Part III—Liability to taxation

Division 10E—PDFs (pooled development funds)

Subdivision A—Shares in PDFs

124ZM Treatment distributions to shareholders in PDF

Unfranked part of distribution exempt from income tax

- (1) If a company makes a distribution to a shareholder at a time when the company is a PDF, the unfranked part of the distribution is exempt from income tax.

Rest of section deals with franked part

- (2) The rest of this section applies to the franked part of the distribution.

Usual case

- (3) Subsection (4) applies if the assessable income of a year of income of a taxpayer who or that is:
- (a) a company or a natural person (other than a company or natural person in the capacity of a trustee); or
 - (c) a public trading trust in relation to that year of income; or
 - (d) a complying superannuation fund, a non-complying superannuation fund, a complying approved deposit fund, a non-complying approved deposit fund or a pooled superannuation trust in relation to that year of income;
- would (apart from subsection (4)) include:
- (e) the franked part of the distribution; or
 - (f) any of the franked part of the distribution that flows indirectly to the taxpayer.

This subsection does not apply to cases dealt with in subsections (5) and (6).

Section 124ZM

- (4) Subject to subsection (7), the following is exempt income of the taxpayer:
- (a) if paragraph (3)(e) applies—the franked part;
 - (b) if paragraph (3)(f) applies—so much of the franked part of the distribution as flows indirectly to the taxpayer.

Taxpayers who qualify for venture capital franking tax offset

- (5) If a taxpayer (other than a life assurance company) is entitled to a tax offset in relation to the distribution under section 210-170 of the *Income Tax Assessment Act 1997*, then:
- (a) so much of the franked part of the distribution as equals the part of the distribution that is franked with a venture capital credit is exempt income of the taxpayer; and
 - (b) if the franked part exceeds the amount so exempt—the excess is, subject to subsection (7), exempt income of the taxpayer.
- (6) If a life assurance company is entitled to a tax offset in relation to the distribution under section 210-170 of the *Income Tax Assessment Act 1997*, then:
- (a) so much of the franked part of the distribution as equals the amount worked out using the following formula is exempt income of the life assurance company:

$$\text{Venture capital franked part} \times \frac{\text{Complying superannuation class of taxable income}}{\text{Total income}}$$

where:

complying superannuation class of taxable income is the life assurance company's complying superannuation class of taxable income, within the meaning of the *Income Tax Assessment Act 1997*, for the year of income in which the distribution is made.

venture capital franked part is the part of the distribution that is franked with a venture capital credit.

total income is the life assurance company's assessable income for the year of income in which the distribution is made; and

- (b) if the franked part exceeds the amount so exempt—the excess is, subject to subsection (7), exempt income of the life assurance company.

No exemption if return prepared on basis that amount assessable

- (7) Subsection (4) and paragraphs (5)(b) and (6)(b) do not exempt, and are taken never to have exempted, an amount if the taxpayer's return of income of the year of income is prepared on the basis that the amount is included in the taxpayer's assessable income of that year.

Where partner entitled to deduction for amount flowing indirectly

- (8) If:
- (a) any of the franked part of the distribution flows indirectly to a taxpayer who is a partner in a partnership; and
 - (b) apart from this subsection, the amount that flows indirectly would be allowable as a deduction from the taxpayer's assessable income of a year of income; and
 - (c) the taxpayer is of a kind mentioned in any of paragraphs (3)(a) to (d);
- the amount that flows indirectly is not allowable as a deduction from that assessable income.
- (9) Subsection (8) does not prevent, and is taken never to have prevented, an amount from being allowable as a deduction if the taxpayer's return of income of the year of income is prepared on the basis that the amount is so allowable.

Where trustee assessed on amount flowing indirectly

- (10) If:
- (a) any of the franked part of the distribution flows indirectly to the trustee of a trust estate; and

Section 124ZN

- (b) apart from this subsection, the trustee would be liable under section 98, 99 or 99A to be assessed and pay tax on the amount that flows indirectly;
the trustee is not liable under that section to be assessed and to pay tax on the amount that flows indirectly.
- (11) Subsection (10) does not prevent, and is taken never to have prevented, the trustee from being liable under that section to be assessed and to pay tax on an amount if the trustee elects to be so liable.
- (12) An election must be made in the trustee's return of income of the trust estate for the year of income concerned.

Interpretation

- (13) In this section:

flows indirectly has the meaning given by subsection 995-1(1) of the *Income Tax Assessment Act 1997*.

part of a distribution that is franked with a venture capital credit has the meaning given by subsection 995-1(1) of the *Income Tax Assessment Act 1997*.

124ZN Exemption of income from sale of shares in a PDF

Income derived by a taxpayer from selling shares in a company is exempt from income tax if the company is a PDF at the time of the sale.

Note: Any capital gain or capital loss from a disposal of shares in a PDF is disregarded: see section 118-13 of the *Income Tax Assessment Act 1997*.

124ZO Shares in a PDF are not trading stock

Shares in a PDF are not trading stock for the purposes of this Act.

124ZQ Effect of company becoming a PDF

- (1) This section applies to shares in a company that a taxpayer holds when the company becomes a PDF.
- (2) In determining for the purposes of this Act whether an amount is or was allowable as a deduction to the taxpayer in respect of acquiring the shares, the shares are taken to have been shares in a PDF throughout the period beginning immediately before the taxpayer acquired them and ending when the company became a PDF.
- (3) For the purposes of this Act, the shares are taken to have been trading stock of the taxpayer at no time during that period.
- (4) Section 170 does not prevent an assessment from being amended to give effect to this section.

124ZR Effect of company ceasing to be a PDF

- (1) This section applies to shares in a company that a taxpayer holds when the company ceases to be a PDF.
- (2) For the purposes of this Act (except Parts 3-1 and 3-3 (about CGT) of the *Income Tax Assessment Act 1997*), the taxpayer is taken:
 - (a) to have sold the shares immediately before the company ceased to be a PDF; and
 - (b) to have rebought the shares immediately after the company so ceased;for a consideration equal to the market value of the shares immediately after the company so ceased.
- (3) Parts 3-1 and 3-3 (about CGT) of the *Income Tax Assessment Act 1997* apply as if the taxpayer:
 - (a) had disposed of the CGT assets constituted by the shares, and had done so immediately before the company ceased to be a PDF; and
 - (b) had re-acquired those assets immediately afterwards;

Section 124ZS

for an amount equal to the shares' market value immediately after the company so ceased.

SME investment means an investment other than an unregulated investment.

Note: ***SME*** stands for small and medium enterprises.

unregulated investment has the same meaning as in the *Pooled Development Funds Act 1992*.

124ZTA Taxable income in first year as PDF if PDF component is nil

- (1) This section applies if:
 - (a) a company becomes a PDF during a year of income and is still a PDF at the end of the year of income; and
 - (b) the PDF component for the year of income is a nil amount; and
 - (c) the year of income is the 1997-98 year of income or a later one.
- (2) The company's taxable income of the year of income is the amount that, if the period (the ***notional year***) beginning at the start of the year of income and ending immediately before the company becomes a PDF were a year of income of the company, would be the company's taxable income of the notional year.

124ZT SME assessable income

SME assessable income

 - (ii) at a time when the company was a PDF; and

(9C) If:

- (a) apart from this subsection, tax would be payable under subsection 126(1) on an amount of interest paid to a person; and
- (b) section 128F would apply to the interest, assuming that paragraph (1)(e) of that section had not been enacted;

then:

Section 128C

- (c) despite anything else in this section, the interest is taken, for the purposes of this Division, to be income derived by the person and to be income to which this section applies; and
- Note: As a result of this paragraph, the interest will not be subject to tax under subsection 126(1): see paragraph 126(1)(b).
- (d) in addition to the effect of any credit arising under section 18-30 in Schedule 1 to the *Taxation Administration Act 1953* in respect of the interest, the total tax payable by the person, other than under this section, is reduced by the amount of any tax payable under this section on the interest; and
- (e) tax paid under this section on the interest is not an allowable deduction.
- (10) Income tax payable by a person in accordance with this section is in addition to any other income tax payable by him or her upon income to which this section does not apply.
- (11) Income tax payable by a person in accordance with this section upon income to which this section applies by virtue of subsection (2A) or (2C) is in addition to, and shall not be taken into account in arriving at the amount of, any other income tax payable by him or her in respect of that income.

128C Payment of withholding tax

- (1) Withholding tax is due and payable by the person liable to pay the tax at the expiration of 21 days after the end of the month in which the income to which the tax relates was derived by the person.
- (3) If any of the withholding tax which a person is liable to pay remains unpaid after the time by which it is due to be paid, the person is liable to pay the general interest charge on the unpaid amount for each day in the period that:
- (a) started at the beginning of the day by which the withholding tax was due to be paid; and
 - (b) finishes at the end of the last day on which, at the end of the day, any of the following remains unpaid:

Part III Liability to taxation

Section 128C

- (i) the withholding tax;
- (ii) general interest charge on any of the withholding tax.

Note: The general interest charge is worked out under Part IIA of the *Taxation Administration Act 1953*.

(4AA) If:

- (a) a person is liable to pay the general interest charge on an amount of withholding tax which is payable on an amount that, by virtue of the application of section 128AA, is taken to consist of interest paid in relation to the transfer of a qualifying security;
 - (b) the Commissioner is satisfied that:
 - (i) before the security was transferred, a notice expressed to be issued under subsection 265B(4) identifying the security was given by the person, in connection with the transfer, to the transferee;
 - (ii) one or more of the statements made in the notice is incorrect; and
 - (iii) the person did not know of the circumstance referred to in subparagraph (ii) at the time of transfer of the security; and
 - (c) the proper amount of the withholding tax liability of the person exceeds the amount that would have been the amount of the withholding tax liability if it were determined on the basis that the statements made in the notice were correct;
- the Commissioner shall remit so much of the amount of the general interest charge as bears to that amount the same proportion as the amount of the excess referred to in paragraph (c) bears to the amount of withholding tax.
- (6) The ascertainment of the amount of any withholding tax shall not be deemed to be an assessment within the meaning of any of the provisions of this Act.
 - (7) The Commissioner may serve on a person, by post or otherwise, a notice in which is specified:

Section 128D

- (a) the amount of any withholding tax that the Commissioner has ascertained is payable by that person; and
 - (b) the date on which that tax became due and payable.
- (8) The production of a notice served under subsection (7), or of a document under the hand of the Commissioner, a Second Commissioner or a Deputy Commissioner purporting to be a copy of such a notice, is prima facie evidence that the amount of withholding tax specified in the notice became due and payable by the person on whom the notice was served on the date so specified.

128D Certain income not assessable

Income other than income to which section 128B applies by virtue of subsection (2A), (2C) or (9C) of that section upon which withholding tax is payable, or upon which withholding tax would, but for paragraph 128B(3)(ga), (jb) or (m), section 128F, section 128FA or section 128GB, be payable, is not assessable income and is not exempt income of a person.

 - (a) the debenture, an interest in the debenture or the debt interest was being, or would be, acquired either directly or indirectly by an associate of the company; and

 - (b) either:
 - (i) the associate is a non-resident and the associate is not or would not become a lender under the facility in carrying on a business in Australia at or through a permanent establishment of the associate in Australia; or

section, or that the payment or payments were of a greater amount than they would otherwise have been, for the sole or dominant purpose of securing the result that the total amount (in this subsection referred to as the *actual withholding tax*) of withholding tax payable under that section in relation to all attributable agreement payments made under the relevant agreement after the commencement of that section would be less than the amount (in this subsection referred to as the *notional withholding tax*) that would otherwise have been payable;

then, for the purposes of this section, there shall be taken to be an avoided withholding tax amount in relation to the person of an amount equal to the amount by which the notional withholding tax exceeds the actual withholding tax.

- (3) For the purposes of subsection (2), expressions used in that subsection that are also used in section 128AC have the same respective meanings in that subsection as in that section.
- (4) Where there is an avoided withholding tax amount in relation to a person under this section, the person is liable to pay income tax, as imposed by the *Income Tax (Securities and Agreements) (Withholding Tax Recoupment) Act 1986*, in respect of the avoided withholding tax amount.

128NB Special tax payable in respect of certain dealings by current and former offshore banking units

- (1) Where a person who is or has been an offshore banking unit transfers to another person an amount of tax exempt loan money or tax exempt gold, other than by way of:
 - (a) payment in carrying on an OB activity or what would be an OB activity if the person were an OBU; or
 - (b) repayment of an offshore borrowing or offshore gold borrowing;

the person is liable to pay income tax, as imposed by the *Income Tax (Offshore Banking Units) (Withholding Tax Recoupment) Act 1988*, on the lost withholding tax amount in respect of the transfer.

Section 128NB

- (2) For the purposes of subsection (1), the lost withholding tax amount in respect of the transfer is an amount ascertained in accordance with the formula:

$$\text{IWT rate} \times \text{PB rate} \times \text{PB term} \times \text{TA}$$

where:

IWT rate is the rate declared by the Parliament in respect of income to which subsection 128B(5) applies.

PB rate is the prevailing borrowing rate in relation to the person at the time of the transfer.

PB term is the number of years in the prevailing borrowing term in relation to the person at the time of the transfer; and

TA is the amount of tax exempt loan money or tax exempt gold transferred.

- (3) Tax under this section is due and payable by the person liable to pay the tax at the end of:
- (a) 21 days after the end of the month in which the transfer to which it relates takes place; or
 - (b) such further period as the Commissioner, in special circumstances, allows.

Application

- (3A) The Commissioner must not exercise his or her power under paragraph (3)(b) on or after 1 July 2000.

Note: For provisions about collection and recovery of tax on or after 1 July 2000, see Part 4-15 in Schedule 1 to the *Taxation Administration Act 1953*.

- (4) Section 128C (other than subsections (1) and (4AA)) applies, in addition to its application apart from this subsection, as if references in that section to withholding tax were references to tax payable under this section.

Section 128NBA

- (5) The Commissioner may remit the whole or part of an amount of tax payable under this section in relation to the transfer of an amount of tax exempt loan money or tax exempt gold to another person if:
- (a) the Commissioner is satisfied that:
 - (i) the liability to pay the amount of tax arose because the person mistakenly believed, on reasonable grounds, that the other person was a non-resident or an offshore banking unit, that interest payable to the person in respect of the amount transferred would be an outgoing of a particular kind or that the amount transferred was not tax exempt loan money or tax exempt gold; and
 - (ii) the person had taken reasonable steps to ascertain the matter to which the mistaken belief related; or
 - (b) the Commissioner is satisfied that there are special circumstances justifying the remission of the whole or part of the amount of tax.

- (c) *likely application period* has the same meaning as in section 159GK.

159GQ Tax treatment of holder of qualifying security

Accrual amounts to be worked out

- (1) If a taxpayer holds a qualifying security for all or part of a year of income, the effect on the taxpayer's taxable income is determined by working out the accrual amount (see section 159GQB) for each accrual period (see section 159GQA) in the year of income and then summing the accrual amounts.

Positive sum assessable

- (2) If the sum is a positive amount, the amount is included in the assessable income of the taxpayer of the year of income.

Negative sum deductible

- (3) If the sum is a negative amount, a deduction of the amount is allowable in the assessment of the taxpayer of the year of income.

Section 159GQA

159GQA Accrual period

Taxpayer's maximum term to be divided into accrual periods

- (1) The taxpayer's maximum term for the qualifying security is divided into accrual periods in accordance with this section.

Whole year of income

- (2) If a year of income is wholly taken up by any of the taxpayer's maximum term, the year of income is divided into 2 accrual periods of 6 months.

Beginning of taxpayer's maximum term

- (3) If the taxpayer's maximum term begins after the beginning of the year of income:
- (a) if it begins less than 6 months after the beginning of the year of income—the period from the beginning of the taxpayer's maximum term until the middle of the year of income is an accrual period and the second 6 months of the year of income is an accrual period; and
 - (b) in any other case—the part of the year of income taken up by the taxpayer's maximum term is an accrual period.

End of taxpayer's maximum term

- (4) If the taxpayer's maximum term ends before the end of a year of income:
- (a) if it ends no later than 6 months after the beginning of the year of income—the part of the year of income taken up by the taxpayer's maximum term is an accrual period; and
 - (b) in any other case—the first 6 months of the year of income is an accrual period and the period from the middle of the year of income until the end of the taxpayer's maximum term is an accrual period.

Section 159GQB

Example

- (5) For example, if the taxpayer's year of income is a financial year and a security with a 2 year term is issued to the taxpayer on 1 April, the accrual periods will be as follows:

1st year of income	2nd year of income	3rd year of income			
1 Apr.	1 July	1 Jan.	1 July	1 Jan.	1 Apr.
3 month accrual period	6 month accrual period	6 month accrual period	6 month accrual period	3 month accrual period	

159GQB Accrual amount

Formula

- (1) The **accrual amount** for an accrual period is worked out using the formula:

$$[\text{Implicit interest rate} \times \text{Opening balance}] - \text{Periodic interest etc.}$$

Implicit interest rate

- (2) In the formula in subsection (1), **Implicit interest rate** means the rate of interest worked out under section 159GQC (for a fixed return security) or 159GQD (for a variable return security), properly adjusted to take account of the case where the accrual period is less than 6 months.

Opening balance

- (3) In the formula in subsection (1), **Opening balance** means the amount worked out using the formula:

$$\text{Issue/transfer price} + \text{Previous accruals} - \text{Payments}$$

where:

Section 159GQC

Issue/transfer price means the issue price or transfer price, as the case requires, of the security; and

Previous accruals means:

- (a) if paragraph (b) does not apply—the sum, whether positive or negative, of all accrual amounts for previous accrual periods in the taxpayer’s maximum term; or
- (b) if the accrual period is the first in the taxpayer’s maximum term—nil; and

Payments means all payments (other than of periodic interest) made or liable to be made under the security during all previous accrual periods in the taxpayer’s maximum term.

Periodic interest etc.

- (4) In the formula in subsection (1), **Periodic interest etc.** means the sum of:
 - (a) all periodic interest payments made or liable to be made under the security during the accrual period, properly adjusted in the case of any payment made other than at the end of the period; and
 - (b) if any payments (other than of periodic interest) made or liable to be made under the security during the accrual period are made or liable to be made other than at its end—an amount to adjust properly for the making of the payments other than at the end of the period.

159GQC Implicit interest rate for fixed return security

For the purposes of the formula component **Implicit interest rate** in subsection 159GQB(1), the rate of interest for a fixed return security in relation to a taxpayer is the rate of compound interest per period of 6 months at which:

- (a) the sum of the present values of all amounts payable under the security during the taxpayer’s maximum term; equals:

- (b) the issue price or the transfer price, as the case requires, of the security.

159GQD Implicit interest rate for variable return security

Implicit interest rate to be recalculated each year etc.

- (1) For the purposes of the formula component **Implicit interest rate** in subsection 159GQB(1), the rate of interest for a variable return security must be worked out in accordance with subsection (2) separately for each year of income during the taxpayer's maximum term. If there are 2 accrual periods of 6 months in the year of income, the rate is the same for both periods. It is possible for the rate to be negative.

Rate

- (2) The rate applicable in relation to a year of income is the rate of compound interest per period of 6 months in the calculation period (see subsection (3)) at which:
- (a) the sum of the present values of all amounts payable under the security during the calculation period;
- equals:
- (b) the opening balance, mentioned in subsection 159GQB(1), for the accrual period that begins the calculation period.

Calculation period

- (3) The **calculation period** means the part of the taxpayer's maximum term that occurs after the beginning of the year of income.

Where amount payable is not known

- (4) For the purposes of paragraph (2)(a), if by the end of the year of income it is not possible to determine whether an amount will be payable, or the size of the amount that will be payable, after the end of the year of income, the determination is to be made by applying subsection (5), (7) or (11), or a combination of those subsections.

Section 159GQD

Assumption of constant level

- (5) Subject to subsection (7), if an amount payable is worked out to any extent by reference to the amount or level, at a particular time, of a rate, price, index or other thing, it is to be assumed that the rate, price, index or thing will be the same at all times after the end of the year of income as it was at the end of the year of income (or, if it was not available at the end of the year of income, at the time when it was last available in the year of income).

Examples

- (6) For the purposes of subsection (5):
- (a) an example of an amount worked out wholly by reference to the amount of a rate at a particular time is an interest payment under a floating rate note. The amount payable is the product of an interest rate indicator (such as the prevailing bank bill rate) and the face or par value of the note; and
 - (b) an example of an amount worked out wholly by reference to the amount of a price at a particular time is a redemption payment under a commodity linked security where the amount of the payment is the product of the prevailing price of a commodity (such as gold) and the face or par value of the security.

Assumption of continuing rate of change

- (7) If an amount payable is worked out to any extent by reference to the amount of change in an index or other thing that occurs during a period, it is to be assumed that the index or other thing will continue to change at the same rate as it did:
- (a) if the index or other thing was available at the end of the year of income—during the year of income; or
 - (b) in any other case—during the period of 12 months in respect of which the index or other thing was last available in the year of income.

Example

- (8) An example for the purposes of subsection (7) is a payment whose amount is the product of the face or par value of a security and the percentage increase in the All Groups Consumer Price Index number (the **CPI**) during the year ending on 30 June 1995. If the year of income for which the implicit interest rate is being worked out is the 1993-94 year of income and the CPI increases by 2% during the year ending on 31 March 1994 (the date of the last available number during the year of income), the CPI is assumed to increase by 2% during the year ending on 30 June 1995.

Disguised continuing rate of change case

- (9) For the purposes of subsection (7), if an amount payable is worked out to any extent by reference to the quotient of:
- (a) the amount or level of an index or other thing at a particular time; and
 - (b) either:
 - (i) the amount or level of the index or other thing at a different time; or
 - (ii) another amount that, while not expressed to be the amount or level of the index or other thing at a different time, may reasonably be regarded as representing the amount or level of the index or other thing at a different time;

the amount payable is taken to be worked out to that extent by reference to the amount of change in the index or other thing that occurs during the period between the 2 times.

Example

- (10) An example for the purposes of subsection (9) is a payment under a security issued in December 1994 that is worked out by multiplying a number of dollars by the quotient of:
- (a) the All Groups Consumer Price Index number in respect of the quarter ending on 31 December 1997; and

Section 159GR

(b) the number 114.

Assume that the number in paragraph (b) is the same as the All Groups Consumer Price Index number in respect of the quarter ending on 31 December 1994. In this case, it would be reasonable to regard the number as representing the amount of the index at 31 December 1994, and therefore to apply subsection (7).

General assumption

- (11) If it is not possible to make the determination mentioned in subsection (4) in respect of the whole or part of any amount by applying subsection (5) or (7), or both, (for example, because no information about a rate, price or index was available during the year of income), the determination in respect of that whole or part is to be made on the basis of what is most likely in the circumstances.

159GR Consequences of actual payments

- (1) Where a payment (not being a payment that is, or to the extent that it consists of, a periodic interest payment, a redemption payment or a partial redemption payment) is made or liable to be made in a year of income to a taxpayer under a qualifying security:
- (a) no amount shall be included in the assessable income of the taxpayer of the year of income in respect of the payment otherwise than under section 159GQ; and
 - (b) where the taxpayer acquired the qualifying security on transfer—no amount shall be allowable as a deduction from the assessable income of the taxpayer of the year of income in respect of the payment otherwise than under section 159GQ.

159GS Balancing adjustments on transfer of qualifying security

- (1) Where there is a profit amount in relation to the transfer of a qualifying security by a taxpayer in a year of income:
- (a) if there is a net assessable amount in relation to the transfer and:

- (i) the profit amount exceeds the net assessable amount—
an amount equal to the excess shall be included in the assessable income of the taxpayer of the year of income;
or
 - (ii) the net assessable amount exceeds the profit amount—
an amount equal to the excess shall be allowable as a deduction from the assessable income of the taxpayer of the year of income; and
 - (b) if there is a net deductible amount in relation to the transfer—an amount equal to the sum of that amount and the profit amount shall be included in the assessable income of the taxpayer of the year of income.
- (2) Where there is a loss amount in relation to the transfer of a qualifying security by a taxpayer in a year of income and:
- (a) there is a net assessable amount in relation to the transfer—
an amount equal to the net assessable amount shall be allowable as a deduction from the assessable income of the taxpayer of the year of income; or
 - (b) there is a net deductible amount in relation to the transfer that exceeds the loss amount—an amount equal to the excess shall be included in the assessable income of the taxpayer of the year of income.
- (3) For the purposes of the application of this section in relation to the transfer (in this subsection referred to as the *relevant transfer*) of a qualifying security by a taxpayer:
- (a) where the transfer price, as increased by the amount of any payments (other than periodic interest payments) made to the taxpayer under the security in respect of the period when the security was held by the taxpayer exceeds:
 - (i) the issue price of the security; or
 - (ii) where the security was acquired by the taxpayer on transfer—the transfer price in relation to that transfer;
there shall be taken to be a profit amount in relation to the relevant transfer of an amount equal to the excess;

Section 159GT

- (b) where the issue price of the security or, where the security was acquired by the taxpayer on transfer, the transfer price in relation to that transfer exceeds the sum of the transfer price in relation to the relevant transfer and any payments (other than periodic interest payments) made to the taxpayer under the security in respect of the period when the security was held by the taxpayer, there shall be taken to be a loss amount in relation to the relevant transfer of an amount equal to the excess;
- (c) where the sum of all amounts (if any) included under section 159GQ in the assessable income of the taxpayer in respect of the security in respect of the period when the security was held by the taxpayer exceeds the sum of all amounts (if any) allowable under those sections as deductions from the assessable income of the taxpayer in respect of the security in respect of that period, there shall be taken to be a net assessable amount in relation to the relevant transfer of an amount equal to the excess; and
- (d) where the sum of all amounts (if any) allowable under section 159GQ as deductions from the assessable income of the taxpayer in respect of the security in respect of the period when the taxpayer held the security exceeds the sum of all amounts (if any) included under those sections in the assessable income of the taxpayer in respect of the security in respect of that period, there shall be taken to be a net deductible amount in relation to the relevant transfer of an amount equal to the excess.

159GT Tax treatment of issuer of a qualifying security

- (1) Subsections (1A) and (1B) apply if a taxpayer is an issuer of a qualifying security to which this section applies during a period (the *issuer period*) comprising the whole or part of a year of income.
- (1A) If, on the assumptions in subsection (1C), an amount would be included in the taxpayer's assessable income of the year of income in respect of the issuer period, then, subject to this section, the

taxpayer is entitled to a deduction in his or her assessment for the year of income equal to that amount.

- (1B) If, on the assumptions in subsection (1C), a deduction would be allowable in the taxpayer's assessment for the year of income, then an amount equal to the deduction is included in the taxpayer's assessable income of the year of income.
- (1C) For the purposes of subsections (1A) and (1B), the assumptions are that:
- (a) the security was issued to the taxpayer (rather than the taxpayer being the issuer of the security); and
 - (b) the taxpayer held the security during the whole of the issuer period; and
 - (c) the taxpayer did not transfer the security at the end of the issuer period; and
 - (d) sections 159GW, 159GX and 159GY were not enacted.
- (2) A deduction is not allowable to a taxpayer under subsection (1A) in relation to a qualifying security to which this section applies unless the taxpayer would, but for this Division, be entitled to a deduction under section 8-1 of the *Income Tax Assessment Act 1997* in respect of payments (not being redemption payments, partial redemption payments or periodic interest payments) made or liable to be made under the security in respect of the relevant period referred to in that subsection.
- (3) Where a payment (not being a payment that is, or to the extent that it consists of, a periodic interest payment, a redemption payment or a partial redemption payment) is made or liable to be made in a year of income by a taxpayer under a qualifying security to which this section applies, no amount shall be allowable as a deduction from the assessable income of the taxpayer of the year of income in respect of the payment otherwise than under this section.
- (5) Subject to subsection (6), this section applies to:
- (a) any qualifying security issued on or before 22 May 1986; and
 - (b) any qualifying security issued in Australia after 22 May 1986 other than a negotiable instrument issued payable to bearer.

Section 159GU

- (6) This section does not apply to a qualifying security issued by a taxpayer after 5 o'clock in the evening, by standard time in the Australian Capital Territory, on 23 April 1987:
- (a) to, on behalf of or otherwise for the benefit of, a non-resident or a prescribed dual resident associate of the taxpayer; or
 - (b) subject to an agreement between the taxpayer and an associate of the taxpayer under which the security is or was to be transferred to a non-resident or a prescribed dual resident associate of the taxpayer.

159GU Effect of Division on certain transfer profits and losses

- (1) Where, apart from this Division, a profit that is made by a resident taxpayer in relation to a transfer of a qualifying security that does not form part of the trading stock of the taxpayer would be included in the assessable income of the taxpayer of a year of income, the profit shall not be so included in the assessable income of the taxpayer.
- (2) Where, apart from this Division, a loss that is incurred by a resident taxpayer in relation to a transfer of a qualifying security that does not form part of the trading stock of the taxpayer would be allowable as a deduction from the assessable income of the taxpayer of a year of income and there is a net deductible amount, within the meaning of section 159GS, in relation to the transfer, so much only of the amount of the loss as exceeds the net deductible amount shall be so allowable as a deduction.

159GV Consequence of variation of terms of security

- (1) Where, after 22 May 1986, a material variation is made in the terms of a security, for the purposes of the application of this Division in relation to the security in respect of the period after the variation and before any subsequent material variation:
- (a) the security shall be taken to have been issued on the terms on which it was originally issued as varied by the material variation and any prior variation;

- (b) where consideration for the variation is paid or payable by the holder of the security—the issue price of the security shall be taken to be an amount equal to the amount that was the issue price of the security immediately before this application of this subsection increased by the amount of that consideration;
 - (c) where consideration for the variation is paid or payable by the issuer of the security—the issue price of the security shall be taken to be an amount equal to the amount that was the issue price of the security immediately before this application of this subsection reduced by the amount of that consideration; and
 - (d) paragraph (a) of the definition of *qualifying security* in subsection 159GP(1) shall be disregarded.
- (2) Where:
- (a) subsection (1) applies in relation to a security held by a taxpayer in relation to a material variation in the terms of the security; and
 - (b) if:
 - (i) that subsection had effect not only in relation to the period after the variation but also in relation to the whole of the term of the security before the variation; and
 - (ii) any previous material variations were taken into account but any subsequent material variations were disregarded;
- the sum (in this subsection referred to as the *total notional taxable income*) of the taxable incomes of the taxpayer in respect of the year of income in which the variation is made and all previous years of income would have differed from the sum (in this subsection referred to as the *total actual taxable income*) of the actual taxable incomes of the taxpayer of those years of income;
- the following provisions have effect:
- (c) where the total notional taxable income exceeds the total actual taxable income—an amount equal to the excess shall

Section 159GW

- be included in the assessable income of the taxpayer of the year of income in which the variation is made;
- (d) where the total actual taxable income exceeds the total notional taxable income—an amount equal to the excess shall be allowable as a deduction from the assessable income of the taxpayer of the year of income in which the variation is made.
- (3) In this section, a reference to a material variation of the terms of a security is a reference to a variation of the terms of the security:
- (a) that has the effect that a security that was not a qualifying security before the variation would, if the security had been originally issued with the terms as varied and if paragraph (a) of the definition of *qualifying security* in subsection 159GP(1) were disregarded, have been a qualifying security when the security was issued;
- (b) that has the effect that a security that is a qualifying security would, if originally issued with the terms as varied, not have been a qualifying security at the time of issue; or
- (c) that has the effect that the amount, or time of making, of a payment under the security, or that the holder or issuer of the security, is varied.
- (4) Where any right or option under a security to extend the term of, or otherwise vary the effect of, the security is exercised, then, for the purposes of this section, the exercise of that right or option shall be taken to be a variation of the terms of the security to provide for the extension or other effect.

159GW Effect of Division in relation to non-residents

- (1) Subject to subsection (2), where during the whole or a part of a year of income (which whole or part is in this subsection referred to as the *period of non-residence*) a taxpayer is not a resident:
- (a) no amount shall be included in, or allowable as a deduction from, the assessable income of the taxpayer of the year of income under section 159GQ in relation to the period of non-residence; and

Section 159GX

- (c) no amount shall be included in, or allowable as a deduction from, the assessable income of the taxpayer of the year of income under section 159GS in relation to any transfer of the security that occurred during the period of non-residence.
- (2) Where:
- (a) a payment is made or liable to be made under a qualifying security to a resident taxpayer; and
 - (b) the taxpayer was not a resident for the whole or a part (which whole or part is in this subsection referred to as the ***period of non-residence***) of the period during which the taxpayer held the security;
- the following provisions have effect:
- (c) there shall be included in the assessable income of the taxpayer of the year of income in which the payment is made or liable to be made an amount equal to the amount that, but for subsection (1), would have been included in the assessable income of the taxpayer of any year or years of income under section 159GQ in respect of the payment in respect of the period of non-residence;
 - (d) there shall be allowable as a deduction from the assessable income of the taxpayer of the year of income in which the payment is made or liable to be made an amount equal to the amount that, but for subsection (1), would have been allowable as a deduction from the assessable income of the taxpayer of any year or years of income under section 159GQ in respect of the payment in respect of the period of non-residence.

159GX Effect of Division where certain payments not assessable

Where, but for this section, an amount would be included in, or allowable as a deduction from, the assessable income of a taxpayer of a year of income under section 159GQ in respect of the whole or a part of a payment under a qualifying security, no amount shall be so included or allowable unless the payment or a part of the payment, when actually made or liable to be made, would,

Section 159GY

disregarding section 128D, be included in the assessable income of the taxpayer of a year of income.

159GY Effect of Division where qualifying security is trading stock

No amount shall be included in, or allowable as a deduction from, the assessable income of a taxpayer:

- (a) under section 159GQ in relation to a qualifying security in respect of any year or part of a year of income during which the qualifying security forms part of the trading stock of the taxpayer; or
- (c) under section 159GS in relation to the transfer of a qualifying security by the taxpayer where, immediately before the transfer, the qualifying security was or formed part of the trading stock of the taxpayer.

159GZ Stripped securities

(1) Where:

- (a) at any time a taxpayer acquires or acquired a security (in this subsection referred to as the *underlying security*) in relation to which there are or were 2 or more payment rights; and
- (b) the taxpayer transfers or transferred one or some but not all of those rights to a particular person or particular persons jointly;

for the purposes of the application of this Division (including any subsequent application of this subsection) in relation to any period after the transfer of the right or rights:

- (c) instead of the underlying security, there shall be taken to have been originally issued:
 - (i) a separate security under which the payment right or payment rights transferred to the person or persons referred to in paragraph (b) were created;
 - (ii) where at the time at which that right or those rights were transferred, another payment right or other payment rights in relation to the underlying security was or were transferred to another person or to other persons

- jointly—a separate security under which that other right or those other rights were created; and
- (iii) where immediately after the transfer the taxpayer retains or retained any payment right or rights—a separate security under which that right or those rights were created;
- (d) where the underlying security was issued to the taxpayer—the issue price of each separate security referred to in paragraph (c) shall be taken to be so much of the issue price of the underlying security as bears to that amount the proportion that the market value of the separate security at the time of issue of the underlying security bears to the market value of the underlying security at that time; and
- (e) where the underlying security was acquired by the taxpayer on transfer—the transfer price, in relation to that transfer, of each separate security referred to in paragraph (c) shall be taken to be so much of the transfer price of the underlying security as bears to that amount the proportion that the market value of the separate security at the time of transfer bears to the market value of the underlying security at that time.
- (2) Where, by reason of the application of subsection (1) in relation to the transfer after 16 December 1984 of a payment right or payment rights in relation to a security to a particular person or particular persons jointly, the payment right or rights is or are taken to comprise a separate security, then, for the purposes of the application of this Division in relation to the separate security in relation to any period after the transfer, paragraph (a) of the definition of *qualifying security* in subsection 159GP(1) shall be disregarded.
- (3) In subsections (1) and (2), *payment right*, in relation to a security, means a right to receive a particular payment that is liable to be made under the security.
- (4) Where:

Part III Liability to taxation

Division 16E Accruals assessability etc. in respect of certain security payments

Section 159GZ

- (a) at any time a taxpayer acquires or acquired a security (in this subsection referred to as the *underlying security*) on issue or transfer;
- (b) after 16 December 1984, the taxpayer issues a qualifying security (in this subsection referred to as the *stripped security*); and
- (c) but for this subsection, a deduction of an amount equal to the whole or a part of the issue price or, where the underlying security was acquired on transfer, the transfer price of the underlying security would be allowable from the assessable income of the taxpayer of the year of income in which the taxpayer issues the stripped security in respect of the issue of the stripped security;

the amount of the deduction allowable shall be an amount that bears to the issue price or transfer price, as the case may be, of the underlying security the same proportion as the market value of the stripped security at the time of issue or purchase, as the case may be, bears to the market value of the underlying security at that time.

159GZZZF *Effect on subsidiary of share cancellations to which this Division applies*

- (1) Where:
 - (a) this Division applies to a cancellation of shares; and
 - (b) apart from this section, either:

Section 159GZZZG

- (i) the subsidiary concerned would not receive or be entitled to receive any capital proceeds in respect of the cancellation; or
- (ii) the capital proceeds that the subsidiary concerned would receive or be entitled to receive in respect of the cancellation would be less than the adjusted market value of the shares;

the following provisions have effect for the purposes of this Act:

 - (d) where subparagraph (b)(ii) applies—the amount of the capital proceeds that the subsidiary receives or is entitled to receive in respect of the cancellation shall be taken to be increased by an amount so that it equals the adjusted market value of the shares.
- (2) For the purposes of subsection (1), the adjusted market value of the shares is the amount that would have been their market value at the time of the cancellation if the cancellation did not occur and was never proposed to occur.

159GZZZH Post-cancellation disposals of eligible interests etc.

- (1) Where:
- (a) as a result of the application of section 159GZZZF in relation to a cancellation of shares, the subsidiary concerned is taken to have received or to be entitled to receive an amount of capital proceeds or an increase in an amount of capital proceeds (which amount or increase is in this section called the *cancellation adjustment amount*) in relation to the cancellation of the shares; and
 - (b) an eligible entity in relation to the holding company and the subsidiary concerned holds an eligible interest at the time of the share cancellation;

 - (b) if the eligible interest is trading stock—the capital proceeds in respect of any subsequent disposal of the eligible interest shall be taken to be increased by the eligible interest's eligible proportion of the cancellation adjustment amount.
- (3) For the purposes of Parts 3-1 and 3-3 of the *Income Tax Assessment Act 1997*, if a CGT event happens in relation to the eligible interest, the cost base and reduced cost base of the eligible interest is reduced by the eligible interest's eligible proportion of the cancellation adjustment amount.
- (5) This section applies in relation to the acquisition of the eligible interest held by the eligible entity, and to a CGT event happening in relation to the eligible interest, even if the entity was not an eligible entity, and the interest was not an eligible interest, at the time of the acquisition or CGT event.

159GZZZI Additional application of sections 159GZZZG and 159GZZZH to associates

- (1) Subject to this section, where a natural person is an associate of a holding company (otherwise than solely because of being the trustee of a trust estate), sections 159GZZZG and 159GZZZH apply (in addition to any application apart from this application of this section) as if references in those sections to:

Subdivision B—Company buying-back shares

159GZZZN Buy-back and cancellation disregarded for certain purposes

If a company buys-back a share then the buy-back, and any subsequent cancellation of the share, are disregarded for the purposes of:

- (a) determining for the purposes of this Act:
 - (i) whether an amount is included in the assessable income of the company under a provision of this Act (other than a provision of Part 3-1 or 3-3 of the *Income Tax Assessment Act 1997* (about CGT)); or
 - (ii) whether an amount is allowable as a deduction to the company; or
- (b) determining whether the company makes a capital gain or capital loss.

Subdivision C—Off-market purchases

159GZZZP Part of off-market purchase price is a dividend

- (1) For the purposes of this Act, but subject to subsection (1A), where a buy-back of a share or non-share equity interest by a company is an off-market purchase, the difference between:
 - (a) the purchase price; and
 - (b) the part (if any) of the purchase price in respect of the buy-back of the share or non-share equity interest which is debited against amounts standing to the credit of:
 - (i) the company's share capital account if it is a share that is bought back; or

Section 159GZZZQ

- (ii) the company's share capital account or non-share capital account if it is a non-share equity interest that is bought back;
- is taken to be a dividend paid by the company:
- (c) to the seller as a shareholder in the company; and
 - (d) out of profits derived by the company; and
 - (e) on the day the buy-back occurs.
- (1A) If the dividend is included to any extent in the seller's assessable income of any year of income, it is not taken into account to that extent under section 118-20 of the *Income Tax Assessment Act 1997*.
- (2) The remainder of the purchase price is taken not to be a dividend for the purposes of this Act.

159GZZZQ Consideration in respect of off-market purchase

- (1) Subject to this section, if a buy-back of a share is an off-market purchase, then:
- (a) in determining, for the purposes of this Act:
 - (i) whether an amount is included in the assessable income of the seller under a provision of this Act other than Parts 3-1 and 3-3 of the *Income Tax Assessment Act 1997* (about CGT); or
 - (ii) whether an amount is allowable as a deduction to the seller; or
 - (b) whether the seller makes a capital gain or capital loss; in respect of the buy-back, the seller is taken to have received or to be entitled to receive, as consideration in respect of the sale of the share, an amount equal to the purchase price in respect of the buy-back.

Deemed consideration increased to market value

- (2) If apart from this section:
- (a) the purchase price in respect of the buy-back;

Section 159GZZZQ

is less than:

- (b) the amount that would have been the market value of the share at the time of the buy-back if the buy-back did not occur and was never proposed to occur;

then, subject to subsection (3), in making the determinations mentioned in paragraphs (1)(a) and (b), the amount of consideration that the seller is taken to have received or to be entitled to receive in respect of the sale of the share is equal to the market value mentioned in paragraph (b) of this subsection.

Deemed consideration reduced where dividend assessable etc.

- (3) Subject to subsection (8), if there is a reduction amount in respect of the buy-back (see subsection (4)), then, in making the determinations mentioned in paragraphs (1)(a) and (b), the amount of consideration that the seller is taken to have received or to be entitled to receive in respect of the sale of the share, after any application of subsection (2), is reduced by the reduction amount.

Reduction amount

- (4) The following steps are to be taken in working out whether there is a reduction amount in respect of the buy-back:
 - (a) first, work out whether the whole or part of the purchase price in respect of the buy-back is taken to be a dividend by section 159GZZZP;
 - (b) second, for any amount satisfying paragraph (a), work out whether the whole or part of it is either:
 - (i) included in the seller's assessable income of any year of income (disregarding section 128D of this Act and section 802-15 of the *Income Tax Assessment Act 1997*); or
 - (ii) an eligible non-capital amount (see subsection (5)).

The amount worked out is the **reduction amount** in respect of the buy-back.

Eligible non-capital amount

Section 159GZZZQ

- (5) An amount is an **eligible non-capital amount** if it is neither:
- (a) debited against a share capital account or a reserve to the extent that it consists of profits from the revaluation of assets of the company that have not been disposed of by the company; nor
 - (b) attributable, either directly or indirectly, to amounts that were transferred from such an account or reserve of the company.

Debit for deemed dividend

- (7) For the purposes of subsection (5), an amount of the purchase price that is taken to be a dividend by section 159GZZZP is taken to have been debited against the account or reserves against which the purchase price was debited, and to the same extent.

Offsetable amount excluded from reduction where loss

- (8) If:
- (aa) the seller is a corporate tax entity; and
 - (a) the amount of consideration that the seller is taken by subsection (1) or (2) to have received or to be entitled to receive in respect of the sale of the share is, apart from this subsection, reduced by a reduction amount under subsection (3); and
 - (b) the dividend mentioned in paragraph (4)(a), so far as it does not exceed the reduction amount, consists to any extent of an offsetable amount (see subsection (9)); and
 - (c) disregarding this subsection, as a result of the operation of this section:
 - (i) for the purposes of Parts 3-1 and 3-3 of the *Income Tax Assessment Act 1997* (about CGT), the seller incurs a capital loss or an increased capital loss (which loss or increase is the **loss amount**) in respect of the buy-back; or
 - (ii) a loss, or an increased loss, (which loss or increase is also the **loss amount**) in respect of the buy-back is allowable as a deduction to the seller under a provision

Section 159GZZZR

of a Part of this Act other than Part 3-1 or 3-3 of the *Income Tax Assessment Act 1997*; or

- (iii) the amount of a deduction allowable from the seller's assessable income of any year of income in respect of the issue or acquisition of the share exceeds, or exceeds by a greater amount, (the excess or increased excess is also the **loss amount**) the amount included in the seller's assessable income of any year of income in respect of the buy-back of the share;

then the reduction in the amount of the consideration under subsection (3) is instead a reduction equal to:

- (d) the reduction amount;

less:

- (e) so much of the offsetable amount as does not exceed the loss amount.

Meaning of offsetable amount

- (9) For the purposes of subsection (8), if the seller is entitled to a tax offset under Division 207 of the *Income Tax Assessment Act 1997* in the seller's assessment for a year of income in respect of the dividend, the dividend consists of an **offsetable amount** worked out using the formula:

$$\frac{\text{Amount of offset}}{\text{Corporate tax rate}}$$

Subdivision D—On-market purchases

159GZZZR No part of on-market purchase price is a dividend

For the purposes of this Act, where a buy-back by a company of a share is an on-market purchase, no part of the purchase price in respect of the buy-back of the share is taken to be a dividend.

159GZZZS Consideration in respect of on-market purchase

Where a buy-back is an on-market purchase, then:

(a) in determining, for the purposes of this Act:

- (5A) A taxpayer being the trustee of a complying superannuation fund, a non-complying superannuation fund, a complying approved deposit fund, a non-complying approved deposit fund or a pooled superannuation trust is entitled in the taxpayer's assessment in respect of income of a year of income to a rebate of tax equal to the statutory percentage of any eligible section 26AH amount included in the taxpayer's assessable income of the year of income.

- (6) Where an eligible 26AH amount is included in the assessable income of a partnership of a year of income in the calculation of the net income or partnership loss of the partnership of the year of income, a partner in the partnership is entitled in his or her assessment in respect of income of the year of income to a rebate of tax equal to the statutory percentage of the amount by which the taxable income of the partner of the year of income exceeds the amount that could reasonably be expected to be that taxable

Section 160AD

income if the eligible 26AH amount had not been included in the assessable income of the partnership of the year of income.

160AD Maximum amount of rebates

Notwithstanding anything contained in this or any other Act, the sum of the rebates allowable under this Act shall not exceed the amount of tax which would otherwise be payable by the taxpayer.

160ADA Most tax offsets under the 1997 Assessment Act are treated as rebates

A tax offset under a provision of the *Income Tax Assessment Act 1997* is taken to be a rebate for the purposes of this Act, unless that provision corresponds to a provision of this Act that provides for a credit.

Note: If the tax offset provision does correspond to a credit provision, the tax offset is treated as a credit: see section 6D.

Part IIIB—Australian branches of foreign banks

Division 1—Preliminary

160ZZVA Object

- (1) The object of this Part is:
- (a) to assist in calculating that part of a foreign bank's taxable income that is referable to certain activities of its Australian branch; and
 - (b) to make it clear that withholding tax will apply to amounts that are taken by this Part to be interest paid by the branch to the bank.

Note: This Part also:

- (a) applies to foreign entities that are financial entities in the same way as it applies to foreign banks; and
- (b) applies to permanent establishments in Australia of foreign entities that are financial entities in the same way as it applies to Australian branches of foreign banks.

See Division 4.

- (2) For the purpose of achieving the object mentioned in subsection (1), this Part requires, in the circumstances stated in this Part and not otherwise, that the Australian branch is to be treated as if it were a separate legal entity from the bank.

160ZZVB Application

- (1) It is the intention that, in so far as this Part is to be applied to identify amounts of income and expenditure that are taken into account in calculating that part of a foreign bank's taxable income of a year of income that is referable to certain activities of its Australian branch, the provisions of this Part are to be applied in their entirety.
- (2) If, as a result of the application of this Part:

Section 160ZZV

- (a) the taxable income of a year of income of a foreign bank that is attributable to activities carried on by the bank through its Australian branch is greater than the amount that would be that taxable income if this Part did not apply; or
 - (b) a foreign bank would be taken not to incur a loss in a year of income in respect of activities carried on by the bank through its Australian branch that it would be taken to have incurred if this Part did not apply; or
 - (c) the amount of a loss that a foreign bank would be taken to incur in a year of income in respect of activities carried on by the bank through its Australian branch is less than the amount of the loss that it would be taken to have incurred if this Part did not apply;
- the bank may elect that this Part is not to apply in the calculation of its taxable income of that year of income.
- (3) If a foreign bank makes an election as mentioned in subsection (2):
- (a) this Part does not apply in the calculation of the bank's taxable income of the year of income to which the election relates and the bank may furnish returns, and is liable to pay tax, accordingly; but
 - (b) the election does not affect the operation of this Part in respect of the application of withholding tax to amounts that are taken by this Part to be interest paid by the branch to the bank.

160ZZV Definitions

In this Part, unless the contrary intention appears:

accounting records includes:

- (a) invoices, receipts, vouchers and other documents of prime entry; and
- (b) any working papers and other documents that are necessary to explain the methods and calculations by which accounts are made up.

foreign bank means a body corporate that is a foreign ADI (authorised deposit-taking institution) for the purposes of the *Banking Act 1959*.

foreign exchange transaction means a transaction by which different currencies are exchanged.

160ZZW Certain provisions to apply as if Australian branch of foreign bank were a separate legal entity

- (1) Subsections (2), (3), (4) and (5) apply only:
 - (a) for the purposes of sections 160ZZZ, 160ZZZA, 160ZZZC, 160ZZZE and 160ZZZF as they have effect in the determination under this Act of the liability of a foreign bank to tax (other than withholding tax) in respect of income derived from an Australian branch of the bank; and

Section 160ZZW

- (b) for the purposes of the provisions of this Act other than this Part as those provisions apply in relation to amounts that are taken by this Part to have been received from a foreign bank by its Australian branch or to have been paid to a foreign bank by its Australian branch; and
- (c) for the purposes of section 160ZZZJ as it has effect in determining the liability of a foreign bank to withholding tax in respect of amounts paid to the bank by an Australian branch of the bank.
- (1A) To avoid doubt, subsection (2) applies for the purposes of applying Subdivision 230-A of the *Income Tax Assessment Act 1997* to a financial arrangement (within the meaning of that Act).
- Note: This means that it is possible for financial arrangements to be entered into between the bank and the branch and for the bank or the branch to have a gain or loss from such an arrangement dealt with under Division 230 of the *Income Tax Assessment Act 1997*.
- (2) The branch and the bank are taken to be, and to have been since the time of establishment of the branch, separate legal entities.
- Note: For cross-border transfer pricing, the rules in Subdivision 815-B of the *Income Tax Assessment Act 1997* apply to the separate legal entity, rather than the rules for permanent establishments in Subdivision 815-C: see subsection 815-210(3) of that Act.
- (3) The branch is taken to be, and to have been since the time of its establishment, a company having a share capital all the shares in which are or were beneficially owned by the bank.

- (2) If an amount has been made available by the branch to the bank in purported repayment of an amount that is taken, under subsection (1), to have been borrowed by the branch from the bank and the amount so made available is recorded in the branch's accounting records as having been repaid by the branch to the bank, the amount that was so taken to have been borrowed is taken, for the purposes of this Act, to have been repaid by the branch to the bank when the amount became so available and to have been so repaid in the currency in which the amount became so available.

160ZZZA Notional payment of interest by branch to bank

- (1) If, under section 160ZZZ, an amount is taken, for the purposes of this Act, to have been borrowed (the *notional borrowing*) in a

particular currency from a foreign bank by an Australian branch of the bank, the following provisions have effect:

- (a) at any time (the *relevant time*) when, in respect of the notional borrowing, an amount (the *notional amount of interest*) is entered in the branch's accounting records as interest for a period fixed by the bank, interest is taken, for the purposes of this Act, to be incurred by the branch, paid by the branch to the bank, and derived by the bank, in respect of the notional borrowing;
 - (b) subject to the application of paragraph (c), the notional amount of interest is taken, for the purposes of this Act, to be the amount of interest so taken to be paid;
 - (c) if the interest on the notional borrowing at the relevant time was at a rate of interest that exceeded the LIBOR that was applicable at the beginning of the relevant interest calculation period in relation to the notional borrowing, there is taken to have been entered in the branch's accounting records at the relevant time, in lieu of the notional amount of interest, the amount that would have been so entered if interest on the notional borrowing for the relevant interest calculation period had been calculated at the LIBOR that was applicable at the beginning of that period.
- (2) For the purposes of this section, a reference to the LIBOR that was applicable at the beginning of the relevant interest calculation period in relation to the notional borrowing is a reference to:
- (a) the LIBOR applicable at the beginning of that period in respect of advances in the currency of that borrowing for a term the number of days in which was equal to the number of days in that period; or
 - (b) if there was no LIBOR applicable at the beginning of that period in respect of advances in the currency of that borrowing for such a term:
 - (i) the LIBOR applicable at the beginning of that period in respect of advances in that currency for a term the number of days in which most nearly approximated the number of days in that period; or

Section 160ZZZC

- (ii) if there were different LIBORs so applicable for different terms the number of days in each of which could be described as having most nearly approximated the number of days in that period—the LIBOR so applicable for the shorter of those terms.
- (3) For the purposes of this section:
- (a) a reference to LIBOR, in relation to a particular time, is a reference to the rate of interest applicable at that time in relation to banks in the London inter bank market as determined by reference to the Reuter Monitor Money Rates Service or any other published source; and

160ZZZE Notional derivative transactions between branch and bank

If the accounting records of an Australian branch of a foreign bank reflect a derivative transaction notionally entered into by the branch with the bank:

- (a) the notional transaction is taken to be a transaction entered into by the branch with the bank; and

- (b) any amount entered in the branch's accounting records as a payment or receipt in respect of the notional transaction is taken, for the purposes of this Act, to be an amount paid or received by the branch, as the case may be, in respect of the derivative transaction when the amount was so entered.

160ZZZF Notional foreign exchange transactions between branch and bank

If the accounting records of an Australian branch of a foreign bank reflect a foreign exchange transaction notionally entered into by the branch with the bank:

160ZZZJ Withholding tax on interest paid by branch to bank

- (1) If:
- (a) an amount of interest is taken under section 160ZZZA to be paid to, and derived by, a foreign bank by an Australian branch of the bank; and
 - (b) apart from this section, section 128B of this Act, and Subdivision 12-F in Schedule 1 to the *Taxation Administration Act 1953*, would apply to an amount (the **taxable amount**) that comprises the whole or a part of the amount so taken to be paid;
- the following subsections have effect.
- (2) Section 128B of this Act, and Subdivision 12-F in Schedule 1 to the *Taxation Administration Act 1953*, apply only to the amount worked out using the formula:

$$\frac{\text{Taxable amount}}{2}$$

- (3) An amount to which section 128B applies because of subsection (2) of this section is taken, for the purposes of section 128C, to be income that was derived by the bank when the amount of interest referred to in paragraph (1)(a) is taken to have been paid to the bank.

Division 5—Modifications relating to hybrid mismatch rules

160ZZZL Certain “hybrid mismatch” deductions denied

- (1) Subsection (2) applies if:
 - (a) either:
 - (i) an amount of interest (a *notional payment*) is taken under section 160ZZZA to be incurred by an Australian branch of a foreign bank in respect of a notional borrowing; or
 - (ii) an amount (also a *notional payment*) is taken under section 160ZZZE to be an amount paid by an Australian branch of a foreign bank in respect of a notional derivative transaction; and
 - (b) the amount would, apart from this section, give rise to a deduction for the Australian branch in a year of income; and
 - (c) the amount of the deduction exceeds the amount worked out under subsection (3).

Neutralising hybrid mismatch outcomes

- (2) So much of the deduction as equals the excess worked out under paragraph (1)(c) is not allowable as a deduction for the year of income.

Extent to which notional payment gives rise to a deduction/non-inclusion outcome

- (3) For the purposes of paragraph (1)(c), sum the following amounts:
 - (a) the amount of the notional payment that is subject to foreign income tax;
 - (b) so much (if any) of the amount of the notional payment as it is reasonable to conclude is effectively funding expenses covered by subsection (4) or (5) (about non-deductible third party expenses);

Section 160ZZZL

- (c) the amount (if any) of income or profits of the Australian branch that is both:
 - (i) subject to Australian income tax for the purposes of subsection 832-680(1) of the *Income Tax Assessment Act 1997* in the year of income mentioned in paragraph (1)(b); and
 - (ii) subject to foreign income tax for the purposes of subsection 832-680(1) of the *Income Tax Assessment Act 1997* in the foreign country in which the foreign bank is a resident.

Non-deductible third party expenses

 - (a) the notional payment is in respect of a notional borrowing; and
 - (b) it is reasonable to conclude that the notional borrowing is effectively funded by actual borrowings by the foreign bank;then the expenses in respect of the actual borrowings are covered by this subsection to the extent (if any) that those expenses do not give rise to foreign income tax deductions.
- (5) For the purposes of paragraph (3)(b), if:
 - (a) the notional payment is in respect of a notional derivative transaction; and
 - (b) it is reasonable to conclude that the foreign bank has hedged or managed all or part of its risk in relation to the notional derivative transaction by entering into actual transactions;then the expenses in respect of the actual transactions are covered by this subsection to the extent (if any) that those expenses do not give rise to foreign income tax deductions.

Safe harbour

- (6) The deduction is taken for the purposes of paragraph (1)(c) not to exceed the amount worked out under subsection (3) if the foreign bank adopts a recognised transfer pricing methodology in

allocating expenditure and income between itself and all its branches.

160ZZZN Adjusting if Australian branch derives dual inclusion income in a later year

- (1) There is an adjustment under subsection (2) for the Australian branch in a year of income (the *adjustment year*) if:
 - (a) an amount of a deduction was not allowable for the branch in an earlier year of income under subsection 160ZZZL(2); and
 - (b) this Part applies in the calculation of the foreign bank's taxable income in the adjustment year; and
 - (c) an amount of income or profits of the Australian branch is:
 - (i) subject to Australian income tax for the purposes of subsection 832-680(1) of the *Income Tax Assessment Act 1997* in the adjustment year; and
 - (ii) subject to foreign income tax for the purposes of that subsection in the foreign country in which the foreign bank is a resident.
- (2) So much of the amount of income or profits that satisfies paragraph (1)(c) as does not exceed the amount of the deduction that was not allowable is an amount the Australian branch can deduct in the adjustment year.
- (3) For the purposes of a later application of this section, treat the amount of the deduction that was not allowable under subsection 160ZZZL(2) as being reduced by the amount deducted under subsection (2).

160ZZZP Dual inclusion income not to be applied more than once

- (1) For the purposes of paragraphs 160ZZZL(3)(c) and 160ZZZN(1)(c), an amount of income or profits is to be disregarded if:
 - (a) the amount is dual inclusion income; and
 - (b) the amount has been applied by a provision of Division 832 of the *Income Tax Assessment Act 1997*.

Section 160ZZZR

- (2) For the purposes of Division 832 of that Act, an amount of dual inclusion income is not available to be applied by a provision of that Division if it has been taken into account under paragraph 160ZZZL(3)(c) or subsection 160ZZZN(2).

- (b) before that time, no return has been given, and no assessment has been made, in relation to the taxpayer in respect of the income of the year of income;

the following provisions apply:

- (c) the Commissioner is taken to have made an assessment of:
- (i) the taxable income or net income (or an assessment that there is no taxable income or net income); and
 - (ii) the tax payable on that income (or that no tax is payable); and
 - (iii) the total of the taxpayer's tax offset refunds for the year of income (or that the taxpayer can get no such refunds);
- in accordance with what the taxpayer specified in the return;
- (d) the assessment is taken to have been made on the day on which the return is lodged;
- (e) on and after the day on which the Commissioner is taken to have made the assessment, the return is taken to be a notice of the assessment:

169 Assessments on all persons liable to tax

Where under this Act any person is liable to pay tax (including a nil liability), the Commissioner may make an assessment of the amount of such tax (or an assessment that no tax is payable).

169AA Consolidated assessments

- (1) This section applies if 2 or more persons (the *recipients*) are in receipt of income, or of profits or gains of a capital nature, for or on behalf of:
 - (a) a non-resident; or

- (2) Despite subsection (1), if, in a document given with a return of income of a taxpayer of a year of income and signed by or on behalf of the taxpayer, a question is raised:
- (a) that is relevant to the liability of the taxpayer in respect of the year of income; and
 - (b) on which the taxpayer is not entitled to apply for a private ruling under Division 359 in Schedule 1 to the *Taxation Administration Act 1953*;
- the Commissioner must give attention to that question.

- (a) for a particular purpose; and
 - (b) within a particular period (the *later amendment period*).

Extensions—applications by taxpayer

- (2) Section 170 does not prevent the Commissioner amending the assessment even though the later amendment period has ended if the taxpayer applies:
- (a) before the end of the later amendment period; and
 - (b) in the approved form mentioned in subsection 170(5);
- for an amendment for the purpose mentioned in paragraph (1)(a) of this section. The Commissioner may amend the assessment to give effect to the decision on the application.

Section 170B

170B Protection for anticipation of certain discontinued announcements

Limit on amending assessments

- (1) The Commissioner cannot amend an assessment of a taxpayer about a particular in a way that would produce a less favourable result for the taxpayer if:
 - (a) the taxpayer has anticipated amendments (see subsection (3)); and
 - (b) in making the assessment, the particular was ascertained on the basis of the taxpayer's anticipated amendments having been made; and
 - (c) that way of amending the assessment would instead ascertain the particular on the basis of the anticipated amendments *not* having been made.

Anticipation not to give rise to administrative overpayment

- (2) If ascertaining that particular on the basis of the taxpayer's anticipated amendments *not* having been made:
 - (a) would not result in an amendment of the assessment; but
 - (b) would, apart from this subsection, result in an amount the Commissioner paid to the taxpayer on the basis of the assessment being an administrative overpayment (within the meaning of section 8AAZN of the *Taxation Administration Act 1953*);the amount of the administrative overpayment is taken, for the purposes of the taxation law, to be an amount to which the taxpayer is entitled.

Meaning of anticipated amendments

- (3) One or more hypothetical amendments of the taxation law, taken together, are **anticipated amendments** a taxpayer has if:
 - (a) the amendments, if made, would reasonably reflect an announcement mentioned in the table in subsection (8); and
 - (b) a statement made by or on behalf of the taxpayer:

Section 170B

- (i) is consistent with the amendments having been made; and
- (ii) is made in good faith; and
- (iii) meets the timing requirement in column 2 of an applicable item of the following table.

Timing requirements for statements

Item	Column 1 In this case:	Column 2 The timing requirement is:
1	The statement is made in a return lodged on or before 14 December 2013	The return: <ul style="list-style-type: none"> (a) is lodged in the period that the announcement is on foot (see subsection (8)); and (b) was not required to be lodged before the start of that period.
2	The statement is made otherwise than in a return	The statement is made in the period that the announcement is on foot.
3	All of the following apply: <ul style="list-style-type: none"> (a) the statement is made in a return of the taxpayer lodged after 14 December 2013; (b) the return was not required to be lodged on or before that date; (c) just before the statement is made, no return has been given, and no assessment has been made, in relation to the taxpayer in respect of the year of income to which the statement relates 	The statement relates to the application of the taxation law (as hypothetically amended by the amendments) to events or circumstances: <ul style="list-style-type: none"> (a) that happened or existed on or before 14 December 2013; or (b) to the happening or existence of which the taxpayer had definitively committed on or before 14 December 2013.

- (4) In determining, for the purpose of paragraph (3)(a), whether amendments would reasonably reflect an announcement, have regard to the following:
 - (a) the terms of the announcement;

Section 170B

- (b) any related document published after the announcement on behalf of the Commonwealth Government, the Department of the Treasury or the Commissioner;
- (c) if the announcement proposes to apply to a particular kind of scheme or practice—that kind of scheme or practice;
- (d) existing provisions of the taxation law, if:
 - (i) the announcement proposes to effect a particular result in relation to the operation of the taxation law; and
 - (ii) those existing provisions effect that result, or a substantially similar result, in relation to another matter;
- (e) any other relevant matter.

Operation of section

- (5) Subsections (1) and (2) apply despite any other provision of the taxation law, apart from subsections (6) and (7), (which are about exceptions).

Exceptions

- (6) Subsection (1) does not prevent an amendment if:
 - (a) the taxpayer applies for the amendment; or
 - (b) the Commissioner may make the amendment in accordance with item 6 (objection, review or appeal) of the table in subsection 170(1).
- (7) Subsections (1) and (2) do not apply in relation to a particular ascertained on the basis of a taxpayer's anticipated amendments, in any year of income, if:
 - (a) the taxpayer makes a statement (in a return of income or otherwise) for a later year of income that is not consistent with the taxpayer's anticipated amendments; and
 - (b) if the assessment for the later year of income was to be made on the basis of the taxpayer's anticipated amendments, instead of on the basis of the statement, the result would be less favourable to the taxpayer in that year of income.

Section 170B

Note: An amendment of an assessment can be made at any time to give effect to this subsection (see item 27A of the table in subsection 170(10)).

Section 177CB

177CB The bases for identifying tax benefits

- (1) This section applies to deciding, under section 177C, whether any of the following (*tax effects*) would have occurred, or might reasonably be expected to have occurred, if a scheme had not been entered into or carried out:
 - (a) an amount being included in the assessable income of the taxpayer;
 - (b) the whole or a part of a deduction not being allowable to the taxpayer;
 - (c) the whole or a part of a capital loss not being incurred by the taxpayer;
 - (ca) the whole or a part of a loss carry back tax offset not being allowable to the taxpayer;
 - (d) the whole or a part of a foreign income tax offset not being allowable to the taxpayer;
 - (daa) the whole or a part of an innovation tax offset not being allowable to the taxpayer;
 - (da) the whole or a part of an exploration credit not being issued to the taxpayer;
 - (e) the taxpayer being liable to pay withholding tax on an amount;
 - (f) the whole or a part of a refundable R&D tax offset, or of a non-refundable tax offset, not being allowable to the taxpayer.
- (2) A decision that a tax effect would have occurred if the scheme had not been entered into or carried out must be based on a postulate that comprises only the events or circumstances that actually happened or existed (other than those that form part of the scheme).
- (3) A decision that a tax effect might reasonably be expected to have occurred if the scheme had not been entered into or carried out must be based on a postulate that is a reasonable alternative to entering into or carrying out the scheme.

- (4) In determining for the purposes of subsection (3) whether a postulate is such a reasonable alternative:
- (a) have particular regard to:
 - (i) the substance of the scheme; and
 - (ii) any result or consequence for the taxpayer that is or would be achieved by the scheme (other than a result in relation to the operation of this Act); but
 - (b) disregard any result in relation to the operation of this Act that would be achieved by the postulate for any person (whether or not a party to the scheme).
- (5) Subsection (4) applies in relation to the scheme as if references in that subsection to the operation of this Act included references to the operation of any foreign law relating to taxation:
- (a) if this Part applies to the scheme because of section 177DA or 177J; or
 - (b) for the purposes of determining whether this Part applies to the scheme because of section 177DA or 177J.

177D Schemes to which this Part applies

Scheme for purpose of obtaining a tax benefit

- (1) This Part applies to a scheme if it would be concluded (having regard to the matters in subsection (2)) that the person, or one of the persons, who entered into or carried out the scheme or any part of the scheme did so for the purpose of:
- (a) enabling a taxpayer (a **relevant taxpayer**) to obtain a tax benefit in connection with the scheme; or
 - (b) enabling the relevant taxpayer and another taxpayer (or other taxpayers) each to obtain a tax benefit in connection with the scheme;
- whether or not that person who entered into or carried out the scheme or any part of the scheme is the relevant taxpayer or is the other taxpayer or one of the other taxpayers.

Section 177D

Have regard to certain matters

- (2) For the purpose of subsection (1), have regard to the following matters:
- (a) the manner in which the scheme was entered into or carried out;
 - (b) the form and substance of the scheme;
 - (c) the time at which the scheme was entered into and the length of the period during which the scheme was carried out;
 - (d) the result in relation to the operation of this Act that, but for this Part, would be achieved by the scheme;
 - (e) any change in the financial position of the relevant taxpayer that has resulted, will result, or may reasonably be expected to result, from the scheme;
 - (f) any change in the financial position of any person who has, or has had, any connection (whether of a business, family or other nature) with the relevant taxpayer, being a change that has resulted, will result or may reasonably be expected to result, from the scheme;
 - (g) any other consequence for the relevant taxpayer, or for any person referred to in paragraph (f), of the scheme having been entered into or carried out;
 - (h) the nature of any connection (whether of a business, family or other nature) between the relevant taxpayer and any person referred to in paragraph (f).

Note: Section 960-255 of the *Income Tax Assessment Act 1997* may be relevant to determining family relationships for the purposes of paragraphs (f) and (h).

Tax benefit

- (3) Despite subsection (1), this Part applies to the scheme only if the relevant taxpayer has obtained, or would but for section 177F obtain, a tax benefit in connection with the scheme.

When schemes entered into etc.

- (4) Despite subsection (1), this Part applies to the scheme only if:
-

Section 177DA

- (a) the scheme has been or is entered into after 27 May 1981; or
- (b) the scheme has been or is carried out or commenced to be carried out after that day (and is not a scheme that was entered into on or before that day).

Schemes outside Australia

- (5) This section applies whether or not the scheme has been or is entered into or carried out in Australia or outside Australia or partly in Australia and partly outside Australia.

177DA Schemes that limit a taxable presence in Australia*Scheme for a purpose including obtaining a tax benefit etc.*

- (1) Without limiting section 177D, this Part also applies to a scheme if:
 - (a) under, or in connection with, the scheme:
 - (i) a foreign entity makes a supply to an Australian customer of the foreign entity; and
 - (ii) activities are undertaken in Australia directly in connection with the supply; and
 - (iii) some or all of those activities are undertaken by an Australian entity who, or are undertaken at or through an Australian permanent establishment of an entity who, is an associate of or is commercially dependent on the foreign entity; and
 - (iv) the foreign entity derives ordinary income, or statutory income, from the supply; and
 - (v) some or all of that income is not attributable to an Australian permanent establishment of the foreign entity; and
 - (b) it would be concluded (having regard to the matters in subsection (2)) that the person, or one of the persons, who entered into or carried out the scheme or any part of the scheme did so for a principal purpose of, or for more than one principal purpose that includes a purpose of:

Section 177DA

- (i) enabling a taxpayer (a *relevant taxpayer*) to obtain a tax benefit, or both to obtain a tax benefit and to reduce one or more of the relevant taxpayer's liabilities to tax under a foreign law, in connection with the scheme; or
 - (ii) enabling the relevant taxpayer and another taxpayer (or other taxpayers) each to obtain a tax benefit, or both to obtain a tax benefit and to reduce one or more of their liabilities to tax under a foreign law, in connection with the scheme;
- whether or not that person who entered into or carried out the scheme or any part of the scheme is the relevant taxpayer or is the other taxpayer or one of the other taxpayers; and
- (c) the foreign entity is a significant global entity for a year of income in which the relevant taxpayer, or one or more other taxpayers, would (but for this Part):
 - (i) obtain a tax benefit; or
 - (ii) reduce one or more of their liabilities to tax under a foreign law;in connection with the scheme.

Have regard to certain matters

- (2) For the purposes of paragraph (1)(b), have regard to the following matters:
 - (a) the matters in subsection 177D(2);
 - (b) the extent to which the activities that contribute to bringing about the contract for the supply are performed, and are able to be performed, by:
 - (i) the foreign entity; or
 - (ii) another entity referred to in subparagraph (1)(a)(iii); or
 - (iii) any other entities;
 - (c) the result, in relation to the operation of any foreign law relating to taxation, that (but for this Part) would be achieved by the scheme.

Deferral of foreign tax liabilities

- (3) For the purposes of paragraph (1)(b), a deferral of a taxpayer's liabilities to tax under a foreign law is taken to be a reduction of those liabilities, unless there are reasonable commercial grounds for the deferral.

Tax benefit

- (4) Despite subsection (1), this Part applies to the scheme because of this section only if the relevant taxpayer has obtained, or would but for section 177F obtain, a tax benefit in connection with the scheme.

Commissioner not required to enquire into foreign tax matters

- (5) The Commissioner is required to have regard to a matter referred to in paragraph (2)(c) only so far as information relevant to that matter is available to the Commissioner, and is not required to acquire further information in order to have regard to that matter.

Schemes outside Australia

- (6) This section applies whether or not the scheme has been or is entered into or carried out in Australia or outside Australia or partly in Australia and partly outside Australia.

Income from supply by trust estate or partnership

- (7) Subsection (8) applies if:
- (a) both of the following conditions are satisfied:
 - (i) a trust estate or partnership makes a supply to an entity;
 - (ii) that entity would be an Australian customer of the trust estate or partnership if the trust estate or partnership were a foreign entity; and
 - (b) because of the supply, an amount of ordinary income, or statutory income, is included in the assessable income of the trust estate or partnership (as worked out for the purposes of working out its net income for a year of income); and

Section 177E

- (c) the trust estate or partnership has a foreign entity participant at any time in that year of income; and
 - (d) any of the following conditions are satisfied at the time the supply is made:
 - (i) the trust estate or partnership is connected with (within the meaning of the *Income Tax Assessment Act 1997*) a foreign entity;
 - (ii) the trust estate or partnership would be an affiliate (within the meaning of that Act) of a foreign entity if the trust estate or partnership were an individual or a company;
 - (iii) the trust estate or partnership and a foreign entity are members of the same global group.
- (8) For the purposes of this section:
- (a) treat the foreign entity mentioned in paragraph (7)(d) as having made the supply; and
 - (b) treat the entity mentioned in subparagraph (7)(a)(ii) as being an Australian customer of the foreign entity; and
 - (c) treat the foreign entity as having derived the ordinary income, or statutory income, from the supply.

177E Stripping of company profits

- (1) Where:
- (a) as a result of a scheme that is, in relation to a company:
 - (i) a scheme by way of or in the nature of dividend stripping; or
 - (ii) a scheme having substantially the effect of a scheme by way of or in the nature of a dividend stripping;any property of the company is disposed of;
 - (b) in the opinion of the Commissioner, the disposal of that property represents, in whole or in part, a distribution (whether to a shareholder or another person) of profits of the company (whether of the accounting period in which the disposal occurred or of any earlier or later accounting period);

- (c) if, immediately before the scheme was entered into, the company had paid a dividend out of profits of an amount equal to the amount determined by the Commissioner to be the amount of profits the distribution of which is, in his or her opinion, represented by the disposal of the property referred to in paragraph (a), an amount (in this subsection referred to as the *notional amount*) would have been included, or might reasonably be expected to have been included, by reason of the payment of that dividend, in the assessable income of a taxpayer of a year of income; and
 - (d) the scheme has been or is entered into after 27 May 1981, whether in Australia or outside Australia;
- the following provisions have effect:
- (e) the scheme shall be taken to be a scheme to which this Part applies;
 - (f) for the purposes of section 177F, the taxpayer shall be taken to have obtained a tax benefit in connection with the scheme that is referable to the notional amount not being included in the assessable income of the taxpayer of the year of income; and
 - (g) the amount of that tax benefit shall be taken to be the notional amount.
- (2) Without limiting the generality of subsection (1), a reference in that subsection to the disposal of property of a company shall be read as including a reference to:
- (a) the payment of a dividend by the company;
 - (b) the making of a loan by the company (whether or not it is intended or likely that the loan will be repaid);
 - (c) a bailment of property by the company; and
 - (d) any transaction having the effect, directly or indirectly, of diminishing the value of any property of the company.
- (2A) This section:
- (a) applies to a non-share equity interest in the same way as it applies to a share; and

Section 177EA

- (b) applies to an equity holder in the same way as it applies to a shareholder; and
 - (c) applies to a non-share dividend in the same way as it applies to a dividend.
- (3) In this section, *property* includes a chose in action and also includes any estate, interest, right or power, whether at law or in equity, in or over property.

177EA Creation of franking debit or cancellation of franking credits

- (1) In this section, unless the contrary intention appears:

relevant circumstances has a meaning affected by subsection (17).

relevant taxpayer has the meaning given by subsection (3).

scheme for a disposition, in relation to membership interests or an interest in membership interests, has a meaning affected by subsection (14).

- (2) An expression used in this section that is defined in the *Income Tax Assessment Act 1997* has the same meaning as in that Act, except to the extent that its meaning is extended by subsection (16), (18) or (19), or affected by subsection (15).

Application of section

- (3) This section applies if:
- (a) there is a scheme for a disposition of membership interests, or an interest in membership interests, in a corporate tax entity; and
 - (b) either:
 - (i) a frankable distribution has been paid, or is payable or expected to be payable, to a person in respect of the membership interests; or
 - (ii) a frankable distribution has flowed indirectly, or flows indirectly or is expected to flow indirectly, to a person

in respect of the interest in membership interests, as the case may be; and

- (c) the distribution was, or is expected to be, a franked distribution or a distribution franked with an exempting credit; and
- (d) except for this section, the person (the *relevant taxpayer*) would receive, or could reasonably be expected to receive, imputation benefits as a result of the distribution; and
- (e) having regard to the relevant circumstances of the scheme, it would be concluded that the person, or one of the persons, who entered into or carried out the scheme or any part of the scheme did so for a purpose (whether or not the dominant purpose but not including an incidental purpose) of enabling the relevant taxpayer to obtain an imputation benefit.

Bare acquisition of membership interests or interest in membership interests

- (4) It is not to be concluded for the purposes of paragraph (3)(e) that a person entered into or carried out a scheme for a purpose mentioned in that paragraph merely because the person acquired membership interests, or an interest in membership interests, in the entity.

Commissioner to determine franking debit or deny franking credit

- (5) The Commissioner may make, in writing, either of the following determinations:
 - (a) if the corporate tax entity is a party to the scheme, a determination that a franking debit or exempting debit of the entity arises in respect of each distribution made to the relevant taxpayer or that flows indirectly to the relevant taxpayer;
 - (b) a determination that no imputation benefit is to arise in respect of a distribution or a specified part of a distribution that is made, or that flows indirectly, to the relevant taxpayer.A determination does not form part of an assessment.

Section 177EA

Notice of determination

- (6) If the Commissioner makes a determination under subsection (5), the Commissioner must:
- (a) in respect of a determination made under paragraph (5)(a)—serve notice in writing of the determination on the corporate tax entity; or
 - (b) in respect of a determination made under paragraph (5)(b)—serve notice in writing of the determination on the relevant taxpayer.

Publication in national newspaper of determination in relation to listed public company denying imputation benefit

- (7) If the Commissioner makes a determination under paragraph (5)(b), in respect of a distribution made by a listed public company, the Commissioner is taken to have served notice in writing of the determination on the relevant taxpayer if the Commissioner causes the notice to be published in a daily newspaper that circulates generally in each State, the Australian Capital Territory and the Northern Territory. The notice is taken to have been served on the day on which the publication takes place.

Objections

- (9) If a taxpayer to whom a determination relates is dissatisfied with the determination, the taxpayer may object against it in the manner set out in Part IVC of the *Taxation Administration Act 1953*.

Effect of determination of franking debit or exempting debit

- (10) If the Commissioner makes a determination under paragraph (5)(a):
- (a) on the day on which notice in writing of the determination is served on the entity, a franking debit or exempting debit of the corporate tax entity arises in respect of the distribution; and

- (b) the amount of the franking debit or exempting debit is such amount as is stated in the Commissioner's determination, being an amount that:
 - (i) the Commissioner considers reasonable in the circumstances; and
 - (ii) does not exceed the amount of the franking debit or exempting debit of the entity arising under item 1 of the table in section 205-30 of the *Income Tax Assessment 1997* or item 2 of the table in section 208-120 of that Act in respect of the distribution.

Effect of determination that no imputation benefit is to arise

- (11) If the Commissioner makes a determination under paragraph (5)(b), the determination has effect according to its terms.

Application of section to non-share dividends

- (12) This section:
 - (a) applies to a non-share equity interest in the same way as it applies to a membership interest; and
 - (b) applies to an equity holder in the same way as it applies to a member; and
 - (c) applies to a non-share dividend in the same way as it applies to a distribution.

*Meaning of **interest in membership interests***

- (13) A person has an interest in membership interests if:
 - (a) the person has any legal or equitable interest in the membership interests; or
 - (b) the person is a partner in a partnership and:
 - (i) the assets of the partnership include, or will include, the membership interests; or
 - (ii) the partnership derives, or will derive, income indirectly through interposed companies, trusts or partnerships, from distributions made on the membership interests; or

Section 177EA

- (c) the person is a beneficiary of a trust (including a potential beneficiary of a discretionary trust) and:
 - (i) the membership interests form, or will form, part of the trust estate; or
 - (ii) the trust derives, or will derive, income indirectly through interposed companies, trusts or partnerships, from distributions made on the membership interests.

Meaning of scheme for a disposition

- (14) A scheme for a disposition of membership interests or an interest in membership interests includes, but is not limited to, a scheme that involves any of the following:
 - (a) issuing the membership interests or creating the interest in membership interests;
 - (b) entering into any contract, arrangement, transaction or dealing that changes or otherwise affects the legal or equitable ownership of the membership interests or interest in membership interests;
 - (c) creating, varying or revoking a trust in relation to the membership interests or interest in membership interests;
 - (d) creating, altering or extinguishing a right, power or liability attaching to, or otherwise relating to, the membership interests or interest in membership interests;
 - (e) substantially altering any of the risks of loss, or opportunities for profit or gain, involved in holding or owning the membership interests or having the interest in membership interests;
 - (f) the membership interests or interest in membership interests beginning to be included, or ceasing to be included, in any of the insurance funds of a life assurance company.
- (15) In determining whether a distribution flows indirectly to a person, assume that the following provisions of the *Income Tax Assessment Act 1997* had not been enacted:
 - (a) section 295-385 (about income from assets set aside to meet current pension liabilities), section 295-390 (about income

from other assets used to meet current pension liabilities) and 295-400 (about income of a PST attributable to current pension liabilities); or

- (b) paragraph 320-37(1)(a) (about segregated exempt assets) or paragraph 320-37(1)(d) (about income bonds, funeral policies and scholarship plans).

When imputation benefit is received

- (16) A taxpayer to whom a distribution flows indirectly receives an **imputation benefit** as a result of the distribution if:
- (a) the taxpayer is entitled to a tax offset under Division 207 of the *Income Tax Assessment Act 1997* as a result of the distribution; or
 - (b) where the taxpayer is a corporate tax entity—a franking credit would arise in the franking account of the taxpayer as a result of the distribution.

Note: Where the distribution is made directly to the taxpayer, see subsection 204-30(6) of the *Income Tax Assessment Act 1997* for a definition of **imputation benefit**.

Meaning of relevant circumstances of scheme

- (17) The **relevant circumstances** of a scheme include the following:
- (a) the extent and duration of the risks of loss, and the opportunities for profit or gain, from holding membership interests, or having interests in membership interests, in the corporate tax entity that are respectively borne by or accrue to the parties to the scheme, and whether there has been any change in those risks and opportunities for the relevant taxpayer or any other party to the scheme (for example, a change resulting from the making of any contract, the granting of any option or the entering into of any arrangement with respect to any membership interests, or interests in membership interests, in the corporate tax entity);
 - (b) whether the relevant taxpayer would, in the year of income in which the distribution is made, or if the distribution flows indirectly to the relevant taxpayer, in the year in which the

Section 177EA

distribution flows indirectly to the relevant taxpayer, derive a greater benefit from franking credits than other entities who hold membership interests, or have interests in membership interests, in the corporate tax entity;

- (c) whether, apart from the scheme, the corporate tax entity would have retained the franking credits or exempting credits or would have used the franking credits or exempting credits to pay a franked distribution to another entity referred to in paragraph (b);
- (d) whether, apart from the scheme, a franked distribution would have flowed indirectly to another entity referred to in paragraph (b);
- (e) if the scheme involves the issue of a non-share equity interest to which section 215-10 of the *Income Tax Assessment Act 1997* applies—whether the corporate tax entity has issued, or is likely to issue, equity interests in the corporate tax entity:
 - (i) that are similar, from a commercial point of view, to the non-share equity interest; and
 - (ii) distributions in respect of which are frankable;
- (f) whether any consideration paid or given by or on behalf of, or received by or on behalf of, the relevant taxpayer in connection with the scheme (for example, the amount of any interest on a loan) was calculated by reference to the imputation benefits to be received by the relevant taxpayer;
- (g) whether a deduction is allowable or a capital loss is incurred in connection with a distribution that is made or that flows indirectly under the scheme;
- (ga) whether a distribution that is made or that flows indirectly under the scheme to the relevant taxpayer is sourced, directly or indirectly, from unrealised or untaxed profits;
- (h) whether a distribution that is made or that flows indirectly under the scheme to the relevant taxpayer is equivalent to the receipt by the relevant taxpayer of interest or of an amount in the nature of, or similar to, interest;

- (i) the period for which the relevant taxpayer held membership interests, or had an interest in membership interests, in the corporate tax entity;
- (j) any of the matters referred to in subsection 177D(2).

Meaning of greater benefit from franking credits

- (18) The following subsection lists some of the cases in which a taxpayer to whom a distribution flows indirectly receives a **greater benefit from franking credits** than an entity referred to in paragraph (17)(b). It is not an exhaustive list.
- (19) A taxpayer to whom a distribution flows indirectly receives a **greater benefit from franking credits** than an entity referred to in paragraph (17)(b) if any of the following circumstances exist in relation to that entity in the year of income in which the distribution giving rise to the benefit is made, and not in relation to the taxpayer if:
 - (a) the entity is not an Australian resident; or
 - (b) the entity would not be entitled to any tax offset under Division 207 of the *Income Tax Assessment Act 1997* because of the distribution; or
 - (c) the amount of income tax that would be payable by the entity because of the distribution is less than the tax offset to which the entity would be entitled; or
 - (d) the entity is a corporate tax entity at the time the distribution is made, but no franking credit arises for the entity as a result of the distribution; or
 - (e) the entity is a corporate tax entity at the time the distribution is made, but cannot use franking credits received on the distribution to frank distributions to its own members because:
 - (i) it is not a franking entity; or
 - (ii) it is unable to make frankable distributions.

Note: Where the distribution is made directly to the taxpayer, see subsections 204-30(7), (8), (9) and (10) of the *Income Tax Assessment Act 1997* for a list of circumstances in which the taxpayer will be

Section 177EB

treated as deriving a greater benefit from franking credits than another entity.

177EB Cancellation of franking credits—consolidated groups

Expressions to have same meanings as in section 177EA and Income Tax Assessment Act 1997

- (1) Unless the contrary intention appears, expressions used in this section:
 - (a) if those expressions are defined in section 177EA—have the same meanings as in that section (subject to subsection (10) of this section); and
 - (b) otherwise—have the same meanings as in the *Income Tax Assessment Act 1997*.

This section and section 177EA do not limit each other

- (2) This section does not limit the operation of section 177EA, and section 177EA does not limit the operation of this section.

Application of section

- (3) This section applies if:
 - (a) there is a scheme for a disposition of membership interests in an entity (the **joining entity**); and
 - (b) as a result of the disposition, the joining entity becomes a subsidiary member of a consolidated group; and
 - (c) a credit arises in the franking account of the head company of the group because of the joining entity becoming a subsidiary member of the group; and
 - (d) having regard to the relevant circumstances of the scheme, it would be concluded that the person, or one of the persons, who entered into or carried out the scheme or any part of the scheme did so for a purpose (whether or not the dominant purpose but not including an incidental purpose) of enabling the credit referred to in paragraph (c) to arise in the head company's franking account.

Bare acquisition of membership interests

- (4) It is not to be concluded for the purposes of paragraph (3)(d) that a person entered into or carried out a scheme for a purpose mentioned in that paragraph merely because the person acquired membership interests in the joining entity.

Commissioner to determine no franking credit

- (5) The Commissioner may make, in writing, a determination that no credit is to arise in the head company's franking account because of the joining entity becoming a subsidiary member of the consolidated group. A determination does not form part of an assessment.

Effect of determination

- (6) A determination under subsection (5) has effect according to its terms.

Notice of determination

- (7) If the Commissioner makes a determination under subsection (5), the Commissioner must serve notice in writing of the determination on the head company.

Objections

- (9) If a taxpayer to whom a determination relates is dissatisfied with the determination, the taxpayer may object against it in the manner set out in Part IVC of the *Taxation Administration Act 1953*.

Relevant circumstances

- (10) The **relevant circumstances** of a scheme include the following:
- (a) the extent and duration of the risks of loss, and the opportunities for profit or gain, from holding membership interests in the joining entity that are respectively borne by or accrue to the parties to the scheme, and whether there has been any change in those risks and opportunities for the head

Section 177F

company or any other party to the scheme (for example, a change resulting from the making of any contract, the granting of any option or the entering into of any arrangement with respect to any membership interests in the joining entity);

- (b) whether the head company, or a person holding membership interests in the head company, would, in the year of income in which the joining entity became a subsidiary member of the group or any later year of income, derive a greater benefit from franking credits than other persons who held membership interests in the joining entity immediately before it became a subsidiary member of the group;
- (c) the extent (if any) to which the joining entity was able to pay a franked dividend or distribution immediately before it became a subsidiary member of the group;
- (d) whether any consideration paid or given by or on behalf of, or received by or on behalf of, the head company in connection with the scheme (for example, the amount of any interest on a loan) was calculated by reference to the franking credit benefits to be received by the head company;
- (e) the period for which the head company held membership interests in the joining entity;
- (f) any of the matters referred to in subsection 177D(2).

Section to apply to exempting credits

- (11) This section applies to exempting credits arising in the exempting account of the head company of a consolidated group in the same way that it applies to credits arising in the head company's franking account.

177F Cancellation of tax benefits etc.

- (1) Where this Part applies to a scheme in connection with which a tax benefit has been obtained, or would but for this section be obtained, the Commissioner may:
 - (a) in the case of a tax benefit that is referable to an amount not being included in the assessable income of the taxpayer of a

- year of income—determine that the whole or a part of that amount shall be included in the assessable income of the taxpayer of that year of income; or
- (b) in the case of a tax benefit that is referable to a deduction or a part of a deduction being allowable to the taxpayer in relation to a year of income—determine that the whole or a part of the deduction or of the part of the deduction, as the case may be, shall not be allowable to the taxpayer in relation to that year of income; or
 - (c) in the case of a tax benefit that is referable to a capital loss or a part of a capital loss being incurred by the taxpayer during a year of income—determine that the whole or a part of the capital loss or of the part of the capital loss, as the case may be, was not incurred by the taxpayer during that year of income; or
 - (ca) in the case of a tax benefit that is referable to a loss carry back tax offset, or a part of a loss carry back tax offset, being allowable to the taxpayer—determine that the whole or a part of the loss carry back tax offset, or the part of the loss carry back tax offset, as the case may be, is not to be allowable to the taxpayer; or
 - (d) in the case of a tax benefit that is referable to a foreign income tax offset, or a part of a foreign income tax offset, being allowable to the taxpayer—determine that the whole or a part of the foreign income tax offset, or the part of the foreign income tax offset, as the case may be, is not to be allowable to the taxpayer; or
 - (da) in the case of a tax benefit that is referable to an innovation tax offset, or a part of an innovation tax offset, being allowable to the taxpayer—determine that the whole or a part of the innovation tax offset, or the part of the innovation tax offset, as the case may be, is not to be allowable to the taxpayer; or
 - (e) in the case of a tax benefit that is referable to an exploration credit, or a part of an exploration credit, being issued to the taxpayer—determine that:

Section 177F

- (i) the whole or a part of a junior minerals exploration incentive tax offset that would otherwise be allowable to the taxpayer in relation to the exploration credit, or the part of the exploration credit, as the case may be, is not to be allowable to the taxpayer; or
 - (ii) the whole or a part of a franking credit that would otherwise arise in the franking account of the taxpayer in relation to the exploration credit, or the part of the exploration credit, as the case may be, is not to arise in the franking account of the taxpayer; or
 - (f) in the case of a tax benefit that is referable to:
 - (i) a refundable R&D tax offset; or
 - (ii) a non-refundable R&D tax offset; or
 - (iii) a part of a refundable R&D tax offset; or

 - (b) to prevent those entities from reducing the amount of Australian tax they pay by diverting profits offshore through contrived arrangements between related parties.
- (2) In addition, the DPT provisions (in combination with Division 145 in Schedule 1 to the *Taxation Administration Act 1953*) have the object of encouraging significant global entities to provide sufficient information to the Commissioner to allow for the timely resolution of disputes about Australian tax.

177J Diverted profits tax—application

Scheme for a purpose including obtaining a tax benefit etc.

- (1) This Part also applies to a scheme, in relation to a tax benefit (the **DPT tax benefit**) if:
- (a) a taxpayer (a **relevant taxpayer**) has obtained, or would but for section 177F obtain, the DPT tax benefit in connection with the scheme, in a year of income; and
 - (b) it would be concluded (having regard to the matters in subsection (2)) that the person, or one of the persons, who entered into or carried out the scheme or any part of the scheme did so for a principal purpose of, or for more than one principal purpose that includes a purpose of:
 - (i) enabling the relevant taxpayer to obtain a tax benefit, or both to obtain a tax benefit and to reduce one or more of the relevant taxpayer's liabilities to tax under a foreign law, in connection with the scheme; or
 - (ii) enabling the relevant taxpayer and another taxpayer (or other taxpayers) each to obtain a tax benefit, or both to obtain a tax benefit and to reduce one or more of their liabilities to tax under a foreign law, in connection with the scheme;whether or not that person who entered into or carried out the scheme or any part of the scheme is the relevant taxpayer or is the other taxpayer or one of the other taxpayers; and
 - (c) the relevant taxpayer is a significant global entity for the year of income mentioned in paragraph (a); and
 - (d) a foreign entity is an associate (within the meaning of section 318) of the relevant taxpayer at any time in the year of income mentioned in paragraph (a); and
