
- (a) a CGT roll-over provision applies to the disposal of the asset (in this subsection called the *original asset*) by the company; and

- (b) the disposal is not to another entity; and
 - (c) the company acquires another asset (in this subsection called the ***replacement asset***) that is referred to in the CGT roll-over provision as being by way of replacement of, substitution for, or consideration for the disposal of, the original asset (whether or not exactly those expressions are used);
- the following provisions have effect:
- (d) the company is not taken to have:
 - (i) derived any gains; or
 - (ii) incurred any loss;in respect of the disposal of the original asset; and
 - (e) the company is taken to have paid, as consideration to acquire the replacement asset, the sum of:
 - (i) the consideration (if any) paid or payable by the company to acquire the original asset; and
 - (ii) the expenditure (if any) incurred by the company in making improvements to the original asset.
- (2B) For the purposes of subsections (2) and (2A), if an asset is disposed of by being cancelled, redeemed or consolidated into another asset, the disposal is taken not to be to another entity.
- (3) For the purposes of this section, in determining whether a CGT roll-over provision applies to the disposal of an asset, Parts 3-1 and 3-3 of the *Income Tax Assessment Act 1997* have the effect they would have if:
- (a) the company had failed the active income test in relation to the statutory accounting period concerned; and
 - (b) those Parts were being applied to calculate the attributable income of the company for the statutory accounting period in relation to any taxpayer.
- (3A) For the purposes of applying Parts 3-1 and 3-3 of the *Income Tax Assessment Act 1997* in relation to a statutory accounting period as mentioned in paragraph (3)(b), any election or choice that may be made by the company, or by the company and another entity, apart from this section under any of the CGT roll-over provisions:
- (a) on or before the date of lodgment of a particular return of income; or
 - (b) within such period as the Commissioner allows;

Section 438

is to be made instead:

- (c) if there is only one attributable taxpayer in relation to the company at the end of the statutory accounting period—on or before the date of lodgment of the taxpayer's return of income of the year of income in which the end of the statutory accounting period occurs; or
 - (d) if there are 2 or more attributable taxpayers in relation to the company at the end of the statutory accounting period:
 - (i) if the taxpayers' returns of income of the year of income in which the end of the statutory accounting period occurs are lodged on different dates—on or before the later or latest of those dates; or
 - (ii) if the taxpayers' returns of income of the year of income in which the end of the statutory accounting period occurs are lodged on the same date—on or before that date; or
 - (e) in any case—within such further period as the Commissioner allows.
- (3B) For the purposes of applying subsection (3A) to a company in relation to a statutory accounting period, if:
- (a) the company is a CFC at the end of the statutory accounting period; and
 - (b) an entity (the *designated entity*) is the only attributable taxpayer in relation to the company at the end of the statutory accounting period; and
 - (c) the designated entity's attribution percentage in relation to the company is 100% at the end of the statutory accounting period;
- then, instead of the election being given or the choice being made by the company, or by the company and another entity (which other entity may be the designated entity), the election may be given or the choice may be made by:
- (d) the designated entity; or
 - (e) if the designated entity is not the same as the other entity—the designated entity and the other entity;
- as the case requires.
- (4) A reference in this section to a non-taxable Australian asset of a company is a reference to an asset of the company that is a CGT asset that is not taxable Australian property.
-

439 When currency exchange gains or losses relate to active income transactions

- (1) For the purposes of this Part, a currency exchange gain, or a currency exchange loss, of a company for a statutory accounting period is to be taken to relate to an active income transaction if, and only if:
- (a) the gain or loss was realised under any of the following transactions:
 - (i) a transaction that:
 - (A) gives rise to income, gains or a loss of the company; and
 - (B) is not taken into account in determining the passive income, tainted sales income or tainted services income of the company;
 - (ii) a transaction for the purchase of goods from an entity that, at the time the gain or loss was realised, was not an associate of the company;
 - (iii) a transaction for the purchase of a unit of property where:
 - (A) if the company were a resident within the meaning of section 6, depreciation would be allowable to the company under the former section 54 of this Act or the former Division 42 of the *Income Tax Assessment Act 1997*, or the company could deduct an amount for the decline in value of a depreciating asset under Division 40 of that Act, in respect of any year of income; and
 - (B) the unit of property is for use by the company exclusively or principally for the purpose of producing income other than passive income, tainted sales income or tainted services income;
 - (iv) if the company is an AFI subsidiary that carried on financial intermediary business at the time the gain or loss was realised—a transaction under which money was lent to the company;
 - (v) a transaction that was entered into by the company for the sole purpose of eliminating or reducing the risk of adverse financial consequences that might result for the

Section 440

company, under a transaction covered by any of the preceding subparagraphs, from currency exchange rate fluctuations; or

(b) both of the following subparagraphs apply:

- (i) the gain or loss was realised in the course of carrying on a business of currency dealing;
- (ii) the gain or loss was realised under a transaction and, at the time the gain or loss was realised, no other party to the transaction was:
 - (A) an associate of the company; or
 - (B) a Part X Australian resident.

(2) In determining whether an amount is passive income for the purposes of this section, paragraph 446(1)(n) is to be disregarded.

440 Asset disposals—revaluations and arm's length amounts

In determining, for the purposes of this Part, whether a company passes the active income test, the following provisions apply in relation to an asset of the company (other than trading stock):

- (a) the effect of an asset revaluation is to be disregarded;
- (b) subject to section 438, if:
 - (i) any consideration paid or payable by the company in respect of the acquisition of the asset; or
 - (ii) any consideration paid or payable to the company in respect of the disposal of the asset; or
 - (iii) any expenditure incurred by the company in making capital improvements to the asset; or
 - (iv) any other amount payable to or by the company that is relevant to determining the revenue, gains or losses concerned;

is not equal to the amount (in this paragraph called the *arm's length amount*) that the parties to the transaction concerned could have been reasonably expected to have paid if the parties had been acting at arm's length in relation to the transaction—the amount of the consideration or expenditure is to be taken to be equal to the arm's length amount.

441 Hire-purchase and other property financing transactions

- (1) For the purposes of this Part, in determining whether a company passes the active income test:
 - (a) a hire-purchase transaction or any other transaction for the financing of the acquisition of property is to be treated as a loan of money; and
 - (b) income derived under the transaction is to be treated as interest.
- (2) Nothing in subsection (1) limits the generality of the expressions “interest”, “loan” or “payment in the nature of interest”.

442 Assumption of rights of lender under a loan

In determining whether a company passes the active income test, if the company assumes the rights of a lender under a loan, this Part has effect, after that assumption, as if:

- (a) the company had provided the loan to the borrower; and
- (b) in a case where that assumption was made in the course of carrying on a particular business—interest, or a payment in the nature of interest, derived by the company from the loan had been derived from a loan made in the course of carrying on that business.

443 Net tainted commodity gains

For the purposes of this Part:

- (a) net tainted commodity gains are to be taken to have accrued to a company in a statutory accounting period if, and only if, the sum of the tainted commodity gains of the company for the statutory accounting period exceeds the sum of the tainted commodity losses of the company for the statutory accounting period; and
- (b) the amount of the net tainted commodity gains is equal to the amount of the excess.

444 Net tainted currency exchange gains

For the purposes of this Part:

- (a) net tainted currency exchange gains are to be taken to have accrued to a company in a statutory accounting period if, and

Section 445

only if, the sum of the tainted currency exchange gains of the company for the statutory accounting period exceeds the sum of any tainted currency exchange losses of the company for the statutory accounting period; and

- (b) the amount of the net tainted currency exchange gains is equal to the amount of the excess.

445 Net gains—disposal of tainted assets

- (1) For the purposes of this Part:

- (a) net gains are to be taken to have accrued to a company in a statutory accounting period in relation to the disposal of tainted assets owned by the company if, and only if, the sum of the gains of the company in relation to the disposal of tainted assets during the statutory accounting period exceeds the sum of the losses (if any) of the company in relation to the disposal of tainted assets during the statutory accounting period; and
 - (b) the amount of the net gains is equal to the amount of the excess.

- (2) In paragraph (1)(a):

gains includes capital gains the company would have made in the statutory accounting period because of CGT event J1, if the assumptions in paragraphs 383(a) to (c) applied.

losses includes capital losses the company would have made in the statutory accounting period because of CGT event J1, if the assumptions in paragraphs 383(a) to (c) applied.

Note 1: CGT event J1 is about companies ceasing to be related after a roll-over.

Note 2: Basically, the effect of the assumptions in paragraphs 383(a) to (c) is that the company concerned is taken to be a taxpayer and a resident and CGT event J1 may therefore be taken to have happened.

Subdivision E—Passive income, tainted sales income and tainted services income

446 Passive income

 - (ii) the notional gross turnover of the partnership for the statutory accounting period;and to give to the company, within the period and in the manner specified in the notice, a copy of that document.
- (3) The period specified in the notice must end:
- (a) later than 30 days after the date of service of the notice; and
 - (b) before the end of the retention period in relation to the statutory accounting period.

- (4) Upon written application made by the company within the period specified in the notice, the Commissioner may, by notice in writing served on the company, extend the period specified in the notice.
- (5) Where:
 - (a) an application under subsection (4) is made before the end of the period specified in the notice; and
 - (b) at the end of the period, the Commissioner has not notified the company of the Commissioner's decision on the application;the following provisions have effect:
 - (c) if the Commissioner's decision is not notified to the company before the end of the retention period in relation to the statutory accounting period concerned—the Commissioner is taken to have extended the period under subsection (4) to the end of the retention period;
 - (d) if the Commissioner's decision is notified to the company before the end of the retention period in relation to the statutory accounting period concerned—the Commissioner is taken to have extended the period under subsection (4) to the end of the day (in this subsection called the *decision day*) on which the Commissioner's decision is notified to the company;
 - (e) if the Commissioner decides to extend the period—subject to subsection (6), the extended period must end after the decision day.
- (6) The period as extended under subsection (4) must end before the end of the retention period in relation to the statutory accounting period.
- (7) A reference in this section to the period specified in the notice is a reference to the period as extended under subsection (4).

- (9) Subsection 262A(4) does not apply to records kept or obtained under or for the purposes of this section.

Section 453

453 Active income test—substantiation requirements for attributable taxpayer

(1) Where:

(a) the Commissioner has reason to believe that:

- (i) a taxpayer is an attributable taxpayer in relation to a company, being a CFC, at the end of a statutory accounting period of the CFC; and
- (ii) the application of a provision of this Division to the company may be relevant to the assessment of the taxpayer; and

(b) any of the following subparagraphs applies:

- (i) the taxpayer has claimed (whether in a return of income or otherwise) that the company has passed the active income test in relation to the statutory accounting period;
- (ii) the taxpayer's return of income of any year of income has been prepared on the basis that the company has passed the active income test in relation to the statutory accounting period;
- (iii) the Commissioner has reason to believe that the company has passed the active income test in relation to the statutory accounting period;

the Commissioner may, by notice in writing served on the taxpayer (in this section called the ***Commissioner's notice***), request the taxpayer:

- (c) to obtain from the company, in accordance with a request made in a notice given to the company under subsection 451(2), copies of such documents as are specified in the Commissioner's notice; and
- (d) if any of those copies are not in the English language—to make translations of those copies; and
- (e) to produce to the Commissioner, within the period and in the manner specified in the Commissioner's notice:
 - (i) in all cases—those copies; and
 - (ii) if paragraph (d) applies—those translations.

- (2) The period specified in the Commissioner's notice must end:
 - (a) later than 90 days after the date of service of the notice; and
 - (b) before the end of the retention period in relation to the statutory accounting period.
- (3) Upon written application made by the taxpayer within the period specified in the Commissioner's notice, the Commissioner may, by notice in writing served on the taxpayer, extend the period specified in the Commissioner's notice.
- (4) Where:
 - (a) an application under subsection (3) is made before the end of the period specified in the Commissioner's notice; and
 - (b) at the end of the period, the Commissioner has not notified the taxpayer of the Commissioner's decision on the application;the following provisions have effect:
 - (c) if the Commissioner's decision is not notified to the taxpayer before the end of the retention period in relation to the statutory accounting period concerned—the Commissioner is taken to have extended the period under subsection (3) to the end of the retention period;
 - (d) if the Commissioner's decision is notified to the taxpayer before the end of the retention period in relation to the statutory accounting period concerned—the Commissioner is taken to have extended the period under subsection (3) to the end of the day (in this subsection called the ***decision day***) on which the Commissioner's decision is notified to the taxpayer;
 - (e) if the Commissioner decides to extend the period—subject to subsection (5), the extended period must end after the decision day.
- (5) The period as extended under subsection (3) must end before the end of the retention period in relation to the statutory accounting period.
- (6) A reference in this section to the period specified in the Commissioner's notice is a reference to the period as extended under subsection (3).

Section 454

- (7) A refusal or failure to comply with the notice is not an offence.
- (8) If the taxpayer refuses or fails to comply with the notice, then, for the purposes of the application of this Part (other than this Division) to the taxpayer, the company is taken not to have passed the active income test in relation to the statutory accounting period concerned.

454 Assessment on assumption—retention of accounts etc. and compliance with information notices

If:

- (a) a statutory accounting period of a company has ended; and
- (b) the retention period in relation to the statutory accounting period has not ended;

an assessment may be made of a taxpayer on the assumption that, after the assessment is made, the following requirements will be complied with in relation to the statutory accounting period:

- (c) the requirements set out in paragraphs 451(1)(c) and (d) that are applicable to the company;
- (d) the requirements set out in paragraphs 452(1)(c) and (d) that are applicable to a partnership in which the company was a partner at any time during the statutory accounting period.

455 Amendment of assessments

Where:

- (a) an assessment has been made in relation to a year of income; and
- (b) a provision of this Subdivision that is relevant to the assessment is dependent on a circumstance that occurs or may occur after the end of the year of income;

section 170 does not prevent the amendment of the assessment at any time for the purpose of giving effect to this Act in relation to the occurrence of that circumstance after the end of the year of income.

Division 9—Attribution of attributable income and other amounts

456 Assessability in respect of CFC's attributable income

- (1) Subject to subsection (2), where a CFC has attributable income for a statutory accounting period in respect of an attributable taxpayer, the taxpayer's attribution percentage of the attributable income is included in the assessable income of the taxpayer of the year of income in which the end of the statutory accounting period occurs.
- (2) Where section 457 applies in relation to the attributable taxpayer in relation to one or more changes of residence by the CFC during the statutory accounting period, then only so much of the attributable income of the CFC as relates to:
 - (a) where the CFC is a resident of an unlisted country at the end of the period:
 - (i) any part of the period when the CFC was a resident of a listed country; or
 - (ii) the part of the period, since the change of residence or last change of residence, as the case requires, when the CFC was a resident of the unlisted country; or
 - (b) where the CFC is a resident of a listed country at the end of the period—any part of the period when the CFC was a resident of the listed country or any other listed country;is to be taken into account under subsection (1).

456A Reduction of section 456 assessability where item subject to foreign accruals tax

- (1) Where:
 - (a) apart from this section, an amount (in this section called the ***otherwise assessable section 456 amount***) is included in the assessable income of a year of income of an attributable taxpayer in relation to a CFC under section 456, in relation to the attributable income of the CFC of a statutory accounting period; and

Section 456A

- (b) an attribution tracing interest of the attributable taxpayer, or of an interposed entity, in a CFE was taken into account in calculating the attributable taxpayer's attribution percentage for the CFC; and
- (c) foreign tax is payable by the CFE under an accruals tax law of a listed country in respect of an amount that is calculated by reference to an item of net income or net profit of the CFC, where the amount is taxed in the listed country:
 - (i) at that country's normal company tax rate; and
 - (ii) in a tax accounting period commencing or ending:
 - (A) in the year of income of the attributable taxpayer; or
 - (B) in the statutory accounting period of the CFC; and
- (d) the item constitutes the whole or part (which whole or part is in this section called the ***foreign accruals-taxed attributable income***) of the attributable income of the CFC of the statutory accounting period;

then the otherwise assessable section 456 amount is reduced by the amount calculated using the formula:

$$\text{Indirect attribution interests via CFE} \times \text{Foreign accruals-taxed attributable income}$$

where:

Indirect attribution interests via CFE means the total of the attributable taxpayer's indirect attribution interests in the CFC that are held through the CFE.

Foreign accruals-taxed attributable income means the amount of the foreign accruals-taxed attributable income.

- (2) Where:
- (a) apart from this subsection, subsection (1) would reduce the otherwise assessable section 456 amount of the attributable taxpayer in relation to the CFC in a case where foreign tax is payable by 2 or more CFEs under accruals tax laws; and
 - (b) any indirect attribution interest referred to in the formula component ***Indirect attribution interests via CFE*** in subsection (1) is held through any 2 or more of the CFEs;
- then that indirect attribution interest is only to be taken into account once in applying the subsection.

- (3) Where, because of any of subsections 362(2) to (5), the amount that would otherwise be the attribution percentage of the attributable taxpayer for the CFC is reduced, then the Commissioner may, for the purposes of this section, make such consequential reduction as the Commissioner considers reasonable in the circumstances to any indirect attribution interest in the CFC held by the attributable taxpayer.

457 Assessability where CFC changes residence from unlisted country to listed country or to Australia

- (1) Where at any time (in this section called the *residence-change time*) a company that:
- (a) is a CFC; and
 - (b) has an attributable taxpayer;
- ceases to be resident in an unlisted country and becomes:
- (c) a resident of a listed country; or
 - (d) a Part X Australian resident;
- then the attributable taxpayer's assessable income of the year of income in which the residence-change time occurs includes the amount calculated under subsection (2).
- (2) The amount is calculated using the formula:

Attribution percent \times Adjusted distributable profits

where:

Attribution percent means the attributable taxpayer's attribution percentage, at the residence-change time, in relation to the CFC.

Adjusted distributable profits means:

- (a) if paragraph (1)(c) applies—the amount that would be the CFC's distributable profits at the residence-change time if:
 - (i) the CFC's income were its adjusted tainted income (excluding any non-portfolio dividends) derived during the period beginning on the first day of the statutory accounting period in which the residence-change time occurred and ending immediately before the time at which the residence-change time occurs; and

Section 459A

- (ii) the CFC's only other income were an amount that the CFC would have derived had it disposed of all of its tainted assets immediately before the residence-change time for a consideration equal to their market value; and
 - (iii) the CFC's only expenses were expenses related to income covered by subparagraphs (i) and (ii); or
 - (b) if paragraph (1)(d) applies—the amount that would be the CFC's distributable profits at the residence-change time if:
 - (i) the CFC's only income were its adjusted tainted income (excluding any non-portfolio dividends) derived during the period beginning on the first day of the statutory accounting period in which the residence-change time occurred and ending immediately before the time at which the residence-change time occurs; and
 - (ii) the CFC's only expenses were expenses related to income covered by subparagraph (i).
- (3) If:
 - (a) at the residence-change time, regulations made for the purposes of section 320 come into effect; and
 - (b) a result of those regulations coming into effect is that the company:
 - (i) ceases to be a resident of an unlisted country; and
 - (ii) becomes a resident of a listed country;at the residence-change time;then no amount is to be included in the attributable taxpayer's assessable income under subsection (1) in relation to that change of residence.

459A Assessability where CFC or CFT has interest in certain attributable taxpayers

- (1) Where:
 - (a) an amount (in this subsection called the ***section 456 to 459A amount***) is included in the assessable income of an Australian partnership or of an Australian trust of a year of income under section 456 or 457 or under this section (apart from subsection (2)); and

- (b) a CFC or CFT has an individual interest in the net income of the Australian partnership, or a present entitlement to a share of the net income of the Australian trust, being an interest or entitlement held either directly or indirectly through interposed Australian partnerships, CFPs or Australian trusts (or any combination thereof); and
- (c) a taxpayer is an attributable taxpayer in relation to the CFC or CFT:
 - (i) where the section 456 to 459A amount is included in assessable income under section 456—at the end of the statutory accounting period referred to in that section; or
 - (ii) where the amount is included under section 457—at the residence-change time referred to in that section; or
 - (v) where the amount is included under this section—at the time referred to in whichever subparagraph of this paragraph applied for the purposes of so including the amount;

then, subject to subsection (2), the assessable income of the attributable taxpayer of the year of income includes an amount calculated using the formula:

$$AP \times \text{Interest/Entitlement} \times \text{Section 456 to 459A amount}$$

where:

AP [Attribution Percentage] means the taxpayer's attribution percentage, at the time referred to in paragraph (c), for the CFC or CFT.

Interest/Entitlement means the percentage of the net income of the Australian partnership or Australian trust represented by the sum of the direct and indirect interests or present entitlements of the CFC or CFT.

Section 456 to 459A amount means the section 456 to 459A amount.

- (2) Where:
 - (a) apart from this subsection, an amount (in this subsection called the **subsection (1) amount**) is included under subsection (1) in the assessable income of an attributable taxpayer in relation to a CFT; and

Section 460

- (b) the following conditions are satisfied in respect of one or more other amounts (each of which is in this subsection called an *assessed attributable amount*);
 - (i) each is:
 - (A) apart from this subsection, included in the assessable income of a taxpayer (whether or not the attributable taxpayer), other than a trust or partnership; or
 - (B) assessed to a trustee under section 98, 99 or 99A;
 - (ii) each is attributable directly through the CFT, or indirectly through the CFT and any interposed partnerships or trusts (or any combination thereof), to the section 456 to 459A amount referred to in subsection (1);

then the subsection (1) amount is reduced to the extent that the Commissioner considers it represents an assessed attributable amount or assessed attributable amounts.

- (3) A reference in subsection (1) to an Australian trust or in subsection (2) to a trust does not include a reference respectively to an Australian trust or a trust that is, in relation to the year of income concerned:
 - (a) a corporate unit trust within the meaning of Division 6B of Part III; or
 - (b) a public trading trust within the meaning of Division 6C of that Part; or
 - (c) a complying superannuation fund, a non-complying superannuation fund, a complying approved deposit fund, a non-complying approved deposit fund or a pooled superannuation trust.

460 Only resident partners, beneficiaries etc. liable to be assessed as a result of attribution

- (1) This section applies where an amount is included under section 456, 457, or 459A in the assessable income of an Australian partnership or an Australian trust of a year of income, except where the Australian trust is, in relation to the year of income:

- (a) a corporate unit trust within the meaning of Division 6B of Part III; or
 - (b) a public trading trust within the meaning of Division 6C of that Part; or
 - (c) a complying superannuation fund, a non-complying superannuation fund, a complying approved deposit fund, a non-complying approved deposit fund or a pooled superannuation trust.
- (2) Where:
- (a) as a result of the amount being so included, there is, apart from this subsection, a tax detriment for:
 - (i) a partner in the Australian partnership; or
 - (ii) a partner in another partnership (in this subsection called the ***ultimate partnership***), where the tax detriment occurred because there were one or more partnerships or trusts (but not companies) interposed between the partner and the Australian partnership or the Australian trust; and
 - (b) the partner is not, in respect of his or her interest in the net income or partnership loss of the Australian partnership or the ultimate partnership, in the capacity of trustee of a trust; and
 - (c) the tax detriment would be reduced by an amount if it were recalculated on the assumption that section 92 applied only to so much of the partner's interest in the net income or partnership loss of the Australian partnership or the ultimate partnership as is attributable to periods when the partner was a Part X Australian resident;
- then, for the purposes of this Act, the tax detriment is taken to be reduced by that amount.
- (3) Where:
- (a) as a result of the amount being included as mentioned in subsection (1), there is, apart from this subsection, a tax detriment for:
 - (i) a beneficiary in the Australian trust; or
 - (ii) a beneficiary in another trust (in this subsection called the ***ultimate trust***), where the tax detriment occurred because there were one or more partnerships or trusts (but not companies) interposed between the beneficiary

Section 460

and the Australian partnership or the Australian trust;
and

- (b) the beneficiary is not a partnership and is not, in respect of his or her share of the net income of the Australian trust or the ultimate trust, in the capacity of trustee of another trust; and
- (c) the tax detriment would be reduced by an amount if it were recalculated on the following assumptions:
 - (i) sections 97, 98A and 100 applied only to so much of the beneficiary's share of the net income of the Australian trust or the ultimate trust as is attributable to periods when the beneficiary was a Part X Australian resident;
 - (ii) Subdivision 115-C of the *Income Tax Assessment Act 1997* applied only to so much of the beneficiary's share of each capital gain of the Australian trust or the ultimate trust as is attributable to periods when the beneficiary was a Part X Australian resident;
 - (iii) Subdivision 207-B of the *Income Tax Assessment Act 1997* applied only to so much of the beneficiary's share of each franked distribution of the Australian trust or the ultimate trust as is attributable to periods when the beneficiary was a Part X Australian resident;

then, for the purposes of this Act, the tax detriment is taken to be reduced by that amount.

(4) Where:

- (a) as a result of the amount being included as mentioned in subsection (1), there is, apart from this subsection, a tax detriment for:
 - (i) the trustee of the Australian trust; or
 - (ii) the trustee of another trust (in this subsection called the ***ultimate trust***), where the tax detriment occurred because there were one or more partnerships or trusts (but not companies) interposed between the trustee and the Australian partnership or the Australian trust; and
- (b) the tax detriment would be reduced by an amount if it were recalculated on the assumption that:
 - (i) section 98 applied only to so much of a beneficiary's share of the net income of the Australian trust or the ultimate trust as is attributable to periods when the beneficiary was a Part X Australian resident; and

(ii) sections 99 and 99A applied only to the Australian trust or the ultimate trust if it were a resident trust estate within the meaning of Division 6 of Part III;
then, for the purposes of this Act, the tax detriment is taken to be reduced by that amount.

460A Effect of reducing section CGT event J1 amount

- (1) This section applies in either of the following cases:
 - (a) one or more schemes or arrangements have the effect of reducing the attribution percentage of an attributable taxpayer in relation to a company that is a CFC, and are intended by the attributable taxpayer or an associate of the attributable taxpayer to have that effect;
 - (b) a company ceases to be a CFC in relation to a particular taxpayer.
- (2) Work out the amount (if any) included under this Division in the taxpayer's assessable income because of CGT event J1 (as it notionally happens to the company under Division 7) as though the reduction or cessation had not happened.

Note: CGT event J1 is about companies ceasing to be related after a roll-over.

Division 10—Post-attribution asset disposals

461 Reduction of disposal consideration or capital proceeds if attributed income not distributed

(1) If:

- (a) it is necessary, for the purposes of applying a provision of this Act in the assessment of a taxpayer for a year of income, to take into account:
 - (i) the amount of consideration received, entitled to be received or taken to have been received, by the taxpayer in respect of the disposal of an asset; or
 - (ii) the capital proceeds from a CGT event happening in relation to a CGT asset;
being an asset that is an interest in an attribution account entity (the *disposal entity*); and
- (b) immediately before the disposal or CGT event takes place, either or both of the following conditions are satisfied:
 - (i) there is an attribution surplus for the disposal entity in relation to the taxpayer;
 - (ii) there is an attribution surplus for one or more other attribution account entities in relation to the taxpayer, where each such entity is one in which the taxpayer has an indirect attribution account interest held through the disposal entity;

then, for the purposes of this Act:

- (c) the consideration or capital proceeds that, apart from this section, would be taken into account under the provision referred to in paragraph (a) in respect of the disposal or CGT event is, subject to subsection (3), taken to be reduced by so much of the amount of the attribution surplus, or sum of the attribution surpluses, as the case requires; and
- (d) an attribution debit is taken to arise at the time of the disposal or the CGT event under section 372, in relation to the taxpayer, for each attribution account entity (the *surplus entity*) in relation to which there is a surplus to which paragraph (c) applies; and

- (e) the amount of the attribution debit is equal to so much of the surplus as is taken into account under paragraph (c); and
 - (f) there is no grossed-up amount in relation to the attribution debit under section 373.
- (3) For the purposes of paragraph (1)(c):
- (a) if the disposal of the asset or the CGT event causes the taxpayer's attribution account percentage for a surplus entity to be reduced by a proportion, then only that proportion of the attribution surplus for the entity is, subject to this subsection, to be taken into account under that paragraph; and
 - (b) if there is only one attribution surplus referred to in that paragraph and (after any application of paragraph (a) of this subsection) it exceeds the consideration from the disposal or the capital proceeds from the CGT event, then only so much of the surplus as does not exceed that consideration or those capital proceeds is to be taken into account under paragraph (1)(c); and
 - (c) where there are 2 or more attribution surpluses referred to in paragraph (1)(c) and (after any application of paragraph (a) of this subsection) their sum exceeds the consideration from the disposal or the capital proceeds from the CGT event, then:
 - (i) if the taxpayer makes an election that, for the purposes of this paragraph, a part of each surplus (after any application of paragraph (a)) such that the sum of the amounts to which the election relates equals that consideration or those capital proceeds—only the part to which the election relates of each surplus is to be taken into account under paragraph (1)(c); or
 - (ii) if subparagraph (i) does not apply—only a proportion of each surplus (after any application of paragraph (a)) is to be taken into account under paragraph (1)(c), being the proportion calculated using the formula:

$$\frac{\text{Consideration}}{\text{Total surplus}}$$

Section 461

where:

consideration means the amount of the consideration or the capital proceeds.

total surplus means the sum of the attribution surpluses (after any application of paragraph (a)).

- (4) An election for the purposes of paragraph (3)(c) must be made on or before the date of lodgment of the taxpayer's return of income for the year of income referred to in paragraph (1)(a) or within such further period after the lodgment of the return as the Commissioner allows.
- (4A) In determining, for the purposes of this section, whether there was an attribution surplus immediately before a CGT event, and the amount of such a surplus, also take into account any attribution credit that later arises because the CGT event caused section 104-175 of the *Income Tax Assessment Act 1997* (as it notionally applies to the CGT event entity under Division 7) to operate.
- (5) In this section:
 - interest**, in relation to an attribution account entity, means:
 - (a) if the entity is a company—an interest in shares in the company, or an entitlement to acquire such an interest; or
 - (b) if the entity is a partnership—an interest of a partner in the profits or property of the partnership, or an entitlement of a partner to acquire such an interest; or
 - (c) if the entity is a trust—an entitlement of a beneficiary to a share of the income or corpus of the trust, or an entitlement of a beneficiary to acquire such an entitlement.

Division 11—Keeping of records

462 Keeping of records—section 456

Subject to this Division, where:

- (a) a person is an attributable taxpayer in relation to a CFC at the end of a statutory accounting period of the CFC; and
- (b) the CFC has attributable income for the statutory accounting period in respect of the person;

- (c) the acts, transactions and other circumstances that resulted in the person being an attributable taxpayer in relation to the CFC at that time; and
- (d) the basis of the calculation of:
 - (i) the direct attribution interest; and
 - (ii) the aggregate of the indirect attribution interests; in the CFC held by the person at that time; and
- (e) the basis of the calculation of the attribution percentage of the person in relation to the CFC at that time; and
- (f) the basis of the calculation of the amount (including a nil amount) included in the assessable income of the person under section 456 in relation to the CFC's attributable income for the statutory accounting period in respect of the person.

Note: There is an administrative penalty if you do not keep or retain records as required by this Division: see section 288-25 in Schedule 1 to the *Taxation Administration Act 1953*.

462A Keeping of records—section 457

- (a) subsection 457(1) applies to a change of residence of a CFC; and
- (b) at the residence-change time referred to in that subsection, a person is an attributable taxpayer in relation to the CFC;

the person must keep records (in Australia or elsewhere) containing particulars of:

Section 464A

- (c) the acts, transactions and other circumstances that resulted in the person being an attributable taxpayer in relation to the CFC at that time; and
- (d) the basis of the calculation of:
 - (i) the direct attribution interest; and
 - (ii) the aggregate of the indirect attribution interests; in the CFC held by the person at that time; and
- (e) the basis of the calculation of the attribution percentage of the person in relation to the CFC at that time; and
- (f) the basis of the calculation of the amount (including a nil amount) included in the assessable income of the person under section 457 in relation to the change of residence concerned.

464A Keeping of records—section 459A

Subject to this Division, where:

- (a) subsection 459A(1) applies in relation to an amount (in this section called the **trigger amount**) included in the assessable income of an Australian partnership or of an Australian trust as mentioned in paragraph 459A(1)(a); and
- (b) at the time referred to in whichever subparagraph of paragraph 459A(1)(c) is applicable, a person is an attributable taxpayer in relation to the CFC or the CFT mentioned in that paragraph;

the person must keep records (in Australia or elsewhere) containing particulars of:

- (c) the acts, transactions and other circumstances that resulted in the person being an attributable taxpayer in relation to the CFC or the CFT at that time; and
- (d) the basis of the calculation of:
 - (i) the direct attribution interest; and
 - (ii) the aggregate of the indirect attribution interests; in the CFC or the CFT held by the person at that time; and
- (e) the basis of the calculation of the attribution percentage of the person in relation to the CFC or the CFT at that time; and
- (f) the basis of the calculation of the amount (including a nil amount) that, apart from subsection 459A(2), would be included in the assessable income of the person under subsection 459A(1) in relation to the trigger amount.

465 Offence of failing to keep records

- (1) A person who contravenes section 462, 462A, or 464A is guilty of an offence punishable on conviction by a fine not exceeding 30 penalty units.

Note: See section 4AA of the *Crimes Act 1914* for the current value of a penalty unit.

- (2) An offence under section 462, 462A, or 464A is an offence of strict liability.

Note: For *strict liability*, see section 6.1 of the *Criminal Code*.

466 Manner in which records required to be kept

A person who is required by this Division to keep records must:

- (a) keep the records in writing in the English language or so as to enable the records to be readily accessible and convertible into writing in the English language; and
- (b) keep the records so as to enable the person's liability under this Act to be readily ascertained.

467 Circumstances where records not required to be kept— reasonable excuse etc.

This Division does not require a person to keep a record of information if:

- (a) the person did not know, and had no reasonable grounds to suspect, that section 462, 462A or 464A, as the case requires, was applicable to the person; or
- (b) the person did not know that, and made all reasonable efforts to ascertain whether, section 462, 462A or 464A, as the case requires, was applicable to the person; or
- (c) the person did not know, and made all reasonable efforts to obtain, the information.

468 Treatment of partnerships

- (1) Subject to subsections (2) and (3), the following provisions apply to a partnership as if the partnership were a person:
- (a) sections 462 to 467 (inclusive);

Section 468

- (b) subsections 262A(4) and (5), in so far as those subsections apply to records kept under or for the purposes of this Division;
 - (c) Part III of the *Taxation Administration Act 1953*, in so far as that Part of that Act relates to the provisions covered by paragraph (a) or (b) of this subsection.
- (2) Where, by virtue of subsection (1), an offence is taken to have been committed by a partnership, that offence is taken to have been committed by each of the partners.
- (3) In a prosecution of a person for an offence by virtue of subsection (2), it is a defence if the person proves that the person:
 - (a) did not aid, abet, counsel or procure the act or omission by virtue of which the offence was taken to have been committed; and
