Part II—Provision of services to the dairy industry

Division 1—Funding contract

5 Funding contract

- (1) The Minister may, on behalf of the Commonwealth, enter into a contract with an eligible body that provides for the Commonwealth to make payments of the following kinds to the body:
- (a) payments referred to as *dairy service payments*;
 - (b) payments made in respect of particular financial years, referred to as *matching payments*.

Note: After a contract has been entered into, the eligible body can be declared as the industry services body under section 7.

- (2) Before entering into the contract, the Minister must be satisfied that the terms of the contract make adequate provision to ensure that:
- (a) dairy service payments are spent by the body on marketing, promotion, strategic policy development, research and development activities or other activities, for the benefit of the Australian dairy industry; and
 - (b) matching payments are spent by the body on:
 - (i) research and development activities for the benefit of the Australian dairy industry and the Australian community generally; and
 - (ii) making payments to the Commonwealth under subsection 6(4).
- (3) The contract does not have to oblige the Commonwealth to pay the full amounts that could be paid out of the money appropriated under section 6.

Note: For example, the contract may provide for payments less than the limits specified in section 6 to take account of the costs of collecting new dairy levy amounts or old dairy levy amounts and to take account of refunds and payments made in error.

- (4) The contract may include provisions relating to assets and liabilities that are transferred to the body under the *Dairy Industry Service Reform Act 2003*. This subsection does not impliedly limit the matters that may be included in the contract.
- (5) This section does not impliedly limit the executive power of the Commonwealth to enter into agreements.
- (6) The Minister must cause a copy of the contract to be tabled in each House of the Parliament within 14 sitting days of that House after the day on which the contract was entered into.
- (7) If the contract is varied, the Minister must cause a copy of the contract as varied to be tabled in each House of the Parliament within 14 sitting days of that House after the variation occurred.

6 Appropriation for payments under funding contract etc.

- (1) The Consolidated Revenue Fund is appropriated for the purposes of payments by the Commonwealth under section 5.

Overall limit for dairy service payments

- (2) For dairy service payments, the total limit on the appropriation is the sum of:
 - (a) the total amount of new dairy levy amounts; and
 - (b) the total amount of old dairy levy amounts.

Overall limit for matching payments

- (3) For matching payments, the total limit on the appropriation is the sum of:
 - (a) the total amount of new dairy levy amounts; and
 - (b) the total amount of old dairy levy amounts; and
 - (c) amounts prescribed by the regulations.
- (3A) Subsection (3) does not apply if the eligible body is prescribed by the regulations as a body to which the subsection does not apply.

Section 6

Matching payments—retention limit

- (4) The matching payments made to the eligible body during a particular financial year are subject to the condition that, if:
- (a) before the end of 31 October next following the financial year, the Minister determines the amount of the gross value of whole milk produced in Australia in the financial year; and
 - (b) as at the end of 31 October next following the financial year, the sum of the matching payments that were paid to the eligible body during the financial year exceeds the lesser of:
 - (i) 0.5% of the amount of the gross value of whole milk produced in Australia in the financial year as determined by the Minister; and
 - (ii) 50% of the amount spent by the eligible body in the financial year on activities that qualify, under the funding contract, as research and development activities;

the eligible body will pay to the Commonwealth an amount equal to the excess.

Note: This ensures that the sum of the matching payments that are retained by the eligible body in relation to the financial year does not exceed the lesser of the amounts calculated under subparagraphs (b)(i) and (b)(ii).

(4A) If:

- (a) before the end of 31 October next following a financial year, the Minister has not determined under subsection (4) the amount of the gross value of whole milk produced in Australia in the financial year; and
- (b) the Minister has determined under subsection (4) the amount of the gross value of whole milk produced in Australia in the previous financial year;

the Minister is taken to have made, immediately before the end of that 31 October, a determination under subsection (4) that the amount of the gross value of whole milk produced in Australia in the financial year is equal to the amount of the gross value of whole milk produced in Australia determined under subsection (4) for the previous financial year.

Section 6

- (4B) An amount payable under subsection (4) by the eligible body:
- (a) is a debt due to the Commonwealth; and
 - (b) may be recovered by the Minister, on behalf of the Commonwealth, by action in a court of competent jurisdiction.
- (4C) A determination made under subsection (4) is not a legislative instrument.
- (5) For the purposes of subsection (4), the regulations may prescribe the manner in which the Minister is to determine the gross value of whole milk produced in Australia in a financial year.

Matching payments—unmatched R&D excess

- (6) If there is an unmatched R&D excess for a financial year, the amount spent by the eligible body in the following financial year on activities that qualify, under the funding contract, as research and development activities is taken, for the purposes of this section (including for the purposes of this subsection and subsection (7)), to be increased by the amount of the unmatched R&D excess.

Note: This means that research and development expenditure that is not “50% matched” in one financial year because of the condition in subparagraph (4)(b)(i) can be carried forward into later years.

- (7) For the purposes of subsection (6), there is an ***unmatched R&D excess*** for a financial year if:
- (a) the eligible body spends a particular amount (the ***R&D spend amount***) in the financial year on activities that qualify, under the funding contract, as research and development activities; and
 - (b) because of the operation of subparagraph (4)(b)(i), the net matching payments for the financial year are less than 50% of the R&D spend amount;
- and the amount of the unmatched R&D excess is:

Section 6

$$\text{R\&D spend amount in the financial year} - \left(2 \times \frac{\text{The amount of the net matching payments for the financial year}}{\text{net matching payments for the financial year}} \right)$$

Set off

(8) If:

- (a) an amount (the **first amount**) is payable by the eligible body under subsection (4); and
- (b) another amount (the **second amount**) is payable by the Commonwealth to the eligible body under the funding contract;

the Minister may, on behalf of the Commonwealth, set off the whole or a part of the first amount against the whole or a part of the second amount.

Net matching payments

- (9) For the purposes of this section, **net matching payments** for a financial year means the total of the matching payments made to the eligible body during the financial year, less the amount payable by the eligible body under subsection (4) as a condition of those matching payments.

Division 2—Industry services body

7 Declaration of industry services body

- (1) The Minister may, in writing, declare an eligible body to be the industry services body if:
 - (a) the Commonwealth and the eligible body have entered into a funding contract; and
 - (b) the Minister is satisfied that, if the body is so declared, it will comply with its obligations under the funding contract and this Act.

Note: Subsection 33(3) of the *Acts Interpretation Act 1901* provides for the repeal, variation etc. of instruments.

Declaration takes effect immediately

- (2) A declaration under this section takes effect immediately after it is made.

Tabling in Parliament

- (3) The Minister must cause a copy of a declaration under this section to be tabled in each House of the Parliament within 15 sitting days of that House after the day on which the declaration is made.

Division 3—Polls and recommendations about amount of dairy service levy

9 Polls and recommendations about amount of dairy service levy

- (1) The industry services body must conduct a poll (the *levy poll*) about the amount of the dairy service levy if a request for the levy poll is made in accordance with the legislative instrument made under this section.
- (2) The industry services body must conduct the levy poll in accordance with the legislative instrument made under this section.
- (3) If the industry services body conducts a levy poll, the body must make recommendations to the Minister about the amount of the dairy service levy within the period specified in the legislative instrument made under this section. The recommendations must be made in accordance with the results of the levy poll.
- (4) The Minister may, by legislative instrument, make provision for, or in relation to, the following:
 - (a) the making of a request for a levy poll;
 - (b) the conduct of a levy poll;
 - (c) the making of recommendations to the Minister about the amount of the dairy service levy.
- (5) Without limiting paragraph (4)(a), the legislative instrument may make provision for, or in relation to, the following:
 - (a) the persons or bodies who may request a levy poll;

11 General policy objectives for the DSAP scheme

The DSAP scheme must be directed towards ensuring the achievement of the policy objectives set out in clauses 12 to 23.

12 Types of payment rights

- (1) This clause sets out a policy objective for the DSAP scheme.
- (2) The objective is that there are to be 3 types of payment rights, as follows:
 - (a) the first type of payment rights are to be known as *standard payment rights*;
 - (b) the second type of payment rights are to be known as *exceptional events supplementary payment rights*;
 - (c) the third type of payment rights are to be known as *anomalous circumstances payment rights*.

13 Standard payment right

- (1) This clause sets out policy objectives for the DSAP scheme.

Basic eligibility criteria

- (2) The first objective is that an entity is not eligible to be granted a standard payment right unless:
 - (a) the entity held an eligible interest in a dairy farm enterprise at 6.30 pm on 28 September 1999; and
 - (b) either or both of the following conditions are satisfied:
 - (i) during the 1998-1999 financial year, the dairy farm enterprise delivered market milk;
 - (ii) during the 1998-1999 financial year, the dairy farm enterprise delivered manufacturing milk.

Calculation of face value

- (3) The second objective is that the calculation of the face value of an entity's standard payment right must be consistent with the following examples:
 - (a) if the entity is the only entity who had an eligible interest in the dairy farm enterprise at 6.30 pm on 28 September 1999—the face value of the entity's standard payment right equals the overall enterprise amount;

(b) if:

- (i) there are 2 or more entities who had an eligible interest in the dairy farm enterprise at 6.30 pm on 28 September 1999; and
- (ii) under the scheme, the enterprise is not taken to be subject to an eligible dairy sharefarming arrangement or an eligible dairy leasing arrangement;

the face value of the first-mentioned entity's standard payment right is that entity's share of the overall enterprise amount, worked out on a basis that corresponds to the basis on which milk revenues were shared between the entities as at 6.30 pm on 28 September 1999;

(c) if:

- (i) there are 2 entities who had an eligible interest in the dairy farm enterprise at 6.30 pm on 28 September 1999; and
- (ii) under the scheme, the enterprise is taken to be subject to an eligible dairy sharefarming arrangement and those entities are taken to be parties to that arrangement; and
- (iii) the first-mentioned entity is an entity who, under the scheme, is taken to have provided the essential capital contribution required to achieve access to the market milk premium;

the face value of the first-mentioned entity's standard payment right is the sum of:

- (iv) the premium component of the overall enterprise amount; and
- (v) that entity's share of the non-premium component of the overall enterprise amount, worked out on a basis that corresponds to the basis on which milk revenues were shared between the entities as at 6.30 pm on 28 September 1999;

(d) if:

- (i) there are 2 entities who had an eligible interest in the dairy farm enterprise at 6.30 pm on 28 September 1999; and

- (ii) under the scheme, the enterprise is taken to be subject to an eligible dairy sharefarming arrangement and those entities are taken to be parties to that arrangement; and
- (iii) the first-mentioned entity is not an entity who, under the scheme, is taken to have provided the essential capital contribution required to achieve access to the market milk premium;

the face value of the first-mentioned entity's standard payment right is that entity's share of the non-premium component of the overall enterprise amount, worked out on a basis that corresponds to the basis on which milk revenues were shared between the entities as at 6.30 pm on 28 September 1999;

(e) if:

- (i) there are 2 entities who had an eligible interest in the dairy farm enterprise at 6.30 pm on 28 September 1999; and
- (ii) under the scheme, the enterprise is taken to be subject to an eligible dairy leasing arrangement and those entities are taken to be parties to that arrangement; and
- (iii) the first-mentioned entity is an entity who, under the scheme, is taken to have provided the essential capital contribution required to achieve access to the market milk premium;

the face value of the first-mentioned entity's standard payment right is the premium component of the overall enterprise amount;

(f) if:

- (i) there are 2 entities who had an eligible interest in the dairy farm enterprise at 6.30 pm on 28 September 1999; and
- (ii) under the scheme, the enterprise is taken to be subject to an eligible dairy leasing arrangement and those entities are taken to be parties to that arrangement; and
- (iii) the first-mentioned entity is not an entity who, under the scheme, is taken to have provided the essential capital

Clause 14

contribution required to achieve access to the market milk premium;

the face value of the first-mentioned entity's standard payment right is the non-premium component of the overall enterprise amount.

- (4) Paragraphs (3)(c), (d), (e) and (f) deal with common types of arrangements that involve 2 parties. Those paragraphs do not, by implication, limit the capacity of the DSAP scheme to deal with less common types of arrangements that involve 3 or more parties—see clause 34.

Essential capital contribution

- (5) In formulating a provision of the DSAP scheme under which an entity is taken to have provided the essential capital contribution required to achieve access to the market milk premium, the Minister must not have regard to any matters other than the following:

Division 1A—Supplementary Dairy Assistance (SDA) scheme

37A Simplified outline

The following is a simplified outline of this Division:

- This Division provides a framework for the making of SDA payments.
- The Minister is required to formulate a scheme (the ***SDA scheme***) for the grant of the following types of payment rights to entities:
 - (aa) basic market milk payment rights;
 - (a) additional market milk payment rights;
 - (b) discretionary payment rights.
- Additional market milk payment rights will be based on market milk deliveries in 1998-1999, and will range from 0.12 cents per litre to 12 cents per litre depending on the percentage of market milk deliveries in that year.
- Discretionary payment rights may be granted to entities in the circumstances set out in clause 37G.
- Payment rights will be divided into units, where each unit has a face value of \$32.
- Payments will be made to registered owners of units in accordance with the SDA scheme.

Clause 37B

37B Formulation of scheme

The Minister must, by writing, formulate a scheme (the ***SDA scheme***) for:

- (a) the grant of payment rights to entities who satisfy the conditions set out in the scheme; and
- (b) the division of payment rights into units; and
- (c) the registration of units; and
- (d) the making of payments out of the Dairy Structural Adjustment Fund to registered owners of units.

37C General policy objectives for the SDA scheme

The SDA scheme must be directed towards ensuring the achievement of the policy objectives set out in clauses 37D to 37P.

37D Types of payment rights

- (1) It is a policy objective that there are to be 3 types of payment rights, as follows:
 - (aa) a type called ***basic market milk payment rights***;
 - (a) a type called ***additional market milk payment rights***;
 - (b) a type called ***discretionary payment rights***.
- (2) It is a policy objective that, if an entity is eligible to be granted a basic market milk payment right and an additional market milk payment right, the entity is eligible to be granted the payment right with the higher face value and is not eligible to be granted the other payment right.

37DA Basic market milk payment rights—eligibility etc.

Basic eligibility criteria

- (1) It is a policy objective that an entity is not eligible to be granted a basic market milk payment right unless:

- (a) the entity has been granted a payment right under the DSAP scheme in respect of a dairy farm enterprise (the ***qualifying enterprise***); and
- (b) the entity held an interest (of a kind referred to in the SDA scheme) in that enterprise, or in any other dairy farm enterprise, at a time referred to in the SDA scheme; and
- (c) the number (the ***market milk number***) worked out in accordance with the following formula is at least 25.1 (rounding to 1 decimal place and rounding up if the second decimal place is 5 or more):

$$\frac{\text{Total number of litres of market milk delivered by the qualifying enterprise in the 1998-1999 financial year}}{\text{Total number of litres of market milk delivered by that enterprise in that year} + \text{Total number of litres of manufacturing milk delivered by that enterprise in that year}} \times 100$$

Note: See also subclause (4) for how those delivery numbers are worked out.

Calculation of face value

- (2) It is a policy objective that the face value of an entity's basic market milk payment right is to be a share (worked out in accordance with the SDA scheme) of the overall market milk amount for the qualifying enterprise.

Interpretation

- (3) For the purposes of this clause, the ***overall market milk amount*** for the qualifying enterprise is:
 - (a) if the market milk number is at least 25.1 and less than 30.1—\$10,000; or
 - (b) if the market milk number is at least 30.1—\$15,000.
- (4) A reference in this clause to the total number of litres of market milk, or the total number of litres of manufacturing milk, delivered by the qualifying enterprise in the 1998-1999 financial year is a

Clause 37E

reference to that number as determined by the DAA to have taken to have been delivered by that enterprise in that year.

- (5) This clause is subject to clause 37V (about the effect of death on eligibility etc. for the grant of payment rights).

37E Additional market milk payment rights—eligibility etc.

Basic eligibility criteria

- (1) It is a policy objective that an entity is not eligible to be granted an additional market milk payment right unless:
- (a) the entity has been granted a payment right under the DSAP scheme in respect of a dairy farm enterprise (the ***qualifying enterprise***); and
 - (b) the entity held an interest (of a kind referred to in the SDA scheme) in that enterprise, or in any other dairy farm enterprise, at a time referred to in the SDA scheme; and
 - (c) the number (the ***market milk number***) worked out in accordance with the following formula is at least 35.1 (rounding to 1 decimal place and rounding up if the second decimal place is 5 or more):

$$\frac{\text{Total number of litres of market milk delivered by the qualifying enterprise in the 1998-1999 financial year}}{\text{Total number of litres of market milk delivered by that enterprise in that year} + \text{Total number of litres of manufacturing milk delivered by that enterprise in that year}} \times 100$$

Note: See also subclause (5) for how those delivery numbers are worked out.

Calculation of face value

- (2) It is a policy objective that the face value of an entity's additional market milk payment right is to be a share (worked out in accordance with the SDA scheme) of the overall market milk amount for the qualifying enterprise.

Interpretation

- (3) For the purposes of this clause, the **overall market milk amount** for the qualifying enterprise is the amount worked out in accordance with the following formula:

$$\text{Relevant cents} \times \frac{\text{Total number of litres of market milk delivered by that enterprise in the 1998-1999 financial year}}{\text{Total number of litres of market milk delivered by that enterprise in the 1998-1999 financial year}}$$

where:

relevant cents means:

- (a) if the market milk number is at least 45—12 cents; or
- (b) if the market milk number is at least 35.1 and less than 45—the number of cents worked out in accordance with the following formula:

$$\left[\text{Market milk number} - 35 \right] \times 1.2 \text{ cents}$$

- (4) However, if the amount calculated under subclause (3) is more than \$60,000, then the **overall market milk amount** for the qualifying enterprise is taken to be \$60,000.
- (5) A reference in this clause to the total number of litres of market milk, or the total number of litres of manufacturing milk, delivered by the qualifying enterprise in the 1998-1999 financial year is a reference to that number as determined by the DAA to have taken to have been delivered by that enterprise in that year.
- (6) This clause is subject to clause 37V (about the effect of death on eligibility etc. for the grant of payment rights).

37F Market milk payment rights—offsetting

- (1) It is a policy objective that the face value of an entity's basic market milk payment right or additional market milk payment right is to be reduced if:

Clause 37G

- (a) the entity has been granted a payment right (the ***DSAP payment right***) under the DSAP scheme; and
 - (b) the conditions in paragraphs 51(1)(a), (b) and (c) of this Schedule are satisfied (about the DAA having made an error); and
 - (c) the DAA has been unable to cancel a number of units (the ***protected units***) in the DSAP payment right because of the operation of subclause 51(2).
- (2) It is a policy objective that the amount of the reduction is to be equal to the total face value of the protected units.
- (3) If the amount of the reduction would exceed the face value of the entity's basic market milk payment right or additional market milk payment right, then it is a policy objective that the face value of that payment right is to be reduced to zero.

37G Discretionary payment rights—eligibility

- (1) It is a policy objective that an entity is not eligible to be granted a discretionary payment right unless the entity satisfies clause 37H or 37J.
- (2) This clause is subject to clause 37V (about the effect of death on eligibility etc. for the grant of payment rights).

37H Discretionary payment rights—entity affected by significant event, crisis or anomalous circumstances etc.

- (1) An entity satisfies this clause if:
- (a) the entity held an interest (of a kind referred to in the SDA scheme) in a dairy farm enterprise at any time during the period (the ***qualifying period***) beginning on 1 July 1998 and ending at 6.30 pm on 28 September 1999; and
 - (b) the entity is taken, under the SDA scheme, to have been affected by a significant event, a significant crisis or significant anomalous circumstances.

- (2) For the purposes of this clause, *dairy farm enterprise* includes a business in Australia that is carried on with a view to delivering market milk and/or manufacturing milk during the qualifying period, but that did not deliver such milk during that period.

37J Discretionary payment rights—entity suffered a fall in lease income etc.

- (1) An entity satisfies this clause if:
- (a) the entity was granted a payment right under the DSAP scheme in respect of a lessor interest the entity held in a dairy farm enterprise; and
 - (b) the entity is not taken, under the SDA scheme, to have been affected by a significant event, a significant crisis or significant anomalous circumstances; and
 - (c) the entity passes the lease income test.

Cap

- (2) It is a policy objective that the total face value of discretionary payment rights, granted in respect of a dairy farm enterprise to entities who satisfy this clause in relation to that enterprise, must not exceed an amount specified in the SDA scheme.

Interpretation

- (3) For the purposes of this clause, an entity held a *lessor interest* in a dairy farm enterprise if:
- (a) under the DSAP scheme, the enterprise was taken to be subject to an eligible dairy leasing arrangement; and

 - (i) more than 50% of the total gross income derived by the entity in the 1999-2000, 1998-1999 and 1997-1998 financial years consisted of eligible lease income; and

- (5) For the purposes of this clause, the gross income derived by an entity is to be worked out in accordance with:
 - (a) generally accepted accounting principles; or
 - (b) if, under the SDA scheme, the generally accepted accounting principles are taken to be modified for the purposes of the scheme—those principles as so modified.
- (6) For the purposes of this clause, *eligible lease income* has the same meaning as in the SDA scheme.

37K Units in payment rights

- (1) It is a policy objective that each payment right under the SDA scheme is to be divided into units, where each unit has a face value of \$32.
- (2) It is a policy objective that the number of units into which a payment right is divided is to be worked out as follows:
 - (a) divide the number of dollars in the face value of the payment right by 32;

- (b) if the result of the division is a whole number—that number is the number of units in the payment right;
- (c) if the result of the division is less than 1—there is 1 unit in the payment right;
- (d) if the result of the division is greater than 1, but is not a whole number:
 - (i) round the result of the division up or down to the nearest whole number (rounding up in the case exactly half-way between 2 whole numbers); and
 - (ii) the rounded number is the number of units in the payment right.

37L Cancellation of units

It is a policy objective that a payment right under the SDA scheme is to be granted subject to the powers of cancellation conferred on the DAA under the authority of clauses 50, 51 and 52.

- Note 1: Clause 50 deals with cancellation of units because of the making of a false statement.

49 Penalty for unpaid scheme debts

- (1) If an amount of a scheme debt that is payable by an entity remains unpaid after the day by which it must be paid, the entity is liable to a penalty at the rate of 16% per year on the unpaid amount.

- (2) The penalty is calculated from the day on which the amount becomes due to be paid.
- (3) The fact that a judgment is entered or given in a court for the payment of an amount of a scheme debt, or of a composite amount that includes an amount of a scheme debt, does not of itself cause the amount of a scheme debt to stop being unpaid for the purposes of this clause.
- (4) If the judgment debt bears interest, the penalty payable under this clause is reduced (but not beyond nil) by the following amount:

$$\text{Interest on judgment debt} \times \frac{\text{Scheme debt component}}{\text{Judgment debt}}$$

where:

scheme debt component means so much of the judgment debt as consists of a scheme debt.

- (5) For the purposes of this clause, the day on which a scheme debt is due to be paid is the day on which the DSAP payment or SDA payment concerned was paid.
- (6) This clause does not apply to a scheme debt that is attributable (in whole or in part) to an error made by the DAA or the industry services body, where the DSAP payment or SDA payment concerned was received in good faith.
- (7) The DSAP scheme or the SDA scheme (as the case may be) must empower the DAA to remit the whole or a part of an amount of penalty payable under this clause.
- (8) A penalty payable under this clause may be recovered by the Commonwealth as a debt to the Commonwealth.
- (9) This clause has no effect to the extent (if any) to which it imposes taxation (within the meaning of section 55 of the Constitution).

Division 5—Cancellation of units

50 Cancellation of units because of the making of a false statement

(1) If:

- (a) before a payment right was granted, an entity made a false statement to a person who was exercising powers, or performing functions, under or in connection with this Part, the DSAP scheme or the SDA scheme; and
- (b) either:
 - (i) the payment right was granted because of the making of the false statement; or
 - (ii) as a result of the making of the false statement, the face value of the payment right exceeds the proper amount of the face value;

the DSAP scheme or the SDA scheme (as the case may be) must authorise the DAA to:

- (c) if subparagraph (b)(i) applies—cancel all of the units in the payment right; or
 - (d) if subparagraph (b)(ii) applies—cancel the number of units in the payment right worked out by:
 - (i) dividing the number of whole dollars in the amount of the excess by 32; and
 - (ii) if the result of the division is not a whole number—rounding down the result to the nearest whole number (treating zero as a whole number).
- (2) If a unit is cancelled as authorised under this clause, this Schedule and the DSAP scheme or the SDA scheme (as the case may be) have, and are taken always to have had, effect as if the unit was never in existence.

Note: This may result in an overpayment. For recovery of overpayments, see Division 4.

(3) In this clause:

false statement means a statement (whether made orally, in a document or in any other way) that:

- (a) is false or misleading in a material particular; or

- (b) clause 50 does not apply; and
- (c) either:
 - (i) the payment right would not have been granted if the DAA had not made that error; or
 - (ii) the face value of the payment right exceeds the amount that would have been the amount of the face value if the DAA had not made that error;

the DSAP scheme or the SDA scheme (as the case may be) must authorise the DAA to:

- (d) if subparagraph (c)(i) applies—cancel all of the units in the payment right; or
- (e) if subparagraph (c)(ii) applies—cancel the number of units in the payment right worked out by:
 - (i) dividing the number of whole dollars in the amount of the excess by 32; and
 - (ii) if the result of the division is not a whole number—rounding down the result to the nearest whole number (treating zero as a whole number).

(2) The DSAP scheme or the SDA scheme (as the case may be) may provide that the DAA is not to cancel a unit as authorised under this clause if the DAA is satisfied that the entity, or each of the entities, who received a DSAP payment or an SDA payment in respect of the unit acted in good faith.

Clause 52

- (3) If a unit is cancelled as authorised under this clause, this Schedule and the DSAP scheme or the SDA scheme (as the case may be) have, and are taken always to have had, effect as if the unit was never in existence.

Note: This may result in an overpayment. For recovery of overpayments, see Division 4.

 - (c) the DAA gives the first entity a written notice directing the first entity to comply with the undertaking before the end of the period of 60 days beginning when the direction is given; and
 - (d) the first entity contravenes the direction;
- the DSAP scheme must authorise the DAA to cancel the unit.

- (1A) For the purposes of subclause (1), **eligible entity** has the same meaning as in clause 21.

SDA scheme

- (1B) If:
- (a) an entity (the **first entity**) has given the DAA an undertaking to assign a unit in a payment right under the SDA scheme to an eligible entity as mentioned in paragraph 37N(3)(b); and
 - (b) the first entity breaches the undertaking; and
 - (c) the DAA gives the first entity a written notice directing the first entity to comply with the undertaking before the end of

the period of 60 days beginning when the direction is given;
and

(d) the first entity contravenes the direction;
the SDA scheme must authorise the DAA to cancel the unit.

(1C) For the purposes of subclause (1B), *eligible entity* has the same meaning as in clause 37N.

When cancellation takes effect
