then, in the application of subsection (1B) in calculating the tax saving amount in relation to that person in relation to the year of income in relation to any one of the amounts of eligible relevant expenditure first referred to in this subsection, it shall be assumed that no tax benefit is or was allowable in respect of any part of the other of those amounts or in respect of any part of any of the other of those amounts, as the case may be.

(1E) Where:

- (a) but for this subsection, subsection (1D) would apply to require it to be assumed, for the purposes of the application of subsection (1B) in relation to an amount of eligible relevant expenditure, that no tax benefit is or was allowable in respect of any part of another amount of eligible relevant expenditure (in this subsection referred to as the ***allowable relevant expenditure***); and
- (b) section 82KL does not and will not operate to deem a tax benefit not to be allowable and never to have been allowable in respect of any part of the allowable relevant expenditure;

82KK Schemes designed to postpone tax liability

- (1) This section applies to a loss or outgoing incurred by a taxpayer if:
 - (a) the loss or outgoing was incurred after 19 April 1978 and was incurred to an associate of the taxpayer;
 - (b) a deduction is allowable to the taxpayer in respect of that loss or outgoing; and
 - (c) the deduction allowable in respect of that loss or outgoing would, but for this section, be allowable to the taxpayer in the year of income in which the loss or outgoing was incurred and:
 - (i) in a case where the loss or outgoing is in respect of interest that, if it had actually been paid, would be subject to withholding tax under Division 11A—the withholding tax payable in respect of the whole or a part of the interest is not payable until a time occurring in a subsequent year of income; and
 - (ii) in any other case—the whole or a part of the amount incurred to the associate will not be included in the assessable income of the associate until a subsequent year of income.
- (2) Notwithstanding any other provision of this Act, where:
 - (a) a taxpayer incurs in a year of income (in this subsection referred to as the *relevant year of income*) a loss or outgoing (not being a loss or outgoing in respect of the supply of goods or the provision of services at a time that occurs after, or during a period that occurs after or extends beyond, the

Section 82KK

end of the relevant year of income) and the loss or outgoing is a loss or outgoing to which this section applies; and

- (b) the loss or outgoing was incurred by reason of, as a result of, as part of or in connection with an agreement, course of conduct or course of business that was entered into or carried out for the purpose, or for purposes that included the purpose, of securing that:
 - (i) in a case where the loss or outgoing is in respect of interest that, if it had actually been paid, would be subject to withholding tax under Division 11A—the withholding tax payable in respect of the whole or a part of the interest will not be payable until a time occurring in a subsequent year of income; and
 - (ii) in any other case—the whole or a part of the amount incurred to the associate would not be included in the assessable income of the associate until a subsequent year of income;

the loss or outgoing shall, for the purposes of this Act, be deemed to have been incurred by the taxpayer in the relevant year of income and in any subsequent year of income only to the extent to which the loss or outgoing represents an amount actually paid during the relevant year of income or that subsequent year of income by the taxpayer to the person to whom the loss or outgoing is incurred.

- (3) Notwithstanding any other provision of this Act but subject to subsection (4), where:
 - (a) a taxpayer incurs in a year of income a loss or outgoing in respect of the supply of goods or the provision of services at a time that occurs after, or during a period that occurs after or extends beyond, the end of the year of income and the loss or outgoing is a loss or outgoing to which this section applies; and
 - (b) the loss or outgoing was incurred by reason of, as a result of or as part of an agreement that was entered into or carried out for the purpose, or for purposes that included the purpose, of securing that:

Section 82KL

- (i) a deduction would be allowable to the taxpayer in a year of income in respect of the loss or outgoing; and
- (ii) the whole or a part of the amount of the loss or outgoing would not be included in the assessable income of the person to whom the loss or outgoing was incurred until a subsequent year of income;

that loss or outgoing shall, for the purposes of this Act, be deemed to have been incurred by the taxpayer in the year of income in which, or in the years of income in which, goods to which the loss or outgoing relates are supplied or services to which the loss or outgoing relates are provided.

- (4) Where, by virtue of subsection (3), a loss or outgoing incurred by a taxpayer in respect of the supply of goods or the provision of services is deemed to have been incurred by the taxpayer in each of 2 or more years of income, there shall be allowable as a deduction to the taxpayer in each such year of income so much only of the amount that, apart from this section, would be allowable as a deduction in respect of the loss or outgoing as the Commissioner considers reasonable having regard to the extent to which the goods in respect of which the loss or outgoing was incurred were supplied or the services in respect of which the loss or outgoing was incurred were provided, in each of those years of income.
- (5) In determining whether paragraph (2)(b) or (3)(b) applies in relation to a loss or outgoing, no regard shall be had to a purpose that is a merely incidental purpose.

82KL Tax benefit not allowable in respect of certain recouped expenditure

- (1) Where the sum of the amount or value of the additional benefit in relation to an amount of eligible relevant expenditure incurred by a taxpayer and the expected tax saving in relation to that amount of eligible relevant expenditure is equal to or greater than the amount of the eligible relevant expenditure, notwithstanding any other provision of this Act but subject to this section, a tax benefit is not

Section 82KL

and shall be deemed never to have been, allowable in respect of any part of that amount of eligible relevant expenditure.

- (2) Where, at any time, the Commissioner is of the opinion that, apart from this subsection, subsection (1) might reasonably be expected, at a later time, to operate to deem a tax benefit not to be allowable and never to have been allowable in respect of expenditure or a loss or outgoing incurred by a taxpayer then, notwithstanding any other provision of this Act but subject to this section, a tax benefit is not allowable and shall be deemed never to have been allowable in respect of that expenditure or that loss or outgoing, as the case may be.
- (3) Where, in the making of an assessment, subsection (2) has been applied by reason that the Commissioner was of the opinion that a particular circumstance would exist and the Commissioner later becomes satisfied that that circumstance will not exist, then, notwithstanding anything contained in section 170, the Commissioner may amend the assessment at any time for the purposes of ensuring that this Subdivision shall be taken always to have applied on the basis that that circumstance did not, and would not, exist.
- (4) Where:
 - (a) an amount of eligible relevant expenditure is incurred by a partnership;
 - (b) apart from this subsection, this section would not operate to deem a tax benefit not to be allowable and never to have been allowable in respect of any part of that amount of eligible relevant expenditure; and
 - (c) the Commissioner is satisfied that any partner in the partnership became a partner in the partnership by reason of or as a result of an agreement (whether or not that agreement was the agreement by virtue of which the partner became a partner in the partnership) that was entered into by any of the parties to the agreement for the purpose, or primarily for the purpose, of ensuring that this section would not operate to deem a tax benefit not to be allowable and never to have been

Section 82KL

allowable in respect of any part of the amount of the eligible relevant expenditure;

then, notwithstanding any other provision of this Act, a tax benefit is not allowable and shall be deemed never to have been allowable in respect of any part of that amount of eligible relevant expenditure.

(5) Where:

- (a) in the making of an assessment, this section has been applied on the basis that a taxpayer was to be taken to have obtained a benefit by reason that it was reasonable to expect that a person to whom a debt was owed by the taxpayer or an associate of the taxpayer would release, abandon or fail to demand repayment of the debt or of a part of the debt; and
- (b) the whole or a part of that debt or of that part of the debt is repaid;

then, notwithstanding anything contained in section 170, the Commissioner may amend the assessment at any time for the purposes of ensuring that this Subdivision shall be taken never to have applied on the basis that it was reasonable to expect that the person to whom the debt was owed would release, abandon or fail to demand repayment of the amount that was repaid.

(6) Where subsection (1), (2) or (4) deems a tax benefit not to be and never to have been allowable in respect of a loss or outgoing incurred by a taxpayer in the purchase of property that, for the purposes of the application of this Act and the *Income Tax Assessment Act 1997* in relation to the taxpayer is or was trading stock, then, notwithstanding any other provision of this Act or that Act, the cost or cost price of that property, for the purposes of the application of (Primary production) of the *Income Tax Assessment Act 1997* Subdivision B of Division 2 of Part III of this Act or Division 70 (Trading stock) or 385 in relation to that property in relation to the taxpayer, shall be taken to be, and at all times to have been, nil.

until the end of:

- (c) the day, or the last day, on which the thing to be done under the agreement in return for the amount of expenditure is

required, or permitted, as the case may be, to cease being done; or

- (d) if that day or last day ends more than 10 years after the beginning of the period—10 years after the beginning of the period.

- (2) Without otherwise limiting the generality of references in this Subdivision to expenditure being incurred under an agreement in return for the doing of a thing under the agreement:
 - (a) where expenditure incurred under an agreement consists of a payment of loan interest or a payment of a similar kind, the expenditure shall, for the purposes of this Subdivision, be taken to be incurred in return for the making available or continued making available, as the case requires, of the loan principal, or other amount of a similar kind, under the agreement during the period to which the payment relates; and

Section 82KZLA

kind, under the agreement during the period to which the payment relates.

- (3) This Subdivision has effect as if conducting R&D activities were carrying on a business.

82KZLA Subdivision does not apply to financial arrangements to which Subdivision 250-E applies

To avoid doubt, this Subdivision does not apply to:

- (a) a Division 230 financial arrangement (within the meaning of the *Income Tax Assessment Act 1997*); or
- (b) a financial benefit (within the meaning of that Act) that is provided or received in relation to such an arrangement.

Note: See section 250-210 of the *Income Tax Assessment Act 1997*.

82KZLB How this Subdivision applies to deductible R&D expenditure incurred to associates in earlier income years

In addition to its application apart from this section, this Subdivision applies to expenditure deductible under section 355-480 of the *Income Tax Assessment Act 1997* as if:

- (a) references in this Subdivision to incurring the expenditure were references to paying the expenditure; and
- (b) references in this Subdivision to the expenditure year were references to the payment year.

82KZM Expenditure by small and medium business entities and individuals incurring non-business expenditure

- (1) Where:
- (a) a taxpayer incurs expenditure under an agreement entered into after 25 May 1988; and
 - (aa) at least one of the following applies:
 - (i) the taxpayer is a small business entity, or is covered by subsection (1A), for the year of income and has not chosen to apply section 82KZMD to the expenditure;

Section 82KZM

- (ii) the taxpayer is an individual and the expenditure is not incurred in carrying on a business;
 - (iii) the expenditure meets a pre-RBT obligation (see subsection 82KZL(1)); and
- (b) the expenditure is not excluded expenditure; and
- (ba) either:
- (i) the eligible service period for the expenditure is longer than 12 months; or
 - (ii) the eligible service period for the expenditure is 12 months or shorter but ends after the last day of the year of income after the one in which the expenditure was incurred; and
- (c) apart from this section, a deduction under:
- (i) section 8-1; or
 - (ii) section 355-205 (R&D expenditure) or 355-480 (earlier year associate R&D expenditure);
- of the *Income Tax Assessment Act 1997*, in respect of the expenditure, would be allowable from the taxpayer's assessable income for the year of income in which the expenditure is incurred;

then, for the purposes of this Act, instead of the deduction being allowable as mentioned in paragraph (c), a proportion of the deduction is allowable from the assessable income of the taxpayer of each year of income during which the whole or part of the eligible service period in relation to the expenditure occurs, being a proportion ascertained in accordance with the formula:

$$\frac{\text{Period in year}}{\text{Eligible service period}}$$

where:

Period in year is the number of days in the whole or the part of the eligible service period that occurs in the year of income.

Eligible service period is the number of days in the eligible service period.

Section 82KZMA

- (1A) A taxpayer is covered by this subsection for a year of income if:
- (a) the taxpayer is not a small business entity for the year of income; and
 - (b) the taxpayer would be a small business entity for the year of income if:
 - (i) each reference in Subdivision 328-C (about what is a small business entity) of the *Income Tax Assessment Act 1997* to \$10 million were instead a reference to \$50 million; and
 - (ii) the reference in paragraph 328-110(5)(b) of that Act to a small business entity were instead a reference to a taxpayer covered by this subsection.

- (b) the day when any fertiliser, herbicide or pesticide is applied to the seedlings in conjunction with that planting.

the following provisions have effect for the purpose of this Subdivision:

- (c) if the whole or part of a deduction under former section 51 of this Act or section 8-1 of the *Income Tax Assessment Act 1997* in respect of the expenditure is, because of this Subdivision, allowable from the assessable income of the original taxpayer of any year of income occurring after the year of income in which the transfer or discharge occurs—that deduction is instead allowable from the assessable income of the year of income in which the transfer, assignment or discharge occurs;
- (d) if the recipient taxpayer incurs expenditure in return for the transfer—the recipient taxpayer shall be taken to have incurred, under an agreement entered into at the time of the transfer, so much of that expenditure as is not of a capital, private or domestic nature in return for the doing of the thing during the remainder of the period.

82KZO Partnership changes where entire interest in agreement rights is not transferred

Where:

- (a) under an agreement entered into after 25 May 1988, a person (in this section called the *original person*), or the partners in a partnership (in this section called the *original partnership*), incurs or incur expenditure in return for the doing of a thing during a period after the incurring of the expenditure;

 - (iv) the original person, or one or more of the partners in the original partnership, has an interest in the rights after the partnership change; and
- (c) the whole or part of a deduction under former section 51 of this Act or section 8-1 of the *Income Tax Assessment Act 1997* in respect of the expenditure (which whole or part is in this section called a *spread deduction*) is, because of the application of this Subdivision, allowable from the assessable income of the original person or the original partnership of the year of income in which the partnership change happens or a subsequent year of income;

the following provisions have effect:

- (d) if a spread deduction is allowable in relation to the year of income in which the partnership change occurs—the entitlement to the deduction shall, for the purposes of this

Section 82KZO

Act but subject to any later application of this section, be apportioned between the original person or original partnership and the later person or later partnership according to the portions of the eligible service period in the year of income (or, if the case requires, of so much of the period as occurs after a partnership change resulting from a previous application of this section) that occur before and after the partnership change;

- (e) if a spread deduction relates to a subsequent year of income—the later person or later partnership, instead of the original person or original partnership, shall, for the purposes of this Act but subject to any later application of this section, be entitled to the deduction;
- (f) for the purposes of any later application of this section or section 82KZN, the later person or later partnership, instead of the original person or original partnership, shall be taken to have incurred the expenditure under the agreement.

- (x) the shares to be allotted or transferred upon the exercise of the option to convert are to be shares with respect to which no provision is made (whether by the memorandum, or memorandum and articles, of the company, or other instrument constituting or defining the constitution of the company, or otherwise) for changing or converting them into shares of another class, except for the purpose of enabling, in accordance with any law relating to companies, the consolidation and division of all or any of the share capital of the company or of another company or the sub-division of all or any of the shares in the capital of the company or of another company; and
- (xi) the amount payable in respect of the allotment or transfer of a share in pursuance of the exercise of the option to convert is to be paid not later than 1 month after the allotment or transfer, and is to be not less than 90% of the amount that, in accordance with section 82T, is the value as at the valuation date of a fully paid share included in the class of shares in which the share to be allotted or transferred will be, or is, included.

Section 82SA

- (2) Where subsection (1) ceases to have effect in relation to a convertible note by reason of a change in the terms applicable to the note (not being a change resulting from a compromise or arrangement approved by a court), subsection (1) shall be deemed never to have had effect in relation to the note.
- (3) Where a note is a convertible note in relation to which subsection (1) has effect and the right to exercise the option to convert relating to the note becomes exercisable by a person other than the holder or owner of the note by reason of an assignment of that right, the assignment shall, for the purposes of this section, be disregarded.
- (4) Where, in relation to a convertible note issued by a company, the company or a director of the company does any act or thing for the purpose of, or purposes that include the purpose of, and having the effect of, causing the amount that, for the purposes of subsection (1), is the minimum amount applicable to a share to be allotted or transferred in pursuance of the exercise of the option to convert relating to the note, to be less than it would otherwise have been, subsection (1) does not have effect in relation to the note.
- (5) Where, under the terms applicable to a convertible note, the rate of interest payable in respect of the loan to which the note applies is to be varied from time to time (otherwise than with retrospective effect) in accordance with changes, or changes exceeding a specified percentage, in the rate of interest prevailing from time to time:
- (a) where the loan is a foreign loan, at a specified place outside Australia in respect of a specified class of transactions; or
 - (b) where the loan is not a foreign loan, in respect of a specified class of securities issued under an Act;
- the term shall, for the purposes of subparagraph (1)(d)(vi), be deemed not to be a term providing for a variation in the rate of interest payable in respect of the loan.
- (6) For the purposes of subparagraph (1)(d)(vii), the obligations and rights of the holder or owner of a convertible note shall not be deemed to vary in a manner referred to in that subparagraph by

Section 82T

reason only that any dividend payable in respect of a share in the capital of a company to be allotted upon the exercise of the option to convert relating to the note, being a dividend payable during the period of 1 year after the allotment of the share, will or may vary according to the time when, in relation to the period to which the dividend relates, the option to convert is exercised.

82T Value of shares

- (1) For the purposes of section 82SA, the value of a fully paid share as at the valuation date is:
- (a) where:
- (i) the share is included in a class of shares that, during the whole of the relevant valuation period, was listed for quotation in the official list of a stock exchange that was a prescribed stock exchange during the whole of that period, or in the official lists of 2 or more stock exchanges each of which was a prescribed stock exchange during the whole of that period; and
 - (ii) fully paid shares included in that class of shares were recorded by that stock exchange, or by one or more of those stock exchanges, as the case may be, as having been sold during that period;

an amount ascertained by dividing the total consideration paid or payable in respect of those sales by the total number of shares so recorded as having been sold; and

- (b) in any other case—the amount that a person who is a qualified person in relation to the valuing of the share certifies that, on a true and fair view of the state of the company's affairs, would, in respect of a sale at the end of the relevant valuation period between a willing but not anxious seller and a willing but not anxious buyer, be expected to be the consideration paid for the share, on the assumption, in a case where the class of shares in which that share is included was not, at the end of the relevant valuation period, listed for quotation in the official list of a stock exchange that, at that time, was a prescribed stock exchange, that the memorandum, or memorandum and articles, of the

Section 82T

company, or other instrument constituting or defining the constitution of the company, satisfied, at that time, such of the requirements of a stock exchange that, at that time, was a prescribed stock exchange as it would have been necessary to satisfy to enable that class of shares to be listed for quotation in the official list of that stock exchange.

Division 5—Partnerships

90 Interpretation

In this Division:

exempt income, in relation to a partnership, means the exempt income of the partnership calculated as if the partnership were a taxpayer who was a resident.

net income, in relation to a partnership, means the assessable income of the partnership, calculated as if the partnership were a taxpayer who was a resident, less all allowable deductions except deductions allowable under section 290-150 or Division 36 of the *Income Tax Assessment Act 1997*.

non-assessable non-exempt income, in relation to a partnership, means the non-assessable non-exempt income of the partnership calculated as if the partnership were a taxpayer who was a resident.

partnership loss, in relation to a partnership, means the excess (if any) of the allowable deductions, other than deductions allowable under section 290-150 or Division 36 of the *Income Tax Assessment Act 1997*, over the assessable income of the partnership calculated as if the partnership were a taxpayer who was a resident.

91 Liability of partnerships

A partnership shall furnish a return of the income of the partnership, but shall not be liable to pay tax thereon.

92 Income and deductions of partner

- (1) The assessable income of a partner in a partnership shall include:
 - (a) so much of the individual interest of the partner in the net income of the partnership of the year of income as is attributable to a period when the partner was a resident; and

- (b) so much of the individual interest of the partner in the net income of the partnership of the year of income as is attributable to a period when the partner was not a resident and is also attributable to sources in Australia.
- (2) Subject to section 830-45 of the *Income Tax Assessment Act 1997*, if a partnership loss is incurred by a partnership in a year of income, there shall be allowable as a deduction to a partner in the partnership:
- (a) so much of the individual interest of the partner in the partnership loss as is attributable to a period when the partner was a resident; and
- (b) so much of the individual interest of the partner in the partnership loss as is attributable to a period when the partner was not a resident and is also attributable to sources in Australia.
- (2AA) However, if:
- (a) the partner is a limited partner in a partnership; and
- (b) the partnership is a VCLP, an ESVCLP, an AFOF or a VCMP during the year of income;
- the amount allowable under subsection (2), in respect of the year of income, as a deduction must not exceed the amount worked out as follows:

Method statement

- Step 1. Work out the sum of the amounts that the partner has contributed (the ***partner's contribution***) to the partnership.
- Step 2. Subtract the sum of all the amounts (if any) of the partner's contribution that are repaid to the partner.
- Step 3. Subtract the sum of all deductions allowed to the partner for losses of the partnership in previous years of income.

Section 92

Step 4. Subtract the sum of the amounts of all the debt interests issued by the partner to the extent that they are secured by the partner's interest in the partnership.

Example: A limited partner contributes \$100,000 to a VCLP, having borrowed \$80,000. Because the lender values the partner's interest in the partnership at \$70,000, the partner also provides, as additional security, other assets valued at \$10,000.

If none of the partner's contribution has been repaid and the partner has not been allowed deductions for partnership losses in previous years of income, the amount allowable to the partner for a partnership loss cannot exceed \$30,000.

- (2A) Subsection (2) does not apply to a partnership loss if the partner's interest in the partnership at the end of the year of income is:
- (a) a segregated exempt asset (as defined in the *Income Tax Assessment Act 1997*) of a life assurance company; or
 - (b) a segregated current pension asset (as defined in the *Income Tax Assessment Act 1997*) of a complying superannuation fund.
- (3) The exempt income of a partner in a partnership shall include:
- (a) so much of the individual interest of the partner in the exempt income of the partnership of the year of income as is attributable to a period when the partner was a resident; and
 - (b) so much of the individual interest of the partner in the exempt income of the partnership of the year of income as is attributable to a period when the partner was not a resident and is also attributable to sources in Australia.
- (4) The non-assessable non-exempt income of a partner in a partnership shall include:
- (a) so much of the individual interest of the partner in the non-assessable non-exempt income of the partnership of the year of income as is attributable to a period when the partner was a resident; and
 - (b) so much of the individual interest of the partner in the non-assessable non-exempt income of the partnership of the year of income as is attributable to a period when the partner

was not a resident and is also attributable to sources in Australia.

92A Deductions in respect of outstanding subsection 92(2AA) amounts

- (1) If:
- (a) the partner is a limited partner in a partnership; and
 - (b) the partnership is a VCLP, an ESVCLP, an AFOF or a VCMP during the year of income; and
 - (c) the amount allowable under subsection 92(2) as a deduction to the partner for partnership losses incurred by the partnership in the year of income is not reduced because of subsection 92(2AA); and
 - (d) the partner has an outstanding subsection 92(2AA) amount for the year of income;

there is allowable as a deduction to the partnership an amount worked out as follows:

Method statement

- Step 1. Subtract the amount allowable under subsection 92(2) as a deduction to the partner for partnership losses incurred by the partnership in the year of income from the amount worked out using the method statement in subsection 92(2AA).
- Step 2. If the amount worked out under step 1 is greater than or equal to the outstanding subsection 92(2AA) amount for the year of income, the amount of the deduction allowable under this section is the outstanding subsection 92(2AA) amount.
- Step 3. If the amount worked out under step 1 is less than the outstanding subsection 92(2AA) amount for the year of income, the amount of the deduction allowable under this section is the amount worked out under step 1.

Section 94

- (2) The partner has an outstanding subsection 92(2AA) amount for a year of income if:
- (a) an amount allowable under subsection 92(2) as a deduction to the partner for partnership losses incurred by the partnership in a previous year of income was reduced because of subsection 92(2AA); and
 - (b) the difference between:
 - (i) the sum of all reductions made under subsection 92(2AA) to amounts allowable under subsection 92(2) as deductions to the partner for partnership losses incurred by the partnership in previous years of income; and
 - (ii) the sum of all amounts allowable under this section, in respect of previous years of income, as deductions to the partner in relation to those reductions;is greater than zero.
- The amount of that difference is the partner's **outstanding subsection 92(2AA) amount** for the year of income.
- (3) To avoid doubt, a partner's outstanding subsection 92(2AA) amount for a year of income cannot form part of a tax loss for the purposes of Division 36 or 160 of the *Income Tax Assessment Act 1997*.

94 Partner not having control and disposal of share in partnership income

- (1) Subject to this section, where:
- (a) a share in the net income of a partnership of a year of income is included in the assessable income of a partner in the partnership, not being:
 - (i) a company;
 - (ii) a person in the capacity of a trustee; or
 - (iii) a person who was under the age of 18 years on the last day of the year of income of the person that corresponds with the year of income of the partnership; and

- (b) the partnership is so constituted or controlled, or its operations are so conducted, that the partner has not the real and effective control and disposal of that share or of a part of that share;

this section applies to that share or that part of that share, as the case may be.

- (2) Subject to the succeeding provisions of this section, where:

- (a) a partnership is so constituted or controlled, or its operations are so conducted, that a partner in the partnership, being a trustee of a trust estate, has not the real and effective control and disposal of his or her share in the net income of the partnership of a year of income or of a part of that share (which share or part of a share, as the case may be, is in this subsection referred to as ***uncontrolled partnership income***); and

- (b) in calculating in accordance with section 95 the net income of that trust estate or of any other trust estate, there is included in the assessable income of the trust estate any uncontrolled partnership income;

then:

- (c) if:

- (i) a beneficiary, not being a company or a person who was under the age of 18 years on the last day of the year of income of the person that corresponds with the year of income of the partnership, is presently entitled to the whole of the income of the trust estate otherwise than in the capacity of a trustee; or
- (ii) there is no part of the net income of the trust estate that is included in the assessable income of a beneficiary in pursuance of section 97 or in respect of which the trustee is assessed and liable to pay tax in pursuance of section 98;

this section applies to the portion of the net income of the trust estate that was derived from uncontrolled partnership income;

Section 94

- (d) if a beneficiary, not being a company or a person who was under the age of 18 years on the last day of the year of income of the person that corresponds with the year of income of the partnership, is presently entitled to a share of the income of the trust estate otherwise than in the capacity of a trustee, this section applies to so much of that share of the net income of the trust estate as bears to that share the same proportion as the portion of the net income of the trust estate that was derived from uncontrolled partnership income bears to the net income of the trust estate; and
 - (e) if there is a part of the net income of the trust estate that is not included in the assessable income of a beneficiary in pursuance of section 97 and in respect of which the trustee is not assessed and is not liable to pay tax in pursuance of section 98, this section applies to so much of that part of the net income of the trust estate as bears to that part the same proportion as the portion of the net income of the trust estate that was derived from uncontrolled partnership income bears to the net income of the trust estate.
- (5) For the purposes of this section:
- (a) where:
 - (i) the assessable income of a trust estate includes the net income or a share of the net income of another trust estate; and
 - (ii) the assessable income of the other trust estate by reference to which that net income is calculated included income of a particular class (including an amount that is to be deemed by an application or applications of this paragraph to be income of a particular class);the assessable income of the first-mentioned trust estate shall be deemed to include income of that class of an amount equal to so much of the net income or share of the net income of the other trust estate that is included in the assessable income of the first-mentioned trust estate as bears to that net income or share of that net income the same proportion as the portion of the net income of the other trust estate that was derived

- from income of that class bears to the net income of the other trust estate; and
- (b) the portion of the net income of a trust estate that is derived from income of a particular class that is included in the assessable income of the trust estate is the amount remaining after deducting from the income of that class that is included in the assessable income of the trust estate:
- (i) any prescribed deductions that relate exclusively to that income of that class;
 - (ii) so much of any other prescribed deductions (other than apportionable deductions) as, in the opinion of the Commissioner, may appropriately be related to that income of that class; and
 - (iii) the amount that bears to the prescribed deductions (being apportionable deductions) the same proportion as the amount that, but for this subparagraph, would be the portion of the net income of the trust estate that is derived from that income of that class bears to the sum of the net income of the trust estate and those last-mentioned prescribed deductions.
- (6) Where the assessable income of a trust estate includes, or, by virtue of paragraph (5)(a), is to be deemed to include, income of a particular class but the Commissioner is of the opinion that it would be unreasonable to treat each part or share of the net income of the trust estate that is included in the assessable income of a beneficiary, or on or in respect of which the trustee is assessed and liable to pay tax, as including a proportionate part of the portion of the net income of the trust estate that is derived from income of that class, the amount:
- (a) that is the amount of a part or share of the net income of the trust estate to which this section applies by virtue of paragraph (2)(d) or (e); or
 - (b) that is, by virtue of paragraph (5)(a), the amount of the income of that class that is to be deemed to be included in the assessable income of another trust estate;

Section 94

is, in lieu of the amount that, but for this subsection, would be the amount of that part or share of that net income or the amount of that income of that class, as the case may be, such amount as the Commissioner considers reasonable in the circumstances.

- (8) Where the Commissioner is of the opinion that, by reason of special circumstances, it would be unreasonable that this section should apply to any income, this section does not apply to that income.
- (8A) In forming an opinion for the purposes of subsection (8) as to whether it is unreasonable that this section should apply in relation to any of the net income of a trust estate, the Commissioner shall take into consideration the extent (if any) to which that net income represents income to which a beneficiary is presently entitled that is attributable to a period when the beneficiary was not a resident and is also attributable to sources out of Australia.
- (9) Where the assessable income of a taxpayer, other than a taxpayer in the capacity of a trustee, includes income to which this section applies, the taxpayer shall be assessed and is liable to pay further tax, in accordance with subsection (10A) or (10B), upon the portion (in this section referred to as the *eligible portion*) of his or her taxable income that is derived from income to which this section applies.
- (10) For the purposes of subsection (9), the portion of the taxable income of a taxpayer that is derived from income to which this section applies is the amount remaining after deducting from the income to which this section applies that is included in his or her assessable income:
- (a) any deductions allowed or allowable in his or her assessment that relate exclusively to the income to which this section applies that is included in his or her assessable income;
 - (b) so much of any other deductions allowed or allowable in his or her assessment (other than apportionable deductions) as, in the opinion of the Commissioner, may appropriately be related to the income to which this section applies that is included in his or her assessable income; and

- (c) the amount that bears to the apportionable deductions allowed or allowable in his or her assessment the same proportion as the amount that, but for this paragraph, would be the portion of his or her taxable income that is derived from income to which this section applies bears to the sum of his or her taxable income and those apportionable deductions.
- (10A) Where Division 392 (Long-term averaging of primary producers' tax liability) of the *Income Tax Assessment Act 1997* does not apply in relation to the income of a taxpayer of the year of income, the taxpayer is liable to pay further tax upon the eligible portion of his or her taxable income at the rate declared by the Parliament to be the rate of further tax payable in pursuance of subsection (9) in respect of the relevant part of the taxable income.
- (10B) Where Division 392 (Long-term averaging of primary producers' tax liability) of the *Income Tax Assessment Act 1997* applies in relation to the income of a taxpayer of the year of income, the taxpayer is liable to pay further tax upon the relevant part of the eligible portion of his or her taxable income at the rate declared by the Parliament to be the rate of further tax payable in pursuance of subsection (9) in respect of the relevant part of the taxable income and is, in addition, liable to pay further tax upon the prescribed part of the eligible portion of his or her taxable income at the rate declared by the Parliament to be the rate of further tax payable in pursuance of subsection (9) in respect of the prescribed part of the taxable income.
- (10C) For the purposes of subsections (10A) and (10B):
- (a) the prescribed part of the eligible portion of the taxable income of a taxpayer of a year of income is:
- (i) in a case to which subparagraph (ii) does not apply—the sum of:
- (A) the amount ascertained by deducting from so much of the assessable primary production income of the taxpayer as is also income to which this section applies so much of the

Section 94

deductions allowable in his or her assessment as constitutes primary production deductions and is also deductible in accordance with subsection (10) from income to which this section applies; and

- (B) the amount (if any) ascertained in accordance with the formula $\frac{A B}{C}$, where:

A is the amount shown in the following table:

Value of A for formula		
Item	Taxpayer's taxable non-primary production income	Value of A
1	Nil	Nil
2	Not more than \$5,000 (but more than nil)	Difference between basic taxable income and taxable primary production income
3	Between \$5,000 and \$10,000	\$10,000 taxable non-primary production income
4	At least \$10,000	Nil

B is the number of whole dollars in the amount ascertained by deducting from the eligible portion the amount calculated in accordance with sub-subparagraph (A); and

C is the number of whole dollars in the amount ascertained by deducting from the taxable income of the taxpayer of the year of income the taxable primary production income of the taxpayer of the year of income; and

- (ii) in a case where the taxpayer's primary production deductions for the year of income exceed the taxpayer's assessable primary production income for that year—the

(11) Where:

- (a) section 98 applies in relation to the net income of a trust estate or a share of that net income; and

Section 94

(b) this section applies to a portion (in this subsection referred to as the *relevant portion*) of that net income or of that share of that net income, as the case may be;

(12A) Where Division 16 does not apply in respect of the net income of a trust estate of which the eligible trust portion is a portion, the trustee is liable to pay further tax upon the eligible trust portion at the rate declared by the Parliament to be the rate of further tax payable in pursuance of subsection (11) or (12) in respect of the relevant part of the net income of a trust estate.

C is the number of whole dollars in the net income of the trust estate of which the eligible trust portion is a portion; and

D is the number of whole dollars in the amount by which the net income of the trust estate of which the eligible trust portion is a portion would have been increased if the aggregate of the relevant primary production deductions allowable in calculating the net income of the trust estate of the year of income had been equal to the assessable primary production income of the trust estate of the year of income; and

- (a) this Act (other than this Division and Division 830 of the *Income Tax Assessment Act 1997*); and
- (b) an Act that imposes any tax payable under this Act; and
- (c) the *Income Tax Rates Act 1986*; and

year of income means (except in paragraph 94L(b)) the year of income in which 19 August 1992 occurred or a later year of income.

94C Continuity of limited partnership not affected by changes in composition

For the purposes of this Division, a change in the composition of a limited partnership does not affect the continuity of the partnership.

Subdivision B—Corporate limited partnerships

94D Corporate limited partnerships

- (1) For the purposes of this Division, a limited partnership is a corporate limited partnership in relation to a year of income of the partnership if:
- (a) the year of income is the 1995-96 year of income or a later year of income; or
 - (b) the partnership was formed on or after 19 August 1992; or
 - (c) both:
 - (i) the partnership was formed before 19 August 1992; and
 - (ii) the partnership does not pass the continuity of business test set out in section 94E; or
 - (d) all of the following apply:
 - (i) the partnership was formed before 19 August 1992;
 - (ii) a change in the composition of the partnership occurs during the period:
 - (A) beginning on 19 August 1992; and
 - (B) ending at the end of the year of income;
 - (iii) the partners do not elect, in accordance with section 94F, that the partnership is not to be treated as a corporate limited partnership in relation to the year of income.
- (2) However, a partnership that is a VCLP, an ESVCLP, an AFOF or a venture capital management partnership cannot be a corporate limited partnership.

Note 1: This subsection can apply without the partnership meeting the applicable registration requirements under the *Venture Capital Act 2002*. It must be registered under that Act in order to be a VCLP, an ESVCLP or an AFOF, but it is possible for it to remain registered while the requirements are not met.

Note 2: VCLPs, ESVCLPs, AFOFs and VCMPs are taxed as ordinary partnerships under Division 5.

Note 3: If the partnership's registration as a VCLP, ESVCLP or AFOF is unconditional, some partners' share in capital gains and losses from

Part III Liability to taxation

Division 5A Income of certain limited partnerships

Section 94D

CGT events relating to some investments may be disregarded: see Subdivision 118-F of the *Income Tax Assessment Act 1997*.

- (3) A **venture capital management partnership** is a limited partnership that:
- (a) is a general partner of one or more of the following:
 - (i) one or more VCLPs;
 - (ia) one or more ESVCLPs;
 - (ii) one or more AFOFs; and
 - (b) only carries on activities that are related to being such a general partner.

A limited partnership ceases to be a venture capital management partnership if it ceases to meet the requirements of paragraphs (a) and (b).

Note: In this Act, the term “venture capital management partnership” is usually abbreviated to “VCMP”.

- (4) The place of residence of a VCMP is the place at which the partnership has its central management and control.
- (5) A limited partnership that is a foreign hybrid limited partnership in relation to a year of income because of subsection 830-10(1) of the *Income Tax Assessment Act 1997* is not a corporate limited partnership in relation to the year of income.

Note: As result, both the normal partnership provisions and special provisions relating to foreign hybrid limited partnerships will apply to the entity.

- (6) If, for the purpose of applying this Act and the *Income Tax Assessment Act 1997* in relation to a partner’s interest in a limited partnership, the partnership is a foreign hybrid limited partnership in relation to a year of income because of subsection 830-10(2) of that Act, the partnership is not a corporate limited partnership in relation to the partner’s interest in relation to the year of income.

Note: As result, both the normal partnership provisions and special provisions relating to foreign hybrid limited partnerships will apply to the entity, but only in relation to the partner’s interest.

94E Continuity of business test

In determining whether a limited partnership is a corporate limited partnership in relation to a year of income, the partnership passes the continuity of business test if, and only if:

- (a) at all times during the period:
 - (i) beginning on 19 August 1992; and
 - (ii) ending at the end of the year of income;the partnership carried on the same business as it carried on immediately before the beginning of that period; and
- (b) the partnership did not, at any time during that period, derive income from a business of a kind that it did not carry on, or from a transaction of a kind that it had not entered into in the course of its business operations, before that period.

94F Change in composition of limited partnership—election that partnership not be treated as an eligible limited partnership

An election referred to in paragraph 94D(1)(d) in relation to a limited partnership and in relation to a year of income has no effect unless:

- (b) the election is made:
 - (i) within 6 months after the end of the later of the following years of income:
 - (A) the year of income to which the election relates;
 - (B) the year of income in which the *Taxation Laws Amendment Act (No. 6) 1992* received the Royal Assent; or
 - (ii) within such further period as the Commissioner allows.

Section 94G

94G Continuity of ownership test

In determining whether a limited partnership is a corporate limited partnership in relation to a year of income, the partnership passes the continuity of ownership test if, and only if:

- (a) at all times during the period:
 - (i) beginning on 19 August 1992; and
 - (ii) ending at the end of the year of income;more than 50% of the interests in the partnership were held by persons who, immediately before that period, held more than 50% of the interests in the partnership; or

 - (i) a prospectus, offer or invitation issued before 19 August 1992; or
 - (ii) if that prospectus, offer or invitation was varied before 19 August 1992—that prospectus, offer or invitation as so varied.

94X Modification of loss provisions

Subdivisions 165-A and 165-B of the *Income Tax Assessment Act 1997* apply in relation to the partnership as if the provisions relating to voting power had not been enacted.

Division 6—Trust income**95AAA Simplified outline of the relationship between this Division, Division 6E and Subdivisions 115-C and 207-B of the *Income Tax Assessment Act 1997***

The following is a simplified outline of the relationship between this Division, Division 6E and Subdivisions 115-C and 207-B of the *Income Tax Assessment Act 1997*.

This Division sets out the basic income tax treatment of the net income of the trust estate. Generally:

- (a) it has the result of assessing beneficiaries on a share of the net income of the trust estate based on their present entitlement to a share of the income of the trust estate; and
- (b) it has the result of assessing the trustee directly on any residual net income; and
- (c) as a collection mechanism, it has the result of assessing the trustee in respect of some beneficiaries, such as non-residents or those under a legal disability.

If the trust estate has capital gains, franked distributions or franking credits, this basic treatment is modified as described below.

Division 6E modifies the operation of this Division for the purpose of excluding amounts relevant to capital gains, franked distributions and franking credits from the calculations of assessable amounts under sections 97, 98, 99, 99A and 100.

Division 6E does not modify the operation of this Division (or any other provision of this Act) for any other purpose. For example:

Section 95AAB

- (a) it does not modify the operation of this Division for the purposes of applying section 100A; and
- (b) it does not modify amounts taxed in the hands of the trustee under Subdivisions 115-C and 207-B of the *Income Tax Assessment Act 1997*.

Subdivisions 115-C and 207-B of the *Income Tax Assessment Act 1997* provide the corresponding taxation treatment for those capital gains, franked distributions and franking credits. Specifically:

- (a) Subdivision 115-C of that Act has the effect that an amount corresponding to each of those capital gains is taxed in the hands of the beneficiaries of the trust (as a capital gain) and, if necessary, assessed to the trustee.
- (b) Subdivision 207-B of that Act has the effect that an amount corresponding to each of those franked distributions is taxed in the hands of the beneficiaries of the trust and, if necessary, the trustee. It also has the effect that the entity in whose hands those distributions are taxed can take advantage of the relevant amount of related franking credits.

95AAB Adjustments under Subdivision 115-C or 207-B of the *Income Tax Assessment Act 1997*—references in this Act to assessable income under section 97, 98A or 100

- (1) Subsection (2) applies if an amount is included in the assessable income of a beneficiary of a trust estate because of Subdivision 115-C or 207-B of the *Income Tax Assessment Act 1997*.
- (2) For the purposes of a provision of this Act (other than a provision mentioned in subsection (3)), treat the amount as being included in

Section 95AAC

the beneficiary's assessable income in relation to the net income of the trust estate under section 97, 98A or 100 (as the case requires).

- (3) The provisions are as follows:
- (a) sections 97, 98A (other than subsection 98A(2)) and 100 (other than subsections 100(2) and (3));
 - (b) sections 98, 99 and 99A;
 - (c) Subdivisions 115-C and 207-B of the *Income Tax Assessment Act 1997*.
- (4) To avoid doubt, subsection (2) applies despite subsection 6(1AA).

95AAC Adjustments under Subdivision 115-C or 207-B of the *Income Tax Assessment Act 1997*—references in this Act to liabilities under section 98, 99 or 99A

- (1) Subsection (2) applies if an amount in respect of which a trustee of a trust estate is liable to be assessed (and pay tax) under section 98 in respect of the beneficiary is increased because of Subdivision 115-C or 207-B of the *Income Tax Assessment Act 1997*.
- (2) For the purposes of a provision of this Act (other than a provision mentioned in subsection (5)), treat the amount of the increase as being an amount in respect of which the trustee is liable to be assessed (and pay tax) under section 98 in respect of the beneficiary's interest in or share of the net income of the trust estate.
- (3) Subsection (4) applies if an amount in respect of which a trustee of a trust estate is liable to be assessed (and pay tax) under section 99 or 99A is increased because of Subdivision 115-C or 207-B of the *Income Tax Assessment Act 1997*.
- (4) For the purposes of a provision of this Act (other than a provision mentioned in subsection (5)), treat the amount of the increase as being an amount in respect of which the trustee is liable to be assessed (and pay tax) under section 99 or 99A in respect of the net income of the trust estate.

Section 95AAD

- (5) The provisions are as follows:
- (a) sections 97, 98A (other than subsection 98A(2)) and 100 (other than subsections 100(2) and (3));
 - (b) sections 98, 99 and 99A;
 - (c) Subdivisions 115-C and 207-B of the *Income Tax Assessment Act 1997*.
- (6) To avoid doubt, subsections (2) and (4) apply despite subsection 6(1AA).

95AAD Division does not apply in relation to AMIT

This Division does not apply in relation to a trust estate that is an AMIT.

95 Interpretation

- (1) In this Division:

adjusted Division 6 percentage, of an entity that is a beneficiary or trustee of a trust estate, means the entity's Division 6 percentage of the income of the trust estate calculated on the assumption that the amount of a capital gain or franked distribution to which any beneficiary or the trustee of the trust estate is specifically entitled were disregarded in working out the income of the trust estate.

adjusted net income, in relation to a trust estate, has the meaning given by subsection 100AB(4).

Division 6 percentage:

- (a) a beneficiary of a trust estate has a **Division 6 percentage** of the income of the trust estate equal to the share (expressed as a percentage) of the income of the trust estate to which the beneficiary is presently entitled; and
- (b) the trustee of a trust estate has a **Division 6 percentage** of the income of the trust estate equal to the share (expressed as a percentage) of the income of the trust estate to which no beneficiary is presently entitled.

However, if the income of a trust estate is nil:

- (c) a beneficiary of a trust estate has a **Division 6 percentage** of the income of the trust estate of 0%; and
- (d) the trustee of a trust estate has a **Division 6 percentage** of the income of the trust estate of 100%.

exempt income, in relation to a trust estate, means the exempt income of the trust estate calculated as if the trustee were a taxpayer who was a resident.

Note: See also Division 54 of the *Income Tax Assessment Act 1997* (in particular, the provisions in section 54-70 about trusts), which provides a tax exemption for certain payments under structured settlements and structured orders.

net income, in relation to a trust estate, means the total assessable income of the trust estate calculated under this Act as if the trustee were a taxpayer in respect of that income and were a resident, less all allowable deductions, except deductions under Division 393 of the *Income Tax Assessment Act 1997* (Farm management deposits) and except also, in respect of any beneficiary who has no beneficial interest in the corpus of the trust estate, or in respect of any life tenant, the deductions allowable under Division 36 of the *Income Tax Assessment Act 1997* in respect of such of the tax losses of previous years as are required to be met out of corpus.

A trust may be required to work out its net income in a special way by Division 266 or 267 in Schedule 2F to this Act or Division 275 of the *Income Tax Assessment Act 1997*.

non-assessable non-exempt income, in relation to a trust estate, means the non-assessable non-exempt income of the trust estate calculated as if the trustee were a taxpayer who was a resident.

specifically entitled has the same meaning as in the *Income Tax Assessment Act 1997*.

- (2) For the purposes of this Division, a trust estate shall be taken to be a resident trust estate in relation to a year of income if:
 - (a) a trustee of the trust estate was a resident at any time during the year of income; or

Section 95AB

- (b) the central management and control of the trust estate was in Australia at any time during the year of income.
- (3) In this Division, a trust estate that is not a resident trust estate in relation to a year of income is referred to as a non-resident trust estate in relation to that year of income.

95AB Modifications for special disability trusts

- (1) This Division applies with the modifications set out in this section in relation to a year of income in relation to a trust estate that is a special disability trust at the end of the year of income.
- (2) Treat the principal beneficiary of the trust estate as being presently entitled to all of the income of the trust estate of the year of income.
- (3) If the principal beneficiary of the trust estate is a resident of Australia at the end of the year of income treat that person as being under a legal disability throughout the year of income.
- (4) If there is no income of the trust estate assume that:
 - (a) there is income of the trust estate of the year of income; and
 - (b) the principal beneficiary of the trust estate is presently entitled to all of the income of the trust estate of the year of income.
- (5) If the amount to be deducted under subsection 100(2) from the income tax assessed against the principal beneficiary is greater than the amount of the income tax assessed against the principal beneficiary, the Commissioner must pay to the principal beneficiary an amount equal to the difference between those 2 amounts.

Note: The tax offset is subject to the refundable tax offset rules: see section 67-23 of the *Income Tax Assessment Act 1997*.

95A Special provisions relating to present entitlement

- (1) For the purposes of this Act, where a beneficiary of a trust estate is presently entitled to any income of the trust estate, the beneficiary shall be taken to continue to be presently entitled to that income notwithstanding that the income is paid to, or applied for the benefit of, the beneficiary.
- (2) For the purposes of this Act, where a beneficiary has a vested and indefeasible interest in any of the income of a trust estate but is not presently entitled to that income, the beneficiary shall be deemed to be presently entitled to that income of the trust estate.

95B Certain beneficiaries deemed not to be under legal disability

For the purposes of this Act, a beneficiary of a trust estate who is presently entitled to a share of the income of the trust estate in the capacity of a trustee of another trust estate shall, in respect of his or her present entitlement to that share, be deemed not to be under a legal disability.

96 Trustees

Except as provided in this Act, a trustee shall not be liable as trustee to pay income tax upon the income of the trust estate.

Section 97

was not a resident and is also attributable to sources in Australia; and

 - (ii) so much of the individual interest of the beneficiary in the exempt income of the trust estate as is attributable to a period when the beneficiary was not a resident and is also attributable to sources in Australia;

except to the extent to which the exempt income to which that individual interest relates was taken into account in calculating the net income of the trust estate; and

- (c) the non-assessable non-exempt income of the beneficiary shall include:
- (i) so much of the individual interest of the beneficiary in the non-assessable non-exempt income of the trust estate as is attributable to a period when the beneficiary was a resident; and

- (2) A reference in this section to income of a trust estate to which a beneficiary is presently entitled shall be read as not including a reference to income of a trust estate:
- (a) to which a beneficiary is deemed to be presently entitled by virtue of the operation of subsection 95A(2) where the beneficiary:
- (i) is a natural person;
 - (ii) is a resident at the end of the year of income;
 - (iii) is not, in respect of that income, a beneficiary in the capacity of a trustee of another trust estate; and

Section 97A

- (iv) is not a beneficiary to whom subsection 97A(1) or (1A) applies in relation to the year of income; or
- (b) to which a beneficiary is presently entitled where the beneficiary:
 - (i) is a non-resident at the end of the year of income;
 - (ii) is not a beneficiary to whom subsection (3) of this section or subsection 97A(1) or (1A) applies in relation to the year of income; and
 - (iii) is not, in respect of that income, a beneficiary in the capacity of a trustee of another trust estate.

 - (ii) an organization the income of which is exempt from tax by virtue of a regulation in force under the *International Organisations (Privileges and Immunities) Act 1963*;

that beneficiary is, for the purposes of the application of this Division in relation to that beneficiary in relation to that year of income, a beneficiary to whom this subsection applies.

97A Beneficiaries who are owners of farm management deposits

- (1) Where a beneficiary who is under a legal disability:
 - (a) is presently entitled to a share of the income of a trust estate derived during a year of income of the beneficiary; and
 - (b) is the owner of a farm management deposit made during the year of income;

Section 98

this Division applies in relation to the beneficiary in relation to the year of income as if the beneficiary were not under any legal disability.

(1A) Where a beneficiary who is deemed by subsection 95A(2) to be presently entitled to any income of a trust estate derived during a year of income of the beneficiary:

- (a) is not under a legal disability; and
- (b) is the owner of a farm management deposit made during the year of income;

the beneficiary is, for the purposes of the application of this Division in relation to that beneficiary in relation to that year of income, a beneficiary to whom this subsection applies.

Note: This section applies to certain beneficiaries as if they were individuals who are carrying on a primary production business: see subsections 393-25(3), (4), (5) and (6) of the *Income Tax Assessment Act 1997*.

98 Liability of trustee

(1) Where a beneficiary of a trust estate who is under a legal disability is presently entitled to a share of the income of the trust estate, the trustee of the trust estate shall be assessed and liable to pay tax in respect of:

- (a) so much of that share of the net income of the trust estate as is attributable to a period when the beneficiary was a resident; and
- (b) so much of that share of the net income of the trust estate as is attributable to a period when the beneficiary was not a resident and is also attributable to sources in Australia;

as if it were the income of an individual and were not subject to any deduction.

(2) Where a beneficiary of a trust estate:

- (a) is deemed to be presently entitled to a share of the income of the trust estate of a year of income by virtue of the operation of subsection 95A(2);

(aa) is a natural person and is not, in respect of that share of the income of the trust estate, a beneficiary in the capacity of a trustee of another trust estate;

(b) is not a beneficiary to whom subsection 97A(1) or (1A) applies in relation to the year of income; and

(c) is not under a legal disability;

the trustee of the trust estate shall be assessed and liable to pay tax in respect of:

(d) so much of that share of the net income of the trust estate as is attributable to a period when the beneficiary was a resident; and

(e) so much of that share of the net income of the trust estate as is attributable to a period when the beneficiary was not a resident and is also attributable to sources in Australia;

as if it were the income of an individual and were not subject to any deduction.

(2A) If:

(a) a beneficiary of a trust estate who is presently entitled to a share of the income of the trust estate:

(i) is a non-resident at the end of the year of income; and

(ii) is not, in respect of that share of the income of the trust estate, a beneficiary in the capacity of a trustee of another trust estate; and

(iii) is not a beneficiary to whom section 97A applies in relation to the year of income; and

(iv) is not a beneficiary to whom subsection 97(3) applies; and

(b) the trustee of the trust estate is not assessed and is not liable to pay tax under subsection (1) or (2) in respect of any part of that share of the net income of the trust estate;

subsection (3) applies to the trustee in respect of:

(c) so much of that share of the net income of the trust estate as is attributable to a period when the beneficiary was a resident; and

Section 98

- (d) so much of that share of the net income of the trust estate as is attributable to a period when the beneficiary was not a resident and is also attributable to sources in Australia.
- (3) A trustee to whom this subsection applies in respect of an amount of net income is to be assessed and is liable to pay tax:
 - (a) if the beneficiary is not a company—in respect of the amount of net income as if it were the income of an individual and were not subject to any deduction; or
 - (b) if the beneficiary is a company—in respect of the amount of net income at the rate declared by the Parliament for the purposes of this paragraph.

Note: If the trust estate's net income includes a net capital gain, and the beneficiary is a company, Subdivision 115-C of the *Income Tax Assessment Act 1997* affects the assessment of the trustee.

- (4) If:
 - (a) a beneficiary of a trust estate (the *first trust estate*) who is presently entitled to a share of the income of the first trust estate:
 - (i) is, in respect of that share of the income of the first trust estate, a beneficiary in the capacity of a trustee of another trust estate; and
 - (ii) is not a beneficiary to whom subsection 97(3) applies; and
 - (b) a trustee of the other trust estate is a non-resident at the end of the year of income;

the trustee of the first trust estate is to be assessed and is liable to pay tax in respect of so much of that share of the net income of the first trust estate as is attributable to sources in Australia at the rate declared by the Parliament for the purposes of this subsection.

Note: If the trust estate's net income includes a net capital gain, Subdivision 115-C of the *Income Tax Assessment Act 1997* affects the assessment of the trustee.

98A Non-resident beneficiaries assessable in respect of certain income

- (1) Where the trustee of a trust estate is assessed and is liable to pay tax in respect of the whole or a part of a share of the net income of a trust estate of a year of income in pursuance of subsection 98(3), the assessable income of the beneficiary who is presently entitled to that share of the income of the trust estate shall include:
- (a) so much of the individual interest of the beneficiary in the net income of the trust estate as is attributable to a period when the beneficiary was a resident; and
 - (b) so much of the individual interest of the beneficiary in the net income of the trust estate as is attributable to a period when the beneficiary was not a resident and is also attributable to sources in Australia.
- (2) Where the trustee of a trust estate is assessed and is liable to pay tax in respect of the whole or a part of a share of the net income of a trust estate of a year of income in pursuance of subsection 98(3):
- (a) there shall be deducted from the income tax assessed against the beneficiary the amount (in this subsection referred to as the *relevant amount*) of the tax paid by the trustee in respect of the beneficiary's interest in the net income of the trust estate; and
 - (b) if the relevant amount is greater than the amount of the income tax assessed against the beneficiary—the Commissioner shall pay to the beneficiary an amount equal to the difference between those 2 amounts.
- Note: See Division 3A of Part IIB of the *Taxation Administration Act 1953* for the rules about how the Commissioner must pay the entity. Division 3 of Part IIB allows the Commissioner to apply the amount owing as a credit against tax debts that the entity owes to the Commonwealth.
- (3) If a beneficiary of a trust estate who is presently entitled to a share of the income of the trust estate:

Section 98B

- (a) is not, in respect of that share of the income of the trust estate, a beneficiary in the capacity of a trustee of another trust estate; and
 - (b) is a non-resident at the end of the year of income; the assessable income of the beneficiary includes so much of the individual interest of the beneficiary in the net income of the trust estate as is reasonably attributable to a part of the net income of another trust estate in respect of which the trustee of the other trust estate is assessed and is liable to pay tax under subsection 98(4).
- (4) To the extent that subsection (3) includes an amount in the assessable income of a beneficiary of a trust estate, the amount is not included by subsection (1) or section 100.

98B Deduction from beneficiary's tax

- (1) This section applies to a beneficiary of a trust estate for a year of income if the assessable income of the beneficiary of the year of income includes an amount covered by subsection (2).
- (2) This subsection covers an amount (the *assessable amount*) if:
 - (a) the amount is included in the assessable income of the beneficiary under one of the following:
 - (i) section 97;
 - (ii) subsection 98A(3);
 - (iii) section 100; and
 - (b) the amount does not represent income of the trust estate to which the beneficiary is presently entitled in the capacity of a trustee of another trust estate; and
 - (c) the amount is reasonably attributable to:
 - (i) an amount (the *taxed net income*) in respect of which the trustee of another trust estate is assessed and liable to pay tax (the *subsection 98(4) tax*) under subsection 98(4); or
 - (ii) an amount (the *taxed component*) in respect of which the trustee of an AMIT is assessed and liable to pay tax (the *paragraph 276-105(2)(c) tax*) because of

paragraph 276-105(2)(c) of the *Income Tax Assessment Act 1997*.

- (3) A proportion of the subsection 98(4) tax or of the paragraph 276-105(2)(c) tax (as applicable) is to be deducted from the income tax assessed against the beneficiary of the year of income. That proportion is the same as the proportion of the taxed net income or of the taxed component (as applicable) that gave rise to the assessable amount.

Note: To work out the proportion of the taxed net income that gives rise to assessable income for a beneficiary of another trust estate, you would have regard to the share of the income of each interposed trust estate to which a beneficiary (including a beneficiary in the capacity of a trustee) is presently entitled.

Example: The P Trust has two non-resident trustee beneficiaries, the trustees of the S Trust and the H Trust. Each trustee is presently entitled to a 1/2 share of the income of the P Trust. The net income of the P Trust is \$100,000. The trustee of the P Trust pays tax of \$22,500 under subsection 98(4) in respect of the trustee of the S Trust's interest and \$22,500 under subsection 98(4) in respect of the trustee of the H Trust's interest.

The S Trust has a non-resident beneficiary, G, who is presently entitled to a 1/3 share of the income of the S Trust. The net income of the S Trust is \$30,000. Subsection 98A(3) includes \$10,000 in G's assessable income.

The taxed net income of the P trust is \$50,000. The proportion of that taxed net income that gave rise to the \$10,000 being included in G's assessable income is 1/3. This is because G had a 1/3 share of the income of the S Trust. \$7,500 ($1/3 \times \$22,500$) is deducted from the income tax assessed against G.

If section 97, subsection 98A(3) or section 100 also includes amounts in the assessable income of any beneficiaries of the H Trust, each of those beneficiaries also works out the amount of the deduction against the income tax assessed against them in the same way.

- (4) If the amount to be deducted under subsection (3) is greater than the amount of the income tax assessed against the beneficiary, the Commissioner must pay to the beneficiary an amount equal to the difference between those 2 amounts.

Note: See Division 3A of Part IIB of the *Taxation Administration Act 1953* for the rules about how the Commissioner must pay the entity.

Section 99

Division 3A of Part IIB allows the Commissioner to apply the amount owing as a credit against tax debts that the entity owes to the Commonwealth.

99 Certain trust income to be taxed as income of an individual

(1) This section applies in relation to a trust estate in relation to a year of income only if section 99A does not apply in relation to that trust estate in relation to that year of income.

(2) Where there is no part of the net income of a resident trust estate:

- (a) that is included in the assessable income of a beneficiary of the trust estate in pursuance of section 97;
- (b) in respect of which the trustee of the trust estate is assessed and liable to pay tax in pursuance of section 98; or
- (c) that represents income to which a beneficiary is presently entitled that is attributable to a period when the beneficiary was not a resident and is also attributable to sources out of Australia;

the trustee shall be assessed and is liable to pay tax on the net income of the trust estate as if it were the income of an individual who was a resident and were not subject to any deduction.

(3) Where there is a part of the net income of a resident trust estate:

- (a) that is not included in the assessable income of a beneficiary of the trust estate in pursuance of section 97;
- (b) in respect of which the trustee is not assessed and is not liable to pay tax in pursuance of section 98; and
- (c) that does not represent income to which a beneficiary is presently entitled that is attributable to a period when the beneficiary was not a resident and is also attributable to sources out of Australia;

the trustee shall be assessed and is liable to pay tax on that part of the net income of the trust estate as if it were the income of an individual who was a resident and were not subject to any deduction.

Section 99A

- (4) Where there is no part of the net income of a trust estate that is not a resident trust estate:
- (a) that is included in the assessable income of a beneficiary of the trust estate in pursuance of section 97;
 - (b) in respect of which the trustee of the trust estate is assessed and liable to pay tax in pursuance of section 98; or
 - (c) that is attributable to sources out of Australia;
- the trustee shall be assessed and is liable to pay tax on the net income of the trust estate as if it were the income of an individual and were not subject to any deduction.
- (5) Where there is a part of the net income of a trust estate that is not a resident trust estate:
- (a) that is attributable to sources in Australia;
 - (b) that is not included in the assessable income of a beneficiary of the trust estate in pursuance of section 97; and
 - (c) in respect of which the trustee of the trust estate is not assessed and is not liable to pay tax in pursuance of section 98;
- the trustee shall be assessed and is liable to pay tax on that part of the net income of the trust estate as if it were the income of an individual and were not subject to any deduction.

99A Certain trust income to be taxed at special rate

- (2) This section does not apply in relation to a trust estate in relation to a year of income, being a trust estate:
- (a) that resulted from:
 - (i) a will, a codicil or an order of a court that varied or modified the provisions of a will or a codicil; or
 - (ii) an intestacy or an order of a court that varied or modified the application, in relation to the estate of a deceased person, of the provisions of the law relating to the distribution of the estates of persons who die intestate;
 - (b) that consists of the property of a person who has become bankrupt, being property that has vested in The Official

Section 99A

Receiver in Bankruptcy, or in a registered trustee, under the *Bankruptcy Act 1966*;

(c) that is administered under Part XI of the *Bankruptcy Act 1966*; or

(d) that consists of property of a kind referred to in paragraph 102AG(2)(c);

if the Commissioner is of the opinion that it would be unreasonable that this section should apply in relation to that trust estate in relation to that year of income.

(3) In forming an opinion for the purposes of subsection (2):

(a) the Commissioner shall have regard to the circumstances in which and the conditions, if any, upon which, at any time, property (including money) was acquired by or lent to the trust estate, income was derived by the trust estate, benefits were conferred on the trust estate or special rights or privileges were conferred on or attached to property of the trust estate, whether or not the rights or privileges have been exercised;

(b) if a person who has, at any time, directly or indirectly:

(i) transferred or lent any property (including money) to, or conferred any benefits on, the trust estate; or

(ii) conferred or attached any special right or privilege, or done any act or thing, either alone or together with another person or persons, that has resulted in the conferring or attaching of any special right or privilege, on or to property of the trust estate whether or not the right or privilege has been exercised;

has not, at any time, directly or indirectly:

(iii) transferred or lent any property (including money) to, or conferred any benefits on, another trust estate; or

(iv) conferred or attached any special right or privilege, or done any act or thing, either alone or together with another person or persons, that has resulted in the conferring or attaching of any special right or privilege, on or to property of another trust estate, whether or not the right or privilege has been exercised;

Section 99A

the Commissioner shall have regard to that fact; and

(c) the Commissioner shall have regard to such other matters, if any, as he or she thinks fit.

(3A) For the purposes of the application of paragraph (3)(a) in relation to a trust estate of the kind referred to in paragraph (2)(a), a reference in that first-mentioned paragraph to the trust estate shall be read as including a reference to the person as a result of whose death the trust estate arose.

- (4) Where there is no part of the net income of a resident trust estate:
- (a) that is included in the assessable income of a beneficiary of the trust estate in pursuance of section 97;
 - (b) in respect of which the trustee of the trust estate is assessed and liable to pay tax in pursuance of section 98; or
 - (c) that represents income to which a beneficiary is presently entitled that is attributable to a period when the beneficiary was not a resident and is also attributable to sources out of Australia;

the trustee shall be assessed and is liable to pay tax on the net income of the trust estate at the rate declared by the Parliament for the purposes of this section.

Note: If the trust estate's net income includes a net capital gain, Subdivision 115-C of the *Income Tax Assessment Act 1997* affects the assessment of the trustee.

- (4A) Where there is a part of the net income of a resident trust estate:
- (a) that is not included in the assessable income of a beneficiary of the trust estate in pursuance of section 97;
 - (b) in respect of which the trustee is not assessed and is not liable to pay tax in pursuance of section 98; and
 - (c) that does not represent income to which a beneficiary is presently entitled that is attributable to a period when the beneficiary was not a resident and is also attributable to sources out of Australia;

the trustee shall be assessed and is liable to pay tax on that part of the net income of the trust estate at the rate declared by the Parliament for the purposes of this section.

Part III Liability to taxation

Division 6 Trust income

Section 99B

Note: If the trust estate's net income includes a net capital gain, Subdivision 115-C of the *Income Tax Assessment Act 1997* affects the assessment of the trustee.

(4B) Where there is no part of the net income of a trust estate that is not a resident trust estate:

(a) that is included in the assessable income of a beneficiary of the trust estate in pursuance of section 97;

(b) in respect of which the trustee of the trust estate is assessed and liable to pay tax in pursuance of section 98; or

(c) that is attributable to sources out of Australia;

the trustee shall be assessed and is liable to pay tax on the net income of the trust estate at the rate declared by the Parliament for the purposes of this section.

Note: If the trust estate's net income includes a net capital gain, Subdivision 115-C of the *Income Tax Assessment Act 1997* affects the assessment of the trustee.

(4C) Where there is a part of the net income of a trust estate that is not a resident trust estate:

(a) that is attributable to sources in Australia;

(b) that is not included in the assessable income of a beneficiary of the trust estate in pursuance of section 97; and

(c) in respect of which the trustee of the trust estate is not assessed and is not liable to pay tax in pursuance of section 98;

the trustee shall be assessed and is liable to pay tax on that part of the net income of the trust estate at the rate declared by the Parliament for the purposes of this section.

Note: If the trust estate's net income includes a net capital gain, Subdivision 115-C of the *Income Tax Assessment Act 1997* affects the assessment of the trustee.

99B Receipt of trust income not previously subject to tax

(1) Where, at any time during a year of income, an amount, being property of a trust estate, is paid to, or applied for the benefit of, a beneficiary of the trust estate who was a resident at any time during

Section 99B

the year of income, the assessable income of the beneficiary of the year of income shall, subject to subsection (2), include that amount.

- (2) The amount that, but for this subsection, would be included in the assessable income of a beneficiary of a trust estate under subsection (1) by reason that an amount, being property of the trust estate, was paid to, or applied for the benefit of, the beneficiary shall be reduced by so much (if any) of the amount, as represents:
- (a) corpus of the trust estate (except to the extent to which it is attributable to amounts derived by the trust estate that, if they had been derived by a taxpayer being a resident, would have been included in the assessable income of that taxpayer of a year of income);
 - (b) an amount that, if it had been derived by a taxpayer being a resident, would not have been included in the assessable income of that taxpayer of a year of income;
 - (ba) an amount that is non-assessable non-exempt income of the beneficiary because of section 802-17 of the *Income Tax Assessment Act 1997*;
 - (c) an amount:
 - (i) that is or has been included in the assessable income of the beneficiary in pursuance of section 97; or
 - (ii) in respect of which the trustee of the trust estate is or has been assessed and liable to pay tax in pursuance of section 98, 99 or 99A; or
 - (iii) that is reasonably attributable to a part of the net income of another trust estate in respect of which the trustee of the other trust estate is assessed and is liable to pay tax under subsection 98(4);
 - (d) an amount that is or has been included in the assessable income of any taxpayer (other than a company) under section 102AAZD; or
 - (e) if the beneficiary is a company—an amount that is or has been included in the assessable income of the beneficiary under section 102AAZD.

Section 99C

(2A) An amount that is not included in a beneficiary's assessable income because of paragraph (2)(d) or (e) is not assessable income and is not exempt income.

(3) In paragraphs (2)(d) and (e):

company means a company other than a company in the capacity of a trustee.

99C Determining whether property is applied for benefit of beneficiary

(1) In determining for the purposes of section 99B whether any amount has been applied for the benefit of a beneficiary of a trust estate, regard shall be had to all benefits that have accrued at any time to the beneficiary (whether or not the beneficiary had rights at law or in equity in or to those benefits) as a result of the derivation of, or in relation to, that amount, irrespective of the nature or form of the benefits.

(2) Without limiting the generality of subsection (1), an amount shall be taken, for the purposes of section 99B, to have been applied for the benefit of a beneficiary if:

(a) whether by re-investment, accumulation, capitalization or otherwise, and whether directly or indirectly, the amount has been so dealt with that it will, at a future time, and whether in the form of income or not, enure for the benefit of the beneficiary;

(b) the derivation of the amount has operated to increase the value to the beneficiary of any property or rights of any kind held by or for the benefit of the beneficiary;

(c) the beneficiary has received or become entitled to receive any benefit (including a loan or a repayment, in whole or in part, of a loan, or any other payment of any kind) provided directly or indirectly out of that amount or out of property or money that was available for the purpose by reason of the derivation of the amount;

Section 99D

- (d) the beneficiary has power, by means of the exercise by the beneficiary of any power of appointment or revocation or otherwise, to obtain, whether with or without the consent of any other person, the beneficial enjoyment of the amount; or
- (e) the beneficiary has directly or indirectly assigned to another person his or her interest in the amount or is able, in any manner whatsoever, and whether directly or indirectly, to control the application of that interest.

99D Refund of tax to non-resident beneficiary

(1) Where:

- (a) a trustee of a trust estate has been assessed and was liable to pay tax in pursuance of subsection 99(2) or (3) or subsection 99A(4) or (4A) in respect of the net income or a part of the net income of the trust estate of a year of income (in this subsection referred to as the **relevant year of income**), being the year of income that commenced on 1 July 1978 or a subsequent year of income;
- (b) the amount (in this subsection referred to as the **relevant tax amount**) of the tax so assessed in respect of that net income or that part of that net income has been paid;
- (c) the trustee of the trust estate has, in accordance with the terms of the trust, paid an amount (in this subsection referred to as the **distributed amount**) of the income of the trust estate of the relevant year of income to a beneficiary of the trust estate;
- (d) before the expiration of 60 days after the date on which the payment was made, or within such further period as the Commissioner allows, the beneficiary, by writing signed by or on behalf of the beneficiary, makes an application to the Commissioner for a refund under this section in relation to the distributed amount; and
- (e) the beneficiary satisfies the Commissioner that the whole or a part (which whole or part, as the case may be, is in this subsection referred to as the **non-Australian distributed amount**) of the distributed amount:

Section 99E

- (i) is attributable to a period when the beneficiary was not a resident and is also attributable to sources out of Australia;
- (ii) was taken into account in calculating the net income of the trust estate of the relevant year of income; and
- (iii) is not income that, by the operation of section 100A, is deemed not to have been paid to or applied for the benefit of the beneficiary or to be income to which the beneficiary is not presently entitled;

the Commissioner shall, subject to subsection (2), refund to the beneficiary so much (if any) of the relevant tax amount as is attributable to the non-Australian distributed amount, reduced by so much of any refund or credit to which the trustee is or was entitled in respect of the relevant tax amount as is attributable to the non-Australian distributed amount.

- (2) The Commissioner may refuse to make a refund of tax in relation to an amount paid to a beneficiary of a trust estate if the Commissioner considers that the whole or a part of that amount was paid to the beneficiary by the trustee for the purpose or for purposes that included the purpose of enabling the beneficiary to become entitled to a refund of tax under this section in relation to that amount.

99E Later trust not taxed on income already taxed under subsection 98(4)

Sections 98, 99 and 99A do not apply to so much of the net income of a trust estate of a year of income as is reasonably attributable to a part of the net income of another trust estate in respect of which the trustee of the other trust estate is assessed and is liable to pay tax under subsection 98(4).

99G Amounts covered by withholding requirement

Subsection 98(4) does not apply to so much of the net income of a trust estate as represents income to which a beneficiary is presently entitled and gives rise to an amount from which an entity is

Section 99GA

required to withhold an amount under Subdivision 12-H in Schedule 1 to the *Taxation Administration Act 1953*.

99GA Amounts covered by sovereign immunity exemption

Subsection 98(3) does not apply to so much of the net income of a trust estate as represents income to which a beneficiary is presently entitled and gives rise to an amount that is non-assessable non-exempt income because of:

- (a) Division 880 of the *Income Tax Assessment Act 1997*; or
- (b) Division 880 of the *Income Tax (Transitional Provisions) Act 1997*.

99H Late payments

- (1) This section applies if:
 - (a) a beneficiary of a trust estate that is a managed investment trust is presently entitled to a share of the income of the trust estate of a year of income; and
 - (b) the beneficiary is a non-resident at the end of the year of income; and
 - (c) all or part of that share of the net income of the trust estate (the **late amount**) has not been paid to the beneficiary by the end of the period applicable under subsection 12-405(4) in Schedule 1 to the *Taxation Administration Act 1953*; and

Note: That subsection requires payments to be made before the end of 3 months after the end of the relevant year of income or within a longer period allowed by the Commissioner.

 - (d) if the late amount had been paid to the beneficiary within that period, the payment would have been a fund payment made by the trustee of the managed investment trust.
- (2) This Division applies as if that portion of the beneficiary's income that represents the late amount were income to which no beneficiary was presently entitled.

Section 100

- (3) In working out the net income of the trust estate for the year of income for the purposes of subsection (1), disregard these amounts (*excluded amounts*):
- (a) a dividend (as defined in Division 11A of Part III) that is subject to, or exempted from, a requirement to withhold under Subdivision 12-F in Schedule 1 to the *Taxation Administration Act 1953*;
 - (b) interest (as so defined) that is subject to, or exempted from, such a requirement;
 - (c) a royalty that is subject to, or exempted from, such a requirement;
 - (d) a capital gain or capital loss from a CGT event that happens in relation to a CGT asset that is not taxable Australian property;
 - (e) amounts that are not from a source in Australia;
- and disregard deductions relating to excluded amounts.

100 Beneficiary assessable in respect of certain trust income

- (1) The assessable income of any beneficiary who:
- (a) is under a legal disability or is deemed to be presently entitled to any of the income of a trust estate by virtue of the operation of subsection 95A(2); and
 - (b) is a beneficiary in more than one trust estate or derives income from any other source;
- shall include:
- (c) so much of the individual interest of the beneficiary in the net income of the trust estate or of each of the trust estates as is attributable to a period when the beneficiary was a resident; and
 - (d) so much of the individual interest of the beneficiary in the net income of the trust estate or of each of the trust estates as is attributable to a period when the beneficiary was not a resident and is also attributed to sources in Australia.

Section 100

Note: An amount is not included in assessable income under this section to the extent that subsection 98A(3) already includes it: see subsection 98A(4).

(1AA) If an amount is included in the assessable income of a beneficiary of a trust estate because of Subdivision 115-C or 207-B of the *Income Tax Assessment Act 1997*, for the purposes of paragraph (1)(b), treat the beneficiary as deriving income from another source.

(1A) If:

- (a) a beneficiary in a trust estate is under a legal disability or is deemed to be presently entitled to any of the income of the trust estate by virtue of the operation of subsection 95A(2); and
- (b) the beneficiary is not a beneficiary in any other trust estate and does not derive income from any other source; and
- (c) the beneficiary would receive a refund of tax offsets under Division 67 of the *Income Tax Assessment Act 1997* for a particular year of income if the following amounts were included in the assessable income of the beneficiary for that year:
 - (i) so much of the individual interest of the beneficiary in the net income of the trust estate for that year as is attributable to a period when the beneficiary was a resident;
 - (ii) so much of the individual interest of the beneficiary in the net income of the trust estate for that year as is attributable to a period when the beneficiary was not a resident and is also attributable to sources in Australia;

then those amounts are included in the assessable income of the beneficiary for that year.

(1B) If a beneficiary in a trust estate who is under a legal disability or is deemed to be presently entitled to any of the income of the trust estate by virtue of the operation of subsection 95A(2):

- (a) is a resident at the end of the year of income; and

Section 100

(b) is not a beneficiary in any other trust estate and does not derive income from any other source;

the assessable income of the beneficiary includes so much of the individual interest of the beneficiary in the net income of the trust estate as is reasonably attributable to a part of the net income of another trust estate in respect of which the trustee of the other trust estate is assessed and is liable to pay tax under subsection 98(4).

Note 2: A credit is available under section 98B for an appropriate part of the subsection 98(4) tax.

Note 3: An amount is not included in assessable income under this section to the extent that subsection 98A(3) already includes it: see subsection 98A(4).

(1C) If a beneficiary in a trust estate who is under a legal disability or is deemed to be presently entitled to any of the income of the trust estate by virtue of the operation of subsection 95A(2):

(a) is a resident at the end of the year of income; and

(b) is not a beneficiary in any other trust estate and does not derive income from any other source;

the assessable income of the beneficiary includes so much of the individual interest of the beneficiary in the net income of the trust estate as is represented by or reasonably attributable to a payment from which an entity was required to withhold an amount under Subdivision 12-H in Schedule 1 to the *Taxation Administration Act 1953*.

Note: A credit is available under section 18-50 in Schedule 1 to the *Taxation Administration Act 1953* for an appropriate part of the amount withheld.

(2) There shall be deducted from the income tax assessed against a beneficiary to whom subsection (1) or (1A) applies (or a beneficiary under a legal disability whose assessable income is increased as a result of Subdivision 115-C or 207-B of the *Income Tax Assessment Act 1997*) the tax paid or payable by any trustee in respect of that beneficiary's interest in the net income of the trust estate.

- (3) However, an amount of tax is not to be deducted under subsection (2) from the income tax assessed against a beneficiary to the extent that the amount is deducted under section 98B from the income tax assessed against the beneficiary.

100AA Failure to pay or notify present entitlement of exempt entity

- (1) Subsection (3) applies if:
- (a) an exempt entity is presently entitled to an amount of the income of a trust estate; and
 - (b) the exempt entity is not an exempt Australian government agency (within the meaning of the *Income Tax Assessment Act 1997*); and
 - (c) at the end of 2 months after the end of the relevant income year, the trustee has failed to notify the exempt entity in writing of the present entitlement.
- (2) For the purposes of this section, treat the trustee as giving the exempt entity notice in writing of the present entitlement at a time to the extent that the trustee pays the exempt entity the amount of the present entitlement at that time.
- (3) For the purposes of this Act, treat the exempt entity as *not* being presently entitled, and having never been presently entitled, to the amount mentioned in paragraph (1)(a) of the income of the trust estate, to the extent that the trustee failed to notify the exempt entity of that amount as mentioned in paragraph (1)(c).
- (4) However, subsection (3) does not apply if the Commissioner decides that the failure mentioned in paragraph (1)(c) of the trustee should be disregarded.
- (5) In making a decision under subsection (4) (or refusing to make such a decision), the Commissioner must have regard to the following:
- (a) the circumstances that led to the failure mentioned in paragraph (1)(c);

Section 100AB

- (b) the extent to which the trustee has taken action to try to correct the failure and if so, how quickly that action was taken;
 - (c) whether this section has operated previously in relation to the trustee, and if so, the circumstances in which this occurred;
 - (d) any other matters that the Commissioner considers relevant.
- (6) If subsection (3) applies, for the purposes of any application of section 99A in relation to the trust estate in relation to the relevant year of income, treat the trust estate as a resident trust estate.
- (7) This section does not apply in relation to a trust estate that is a managed investment trust (within the meaning of the *Income Tax Assessment Act 1997*) in relation to a year of income.

100AB Adjusted Division 6 percentage exceeding benchmark percentage: present entitlement of exempt entity

- (1) Subsection (2) applies if:
- (a) an exempt entity is presently entitled to an amount of the income of a trust estate; and
 - (b) the exempt entity is not an exempt Australian government agency (within the meaning of the *Income Tax Assessment Act 1997*); and
 - (c) the exempt entity's adjusted Division 6 percentage of the income of the trust estate exceeds the benchmark percentage determined under subsection (3).
- (2) Subject to subsection 100AA(3), for the purposes of this Act, treat the exempt entity as *not* being presently entitled, and having never been presently entitled, to the amount of the income of the trust estate mentioned in paragraph (1)(a) of this section, to the extent that ensures that the exempt entity's adjusted Division 6 percentage of the income of the trust estate equals the benchmark percentage determined under subsection (3) of this section.
- (3) Determine the benchmark percentage by working out the following fraction (expressed as a percentage):

Section 100AB

The amount to which the exempt entity is presently entitled from the trust estate, to the extent that the amount forms part of the trust estate's adjusted net income for the year of income

The trust estate's adjusted net income for the year of income

- (4) A trust estate's **adjusted net income** for a year of income is its net income for that year of income, with the following adjustments:
- (a) firstly, in determining that net income, disregard any capital gain or franked distribution to the extent to which a beneficiary of the trust estate or the trustee is specifically entitled to that gain or distribution;
 - (b) next, in determining the net capital gain (if any) of the trust for the year of income, disregard steps 3 and 4 of the method statement in subsection 102-5(1) (CGT discount and small business concessions);
 - (c) next, reduce that net income by amounts (if any) that do not represent net accretions of value to the trust estate in that year of income (other than amounts included in that net income under Part IVA).
- (5) Subsection (2) does not apply in relation to a trust estate in relation to a year of income if the Commissioner is of the opinion that it would be unreasonable that the subsection should apply in relation to that trust estate in relation to that year of income.
- (6) In forming an opinion for the purposes of subsection (5), the Commissioner must consider the following matters:
- (a) the circumstances that led to the exempt entity's adjusted Division 6 percentage exceeding the benchmark percentage determined under subsection (3);
 - (b) the extent to which the exempt entity's adjusted Division 6 percentage exceeds that benchmark percentage;
 - (c) the extent to which the exempt entity actually received distributions from the trust estate in respect of the year of income;

Section 100A

- (d) the extent to which other beneficiaries of the trust estate were entitled to receive distributions of, or otherwise benefit from, amounts representing the adjusted net income of the trust estate;
 - (e) any other matters that the Commissioner considers relevant.
- (7) If subsection (2) applies, for the purposes of any application of section 99A in relation to the trust estate in relation to the relevant year of income, treat the trust estate as a resident trust estate.
- (8) This section does not apply in relation to a trust estate that is a managed investment trust (within the meaning of the *Income Tax Assessment Act 1997*) in relation to a year of income.

100A Present entitlement arising from reimbursement agreement

- (1) Where:
- (a) apart from this section, a beneficiary of a trust estate who is not under any legal disability is presently entitled to a share of the income of the trust estate; and
 - (b) the present entitlement of the beneficiary to that share or to a part of that share of the income of the trust estate (which share or part, as the case may be, is in this subsection referred to as the **relevant trust income**) arose out of a reimbursement agreement or arose by reason of any act, transaction or circumstance that occurred in connection with, or as a result of, a reimbursement agreement;
- the beneficiary shall, for the purposes of this Act, be deemed not to be, and never to have been, presently entitled to the relevant trust income.
- (2) Where:
- (a) apart from this section, a beneficiary of a trust estate who is not under any legal disability would, by reason that income of the trust estate was paid to, or applied for the benefit of, the beneficiary, be deemed to be presently entitled to income of the trust estate; and

Section 100A

- (b) that income or a part of that income (which income or part, as the case may be, is in this subsection referred to as the **relevant trust income**) was paid to, or applied for the benefit of, the beneficiary as a result of a reimbursement agreement or as a result of any act, transaction or circumstance that occurred in connection with, or as a result of, a reimbursement agreement;

the relevant trust income shall, for the purposes of this Act, be deemed not to have been paid to, or applied for the benefit of, the beneficiary.

- (ii) income of the trust estate that was paid to, or applied for the benefit of, the beneficiary before 12 June 1978.

- (3A) Where:

Section 100A

- (b) apart from this subsection, the trustee beneficiary would, by virtue of subsection (1), be deemed not to be, and never to have been, presently entitled to that share or a part of that share of the income of the first-mentioned trust estate (which share or part is in this subsection referred to as the *relevant trust income*); and
- (c) apart from this section, a beneficiary of the interposed trust estate is or was, or beneficiaries of the interposed trust estate are or were, presently entitled, or deemed to be presently entitled, to any income of the interposed trust estate (in this subsection referred to as the *distributable trust income*) that is attributable to the relevant trust income;

subsection (1) does not apply, and shall be deemed never to have applied, in relation to the trustee beneficiary, in relation to any part of the relevant trust income to which the distributable trust income is attributable.

(3B) Where:

- (a) apart from this section, a beneficiary (in this subsection referred to as the *trustee beneficiary*) of a trust estate would, by reason that income of the trust estate was paid to, or applied for the benefit of, the trustee beneficiary, be deemed to be presently entitled to income of the trust estate in the capacity of a trustee of another trust estate (in this subsection referred to as the *interposed trust estate*);
- (b) apart from this subsection, that income or a part of that income (which income or part is in this subsection referred to as the *relevant trust income*) would, by virtue of subsection (2), be deemed not to have been paid to, or applied for the benefit of, the trustee beneficiary; and
- (c) apart from this section, a beneficiary of the interposed trust estate is or was, or beneficiaries of the interposed trust estate are or were, presently entitled, or deemed to be presently entitled, to any income of the interposed trust estate (in this subsection referred to as the *distributable trust income*) that is attributable to the relevant trust income;

Section 100A

subsection (2) does not apply, and shall be deemed never to have applied, in relation to the trustee beneficiary, in relation to any part of the relevant trust income to which the distributable trust income is attributable.

- (3C) A reference in paragraph (3A)(c) or (3B)(c) to a beneficiary of a trust estate shall be read as not including a reference to a beneficiary who is under a legal disability.
- (4) Where subsection (1) or (2) applies in relation to any income of a trust estate of a year of income:
- (a) in the application of this Division in relation to the trust estate in relation to the year of income, section 99A shall be read as if subsections (2), (3) and (3A) of that section were omitted; and
 - (b) for the purposes of any application of section 99A in relation to the trust estate in relation to the year of income, the trust estate shall be deemed to be a resident trust estate.
- (5) For the purposes of subsection (1), but without limiting the generality of that subsection, where:
- (a) a reimbursement agreement was entered into at or after the time when a person became a beneficiary of a trust estate (whether the person became a beneficiary of the trust estate before or after the commencement of this section); and
 - (b) the amount (in this subsection referred to as the **increased amount**) of the share of the income of the trust estate to which the beneficiary is presently entitled exceeds the amount (in this subsection referred to as the **original amount**) of the income of the trust estate to which the beneficiary would have been, or could reasonably be expected to have been, presently entitled if the reimbursement agreement had not been entered into or if an act, transaction or circumstance that occurred in connection with, or as a result of, the reimbursement agreement had not occurred;

Section 100A

the present entitlement of the beneficiary to so much of the increased amount as exceeds the original amount shall be taken to have arisen out of the reimbursement agreement.

- (6) For the purposes of subsection (2), but without limiting the generality of that subsection, where:
- (a) a reimbursement agreement was entered into at or after the time when a person became a beneficiary of a trust estate (whether the person became a beneficiary of the trust estate before or after the commencement of this section); and
 - (b) income of the trust estate was paid to, or applied for the benefit of, the beneficiary and the amount (in this subsection referred to as the *increased amount*) of that income exceeds the amount (in this subsection referred to as the *original amount*) that would have been, or could reasonably be expected to have been, paid to, or applied for the benefit of, the beneficiary if the reimbursement agreement had not been entered into or if an act, transaction or circumstance that occurred in connection with, or as a result of, the reimbursement agreement had not occurred;

so much of the increased amount as exceeds the original amount shall be taken to be income of the trust estate that was paid to, or applied for the benefit of, the beneficiary as a result of the reimbursement agreement.

(6A) Where:

- (a) subsection (1) or (2) applies, or would but for subsection (3A) or (3B) apply, in relation to a beneficiary of a trust estate in relation to a reimbursement agreement in relation to any income of the trust estate; and
- (b) as part of, under or in connection with the reimbursement agreement, the beneficiary incurred or incurs a loss or outgoing after 5 March 1980 in respect of which a deduction has been allowed or would, but for this subsection, be allowable;

then, notwithstanding any other provision of this Act, a deduction shall be deemed not to have been, or not to be, allowable, as the case may be, in respect of that loss or outgoing.

Section 100A

- (6B) Where subsection (6A) deems a deduction not to have been, or not to be, allowable in respect of a loss or outgoing incurred by a taxpayer in the acquisition of property that, for the purposes of the application of this Act and the *Income Tax Assessment Act 1997* in relation to the taxpayer is or was trading stock, then, notwithstanding any other provision of this Act or that Act, the cost or cost price of that property, for the purposes of the application of Subdivision B of Division 2 of Part III of this Act or Division 70 (Trading stock) or 385 (Primary production) of the *Income Tax Assessment Act 1997* in relation to that property in relation to the taxpayer, shall be taken to be, and at all times to have been, nil.
- (7) Subject to subsection (8), a reference in this section, in relation to a beneficiary of a trust estate, to a reimbursement agreement shall be read as a reference to an agreement, whether entered into before or after the commencement of this section, that provides for the payment of money or the transfer of property to, or the provision of services or other benefits for, a person or persons other than the beneficiary or the beneficiary and another person or other persons.
- (8) A reference in subsection (7) to an agreement shall be read as not including a reference to an agreement that was not entered into for the purpose, or for purposes that included the purpose, of securing that a person who, if the agreement had not been entered into, would have been liable to pay income tax in respect of a year of income would not be liable to pay income tax in respect of that year of income or would be liable to pay less income tax in respect of that year of income than that person would have been liable to pay if the agreement had not been entered into.
- (9) For the purposes of subsection (8), an agreement shall be taken to have been entered into for a particular purpose, or for purposes that included a particular purpose, if any of the parties to the agreement entered into the agreement for that purpose, or for purposes that included that purpose, as the case may be.
- (10) A reference in subsection (7) to the payment of money to a person or persons shall be read as including a reference to the payment of money to a person or persons by way of loan.

- (12) For the purposes of this section, an agreement that provides for a person to release, abandon, fail to demand payment of or postpone payment of, a debt owed by another person shall be deemed to be an agreement that provides for the payment of money to that other person.
- (13) In this section:

agreement means any agreement, arrangement or understanding, whether formal or informal, whether express or implied and whether or not enforceable, or intended to be enforceable, by legal proceedings, but does not include an agreement, arrangement or understanding entered into in the course of ordinary family or commercial dealing.

101A Income of deceased received after death

- (1) Where in the year of income, the trustee of the estate of a deceased person receives any amount which would have been assessable income in the hands of the deceased person if it had been received

by him or her during his or her lifetime, that amount shall be included in the assessable income of that year of the trust estate and shall be deemed to be income to which no beneficiary is presently entitled.

- (2) Subsection (1) does not apply in relation to an amount received by the trustee of the estate of a deceased person to the extent to which, if it had been received by the deceased person during his or her lifetime, it would have been included in the assessable income of that person by virtue of section 83-10 or 83-80 of the *Income Tax Assessment Act 1997*.
- (3) To avoid doubt, if in the year of income an amount is included in the assessable income of a deceased taxpayer under Division 82 or 302 of the *Income Tax Assessment Act 1997* in respect of a payment received by the trustee of the estate of the deceased taxpayer, that amount shall be included in the assessable income of that year of income of the trust estate.
- (4) This section does not apply in relation to any amount received by the trustee of the estate of a deceased person if the amount is a farm management deposit, of which the deceased person was the owner, that has become repayable.

 - (b) income is, under that trust, in the year of income, payable to or accumulated for, or applicable for the benefit of a child or children of that person who is or are under the age of 18 years;

Section 102

the Commissioner may assess the trustee to pay income tax, under this section, and the trustee shall be liable to pay the tax so assessed.

- (2) The amount of the tax payable in pursuance of this section shall be the amount by which the tax actually payable on the person's own taxable income by the person who created the trust is less than the tax which would have been payable by the person if he or she had received, in addition to any other income derived by the person, so much of the net income of the trust estate as:
- (a) is attributable to the property in which he or she has power to acquire the beneficial interest;
 - (b) represents the income, or the part of the income, in which he or she has power to acquire the beneficial interest; or
 - (c) is payable to or accumulated for, or applicable for the benefit of, a child or children of that person who is or are under the age of 18 years.
- (2A) Where any property the subject of a trust has been converted into other property, this section shall apply in the same way as if the trust had originally been created in respect of that other property.
- (2B) In the application of subsection (2) in determining the amount of tax that is payable by a trustee of a trust estate in pursuance of this section, the reference in that subsection to the net income of the trust estate shall be read as a reference to that net income reduced by:
- (a) so much (if any) of that net income as is attributable to a period when the person who created the trust was not a resident and is also attributable to sources out of Australia; and
 - (b) so much (if any) of that net income as is not covered by paragraph (a) and represents an amount included in the assessable income of any taxpayer under section 102AAZD.
- (3) Where this section is applied to the assessment of the income of a trust estate or part thereof derived in the year of income, no beneficiary shall be assessed in his or her individual capacity in

Section 102

respect of his or her individual interest in the income or part to which this section has been so applied, and the trustee shall not be assessed in respect of that income or part otherwise than under this section.

$$[\text{Distributed amount} \times \text{Applicable rate of tax}] - \text{FITO}$$

where:

Distributed amount means the distributed amount of the non-resident trust's year of income.

Applicable rate of tax has the meaning given by subsection (10).

the trustee of the first trust estate is liable to pay interest to the Commissioner in respect of the taxpayer's portion of the distributed amount of the non-resident trust's year of income,

calculated under subsection (5), on the amount calculated using the formula:

$$\left(\begin{array}{l} \text{Taxpayer's portion of} \\ \text{the distributed amount} \end{array} \times \begin{array}{l} \text{Applicable} \\ \text{rate of tax} \end{array} \right) - \text{FITO}$$

- (7) For the purposes of this section, the extent to which an amount (in this subsection called the **section 99B amount**) included in the assessable income of a taxpayer of a year of income under section 99B in relation to a trust estate is attributable to an amount (in this subsection called the **trust amount**) covered by subparagraph (1)(b)(i) or (ii) is to be determined in accordance with the following paragraphs:
- (a) in all cases—distributions of income and profits of the trust estate are to be taken to have been made in the following order:
 - (i) first, from income and profits of the earliest non-resident year of income;
 - (ii) then, successively from income and profits of successive subsequent years of income;
 - (b) if subparagraph (1)(b)(i) applies—the extent to which the amount (in this paragraph called the **adjusted section 99B amount**), being so much of the section 99B amount as is attributable to the income and profits of the trust estate of the

- (c) if subparagraph (1)(b)(ii) applies—the extent to which the amount (in this paragraph called the **adjusted section 99B amount**), being so much of the section 99B amount as is attributable to the income and profits of the trust estate of the non-resident trust's year of income, represents income and profits that have not been subject to tax in a listed country in a tax accounting period mentioned in that subparagraph is calculated using the formula:

$$\frac{\text{Adjusted section 99B amount}}{\text{Total income}} \times \frac{\text{Untaxed income}}{\text{Total income}}$$

where:

Section 102AAM

Adjusted section 99B amount means the adjusted section 99B amount.

Untaxed income means the number of dollars in the amount, being so much of the income and profits of the trust estate of the non-resident trust's year of income as is not subject to tax in any listed country in a tax accounting period mentioned in that subparagraph.

Total income means the number of dollars in the income and profits of the trust estate of the non-resident trust's year of income.

- (8) For the purposes of subsection (7), an amount of income or profits of a trust estate is to be taken to be distributed if the amount is paid to, or applied for the benefit of (within the meaning of section 99B), a beneficiary of the trust estate.
- (9) Where, apart from this subsection, the amount of interest that would be payable under this section by a taxpayer in respect of the distributed amount of a non-resident trust's year of income, or in respect of the taxpayer's portion of the distributed amount of a non-resident trust's year of income, is less than 50 cents, interest is not payable by the taxpayer under this section.
- (10) For the purposes of this section, the applicable rate of tax in relation to a taxpayer is:
- (a) if the taxpayer is a company (other than a company in the capacity of a trustee)—the corporate tax rate for the year of tax to which the assessment year of income relates; or
 - (b) in any other case—the maximum rate specified in the table in Part I of Schedule 7 of the *Income Tax Rates Act 1986* that applies for the assessment year of income.
- (10A) Paragraph (10)(b) has effect as if the maximum rate specified as mentioned in that paragraph was increased by 2 percentage points for assessment years of income that correspond to the temporary budget repair levy years (within the meaning of section 4-11 of the *Income Tax (Transitional Provisions) Act 1997*).

Section 102AAN

- (11) For the purposes of the application of this section to a taxpayer, the assessment year of income is:
- (a) if subsection (2) or (3) applies—the current year of income; or
 - (b) if subsection (4) applies—the year of income referred to in subparagraph (4)(b)(i).
- (12) For a taxpayer who is not a full self-assessment taxpayer for the assessment year of income, the Commissioner must make an assessment of the interest payable by the taxpayer under this section.
- (13A) If:
- (a) a taxpayer is a full self-assessment taxpayer for the assessment year of income; and
 - (b) the taxpayer lodges a return for that year;
- then:
- (c) the Commissioner is taken to have made an assessment of the interest payable by the taxpayer under this section for the year, equal to the amount specified in the return as the interest so payable; and
- Note: If any interest is so payable, the return must specify the amount: see section 161AA.
- (d) the assessment is taken to have been made on the day on which the return is lodged; and
 - (e) the return is taken to be a notice of that assessment given to the taxpayer by the Commissioner on that day.

Section 102AAT

underlying transfer were at arm's length with each other in relation to the underlying transfer and the trust estate was a public unit trust at all times during the entity's current year of income when the trust estate was in existence; and

(b) if the entity is a natural person (other than a natural person in the capacity of a trustee):

(i) if:

(A) the natural person first commenced to be a resident of Australia at a time (in this subparagraph called the *first residence time*) after the IP time and before the end of the entity's current year of income; and

(B) the transfer, or each of the transfers, covered by paragraph (a) was made before the first residence time;

the trust estate was not a non-resident family trust in relation to the natural person at all times:

(C) after the beginning of the first year of income of the natural person after the first residence time; and

(D) before the end of the entity's current year of income;

when the trust estate was in existence; or

- (2) For the purposes of this section, if:
- (a) an entity (in this subsection called the **transferor**) being a partnership is an attributable taxpayer in relation to the entity's current year of income and in relation to a particular trust estate (in this subsection called the **transferee trust estate**) because of one or more transfers (being actual transfers or transfers taken to have been made because of subsection 102AAK(1), (2) or (5)) of property or services made by the transferor to the transferee trust estate; or
 - (b) an entity (in this subsection also called the **transferor**) being a trust estate is an attributable taxpayer in relation to the entity's current year of income and in relation to another trust estate (in this subsection also called the **transferee trust estate**) because of one or more transfers (being actual transfers or transfers taken to have been made because of subsection 102AAK(1), (2) or (5)) of property or services made by the transferor to the transferee trust estate;
- the question whether any other entity is an attributable taxpayer in relation to the same year of income and in relation to the transferee trust estate is to be determined as if:
- (c) if paragraph (a) applies—subsection 102AAK(6) did not apply in relation to any of the transfers mentioned in that paragraph; or
 - (d) if paragraph (b) applies—subsection 102AAK(8) did not apply in relation to any of the transfers mentioned in that paragraph.

Section 102AAT

- (b) apart from sub-subparagraph (1)(a)(i)(E) or (F) or paragraph (1)(c), the entity would have been such an attributable taxpayer; and
- (c) the entity was in a position to control the trust estate at some time after the entity's current year of income when the trust estate was in existence;

the following provisions have effect:

- (d) subsection (1) has effect as if sub-subparagraph (1)(a)(i)(E) or (F) or paragraph (1)(c), as the case may be, had applied;
- (e) section 170 does not prevent the amendment of an assessment at any time for the purposes of giving effect to this subsection.

102AAU Attributable income of a trust estate

- (1) Subject to this Subdivision, the attributable income of a non-resident trust estate of a year of income is:

 - (b) if the non-resident trust estate is a listed country trust estate in relation to the year of income—the amount that would have been the net income of the non-resident trust estate of the year of income if the exempt income of the trust estate included all income and profits of the trust estate, other than eligible designated concession income in relation to any listed country in relation to the year of income;

- (4) If the tax law of a listed country adopts some criterion other than treatment as a resident as the criterion for applying a worldwide source tax base to a beneficiary, then, subsection (3) has effect, in relation to that tax law, as if that criterion were the same as treatment as a resident of the listed country for the purposes of that tax law.
- (5) For the purposes of this section, where, because of section 101, a beneficiary is presently entitled to a particular amount, the amount is taken to have been paid to the beneficiary.

Section 102AAV

102AAV Double tax agreements to be disregarded

In calculating the attributable income of a trust estate, the *International Tax Agreements Act 1953* is to be disregarded, except for the purpose of references in this Act to that Act.

102AAW Certain provisions to be disregarded in calculating attributable income

- (1) For the purpose of applying this Act in calculating the attributable income of a trust estate, sections 23AI, 128D, 456, 457, and 459A of this Act and section 802-15 of the *Income Tax Assessment Act 1997* are to be disregarded.
- (2) For the purpose of applying this Act in calculating the attributable income of a trust estate:
 - (aa) Division 230 of the *Income Tax Assessment Act 1997*; and
 - (a) Division 974 of the *Income Tax Assessment Act 1997*; and
 - (b) the operation of any provision of this Act to the extent to which that operation depends on an expression whose meaning is given by a Division mentioned in paragraph (aa) or (a);are to be disregarded.

102AAY Modified application of trading stock provisions

When applying this Act and the *Income Tax Assessment Act 1997* in calculating the attributable income of the trust estate, Division 70 of the *Income Tax Assessment Act 1997* has effect as if the cost of the item of trading stock were the value to be taken into account at the start of the year of income.

102AAZ Modified application of depreciation provisions

- (1) For the purpose of determining the attributable income of a trust estate of a year of income (in this section called the ***attributable year of income***), where property has been held by the trustee of the trust estate in a non-attributable year of income before the

Section 102AAZB

attributable year of income, then, in relation to the application of a depreciation provision to the property, subsection (2) applies.

- (2) Such amount as the Commissioner considers appropriate to take account of the holding of the property as mentioned in subsection (1) is, under the depreciation provision:
- (a) an allowable deduction to the trustee of the trust estate; or
 - (b) included in the assessable income of the trust estate;
- as the case requires, for the attributable year of income in substitution for any amount that would otherwise be so included or allowable.
- (4) For the purpose of exercising the Commissioner's power under subsection (2) in relation to deductions allowable under Division 40 of the *Income Tax Assessment Act 1997*, the Commissioner must assume that the property was used by the trustee of the trust estate during any non-attributable year of income wholly and exclusively for a taxable purpose (within the meaning of that Division).

102AAZB General modifications—CGT

For the purposes of applying this Act in calculating the attributable income of a trust estate, Parts 3-1 and 3-3 of the *Income Tax Assessment Act 1997* (about CGT) apply as if:

For the purposes of applying this Act in calculating the attributable income of a trust estate of a year of income (in this section called the *attributable income year*), where:

- (a) disregarding the assumption in paragraph 102AAZB(b), at any time (in this section called the *residence-change time*)

Section 102AAZC

during the attributable income year or an earlier year of income, the trust estate ceased to be a resident trust for CGT purposes and became a non-resident trust estate; and

- (b) the trust estate owned a CGT asset at the residence-change time; and
- (c) a CGT event happens in relation to the asset during the attributable income year; and
- (d) section 104-170 of the *Income Tax Assessment Act 1997* (CGT event I2) applies to the asset in respect of the change of residence for the purposes of the application of this Act apart from this Subdivision;

then sections 411 to 414 (inclusive) apply to the asset as if:

- (e) those sections had effect for the purposes of calculating attributable income under this Subdivision instead of Part X; and
- (f) any reference in those sections to an eligible CFC were a reference to the trust estate; and
- (g) any reference in those sections to a commencing day asset were a reference to the asset; and
- (h) any reference in those sections relating to the eligible CFC's commencing day or the day following the eligible CFC's commencing day were a reference relating respectively to the residence-change time or a time immediately after the residence-change time; and
- (j) subsections 412(2) and (3), and paragraphs 414(3)(b) and (4)(b), referred only to the market value of the asset concerned.

In calculating the attributable income of a trust estate of a year of income, no deductions are allowable under Division 36 of the *Income Tax Assessment Act 1997* in respect of tax losses of a year of income earlier than the year of income commencing on 1 July 1990.

where:

Adjusted value of the transfer has the meaning given by subsection (5).

Weighted statutory interest rate means the weighted statutory interest rate in relation to the taxpayer's current year of income; and

where:

Market value of transferred property or services means the market value, immediately before the transfer, of the property or services.

(6) For the purposes of the application of subsection (4) in relation to a transfer of property or services made by an attributable taxpayer to a trust estate, the adjusted net worth of the trust estate is:

- (a) where a person:

Section 102A

- (6) In this Division, unless the contrary intention appears:
- (a) a reference to the arm's length consideration in respect of a transfer of a right to receive income from property is a reference to the consideration that might reasonably be expected to have been received or receivable in respect of the transfer if the right had been transferred under an agreement between independent parties dealing at arm's length with each other in relation to the agreement and transfer; and
 - (b) a reference to the amount of consideration is, in a case where consideration is paid or given otherwise than in cash, a reference to the money value of the consideration.

102B Certain income transferred for short periods to be included in assessable income of transferor

- (1) Subject to this section, where a right to receive income from property is transferred, otherwise than by a will or codicil, by a person (in this subsection referred to as the *transferor*) to an associate of the transferor for a period that will, or may for any reason other than the death of any person or the associate becoming under a legal disability, terminate before the prescribed date, any income that:
 - (a) is derived from the property;
 - (b) is paid to, or applied or accumulated for the benefit of:
 - (i) the associate; or
 - (ii) any other associate of the transferor to whom a right to receive income from the property has been transferred (whether by the first-mentioned associate or any other person) after the first-mentioned transfer; and
 - (c) would, if the first-mentioned transfer had not been made, have been included in the assessable income of the transferor;shall be treated for the purposes of this Act as if the first-mentioned transfer had not been made.
- (2) Subsection (1) (other than subparagraph (1)(b)(ii)) does not apply in relation to a transfer of a right to receive income from property where:
 - (a) the right was not a right that arose from the ownership by the transferor of an interest in the property;
 - (b) the right arose from the ownership by the transferor of an interest in the property and, before or at the time of the first-mentioned transfer, the transferor transferred that interest to the transferee or another person; or
 - (c) consideration has been received or is receivable in respect of the transfer and the amount of that consideration is not less than the arm's length consideration in respect of the transfer.
- (3) Where, on a particular day, a person who has transferred to another person a right to receive income from property:

Section 102B

- (a) in any case—transfers to the other person or to a third person an interest in the property, being the interest from the ownership of which by the transferor the right arose;
 - (b) in the case of a natural person—dies; or
 - (c) in the case of a company—ceases to exist;
- subsection (1) (other than subparagraph (1)(b)(ii)) does not apply, in relation to the transfer of the right to receive income, in relation to income that is derived from the property after that day.
- (4) Subsection (1) does not apply in relation to income derived by a person in pursuance of a transfer to that person of a right to receive income from property where, by reason of subsection 51-50(3) of the *Income Tax Assessment Act 1997*, the income so derived by the person is not exempt from tax under section 51-30 of that Act.

- (6) Where there is excluded from the assessable income of a person an amount that, in pursuance of subsection (1) was previously treated as assessable income of that person, nothing in any other provision of this Act prevents the amendment of any assessment at any time to give effect to the inclusion in the assessable income of another

person of an amount that, in pursuance of that subsection, was treated as not being so included for the purposes of the assessment.

102C Effect of certain transfers of rights to receive income from property

 - (ii) shall be deemed to have been so paid for the purpose for which the right was transferred; and
- (d) where, if the right had not been transferred, but the transferor had paid to the transferee, at the time at which the income was so paid to, or applied or accumulated for the benefit of, the transferee and for the purpose for which the right was transferred, an amount (in this paragraph referred to as *the notional amount*) equal to the amount of the income so paid, applied or accumulated, the notional amount or a part of the notional amount would have been included in the assessable income of the transferee—there shall be included in that assessable income an amount equal to the notional amount or that part of the notional amount, as the case may be.

Division 6D—Provisions relating to certain closely held trusts

Subdivision A—Overview

102UA What this Division is about

- (1) The main purpose of this Division is to ensure that the trustee of a closely held trust with one or more trustee beneficiaries that are presently entitled to a share of the income or of a tax-preferred amount of the trust advises the Commissioner soon after the end of the year of income of certain details about those trustee beneficiaries. This will allow the Commissioner to check whether the assessable income of the trustee beneficiaries includes the correct share of net income, and whether the net assets of the trustee beneficiaries reflect the receipt of the tax-preferred amounts.
- (2) To achieve this purpose, the Division:
 - (a) provides for the trustee to correctly identify the trustee beneficiaries within a specified period after the end of the year of income; and
 - (b) if the trustee fails to do so, provides for taxation at a penalty rate (in the case of net income) or offences under the *Taxation Administration Act 1953* (in the case of tax-preferred amounts).
- (3) This Division also provides that, where the trustee of the closely held trust becomes presently entitled to an amount that is reasonably attributable to the whole or a part of the share of the net income of the closely held trust, there will also be taxation at a penalty rate.

 - (d) a dividend was not paid by the company during the year of income but the Commissioner is of the opinion that, if a dividend had been paid by the company at any time during the year of income, not less than three-quarters of the amount of that dividend would have been paid to one person or to persons not more than 20 in number.
- (3A) Subject to subsection (3B), a company shall not be taken for the purposes of subsection (1) to be a public company in relation to a year of income by reason that a body constituted and established as mentioned in subparagraph (2)(d)(iii) (in this subsection referred to as the **public body**) had a controlling interest in the company on the last day of the year of income if:

- (a) by reason of:
- (i) any of the provisions contained in the constituent document of the company as in force on the last day of the year of income; or
 - (ii) any right, power, option or agreement in existence on the last day of the year of income that related to the management or conduct of the affairs of the company, including any right, power, option or agreement that related to the issue, allotment or redemption of shares, or the grant, withdrawal or variation of rights in respect of shares;

Section 103A

- (f) a dividend was not paid by the company at a time during the year of income when the public body had a controlling interest in the company but the Commissioner is of the opinion that, if a dividend had been paid by the company at such a time, less than one-half of the amount of the dividend would have been paid to the public body.
- (3B) Subsection (3A) does not apply in relation to a company in relation to a year of income if the Commissioner is satisfied that no shares in the company that were held by the public body referred to in that subsection on the last day of the year of income were allotted or transferred to the public body for the purpose, or for purposes that included the purpose, of enabling the company to be treated as a public company in relation to the year of income for the purposes of subsection (1), or in pursuance of an agreement entered into, or a course of conduct engaged in, for the purpose, or for purposes that included the purpose, of enabling the company to be so treated.
- (3C) Paragraph (3A)(c) does not apply to an acquisition that is taken by section 70-30 or 70-110 of the *Income Tax Assessment Act 1997* to have occurred.

 - (c) at no time during the year of income was a person or were 2 or more persons in a position to affect rights of the relevant holding company or holding companies in connexion with the first-mentioned company so as to prevent the relevant holding company or holding companies from exercising for its or their own benefit the whole of the voting power in the first-mentioned company or from receiving for its or their own benefit the whole of any dividends that might be paid by the first-mentioned company or of any distribution that might be made of capital of the first-mentioned company; and
 - (d) no agreement was entered into before or during the year of income by virtue of which a person or 2 or more persons would be in a position after the year of income so to affect rights of the relevant holding company or holding companies in connexion with the first-mentioned company.
- (4A) For the purposes of paragraphs 4(c) and (d), a person shall be taken to have been, or to be, in a position at a particular time to affect any rights of the relevant holding company or holding companies in connexion with the company first-mentioned in subsection (4) (in this subsection referred to as *the first-mentioned company*) if at that time that person had or has a right, power or option (whether by virtue of any provision in the constituent document of the first-mentioned company or by virtue of any agreement or instrument or otherwise) to acquire those rights or to do an act or thing that would prevent the relevant holding company or holding companies from exercising those rights for its or their own benefit or receiving any benefits accruing by reason of those rights.
- (4B) Subject to subsection (4D), a company that is not, by virtue of subsection (4), a subsidiary of a public company for the purposes

Section 103A

of this section in relation to the year of income is, for the purposes of this section, a subsidiary of a public company in relation to the year of income if:

- (a) at all times during the year of income the voting power in the first-mentioned company was controlled, or was capable of being controlled, by a listed company or listed companies, either directly or through one or more companies, trustees or partnerships interposed between the first-mentioned company and the listed company or listed companies;
 - (b) at all times during the year of income a listed company or listed companies had a right to receive, either directly or through one or more companies, trustees or partnerships interposed between the first-mentioned company and the listed company or listed companies, more than one-half of any dividends that might be paid by the first-mentioned company and more than one-half of any distribution that might be made of capital of the first-mentioned company;
 - (c) at no time during the year of income was a person or were 2 or more persons in a position to affect rights of the listed company or listed companies in connexion with the first-mentioned company so as to prevent the listed company or listed companies from exercising for its or their own benefit control of the voting power in the first-mentioned company or from receiving for its or their own benefit more than one-half of any dividends that might be paid by the first-mentioned company or of any distribution that might be made of capital of the first-mentioned company; and
 - (d) no agreement was entered into before or during the year of income by virtue of which a person or 2 or more persons would be in a position after the year of income so to affect rights of the listed company or listed companies in connexion with the first-mentioned company.
- (4C) For the purposes of paragraphs (4B)(c) and (d), a person shall be taken to have been, or to be, in a position at a particular time to affect any rights of a listed company or listed companies in connexion with another company if at that time that person had, or has, a right, power or option (whether by virtue of any provision in

Section 103A

the constituent document of the other company or of any company interposed between the listed company or listed companies and the other company or by virtue of any agreement or instrument or otherwise) to acquire those rights or to do an act or thing that would prevent the listed company or listed companies from exercising those rights for its or their own benefit or receiving any benefits accruing by reason of those rights.

- (4D) A company (in this subsection and subsection (4E) referred to as ***the company concerned***) that would, apart from this subsection, be a subsidiary of a public company for the purposes of this section in relation to the year of income shall be deemed, for the purposes of this section, not to be a subsidiary of a public company in relation to the year of income if the Commissioner is satisfied that:
- (a) where the company concerned would, apart from this subsection, be such a subsidiary in relation to the year of income by virtue of subsection (4)—the affairs of the company concerned were managed or conducted in the year of income in the interests of persons other than the relevant holding company or holding companies; or
 - (b) where the company concerned would, apart from this subsection, be such a subsidiary in relation to the year of income by virtue of subsection (4B)—the affairs of the company concerned were managed or conducted in the year of income without proper regard to the interests of the relevant holding company or holding companies.
- (4E) In considering whether the affairs of the company concerned were managed or conducted in the year of income as mentioned in subsection (4D), the Commissioner shall have regard to:
- (a) the circumstances in which the relevant holding company or holding companies acquired a direct or indirect beneficial interest or interests in shares in the company concerned (whether the interest was, or the interests were, acquired before or during the year of income) and, in particular, whether those circumstances were capable of explanation by reference to ordinary commercial dealing;

Section 103A

- (b) the provisions of the constituent document of the company concerned as in force during the year of income that related to the management or conduct of the affairs of that company, including the provisions of the constituent document that related to the appointment or removal of directors, the issue, allotment or redemption of shares, the grant, withdrawal or variation of rights in respect of shares, the payment of dividends and the investment or other application of moneys of that company;
- (c) the nature and extent of any right, power, option or agreement in existence during the year of income that related to the management or conduct of the affairs of the company concerned, including any right, power, option or agreement that related to the appointment or removal of directors, the issue, allotment or redemption of shares, the grant, withdrawal or variation of rights in respect of shares, the payment of dividends and the investment or other application of moneys of that company;
- (d) whether rights of the relevant holding company or holding companies in connexion with the company concerned were exercised during the year of income otherwise than for the benefit of the relevant holding company or holding companies or were not exercised in circumstances where it might reasonably have been expected that they would have been exercised;
- (e) the nature and source of the income derived by the company concerned during the year of income and whether the derivation by that company of that income was capable of explanation by reference to ordinary commercial dealing;
- (f) the manner in which the moneys of the company concerned were applied during the year of income and, in particular, whether they were lent to, or invested or otherwise made available for the use or benefit of, a person or persons other than the relevant holding company or holding companies and, if any such moneys were so lent, invested or made available:

Section 103A

- (i) the terms and conditions upon which the moneys were so lent, invested or made available;
 - (ii) whether the lending, investment or making available of those moneys was capable of explanation by reference to ordinary commercial dealing; and
 - (iii) the connexion (if any) between that person or those persons, the directors of the company concerned and the directors of, or the beneficial owners of the shares in, the company from which the company concerned received dividends before or during the year of income;
 - (g) the respective amounts of any dividends in respect of shares in the company concerned that were paid during the year of income or might reasonably be expected to be paid after that year by that company and the circumstances in which those dividends were, or might be expected to be, paid; and
 - (h) any other relevant matters.
- (5) Where a company would not, under the preceding provisions of this section, be a public company for the purposes of subsection (1) in relation to the year of income but the Commissioner is of the opinion that, having regard to:
- (a) the number of persons who were, at any time during the year of income, capable of controlling the company and whether any of those persons was a public company;
 - (b) the market value of the shares issued by the company before the end of the year of income;
 - (c) the number of persons who beneficially owned shares in the company at the end of the year of income; and
 - (d) any other matters that the Commissioner thinks relevant;
- it is reasonable that the company should be treated as a public company for the purposes of subsection (1) in relation to the year of income, the company shall be deemed to be a public company for those purposes in relation to the year of income.
- (5A) The Commissioner may, under subsection (5), form an opinion that it is reasonable that a company should be treated as a public company for the purposes of subsection (1) in relation to a year of

Section 103A

income notwithstanding that the forming of such an opinion by the Commissioner would impose on the company a liability to pay a greater amount of income tax than the company would otherwise be liable to pay.

- (6) Notwithstanding anything in the preceding provisions of this section, the Commissioner may treat a company as not being, by virtue of paragraph (2)(a) or (b), a public company for the purposes of subsection (1) in relation to the year of income if the Commissioner is of the opinion that, by reason of:
- (a) any provisions in the company's constituent document, or in any contract, agreement or instrument, authorizing the variation or abrogation of the voting rights or rights to dividends in respect of any shares in the company or relating to the conversion, exchange or redemption of any such shares;
 - (b) any contract, agreement, option or instrument under which a person has power to acquire shares in the company; or
 - (c) any power or authority in a person in relation to the voting rights or rights to dividends in respect of any shares in the company;
- the voting rights or rights to dividends in respect of any shares in the company were, at any time during the year of income, capable of being varied or abrogated in such a manner (notwithstanding that they were not in fact varied or abrogated in that manner) that:
- (d) not less than three-quarters of the voting power in the company would have been capable of being exercised by one person or by persons not more than 20 in number;
 - (e) not less than three-quarters of:
 - (i) the amount of any dividend paid by the company during the year of income; or
 - (ii) if more than one dividend was paid by the company during the year of income—the total amount of all the dividends paid by the company during the year of income;would have been paid to one person or to persons not more than 20 in number; or

- (f) in the case where the company did not pay a dividend during the year of income—if a dividend had been paid by the company at any time during the year of income, not less than three-quarters of the amount of that dividend would have been paid to one person or to persons not more than 20 in number.
- (7) For the purposes of this section:
- (a) a person, whether or not he or she holds shares in the company concerned;
 - (b) his or her relatives; and
 - (c) in relation to any shares in respect of which they are such nominees, his or her nominees and the nominees of any of his or her relatives;
- shall be deemed to be one person.

109 Excessive payments to shareholders, directors and associates deemed to be dividends

- (1) If a private company pays or credits to an associated person an amount (in this subsection called the *excessive amount*) that is, or purports to be:
- (a) remuneration for services rendered by the associated person; or
 - (b) an allowance, gratuity or compensation in consequence of the retirement of the associated person from an office or employment held by the associated person in the company, or upon the termination of any such office or employment;
- so much (if any) of the excessive amount as exceeds an amount that, in the opinion of the Commissioner, is reasonable:
- (c) is not an allowable deduction; and
 - (d) shall, for the purposes of this Act other than Division 11A of Part III, be deemed to be a dividend paid by the company:
 - (i) to the associated person as a shareholder in the company;
 - (ii) out of profits derived by the company; and

Section 109

- (iii) on the last day of the year of income of the company in which the excessive payment or credit is made.

Note: This section does not apply to an amount if the amount is paid to a CGT concession stakeholder under subsection 152-325(1) of the *Income Tax Assessment Act 1997* (see subsection 152-325(11)).

- (2) For the purposes of this section:
- (a) a transfer of property shall be deemed to be the payment of an amount equal to the value of the property; and
 - (b) a reference to an associated person, in relation to a company, is a reference to:
 - (i) a person who is, or has been, a shareholder in, or director of, the company; or
 - (ii) a person who is an associate, within the meaning of section 318, of a person who is, or has been, a shareholder in, or director of, the company.

Division 7A—Distributions to entities connected with a private company

Subdivision A—Overview of this Division

109B Simplified outline of this Division

The following is a simplified outline of this Division:

This Division treats 3 kinds of amounts as dividends paid by a private company:

- amounts paid by the company to a shareholder or shareholder's associate (see section 109C);
- amounts lent by the company to a shareholder or shareholder's associate (see sections 109D and 109E);
- amounts of debts owed by a shareholder or shareholder's associate to the company that the company forgives (see section 109F).

This treatment makes the amounts assessable income of the shareholder or associate (under section 44).

However, some payments, loans and forgiven debts are not treated as dividends. (See Subdivisions C and D.) Also, this Division does not apply to demerger dividends. (See Subdivision DA.)

An amount may be treated as a dividend even if it is paid or lent by the company to the shareholder or associate through one or more interposed entities. (See Subdivision E.)

An amount may also be included in the assessable income of a shareholder or shareholder's associate if:

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109BA

- (a) a company has an unpaid present entitlement to income of a trust; and
- (b) the trustee makes a payment or loan to, or forgives a debt of, the shareholder or associate.

(See Subdivisions EA and EB.)

If the total of the amounts is more than the company's distributable surplus, only the part of the total equal to the distributable surplus is treated as dividends. (See section 109Y.)

This Division applies to non-share equity interests and non-share dividends in the same way it applies to shares and dividends.

Subdivision AA—Application of Division

109BA Application of Division to non-share dividends

This Division:

- (a) applies to a non-share equity interest in the same way as it applies to a share; and
- (b) applies to an equity holder in the same way as it applies to a shareholder; and
- (c) applies to a non-share dividend in the same way as it applies to a dividend.

109BB Application of Division to closely-held corporate limited partnerships

This Division applies to a corporate limited partnership in relation to a year of income in the same way as it applies to a private company in relation to a year of income, if, any time during the year of income:

- (a) the partnership has fewer than 50 members; or

- (b) any entity has, directly or indirectly, and for the entity's own benefit, an entitlement to a 75% or greater share of the income or capital of the partnership.

Example: Michael has an entitlement to an 80% share of the income of 2 fixed trusts. The 2 fixed trusts have, between them, an entitlement to 100% of the income of a corporate limited partnership. For the purposes of paragraph (b), Michael has, indirectly, and for his own benefit, an entitlement to a 75% or greater share of the income of the partnership.

109BC Application of Division to non-resident companies

- (1) This Division applies, in relation to a payment, loan or debt forgiveness, in relation to a private company that is a non-resident as if:
- (a) references in this Division to a year of income of the company were references to a tax accounting period in relation to the company in relation to a foreign tax imposed by a tax law of:
 - (i) if the company is a resident of only one foreign country—that foreign country; or
 - (ii) otherwise—the foreign country to which subsection (2) applies; and
 - (b) references in this Division to the lodgment day for the year of income were references to the due date for lodgment of the company's return of income for the tax accounting period under that tax law.
- (2) For the purposes of subparagraph (1)(a)(ii), this subsection applies to a foreign country (the *relevant country*) if:
- (a) the company is a resident of the relevant country; and
 - (b) of all the tax accounting periods:
 - (i) in relation to the company in relation to the foreign taxes imposed by the tax laws of the foreign countries of which the company is resident; and
 - (ii) during which the payment, loan or debt forgiveness is made;

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109C

the tax accounting period under the tax law of the relevant country ends first; and

- (c) if more than one of the tax accounting periods mentioned in paragraph (b) end first—the due date for lodgment of the company’s return of income for the tax accounting period under the tax law of the relevant country is not later than the due date for lodgment for any of the other tax accounting periods that end first.

- (3) In this section:

tax accounting period has the meaning given by section 317.

tax law has the meaning given by section 317.

Note: Section 109L prevents amounts from being included in assessable income under this Division if the amounts are included in, or excluded from, assessable income under another provision of this Act, such as the rules relating to CFCs and FIFs.

Subdivision B—Private company payments, loans and debt forgiveness are treated as dividends

109C Payments treated as dividends

When private company is taken to pay a dividend

- (1) A private company is taken to pay a dividend to an entity at the end of the private company’s year of income if the private company pays an amount to the entity during the year and either:
- (a) the payment is made when the entity is a shareholder in the private company or an associate of such a shareholder; or
 - (b) a reasonable person would conclude (having regard to all the circumstances) that the payment is made because the entity has been such a shareholder or associate at some time.

Note 1: Some payments do not give rise to dividends under Subdivision D. This section also does not give rise to a dividend if the amount is paid to a CGT concession stakeholder under subsection 152-325(1) of the *Income Tax Assessment Act 1997* (see subsection 152-325(11)).

Section 109C

Note 2: A private company is treated as making a payment to a shareholder or shareholder's associate if an interposed entity makes a payment to the shareholder or associate. See Subdivision E.

Amount of dividend

- (2) The dividend is taken to equal the amount paid, subject to section 109Y.

Note: Section 109Y limits the total amount of dividends taken to have been paid by a private company under this Division to the company's distributable surplus.

What is a payment to an entity?

- (3) In this Division, **payment** to an entity means:
- (a) a payment to the extent that it is to the entity, on behalf of the entity or for the benefit of the entity; and
 - (b) a credit of an amount to the extent that it is:
 - (i) to the entity; or
 - (ii) on behalf of the entity; or
 - (iii) for the benefit of the entity; and
 - (c) a transfer of property to the entity.

Note: See also section 109CA (**Payment** includes provision of asset).

Loans are not payments

- (3A) However, a loan to an entity is not a payment to the entity.

Note: Payments converted to loans before the private company's lodgment day are treated as loans (see subsection 109D(4A)).

Value of payment by transfer of property

- (4) The amount of a payment consisting of a transfer of property is the amount that would have been paid for the transfer by parties dealing at arm's length less any consideration given by the transferee for the transfer. (The amount of a payment is nil if the consideration given by the transferee equals or exceeds the amount that would have been paid at arm's length for the transfer.)

Section 109CA

109CA Payment includes provision of asset

- (1) In this Division, **payment** to an entity includes the provision of an asset for use by the entity.

Note: This includes provision under a lease or licence.

Example: Yacht builder Mainbrace Enterprises Pty Ltd owns a yacht for the purpose of sales demonstrations. With the private company's permission, one of its shareholders uses the yacht on weekends. The company has made a **payment** to the shareholder, unless one of the exceptions to subsection (1) applies.

- (2) The time the payment is made is the time the entity first:
- (a) uses the asset with the permission of the provider of the asset; or
 - (b) has a right to use the asset (whether alone or together with other entities), at a time when the provider of the asset does not have a right:
 - (i) to use the asset; or
 - (ii) to provide the asset for use by another entity.

Example: Paragraph (a) could apply if a shareholder were driving a company car with the company's permission. Paragraph (b) could apply if the shareholder had the car parked at his or her house or at another place of his or her choosing.

- (3) However, if the use or right continues into another income year of the entity, treat the provision of the asset for use in the other income year as being a separate payment made at the start of that year.

Exceptions

- (4) Subsection (1) does not apply if the provision of the asset would, if done in respect of the employment of an employee, be a minor benefit under section 58P of the *Fringe Benefits Tax Assessment Act 1986*.
- (5) Subsection (1) does not apply to the extent that, if the entity had incurred and paid expenditure in respect of the provision of the asset, a once-only deduction would have been allowable to the

entity in respect of the expenditure, ignoring Divisions 28 (Car expenses) and 900 (Substantiation rules) of the *Income Tax Assessment Act 1997*.

- (6) Subsection (1) does not apply to the provision of a dwelling, if:
- (a) the entity, or an associate of the entity, carries on a business; and
 - (b) the entity or associate:
 - (i) uses; or
 - (ii) is granted or has a lease, licence or other right to use; land, water or a building for the purpose of carrying on the business; and
 - (c) the provision of the dwelling to the entity is connected with that use or with that lease, licence or other right.

Note: For the meaning of *land*, see section 2B of the *Acts Interpretation Act 1901*.

- (7) Subsection (1) does not apply to the provision of a dwelling, if:
- (a) the dwelling is the main residence of the entity; and
 - (b) the provider of the dwelling is a private company; and
 - (c) the private company acquired the dwelling before 1 July 2009; and
 - (d) the private company would meet the conditions in section 165-12 of the *Income Tax Assessment Act 1997* (which is about the company maintaining the same owners) if, despite subsection 165-12(1), the **ownership test period** were the period:
 - (i) starting on the start of 1 July 2009; and
 - (ii) ending at the time of payment, worked out under subsection (2) of this section.

- (7A) Subsection (1) does not apply to the provision of a dwelling to the entity if:
- (a) the dwelling is a flat or home unit that is part of a complex of 2 or more flats or home units; and

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109CA

- (b) the provider of the dwelling is a company that owns a legal or equitable interest in the land on which the complex is erected; and
 - (c) there is more than one share in the company, and each share (whether singly or as part of a parcel of shares) gives the relevant shareholder the right to occupy a flat or home unit in the complex; and
 - (d) each flat or home unit in the complex is covered by a share, or a parcel of shares, in the company; and
 - (e) the dwelling is provided to the entity because a shareholder holds such a share, or parcel of shares; and
 - (f) the company does not have legal or equitable interests in any assets other than legal or equitable interests in:
 - (i) the complex, and the land on which it is erected; and
 - (ii) any related land and buildings; and
 - (iii) any related plant, machinery, equipment, furniture or fittings; and
 - (iv) any assets relating to the matters mentioned in paragraph (g); and
 - (g) the assessable income of the company is derived predominantly from:
 - (i) managing and maintaining the complex (including the assets mentioned in subparagraphs (f)(i), (ii) and (iii)); and
 - (ii) interest and dividends relating to income derived from managing and maintaining the complex (including the assets mentioned in those subparagraphs).
- (7B) Subsection (7A) does not apply in a case to which Subdivision E (about interposed entities) applies, if the company mentioned in that subsection is interposed between:
- (a) a private company; and
 - (b) a shareholder, or an associate of a shareholder, of the private company.
- (8) Section 118-120 of the *Income Tax Assessment Act 1997* (Extension to adjacent land) applies in relation to subsections (6) to
-

(7A) of this section in the same way as it applies in relation to Subdivision 118-B of that Act.

- (9) Subsection (1) does not apply if the provision of the asset to the entity is a transfer of property to the entity.

Note: For transfers of property, see paragraph 109C(3)(c).

Value of payment

- (10) Subject to subsection (11), the amount of the payment is:
- (a) the amount that would have been paid for the provision of the asset by the parties dealing at arm's length; less
 - (b) any consideration given for the provision of the asset by the entity.
- (11) The amount of the payment is nil if the consideration given by the entity equals or exceeds the amount that would have been paid at arm's length for the provision of the asset.

109D Loans treated as dividends

Loans treated as dividends in year of making

- (1) A private company is taken to pay a dividend to an entity at the end of one of the private company's years of income (the **current year**) if:
- (a) the private company makes a loan to the entity during the current year; and
 - (b) the loan is not fully repaid before the lodgment day for the current year; and
 - (c) Subdivision D does not prevent the private company from being taken to pay a dividend because of the loan at the end of the current year; and
 - (d) either:
 - (i) the entity is a shareholder in the private company, or an associate of such a shareholder, when the loan is made; or

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109D

- (ii) a reasonable person would conclude (having regard to all the circumstances) that the loan is made because the entity has been such a shareholder or associate at some time.

Note 1: Some repayments cannot be counted for the purpose of this subsection. See section 109R.

Note 2: A private company is treated as making a loan to a shareholder or shareholder's associate if an interposed entity makes a loan to the shareholder or associate. See Subdivision E.

Amount of dividend

- (1AA) The amount of the dividend taken under subsection (1) to have been paid is the amount of the loan that has not been repaid before the lodgment day for the current year, subject to section 109Y.

Note: Section 109Y limits the total amount of dividends taken to have been paid by a private company under this Division to the company's distributable surplus.

Loans treated as dividends in year following that of making

- (1A) A private company is taken to pay a dividend to an entity at the end of the private company's year of income (the **current year**) if:
 - (a) the private company made a loan to the entity during the previous year of income; and
 - (b) it made the loan in the course of a winding-up of the private company by a liquidator; and
 - (c) the loan is not fully repaid by the end of the current year; and
 - (d) either:
 - (i) the entity is a shareholder in the private company, or an associate of such a shareholder, when the loan is made; or
 - (ii) a reasonable person would conclude (having regard to all the circumstances) that the loan is made because the entity has been such a shareholder or associate at some time.

Subdivision D (other than section 109R) does not apply to loans covered by this subsection.

Amount of dividend

- (2) The amount of the dividend taken under subsection (1A) to have been paid is the amount of the loan that has not been repaid at the end of the current year, subject to section 109Y.

Note: Section 109Y limits the total amount of dividends taken to have been paid by a private company under this Division to the company's distributable surplus.

What is a loan?

- (3) In this Division, **loan** includes:
- (a) an advance of money; and
 - (b) a provision of credit or any other form of financial accommodation; and
 - (c) a payment of an amount for, on account of, on behalf of or at the request of, an entity, if there is an express or implied obligation to repay the amount; and
 - (d) a transaction (whatever its terms or form) which in substance effects a loan of money.

In which year of income is a loan made?

- (4) For the purposes of this Division, a loan is made to an entity at the time the amount of the loan is paid to the entity by way of loan or anything described in subsection (3) is done in relation to the entity.

Payment converted to loan before lodgment day

- (4A) If:
- (a) a private company makes a payment to an entity at a time in a year of income; and
 - (b) the payment is converted to a loan before the end of the private company's lodgment day for the year of income;
- for the purposes of this Division, treat the events mentioned in paragraphs (a) and (b) as the private company making a loan to the entity at the time mentioned in paragraph (a).

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109E

Loans made before 4 December 1997

- (5) If the terms of a loan made before 4 December 1997 are varied on or after that day by extending the term of the loan or increasing its amount, this Division applies to the loan as if it were made on the new terms when the variation occurred.

When is the lodgment day?

- (6) In this Division, the **lodgment day** for a private company's year of income is the earlier of:
- (a) the due date for lodgment of the private company's return of income for the year of income; and
 - (b) the date of lodgment of the private company's return of income for the year of income.

Note: For the lodgment day for a private company that is a non-resident, see section 109BC.

109E Amalgamated loan from a previous year treated as dividend if minimum repayment not made

Amalgamated loan treated as dividend in first year in which payment is less than minimum yearly repayment

- (1) A private company is taken to pay a dividend to an entity at the end of one of the private company's years of income (the **current year**) if:
- (a) the private company made an amalgamated loan to the entity in an earlier year of income; and
 - (b) the amalgamated loan is not repaid at the end of the current year; and
 - (c) the amount (if any) paid to the private company during the current year in relation to the amalgamated loan falls short of the minimum yearly repayment of the amalgamated loan worked out under subsection (5) for the current year; and
 - (d) section 109Q does not apply in relation to the current year.

Note: The amalgamated loan does not give rise to a dividend for that year if the minimum yearly repayment is not made and the entity satisfies the

Section 109E

Commissioner that treating the loan as a dividend would cause hardship. See section 109Q.

Amount of dividend

- (2) The amount of the dividend is taken to be the amount of the shortfall mentioned in paragraph (1)(c), subject to section 109Y.

Note: Section 109Y limits the total amount of dividends taken to have been paid by a private company under this Division to the company's distributable surplus.

What is an amalgamated loan?

- (3) For the purposes of this Division, a private company is taken to make a loan (the **amalgamated loan**) to a single entity during a year of income if the private company makes one or more loans (**constituent loans**) to the entity during the year, each of which:
- (a) is not fully repaid before the lodgment day for the year; and
 - (b) would cause the company to be taken under section 109D to pay a dividend to the entity at the end of the year, apart from section 109N; and
 - (c) has the same maximum term for the purposes of that section.
- The amount of the amalgamated loan is the sum of the amounts of the constituent loans that have not been repaid before the lodgment day for the year of income in which the amalgamated loan is made.
- (3A) Subsection (3B) applies if:
- (a) a private company is taken to have made an amalgamated loan (the **old amalgamated loan**) during a year of income (the **original year of income**); and
 - (b) the maximum term of the old amalgamated loan under subsection 109N(3) was 7 years; and
 - (c) in a later year of income (the **later year of income**):
 - (i) a constituent loan taken account of by the old amalgamated loan becomes secured by a mortgage over real property; and
 - (ii) the term of the constituent loan is extended; and

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109E

- (d) as a result of the mortgage, the maximum term of the constituent loan under subsection 109N(3) is 25 years; and
 - (e) the term of the constituent loan after the extension (including the period before the extension during which the constituent loan was in existence) does not exceed 25 years.
- (3B) For the purposes of this Division in relation to the later year of income and subsequent years of income:
- (a) treat the constituent loan as a new amalgamated loan that takes account of that constituent loan; and
 - (b) treat the new amalgamated loan as having been made just before the start of the later year of income; and
 - (c) treat the amount of the new amalgamated loan just before the start of the later year of income as the amount of the constituent loan that had not been repaid at that time; and
 - (d) unless paragraph (e) applies—reduce the amount of the old amalgamated loan just before the start of the later year of income by the amount of the new amalgamated loan at that time; and
 - (e) if the constituent loan was the only constituent loan taken account of by the old amalgamated loan—disregard the old amalgamated loan.

Payments in relation to constituent loans treated as payments in relation to amalgamated loan

- (4) For the purposes of this Division, a payment to the private company in relation to a constituent loan in a year of income after the one in which the constituent loan was made is taken to be a payment in relation to the amalgamated loan that takes account of the constituent loan.

Minimum yearly repayment

- (5) The minimum yearly repayment of an amalgamated loan for a year of income is the amount worked out using the formula in subsection (6). However, the minimum yearly repayment of an

amalgamated loan for a year of income is the amount worked out under the regulations, if they provide for working it out.

Formula for minimum yearly repayment

- (6) The formula for the minimum yearly repayment for a year of income is:

Amount of the loan not repaid by the
end of the previous year of income × Current year's
benchmark interest rate

$$1 - \left(\frac{1}{1 + \frac{\text{Current year's benchmark interest rate}}{1}} \right)^{\text{Remaining term}}$$

where:

current year's benchmark interest rate is the benchmark interest rate for the year of income for which the minimum yearly repayment is being worked out.

remaining term is the difference between:

- (a) the number of years in the longest term of any of the constituent loans that the amalgamated loan takes account of; and
- (b) the number of years between the end of the private company's year of income in which the loan was made and the end of the private company's year of income before the year of income for which the minimum yearly repayment is being worked out;

rounded up to the next higher whole number if the difference is not already a whole number.

Note: Section 109R provides that certain payments relating to a loan are not to be taken into account for the purposes of working out the minimum yearly repayment.

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109F

Benchmark interest rate used to work out how much of a payment relating to amalgamated loan is a repayment

- (7) Work out the amount of an amalgamated loan repaid by the end of a year of income on the basis that interest is payable on the balance of the loan from time to time in a year of income at a rate equal to the benchmark interest rate for the year of income.

109F Forgiven debts treated as dividends

Forgiven debt treated as dividend

- (1) A private company is taken to pay a dividend to an entity at the end of the private company's year of income if all or part of a debt the entity owed the private company is forgiven in that year and either:
- (a) the amount is forgiven when the entity is a shareholder in the private company, or an associate of such a shareholder; or
 - (b) a reasonable person would conclude (having regard to all the circumstances) that the amount is forgiven because the entity has been such a shareholder or associate at some time.

Note: In some cases forgiving a debt does not give rise to a dividend. See section 109G.

Amount of dividend

- (2) The amount of the dividend equals the amount of debt forgiven, subject to section 109Y.

Note: Section 109Y limits the total amount of dividends taken to have been paid by a private company under this Division to the company's distributable surplus.

When is a debt forgiven?

- (3) An amount of a debt is **forgiven** for the purposes of this Division if and when the amount would be forgiven under section 245-35 or 245-37 of the *Income Tax Assessment Act 1997*, assuming the amount were a debt to which Subdivisions 245-C to 245-G of that Act apply.

Section 109F

Note: Division 245 of the *Income Tax Assessment Act 1997* applies to forgiveness of certain commercial debts.

Discharge of debt by transfer of property is not forgiveness

- (4) Despite subsection (3), an amount of debt is not forgiven for the purposes of this Division if the obligation to pay the amount is discharged by a payment to the creditor consisting of a transfer of property.

Note: Subsection 109C(4) explains how to work out the value of a payment consisting of a transfer of property.

Debt forgiveness by debt parking

- (5) An amount of debt an entity (the **debtor**) owes a private company is also **forgiven** for the purposes of this Division if:
- (a) the private company assigns the right to receive payment of the amount to another entity (the **new creditor**) who is either:
 - (i) an associate of the debtor; or
 - (ii) a party to an arrangement with the debtor about the assignment; and
 - (b) a reasonable person would conclude (having regard to all the circumstances) that the new creditor will not exercise the assigned right.

Debt forgiveness by failure to rely on obligation to pay

- (6) An amount of debt an entity (the **debtor**) owes a private company is also **forgiven** for the purposes of this Division if a reasonable person would conclude (having regard to all the circumstances) that the private company will not insist on the entity paying the amount or rely on the entity's obligation to pay the amount. (The amount is forgiven when a reasonable person would first reach that conclusion.)

Forgiveness of amalgamated loan debt

- (7) If a private company forgives an amount of debt resulting from a constituent loan taken into account in working out the amount of

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109G

an amalgamated loan under subsection 109E(3), the private company is taken to forgive the same amount of the debt resulting from the amalgamated loan.

This section operates on only the earliest debt forgiveness

- (8) If the same debt is forgiven for the purposes of this Division at different times under different provisions of this section, this section operates on the first forgiveness only.

Example: Subsection (3) of this section provides that a debt is forgiven if it has not been paid by the time a statute of limitations prevents recovery of the debt. (It does this by applying paragraph 245-35(b) of the *Income Tax Assessment Act 1997*.) The debt might already have been forgiven under subsection (6) of this section (because a reasonable person would have concluded earlier that the private company was not going to insist on payment). This section would apply to the forgiveness under subsection (6) but not the forgiveness under subsection (3).

Subdivision C—Forgiven debts that are not treated as dividends

109G Debt forgiveness that does not give rise to a dividend

Forgiveness of debt owed by company generally not treated as dividend

- (1) A private company is not taken under this Division to pay a dividend because a debt owed to it by another company is forgiven.

Note: This does not apply to a debt owed by a company as trustee. (See section 109ZE.)

Forgiveness of debts under Bankruptcy Act not treated as dividends

- (2) A private company is not taken under this Division to pay a dividend because a debt is forgiven because the debtor becomes a bankrupt or because of Part X of the *Bankruptcy Act 1966*.

Forgiveness of loan debt does not give rise to dividend if loan gives rise to dividend under section 109D

- (3) A private company is not taken under section 109F to pay a dividend at the end of a year of income because of the forgiveness of an amount of a debt resulting from a loan if, because of the loan, the private company is taken:
- (a) under section 109D to pay a dividend at the end of that year or an earlier one; or
 - (b) under former subsection 108(1) to pay a dividend on the last day of that year or an earlier one.

Reduced dividend for forgiveness of loan debt if loan causes dividend under section 109E

- (3A) Subsection (3B) applies if:
- (a) a private company is taken under section 109F to pay a dividend at the end of a year of income because of the forgiveness of an amount of a debt resulting from a loan; and
 - (b) the private company is taken under section 109E to pay a dividend at the end of an earlier year of income in relation to the loan.
- (3B) The amount of the dividend mentioned in paragraph (3A)(a) is reduced by the amount of the dividend mentioned in paragraph (3A)(b) (but not below zero).

Note: There may be more than one reduction under this subsection if the private company has been taken under section 109E to pay more than one dividend in relation to the loan.

Commissioner may treat forgiveness as not giving rise to dividend

- (4) A private company is not taken under this Division to pay a dividend because of the forgiveness of a debt owed by an entity if the Commissioner is satisfied that:
- (a) the debt was forgiven because payment of the debt would have caused the entity undue hardship; and

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109H

- (b) when the entity incurred the debt, the entity had the capacity to pay the debt; and
- (c) the entity lost the ability to pay the debt in the foreseeable future as a result of circumstances beyond the entity's control.

Subdivision D—Payments and loans that are not treated as dividends

109H Simplified outline of this Subdivision

The following is a simplified outline of this Subdivision:

This Subdivision sets out rules about payments and loans that are not treated as dividends.

The following sorts of payments are not treated as dividends:

- payments of genuine debts (section 109J);
- payments to other companies (section 109K);
- payments that are otherwise assessable or that are specifically excluded from assessable income (section 109L).

The following sorts of loans are not treated as dividends:

- loans to other companies (section 109K);
- loans that are otherwise assessable (section 109L);
- loans made in the ordinary course of business on ordinary commercial terms (section 109M);
- loans that meet criteria for minimum interest rate and maximum term (section 109N);

- certain loans and distributions by liquidators (section 109NA);
- loans that are for the purpose of funding the purchase of certain ESS interests under an employee share scheme (section 109NB).

An amalgamated loan may not be treated as a dividend if the Commissioner is satisfied that doing so would cause undue hardship. (See section 109Q.)

This Subdivision also provides for some loan repayments and interest payments to private companies to be disregarded if they are made with the intention of borrowing a similar amount from a private company later. (See section 109R.)

109J Payments discharging pecuniary obligations not treated as dividends

A private company is not taken under section 109C to pay a dividend because of the payment of an amount, to the extent that the payment:

- (a) discharges an obligation of the private company to pay money to the entity; and
- (b) is not more than would have been required to discharge the obligation had the private company and entity been dealing with each other at arm's length.

109K Inter-company payments and loans not treated as dividends

A private company is not taken under section 109C or 109D to pay a dividend because of a payment or loan the private company makes to another company.

Note: This does not apply to a payment or loan to a company in its capacity as trustee. (See section 109ZE.)

Section 109L

109L Certain payments and loans not treated as dividends

- (1) A private company is not taken under section 109C or 109D to pay a dividend because of a payment or loan the private company makes to an entity, to the extent that the payment or loan would be included in the entity's assessable income apart from this Division (as it operates in conjunction with section 44).
- (2) In addition, a private company is not taken under section 109C or 109D to pay a dividend because of a payment or loan that the private company made to an entity to the extent that a provision of this Act (other than this Division) has the effect that the payment or loan is not included in the entity's assessable income even though it would otherwise be included.

109M Loans made in the ordinary course of business on arm's length terms not treated as dividends

A private company is not taken under section 109D to pay a dividend because of a loan made:

- (a) in the ordinary course of the private company's business; and
- (b) on the usual terms on which the private company makes similar loans to parties at arm's length.

109N Loans meeting criteria for minimum interest rate and maximum term not treated as dividends

Criteria

- (1) A private company that makes a loan to an entity in one of the private company's years of income is not taken under section 109D to pay a dividend at the end of the year of income because of the loan if, before the lodgment day for the year of income:
 - (a) the agreement that the loan was made under is in writing; and
 - (b) the rate of interest payable on the loan for years of income after the year in which the loan is made equals or exceeds the benchmark interest rate for the year; and

- (c) the term of the loan does not exceed the term (the **maximum term**) for that kind of loan worked out under subsection (3).

Benchmark interest rate

- (2) The **benchmark interest rate** for the year of income is the Indicator Lending Rates—Bank variable housing loans interest rate last published by the Reserve Bank of Australia before the start of the year of income. However, the benchmark interest rate is the rate worked out under the regulations, if they provide for working it out.

Maximum term

- (3) The maximum term is:
- (a) 25 years for a loan if:
- (i) 100% of the value of the loan is secured by a mortgage over real property that has been registered in accordance with a law of a State or Territory; and
 - (ii) when the loan is first made, the market value of that real property (less the amounts of any other liabilities secured over that property in priority to the loan) is at least 110% of the amount of the loan; and
- (b) 7 years for any other loan.

However, the maximum term for a loan is the period worked out under the regulations, if they provide for working out the maximum term for that kind of loan.

- (3A) Reduce the maximum term under paragraph (3)(a) for a loan (the **new loan**) in accordance with subsection (3B) if:
- (a) the new loan results from the refinancing of another loan (the **old loan**); and
 - (b) the maximum term of the old loan under subsection (3) was 7 years; and
 - (c) the maximum term of the new loan under subsection (3) is 25 years (disregarding this subsection).

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109NA

- (3B) The amount of the reduction is equal to the length of the period:
- (a) starting when the old loan was made; and
 - (b) ending when the old loan was refinanced.
- (3C) Reduce the maximum term under paragraph (3)(b) for a loan (the **new loan**) in accordance with subsection (3D) if:
- (a) the new loan results from the refinancing of another loan (the **old loan**); and
 - (b) the maximum term of the old loan under subsection (3) was 25 years; and
 - (c) the maximum term of the new loan under subsection (3) is 7 years (disregarding this subsection); and
 - (d) the length of the period:
 - (i) starting when the old loan was made; and
 - (ii) ending when the old loan was refinanced; exceeds 18 years.
- (3D) The amount of the reduction is the excess mentioned in paragraph (3C)(d).

Regulations may adopt rate as published from time to time

- (4) Regulations made for the purposes of subsection (2) may apply, adopt or incorporate a rate published in an instrument after they are made or take effect, or a rate contained in an instrument from time to time despite any other Act.

109NA Certain liquidator's distributions and loans not treated as dividends

A private company is not taken under section 109C or subsection 109D(1) to pay a dividend because of a distribution or loan made in the course of the winding-up of the company by a liquidator.

Note: However, if such a loan is not fully repaid by the end of the following year of income, the company will be taken to have paid a dividend under subsection 109D(1A).

109NB Loans to purchase shares under employee share schemes not treated as dividends

A private company is not taken under section 109D to pay a dividend because of a loan made solely for the purpose of enabling the shareholder, or an associate of the shareholder, to acquire an ESS interest under an employee share scheme (within the meaning of the *Income Tax Assessment Act 1997*) to which:

- (a) Subdivision 83A-B, and the provisions referred to in paragraphs 83A-33(1)(a) to (c), of that Act apply; or
- (aa) Subdivision 83A-B, and the provisions referred to in paragraphs 83A-35(1)(a) and (b), of that Act apply; or
- (b) Subdivision 83A-C of that Act applies.

109P Amalgamated loans not treated as dividends in the year they are made

A private company is not taken under section 109D to pay a dividend because of an amalgamated loan it makes.

Note: A shortfall in a minimum yearly repayment of an amalgamated loan may be treated as a dividend under section 109E.

109Q Commissioner may allow amalgamated loan not to be treated as dividend

- (1) A private company is not taken under section 109E to pay a dividend at the end of one of its years of income (the *current year*) because of an amalgamated loan to an entity if:
 - (a) the amount paid to the private company by the entity in the current year in relation to the loan is less than the minimum yearly repayment of the loan for the current year worked out under subsection 109E(5); and
 - (b) the entity satisfies the Commissioner that:
 - (i) that amount was less than the minimum yearly repayment because of circumstances beyond the entity's control; and

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109R

- (ii) the entity would suffer undue hardship if the private company were taken under section 109E to pay a dividend to the entity at the end of the current year because of the loan.
- (2) In deciding whether he or she is satisfied, the Commissioner must consider:
 - (a) the entity's capacity, at the end of the year of income in which the amalgamated loan was made, to repay the loan; and
 - (b) any circumstances that have reduced the entity's capacity to repay the loan; and
 - (c) whether the entity took all reasonable steps to make payments relating to the amalgamated loan during the current year equal to the minimum yearly repayment of the loan for the current year; and
 - (d) whether the entity has made payments relating to the loan as soon as possible after the current year equalling the difference between:
 - (i) the minimum yearly repayment for the current year; and
 - (ii) the amount of payments made during the current year relating to the loan.

109R Some payments relating to loans not taken into account

- (1) This section provides for some payments to a private company in relation to a loan the private company made to an entity not to be taken into account for the purpose of working out:
 - (a) how much of the loan has been repaid for the purposes of sections 109D and 109E (which treat amounts of loans that have not been repaid as dividends); or
 - (b) the minimum yearly repayment for the loan under subsection 109E(5).
- (2) A payment must not be taken into account if:
 - (a) a reasonable person would conclude (having regard to all the circumstances) that, when the payment was made, the entity

- intended to obtain a loan or loans from the private company of a total amount similar to, or larger than, the payment; or
- (b) both of the following subparagraphs apply:
- (i) the entity obtained, before the payment was made, a loan or loans from the private company of a total amount similar to, or larger than, the amount of the payment;
 - (ii) a reasonable person would conclude (having regard to all the circumstances) that the entity obtained the loan or loans in order to make the payment.
- (3) Subsection (2) does not apply to a payment made by setting off against an amount payable in relation to the loan:
- (a) a dividend payable by the private company to the entity; or
 - (b) work and income support related withholding payments and benefits payable by the private company to the entity; or
 - (ba) payments covered by section 12-55 in Schedule 1 to the *Taxation Administration Act 1953*; or
 - (c) if the entity has transferred property to the private company—an amount equalling the difference between:
 - (i) the amount that a party at arm's length from the entity would have paid for the transfer of the property to the party; and
 - (ii) the amount that the private company has already paid the entity (by way of set-off or otherwise) for the transfer.
- (4) Nor does subsection (2) apply to a payment made on behalf of the entity (the **borrower**) by another entity paying to the private company an amount that:
- (a) is payable by the other entity to the borrower; and
 - (b) is assessable income of the borrower for the year of income in which the payment was made or an earlier year of income.
- (5) Subsection (2) does not apply to a payment if:
- (a) the payment is made to refinance the loan mentioned in subsection (1) (the **old loan**); and

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109R

- (b) the entity to which the old loan was made has another loan (the **primary** loan) from another entity; and
 - (c) the old loan becomes subordinated to the primary loan; and
 - (d) the refinancing of the old loan mentioned in paragraph (a) took place in connection with that subordination; and
 - (e) that subordination arose as a result of circumstances beyond the control of the entity to which the old loan was made; and
 - (f) the entity to which the old loan was made and the other entity dealt with each other at arm's length in relation to that subordination; and
 - (g) the private company and the other entity dealt with each other at arm's length in relation to that subordination.
- (6) Subsection (2) does not apply to a payment if:
- (a) the payment is made to refinance the loan mentioned in subsection (1) (the **old loan**); and
 - (b) the refinancing results in another loan (the **new loan**); and
 - (c) the maximum term of the old loan under subsection 109N(3) was 7 years; and
 - (d) the maximum term of the new loan under subsection 109N(3) is 25 years (reduced in accordance with subsection 109N(3B)).
- (7) Subsection (2) does not apply to a payment if:
- (a) the payment is made to refinance the loan mentioned in subsection (1) (the **old loan**); and
 - (b) the refinancing results in another loan (the **new loan**); and
 - (c) the maximum term of the old loan under subsection 109N(3) was 25 years; and
 - (d) the maximum term of the new loan under subsection 109N(3) is:
 - (i) unless subparagraph (ii) applies—7 years; or
 - (ii) if subsection 109N(3D) applies—7 years reduced in accordance with that subsection.

Subdivision DA—Demerger dividends not treated as dividends

109RA Demerger dividends not treated as dividends

This Division does not apply to a demerger dividend to which section 45B does not apply.

Subdivision DB—Other exceptions

109RB Commissioner may disregard operation of Division or allow dividend to be franked

- (1) The Commissioner may make a decision under subsection (2) if:
 - (a) this Division (disregarding this section) operates with the result that:
 - (i) a private company is taken to pay a particular dividend to a particular entity (the *recipient*) under this Division; or
 - (ii) a particular amount is included, as if it were a dividend, in the assessable income of a particular entity (also the *recipient*) in relation to a private company under Subdivision EA; and
 - (b) the result mentioned in paragraph (a) arises because of an honest mistake or inadvertent omission by any of the following entities:
 - (i) the recipient;
 - (ii) the private company;
 - (iii) any other entity whose conduct contributed to that result.
- (2) The Commissioner may decide in writing that:
 - (a) the result mentioned in paragraph (1)(a) should be disregarded (see subsection (4)); or
 - (b) the dividend mentioned in subparagraph (1)(a)(i) may be franked in accordance with Part 3-6 of the *Income Tax Assessment Act 1997* (see subsection (6)).

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109RB

- (3) In making a decision under subsection (2) (or refusing to make such a decision), the Commissioner must have regard to the following:
- (a) the circumstances that led to the mistake or omission mentioned in paragraph (1)(b);
 - (b) the extent to which any of the entities mentioned in paragraph (1)(b) have taken action to try to correct the mistake or omission and if so, how quickly that action was taken;
 - (c) whether this Division has operated previously in relation to any of the entities mentioned in paragraph (1)(b), and if so, the circumstances in which this occurred;
 - (d) any other matters that the Commissioner considers relevant.
- (4) The Commissioner may make a decision under subsection (2) subject to any of the following kinds of condition:
- (a) a condition that the recipient or another entity must make specified payments to the private company or another entity within a specified time;
 - (b) a condition that a specified requirement in this Division must be met within a specified time.
- (5) This Division is taken not to operate with the result mentioned in paragraph (1)(a) if:
- (a) the Commissioner makes a decision under paragraph (2)(a); and
 - (b) if the Commissioner makes the decision subject to a condition under subsection (4)—the condition is satisfied.
- (6) If the Commissioner makes a decision under paragraph (2)(b), subparagraph 202-45(g)(i) of the *Income Tax Assessment Act 1997* does not make the dividend mentioned in subparagraph (1)(a)(i) unfrankable.
- (7) Despite subsection 33(3A) of the *Acts Interpretation Act 1901*, each decision made under subsection (2) must relate only to one amount that would (disregarding this section):
- (a) be taken to be a dividend paid by the private company; or

- (b) be included, as if it were a dividend, in the assessable income of an entity.

109RC Dividend may be franked if taken to be paid because of family law obligation

- (1) This section applies if a dividend is taken to be paid under this Division because of a family law obligation.
- (2) Subparagraph 202-45(g)(i) of the *Income Tax Assessment Act 1997* does not make the amount of the dividend unfrankable.
- (3) The dividend can be franked in accordance with Part 3-6 of the *Income Tax Assessment Act 1997* only if:
 - (a) the dividend is franked at the private company's benchmark franking percentage for the franking period in which the dividend is taken to be paid; or
 - (b) if the private company does not have a benchmark franking percentage for the period—the dividend is franked at a franking percentage of 100%.
- (4) For the purposes of subsection (3), if the recipient of the dividend is not a member of the private company for the purposes of Part 3-6 of the *Income Tax Assessment Act 1997*, treat that recipient as such a member.

109RD Commissioner may extend period for repayments of amalgamated loan

- (1) The Commissioner may make a decision under subsection (2) if:
 - (a) section 109E operates with the result that a private company is taken to pay a particular dividend to a particular entity (the *recipient*); and
 - (b) the shortfall mentioned in paragraph 109E(1)(c) arises because the recipient is unable to pay the private company the minimum yearly repayment mentioned in that paragraph because of circumstances beyond the recipient's control.

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109S

- (2) The Commissioner may decide in writing that the result mentioned in paragraph (1)(a) should be disregarded (see subsection (4)) if the recipient pays the private company the amount of the shortfall within a specified time.
- (3) In making a decision under subsection (2) (or refusing to make such a decision), the Commissioner must have regard to the following:
 - (a) the nature of the circumstances mentioned in paragraph (1)(b);
 - (b) any other matters that the Commissioner considers relevant.
- (4) This Division is taken not to operate with the result mentioned in paragraph (1)(a) if:
 - (a) the Commissioner makes a decision under subsection (2); and
 - (b) the recipient pays the private company the amount of the shortfall within the specified time.
- (5) Despite subsection 33(3A) of the *Acts Interpretation Act 1901*, each decision made under subsection (2) must relate only to one amount that would be taken to be a dividend paid by the private company (disregarding this section).

Subdivision E—Payments and loans through interposed entities

109S Simplified outline of this Subdivision

The following is a simplified outline of this Subdivision:

This Subdivision allows a private company to be taken under Subdivision B to pay a dividend to an entity (the **target entity**) if an entity interposed between the private company and the target entity makes a payment or loan to the target entity under an arrangement involving the private company.

This result is achieved by treating the private company as making a payment or loan of an amount determined by the Commissioner to

Section 109T

the target entity (according to whether the interposed entity made a payment or loan to the target entity). (See sections 109V (for payments) and 109W (for loans).)

The arrangement must involve the private company and one or more interposed entities in making payments or loans or giving loan guarantees for the purpose of the target entity receiving a payment or loan from an interposed entity. (See sections 109T, 109U and 109UA.)

If the target entity repays a fraction of the loan made by the interposed entity, the target entity is treated as repaying the same fraction of the loan taken to have been made by the private company. (See subsection 109W(3).)

Some provisions that prevent payments or loans from giving rise to dividends do not apply to payments or loans this Subdivision treats a private company as making. (See section 109X.)

109T Payments and loans by a private company to an entity through one or more interposed entities

- (1) This Division operates as if a private company makes a payment or loan to an entity (the *target entity*) as described in section 109V or 109W if:
 - (a) the private company makes a payment or loan to another entity (the *first interposed entity*) that is interposed between the private company and the target entity; and
 - (b) a reasonable person would conclude (having regard to all the circumstances) that the private company made the payment or loan solely or mainly as part of an arrangement involving a payment or loan to the target entity; and
 - (c) either:
 - (i) the first interposed entity makes a payment or loan to the target entity; or

Section 109U

- (ii) another entity interposed between the private company and the target entity makes a payment or loan to the target entity.

This section operates regardless of certain factors

- (2) For the purposes of this section, it does not matter:
 - (a) whether the interposed entity made the payment or loan to the target entity before, after or at the same time as the first interposed entity received the payment or loan from the private company; or
 - (b) whether or not the interposed entity paid or lent the target entity the same amount as the private company paid or lent the first interposed entity.

This section does not operate if the payment or loan to the first interposed entity is treated as a dividend

- (3) This Division does not operate as described in subsection (1) (and sections 109V and 109W) if the private company is taken under Subdivision B (as it applies apart from this Subdivision) to pay a dividend as a result of the payment or loan to the first interposed entity.

109U Payments and loans through interposed entities relying on guarantees

- (1) This Division operates as if a private company makes a payment to an entity (the **target entity**) as described in section 109V if:
 - (a) during a year of income the private company guarantees a loan made by another entity (the **first interposed entity**); and
 - (b) a reasonable person would conclude (having regard to all the circumstances) that the private company gave the guarantee solely or mainly as part of an arrangement involving a payment or loan to the target entity; and
 - (c) either:
 - (i) the first interposed entity that is a private company makes a loan to the target entity; or

Section 109UA

- (ii) another entity that is a private company interposed between the private company and the target entity makes a payment or loan to the target entity; and
- (d) the amount of the payment or the loan is greater than the amount worked out using the formula:

Distributable surplus – Subsection 109Y(3) amount

- (2) The amount of the payment from the private company to the target entity (as worked out under section 109V) is to be reduced by the amount worked out using the formula:

Distributable surplus – Subsection 109Y(3) amount

- (3) In the formulas in paragraph (1)(d) and subsection (2):

distributable surplus means the distributable surplus (worked out under subsection 109Y(2)) for the interposed entity that made the payment or loan to the target entity for the year of income.

subsection 109Y(3) amount means the total of any amounts calculated under subsection 109Y(3) in relation to that interposed entity for the year of income (apart from as a result of the operation of this section).

This section operates regardless of certain factors

- (4) For the purposes of this section, it does not matter:
 - (a) whether the interposed entity made the payment or loan to the target entity before, after or at the same time as the first interposed entity received the guarantee from the private company; or
 - (b) whether or not the interposed entity paid or lent the target entity the same amount as the private company guaranteed.

109UA Certain liabilities under guarantees treated as payments

- (1) Section 109T operates as if one entity (the ***first entity***) makes a payment to a second entity if the first entity guarantees a loan the

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109UA

second entity makes to a third entity (the *target entity*) and, as a result of the guarantee, the first entity has a liability (other than a contingent liability) to make a payment to the second entity.

Example: A private company guarantees a loan that a bank makes to a shareholder in the private company and the shareholder defaults on the loan. As a result, the company has a presently existing liability to make a payment to the bank. Section 109T operates as if the private company had made a payment to the bank, so the company is treated by section 109V as making a payment to the shareholder (because the bank is interposed between company and shareholder).

- (2) The amount of the payment (as worked out under section 109V) is to be reduced by any amount treated as a dividend as a result of the operation of section 109U in relation to the payment or loan made by the interposed entity to the target entity.
- (3) A private company is not taken under this Division to pay a dividend because of the operation of subsection (1) in relation to a guarantee if the Commissioner is satisfied that:
 - (a) the target entity would suffer undue hardship if the private company were taken to pay a dividend to the entity because of the liability; and
 - (b) when the target entity entered into the loan, the entity had the capacity to pay the loan.
- (4) This section does not limit the operation of section 109T.
- (5) Subsection (1) does not apply if:
 - (a) as a result of the first entity's liability mentioned in that subsection, the target entity has a liability (other than a contingent liability) to make a payment to the first entity; and
 - (b) because of section 109N, the liability to make a payment to the first entity is not treated under this Division as giving rise to a dividend paid to the first entity.

109V Amount of private company's payment to target entity through one or more interposed entities

Private company taken to pay if target entity is paid

- (1) If the target entity is paid an amount by the interposed entity, this Division operates as if the private company had paid the amount (if any) determined by the Commissioner to the target entity when the interposed entity paid the target entity.

Determining the amount of the private company's payment

- (2) In determining the amount of the payment the private company is taken to have made, the Commissioner must take account of:
 - (a) the amount the interposed entity paid the target entity; and
 - (b) how much (if any) of that amount the Commissioner believes represented consideration payable to the target entity by the private company or any of the interposed entities for anything (assuming that the consideration payable equals that for similar transactions at arm's length).

109W Private company's loan to target entity through one or more interposed entities

Private company taken to lend if target entity receives loan

- (1) If the target entity is lent an amount by the interposed entity, this Division operates as if the private company had made a loan (the **notional loan**) of the amount (if any) determined by the Commissioner to the target entity when the interposed entity made the loan to the target entity.

Note: Subsection 109D(4) specifies the time at which a loan is made.

How big is the notional loan?

- (2) In determining the amount of the notional loan, the Commissioner must take account of:
 - (a) the amount the interposed entity lent the target entity; and

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109X

- (b) how much (if any) of that amount the Commissioner believes represented consideration payable to the target entity by the private company or any of the interposed entities for anything (assuming that the consideration payable equals that for similar transactions at arm's length).

Notional repayments of notional loan

- (3) When working out whether the private company is taken under section 109D to pay a dividend as a result of the notional loan, and the amount of any such dividend, assume that the target entity repays an amount of the notional loan equal to the amount worked out using the formula:

$$\text{Repayment made by target entity to lender} \times \frac{\text{Amount of notional loan}}{\text{Amount actually lent to target entity}}$$

where:

amount actually lent to target entity is the amount the interposed entity lent to the target entity.

repayment made by target entity to lender is the amount of any repayment made by the target entity of the loan the interposed entity made to the target entity.

109X Operation of Subdivision D in relation to payment or loan

Payment or loan not affected by being made through interposed entity

- (1) Despite sections 109K and 109L, a private company may be taken under section 109C or 109D to pay a dividend as a result of this Subdivision treating the private company as making a payment or loan to an entity (the ***target entity***), even if:
- (a) the private company is treated that way because it makes a payment or loan to an entity that is a company interposed between the private company and the target entity; or

- (b) some or all of the amount paid or lent by a private company to an entity interposed between the private company and the target entity is included in the interposed entity's assessable income for a year of income.
- (2) Subsections (3) and (4) apply if a notional loan arises under section 109W because an entity interposed between the private company and the target entity makes a loan (the *actual loan*) to the target entity.
- (3) For the purposes of section 109N, treat the agreement under which the actual loan was made as the agreement under which the notional loan was made.
- (4) For the purposes of section 109E:
 - (a) treat the notional loan as an amalgamated loan from the private company to the target entity; and
 - (b) treat the amount of the notional loan worked out under subsection 109W(1) as the amount of the amalgamated loan; and
 - (c) treat the agreement under which the actual loan was made as the agreement under which the amalgamated loan was made; and
 - (d) treat repayments by the target entity of the amount of the notional loan worked out under subsection 109W(3) as payments by the target entity to the private company in relation to the amalgamated loan.

Subdivision EA—Unpaid present entitlements

109XA Payments, loans and debt forgiveness by a trustee in favour of a shareholder etc. of a private company with an unpaid present entitlement

Payments

- (1) Section 109XB applies if:

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109XA

- (a) a trustee makes a payment (including a payment through an interposed entity as described in section 109XF) to a shareholder or an associate of a shareholder of a private company (except a shareholder or associate that is a company) (the **actual transaction**); and
- (b) the payment is a discharge of or a reduction in a present entitlement of the shareholder or associate that is wholly or partly attributable to an amount that is an unrealised gain; and
- (c) either:
 - (i) the company is presently entitled to an amount from the net income of the trust estate at the time the actual transaction takes place, and the whole of that amount has not been paid to the company before the earlier of the due date for lodgment and the date of lodgment of the trustee's return of income for the trust for the year of income of the trust in which the actual transaction takes place; or
 - (ii) the company becomes presently entitled to an amount from the net income of the trust estate after the actual transaction takes place, but before the earlier of the due date for lodgment and the date of lodgment of the trustee's return of income for the trust for the year of income of the trust in which the actual transaction takes place, and the whole of the amount has not been paid to the company before the earlier of those dates.

Note: For entitlements through interposed trusts, see section 109XI.

Loan repayments

- (1A) Disregard paragraph (1)(b) if:
 - (a) subsection (1) has previously applied because the trustee made a payment (the **original transaction**) to the shareholder, or to an associate of the shareholder, during a previous year of income; and
 - (b) the shareholder, or an associate of the shareholder, makes a loan or loans to the trustee on or after 1 July 2009; and

- (c) either:
 - (i) a reasonable person would conclude (having regard to all the circumstances) that at the time the original transaction took place the shareholder, or an associate of the shareholder, intended to make the loan or loans to the trustee; or
 - (ii) the shareholder, or an associate of the shareholder, made the loan or loans to the trustee before the time the original transaction took place and a reasonable person would conclude (having regard to all the circumstances) that the trustee obtained the loan or loans in order to make the payment; and
 - (d) the actual transaction is applied to repay all or a part of the loan or loans.
- (1B) For the purposes of applying section 109XB in a case covered by subsections (1) and (1A) of this section, disregard section 109J (Payments discharging pecuniary obligations not treated as dividends).

Loans

- (2) Section 109XB applies if:
- (a) a trustee makes a loan (including a loan through an interposed entity as described in section 109XG) to a shareholder or an associate of a shareholder of a private company (except a shareholder or associate that is a company) (the **actual transaction**); and
 - (b) either:
 - (i) the company is presently entitled to an amount from the net income of the trust estate at the time the actual transaction takes place, and the whole of that amount has not been paid to the company before the earlier of the due date for lodgment and the date of lodgment of the trustee's return of income for the trust for the year of income of the trust in which the actual transaction takes place; or

Section 109XA

- (ii) the company becomes presently entitled to an amount from the net income of the trust estate after the actual transaction takes place, but before the earlier of the due date for lodgment and the date of lodgment of the trustee's return of income for the trust for the year of income of the trust in which the actual transaction takes place, and the whole of the amount has not been paid to the company before the earlier of those dates.

Note: For entitlements through interposed trusts, see section 109XI.

Forgiven debts

(3) Section 109XB applies if:

- (a) all or part of a debt owed to a trustee by a shareholder or an associate of a shareholder of a private company is forgiven (except where the shareholder or associate is a company) (the **actual transaction**); and

(b) either:

- (i) the company is presently entitled to an amount from the net income of the trust estate at the time the actual transaction takes place, and the whole of that amount has not been paid to the company before the earlier of the due date for lodgment and the date of lodgment of the trustee's return of income for the trust for the year of income of the trust in which the actual transaction takes place; or
- (ii) the company becomes presently entitled to an amount from the net income of the trust estate after the actual transaction takes place, but before the earlier of the due date for lodgment and the date of lodgment of the trustee's return of income for the trust for the year of income of the trust in which the actual transaction takes place, and the whole of the amount has not been paid to the company before the earlier of those dates.

Note: For entitlements through interposed trusts, see section 109XI.

Amount involved in the actual transaction

- (4) The amount involved in the actual transaction is the lesser of:
- (a) the amount actually involved in the actual transaction; and
 - (b) the amount worked out using the formula:

Unpaid present entitlement – Previous transactions

where:

previous transactions means the sum of:

- (a) the amounts that, because of previous applications of section 109UB (as in force before the commencement of this section) have been taken to be loans; and
- (b) the amounts that, because of previous applications of this Subdivision, have been included in an entity's assessable income;

in relation to the unpaid present entitlement.

unpaid present entitlement means:

- (a) in a case mentioned in subparagraph (1)(c)(i), (2)(b)(i) or (3)(b)(i)—the amount of the present entitlement that remained unpaid on the earlier of the dates mentioned in that subparagraph; and
- (b) in a case mentioned in subparagraph (1)(c)(ii), (2)(b)(ii) or (3)(b)(ii)—the amount of the present entitlement that remained unpaid on the earlier of the dates mentioned in that subparagraph.

The amount of the actual transaction where the entitlement is only partly attributable to an unrealised gain

- (5) For the purposes of subsection (4), where the actual transaction was a payment and that payment was only partly attributable to an amount that is an unrealised gain, the amount of the actual transaction is taken to be the amount of the payment that was attributable to the amount that is the unrealised gain.

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109XB

Creation of a present entitlement is not a payment

- (6) The creation of a present entitlement to the capital or income of a trust estate is not, of itself, a payment for the purposes of this Subdivision.

Meaning of unrealised gain

- (7) In this section:

unrealised gain, in relation to a trust estate and an actual payment, means any unrealised gain, whether of a capital or income nature, but does not include an unrealised gain to the extent that it has been or would be included in the assessable income of the trust, apart from this Division, for:

- (a) a year of income before the year in which the actual payment was made; or
- (b) the year of income in which the actual payment was made; or
- (c) the year of income following the year in which the actual payment was made.

109XB Amounts included in assessable income

- (1) An amount is included, as if it were a dividend paid by the company at the end of the year of income of the company in which the actual transaction took place, in the assessable income of the shareholder or associate referred to in subsection 109XA(1), (2) or (3) if:
- (a) had the actual transaction been done by a private company (the **notional company**); and
 - (b) had the shareholder or associate been a shareholder of the notional company at the time the actual transaction took place;

an amount (the **Division 7A amount**) would have been included in the shareholder's or associate's assessable income because of a provision of this Division outside this Subdivision.

- (2) Subject to section 109Y, the amount that is included under subsection (1) is the Division 7A amount.

Note: There are some modifications of this Division for the purposes of working out the Division 7A amount: see section 109XC.

109XC Modifications

Modifications for this Subdivision only

- (1) The modifications in this section have effect for the purposes of the operation of this Subdivision.

General modifications

- (2) This Division (but not this Subdivision) applies to an actual transaction done by a trustee of a trust estate with these modifications:
- (a) a reference (except in section 109Y) to an amount paid to a private company has effect as a reference to an amount paid to the trustee; and
 - (b) a reference to a year of income of a private company has effect as a reference to the corresponding year of income of the trust estate; and
 - (c) a reference to the ordinary course of a private company's business has effect as a reference to the ordinary course of the trust estate's business.

Modified operation of section 109J

- (4) Section 109J does not apply to a payment to the extent that it is a discharge of or a reduction in a present entitlement.

Modified operation of section 109R

- (6) For the purposes of applying section 109R to an actual transaction:
- (a) a reference in that section to obtaining a loan from a private company has effect as a reference to obtaining a loan from the trustee; and

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109XD

- (b) a reference in that section to property transferred to a private company has effect as a reference to property transferred to the trustee; and
- (c) a reference in that section to an amount paid by a private company for a transfer of property has effect as a reference to an amount paid by the trustee for a transfer of property.

Modified operation of section 109Y

- (7) Section 109Y applies to the Division 7A amount in this way:
 - (a) assume that the private company referred to in subsection 109XA(1), (2) or (3) had been taken to have paid a dividend to the shareholder or associate referred to in that subsection equal to the Division 7A amount; and
 - (b) assume that the dividend was taken to have been paid at the end of the year of income of the company in which the actual transaction took place; and
 - (c) a reference in that section to a private company's distributable surplus has effect as a reference to the distributable surplus of the private company referred to in paragraph (a).

Certain provisions do not apply

- (8) Subsection 109D(1A), sections 109K, 109NA and 109NB and paragraph 109R(3)(a) do not apply to an actual transaction.

109XD Forgiveness of loan debt does not give rise to assessable income if loan gives rise to assessable income

An amount is not included in the assessable income for a year of income of the shareholder or associate referred to in subsection 109XA(3) because of the forgiveness of an amount of a debt resulting from a loan if, because of the loan, an amount was included in the assessable income of the shareholder or associate under section 109XB (or former section 109UB) in that or an earlier year of income.

Subdivision EB—Unpaid present entitlements—interposed entities

109XE Simplified outline of this Subdivision

The following is a simplified outline of this Subdivision:

Payments and loans

This Subdivision allows an amount to be included in an entity's (the **target entity's**) assessable income under Subdivision EA if an entity interposed between a trustee and the target entity makes a payment or loan to the target entity under an arrangement involving the trustee.

This result is achieved by treating the trustee as making a payment or loan of an amount determined by the Commissioner to the target entity.

The arrangement must involve the trustee and one or more interposed entities in making payments or loans for the purpose of the target entity receiving a payment or loan from an interposed entity.

If the target entity repays a fraction of the loan made by the interposed entity, the target entity is treated as repaying the same fraction of the loan taken to have been made by the trustee.

Some provisions that prevent payments or loans from giving rise to assessable income do not apply to payments or loans this Subdivision treats a trustee as making.

Present entitlements

This Subdivision similarly allows an amount to be included in an entity's assessable income under Subdivision EA if a private company is or becomes presently entitled to an amount from the

Section 109XF

net income of a trust estate interposed between the private company and another trust estate (the *target trust*) under an arrangement involving the target trust.

109XF Payments through interposed entities

- (1) For the purposes of paragraphs 109XA(1)(a) and (1A)(a), a trustee is taken to have made a payment to a shareholder, or to an associate of a shareholder, (the *target entity*) of a private company if:
 - (a) the trustee makes a payment or loan to another entity (the *first interposed entity*) that is interposed between:
 - (i) the trustee; and
 - (ii) the target entity; and
 - (b) a reasonable person would conclude (having regard to all the circumstances) that the trustee made the payment or loan solely or mainly as part of an arrangement involving a payment to the target entity; and
 - (c) either:
 - (i) the first interposed entity makes a payment to the target entity; or
 - (ii) another entity interposed between the trustee and the target entity makes a payment to the target entity.
- (2) For the purposes of this section, it does not matter:
 - (a) whether the interposed entity made the payment to the target entity before, after or at the same time as the first interposed entity received the payment or loan from the trustee; or
 - (b) whether or not the interposed entity paid the target entity the same amount as the trustee paid or lent the first interposed entity.
- (3) Treat the reference in paragraph 109XA(1)(b) to a payment as being a reference to the payment to the target entity mentioned in paragraph (1)(c) of this section.

109XG Loans through interposed entities

Loans by a trustee through interposed entities

- (1) For the purposes of paragraph 109XA(2)(a), a trustee is taken to have made a loan (the **notional loan**) to a shareholder, or to an associate of a shareholder, (the **target entity**) of a private company if:
 - (a) the trustee makes a payment or loan to another entity (the **first interposed entity**) that is interposed between:
 - (i) the trustee; and
 - (ii) the target entity; and
 - (b) a reasonable person would conclude (having regard to all the circumstances) that the trustee made the payment or loan solely or mainly as part of an arrangement involving a loan to the target entity; and
 - (c) either:
 - (i) the first interposed entity makes a loan to the target entity; or
 - (ii) another entity interposed between the trustee and the target entity makes a loan to the target entity.
- (2) For the purposes of this section, it does not matter:
 - (a) whether the interposed entity made the loan to the target entity before, after or at the same time as the first interposed entity received the payment or loan from the trustee; or
 - (b) whether or not the interposed entity lent the target entity the same amount as the trustee paid or lent the first interposed entity.

Notional loans

- (3) When working out whether an amount is included in the assessable income of the target entity under section 109XB as a result of the notional loan under subsection (1) of this section, and the amount included in assessable income, assume that the target entity repays

Section 109XG

an amount of the notional loan equal to the amount worked out using the formula:

$$\text{Repayment made by target entity to lender} \times \frac{\text{Amount of notional loan}}{\text{Amount actually lent to target entity}}$$

where:

amount actually lent to target entity is the amount the interposed entity lent to the target entity.

repayment made by target entity to lender is the amount of any repayment made by the target entity of the loan the interposed entity made to the target entity.

- (4) For the purposes of section 109E (Amalgamated loan from a previous year treated as dividend if minimum repayment not made):
- (a) treat the notional loan as an amalgamated loan from the private company to the target entity; and
 - (b) treat the amount of the notional loan worked out under section 109XH as the amount of the amalgamated loan; and
 - (c) treat the agreement under which the actual loan was made as the agreement under which the amalgamated loan was made; and
 - (d) treat repayments by the target entity of the amount of the notional loan worked out under subsection (3) of this section as payments by the target entity to the private company in relation to the amalgamated loan.
- (5) For the purposes of section 109N (about certain loans not being treated as dividends), treat the agreement under which the actual loan was made as the agreement under which the notional loan was made.

109XH Amount and timing of payment or loan through interposed entities

Amount of payment or loan

- (1) The amount the trustee is taken under section 109XF or 109XG to have paid or lent the target entity is the amount (if any) determined by the Commissioner.
- (2) In determining the amount of the payment or loan, the Commissioner must take account of:
 - (a) the amount the interposed entity paid or lent the target entity; and
 - (b) how much (if any) of that amount the Commissioner believes represented consideration payable to the target entity by:
 - (i) the trustee; or
 - (ii) any of the interposed entities;for anything (assuming that the consideration payable equals that for similar transactions at arm's length).
- (3) The total of the amounts determined under subsection (1) for payments and loans in relation to which section 109XB applies because of the same present entitlement mentioned in paragraph 109XA(1)(c), (2)(b) or (3)(b) must not exceed the unpaid present entitlement mentioned in subsection 109XA(4).

Timing of payment or loan

- (4) The trustee is taken under section 109XF or 109XG to have made the payment or loan at the time the interposed entity made the payment or loan mentioned in paragraph 109XF(1)(c) or 109XG(1)(c) to the target entity.

109XI Entitlements to trust income through interposed trusts

Entitlements through interposed trusts

- (1) For the purposes of paragraphs 109XA(1)(c), (2)(b) and (3)(b), a private company is taken to be or to become entitled to an amount from the net income of a trust estate (the **target trust**) if:
- (a) the company is or becomes presently entitled to an amount from the net income of another trust estate (the **first interposed trust**) that is interposed between the target trust and the company; and
 - (b) a reasonable person would conclude (having regard to all the circumstances) that the company is or becomes so entitled solely or mainly as part of an arrangement involving an entitlement to an amount from the target trust; and
 - (c) either:
 - (i) the first interposed trust is or becomes presently entitled to an amount from the net income of the target trust; or
 - (ii) another trust interposed between the target trust and the company is or becomes presently entitled to an amount from the net income of the target trust.

This section operates regardless of certain factors

- (2) For the purposes of this section, it does not matter:
- (a) whether the company became or becomes entitled to the amount from the net income of the first interposed trust before, after or at the same time as the interposed trust became or becomes presently entitled to an amount from the net income of the target trust; or
 - (b) whether or not the company became presently entitled to the same amount as the amount to which the interposed trust become entitled.

Section 109XI

This section does not operate to the extent Subdivision EA would otherwise apply

- (3) Subsection (1) does not apply to the extent that an amount is included in the assessable income of a shareholder, or an associate of a shareholder, of the company under Subdivision EA (as it applies apart from this section) as a result of the present entitlement of any interposed trust.

Amount of entitlement

- (4) The amount the private company is taken to be or to become entitled to from the net income of the target trust is the amount (if any) determined by the Commissioner.
- (5) The total amount determined under subsection (4) for present entitlements to which that subsection applies because of the same present entitlement to an amount from the net income of the target trust mentioned in paragraph (1)(c) must not exceed that amount.
- (6) In determining the amount of the entitlement, the Commissioner must take account of:
- (a) the amount the private company is or becomes entitled to from the net income of the first interposed trust; and
 - (b) how much (if any) of that amount the Commissioner believes represented consideration payable to the private company by:
 - (i) the target trust; or
 - (ii) any of the interposed trusts;for anything (assuming that the consideration payable equals that for similar transactions at arm's length).

Timing of entitlement

- (7) The company is taken to be or to become entitled to the amount from the net income of the target trust at the time the company is or becomes entitled to the amount from the net income of the first interposed trust mentioned in paragraph (1)(a).

Subdivision F—General rules applying to all amounts treated as dividends

109Y Proportional reduction of dividends so they do not exceed distributable surplus

Reduction of amounts of dividends

- (1) If, apart from this section, the sum of all the dividends a private company is taken under this Division to pay at the end of the year of income would be more than the company's distributable surplus for that year, the amount of each of those dividends is the amount worked out under subsection (3).

Distributable surplus

- (2) A private company's **distributable surplus** for its year of income is the amount worked out using the formula:

$$\begin{array}{rcccccc} \text{Net} & & \text{Division} & & \text{Non-} & & \text{Paid-up} & & \text{Repayments} \\ \text{assets} & + & \text{7A} & - & \text{commercial} & - & \text{share} & - & \text{of non-} \\ & & \text{amounts} & & \text{loans} & & \text{value} & & \text{commercial} \\ & & & & & & & & \text{loans} \end{array}$$

where:

Division 7A amounts is the total of any amounts the company is taken under section 109C or 109F to have paid as dividends in the year of income apart from this section.

net assets means the amount (if any), at the end of the company's year of income, by which the company's assets (according to the company's accounting records) exceed the sum of:

- (a) the present legal obligations of the company to persons other than the company; and
- (b) the following provisions (according to the company's accounting records):
 - (i) provisions for depreciation;
 - (ii) provisions for annual leave and long service leave;

- (iii) provisions for amortisation of intellectual property and trade marks;
- (iv) other provisions prescribed under regulations made for the purposes of this subparagraph.

If the Commissioner considers that the company's accounting records significantly undervalue or overvalue its assets or undervalue or overvalue its provisions, the Commissioner may substitute a value that the Commissioner considers is appropriate.

non-commercial loans means the total of:

- (a) any amounts that:
 - (i) the company is taken under former section 108, or section 109D or 109E, to have paid as dividends in earlier years of income; and
 - (ii) are shown as assets in the company's accounting records at the end of year of income; and
- (b) any amounts that are included in the assessable income of shareholders, or associates of shareholders, of the company under section 109XB as if the amounts were dividends paid by the company in earlier years of income.

Note: The total amount worked out under paragraph (b) might be reduced under subsection (2A).

paid-up share value is the paid-up share capital of the company at the end of its year of income.

repayments of non-commercial loans means the total of:

- (a) any repayments to the company of loans or amounts that have been taken by former section 108, or section 109D or 109E, to be dividends; and
- (b) amounts set off against loans that have been taken by former section 108, or section 109D or 109E, to be dividends, other than such amounts that are set off as a result of:
 - (i) a dividend (being a later dividend for the purposes of section 109ZC or a subsequent dividend for the purposes of former subsection 108(2)) being paid by the

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109Y

company to the extent of the unfranked part of the dividend; or

(ii) a loan, or a part of a loan, being forgiven.

(2A) Reduce the total of the amounts worked out under paragraph (b) of the definition of **non-commercial loans** in subsection (2) by the total of the unfranked parts of any dividends:

- (a) that are distributed by the company; and
- (b) to which section 109ZCA applies.

(3) The amount of a dividend that a private company is taken under this Division to pay is worked out using the formula:

$$\text{Provisional dividend} \times \frac{\text{Distributable surplus for year of income}}{\text{Total of provisional dividends}}$$

where:

provisional dividend is the amount of the dividend that the private company would be taken to pay apart from this section.

total of provisional dividends is the sum of all the dividends the private company is taken under this Division to pay at the end of the year of income apart from this section.

Requirement for private company to provide statement

(4) If this section sets the amount of a dividend taken under this Division to be paid by a private company to an entity at the end of a year of income, the private company must give the entity a written statement as soon as possible after the end of the year of income.

What the statement must contain

(5) The statement must set out:

- (a) the private company's distributable surplus for the year of income; and

- (b) the total amount the company would be taken under this Division to pay as dividends in the year of income apart from this section.

109Z Characteristics of dividends taken to be paid under this Division

If a private company is taken under this Division to have paid a dividend to an entity, the dividend is taken for the purposes of this Act to be paid:

- (a) to the entity as a shareholder in the private company; and
- (b) out of the private company's profits.

109ZA No dividend taken to be paid for withholding tax purposes

If a private company is taken under this Division to have paid a dividend to an entity, disregard the dividend for the purposes of:

- (a) Division 11A of Part III (which deals with withholding tax on dividends paid to non-residents and some other people); and
- (c) Subdivision 12-F in Schedule 1 to the *Taxation Administration Act 1953* (which deals with PAYG withholding).

109ZB Amount treated as dividend is not a fringe benefit

- (1) This Division applies to a loan of an amount to an entity by a private company, even if the loan is made:
 - (a) to the entity in its capacity as an employee (as defined in the *Fringe Benefits Tax Assessment Act 1986*) or an associate of such an employee; or
 - (b) in respect of the employment of an employee (as defined in that Act).

Note: This helps ensure that a loan is not a fringe benefit for the purposes of that Act.

Section 109ZC

- (2) This Division applies to a private company's forgiveness of a debt owed by an entity to the private company, even if:
- (a) the entity owed the debt in its capacity as an employee (as defined in the *Fringe Benefits Tax Assessment Act 1986*) or an associate of such an employee; or
 - (b) the forgiveness occurs in respect of the employment of an employee (as defined in that Act).

Note: This helps ensure that the forgiveness of a debt is not a fringe benefit for the purposes of that Act.

- (3) However, this Division does not apply to a payment made to a shareholder, or an associate of a shareholder, in their capacity as an employee (as defined in the *Fringe Benefits Tax Assessment Act 1986*) or an associate of such an employee.

109ZC Treatment of dividend that is reduced on account of an amount taken under this Division to be a dividend

- (1) This section sets out special rules for dealing with a dividend (the *later dividend*) distributed by a private company if some or all of the later dividend is set off against some or all of an amount taken under this Division to be a dividend previously paid by the company.

Example: Some or all of a dividend distributed by a private company to a shareholder might be set off to reduce a loan the company had previously made to the shareholder that was treated as a dividend under Subdivision B.

- (1A) This section also sets out special rules for dealing with a dividend (also the *later dividend*) distributed by a private company if:
- (a) the private company distributes the later dividend to a shareholder in the company; and
 - (b) the shareholder applies the amount of the dividend to repay all or part of a loan:
 - (i) that was obtained from the private company by an associate of the shareholder; and

- (ii) in relation to which a dividend was previously taken under this Division to have been paid by the private company.
- (2) The amount of the later dividend set off or applied is taken not to be a dividend for the purposes of this Act, except Part 3-6 of the *Income Tax Assessment Act 1997* (which deals with franking of distributions). However, if the amount set off or applied exceeds the amount of the later dividend that is not either the franked part of that dividend, or the part of that dividend that has been franked with an exempting credit, the excess is still a dividend.
- Note: This prevents double taxation by ensuring that the entity's assessable income does not include the amount of the later dividend that is not paid to the entity (except to the extent that that amount is franked).
- (3) An amount that is taken not to be a dividend under subsection (2) is not assessable income and is not exempt income.

109ZCA Treatment of dividend that is reduced on account of an amount included in assessable income under Subdivision EA

- (1) This section sets out special rules for dealing with a dividend (the *later dividend*) distributed by a private company if:
- (a) an amount is included in the assessable income of a shareholder, or an associate of a shareholder, of the company under section 109XB because of a loan made to the shareholder or associate by a trustee in relation to a present entitlement of the company to an amount from the net income of the trust estate; and
 - (b) subsection 109XA(2) applied to the loan; and
 - (c) some or all of the later dividend is applied to repay all or a part of the loan.
- (2) The amount of the later dividend applied is taken not to be a dividend for the purposes of this Act, except Part 3-6 of the *Income Tax Assessment Act 1997* (which deals with franking of distributions).

Part III Liability to taxation

Division 7A Distributions to entities connected with a private company

Section 109ZD

- (3) However, if the amount set off or applied exceeds the amount of the later dividend that is neither:
- (a) the franked part of that dividend; nor
 - (b) the part of that dividend that has been franked with an exempting credit;
- the excess is still a dividend.

Note: This prevents double taxation by ensuring that the entity's assessable income does not include the amount of the later dividend that is not paid to the entity (except to the extent that that amount is franked).

- (4) An amount that is taken not to be a dividend under subsection (2) is not assessable income and is not exempt income.

117 Co-operative companies

- (1) In this Division, *co-operative company* means a company, not being a friendly society dispensary, the rules of which limit the number of shares which may be held by, or by and on behalf of, any one shareholder, and prohibit the quotation of the shares for sale or purchase at any stock exchange or in any other public manner whatever, and includes a company, not being a friendly society dispensary, which has no share capital, and which in either case is established for the purpose of carrying on any business having as its primary object or objects one or more of the following:

- (3) Subsection (2) does not apply to a credit union in relation to a year of income if:
- (a) the credit union is a recognised medium credit union in relation to the year of income; or

- (b) the credit union is a recognised large credit union in relation to the year of income.

118 Company not co-operative if less than 90% of business with members

If, in the ordinary course of business of a company in the year of income, the value of commodities and animals disposed of to, or acquired from, its shareholders by the company, or the amount of its receipts from the storage, marketing, packing and processing of commodities of its shareholders, or from the rendering of services to them, or the amount lent by it to them, is less respectively than 90% of the total value of commodities and animals disposed of or acquired by the company, or of its receipts from the storage, marketing, packing and processing of commodities, or from the rendering of services, or of the total amount lent by it, that company shall in respect of that year be deemed not to be a co-operative company.

119 Sums received to be taxed

- (1) The assessable income of a co-operative company shall include all sums received by it, whether from shareholders or from other persons, for the storage, marketing, packing or processing of commodities, or for the rendering of services, or in payment for commodities or animals or land sold, whether on account of the company or on account of its shareholders.
- (2) For the purposes of subsection (1), if a credit union (within the meaning of section 23G) receives a payment of, or in the nature of, interest, the payment is taken to be for the rendering of services.
- (3) Subsection (2) does not limit the generality of subsection (1).

120 Deductions allowable to co-operative company

- (1) So much of the assessable income of a co-operative company as:
 - (a) is distributed among its shareholders as rebates or bonuses based on business done by shareholders with the company;

Section 120

- (b) is distributed among its shareholders as interest or dividends on shares; or
- (c) in the case of a company having as its primary object that specified in paragraph 117(1)(b)—is applied by the company for or towards the repayment of any moneys loaned to the company by a government of the Commonwealth or a State to enable the company to acquire assets which are required for the purpose of carrying on the business of the company or to pay that government for assets so required which the company has taken over from that government;

shall be an allowable deduction:

Provided that the deduction under paragraph (c) shall not be allowed unless shares representing not less than 90% of the value of the company are held by persons who supply the company with the commodities or animals which the company requires for the purposes of its business.

- (2) No such rebate or bonus based on purchases made by a shareholder from the company shall be included in his or her assessable income except where the amount of such purchases is allowable as a deduction in ascertaining his or her taxable income of any year.
- (3) It is hereby declared to be the intention of the Parliament that paragraph (1)(c) applies to loans taken out for the purpose of acquiring assets from:
 - (a) government sources; or

- (b) the franking percentage (within the meaning of the *Income Tax Assessment Act 1997*) for the distribution is less than 100%; and
- (c) a part of the distribution is attributable to sources other than the assessable income of the co-operative company;
- it is to be assumed that the franked part of the distribution is attributable, to the greatest extent possible, to those other sources.
- (6) If a co-operative company distributes assessable income among its shareholders within the period of 3 months (or such longer period as the Commissioner decides) starting at the end of a year of income, the co-operative company may elect that the distribution is to be taken, for the purposes of this section only, to have been made on the last day of the year of income.
- (7) In this section:

franked distribution has the same meaning as in the *Income Tax Assessment Act 1997*.

121 Mutual insurance associations

- (1) An association of persons formed for the purpose of insuring those persons against loss, damage or risk of any kind is taken, for the purposes of this Act, to be a company carrying on the business of insurance.
- (2) The assessable income of such a company includes all premiums derived by it, whether from its members or not.

Division 9AA—Demutualisation of insurance companies and affiliates

Subdivision A—What this Division is about

121AA What this Division is about

Basically, if an insurance company demutualises and its policyholders or members dispose of their listed shares in the company, for tax purposes the acquisition cost of the shares is based on the lesser of:

- (a) the embedded value or net tangible asset value of the company; and
- (b) the value of the company based on the total first trading day price of all shares in the company.

Other tax consequences result from disposals of other interests and from other events in connection with the demutualisation.

- (2) The following diagram shows the main events, where this demutualisation method is used involving an election covered by subparagraph (1)(c)(iv).

Demutualisation method 7

Section 121AM

121AM Embedded value of a mutual life insurance company

- (1) The *embedded value* of a mutual life insurance company that demutualises using a demutualisation method is, in accordance with this section, the sum of its existing business value and its adjusted net worth on the applicable accounting day (see subsection (3)).

Eligible actuary and Australian actuarial practice

- (2) The sum is to be worked out by an eligible actuary (see subsection 121AO(3)) according to Australian actuarial practice.

Applicable accounting day

- (3) The *applicable accounting day* is:
- (a) if an accounting period of the company ends on the demutualisation resolution day—that day; or
 - (b) in any other case—the last day of the most recent accounting period of the company ending before the demutualisation resolution day.

Adjustment for changes after applicable accounting day

- (4) In a case covered by paragraph (3)(b), if any significant change in the amount of the existing business value or adjusted net worth occurs between the applicable accounting day and the demutualisation resolution day, the amount is to be adjusted to take account of the change.

Continued business assumption

- (5) In working out the existing business value or the adjusted net worth, it is to be assumed:
- (a) that after the applicable accounting day the company will continue to conduct its life insurance business and any other activity in the same way as it did before that day, and that it will not conduct any different business or other activity; and
 - (b) that the demutualisation will not occur.

Discount rate assumption

- (6) In working out the existing business value or adjusted net worth, the annual discount rate to be used in respect of each future accounting period is worked out using the formula:

$$10 \text{ year Treasury bond rate} + 4.5\% + \frac{\text{Capital reserve adequacy shortfall percentage}}{\text{shortfall percentage}}$$

where:

10 year Treasury bond rate means the Treasury bond rate (see subsection 121AO(1)) for the applicable accounting day in respect of bonds with a 10 year term.

Capital reserve adequacy shortfall percentage means:

- (a) if, for any future accounting period, the capital reserves of the company are projected to fall below the capital reserve adequacy level (see subsection 121AO(2)) by 1% or more at both the beginning and end of the accounting period—the percentage worked out by averaging the percentages worked out under each of the following subparagraphs:
- (i) 0.2% for each 1% by which the capital reserves are projected to fall below the level at the beginning of the period;
 - (ii) 0.2% for each 1% by which the capital reserves are projected to fall below the level at the end of the period;
- or
- (b) in any other case—nil.

Annual inflation rate assumption

- (7) In working out the existing business value, the annual inflation rate to be applied is worked out using the formula:

$$\frac{10 \text{ year Treasury bond rate}}{\text{(see subsection (6))}} - 4\%$$

Section 121AM

Expenditure assumption

- (8) In working out the existing business value, it is to be assumed that expenditure that the company will incur, in conducting its life insurance business, on recurring items after the demutualisation resolution day will be of the same kinds and amounts (increased to take account of any inflation, using the annual inflation rate in subsection (7)) as the company incurred in the accounting period, or part of an accounting period, ending on the demutualisation resolution day.

Investment return assumption

- (9) In working out the existing business value or the adjusted net worth, it is to be assumed that the annual rate of return on each investment of the company is:
- (a) if the investment is a security with a term less than 2 years or is cash—the Treasury bond rate (see subsection 121AO(1)) for the applicable accounting day in respect of bonds with a 26 week term; or
 - (b) if the investment is any other kind of security—the Treasury bond rate for the applicable accounting day in respect of bonds with a 10 year term; or
 - (c) in any other case—the rate mentioned in paragraph (b), plus 3%.

Future distributable profits assumption

- (10) In working out the existing business value or the adjusted net worth, the future distributable profits are to be determined on the assumption that the company:
- (a) will not distribute its profits so as to cause its capital reserves to fall below the capital reserve adequacy level (see subsection 121AO(2)) applicable to the company; and
 - (b) will distribute all of its profits except to the extent necessary for its capital reserves not to fall below the capital reserve adequacy level.

121AN Net tangible asset value of a general insurance company or mutual affiliate company

- (1) The **net tangible asset value** of a general insurance company, or a mutual affiliate company, that demutualises using a demutualisation method is, in accordance with this section:
- (a) the amount of its assets on the applicable accounting day (see subsection (4));
- reduced by:
- (b) the amount of its liabilities (including future liabilities) arising from its business conducted before that day.

Australian accounting practice

- (2) The amount of the company's assets and liabilities (other than future liabilities) is to be worked out according to Australian accounting practice.

Eligible actuary and Australian actuarial practice

- (3) The amount of the company's future liabilities is to be worked out by an eligible actuary (see subsection 121AO(3)) according to Australian actuarial practice.

Applicable accounting day

- (4) The **applicable accounting day** is:
- (a) if an accounting period of the company ends on the demutualisation resolution day—that day; or
 - (b) in any other case—the last day of the most recent accounting period of the company ending before the demutualisation resolution day.

Adjustment for changes after applicable accounting day

- (5) In a case covered by paragraph (4)(b), if any significant change in the amount of the company's assets or liabilities occurs between the applicable accounting day and the demutualisation resolution day, that amount is to be adjusted to take account of the change.

Section 121AO

Continued business assumption

- (6) In working out the net tangible asset value, it is to be assumed:
- (a) that after the applicable accounting day the company will continue to conduct its business and any other activity in the same way as it did before that day, and that it will not conduct any different business or other activity; and
 - (b) that the demutualisation will not occur.

121AO Treasury bond rate, capital reserve adequacy level, eligible actuary and security

Treasury bond rate

- (1) The **Treasury bond rate** for the applicable accounting day in respect of bonds with a particular term is:
- (a) if any Treasury bonds with that term were issued on the applicable accounting day—the annual yield on those bonds; or
 - (b) in any other case—the annual yield on Treasury bonds with that term, as published by the Reserve Bank of Australia and applicable to the accounting day.

Capital reserve adequacy level

- (2) The **capital reserve adequacy level** for a life insurance company that demutualises is:
- (a) if, after 1 July 1995 and before the applicable accounting day mentioned in subsection 121AM(3) or 121AN(4), a prudential standard made under section 230B of the *Life Insurance Act 1995* in relation to capital adequacy applied to the company—the level of capital reserves required by that standard; or
 - (b) in any other case—the level of capital reserves required to provide adequate capital for the conduct of the life insurance business and other activities of the company.

Eligible actuary

- (3) An **eligible actuary** is a Fellow or Accredited Member of the Institute of Actuaries of Australia who is not an employee of:
- (a) the mutual insurance company or, where demutualisation method 7 applies, the mutual insurance company or the mutual affiliate company; or
 - (b) a subsidiary of that company or, where demutualisation method 7 applies, of either company.

- (a) a bond, debenture, certificate of entitlement, bill of exchange or promissory note; or

 - (c) a secured or unsecured loan.

121AP Subsidiary and wholly-owned subsidiary

- (a) the holding company; or
 - (b) a company that is, or 2 or more companies each of which is, a subsidiary of the holding company; or
 - (c) the holding company and a company that is, or 2 or more companies each of which is, a subsidiary of the holding company.

	(a) modification 1 of item 3, 4, 5, 6, 7 or 11 of this table applies to the disposal; and	1. If the person who is taken to acquire the asset under the roll-over provision disposes of it before the demutualisation listing day, a capital loss that the person makes from the disposal is disregarded.
	(b) a roll-over provision (see note 5 to this table) applies to the disposal.	2. If the person disposes of the asset on or after the demutualisation listing day, then for the purposes of applying the roll-over provision to that disposal, the modifications in the item in this table apply as if modification 1 were not made.

Notes:

1. For the purposes of the table, the *applicable company valuation amount*, in relation to the disposal of an asset or the allocation of an amount to a member in the records of a superannuation fund, is:
 - (a) if the asset is disposed of, or the amount is allocated, before the demutualisation listing day—the pre-listing day company valuation amount; or
 - (b) in any other case—the listing day company valuation amount.

2. The **pre-listing day company valuation amount** is:
- (a) in relation to demutualisation methods 1 to 6, where the mutual insurance company is a life insurance company—the embedded value of the company; or

 - (c) in relation to demutualisation method 7—the sum of the net tangible asset values of the general insurance company and the mutual affiliate company.
3. The **listing day company valuation amount** is the lesser of:
- (a) the pre-listing day company valuation amount; and
 - (b) the amount worked out using the formula:
- | | | |
|--|---|---|
| First trading day price of a listed
ordinary share mentioned in the
demutualisation method concerned | × | Total number of ordinary shares
issued or distributed to, or to be sold
on behalf of, persons in the
policyholder/member group |
|--|---|---|
4. The **demutualisation listing day** is the day on which the ordinary shares mentioned in the demutualisation method concerned are listed.

 - section 128-10 or 128-15, or Division 615, of that Act.
6. A trustee who gets a roll-over under Subdivision 124-M of the *Income Tax Assessment Act 1997* for an original interest consisting of shares issued as part of a demutualisation may be eligible for a further roll-over under Subdivision 126-E of that Act when a beneficiary becomes absolutely entitled to the replacement shares.
