1954. No. .

## REGULATIONS UNDER THE SULPHURIC ACID BOUNTY ACT 1954.\*

I, THE GOVERNOR-GENERAL in and over the Commonwealth of Australia, acting with the advice of the Federal Executive Council, hereby make the following Regulations under the *Sulphuric Acid Bounty Act 1954*.

Dated this *ten*  
day of *January*, 1954.

W. J. SLIM

Governor-General.

By His Excellency's Command,

*(Signed) W. H. Spooner*  
Minister of State for Trade and Customs.

### SULPHURIC ACID BOUNTY REGULATIONS.

1. These Regulations may be cited as the Sulphuric Acid Bounty Citation. Regulations.

2.—(1.) In these Regulations, unless the contrary intention Interpretation. appears—

“authorized agent” means a person appointed in pursuance of regulation 6 of these Regulations to be an authorized agent for the purposes of these Regulations;

“quarter” means the period of three months which commences on the first day of July, the first day of October, the first day of January or the first day of April in each of the years to which the Act applies;

“the Act” means the *Sulphuric Acid Bounty Act 1954*;

“the landed cost per ton”, in relation to crude brimstone imported into Australia in a quarter, means the amount ascertained by dividing the total cost of all crude brimstone imported into Australia in that quarter by the number of tons of crude brimstone so imported;

“total cost” means such amount as the Minister determines to be the sum in Australian currency of all costs (including insurance and external freight) incurred in the importation to the wharf at the port of importation of all crude brimstone imported into Australia.

(2.) In these Regulations, a reference to a form by number shall be read as a reference to the form so numbered in the Schedule to these Regulations.

\* Notified in the *Commonwealth Gazette* on

, 1954.  
9/23.11.1954.

3. Pyrites is a prescribed material for the purposes of section 6 of the Act. Pyrites a prescribed material.

4.—(1.) The rate of bounty on sulphuric acid produced in a quarter is the rate fixed by, or ascertained in accordance with, the succeeding provisions of this regulation. Rate of bounty.

(2.) Where the landed cost per ton of crude brimstone imported into Australia in a quarter is Twenty pounds ten shillings, the rate of bounty in respect of sulphuric acid of a strength of one hundred per centum produced in the quarter is Two pounds per ton.

(3.) Where the landed cost per ton of crude brimstone imported into Australia in a quarter exceeds Twenty pounds ten shillings, the rate of bounty in respect of sulphuric acid of a strength of one hundred per centum produced in the quarter is a rate per ton ascertained by deducting from an amount of Two pounds an amount of One shilling and nine pence for each amount of Five shillings or part of Five shillings by which the landed cost per ton exceeds Twenty pounds ten shillings.

(4.) Where the landed cost per ton of crude brimstone imported into Australia in a quarter is less than Twenty pounds ten shillings, the rate of bounty in respect of sulphuric acid of a strength of one hundred per centum produced in the quarter is—

(a) a rate per ton ascertained by adding to an amount of Two pounds an amount of One shilling and nine pence for each amount of Five shillings or part of Five shillings by which the landed cost per ton is less than Twenty pounds ten shillings; or

(b) a rate of Four pounds per ton, whichever is the less.

(5.) The rate of bounty in respect of sulphuric acid of a strength of less than one hundred per centum produced in the quarter is a rate which bears to the rate fixed by, or ascertained in accordance with, the preceding provisions of this regulation in respect of sulphuric acid of a strength of one hundred per centum the same proportion as the strength of the first mentioned sulphuric acid produced bears to one hundred.

5. When the landed cost per ton of crude brimstone imported into Australia in a quarter is Twenty-five pounds ten shillings or exceeds Twenty-five pounds ten shillings, no bounty is payable in respect of sulphuric acid produced in that quarter. Circumstances in which bounty is not payable.

6.—(1.) A producer may appoint a person to be his authorized agent for the purposes of executing on his behalf a notice, declaration, certificate or document which the producer is required to execute by, or for the purposes of, the Act or these Regulations. Authorized agents.

(2.) An authorized agent may execute on behalf of the producer such a notice, declaration, certificate or document.

(3.) Where a notice, declaration, certificate or document has been executed by an authorized agent, the producer is subject to the same liabilities and penalties as if he had executed the notice, declaration, certificate or document.

- (4.) The appointment of an authorized agent shall be in accordance with Form 1 and shall be—
- (a) signed by the producer in the presence of a witness; and
  - (b) lodged by the producer with the Collector for the State in which the producer produces sulphuric acid.

7.—(1.) An application for bounty on sulphuric acid produced on or after the first day of July, 1954, and prior to the first day of January, 1955, shall be lodged with the Collector for the State in which the sulphuric acid was produced not earlier than the first day of February, 1955, and not later than the twenty-eighth day of February, 1955. Application for bounty.

(2.) An application for bounty on sulphuric acid produced on or after the first day of January, 1955, shall be lodged with the Collector for the State in which the sulphuric acid was produced not earlier than one month and not later than two months after the expiration of the quarter in which the sulphuric acid was produced.

(3.) An application for bounty shall be accompanied by a declaration signed in the presence of a witness.

(4.) An application for bounty and the accompanying declaration shall be in accordance with Form 2.
