- (1A) Nothing in this Act shall be taken to imply that the Minister cannot establish, under this section, Land Trusts to hold different areas of land each of which is included within a single area of land that is described in Schedule 1.
- (1AA) A Land Trust to hold any Crown land described in Part 2 or 3 of Schedule 1 must be established not later than 2 years after the commencement of this subsection.

the Land Council or Land Councils in the area or areas of which the areas of land proposed for amalgamation are situated may request the Minister, in writing, to take action under subsection (1C) to effect that amalgamation.

- (1C) Where the Minister, upon receiving a request to take action under this subsection to effect the amalgamation of the whole or parts of 2 or more areas of affected land, is of the opinion that, in all the circumstances of the case, it is appropriate to do so, the Minister may:

- (a) by notice published in the *Gazette* vary the specifications of the boundaries of a Land Trust established to hold affected land, with effect from the day upon which a new deed of grant, or new deeds of grants, relating to the land that that Land Trust was established to hold is or are delivered by the Governor-General in accordance with the recommendations of the Minister under subsection 10(2A) or 11(1B), so that the boundaries as so varied of the land to be held by that Land Trust relate:

- (2) A Land Trust:

- (1A) If the land referred to in subsection (1) is part of land that is leased to an approved entity under section 19A, the Crown must pay to the approved entity the amounts referred to in subsection (1) of this section (instead of paying the amounts to the Land Council concerned).

- (2) With the consent, in writing, of the Minister, and at the direction, in writing, of the relevant Land Council, a Land Trust may, subject to subsection (7), grant an estate or interest in land vested in it to an Aboriginal or an Aboriginal and Torres Strait Islander corporation:

- (3D) A lease under this section granted by the Kakadu Aboriginal Land Trust to the Director may be varied to cover the land described in paragraphs (a) and (c) under the heading “JABIRU” in Part 4 of Schedule 1, despite a deed of grant of an estate in fee simple in that land to that Land Trust not having been delivered to that Land Trust. The variation must be expressed to take effect on the date that such a deed of grant is delivered to that Land Trust.
- (4) With the consent, in writing, of the Minister and at the direction, in writing, of the relevant Land Council, a Land Trust may:
- (b) transfer to another Land Trust, or surrender to the Crown, the whole of its estate or interest in the whole, or any part of, the land vested in it.

- (4AB) Any agreement in respect of land transferred under subsection (4) that was entered into by the transferor Land Trust and that is in force immediately before the transfer is taken to have the same force and effect, after the transfer, as the agreement would have had if it had been entered into by the transferee Land Trust.
- (4A) With the consent, in writing, of the Minister, and at the direction, in writing, of the relevant Land Council, a Land Trust may, subject to subsection (7), grant an estate or interest in the whole, or any part, of the land vested in it to any person for any purpose.
- (5) A Land Council shall not give a direction under this section for the grant, transfer or surrender of an estate or interest in land unless the Land Council is satisfied that:

- (a) the traditional Aboriginal owners (if any) of that land understand the nature and purpose of the proposed grant, transfer or surrender and, as a group, consent to it;
 - (b) any Aboriginal community or group that may be affected by the proposed grant, transfer or surrender has been consulted and has had adequate opportunity to express its view to the Land Council; and
 - (c) in the case of a grant of an estate or interest—the terms and conditions on which the grant is to be made are reasonable.
- (6) Where a Land Council, in giving a direction for a proposed grant, transfer or surrender of an estate or interest in land, fails to comply with subsection (5), that failure does not invalidate that grant, transfer or surrender unless the person to whom the grant, transfer or surrender was made procured the direction of the Land Council by fraud.
- (7) The consent of the Minister is not required for the grant under subsection (2), (3) or (4A) of an estate or interest the term of which does not exceed 40 years.
- (8) The grantee of an estate or interest under this section is not empowered to transfer his or her interest as such grantee to another person, or to grant to another person an interest dependent upon his or her interest as such grantee, except with the consent, in writing, of the relevant Land Council and, if the consent of the Minister was required to the grant of that estate or interest to the grantee, the consent, in writing, of the Minister.
- (8A) A Land Council may give a consent under subsection (8) at the time it gives a direction under subsection (2), (3) or (4A) or at any later time.

- (8C) A consent of the Minister or a Land Council under subsection (8) relating to a transfer or grant may:

Section 19

- (a) be general; or
 - (b) be expressed to be limited to a specified person or a person included in a specified class.
- (9) Where a grant of an estate or interest is invalidated, by virtue of subsection (6), on account of fraud, that invalidity does not affect the rights of a person who has, for value and without notice of the fraud, accepted the transfer of that estate or interest or been granted an interest dependent upon that estate or interest.
- (9A) When the Minister is satisfied that a Land Council has refused, or is unwilling, to give a direction under subsection 11A(5) to a Land Trust to grant an estate or interest in land in accordance with an agreement entered into by the Land Council under subsection 11A(2), the Minister shall, in the name of, and on behalf of, that Land Council, give the Land Trust that direction.
- (9B) Where the Minister is satisfied that a Land Trust has refused, or is unwilling, to comply with a direction given under subsection 11A(5), or subsection (9A) of this section, to grant an estate or interest in particular land on particular terms and conditions, the Minister shall, in the name of, and on behalf of, that Land Trust, grant that estate or interest in relation to that land on those terms and conditions.
- (10) In this section, **relevant Land Council**, in relation to land, means the Land Council for the area in which the land is situated.
- (11) A reference in this section to an estate or interest in land includes:
- (a) a reference to a licence granted in respect of that land including, but without limiting the generality of the foregoing, a licence granted under a law of the Northern Territory relating to the mining or development of extractive mineral deposits; or
 - (b) a reference to a lease or other interest in that land, or a right granted in respect of that land, under such a law.

- (12) The preceding provisions of this section do not authorise the grant by a Land Trust of the fee simple in land vested in it except in the circumstances referred to in paragraph (4)(b).
- (13) If a Land Trust grants an estate or interest in Aboriginal land under this section, then, at the direction, in writing, of the relevant Land Council, the Land Trust may, in writing, authorise a specified person, or any person included in a specified class of persons, to enter or remain on the land for a specified purpose that is related to that estate or interest.
- Note: Section 70 will not apply to a person who enters or remains on the land in accordance with such an authorisation: see subsection 70(2B).
- (14) A direction or an authorisation under subsection (13) is not a legislative instrument.

19A Land Trust may grant headlease over township

- (1) A Land Trust may grant a lease of a township to an approved entity if:
- (a) the Minister consents, in writing, to the grant of the lease; and
 - (b) the Land Council for the area in which the land is situated directs, in writing, the Land Trust to grant the lease.
- A consent or direction under this subsection is not a legislative instrument.
- (1A) If an approved entity is the Commonwealth or a Commonwealth authority (within the meaning of the *Lands Acquisition Act 1989*), the Commonwealth or authority is authorised to acquire a lease under this section.

Lease of Jabiru town land

- (1B) The Kakadu Aboriginal Land Trust may grant a lease of the Jabiru town land under this section despite a deed of grant of an estate in fee simple in that land to that Land Trust not having been delivered

Section 19A

to that Land Trust. The lease must be expressed to take effect on the date that such a deed of grant is delivered to that Land Trust.

- (1C) The Minister must not give a consent under subsection (1) to the grant of a lease mentioned in subsection (1B) unless the Minister administering the *Environment Protection and Biodiversity Conservation Act 1999* is satisfied that the terms and conditions of the lease are consistent with the protection of the world heritage values, and other natural and cultural values, of Kakadu National Park (within the meaning of that Act).

Land Council direction

- (2) A Land Council must not give a direction under subsection (1) for the grant of a lease unless it is satisfied that:
- (a) the traditional Aboriginal owners (if any) of the land understand the nature and purpose of the proposed lease and, as a group, consent to it; and
 - (b) any Aboriginal community or group that may be affected by the proposed lease has been consulted and has had adequate opportunity to express its view to the Land Council; and
 - (c) the terms and conditions of the proposed lease (except those relating to matters covered by this section) are reasonable.
- (3) If a Land Council, in giving a direction for a grant of a lease, fails to comply with subsection (2), that failure does not invalidate that grant unless the approved entity to whom the grant was made procured the direction of the Land Council by fraud.

Term of lease

- (4) The term of a lease granted under this section is the term specified in the lease (which must be at least 40 years and no more than 99 years). The term specified in the lease must not be varied. This subsection is subject to subsections (4A) and (5).
- (4A) A lease granted under this section may provide for the variation of the lease by way of one or more extensions of the term of the lease.

The extensions must not result in the term of the lease being more than 99 years.

Interpretation

- (4B) Subsection (4A) does not limit variations of the lease in relation to other matters.

Operation of Lands Acquisition Act

- (4C) If an approved entity is the Commonwealth or a Commonwealth authority (within the meaning of the *Lands Acquisition Act 1989*), the Commonwealth or authority is authorised to acquire the interest (within the meaning of that Act) in land that arises under an extension of the term of a lease granted under this section (as mentioned in subsection (4A)).

Grant of replacement lease

- (5) If, at least 20 years before the end of the term of a lease (the **original lease**) granted under this section (including that term as extended as mentioned in subsection (4A)), a Land Trust grants another lease under this section to the same approved entity covering the area of land concerned (whether or not the other lease also covers other land), the original lease ends at the time the other lease takes effect.

Limitation on grant of replacement lease

- (5A) The Minister must not, under subsection (1), consent to the grant of another lease as mentioned in subsection (5) unless the Minister is satisfied that the grant of the other lease would not adversely affect a sublease or other right or interest derived from the original lease mentioned in subsection (5).

Payments

- (6) A lease granted under this section must not make provision for the lessee to make a payment to a person other than the lessor.

Section 19A

Transfer of lease

- (8) A lease granted under this section may be transferred to another approved entity:
- (a) with the written approval of the Minister; and
 - (b) in accordance with the terms and conditions of the lease.
- An approval under paragraph (a) is not a legislative instrument.
- (8A) The Commonwealth or a Commonwealth authority (within the meaning of the *Lands Acquisition Act 1989*) is authorised to:
- (a) transfer a lease granted under this section in accordance with subsection (8); or
 - (b) acquire a lease that is transferred in accordance with subsection (8).

Lease not to be used as security

- (9) A lease granted under this section must not be used as security for a borrowing.

Preserving any existing right, title or other interest

- (10) Any right, title or other interest in land the subject of a lease granted under this section that existed immediately before the time the lease takes effect is preserved as a right, title or interest in that land after that time.
- (11) If that right, title or other interest was granted by the Land Trust, then, at the time the lease granted under this section takes effect, that right, title or other interest has effect as if it were granted by the approved entity on the same terms and conditions as existed immediately before that time.
- (11A) Subsections (10) and (11) do not apply in relation to the grant of a lease mentioned in subsection (1B).
- (11B) If a lease mentioned in subsection (1B) is granted under this section:

- (a) any right, title or interest, or any thing, that was registered under the *Land Title Act 2000* (NT) in relation to the land (the **relevant land**) the subject of the lease immediately before the time the lease takes effect, other than:
- (i) the estate in fee simple in the relevant land held by the Director; and
 - (ii) any right, title or interest, or any thing, held by the Jabiru Town Development Authority in relation to the relevant land;
- has full force and effect in accordance with its terms at and after that time; and
- (b) any right, title or interest in relation to the relevant land that was granted:
- (i) under any right, title or interest, or any thing, covered by paragraph (a); or
 - (ii) under any right, title or interest, or any thing, held by the Jabiru Town Development Authority in relation to the relevant land;
- and that existed immediately before the time the lease takes effect, has full force and effect in accordance with its terms at and after that time, subject to subsection (11GA); and
- (c) any right, title or interest:
- (i) in relation to a facility (within the meaning of the *Telecommunications Act 1997*) that is on, over or under the relevant land and is owned or operated by a carrier (within the meaning of that Act); and
 - (ii) that existed immediately before the time the lease takes effect;
- has full force and effect in accordance with its terms at and after that time; and
- (d) any right, title or interest in relation to the trust assets (see subsection (11C)) that existed immediately before the time the lease takes effect, has full force and effect in accordance with its terms at and after that time; and
- (e) any right, title or interest, or any thing, in relation to the relevant land, specified in a legislative instrument made by

Section 19A

the Minister under this paragraph, has full force and effect in accordance with its terms at and after the time the lease takes effect.

- (11C) For the purposes of paragraph (11B)(d), *trust assets* means Trust Assets within the meaning of subclause 1(1) of the Agreement between the Jabiru Town Development Authority and Energy Resources of Australia Ltd made on 23 August 1985.
- (11D) Paragraphs (11B)(a) to (d) do not limit paragraph (11B)(e).
- (11E) Any right, title, interest or thing to which subsection (11B) applies has full force and effect in accordance with its terms, at and after the time the lease takes effect, even if the right, title, interest or thing did not have full force and effect according to its terms immediately before that time.
- (11F) If subsection (11B) applies in relation to a right, title, interest or thing granted by the Jabiru Town Development Authority, then, at and after the time the lease takes effect, the right, title, interest or thing has full force and effect in accordance with its terms as if it were granted by the approved entity to which the lease was granted.
- (11G) If:
- (a) subsection (11B) applies in relation to a right, title, interest or thing; and
 - (b) immediately before the time the lease (the *new lease*) mentioned in subsection (1B) takes effect, that right, title, interest or thing is, in accordance with its terms, contingent on the existence of the lease of the Jabiru town land by the Director to the Jabiru Town Development Authority;
- then, for the purposes of subsections (11B) to (11F), at the time the new lease takes effect, those terms are taken to have been modified so that the right, title, interest or thing is contingent on the existence of the new lease.
- (11GA) Despite subsections (11B), (11F) and (11G), a right, title or interest that relates to the relevant land mentioned in subsection (11B) and

was granted under a lease (a *Director-JTDA lease*) of the Jabiru town land by the Director to the Jabiru Town Development Authority ceases to have effect at the earlier of the following times (or either of them if they are the same):

- (a) the time the Director-JTDA lease that ceases to exist because of subsection 12(2AB) would have expired if it had not ceased to exist under subsection 12(2AB);
 - (b) the time the right, title or interest would have expired had the Director-JTDA lease not ceased to exist under subsection 12(2AB).
- (11GB) Subsection (11GA) does not prevent the right, title or interest from ceasing to have effect according to its terms (as affected by subsections (11F) and (11G)) before the time worked out under subsection (11GA).

Example: The right, title or interest may be surrendered or terminated in accordance with those terms before that time.

- (11H) Before making a legislative instrument under paragraph (11B)(e), the Minister must consult the Land Council for the area in which the relevant land is situated. The Minister may also consult such other persons or bodies as the Minister thinks appropriate.

- (11J) If the Minister makes a legislative instrument under paragraph (11B)(e), the Minister must give a copy of the instrument to the Land Council for the area in which the relevant land is situated.

- (12) If:

- (a) subsection (11) or (11F) applies in relation to a right, title, interest or thing; and
- (b) the lease is transferred in accordance with this section; and
- (c) the right, title, interest or thing existed immediately before the time the transfer takes effect;

then, at that time, the right, title, interest or thing has effect as if it were granted by the transferee on the same terms and conditions as existed immediately before that time.

Section 19C

Subleases

- (13) This section does not prevent a sublease of a lease granted under this section.
- (14) A lease granted under this section must not contain any provision requiring the consent of any person to the grant of a sublease of the lease.
- (15) A lease granted under this section must not contain any provision relating to the payment of rent, or the non-payment of rent, in relation to a sublease of the lease.
- (16) The Commonwealth or a Commonwealth authority (within the meaning of the *Lands Acquisition Act 1989*) is authorised to acquire, or grant, a sublease of a lease granted under this section in accordance with the terms and conditions of the lease.

Licences

- (17) This section does not prevent the lessee of a lease granted under this section from granting a licence in relation to land covered by the lease.
- (18) The Commonwealth or a Commonwealth authority (within the meaning of the *Lands Acquisition Act 1989*) is authorised to acquire, or grant, a licence in relation to land covered by a lease granted under this section in accordance with the terms and conditions of the lease.

19C Modification of certain NT laws for a township lease held by a Commonwealth entity or transferred from a Commonwealth entity to an NT entity

- (1) This section applies to:
 - (a) the grant of a lease to a Commonwealth entity under section 19A; or

- a Commonwealth entity at the time of the variation mentioned in that subsection; or
- (b) the transfer of a lease to a Commonwealth entity in accordance with that section; or
- (c) the transfer of a lease from a Commonwealth entity to an NT entity in accordance with that section.

19D Modification of NT subdivision law for grant of a township lease to a Commonwealth entity

The procedures for the subdivision of land under the law of the Northern Territory relating to the transfer of land do not apply in respect of the grant of a lease to a Commonwealth entity under section 19A.

Section 20

- (a) planning; or
 - (b) infrastructure; or
 - (c) the subdivision or transfer of land; or
 - (d) other prescribed matters;
- to the extent that the law applies to land the subject of the lease.
- (3) In subsection (2):
- modifications* includes additions, omissions and substitutions.
- (4) The regulations cease to have effect if the lease is transferred to an NT entity in accordance with section 19A.

20 Leases in compliance with obligations of the Commonwealth

- (1) Where an agreement entered into by the Commonwealth before the commencement of this section gives a person an entitlement, in certain circumstances, to the grant of a lease under the *Special Purposes Leases Ordinance 1953* of the Northern Territory, as amended from time to time, of land in Schedule 1, that agreement shall be taken to provide that, after the vesting in a Land Trust of an estate in fee simple in the land, the lease to which the person is to become so entitled in those circumstances shall be a lease granted by that Land Trust in accordance with this section, being a lease under which that person and the Land Trust have rights and obligations that are as near as practicable the same as the rights and obligations that would have been applicable to that person and the Crown, respectively, under a lease from the Crown granted in accordance with the agreement.
- (2) Where a person who, by virtue of subsection (1), has become entitled to the grant of a lease of land by a Land Trust has informed the Land Council for the area in which the land is situated that the person requires the lease, the Land Council shall:
- (a) negotiate with the person with respect to the terms and conditions of the lease; and
 - (b) if agreement is reached on terms and conditions, direct the Land Trust to grant the lease on those terms and conditions;

and the Land Trust shall comply with that direction.

- (3) Where the Minister is satisfied that:
- (a) a Land Council has refused, or is unwilling, to negotiate with respect to the terms and conditions of a lease to which a person has become entitled by virtue of subsection (1); or
 - (b) the Land Council and that person cannot agree on the terms and conditions of the lease;
- the Minister may, after consultation with the Land Council and with the person, appoint an Arbitrator, being a person whom the Minister considers to be in a position to deal with the matter impartially, to determine terms and conditions of the lease that, in the opinion of the Arbitrator, should be acceptable to the Land Council and to the person.

 - (b) subsection (1B) of this section applies in relation to the original application; and
 - (c) the person makes a later application under section 41 and the comprehensive proposal set out in the later application is substantially the same as the comprehensive proposal set out in the original application;
- the **negotiating period** for the later application is the period determined by the Minister under subsection (18).
- (18) The Minister must, in writing, determine a period for the purposes of subsection (17). The period must not be more than 12 months beginning on the day the later application is received by the Land Council.
- (18A) If:
- (a) subsection (17) applies; and

- (2) The Land Council shall not agree upon the terms and conditions unless:
- (a) it has, as far as practicable, consulted the traditional Aboriginal owners (if any) of the land concerning the terms and conditions and it is satisfied that they understand the nature and purpose of the terms and conditions and, as a group, consent to them;
 - (b) it has, as far as practicable, consulted any other Aboriginal community or group that may be affected by the grant of the licence concerning the terms and conditions and it is satisfied that the community or group has had an adequate opportunity to express its views to the Land Council; and
 - (c) it is satisfied that the terms and conditions are reasonable.

Consultation obligations

- (3) In order to facilitate consultation between the Land Council and the traditional Aboriginal owners:
- (a) the Council must convene such meetings with them as are necessary for the purpose of considering the terms and conditions; and
 - (b) the Council must give reasonable notice to the applicant and the Minister before each meeting which the applicant and the Minister are entitled to attend; and

- (c) the representatives of the applicant may attend so much of the first meeting at which the terms and conditions are discussed as is appropriate for the purpose of outlining the applicant's views concerning the terms and conditions; and
- (d) the representatives of the applicant may attend so much of any subsequent meeting as is appropriate for the purpose referred to in paragraph (c) unless the traditional Aboriginal owners as a group:
 - (i) decide that the representatives must not attend; and
 - (ii) notify the applicant, through the Council, of that decision.

Minister's representative may attend meetings

- (4) A representative of the Minister:
 - (a) may attend the meeting referred to in paragraph (3)(c); and

 - (b) such longer period as is agreed upon in writing between the applicant and the Land Council.
- (6) If:
 - (a) the Land Council, within the period applicable under paragraph (5)(a) or (b), requests the Minister to extend that period; and
 - (b) the Minister, after consulting the Northern Territory Mining Minister, is satisfied that:

Section 44

- (i) it is not reasonably practicable for the Council to perform its functions under this section within that period; and
- (ii) it is appropriate to extend that period in all the circumstances;

the Minister may, by notice in writing given to the applicant, the Land Council and the Northern Territory Mining Minister, determine the negotiating period to be a specified longer period.

44 Determination of conditions of exploration licences

- (1) This section applies to a person (in this section called the *applicant*), in relation to an area of Aboriginal land, if:
 - (a) the Minister has consented under subsection 42(8) to the grant of an exploration licence to the applicant in respect of the land and subsection 42(7) applies; or
 - (b) section 43 applies to the applicant, but the applicant and the Land Council have failed to agree upon the terms and conditions of the grant of the licence within the period referred to in subsection 43(1).
- (2) Where subsection 42(7) applies, the applicant and the relevant Land Council may refer the terms and conditions of the grant of the licence to be determined by arbitration in accordance with the *Commercial Arbitration Act* of the Northern Territory.
- (3) A reference to an arbitrator shall be made within 30 days, or such other period as is prescribed, after this section applies to the applicant.
- (4) If paragraph (1)(b) applies, the applicant or the Land Council, or both, may, in writing, request the Minister to refer the terms and conditions to a person appointed by the Minister as a Mining Commissioner for determination by conciliation or, failing that, by arbitration.
- (5) Where a request is made to the Minister under subsection (4), the Minister shall, as soon as practicable, appoint a person under section 48F as a Mining Commissioner and that person shall

thereupon try to determine the terms and conditions by conciliation.

- (6) If the Mining Commissioner becomes of the opinion that there is no reasonable prospect of determining the terms and conditions by conciliation, he or she shall notify both parties, in writing, of that opinion and, unless either party objects, shall proceed to determine by arbitration the terms and conditions that should, in his or her opinion, be acceptable to both parties.
- (7) If either party objects under subsection (6), the Minister shall, as soon as practicable, appoint another person under section 48F as a Mining Commissioner and that person shall thereupon determine by arbitration the terms and conditions that should, in his or her opinion, be acceptable to both parties.
- (8) In determining the terms and conditions, the Mining Commissioner shall take into account:
 - (a) the effect that the entry on to the relevant land and the carrying out of exploration operations on the land would have on:
 - (i) the preservation and protection of the lifestyle, culture and traditions of the traditional owners of the land;
 - (ii) the proposals and wishes of those owners about its management, use and control;
 - (iii) the development of the social, cultural and economic structures of those owners; and
 - (iv) the freedom of access of those owners and their freedom to carry out, in accordance with tradition, rites, ceremonies and other activities on the land;
 - (b) the applicant's capacity, in carrying out the proposed exploration operations, to minimise any disturbance to those owners and the land;
 - (c) the best practicable industry practices for minimising the impact of proposed exploration works upon the land and upon Aboriginals living on that land;
 - (d) the nature and location of the exploration works proposed to be carried out; and

Section 44A

- (e) usual industry technology for carrying out exploration works of the kind proposed.
- (9) Where the applicant is willing to enter into an agreement with the Land Council setting out the terms and conditions determined in accordance with this section, the Land Council shall enter into that agreement.
- (10) Where the Minister is satisfied that the Land Council has refused, or is unwilling, to enter into an agreement in the circumstances referred to in subsection (9), the Minister shall, in the name of, and on behalf of, the Land Council, enter into such an agreement.
- (11) Nothing in this Part shall be taken to imply that the applicant must enter into an agreement with the Land Council to give effect to any terms and conditions determined by the Mining Commissioner under this section, but if the applicant does not enter into the agreement within 90 days after the determination or such longer period as the Minister may determine on application, within that period of 90 days, by either party, the consent of the Northern Territory Mining Minister under subsection 41(1) shall be deemed to be withdrawn.

44A Terms and conditions of exploration licences

- (1) The terms and conditions agreed upon under section 42 or 43, or determined under section 44, shall include terms and conditions requiring the payment by the applicant of compensation for damage or disturbance caused to the relevant Aboriginal land, and to the traditional Aboriginal owners of the land, by exploration activities undertaken on the land, but shall not include compensation for the value of minerals removed or proposed to be removed from the land or for any other purpose or consideration for giving consent to the grant of the exploration licence.
- (2) Where an agreement is entered into under this Part concerning the terms and conditions, the terms and conditions shall remain in force during the period that:
 - (a) the exploration licence;

- (b) if an exploration retention licence is applied for or granted in respect of the whole or a part of the land to which the exploration licence relates—that application or exploration retention licence; or
- (c) if an exploration retention licence granted in respect of the whole or a part of the land to which the exploration licence relates is renewed—that exploration retention licence as so renewed;

is held by the applicant or by the heirs, successors or assigns of that person and such period (if any) immediately following that period as is specified in the agreement.

- (3) Without limiting the generality of references in subsection (1) to compensation for damage or disturbance caused to land, those references include references to compensation for:
 - (a) deprivation of the use of the land or a part of the land;
 - (b) deprivation of the use of improvements on the land as permitted by the agreement; or
 - (c) severance of the land from other land having the same traditional Aboriginal owners as the land concerned.

45 Mining interest not to be granted in certain circumstances

A mining interest shall not be granted to an intending miner in respect of Aboriginal land unless:

- (a) the relevant Land Council and the intending miner have entered into an agreement under section 46 as to the terms and conditions to which the grant of the mining interest will be subject; and
- (b) the Minister has consented, in writing, to the grant of that mining interest.

46 Terms and conditions to which grant of mining interest subject

- (1) An intending miner who seeks the grant of a mining interest in respect of Aboriginal land in respect of which that intending miner holds or held an exploration licence or an exploration retention

Section 46

licence (whether that exploration licence or exploration retention licence was granted before or after the land became Aboriginal land) shall submit to the relevant Land Council a statement, in writing, setting out:

- (a) a comprehensive proposal in relation to the mining works that the intending miner proposes to conduct on the land which includes, but is not limited to, the following particulars:
 - (i) the anticipated period of activity of the mining works;
 - (ii) the proposed mining techniques;
 - (iii) the extent to which the mining and related activities will, or are likely to affect the environment inside and outside the affected land;
 - (iv) the proposed method and amount of vehicular access to and within the affected land with reference to any proposals to construct roads, landing strips or other access facilities;
 - (v) the maximum number of people likely to be on the affected land from time to time;
 - (vi) the water, timber and other requirements to be obtained from the affected land;
 - (vii) proposals for minimising the effect of the proposed mining works on the affected land;
 - (viii) any other information of the kind that would, under the law of the Northern Territory relating to the protection of the environment, be required to be included in an environmental impact statement in relation to the proposed mining works;
 - (ix) proposals for rehabilitation;
 - (x) proposals for minimising social impact;
 - (xi) projected production capacity and scale of operations;
 - (xii) infrastructure requirements; and
 - (xiii) terms and conditions relating to payment;
- (b) the name, position and qualifications of the person or persons, not exceeding 3 in number, who will represent the intending miner at meetings convened pursuant to

subsection (5) or, in the event that that person or any of those persons is unable so to represent the intending miner, of any other person authorised to represent the intending miner in lieu of the person who is unable so to represent the intending miner.

- (2) The intending miner shall cause a copy of the statement to be sent to the Minister.
- (3) Where the intending miner submits the statement to the Land Council, the intending miner and the Land Council shall try, within 12 months after receipt by the Land Council of the statement or, if a longer period is agreed upon, in writing, between the intending miner and the Land Council, that longer period, to agree upon the terms and conditions to which the grant of the mining interest will be subject.
- (4) Subject to subsections (7) to (11), inclusive, the Land Council shall not agree upon the terms and conditions unless:
 - (a) it has, as far as practicable, consulted the traditional Aboriginal owners (if any) of the land concerning the terms and conditions and it is satisfied that they understand the nature and purpose of the terms and conditions and, as a group, consent to them;
 - (b) it has, as far as practicable, consulted any other Aboriginal community or group that may be affected by the grant of the mining interest concerning the terms and conditions and it is satisfied that the community or group has had an adequate opportunity to express its view to the Land Council; and
 - (c) it is satisfied that the terms and conditions are reasonable.
- (5) In order to facilitate consultation between the Land Council and the traditional Aboriginal owners:
 - (a) the Land Council shall convene such meetings with them as it considers necessary to consider the intending miner's mining proposals and discuss the terms and conditions;

Section 46

- (b) the Land Council shall give reasonable notice to the applicant and the Minister before each meeting which the applicant and the Minister are entitled to attend;
 - (c) the representatives of the intending miner may attend so much of the first meeting as is appropriate in order to present and explain the intending miner's mining proposals and to outline the intending miner's views concerning the terms and conditions; and
 - (d) except where the traditional Aboriginal owners as a group decide, and, through the Land Council, notify the intending miner that the representatives of the intending miner may not attend a subsequent meeting that is so convened—the representatives may attend so much of that subsequent meeting as is appropriate in order further to explain those mining proposals or further to discuss the terms and conditions.
- (6) The Minister may, in writing, authorise a specified person, or any person included in a specified class of persons, to:
- (a) attend the first meeting; and
 - (b) attend any subsequent meeting.
- (6A) However, a person covered by subsection (6) must not attend any subsequent meeting if the traditional Aboriginal owners as a group:
- (a) decide that the person must not attend; and
 - (b) notify the Minister, through the Land Council, of that decision.
- (7) If the intending miner and the Land Council fail, within the period referred to in subsection (3), to agree upon the terms and conditions, either or both of them may, by writing, request the Minister to refer the matters in dispute to a person appointed as a Mining Commissioner for resolution of those matters by conciliation, or, failing that, by arbitration.

- (8) Where a request is made to the Minister under subsection (7), the Minister shall, as soon as practicable, arrange for a person to be appointed as a Mining Commissioner under section 48F and that person shall thereupon try, by conciliation, to assist the intending miner and the Land Council to resolve the matters in dispute.
- (9) If the Mining Commissioner becomes of the opinion that there is no reasonable prospect, by conciliation, of assisting the intending miner and the Land Council to resolve any matters in dispute between them, he or she shall notify both parties, in writing, that he or she is so satisfied and, unless either party objects, proceed, by arbitration of the matters in dispute, to determine the terms and conditions that should, in his or her opinion, be acceptable to both parties.
- (10) If either party objects under subsection (9), the Minister shall, as soon as practicable, arrange for another person to be appointed as a Mining Commissioner under section 48F and that person shall, by arbitration of the matters in dispute, determine the terms and conditions that should, in his or her opinion, be acceptable to both parties.
- (11) The Mining Commissioner shall determine terms and conditions that are fair and reasonable and that, in his or her opinion, should have been negotiated by the parties in commercial arms' length negotiations conducted in good faith.
- (12) Where the intending miner is willing to enter into an agreement with the Land Council setting out the terms and conditions determined under this section, the Land Council shall enter into that agreement.
- (13) Where the Minister is satisfied that the Land Council has refused, or is unwilling, to enter into an agreement in the circumstances referred to in subsection (12), the Minister shall, in the name of, and on behalf of, the Land Council, enter into such an agreement.
- (14) Where an agreement is entered into under this section concerning the terms and conditions, the terms and conditions are binding upon the parties and their heirs, successors or assigns.

Section 46

- (15) Nothing in this Part shall be taken to imply that the intending miner must enter into an agreement with the Land Council to give effect to any terms and conditions determined by the Mining Commissioner under this section, but, if the intending miner does not enter into the agreement, within 90 days after the determination or such longer period as the Minister may determine on application, within that period of 90 days, by either party, the licence or lease referred to in subsection (1) is cancelled.
- (16) Where:
- (a) the Mining Commissioner has, under this section, determined the terms and conditions; and
 - (b) the intending miner has withdrawn the application for the grant of the mining interest because the intending miner is unwilling to accept the terms and conditions so determined;
- the Minister shall not consent to the grant to another intending miner of a mining interest that will enable the mining of a mineral deposit on the same land, being a deposit that was delineated by a previous intending miner (whether the first-mentioned intending miner or not), unless the Minister is satisfied that the other intending miner has entered into an agreement described in subsection (17).
- (17) For the purposes of subsection (16), the agreement shall be an agreement with the previous intending miner or with the heirs, successors or assigns of the previous intending miner to reimburse the previous intending miner, or the heirs, successors or assigns of the previous intending miner, an amount equal to the sum of the exploration expenditure reported by the previous intending miner in accordance with the conditions of the exploration licence or exploration retention licence held by the previous intending miner in respect of the land under a law of the Northern Territory relating to mining for minerals.
- (18) Without limiting the generality of the preceding subsections, the terms and conditions of an agreement under this section shall include terms and conditions relating to the payment to the Land

Council of an amount or amounts specified in, or determined under, the agreement.

47 Cancellation of exploration licence or mining interest

Exploration works

- (1) If:
- (a) a Land Council has consented to the grant of an exploration licence (including because of the operation of subsection 42(7)); and
 - (b) the Council, by notice in writing to the Minister, states that:
 - (i) the licence-holder is conducting, or is likely to conduct, exploration works otherwise than in accordance with the proposed exploration program referred to in the application for that consent; and
 - (ii) the exploration works are causing, or are likely to cause, a significant impact on the affected land and on Aboriginals, to the extent that the Council would not have consented to the grant of the licence;
- the Minister must, within 90 days after receiving the notice:
- (c) consult the Northern Territory Mining Minister; and
 - (d) determine, in writing, whether the Minister is satisfied that the Council was entitled to make the statement; and
 - (e) determine, in writing, whether the Minister is satisfied that the national interest does not require that the exploration works should proceed.
- (2) If the Minister determines that he or she is satisfied of the matters in paragraphs (1)(d) and (e):
- (a) the Minister must inform the Land Council and the licence-holder; and
 - (b) the exploration licence is cancelled under this subsection.

Section 48

Mining works or activities

- (3) If an intending miner causes a copy of a statement of mining proposals to be sent to the Minister under subsection 46(2), the Minister must, within 90 days after receiving the statement:
- (a) determine, in writing, whether the Minister is satisfied that:
 - (i) the proposed mining works or related activities are not in accordance with the description set out under paragraph 41(6)(e) in respect of the application relating to the relevant exploration licence; and
 - (ii) the Land Council consented to the grant of the licence (including because of the operation of subsection 42(7)); and
 - (iii) the works or activities are causing, or are likely to cause, a significant impact on the affected land and on Aboriginals, to the extent that the Council would not have consented to the grant of the licence; and
 - (b) determine, in writing, whether the Minister is satisfied that the national interest does not require that the works or activities should proceed.
- (4) If the Minister determines that he or she is satisfied of the matters in paragraphs (3)(a) and (b):
- (a) the Minister must inform the Land Council and the intending miner; and
 - (b) if the mining interest applied for has not yet been granted—the application must not be granted; and
 - (c) if the mining interest has been granted—the interest is cancelled under this subsection.

Determination not a legislative instrument

- (5) A determination under paragraph (1)(d) or (e) or (3)(a) or (b) is not a legislative instrument.

48 No further applications within certain periods

- (1A) Subsections (1) to (4A) have 2 separate applications as follows:
-

- (a) the first application is in relation to petroleum and for this purpose those subsections apply as if:
 - (i) a reference to a refusal to consent to the grant of an exploration licence were a reference to a refusal to consent to the grant of an exploration licence in relation to petroleum; and
 - (ii) a reference to an application under section 41 in respect of particular land or an area within that land were a reference to an application under section 41 in relation to petroleum in respect of that land or an area within that land;
 - (b) the second application is other than in relation to petroleum and for this purpose those subsections apply as if:
 - (i) a reference to a refusal to consent to the grant of an exploration licence were a reference to a refusal to consent to the grant of an exploration licence other than in relation to petroleum; and
 - (ii) a reference to an application under section 41 in respect of particular land or an area within that land were a reference to an application under section 41 other than in relation to petroleum in respect of that land or an area within that land.
- (1) Where a Land Council refuses to consent to the grant of an exploration licence in respect of particular land, a further application under section 41 shall not be made in respect of that land, or an area within that land, by any person except as provided in subsection (2), (3), (4) or (4A).
- (2) Where a Land Council has refused to consent to the grant of an exploration licence, the applicant may, during the re-application period, make a further application under section 41 to the Land Council in respect of the same land or an area within that land.
- Note: See also the requirement in subsection (4B) (about having a consent to negotiate).
- (3) Where:

Section 48

- (a) a Land Council has refused to consent to the grant of an exploration licence;
- (b) at any time after the refusal, the Land Council applies to the Minister under this subsection; and
- (c) the Minister, after consultation with the Commonwealth Minister responsible for mineral resources matters and the Northern Territory Mining Minister, is satisfied on reasonable grounds that:
 - (i) the refusal was for a reason or reasons other than a desire to maximise the amount of financial compensation to be received, whether at the exploration or the mining stage;
 - (ii) the circumstances or concern that resulted in the refusal are no longer applicable; and
 - (iii) the public interest requires that a further application under section 41 be made in respect of the same land or an area within that land;

the Minister shall, subject to subsection (3A), authorise such an application to be made:

- (d) within 90 days—by the original applicant; or
- (e) if the original applicant fails to apply within that period or notifies the Minister that he or she does not intend to apply—by any other person.

Note: See also the requirement in subsection (4B) (about having a consent to negotiate).

(3A) However, if:

- (a) the refusal under paragraph (3)(a) is in relation to a body corporate; and
- (b) at the time the Minister is satisfied of the matters referred to in paragraph (3)(c), the body corporate has been wound up and has not assigned its rights in relation to this section;

then the Minister may, under subsection (3), authorise an application in respect of the land concerned or an area within that land to be made by any person under section 41 within the period applicable under subsection 41(2).

- (4) Subject to subsection (4A), if:
- (a) a Land Council has refused to consent to the grant of an exploration licence in respect of particular land; and
 - (b) the applicant:
 - (i) has failed during the re-application period to make an application under subsection (2); or
 - (ii) has notified the Minister in writing within that period of the intention not to make such an application;

a person other than the applicant may apply to the Land Council for consent under section 41 in respect of the first-mentioned land or an area within that land.

Note: See also the requirement in subsection (4B) (about having a consent to negotiate).

- (4A) However, if:
- (a) the refusal under paragraph (4)(a) is in relation to a body corporate; and
 - (b) at the start of the re-application period, the body corporate has been wound up and has not assigned its rights in relation to this section;

then an application in respect of the land concerned or an area within that land may be made by any person under section 41 within the period applicable under subsection 41(2).

Note: See also the requirement in subsection (4B) (about having a consent to negotiate).

- (4B) A person cannot make an application under section 41 as provided for in subsection (2), (3), (4) or (4A) of this section unless the person has in force a consent of the Northern Territory Mining Minister referred to in subsection 41(1).
- (5) Where an exploration licence or mining interest in respect of particular land is cancelled under subsection 47(2) or (4), an application under section 41 or 46, as the case may be, in respect of that land, or an area within that land, shall not be made by any person within 5 years of the cancellation except with the consent of

Section 48

the Minister given after consultation with the Northern Territory Mining Minister.

- (6) The Minister shall not give consent under subsection (5) to a person other than the previous holder of the licence or interest unless the other person has entered into an agreement under subsection (7).
- (7) For the purposes of subsection (6), the agreement shall be an agreement with the previous holder or with his or her heirs, successors or assigns to reimburse the previous holder or his or her heirs, successors or assigns, an amount equal to the sum of the exploration expenditure reported by the previous holder in accordance with the conditions of the exploration licence or exploration retention licence held by the previous holder in respect of the land under a law of the Northern Territory relating to mining for minerals.
- (8) Without limiting the generality of the preceding subsections, the terms and conditions of an agreement under this section may include terms and conditions relating to the payment to the Land Council of an amount or amounts specified in, or determined under, the agreement.
- (9) In this section:
- (a) a reference to a person, in the case of a person who has died or been wound up or has assigned his or her rights under this Part, includes a reference to the heirs, successors or assigns of the person; and
 - (b) a reference to the re-application period, in relation to a refusal by a Land Council to consent to the grant of an exploration licence, means the period of 30 days commencing 5 years after the day on which the refusal decision was made.

Note: Paragraph 42(1)(b) requires the Land Council to notify the applicant, the Minister and the Northern Territory Mining Minister of its refusal decision and of the day on which the refusal decision is made.

48A Land Council may enter agreement concerning exploration or mining of land subject to claim

 - (b) any Aboriginal community or group that may be affected by the agreement has been consulted and has had an adequate opportunity to express its views to the Land Council.

Section 48AA

- (5) An agreement referred to in subsection (1) or (2) is binding on the successors to the Land Council.
- (6) Where, before an area of land became Aboriginal land, a Land Council had entered into an agreement under subsection (1) with a person who has made application for an exploration licence in respect of that land, then, for the purposes of this Part, when the land becomes Aboriginal land:
 - (a) the consent of the Land Council to the grant of the exploration licence is not required; and

Endnote 5—Editorial changes

In preparing this compilation for registration, the following kinds of editorial change(s) were made under the *Legislation Act 2003*.

Part 4 of Schedule 1 (paragraph (d) of the item relating to KAKADU)**Kind of editorial change**

Correct a typographical error

Details of editorial change

Paragraph (d) of the item relating to KAKADU in Part 4 of Schedule 1 refers to “the whole of Northern Territory Portion 7548 delineated on Survey Plan S2015/188 lodged with the Surveyor-General, Darwin”.

Survey Plan S2015/188 was amended by a delegate of the Surveyor-General to address a transpositional error and changed “Northern Territory Portion 7548” to “Northern Territory Portion 7458”.

This compilation was editorially changed to omit “Northern Territory Portion 7548” from paragraph (d) of the item relating to KAKADU in Part 4 of Schedule 1 and substitute “Northern Territory Portion 7458” to correct the typographical error.
