Chapter 4—Medical devices

Part 4-1—Introduction

Division 1—Overview of this Chapter

41B General

The purpose of this Chapter is to ensure the safety and satisfactory performance of medical devices. It does this by:

- (a) setting out particular requirements for medical devices; and
- (b) establishing administrative processes principally aimed at ensuring those requirements are met; and
- (c) providing for enforcement through a series of offences and civil penalty provisions.

41BA Requirements for medical devices (Parts 4-2 and 4-3)

The requirements for medical devices are:

- (a) essential principles (that are about the safety and performance characteristics of medical devices); and
- (b) conformity assessment procedures (that are mainly about the application of quality management systems) or requirements comparable to conformity assessment procedures.

Note: Medical device standards may be made under Division 2 of Part 4-2, and conformity assessment standards may be made under Division 2 of Part 4-3, but they are not requirements.

41BB Administrative processes (Parts 4-4 to 4-10)

The administrative processes under this Chapter are:

- (a) issuing conformity assessment certificates for some manufacturers of medical devices; and
- (aa) making conformity assessment body determinations; and
- (b) including medical devices in the Register; and

Section 41BC

- (c) suspending or cancelling entries of medical devices from the Register; and
- (ca) exempting medical devices from various provisions of this Chapter to deal with emergency situations; and
- (d) exempting medical devices from the requirement to be included in the Register; and
- (e) obtaining information about medical devices; and
- (f) requiring public notification of problems with medical devices, and recall of such devices.

Note: Part 4-10 provides for assessment fees to be payable in some circumstances.

41BC Enforcement (Part 4-11)

Part 4-11 contains offences and civil penalty provisions that are aimed at ensuring that:

- (a) the requirements for medical devices are complied with; and
- (b) the administrative processes under this Chapter (particularly the inclusion of medical devices in the Register) are followed.

Note: There are some offences and civil penalty provisions in Parts 4-4 to 4-9. They generally relate to matters ancillary to administrative processes in those Parts (e.g. false or misleading statements in applications).

Part 4-5—Including medical devices in the Register

41F What this Part is about

Kinds of medical devices can be included in the Register if they comply with the essential principles, and conformity assessment procedures have been applied to the kinds of devices or requirements, comparable to those procedures, have been applied to the kinds of devices (and certain other requirements are complied with).

Inclusions in the Register are subject to certain automatic conditions and the Secretary may impose further conditions.

Division 1—Including medical devices in the Register

41FA What this Division is about

Kinds of medical devices are usually included in the Register once an application is made, together with the required certification and the application passes preliminary assessment. However, applications may be selected for audit, which involves checking some or all aspects of the application and certification.

Note 1: In some cases, an application relating to a kind of medical device will not pass preliminary assessment unless that kind of device is covered by a conformity assessment certificate under Part 4-4: see paragraph 41FDB(2)(e).

Note 2: Dealing in medical devices of a kind not included in the Register may be an offence or may contravene a civil penalty provision: see Division 3 of Part 4-11.

Subdivision A—Applications

41FC Making an application

- (1) A person may make an application to the Secretary for a kind of medical device to be included in the Register.
- (2) An application must not contain information that is false or misleading in a material particular.

Note: A person might also commit an offence, or contravene a civil penalty provision, if the person makes a statement in an application that is false or misleading in a material particular: see sections 41FE and 41FEA.

41FD Matters to be certified

The applicant must certify that:

- (a) devices of the kind in question are medical devices; and

- (d) devices of that kind comply with the essential principles; and
- (e) the applicant:
 - (i) has available sufficient information to substantiate that compliance with the essential principles; or

- (f) either:
 - (i) appropriate conformity assessment procedures have been applied to devices of that kind; or
 - (ii) requirements, comparable to the conformity assessment procedures, have been applied to devices of that kind; and

- (ha) if there are one or more absolute prohibitions in force for the purposes of subsection 9K(1) or (3):

- (1) This section applies if it appears to the Secretary that a person (the *wrongdoer*) may have contravened a civil penalty provision.

Division 2—Civil penalty proceedings and criminal proceedings

42YF Civil proceedings after criminal proceedings

42YG Criminal proceedings during civil proceedings

- (1) Proceedings for a pecuniary penalty order against a person for a contravention of a civil penalty provision are stayed if:
 - (a) criminal proceedings are started or have already been started against the person for an offence; and
 - (b) the offence is constituted by conduct that is substantially the same as the conduct alleged to constitute the contravention.
- (2) The proceedings for the order may be resumed if the person is not convicted of the offence. Otherwise, the proceedings for the order are dismissed.

42YH Criminal proceedings after civil proceedings

Criminal proceedings may not be started against a person for conduct that is substantially the same as conduct constituting a contravention of a civil penalty provision if a pecuniary penalty order has been made against the person in respect of that conduct.

42YI Evidence given in proceedings for civil penalty not admissible in criminal proceedings

Evidence of information given or evidence of production of documents by an individual is not admissible in criminal proceedings against the individual if:

Section 42YI

- (a) the individual previously gave the evidence or produced the documents in proceedings for a pecuniary penalty order against the individual for a contravention of a civil penalty provision (whether or not the order was made); and

However, this does not apply to a criminal proceeding in respect of the falsity of the evidence given by the individual in the proceedings for the pecuniary penalty order.

Section 42YJ

Part 5A-2—Infringement notices

42YJ Simplified outline of this Part

The Secretary can give a person an infringement notice for a contravention of a provision of this Act or the regulations that is an offence of strict liability or for a contravention of a civil penalty provision.

The person can choose to pay an amount as an alternative to having court proceedings brought against the person for the contravention. If the person does not choose to pay the amount, proceedings can be brought against the person in relation to the contravention.

42YK When an infringement notice may be given

- (1) If the Secretary reasonably believes that a person has contravened:
 - (a) a provision of this Act or the regulations that is an offence of strict liability; or
 - (b) a civil penalty provision;the Secretary may give to the person an infringement notice for the alleged contravention.
- (2) The infringement notice must be given within 12 months after the day on which the contravention is alleged to have taken place.
- (3) A single infringement notice must relate only to a single contravention of a single provision unless subsection (4) applies.
- (4) The Secretary may give a person a single infringement notice relating to multiple contraventions of a single provision if:
 - (a) the provision requires the person to do a thing within a particular period or before a particular time; and
 - (b) the person fails or refuses to do that thing within that period or before that time; and

Section 42YKA

- (c) the failure or refusal occurs on more than 1 day; and
- (d) each contravention is constituted by the failure or refusal on one of those days.

Note: For continuing offences, see subsection 4K(2) of the *Crimes Act 1914*.
For continuing contraventions of civil penalty provisions, see section 42YCA of this Act.

42YKA Matters to be included in an infringement notice

 - (c) state the name of the person to whom the notice is given; and
 - (d) state the name and contact details of the person who gave the notice; and
 - (e) give brief details of the alleged contravention, or each alleged contravention, to which the notice relates, including:
 - (i) the provision that was allegedly contravened; and
 - (ii) the maximum penalty that a court could impose for each contravention, if the provision were contravened; and
 - (iii) the time (if known) and day of, and the place of, each alleged contravention; and
 - (f) state the amount that is payable under the notice; and
 - (g) give an explanation of how payment of the amount is to be made; and
 - (h) state that, if the person to whom the notice is given pays the amount within 28 days after the day the notice is given, then (unless the notice is withdrawn):
 - (i) if the provision is an offence of strict liability—the person will not be liable to be prosecuted in a court for the alleged contravention; or
 - (ii) if the provision is a civil penalty provision—proceedings seeking an order under subsection 42Y(2) will not be brought in relation to the alleged contravention; and

Section 42YKA

- (i) state that payment of the amount is not an admission of guilt or liability; and
 - (j) state that the person may apply to the Secretary to have the period in which to pay the amount extended; and
 - (k) state that the person may choose not to pay the amount and, if the person does so:
 - (i) if the provision is an offence of strict liability—the person may be prosecuted in a court for the alleged contravention; or

 - (b) 12 penalty units where the person is an individual, or 60 penalty units where the person is a body corporate.

Section 42YKB

- (a) one-fifth of the amount worked out by adding together the maximum penalty that a court could impose on the person for each alleged contravention; and

 - (i) if the person is an individual—the number of penalty units worked out by multiplying the number of alleged contraventions by 12; or
 - (ii) if the person is a body corporate—the number of penalty units worked out by multiplying the number of alleged contraventions by 60.

Note: Under section 42YK, a single infringement notice may only deal with multiple contraventions if they are contraventions of a single provision continuing over a period.

- (3) If the Secretary extends that period, a reference in this Part, or in a notice or other instrument under this Part, to the period referred to in paragraph 42YKA(1)(h) is taken to be a reference to that period so extended.
- (4) If the Secretary does not extend that period, a reference in this Part, or in a notice or other instrument under this Part, to the period referred to in paragraph 42YKA(1)(h) is taken to be a reference to the period that ends on the later of the following days:
 - (a) the day that is the last day of the period referred to in paragraph 42YKA(1)(h);

Chapter 8—Repeal and transitional provisions

66 Transitional arrangements for goods required to be registered or listed

- (1) This section applies to therapeutic goods in relation to a person if, immediately before the commencement of this Act, the person was supplying goods of that kind in Australia for use in humans.
- (2) Where:
 - (a) this section applies to therapeutic goods in relation to a person; and
 - (b) the Secretary is not aware of the person having been convicted of an offence against a law of the Commonwealth, of a State or of an internal Territory in respect of goods of that kind during the period of 2 years ending on the commencement of this Act; and
 - (c) if the goods are imported goods—the Secretary is not aware of the person having, during that period, imported goods of that kind into Australia otherwise than in accordance with regulations in force under the *Customs Act 1901*;subsections 20(1) and (2) do not apply to goods of that kind in relation to the person during the period of 3 months after that commencement.
- (3) Where:
 - (a) this section applies to therapeutic goods in relation to a person; and
 - (b) the person makes an application for registration or listing of goods of that kind in accordance with section 23 and within 3 months after the commencement of this Act;then:
 - (c) subsection 20(1) does not apply to goods of that kind in relation to the person during the period of 6 months after that

-
- commencement or before the end of such longer period as the Secretary specifies by notice published in the *Gazette* before the end of that first-mentioned period; and
- (d) subsection 20(2) does not apply to goods of that kind in relation to the person during the period of 12 months after that commencement or before the end of such longer period as the Secretary specifies by notice published in the *Gazette* before the end of that first-mentioned period.
- (3A) If, on an application under subsection (3), goods have been registered without having been evaluated, the Secretary may, if he or she thinks it appropriate, give the person in relation to whom the goods are registered written notice that the goods are to be evaluated to determine whether they should continue to be registered.
- (4) A person who makes an application in accordance with subsection (3) is not required to pay:
- (a) any application fee for the registration or listing of the goods to which the application relates; or
 - (b) in the case of an application for the registration of goods—any fee for the evaluation of the goods for registration;
- but where the goods are later evaluated to determine whether the goods should continue to be registered, such fee as is prescribed is payable in respect of that evaluation.
- (4A) In relation to an evaluation conducted for the purposes of this section:
- (a) section 25 has effect as if:
 - (i) the person in respect of whom the goods are registered were an applicant for the registration of the goods; and
 - (ii) the reference in paragraph (1)(b) to an evaluation fee under section 24 were a reference to a fee payable under subsection (4) of this section; and
 - (b) sections 24A, 24B and 24C have effect as if any reference in those sections to section 24 were a reference to subsection (4) of this section; and
-

Section 67

- (c) sections 24D and 24E do not apply.
- (4B) If, on an application under subsection (3), goods have been listed without consideration of the matters mentioned in paragraphs 26(1)(c) to (m), the Secretary may, if he or she thinks it appropriate, give the person in relation to whom the goods are listed written notice that the Secretary intends to determine whether the goods should continue to be listed.
- (4C) If notice is given under subsection (4B), section 26 applies as if the person in relation to whom the goods are listed were an applicant for the listing of the goods.
- (5) Section 21 does not apply, during the period of 15 months after the commencement of this Act or during such longer period as the Secretary specifies by notice published in the *Gazette* before the end of that first-mentioned period, to any goods.
- (6) Where a person suffers any kind of loss, damage or injury caused by, or arising out of, the use by the person of therapeutic goods to which this section applies, no liability in respect of that loss, damage or injury attaches to the Commonwealth, the Secretary or any delegate of the Secretary.

67 Transitional provision for therapeutic goods for export only

Section 20 does not apply, during the period of 6 months after the commencement of this Act, to therapeutic goods manufactured in Australia solely for export from Australia.

68 Transitional arrangements for Part 3-3

- (1) This section applies to a step in the manufacture of therapeutic goods in relation to a person in relation to premises in Australia if, before the commencement of this Act, the person was carrying out that step in relation to goods of that kind at those premises.

(2) Where:

- (a) this section applies to a step in the manufacture of therapeutic goods in relation to a person in relation to premises; and
- (b) the Secretary is not aware of the person having been convicted of an offence against a law of the Commonwealth, of a State or of an internal Territory in respect of goods of that kind during the period of 2 years ending on the commencement of this Act;

subsection 35(1) does not apply the carrying out of that step by the person in relation to goods of that kind at those premises during the period of 4 months after that commencement.

(3) Where:

- (a) this section applies to a step in the manufacture of therapeutic goods in relation to a person in relation to premises; and
- (b) the person makes an application for a licence to carry out that step in relation to goods of that kind at those premises in accordance with section 37 and within 4 months after the commencement of this Act;

subsection 35(1) does not apply to the carrying out of that step by the person in relation to goods of that kind at those premises until the application is determined.

69 Continuation of standards and requirements

Any standards that were in force immediately before the commencement of this Act under Part 2 of the *Therapeutic Goods Act 1966*, and any requirements that were in force at that time under section 15 of the *Therapeutic Goods Act 1966*, continue in force as if they were standards made under Part 3-1 of this Act.

Legislation history and amendment history—Endnotes 3 and 4

Amending laws are annotated in the legislation history and amendment history.

The legislation history in endnote 3 provides information about each law that has amended (or will amend) the compiled law. The information includes commencement details for amending laws and details of any application, saving or transitional provisions that are not included in this compilation.

The amendment history in endnote 4 provides information about amendments at the provision (generally section or equivalent) level. It also includes information about any provision of the compiled law that has been repealed in accordance with a provision of the law.

Editorial changes

The *Legislation Act 2003* authorises First Parliamentary Counsel to make editorial and presentational changes to a compiled law in preparing a compilation of the law for registration. The changes must not change the effect of the law. Editorial changes take effect from the compilation registration date.

If the compilation includes editorial changes, the endnotes include a brief outline of the changes in general terms. Full details of any changes can be obtained from the Office of Parliamentary Counsel.

Misdescribed amendments

A misdescribed amendment is an amendment that does not accurately describe the amendment to be made. If, despite the misdescription, the amendment can

be given effect as intended, the amendment is incorporated into the compiled law and the abbreviation “(md)” added to the details of the amendment included in the amendment history.

If a misdescribed amendment cannot be given effect as intended, the abbreviation “(md not incorp)” is added to the details of the amendment included in the amendment history.
