An Act relating to venture capital investments, and for related purposes

Part 1—Preliminary

Division 1—Preliminary

Table of sections

1-1	Short title
1-5	Commencement
1-10	Interpretation
1-15	Identifying defined terms

1-1 Short title

This Act may be cited as the *Venture Capital Act 2002*.

1-5 Commencement

This Act commences on the day on which it receives the Royal Assent.

1-10 Interpretation

- (1) An expression has the same meaning in this Act as in the *Income Tax Assessment Act 1997*.
- (2) Division 950 of the *Income Tax Assessment Act 1997* (which contains rules for interpreting that Act) applies to this Act as if the provisions of this Act were provisions of the *Income Tax Assessment Act 1997*.

*To find definitions of asterisked terms, see the Dictionary in the *Income Tax Assessment Act 1997*, starting at section 995-1 of that Act.

Section 1-15

1-15 Identifying defined terms

- (1) Many of the terms in this Act are defined in the Dictionary, starting at section 995-1, to the *Income Tax Assessment Act 1997*.
- (2) Most of the terms that are defined in that Dictionary are identified by an asterisk appearing at the start of the term: as in *Industry Innovation and Science Australia. The footnote with the asterisk contains a signpost to that Dictionary.
- (3) An asterisk usually identifies the first occurrence of a term in a section (if not divided into subsections), subsection or definition. Later occurrences of the term in the same provision are not usually asterisked.
- (4) Terms are not asterisked in headings, notes, examples, explanatory tables, guides, outline provisions or diagrams.
- (5) If a term is not identified by an asterisk, disregard that fact in deciding whether or not to apply to that term a definition or other interpretation provision.

*To find definitions of asterisked terms, see the Dictionary in the *Income Tax Assessment Act 1997*, starting at section 995-1 of that Act.

Division 3—A guide to this Act

3-1 What this Act is about

This Act provides for some administrative measures that are needed for the operation of:

- (a) the capital gains tax exemption relating to venture capital under Subdivision 118-F of the *Income Tax Assessment Act 1997* (and the related provisions about similar income gains and losses); and
- (b) the “flow-through” treatment, under Division 5 of Part III of the *Income Tax Assessment Act 1936*, of the income of limited partnerships that are used as vehicles for making venture capital investments.

Note: Industry Innovation and Science Australia is responsible for the operation of these measures. The *Industry Research and Development Act 1986* provides for the establishment and operation of Industry Innovation and Science Australia.

3-5 Registration of limited partnerships (Part 2)

Part 2 provides for:

- (a) the registration requirements for venture capital limited partnerships, early stage venture capital limited partnerships and Australian venture capital funds of funds; and
- (b) applications for registration; and
- (c) registration of limited partnerships by Industry Innovation and Science Australia, including conditional registration; and
- (d) the obligations imposed on general partners of partnerships that are registered; and
- (e) revocation of registration.

*To find definitions of asterisked terms, see the Dictionary in the *Income Tax Assessment Act 1997*, starting at section 995-1 of that Act.

Section 3-10

3-10 Registration of eligible venture capital investors (Part 3)

Part 3 provides for registration of entities as eligible venture capital investors, their obligations while registered, and revocation of registration.

3-15 Determinations by Industry Innovation and Science Australia concerning certain investments (Part 4)

Part 4 provides for Industry Innovation and Science Australia to make determinations that are relevant to whether certain investments can be eligible venture capital investments.

3-20 Review of decisions (Part 5)

Part 5 provides for review of Industry Innovation and Science Australia's decisions under this Act.

3-25 Miscellaneous (Part 6)

Part 6 deals with miscellaneous matters.

*To find definitions of asterisked terms, see the Dictionary in the *Income Tax Assessment Act 1997*, starting at section 995-1 of that Act.

Part 2—Registration of limited partnerships

Division 7—A guide to this Part

7-1 What this Part is about

Industry Innovation and Science Australia can register limited partnerships as venture capital limited partnerships, early stage venture capital limited partnerships or Australian venture capital funds of funds.

Registration is one of the requirements before investments of venture capital through a limited partnership can attract the operation of:

- the capital gains tax exemption relating to venture capital under Subdivision 118-F of the *Income Tax Assessment Act 1997* (and the related provisions about similar income gains and losses); and
- the income tax exemption under section 51-52 of the *Income Tax Assessment Act 1997* (if the partnership is an early stage venture capital limited partnership); and
- the “flow-through” treatment, under Division 5 of Part III of the *Income Tax Assessment Act 1936*, of the income of limited partnerships.

Broadly speaking, Industry Innovation and Science Australia will register a limited partnership under Division 13 if an application meets the requirements of Division 11, unless Industry Innovation

Part 2 Registration of limited partnerships

Section 7-1

and Science Australia is satisfied that the partnership does not meet the applicable registration requirements of Division 9.

Conditional registration is an option if an application does not meet the requirements of Division 11.

Note: Conditional registration becomes important if full registration is achieved. Registration is then backdated at least to the time of conditional registration.

Industry Innovation and Science Australia can revoke a registration under Division 17. Broadly speaking, the grounds for revocation are:

- failure to meet the applicable registration requirements of Division 9; and
- failure to provide information as required under Division 15.

*To find definitions of asterisked terms, see the Dictionary in the *Income Tax Assessment Act 1997*, starting at section 995-1 of that Act.
