 - (i) used in Australia, whether produced in Australia or elsewhere; or
 - (ii) exported from Australia;
 - (b) to provide a framework for the States and Territories to adopt a uniform approach to control the availability and accessibility, and ensure the safe handling, of poisons in Australia;
 - (c) provide for a scheme allowing pharmacists to substitute certain medicine for other medicine if the Minister has declared there is a serious scarcity of the other medicine;

Section 5

- (iii) supplied in Australia, whether manufactured in Australia or elsewhere; or
 - (iv) exported from Australia.
- (1A) The reference in paragraph (1)(a) to the efficacy of therapeutic goods is a reference, if the goods are medical devices, to the performance of the devices as the manufacturer intended.
- (2) This Act is therefore not intended to apply to the exclusion of a law of a State, of the Australian Capital Territory or of the Northern Territory to the extent that the law is capable of operating concurrently with this Act.

5 Act to bind Crown

This Act binds the Crown in right of the Commonwealth, of each of the States, of the Australian Capital Territory and of the Northern Territory, but nothing in this Act renders the Crown liable to be prosecuted for an offence or to be subject to civil proceedings for a contravention of a civil penalty provision.

5A Application of the *Criminal Code*—extended geographical jurisdiction

Section 15.2 of the *Criminal Code* (extended geographical jurisdiction—category B) applies to offences against subsections 21A(1), (4) and (4A), sections 22A, 32DO and 41FE, subsections 42DZD(1) and (2) and sections 42DZG, 42DZL, 42E and 42T.

Section 6AAA

Australia, among the States, between a State and a Territory or between 2 Territories; or

- (ii) under a law of the Commonwealth relating to the provision of pharmaceutical or repatriation benefits; or
 - (iii) in relation to the Commonwealth or in relation to an authority of the Commonwealth.
- (2) Without limiting the effect of this Act apart from this subsection, this Act also has the effect it would have if the reference in paragraph (1)(a) to things done by corporations were confined to things done by trading corporations for the purposes of their trading activities.

6AAA Commonwealth consent to conferral of functions etc. on its officers and authorities by corresponding State laws

- (1) A corresponding State law may confer functions or powers, or impose duties, on:
 - (a) a Commonwealth officer; or
 - (b) a Commonwealth authority.
- (2) Subsection (1) does not authorise the conferral of a function or power, or the imposition of a duty, by a corresponding State law to the extent to which:
 - (a) the conferral or imposition, or the authorisation, would contravene any constitutional doctrines restricting the duties that may be imposed on Commonwealth officers or Commonwealth authorities; or
 - (b) the authorisation would otherwise exceed the legislative power of the Commonwealth.
- (3) Subsection (1) does not extend to a function, power or duty of a kind specified in regulations made for the purposes of this subsection.
- (4) This Act is not intended to exclude or limit the operation of a corresponding State law that confers any functions or powers, or

Section 6AAB

imposes any duties, on a Commonwealth officer or Commonwealth authority to the extent to which that law:

- (a) is consistent with subsections (1) to (3); and
- (b) is capable of operating concurrently with this Act.

6AAB When duty imposed

Application

- (1) This section applies if a corresponding State law purports to impose a duty on a Commonwealth officer or Commonwealth authority.

State legislative power sufficient to support duty

- (2) The duty is taken not to be imposed by this Act (or any other law of the Commonwealth) to the extent to which:
 - (a) imposing the duty is within the legislative powers of the State concerned; and
 - (b) imposing the duty by the corresponding State law is consistent with the constitutional doctrines restricting the duties that may be imposed on a Commonwealth officer or Commonwealth authority.

Note: If this subsection applies, the duty will be taken to be imposed by force of the corresponding State law (the Commonwealth having consented under section 6AAA to the imposition of the duty by the corresponding State law).

Commonwealth legislative power sufficient to support duty but State legislative powers are not

- (3) If, to ensure the validity of the purported imposition of the duty, it is necessary that the duty be imposed by a law of the Commonwealth (rather than by force of the corresponding State law), the duty is taken to be imposed by this Act to the extent necessary to ensure that validity.
- (4) If, because of subsection (3), this Act is taken to impose the duty, it is the intention of the Parliament to rely on all powers available to

Section 6AAC

it under the Constitution to support the imposition of the duty by this Act.

- (5) The duty is taken to be imposed by this Act in accordance with subsection (3) only to the extent to which imposing the duty:
 - (a) is within the legislative powers of the Commonwealth; and
 - (b) is consistent with the constitutional doctrines restricting the duties that may be imposed on a Commonwealth officer or Commonwealth authority.
- (6) To avoid doubt, neither this Act (nor any other law of the Commonwealth) imposes a duty on the Commonwealth officer or Commonwealth authority to the extent to which imposing such a duty would:
 - (a) contravene any constitutional doctrine restricting the duties that may be imposed on a Commonwealth officer or Commonwealth authority; or
 - (b) otherwise exceed the legislative power of the Commonwealth.
- (7) Subsections (1) to (6) do not limit section 6AAA.

6AAC Imposing duty under State law

- (1) This section:
 - (a) applies only for the purposes of the application of the provisions of this Act or another law of the Commonwealth (with or without modification) as a law of a State by a provision of a corresponding State law; and
 - (b) does not apply for those purposes if the corresponding State law otherwise provides.
- (2) If the corresponding State law purports to impose a duty on a Commonwealth officer or Commonwealth authority to do a particular thing, the duty is taken to be imposed by the corresponding State law to the extent to which imposing the duty:
 - (a) is within the legislative powers of the State; and

Section 6AAD

- (b) is consistent with the constitutional doctrines restricting the duties that may be imposed on a Commonwealth officer or Commonwealth authority.
- (3) To avoid doubt, the corresponding State law does not impose the duty on the Commonwealth officer or Commonwealth authority to the extent to which imposing the duty would:
 - (a) contravene any constitutional doctrine restricting the duties that may be imposed on a Commonwealth officer or Commonwealth authority; or
 - (b) otherwise exceed the legislative powers of the State.
- (4) If imposing on the Commonwealth officer or Commonwealth authority the duty to do that thing would:
 - (a) contravene any constitutional doctrine restricting the duties that may be imposed on a Commonwealth officer or Commonwealth authority; or
 - (b) otherwise exceed the legislative powers of both the State and the Commonwealth;the corresponding State law is taken instead to confer on the officer or authority a power to do that thing at the discretion of the officer or authority.

6AAD Conferral of jurisdiction on federal courts

If:

- (a) a provision of a corresponding State law purports to apply a provision of a law of the Commonwealth (the ***applied provision***) as a law of the State; and
- (b) the applied provision purports to confer jurisdiction in relation to a matter on a federal court;

the jurisdiction in relation to that matter is taken to be conferred on the court by this section.

6AAE Consequences of State law conferring duty, function or power on Commonwealth officer or Commonwealth authority

- (1) If a corresponding State law confers on a Commonwealth officer or Commonwealth authority:
 - (a) the function of including goods in the Register; or
 - (b) the power to include goods in the Register;the officer or authority may include the goods in the Register in accordance with the corresponding State law.
- (2) If a corresponding State law authorises or requires a Commonwealth officer or Commonwealth authority to cancel the inclusion of goods in the Register, the officer or authority may cancel the inclusion of the goods in the Register in accordance with the corresponding State law.
- (3) The inclusion of goods in the Register under subsection (1) does not subject any person to any liability whatever under this Act, except a liability under Part 6-1.
- (4) A Commonwealth officer or Commonwealth authority may make any notations in the Register that the officer or authority considers necessary to identify entries that relate to goods included in the Register under subsection (1).
- (5) Goods may be included in the Register under subsection (1) even though the same goods have already been included in the Register under another provision of this Act.
- (6) A reference in this section to the inclusion of goods in the Register is a reference to the inclusion of the goods:
 - (a) in the part of the Register for goods known as registered goods; or

 - (b) in the part of the Register for goods known as listed goods; or

 - (b) the consequences of the revocation of a therapeutic goods (priority applicant) determination.
- (5) Subsections (3) and (4) do not limit subsection (1).
- (6) A period prescribed under paragraph 63(2)(da) for the evaluation of therapeutic goods covered by a section 23 application for which the applicant is a priority applicant may be shorter than the period prescribed under that paragraph for the evaluation of therapeutic goods covered by a section 23 application for which the applicant is not a priority applicant.
- (7) The regulations may provide that, if:
 - (a) a person is a priority applicant in relation to a section 23 application made by the person; and
 - (b) a decision is made on the application;a statement setting out the decision may be published on the Department's website.
- (8) The express references in this section to the Secretary do not, by implication, prevent the regulations from empowering the Secretary to delegate any or all of the Secretary's functions or powers under regulations made for the purposes of this section.
- (9) If a therapeutic goods (priority applicant) determination is in force under the regulations, the determination may be published on the Department's website.
- (10) A therapeutic goods (priority applicant) determination made under the regulations is not a legislative instrument.
- (11) Subsection 33(3AB) of the *Acts Interpretation Act 1901* does not apply to the specification of a person in a therapeutic goods (priority applicant) determination.

Section 25AA

Note: Subsection 33(3AB) of the *Acts Interpretation Act 1901* deals with specification by class.

25AA Approved product information for medicine

- (1) The Secretary must approve product information in relation to therapeutic goods if:
- (a) the Secretary decides, under subsection 25(3), to register the goods; and
 - (b) the goods are:
 - (i) restricted medicine; or
 - (ii) medicine in respect of which the applicant has been given a notice of the kind referred to in subparagraph 25(1)(da)(ii).

Note: Subsection (4) deals with variation of the product information.

- (1A) However, the Secretary must not approve product information in relation to therapeutic goods under subsection (1) unless the Secretary is satisfied that the product information reflects the basis on which the Secretary decided under subsection 25(3) to register the goods.

- (1B) If:

- (a) there is medicine included in the Register in relation to a person and there is no product information approved under this section in relation to the medicine; and
 - (b) the medicine becomes restricted medicine;
- the Secretary may, by written notice given to the person, require the person to:
- (c) give the Secretary product information, in relation to the medicine, that is in the form approved under section 7D in relation to the medicine; and
 - (d) give the Secretary that product information within the period specified in the notice (which must be at least 30 days after the notice is given).

- (1C) If the person complies with subsection (1B), the Secretary must approve product information in relation to the medicine that
-

Section 25AA

reflects the basis on which the medicine is registered at the time of the approval. The Secretary must, by written notice given to the person, set out the product information so approved.

Note: Subsection (4) deals with variation of the product information.

Transitional

(2) If:

- (a) at the start of the day the first instrument made under subsection 3(2A) or (2B) takes effect, there is medicine included in the Register in relation to a person; and
- (b) before that day, the Secretary, in a notice given under subsection 25(4) (as in force on that day) to the person in relation to the registration of the medicine, specified the product information that was approved by the Secretary in relation to the medicine;

then that product information (including as varied before that day) is, on and after that day, the product information that is approved under this section in relation to the medicine.

Note: Subsection (4) deals with variation of the product information.

(3) If:

- (a) before the day the first instrument made under subsection 3(2A) or (2B) takes effect, a person made an application to include medicine in the Register; and
- (b) before that day and in relation to that application, the Secretary, in a notice given under subsection 25(4) (as in force on that day) to the person, specified the product information that was approved by the Secretary in relation to the medicine; and
- (c) on or after that day and in relation to that application, the Secretary includes the medicine in the Register in relation to the person;

then that product information (including as varied before that inclusion) is, on and after the day the registration of the medicine commences, the product information that is approved under this section in relation to the medicine.

Section 25AA

Note: Subsection (4) deals with variation of the product information.

Variations

(4) If:

- (a) there is medicine included in the Register in relation to a person and there is product information approved under this section in relation to the medicine; and
- (b) either:
 - (i) under section 9D, the Secretary varies the entry in the Register in relation to the medicine; or
 - (ii) there is a change in the conditions to which the inclusion of the medicine is subject; and
- (c) as a result of that variation or change, the Secretary is satisfied that a variation to that product information is required;

the Secretary may, by notice in writing given to the person, make any variations that the Secretary considers appropriate to the product information that is approved in relation to the medicine.

(4A) Without limiting subsection (4), a variation to the product information is not appropriate unless:

- (a) if subparagraph (4)(b)(i) applies—the product information, as varied, reflects the basis on which the Secretary decided under section 9D to vary the entry in the Register in relation to the medicine; or
- (b) if subparagraph (4)(b)(ii) applies—the product information, as varied, reflects the basis on which the Secretary decided under section 28 to change the conditions to which the inclusion of the medicine is subject.

(5) To avoid doubt, if product information that is approved in relation to medicine is varied under this section, that product information, as varied, becomes the product information that is approved under this section in relation to the medicine.

25AB Registration of therapeutic goods etc.

- (2) If:
- (a) an application is made under section 23 for the registration of therapeutic goods in relation to a person; and

- the Secretary must, in accordance with subsection (3), notify the applicant in writing of the decision within 28 days of making the decision.
- (3) The notice must:
- (a) set out the decision under subsection 25(3) to register the goods; and
 - (b) if the goods are restricted medicine or medicine in respect of which the applicant has been given a notice of the kind referred to in subparagraph 25(1)(da)(ii)—set out the product information approved under subsection 25AA(1) for the medicine; and
 - (c) inform the applicant that the goods will not be included in the Register unless and until the applicant gives the Secretary:
 - (i) the certificate required under subsection 26B(1); or
 - (ii) a notice (in accordance with a form approved, in writing, by the Secretary) that a certificate under that subsection is not required in relation to the application.
- (4) If the applicant gives the Secretary the certificate referred to in subparagraph (3)(c)(i) or the notice referred to in subparagraph (3)(c)(ii), the Secretary must:
- (a) include the goods in the Register; and
 - (b) give the applicant a certificate of registration.
- (5) To avoid doubt, if the applicant gives the Secretary the certificate referred to in subparagraph (3)(c)(i) or the notice referred to in subparagraph (3)(c)(ii), the Secretary must include the goods in the

Section 25AC

Register under paragraph (4)(a) without inquiring into the correctness of the certificate or the notice.

Date registration commences

- (6) The registration of therapeutic goods commences on the day specified in the certificate of registration.

the Secretary must notify the applicant in writing of the decision, and the reasons for the decision, within 28 days of making the decision.

25A When the Secretary must not use protected information

- (1) When evaluating therapeutic goods for registration, the Secretary must not use information about other therapeutic goods that is protected information.
- (2) Information is *protected information* if:
 - (a) the information was given to the Secretary in relation to an application to register therapeutic goods (the **new goods**) consisting of, or containing, an active component; and
 - (b) the information is about the active component and is not available to the public; and
 - (c) when the application to register the new goods was lodged:

- (ii) no such therapeutic goods had been included in the Register at any time before then; and
 - (d) the new goods became registered on or after the commencement of this subsection; and
 - (e) 5 years have not passed since the day the new goods became registered; and
 - (f) the person in relation to whom the new goods are registered has not given the Secretary permission in writing for the Secretary to use the information.
- (3) For the purposes of subsection (2), an **active component**, in relation to therapeutic goods, is a substance that is, or one of the substances that together are, primarily responsible for the biological or other effect identifying the goods as therapeutic goods.

- (la) if there are one or more prohibitions in force for the purposes of subsection 9K(1) or (3) that are subject to conditions—imports into Australia, exports from Australia or supplies in

Australia of the goods would contravene one or more of those conditions; or

- (m) the goods contain substances that are prohibited imports for the purposes of the *Customs Act 1901*; or
- (n) one or more of the manufacturers of the goods are not nominated as manufacturers of the goods in the application.

- (2E) For the purposes of subsection (2D), a Convention country is a country that is a party to the Mutual Recognition Convention.

Division 2B—Reporting medicine shortages and discontinuation of supply of medicine

30EF Reporting medicine shortages

- (1) A person in relation to whom a reportable medicine is included in the Register must notify the Secretary of any shortage of the medicine in Australia at a particular time. The person must do so:
 - (a) for a shortage that has a critical impact at that time—as soon as possible, but no later than 2 working days, after the first day the person knows, or ought reasonably to have known, of the shortage; or
 - (b) in any other case—before the end of 10 working days beginning on the first day the person knows, or ought reasonably to have known, of the shortage.

Note: For **reportable medicine**, see section 30EH. For **shortage** of a medicine in Australia, see section 30EI.

Critical impact

- (2) The shortage of a medicine in Australia at a particular time has a **critical impact** if, at that time, the medicine is included in an instrument under section 30EJ.
- (3) The shortage of a medicine in Australia at a particular time also has a **critical impact** if:
 - (a) either:
 - (i) at that time, there are no registered goods that could reasonably be used as a substitute for the medicine; or
 - (ii) at that time, there are other registered goods that could reasonably be used as a substitute for the medicine but the other registered goods are not likely to be available in sufficient quantities to meet the demand for the other registered goods that is likely to arise because of the shortage; and

Section 30EF

- (b) the shortage has the potential to have a life-threatening impact on, or a serious impact on the physical or mental health or functioning of, persons who take, or who may need to take, the medicine.

Notification requirements

- (4) A notification under subsection (1) must:
 - (a) be in accordance with a form that is approved, in writing, by the Secretary; and
 - (aa) specify the period of the shortage of the medicine in Australia; and
 - (b) contain any other information required by that form.

Note: For *period* of a shortage of a medicine in Australia, see section 30EIA.

- (5) An approval of a form may require or permit information to be given in accordance with specified software requirements:
 - (a) on a specified kind of data processing device; or
 - (b) by way of a specified kind of electronic transmission.

Civil penalty

- (6) A person contravenes this subsection if:
 - (a) the person is subject to a requirement under subsection (1); and
 - (b) the person contravenes the requirement.

Maximum civil penalty:

- (a) for an individual—100 penalty units; and
- (b) for a body corporate—1,000 penalty units.

Exceptions

- (7) Subsection (6) does not apply if:
 - (a) paragraph (1)(a) and subsection (3) apply in relation to the shortage but subsection (2) does not; and

Section 30EFA

- (b) as a result of steps taken by the person, it was reasonable for the person to assume that paragraph (1)(b) applied in relation to the shortage; and
 - (c) the person complied with paragraph (1)(b) in relation to the shortage.
- (8) A person is not subject to a requirement under subsection (1), in relation to a shortage (the **relevant shortage**) of a medicine in Australia at a particular time, if:
- (a) the person has complied with the requirement under subsection (1) in relation to a shortage (the **notified shortage**) of the same medicine at an earlier time; and
 - (b) the period of the shortage of the medicine in respect of the notified shortage (including any change to that period) is the same as the period of the shortage of the medicine in respect of the relevant shortage.

Example: There is a shortage of a medicine in Australia on 1 January 2024 because, at a time in the 6 months after that day, the supply of the medicine in Australia will not meet demand for the medicine (see section 30EI). The period of the shortage of the medicine will start on 1 March 2024 and end on 31 March 2024 (see section 30EIA).

The person in relation to whom the medicine is included in the Register has notified the Secretary of the shortage under this section.

On 1 February 2024 the period of the shortage of the medicine changes to a period that will start on 1 May 2024 and end on 31 May 2024.

The person must notify the change to the period of the shortage (see subsection 30EFA(1)). The person is not required to notify, under this section, of another shortage of the same medicine in respect of that same period starting on 1 May 2024 and ending on 31 May 2024.

30EFA Reporting changes to the period of a medicine shortage and resolution of a medicine shortage

Notification requirements

- (3) A notification under subsection (1) or (2) must:
 - (a) be in accordance with a form that is approved, in writing, by the Secretary; and

- (b) for a body corporate—1,000 penalty units.

30EG Reporting discontinuation of supply of medicine

- (1) A person in relation to whom a reportable medicine is included in the Register must notify the Secretary of any decision (the ***discontinuation decision***) of the person to permanently discontinue the supply of the medicine in Australia. The person must do so:
 - (a) if the discontinuation is likely to be of critical impact:
 - (i) at least 12 months before the discontinuation is proposed to occur; or
 - (ii) if the person is unable to comply with subparagraph (i)—as soon as practicable after the decision is made; or
 - (b) in any other case:
 - (i) at least 6 months before the discontinuation is proposed to occur; or
 - (ii) if the person is unable to comply with subparagraph (i)—as soon as practicable after the decision is made.

Note: For ***reportable medicine***, see section 30EH.

Section 30EG

Critical impact

- (2) The discontinuation of the supply of a medicine in Australia is likely to be of **critical impact** if, when the discontinuation decision is made, the medicine is included in an instrument under section 30EJ.
- (3) The discontinuation of the supply of a medicine in Australia is also likely to be of **critical impact** if:
 - (a) either:
 - (i) when the discontinuation decision is made, there are no registered goods that could reasonably be used as a substitute for the medicine; or
 - (ii) when the discontinuation decision is made, there are other registered goods that could reasonably be used as a substitute for the medicine but the other registered goods are not likely to be available in sufficient quantities to meet the demand for the other registered goods that is likely to arise because of the discontinuation; and
 - (b) the discontinuation has the potential to have a life-threatening impact on, or a serious impact on the physical or mental health or functioning of, persons who take, or who may need to take, the medicine.

Notification requirements

- (4) A notification under subsection (1) must:
 - (a) be in accordance with a form that is approved, in writing, by the Secretary; and
 - (b) contain the information required by that form.
- (5) An approval of a form may require or permit information to be given in accordance with specified software requirements:
 - (a) on a specified kind of data processing device; or
 - (b) by way of a specified kind of electronic transmission.

Civil penalty

- (6) A person contravenes this subsection if:
- (a) the person is subject to a requirement under subsection (1); and
 - (b) the person contravenes the requirement.

Maximum civil penalty:

- (a) for an individual—100 penalty units; and
- (b) for a body corporate—1,000 penalty units.

Exception

- (7) Subsection (6) does not apply if:
- (a) paragraph (1)(a) and subsection (3) apply in relation to the discontinuation but subsection (2) does not; and
 - (b) as a result of steps taken by the person, it was reasonable for the person to assume that paragraph (1)(b) applied in relation to the discontinuation; and
 - (c) the person complied with paragraph (1)(b) in relation to the discontinuation.

30EH What is a reportable medicine?

- (1) For the purposes of this Act, registered goods are a ***reportable medicine*** if:
- (a) the goods are medicine; and
 - (b) either:
 - (i) the medicine contains one or more substances included in Schedule 4 or 8 to the current Poisons Standard; or
 - (ii) the medicine is determined in an instrument under subsection (2).
- (2) The Minister may, by legislative instrument, determine medicine for the purposes of subparagraph (1)(b)(ii).
- (3) The Minister must not determine a medicine unless the Minister is satisfied of either or both of the following:

Section 30EI

- (a) the medicine is critical to the health of patients in Australia;
- (b) the notification to the Secretary of any shortage of the medicine, or of any decision to permanently discontinue the supply of the medicine, in Australia would be in the interests of public health.

30EI When is there a medicine shortage?

For the purposes of this Act, there is a *shortage* of a medicine in Australia at a particular time if, at any time in the 6 months after that particular time, the supply of that medicine in Australia will not, or will not be likely to, meet the demand for the medicine for all of the patients in Australia who take, or who may need to take, the medicine.

30EIA What is the period of a medicine shortage?

The *period* of a shortage of a medicine in Australia is the period:

- (a) starting on the day the supply of that medicine in Australia will not, or will not be likely to, meet the demand for the medicine for all of the patients in Australia who take, or who may need to take, the medicine; and
- (b) ending on the day before the day the supply of that medicine in Australia will, or will be likely to, meet that demand.

30EJ Medicines Watch List

- (1) The Minister may, by legislative instrument, determine medicine for the purposes of subsections 30EF(2) and 30EG(2).
- (2) The Minister must not determine a medicine unless the Minister is satisfied that any shortage of the medicine, or any permanent discontinuation of the supply of the medicine, in Australia has the potential to result in:
 - (a) significant morbidity in patients in Australia; or
 - (b) the death of one or more patients in Australia.

Division 2C—Substitution of prescription medicine by pharmacists

30EK Minister may declare a serious scarcity of medicine

- (1) The Minister may, by legislative instrument:
- (a) declare that there is a serious scarcity of specified medicine (the *scarce medicine*) across the whole or a specified part or parts of Australia; and
 - (b) specify the medicine (the *substitutable medicine*) that pharmacists are permitted to dispense in substitution for the scarce medicine and specify the circumstances in which that substitution is permitted.

Note 1: For specification by class, see subsection 13(3) of the *Legislation Act 2003*.

Note 2: For variation and revocation, see subsection 33(3) of the *Acts Interpretation Act 1901*.

Pre-conditions to making instrument

- (2) The Minister may make an instrument under subsection (1) only if the Minister is satisfied:
- (a) that either or both of the following apply:
 - (i) the supply of the scarce medicine in Australia is not currently meeting the demand for that medicine for all of the patients in Australia who take that medicine;
 - (ii) there is an imminent risk that supply of the scarce medicine in Australia will not, or will not be likely to, meet the demand for that medicine for all of the patients in Australia who take, or who may need to take, that medicine; and
 - (b) that there is a significant risk of adverse health consequences for patients in Australia if those patients are unable to take the scarce medicine; and
 - (c) of any other matters prescribed by the regulations for the purposes of this paragraph.

Section 30EL

Kind of medicine that can be covered by instrument

- (3) The scarce medicine, and the substitutable medicine, must be medicine:
- (a) that contains one or more substances included in Schedule 4 to the current Poisons Standard; and
 - (b) that does not contain any substances included in Schedule 8 to that standard.

Suitability of substitutable medicine

- (4) Without limiting paragraph (1)(b), the circumstances may relate to:
- (a) the class of persons for whom the substitutable medicine is suitable; or
 - (b) the class of persons for whom the substitutable medicine is not suitable.

Period instrument in force

- (5) Unless sooner revoked, an instrument under subsection (1) remains in force for the period specified in the instrument.

Note: For variation, see subsection 33(3) of the *Acts Interpretation Act 1901*.

30EL Substitution of prescription medicine by pharmacists

If:

- (a) an instrument is in force under subsection 30EK(1); and
- (b) under a law of a State or Territory, a pharmacist is authorised to dispense medicine (the *scarce medicine*) covered by paragraph 30EK(1)(a) to a person;

then, despite any law of a State or Territory, the pharmacist may dispense medicine covered by paragraph 30EK(1)(b) to that person in substitution for the scarce medicine, provided that the substitution is in the circumstances specified in the instrument under subsection 30EK(1).

Division 3—General

- (h) any other circumstances prescribed by the regulations for the purposes of this paragraph exist.

Interpretation

- (1A) A reference in paragraph (1)(g) to a person convicted of an offence includes a reference to a person in respect of whom an order has been made relating to the offence under:
- (a) section 19B of the *Crimes Act 1914*; or
 - (b) a corresponding provision of a law of a State or Territory.

Note: Section 19B of the *Crimes Act 1914* empowers a court that has found a person to have committed an offence to take action without proceeding to record a conviction.

- (1AA) Paragraph (1)(g) does not limit paragraph (1)(h).

- (1B) In paragraph (1)(g):

manufacturing licence means:

- (a) a licence granted under this Part; or
- (b) a licence, granted under a law of a State or Territory relating to therapeutic goods, relating to manufacturing therapeutic goods.

Special circumstances justifying grant of licence

- (2) Notwithstanding paragraph (1)(g), the Secretary may grant a licence to an applicant who, apart from this subsection, could not be granted a licence because of that paragraph if, in the opinion of the Secretary, special circumstances make it appropriate to do so.

Section 38A

Guidelines

- (2A) The Secretary must have regard to the guidelines under section 38A in granting licences under this section.

What the licence authorises

- (2B) For each manufacturing site covered by a licence, the Secretary must authorise, in the licence, the holder of the licence to carry out specified steps in the manufacture of specified therapeutic goods at that manufacturing site.

Note 1: For specification by class, see subsection 33(3AB) of the *Acts Interpretation Act 1901*.

Note 2: Sections 40A and 40B deal with variation of authorisations.

Notice of decision

- (3) Where the Secretary grants or refuses to grant a licence to an applicant, the Secretary must:
- (a) give the applicant written notice of the decision; and
 - (b) in the case of a refusal—include in the notice the reasons for the refusal.

Publication

- (4) Where the Secretary grants a licence, the Secretary must cause particulars of the decision to be published in the *Gazette* or on the Department's website as soon as is practicable after the decision is made.

38A Guidelines for multi-site licences

The Secretary must, by legislative instrument, make guidelines setting out the circumstances in which a licence may cover 2 or more manufacturing sites.

38B Splitting multi-site licences

- (1) This section applies if a licence (the *old licence*):

Section 38B

- (a) either:
 - (i) was in force under this Part immediately before the commencement of this section; or
 - (ii) was suspended under this Part immediately before that commencement; and
 - (b) related to premises that comprise 2 or more sites (the *old sites*).
- (2) As soon as practicable after the commencement of this section, the Secretary must:
- (a) by writing, revoke the old licence; and
 - (b) on the day that the Secretary revokes the old licence, grant new licences (each of which is a *new licence*) to the holder of the old licence which, when considered together, cover the old sites.

The Secretary must give the holder written notice of the revocation and grant.

Note: Subsections (5) and (6) deal with when each new licence commences and when the old licence ends.

Guidelines

- (3) The Secretary must have regard to the guidelines under section 38A in granting licences under this section.

Application of this Part

- (4) Subject to this section, subsections 38(2B) and (4) and sections 39 to 41A apply to a new licence in the same way as they apply to a licence granted under section 38.

Note: This means, for example, that:

- (a) the Secretary must give a manufacturing site authorisation under subsection 38(2B) in relation to each manufacturing site covered by a new licence; and
- (b) the Secretary may impose conditions on a new licence under subsection 40(1) and the statutory conditions under subsection 40(4) will apply to a new licence; and
- (c) the Secretary may revoke or suspend a new licence under section 41.

Section 38B

Commencement of new licence

- (5) The day specified under subsection 39(1) for the commencement of each new licence granted to the holder of the old licence must be the day (the **transition day**) after the day each new licence is granted.

Note: Subsection (7) deals with suspending a new licence from the transition day.

When revocation of old licence takes effect

- (6) The revocation of the holder's old licence takes effect immediately before the start of the transition day.

Suspension of new licence

- (7) If:
- (a) subparagraph (1)(a)(ii) applies in relation to an old licence; and
 - (b) the period of suspension of the old licence is due to end at the end of a day (the **relevant day**) after the transition day;
- the Secretary may, on the day that the Secretary grants a new licence to the holder of the old licence and by notice in writing given to the holder, suspend the new licence for a period starting on the transition day and ending at the end of the relevant day.
- (8) Subsection 41(2) does not apply in relation to a suspension under subsection (7) of this section. However, subsections 41(4) to (6) do apply in relation to the suspension.
- (9) To avoid doubt, subsection (7) does not prevent subsection 41(1) from applying in relation to a new licence.

Licence charges

- (10) Subsection 4(2) of the *Therapeutic Goods (Charges) Act 1989* does not apply in relation to a new licence for the financial year in which the new licence is granted.

Section 39

No review of revocation of old licence

- (11) The revocation of the old licence is taken not to be an initial decision for the purposes of section 60.

39 Term of licence

- (1) A licence commences on the day specified in the licence and remains in force until it is revoked or suspended.
- (2) If:
- (a) the licence covers therapeutic goods that are exempt under section 18A; and
 - (b) those goods cease to be exempt under that section before the licence is revoked;
- the licence ceases to be in force in relation to those goods when those goods cease to be exempt under that section.

Note: An exemption under section 18A may cease to have effect only in relation to some of the goods covered by the exemption, see subsection 18A(5).

- (3) If:
- (a) the licence covers a biological that is exempt under section 32CB; and
 - (b) the biological ceases to be exempt under that section before the licence is revoked;
- the licence ceases to be in force in relation to the biological when the biological ceases to be exempt under that section.

Note: An exemption under section 32CB may cease to have effect only in relation to some of the biologicals covered by the exemption: see subsections 32CB(5) and 32CD(1).
