Definitions

(3) In this section:

periodic interest has the same meaning as in Division 16E of Part III of the *Income Tax Assessment Act 1936*.

security has the same meaning as in Division 16E of Part III of the *Income Tax Assessment Act 1936*.

Division 4—Capital gains and capital losses

18 Additional roll-over relief

There is a roll-over under Subdivision 126-B of the *Income Tax Assessment Act 1997* (which normally applies only to certain transfers between companies in the same wholly-owned group) if:

- (a) the trigger event is a transfer to which this Act applies; and
- (b) the requirements of that Subdivision are met, disregarding:
 - (i) subsections 126-50(1), (5), (6), (7), (8) and (9) of that Act; and
 - (ii) section 126-55 of that Act.

This is in addition to that Subdivision's effect apart from this section.

19 For the receiving corporation, asset has necessary connection with Australia

Parts 3-1 and 3-3 of the *Income Tax Assessment Act 1997* apply to an asset acquired by the receiving corporation as a result of a transfer as if the asset had, while it is an asset of the receiving corporation, the necessary connection with Australia.

20 Transfer of net capital loss

- (1A) In addition to its effect apart from this section, the *Income Tax Assessment Act 1997* also has the effect it would have if sections 170-110 to 170-145 (which are about transferring net capital losses within wholly-owned company groups) of that Act were replaced by the provisions in Part 1 of Schedule 2 to this Act (which are a modified version of the rules in those sections) and the provisions in Part 2 of that Schedule were added at the end of Subdivision 170-B of that Act.
- (1B) Subsection (1) does not enable a net capital loss to be transferred in the 1998-99 year of income or a later year of income.

Section 20

- (1) In addition to its effect apart from this section, section 160ZP of the *Income Tax Assessment Act 1936* also has the effect it would have if both of the changes set out in subsections (2) and (3) of this section were made.
- (2) The first change is that paragraphs 160ZP(7)(a), (b) and (ba) of the *Income Tax Assessment Act 1936* are to be replaced by the following paragraphs:
 - “(a) assuming that:
 - (i) an asset (within the meaning of the *Financial Corporations (Transfer of Assets and Liabilities) Act 1993*) had been transferred by a transferring corporation within the meaning of that Act (the **loss company**) to a receiving corporation within the meaning of that Act (the **gain company**) on the last day of a particular year of income of the loss company (the **notional transfer year**); and
 - (ii) the requirements of paragraphs 7(6)(a) and (b) of that Act were satisfied in relation to that transfer;
that Act would have applied to that transfer; and
 - (b) the loss company incurred in respect of a year of income (the **loss year**) a net capital loss that, apart from this section, would be taken into account in ascertaining whether a net capital gain accrued to the loss company, or the loss company incurred a net capital loss, in respect of the next succeeding year of income; and
 - (ba) the loss year is:
 - (i) the year of income in which that Act commenced; or
 - (ii) an earlier year of income; and
 - (bb) both the following conditions are satisfied in relation to a year of income (the **gain year**) of the gain company:
 - (i) either:
 - (A) the gain year ends at the end of the notional transfer year; or
 - (B) the gain year corresponds to the year of income of the loss company next following the notional transfer year;

- (ii) the gain year is:
 - (A) the year of income in which that Act commenced; or
 - (B) one of the 10 following years of income; and”.
- (3) The second change is that paragraphs 160ZP(7)(d) and (e) and subsection 160ZP(8) of the *Income Tax Assessment Act 1936* are to be omitted.

Division 5—Trading stock

21 Transfers of trading stock

Trading stock on hand at beginning of year of income

(1) If:

- (a) a transfer of trading stock occurred during a year of income of the transferring corporation; and
- (b) the trading stock was on hand at the beginning of that year of income;

then:

- (c) section 28 of the *Income Tax Assessment Act 1936* or section 70-35 of the *Income Tax Assessment Act 1997* has effect as if the trading stock were not on hand at the beginning of the year of income; and
- (d) section 51 of the *Income Tax Assessment Act 1936* or section 8-1 of the *Income Tax Assessment Act 1997* has effect as if:
 - (i) the receiving corporation had incurred expenditure in the acquisition of the trading stock; and
 - (ii) the amount of that expenditure were equal to the value of the trading stock as at the end of the immediately preceding year of income of the transferring corporation (being the value that applies for the purposes of section 31 of the *Income Tax Assessment Act 1936* or section 70-45 of the *Income Tax Assessment Act 1997*); and
 - (iii) that expenditure had been so incurred immediately after the transfer; and
- (e) section 36 of the *Income Tax Assessment Act 1936* and sections 70-90 and 70-95 of the *Income Tax Assessment Act 1997* do not apply in relation to the transfer of the trading stock.

Trading stock not on hand at beginning of year of income

- (2) If:
- (a) a transfer of trading stock occurred during a year of income of the transferring corporation; and
 - (b) the trading stock was not on hand at the beginning of that year of income;
- then:
- (c) a deduction is not allowable under the *Income Tax Assessment Act 1936* or the *Income Tax Assessment Act 1997* to the transferring corporation in respect of expenditure incurred in the acquisition of the trading stock; and
 - (d) section 51 of the *Income Tax Assessment Act 1936* or section 8-1 of the *Income Tax Assessment Act 1997* has effect as if:
 - (i) the receiving corporation had incurred expenditure in the acquisition of the trading stock; and
 - (ii) the amount of that expenditure were equal to the amount of the expenditure mentioned in paragraph (c); and
 - (iii) that expenditure had been so incurred immediately after the transfer; and
 - (e) section 36 of the *Income Tax Assessment Act 1936* and sections 70-90 and 70-95 of the *Income Tax Assessment Act 1997* do not apply in relation to the transfer of the trading stock.

Division 6—Bad debts

22 Deductions for bad debts

General

- (1) In relation to a transfer of a debt, these rules about deductions for bad debts have effect as shown in the table:
- (a) section 25-35 of the *Income Tax Assessment Act 1997*;
 - (b) subsection 63(1A) of the *Income Tax Assessment Act 1936*.

1	the debt was included in the transferring corporation's assessable income of a year of income	the debt had been included in the receiving corporation's assessable income of that year of income
2	the debt is in respect of money lent by the transferring corporation in the ordinary course of its business of lending money	the debt were in respect of money lent by the receiving corporation in the ordinary course of a business of lending money
3	the transferring corporation bought the debt in the ordinary course of its business of lending money	the receiving corporation had bought the debt in the ordinary course of a business of lending money

Modification of tests for receiving corporation to deduct bad debt

- (2) In relation to a transfer of a debt, Subdivisions 165-C, 166-C and 175-C of the *Income Tax Assessment Act 1997* have effect as if the debt had been incurred at the time of the transfer.

Note: Those Subdivisions are about companies deducting bad debts.

Easing of restrictions on transferring corporation

- (3) If:
- (a) this Act applies to one or more transfers of assets by the transferring corporation to the receiving corporation; and
 - (b) an entity incurs a debt to the transferring corporation in a year of income (the *debt year*); and
 - (c) the debt year is the income year in which this section (as originally enacted) commenced or an earlier income year; and
 - (d) Subdivision 165-C or 175-C, or both, of the *Income Tax Assessment Act 1997* prevent the transferring corporation from deducting an amount for the debt for an income year (the *deduction year*); and
 - (e) the transferring corporation did not, at any time in the deduction year, derive income from:
 - (i) a business of a kind that it did not carry on; or
 - (ii) a transaction of a kind that it had not entered into in the course of its business operations;before the transfer, or the earliest of the transfers, occurred;
- neither Subdivision 165-C nor 175-C of that Act prevents the transferring corporation from deducting that amount.

Note: Subdivision 165-C of the *Income Tax Assessment Act 1997* is about the conditions that a company needs to satisfy before it can deduct a bad debt.

Subdivision 175-C of that Act is about the Commissioner preventing a company from getting certain tax benefits through its unused bad debts.

Limit on deductions for partly written-off debt

- (4) If this Act applies to the transfer of a debt that has been partly written off, the maximum that the receiving corporation can deduct for the debt for one or more years of income under section 8-1 or 25-35 of the *Income Tax Assessment Act 1997* is worked out using the formula:

Amount of the debt – Unrecouped deductions

where:

Section 22

unrecouped deductions means the total of the amounts that the transferring corporation has deducted or can deduct for any year of income under:

(a) section 8-1 or 25-35 of the *Income Tax Assessment Act 1997*;
or

(b) section 51 or 63 of the *Income Tax Assessment Act 1936*;
reduced by the total of any amounts included in its assessable income in respect of the debt under:

(c) Subdivision 20-A of the *Income Tax Assessment Act 1997*; or

(d) subsection 63(3) of the *Income Tax Assessment Act 1936*.

Division 7—Interest withholding tax

23 Exemption from interest withholding tax

- (1) In addition to its effect apart from this section, section 128F of the *Income Tax Assessment Act 1936* also has the effect it would have if the change set out in subsection (2) of this section were made.
- (2) The change is that paragraphs (1)(a) and (b) of section 128F of the *Income Tax Assessment Act 1936* (being that section in the form that applies under item 16 of Schedule 5 to the *Taxation Laws Amendment Act (No. 2) 1997*) are to be replaced by the following paragraphs:
 - “(a) the liability to pay the interest was transferred to the company by another company (the *transferor*);
 - (b) the *Financial Corporations (Transfer of Assets and Liabilities) Act 1993* applies to the transfer;
 - (c) before the transfer, this section applied to interest paid by the transferor in discharge of the liability;
 - (ca) the transferor issued the debentures;
 - (cb) the debentures were issued on or before 18 June 1993;
 - (cc) the interest was not paid in respect of a debenture resulting from a ‘roll-over’, after 18 June 1993, of the whole or a part of a previous debenture;
 - (cd) the interest was not paid in respect of the period of extension of the period of a debenture, being an extension occurring after 18 June 1993;”.

Division 8—Tax losses

Subdivision A—Tax losses and the Income Tax Assessment Act 1936

24 Transfer of tax loss from transferring corporation to receiving corporation

- (1A) This section does not enable a right to a deduction for an amount of a loss to be transferred in the 1997-98 year of income or a later year of income.
- (1) In addition to its effect apart from this section, section 80G of the *Income Tax Assessment Act 1936* also has the effect it would have if all of the changes set out in subsections (2), (3) and (4) of this section were made.
- (2) The first change is that paragraphs 80G(6)(a), (b) and (ba) of the *Income Tax Assessment Act 1936* are to be replaced by the following paragraphs:
- “(a) assuming that:
- (i) an asset (within the meaning of the *Financial Corporations (Transfer of Assets and Liabilities) Act 1993*) had been transferred by a transferring corporation within the meaning of that Act (the *loss company*) to a receiving corporation within the meaning of that Act (the *income company*) on the last day of a particular year of income of the loss company (the *notional transfer year*); and
 - (ii) the requirements of paragraphs 7(6)(a) and (b) of that Act were satisfied in relation to that transfer; that Act would have applied to that transfer; and
- (b) the loss company is taken to have incurred a loss for the purposes of section 79E or 80 in a year of income (the *loss year*); and
- (ba) the loss year is:
- (i) the year of income in which that Act commenced; or

- (ii) an earlier year of income; and
- (bb) both the following conditions are satisfied in relation to a year of income (the *income year*) of the income company:
 - (i) either:
 - (A) the income year ends at the end of the notional transfer year; or
 - (B) the income year corresponds to the year of income of the loss company next following the notional transfer year;
 - (ii) the income year is:
 - (A) the year of income in which that Act commenced; or
 - (B) one of the 10 following years of income; and”.
- (3) The second change is that paragraphs 80G(6)(d) and (e) and subsections 80G(7), (8), (10) and (14) of the *Income Tax Assessment Act 1936* are to be omitted.
- (4) The third change is that paragraphs 80G(6)(f) and (g) of the *Income Tax Assessment Act 1936* are to be replaced by the following paragraphs:
 - “(f) if the loss year is the same year of income as the income year—the year of income immediately preceding the loss year; or
 - (g) if the income year is a year of income later than the loss year—the loss year.”.

25 Transfer of tax loss—modification of *substantial continuity of ownership test*

- (1) This section applies if, under subsection 80G(6) of the *Income Tax Assessment Act 1936* (as that subsection has effect because of this Division), a loss, or a part of a loss, is taken to have been incurred by the income company in a particular year of income (the *normal year*).
- (2) For the purposes of the application of section 80A of the *Income Tax Assessment Act 1936* to the income company, the loss, or the

Section 26

part of the loss, as the case may be, is to be treated as if it had been incurred in the income year instead of in the normal year.

(3) In this section:

income company has the same meaning as in section 80G of the *Income Tax Assessment Act 1936* (as that section has effect because of this Division).

income year has the same meaning as in section 80G of the *Income Tax Assessment Act 1936* (as that section has effect because of this Division).

26 Deduction for tax loss—modification of *substantial continuity of ownership* test etc.

(1) If:

- (a) this Act applies to one or more transfers by the transferring corporation to the receiving corporation; and
- (b) the transferring corporation is taken (otherwise than because of section 80G of the *Income Tax Assessment Act 1936*) to have incurred a loss in a year of income (the *loss year*) for the purposes of section 79E, 79F, 80, 80AAA or 80AA of that Act; and
- (c) the loss year is the year of income in which this section commenced or an earlier year of income; and
- (d) section 80A or 80DA, or both, of that Act prevent a deduction from being allowable under that Act to the transferring corporation for a year of income (the *deduction year*) in respect of that loss; and
- (e) the transferring corporation did not, at any time in the deduction year, derive income from:
 - (i) a business of a kind that it did not carry on; or
 - (ii) a transaction of a kind that it had not entered into in the course of its business operations;

before the transfer, or the earliest of the transfers, occurred; sections 80A and 80DA of the *Income Tax Assessment Act 1936* do not prevent a deduction from being allowable to the transferring corporation in respect of that loss.

- (2) This section does not apply to assessments for the 1997-98 year of income and later years of income.

Subdivision B—Tax losses and the Income Tax Assessment Act 1997

26A Application of this Subdivision

This Subdivision applies to assessments for the 1997-98 income year or a later income year.

26B Transfer of tax loss from transferring corporation to receiving corporation

In addition to its effect apart from this section, the *Income Tax Assessment Act 1997* also has the effect it would have if Subdivision 170-A (which is about transferring tax losses within wholly-owned company groups) of that Act were replaced by Subdivision 170-A (which is a modified version of the rules in that Subdivision) in Schedule 1 to this Act.

26C Deduction for tax loss—easing of restrictions on transferring corporation

- (1) If:
- (a) this Act applies to one or more transfers by the transferring corporation to the receiving corporation; and
 - (b) the transferring corporation is taken (otherwise than because of a transfer of a tax loss under section 80G of the *Income Tax Assessment Act 1936* or Subdivision 170-A of the *Income Tax Assessment Act 1997*) to have incurred a tax loss for a year of income (the *loss year*); and
 - (c) the loss year is the income year in which section 26 of this Act commenced or an earlier income year; and
 - (d) Subdivision 165-A or 175-A, or both, of the *Income Tax Assessment Act 1997* prevent the transferring corporation from deducting an amount of that tax loss for an income year (the *deduction year*); and
-

Section 26C

- (e) the transferring corporation did not, at any time in the deduction year, derive income from:
- (i) a business of a kind that it did not carry on; or
 - (ii) a transaction of a kind that it had not entered into in the course of its business operations;
- before the transfer, or the earliest of the transfers, occurred; neither Subdivision 165-A nor 175-A of that Act prevents the transferring corporation from deducting that amount.

Note: Subdivision 165-A of the *Income Tax Assessment Act 1997* is about the conditions that a company needs to satisfy before it can deduct a tax loss from an earlier income year.

Subdivision 175-A of the *Income Tax Assessment Act 1997* is about the Commissioner preventing a company from getting certain tax benefits through its unused tax losses.

- (2) Subsection (1) operates on the basis described in subsection (3) if:
- (a) the head company of a consolidated group or MEC group incurred a tax loss because of Subdivision 707-A of the *Income Tax Assessment Act 1997*; and
 - (b) the company (the *real loss-maker*) that incurred the tax loss apart from that Subdivision is a member of the group in the deduction year; and
 - (c) disregarding section 701-1 (the single entity rule) of that Act, this Act applies to one or more transfers by the real loss-maker to the receiving corporation.

Note: In certain cases, Subdivision 707-A of the *Income Tax Assessment Act 1997* treats the head company of a consolidated group or MEC as incurring a tax loss actually incurred by an entity that becomes a member of the group.

- (3) Subsection (1) operates as if:
- (a) the head company were the transferring corporation in relation to each transfer described in paragraph (1)(a) and this Act applied to each of those transfers; and
 - (b) the head company incurred the tax loss for the income year for which the real loss-maker incurred it (apart from Subdivision 707-A of the *Income Tax Assessment Act 1997*); and

(c) each reference in that subsection to Subdivision 165-A of that Act were a reference to that Subdivision as its operation is affected by Subdivision 707-B of that Act, and by Subdivision 719-F of that Act (if relevant).

Note 1: Subdivision 707-B of the *Income Tax Assessment Act 1997* affects the operation of Subdivision 165-A of that Act in relation to the deduction of a tax loss incurred by the head company of a consolidated group or MEC group because of Subdivision 707-A of that Act.

Note 2: Subdivision 719-F of the *Income Tax Assessment Act 1997* affects the operation of Subdivision 165-A of that Act in relation to the deduction of a tax loss incurred by the head company of a MEC group because of Subdivision 707-A of that Act.

(4) An expression used in this section and in the *Income Tax Assessment Act 1997* has the same meaning in this section as it has in that Act. This subsection does not apply to the expressions ***deduction year, loss year, this Act*** and ***transfer***.

Division 9—Continuity of partnerships

27 Transfer of an interest in a partnership does not affect continuity of partnership

- (1) This section applies if an interest in a partnership is transferred.
- (2) For the purposes of the *Income Tax Assessment Act 1936*, the transfer does not affect the continuity of the partnership.

Schedule 1—Tax losses and the Income Tax Assessment Act 1997

Subdivision 170-A—Transfer of tax losses from a transferring corporation to a receiving corporation

Guide to Subdivision 170-A

170-1 What this Subdivision is about

A transferring corporation (within the meaning of the *Financial Corporations (Transfer of Assets and Liabilities) Act 1993*) can transfer a tax loss to a receiving corporation (within the meaning of that Act) so that the receiving corporation can deduct it. The corporations must be related in such a way that that Act would apply to a transfer of assets from the transferring corporation to the receiving corporation.

Special rules for transfer from head company of consolidated group or MEC group

- 170-75 Transfer of a tax loss incurred by the head company because of Subdivision 707-A

170-5 Basic principles for transferring tax losses

- (1) A transferring corporation (within the meaning of the *Financial Corporations (Transfer of Assets and Liabilities) Act 1993*) can transfer a tax loss to a receiving corporation (within the meaning of that Act) so that the receiving corporation can deduct it.
- (2) The corporations must be related in such a way that that Act would apply to a transfer of assets from the transferring corporation to the receiving corporation.
- (3) The receiving corporation need not have enough assessable income to offset the transferred tax loss.
- (4) The tax loss is transferred by an agreement between the 2 corporations.
- (5) Special rules extend the scope of this Subdivision to let the head company of a consolidated group or MEC group transfer in some cases a tax loss the company incurred because of Subdivision 707-A. The rules do this by modifying the basis on which other provisions of this Subdivision operate.

Effect of transferring a tax loss**170-10 When a corporation can transfer a tax loss**

- (1) A transferring corporation within the meaning of the *Financial Corporations (Transfer of Assets and Liabilities) Act 1993* (the **loss company**) can transfer an amount of its *tax loss for an income year of the loss company (the **loss year**) to a receiving corporation within the meaning of that Act (the **income company**) if the conditions in this Subdivision are met.
- (2) The amount transferred can be the whole or part of the *tax loss.
 Note: A PDF cannot transfer a tax loss, except one for a period before it became a PDF: see section 195-10.
- (3) However, the *loss company cannot transfer so much of the *tax loss as the loss company has deducted, or can deduct, for an income year before the one in which the amount is transferred.

170-15 Income company is taken to have incurred transferred loss

- (1) If an amount of a *tax loss is transferred, the *amount is taken to be a tax loss incurred by the *income company in the *loss year.
- (2) However, if the *loss year is the same as the income year of the *income company for which the amount is transferred (the **transfer year**), the *income company is taken to have incurred the *tax loss in the income year before the loss year.
 Note: This rule is needed because Division 36 allows a tax loss to be deducted only if it was incurred in an *earlier* income year.

170-20 Who can deduct transferred loss

- (1) If an amount of a *tax loss is transferred, the *income company can deduct the amount in accordance with section 36-15 (which is about how to deduct a tax loss), but only if Subdivision 165-A (as modified by section 170-23) and Subdivision 175-A do not prevent it from doing so.
 Note: Subdivision 165-A is about the conditions that a company needs to satisfy before it can deduct a tax loss from an earlier income year.
-

Section 170-23

Subdivision 175-A is about the Commissioner preventing a company from getting certain tax benefits through its unused tax losses.

- (2) The *loss company can no longer deduct the transferred amount and is taken not to have incurred the *tax loss to the extent of that amount.

170-23 When income company must maintain same owners and control

- (1) Ordinarily, Subdivision 165-A prevents a company from deducting for an income year (the *deduction year*) a tax loss if there has been a change in the ownership or control of the company between the *loss year* and the deduction year.

Note: Subdivision 165-A is about the conditions that a company needs to satisfy before it can deduct a tax loss from an earlier income year.

- (2) However, subsection (3) modifies that Subdivision so that the *income company is prevented from deducting for the deduction year a transferred amount of a *tax loss only if there has been a change in ownership or control in the income company between the *transfer year* and the deduction year.
- (3) That Subdivision applies to the transferred amount as if all references to “*loss year” in that Subdivision were references to “*transfer year”.

170-25 Tax treatment of consideration for transferred tax loss

- (1) If the loss company receives any consideration from the income company for the amount of the tax loss:
 - (a) that consideration is neither assessable income nor exempt income of the loss company; and
 - (b) the loss company does not make a capital gain because of the receipt of the consideration.

Note: However, the consideration may affect how section 170-210 modifies the cost base of direct and indirect interests in the loss company.

- (2) If the income company gives any consideration to the loss company for the amount of the tax loss:

- (a) the income company cannot deduct the amount or value of the consideration; and
- (b) the income company does not make a capital loss because of the giving of the consideration.

Note: However, the consideration may affect how section 170-215 modifies the cost base of direct and indirect interests in the income company.

Conditions for transfer

170-28 *Financial Corporations (Transfer of Assets and Liabilities) Act 1993* must apply to asset transfer from loss company to income company

If it were assumed that:

- (a) an asset (within the meaning of the *Financial Corporations (Transfer of Assets and Liabilities) Act 1993*) had been transferred by the *loss company to the *income company on the last day of a particular income year of the *loss company (the *notional transfer year*); and
- (b) the requirements of paragraphs 7(6)(a) and (b) of that Act were satisfied in relation to that transfer;

then it must be the case that that Act would have applied to that transfer.

170-32 The loss year

The *loss year must be either:

- (a) the income year in which the *Financial Corporations (Transfer of Assets and Liabilities) Act 1993* commenced; or
- (b) an earlier income year.

170-33 The transfer year

- (1) The *transfer year must either:
 - (a) end at the end of the *notional transfer year; or
 - (b) correspond to the income year of the *loss company that next follows the *notional transfer year.

Section 170-35

- (2) Also, the *transfer year must be one of the 10 income years after the income year in which the *Financial Corporations (Transfer of Assets and Liabilities) Act 1993* commenced.

170-35 The loss company

If the *loss year and the *transfer year are the same, it must be the case that the *loss company was *not* required to calculate the *tax loss under section 165-70 or 175-35.

170-50 Transfer by written agreement

- (1) The transfer must be made by a written agreement between the *loss company and the *income company.
- (2) The agreement must:
- (a) specify the *transfer year (which may be earlier than the income year in which the agreement is made); and
 - (b) specify the amount of the *tax loss being transferred; and
 - (c) be signed by the public officer of each company; and
 - (d) be made on or before the day of lodgment of the *income company's *income tax return for the *transfer year, or within such further time as the Commissioner allows.

Note: The agreement will usually be made in the next income year *after* the one in which the tax loss is transferred.

170-55 Losses must be transferred in order they are incurred

- (1) If the *loss company has 2 or more *tax losses (other than *film losses) that it can transfer in the *transfer year, it can transfer them only in the order in which it incurred them.
- (2) If the *loss company has 2 or more *film losses that it can transfer in the *transfer year, it can transfer them only in the order in which it incurred them.

170-60 Income company cannot transfer transferred tax loss

The *income company cannot transfer an amount of a *tax loss transferred to it, or any part of the amount.

Effect of agreement to transfer more than can be transferred

170-65 Agreement transfers as much as can be transferred

- (1) If the amount specified in an agreement exceeds the maximum amount that the *loss company can transfer to the *income company in the *transfer year, only that maximum amount is taken to have been transferred.
- (2) One reason why an agreement might specify more than can be transferred is that an assessment has been amended since the agreement.

170-70 Amendment of assessments

The Commissioner may amend an assessment to disallow a deduction for a transferred amount of a *tax loss:

- (a) if the agreement to transfer the tax loss is ineffective because the *loss company did not actually incur the loss; or
- (b) to the extent that section 170-65 reduces the transferred amount of a tax loss because the loss company did not actually incur some of it.

The Commissioner may do so despite section 170 (Amendment of assessments) of the *Income Tax Assessment Act 1936*.

Section 170-75

Special rules for transfer from head company of consolidated group or MEC group

170-75 Transfer of a tax loss incurred by the head company because of Subdivision 707-A

- (1) The other sections of this Subdivision operate in relation to the actual or proposed transfer of a *tax loss on the basis described in this section if:
 - (a) the *head company of a *consolidated group or *MEC group incurred the tax loss because of Subdivision 707-A; and
 - (b) the company (the *real loss-maker*) that incurred the tax loss apart from Subdivision 707-A is a *member of the group at the end of the income year for which it is proposed to transfer the loss under this Subdivision.
 - (2) The other sections of this Subdivision, except section 170-28, operate as if:
 - (a) the *head company were a transferring corporation within the meaning of the *Financial Corporations (Transfer of Assets and Liabilities) Act 1993*; and
 - (b) the head company had incurred the *tax loss for the income year for which the real loss-maker incurred the tax loss (apart from Subdivision 707-A).
- Note: This has the effect that (because of subsection 170-10(1)) those sections operate as if the head company were the loss company and the loss year were the income year for which the real loss-maker incurred the loss.
- (3) Section 170-28 operates as if:
 - (a) the real loss-maker were the *loss company; and
 - (b) section 701-1 (the single entity rule) could not affect whether the *Financial Corporations (Transfer of Assets and Liabilities) Act 1993* would have applied to the transfer described in section 170-28.

Schedule 2—Net capital losses and the Income Tax Assessment Act 1997

Part 1—Replacement of sections 170-110 to 170-145

Effect of transferring a net capital loss

170-110 When a corporation can transfer a net capital loss

- (1) A transferring corporation within the meaning of the *Financial Corporations (Transfer of Assets and Liabilities) Act 1993* (the **loss company**) can transfer an amount of its *net capital loss for an income year of the loss company (the **capital loss year**) to a receiving corporation within the meaning of that Act (the **gain company**) if the conditions in this Subdivision are met.
- (2) The amount transferred can be the whole or part of the *net capital loss.

Note: A PDF cannot transfer a net capital loss, except one for a period before it became a PDF: see section 195-30 of the *Income Tax Assessment Act 1997*.
- (3) However, the *loss company cannot transfer so much of the *net capital loss as the loss company has applied, or can apply, in working out its *net capital gain or *net capital loss for an income year before the one in which the amount is transferred.

170-115 Who can apply transferred loss

- (1) If an amount of a *net capital loss is transferred, the gain company can apply the amount in working out its *net capital gain for the income year of the gain company for which the amount is transferred or for a later income year. The income year for which the gain company applies the amount is called the **application year**.

Section 170-120

Note: A company's net capital gain or net capital loss for an income year is usually worked out under section 102-5.

- (2) The loss company can no longer apply the transferred amount and is taken not to have made the *net capital loss to the extent of that amount.

170-120 Gain company is taken to have made transferred loss

- (1) If an amount of a *net capital loss is transferred, the amount is taken to be a *net capital loss of the gain company for the capital loss year.
- (2) However, if the capital loss year is the same as the application year, the amount is taken to be a *capital loss of the gain company for the application year.

170-125 Tax treatment of consideration for transferred net capital loss

- (1) If the loss company receives consideration from the gain company for the transferred amount:
 - (a) the consideration is neither assessable income nor exempt income of the loss company; and
 - (b) the loss company does not make a *capital gain because of receiving the consideration.

Note: However, the consideration may affect how section 170-220 modifies the cost base of direct and indirect interests in the loss company.

- (2) If the gain company gives consideration to the loss company for the transferred amount:
 - (a) the gain company cannot deduct the consideration; and
 - (b) the gain company does not make a *capital loss because of giving the consideration.

Note: However, the consideration may affect how section 170-225 modifies the cost base of direct and indirect interests in the gain company.

Conditions for transfer

170-128 *Financial Corporations (Transfer of Assets and Liabilities) Act 1993* must apply to asset transfer from loss company to gain company

If it were assumed that:

- (a) an asset (within the meaning of the *Financial Corporations (Transfer of Assets and Liabilities) Act 1993*) had been transferred by the loss company to the gain company on the last day of a particular income year of the loss company (the *notional transfer year*); and
- (b) the requirements of paragraphs 7(6)(a) and (b) of that Act were satisfied in relation to that transfer;

then it must be the case that that Act would have applied to that transfer.

170-132 The loss year

The *loss year must be either:

- (a) the income year in which the *Financial Corporations (Transfer of Assets and Liabilities) Act 1993* commenced; or
- (b) an earlier income year.

170-133 The transfer year

- (1) The *transfer year must either:
 - (a) end at the end of the *notional transfer year; or
 - (b) correspond to the income year of the *loss company that next follows the *notional transfer year.
- (2) Also, the *transfer year must be one of the 10 income years after the income year in which the *Financial Corporations (Transfer of Assets and Liabilities) Act 1993* commenced.

Section 170-135

170-135 The loss company

- (1) It must be the case that the loss company was *not* required to calculate the *net capital loss:
 - (a) under section 165-114 (because of a change in ownership or control); or
 - (b) under section 175-75 (because of an injected capital gain or loss).
- (2) Also, it must be the case that neither Subdivision 165-CA nor Subdivision 175-CA would have prevented the loss company from applying the *net capital loss in working out its *net capital gain for the application year if it had made enough capital gains in that year.

Note 1: Subdivision 165-CA deals with the consequences of changing ownership or control of a company. Subdivision 175-CA deals with using a company's net capital losses to avoid income tax.

Note 2: A company's net capital gain or net capital loss for an income year is usually worked out under section 102-5.

170-140 The gain company

- (1) If the capital loss year and the application year are *not* the same, the gain company must not be prevented by Subdivision 165-CA or 175-CA from applying the transferred amount in working out its *net capital gain for the application year.
 - Note 1: Subdivision 165-CA deals with the consequences of changing ownership or control of a company. Subdivision 175-CA deals with using a company's net capital losses to avoid income tax.
 - Note 2: A company's net capital gain or net capital loss for an income year is usually worked out under section 102-5.
- (2) If the capital loss year and the application year *are* the same, it must be the case that the gain company was *not* required to calculate its own *net capital gain or *net capital loss for the application year:
 - (a) under Subdivision 165-CB (because of a change in ownership or control); or
 - (b) under section 175-75 (because of an injected capital gain or loss).

Note: In deciding whether paragraph (b) applies, remember that the transferred amount is taken to be a capital loss of the gain company for the application year (because of subsection 170-120(2)).

170-145 Maximum amount that can be transferred

Loss company can only transfer what it cannot use itself

- (1) The amount transferred cannot exceed the amount of the loss company's *net capital loss that, apart from the transfer, the loss company would carry forward to the next income year after the application year.

Note: If the capital loss year and the application year are the same, the loss company would carry forward the whole of the net capital loss, because section 102-5 does not allow a net capital loss to be applied in the income year in which it was made.

Example: In the application year the loss company has:

- a net capital loss from an earlier income year of \$25,000; and
- other capital losses totalling \$10,000; and
- capital gains totalling \$20,000;

Of the \$25,000 loss, the loss company can transfer to the gain company no more than:

$$\$25,000 - (\$20,000 - \$10,000) = \$15,000$$

Part 2—Addition of provisions at the end of Subdivision 170-B

Special rules for transfer from head company of consolidated group or MEC group

170-175 Transfer of a net capital loss made by the head company because of Subdivision 707-A

- (1) The other sections of this Subdivision operate in relation to the actual or proposed transfer of a *net capital loss on the basis described in this section if:
 - (a) the *head company of a *consolidated group or *MEC group made the net capital loss because of Subdivision 707-A; and
 - (b) the company (the *real loss-maker*) that made the net capital loss apart from Subdivision 707-A is a *member of the group at the end of the income year for which it is proposed to transfer the loss under this Subdivision.
- (2) The other sections of this Subdivision, except section 170-128, operate as if:
 - (a) the *head company were a transferring corporation within the meaning of the *Financial Corporations (Transfer of Assets and Liabilities) Act 1993*; and
 - (b) the head company had made the *net capital loss for the income year for which the real loss-maker made the net capital loss (apart from Subdivision 707-A).

Note: This has the effect that (because of subsection 170-110(1)) those sections operate as if the head company were the loss company and the capital loss year were the income year for which the real loss-maker made the loss.

- (3) Section 170-128 operates as if:
 - (a) the real loss-maker were the *loss company; and
 - (b) section 701-1 (the single entity rule) could not affect whether the *Financial Corporations (Transfer of Assets and*

Liabilities) Act 1993 would have applied to the transfer described in section 170-28.

- (4) Subsection 170-135(2) operates as if the reference in it to Subdivision 165-CA were a reference to that Subdivision as it operates given the effect of Subdivision 707-B, and Subdivision 719-F if relevant, on the operation of Subdivision 165-A.

Note: Subdivision 165-CA determines whether a net capital loss can be applied by reference to whether Subdivision 165-A would permit the deduction of a tax loss for the same income year as the net capital loss. Subdivisions 707-B and 719-F affect the operation of Subdivision 165-A in relation to losses made by a company because of Subdivision 707-A.
