About this compilation

This compilation

This is a compilation of the *Income Tax Assessment Act 1997* that shows the text of the law as amended and in force on 24 March 2020 (the **compilation date**).

The notes at the end of this compilation (the **endnotes**) include information about amending laws and the amendment history of provisions of the compiled law.

Uncommenced amendments

The effect of uncommenced amendments is not shown in the text of the compiled law. Any uncommenced amendments affecting the law are accessible on the Legislation Register (www.legislation.gov.au). The details of amendments made up to, but not commenced at, the compilation date are underlined in the endnotes. For more information on any uncommenced amendments, see the series page on the Legislation Register for the compiled law.

Application, saving and transitional provisions for provisions and amendments

If the operation of a provision or amendment of the compiled law is affected by an application, saving or transitional provision that is not included in this compilation, details are included in the endnotes.

Editorial changes

For more information about any editorial changes made in this compilation, see the endnotes.

Modifications

If the compiled law is modified by another law, the compiled law operates as modified but the modification does not amend the text of the law. Accordingly, this compilation does not show the text of the compiled law as modified. For more information on any modifications, see the series page on the Legislation Register for the compiled law.

Self-repealing provisions

If a provision of the compiled law has been repealed in accordance with a provision of the law, details are included in the endnotes.

Guide to Division 900

900-1 What this Division is about

This Division sets out the substantiation rules that apply to certain types of losses or outgoings.

Subdivision 900-A—Application of Division

Table of sections

900-5	Application of the requirements of Division 900
900-10	Substantiation requirement
900-12	Application to recipients and payers of certain withholding payments

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-5

900-5 Application of the requirements of Division 900

- (1) The requirements of this Division apply to an individual.
- (2) They also apply to a partnership that includes at least one individual, as if the partnership were an individual.
- (3) They do not apply to any other entity.

900-10 Substantiation requirement

To deduct certain types of losses or outgoings, you need to substantiate them under this Division.

Item	For this type of loss or outgoing:	see:
1.	Work expenses	Subdivision 900-B
2.	Car expenses	Subdivision 900-C
3.	Business travel expenses	Subdivision 900-D

- Note: There are exceptions to these requirements:
- Subdivision 900-B has some specific exceptions about work expenses.
 - Subdivision 900-H provides for relief from the effects of failing to substantiate.
 - Subdivision 900-I has an exception about certain losses or outgoings related to award transport payments.

900-12 Application to recipients and payers of certain withholding payments

Application to recipients

- (1) If an individual receives, or is entitled to receive, *withholding payments covered by subsection (3), this Division applies to him or her:
 - (a) in the same way as it applies to an employee; and
 - (b) as if an entity that makes (or is liable to make) such payments to him or her were his or her employer; and

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-12

- (c) as if the withholding payments covered by subsection (3) that he or she receives (or is entitled to receive) were salary or wages.

Application to payers

- (2) This Division applies to an entity that makes, or is liable to make, *withholding payments covered by subsection (3):
- (a) in the same way as it applies to an employer; and
 - (b) as if an individual to whom the entity makes (or is liable to make) such payments were the entity's employee.

Withholding payments covered

- (3) This subsection covers a *withholding payment covered by any of the provisions in Schedule 1 to the *Taxation Administration Act 1953* listed in the table.

Withholding payments covered		
Item	Provision	Subject matter
1	Section 12-35	Payment to employee
2	Section 12-40	Payment to company director
3	Section 12-45	Payment to office holder
3A	Section 12-47	Payment to *religious practitioner
4	Section 12-50	Return to work payment
5	Subdivision 12-C	Payments for retirement or because of termination of employment
6	Subdivision 12-D	Benefit and compensation payments

Subdivision 900-B—Substantiating work expenses

Table of sections

900-15	Getting written evidence
900-20	Keeping travel records
900-25	Retaining the written evidence and travel records

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-15

900-30	Meaning of <i>work expense</i>
900-35	Exception for small total of expenses
900-40	Exception for laundry expenses below a certain limit
900-45	Exception for work expense related to award transport payment
900-50	Exception for domestic travel allowance expenses
900-55	Exception for overseas travel allowance expenses
900-60	Exception for reasonable overtime meal allowance
900-65	Crew members on international flights need not keep travel records

900-15 Getting written evidence

- (1) To deduct a *work expense:
- (a) it must qualify as a deduction under some provision of this Act outside this Division; and
 - (b) you need to substantiate it by getting written evidence.
- Subdivision 900-E tells you about the evidence you need.

To find out whether an expense qualifies as a deduction under this Act, see Division 8 (Deductions).

- (2) If your expense is for fuel or oil, you have a choice of either:
- (a) getting written evidence of it under Subdivision 900-E; or
 - (b) keeping odometer records for the period when you owned or leased the *car in the income year.

Subdivision 28-H tells you about odometer records.

Note: In certain circumstances (for example, under a hire purchase agreement) the notional buyer of property is taken to be its owner (see subsection 240-20(2)).

900-20 Keeping travel records

You need to keep travel records if your expense is for travel that involves you being away from your ordinary residence for 6 or more nights in a row.

The travel may be within or outside Australia. Subdivision 900-F tells you about travel records.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-25

Note: Members of international flight crews may be exempt from keeping travel records for losses or outgoings covered by travel allowances: see section 900-65.

900-25 Retaining the written evidence and travel records

- (1) Once you have the material required by section 900-15 or 900-20, you must retain it for 5 years. There is no need to lodge it with your *income tax return. The Commissioner may require you to produce it: see Subdivision 900-G. The period for which you must retain it is called the *retention period*.
- (2) The 5 years start on the due day for lodging your *income tax return for the income year. If you lodge your return later, the 5 years start on the day you lodge it.
- (3) However, the *retention period is extended if, when the 5 years end, you are involved in a dispute with the Commissioner that relates to the expense. See section 900-170.
- (4) If you do not retain the material for the *retention period, you cannot deduct the expense. If you have already deducted it, your assessment may be amended to disallow the deduction.
- (5) If you lose any of the material, there are rules that might help you in section 900-205.

900-30 Meaning of *work expense*

General

- (1) A ***work expense*** is a loss or outgoing you incur in producing your salary or wages.

Note: This Division also applies to withholding payments that are not salary or wages: see subsection 900-12(3).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-30

Travel allowance expenses included

- (2) Travel allowance expenses count as *work expenses. A **travel allowance expense** is a loss or outgoing you incur for travel that is covered by a *travel allowance. The loss or outgoing must:
- (a) be for accommodation or for food or drink; or
 - (b) be incidental to the travel.
- (3) A **travel allowance** is an allowance your employer pays or is to pay to you to cover losses or outgoings:
- (a) that you incur for travel away from your ordinary residence that you undertake in the course of your duties as an employee; and
 - (b) that are losses or outgoings for accommodation or for food or drink, or are incidental to the travel.

The travel may be within or outside Australia.

Note: This Division also applies to individuals who are not employees: see section 900-12.

Meal allowance expenses included

- (4) Meal allowance expenses count as *work expenses. A **meal allowance expense** is a loss or outgoing that you incur for food or drink that is covered by a *meal allowance.
- (5) A **meal allowance** is an allowance that your employer pays or is to pay to you as an employee to enable you to buy food or drink. However, an allowance is not a meal allowance if it is a *travel allowance or part of one.

Note: This Division also applies to individuals who are not employees: see section 900-12.

Motor vehicle expenses excluded

- (6) A loss or outgoing to do with a *motor vehicle is not treated as a *work expense unless it is:
- (a) a loss or outgoing incurred, or a payment made, in respect of travel outside Australia; or

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-35

(b) a taxi fare or similar loss or outgoing.

However, most losses or outgoings to do with a *motor vehicle are covered by the rules about *car expenses. See Division 28 and Subdivision 900-C.

Other types of losses or outgoings included

- (7) In addition to losses or outgoings within the general scope of subsection (1), any of the following is a *work expense:
- (a) the decline in value of property you own and that is used, or is *installed ready for use, by you in order to produce your salary or wages;
 - (b) expenditure you incur that qualifies as a deduction under section 25-60 (Parliament election expenses) or section 25-65 (about local government election expenses);
 - (c) expenditure you incur that entitles you to a deduction under section 25-100 (transport expenses incurred in your travel between workplaces), other than *car expenses.

Note 1: This Division also applies to payments that are *not* salary or wages, but *are* PAYE earnings: see section 900-12.

Note 2: In certain circumstances (for example, under a hire purchase agreement) the notional buyer of property is taken to be its owner (see subsection 240-20(2)).

Note 3: See Subdivision 900-C for car expenses that are also transport expenses incurred in your travel between workplaces.

900-35 Exception for small total of expenses

- (1) If the total of all the *work expenses (including *laundry expenses, but excluding *travel allowance expenses and *meal allowance expenses) that you want to deduct is \$300 or less, you can deduct them without getting written evidence or keeping travel records.

Note 1: If the total is more than \$300, you need to substantiate *all* the work expenses, not just the excess over \$300.

Note 2: Whether or not your work expenses total \$300 or less, for certain expenses that are each \$10 or less and total \$200 or less you can get

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-40

written evidence by making your own record, instead of getting a document from the supplier: see section 900-125.

- (2) This limit can be increased from time to time by regulations made under section 909-1.
- (3) A *transport expense that Subdivision 900-I (Award transport payments) lets you deduct without following the rules in this Division does not count towards this limit.

900-40 Exception for laundry expenses below a certain limit

- (1) Even if the *work expenses you claim total more than \$300, you can still deduct up to \$150 of *laundry expenses without getting written evidence of them.
- (2) However, this exception does not increase the \$300 limit in section 900-35 to \$450: your *laundry expenses still count toward that limit.

Example: You want to deduct laundry expenses of \$140 and union dues of \$200. These work expenses total more than \$300, so the exception in section 900-35 doesn't apply. This means you must substantiate the union dues expense. However, because of the exception in this section, you don't need to get written evidence of the laundry expenses.

- (3) This limit can be increased from time to time by regulations made under section 909-1.
- (4) A *laundry expense* is a *work expense to do with washing, drying or ironing clothes (but not dry cleaning).

900-45 Exception for work expense related to award transport payment

You may be able to deduct, without getting written evidence or keeping travel records, a *transport expense you incurred that is related to an allowance or reimbursement paid or payable to you by your employer under an *industrial instrument that was in force on 29 October 1986. Subdivision 900-I tells you about this.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-50

Note: This Division also applies to entities that are *not* employers, but pay (or are liable to pay) withholding payments covered by subsection 900-12(3).

900-50 Exception for domestic travel allowance expenses

- (1) You can deduct a *travel allowance expense for travel within Australia without getting written evidence or keeping travel records if the Commissioner considers reasonable the total of the losses or outgoings you claim for travel covered by the allowance.
- (2) In deciding whether the total of the losses or outgoings you claim is reasonable, the Commissioner must take into account the total of the losses or outgoings of the following kinds that it would be reasonable for you to incur for the travel:
 - (a) accommodation;
 - (b) food or drink;
 - (c) losses or outgoings incidental to the travel.

900-55 Exception for overseas travel allowance expenses

- (1) You can deduct a *travel allowance expense for travel outside Australia without getting written evidence under the same conditions as for domestic *travel allowances, except that you still have to get written evidence for losses or outgoings for accommodation.
- (2) Consequently, in deciding whether the total of the losses or outgoings you claim is reasonable, the Commissioner must disregard losses or outgoings for accommodation.
- (3) However, for overseas travel covered by a *travel allowance you must still keep travel records if the travel involves you being away from your ordinary residence for 6 or more nights in a row: Subdivision 900-F tells you about travel records.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-60

900-60 Exception for reasonable overtime meal allowance

You can deduct a *meal allowance expense without getting written evidence if:

- (a) the allowance is to enable you to buy food or drink in connection with overtime that you work; and
- (b) the allowance is paid or payable to you under an *industrial instrument; and
- (c) the Commissioner considers reasonable the total of the losses or outgoings you claim that are covered by the allowance.

900-65 Crew members on international flights need not keep travel records

You can deduct a *travel allowance expense without keeping travel records if:

- (a) the allowance covers travel by you as a crew member of an aircraft; and
- (b) the travel is principally outside Australia; and
- (c) the total of the losses or outgoings you claim for the travel that are covered by the allowance does not exceed the allowance.

Subdivision 900-C—Substantiating car expenses

Table of sections

900-70	Getting written evidence
900-75	Retaining the written evidence and odometer records

900-70 Getting written evidence

- (1) For the “log book” method of deducting a *car expense, you need to substantiate the expense by getting written evidence. Subdivision 900-E tells you about the evidence you need. Subdivision 28-F tells you about the “log book” method.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-75

- (3) If you are using the “log book” method and your expense is for fuel or oil, you do not need to get written evidence of it, because section 28-100 already requires you to keep odometer records for the period when you *held the *car in the income year.

900-75 Retaining the written evidence and odometer records

- (1) Once you have the material required by this Subdivision, you must retain it for 5 years. There is no need to lodge it with your *income tax return. The Commissioner may require you to produce it: see Subdivision 900-G. The period for which you must retain it is called the *retention period*.
- (2) The 5 years start on the due day for lodging your *income tax return for the income year. If you lodge your return later, the 5 years start on the day you lodge it.
- (3) However, the *retention period is extended if, when the 5 years end, you are involved in a dispute with the Commissioner that relates to the expense. See section 900-170.
- (4) If you do not retain the material for the *retention period, you cannot deduct the expense. If you have already deducted it, your assessment may be amended to disallow the deduction.
- (5) If you lose any of the material, there are rules that might help you in section 900-205.

Subdivision 900-D—Substantiating business travel expenses

Table of sections

900-80	Getting written evidence
900-85	Keeping travel records
900-90	Retaining the written evidence and travel records
900-95	Meaning of <i>business travel expense</i>

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-80

900-80 Getting written evidence

- (1) To deduct a *business travel expense:
 - (a) it must qualify as a deduction under some provision of this Act outside this Division; and
 - (b) you need to substantiate it by getting written evidence.Subdivision 900-E tells you about the evidence you need.

To find out whether an expense qualifies as a deduction under this Act, see Division 8 (Deductions).

- (2) If your expense is for fuel or oil, you have a choice of either:
 - (a) getting written evidence of it under Subdivision 900-E; or
 - (b) keeping odometer records for the period when you owned or leased the *car in the income year.

Subdivision 28-H tells you about odometer records.

Note: In certain circumstances (for example, under a hire purchase agreement) the notional buyer of property is taken to be its owner (see subsection 240-20(2)).

900-85 Keeping travel records

You need to keep travel records if your expense is for travel that involves you being away from your ordinary residence for 6 or more nights in a row. Subdivision 900-F tells you about travel records.

900-90 Retaining the written evidence and travel records

- (1) Once you have the material required by section 900-80 or 900-85, you must retain it for 5 years. There is no need to lodge it with your *income tax return. The Commissioner may require you to produce it: see Subdivision 900-G. The period for which you must retain it is called the *retention period*.
- (2) The 5 years start on the due day for lodging your *income tax return for the income year. If you lodge your return later, the 5 years start on the day you lodge it.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-95

- (3) However, the *retention period is extended if, when the 5 years end, you are involved in a dispute with the Commissioner that relates to the expense. See section 900-170.
- (4) If you do not retain the material for the *retention period, you cannot deduct the expense. If you have already deducted it, your assessment may be amended to disallow the deduction.
- (5) If you lose any of the material, there are rules that might help you in section 900-205.

900-95 Meaning of *business travel expense*

General

- (1) A ***business travel expense*** is a *travel expense, in so far as you incur it in producing your assessable income other than salary or wages.

Travel expense

- (2) A loss or outgoing is a ***travel expense*** if you incur it for travel by you that involves you being away from your ordinary residence for at least one night. The travel may be within or outside Australia.

Salary and wages travel expenses excluded

- (3) In so far as you incur *travel expenses in producing your salary or wages, the expenses are not treated as *business travel expenses. Instead, they are dealt with as *work expenses in Subdivision 900-B.

Note: This Division also applies to withholding payments that are not salary or wages: see subsection 900-12(3).

Travel allowance expenses excluded

- (4) *Travel allowance expenses are not treated as *business travel expenses. They too are dealt with as *work expenses in Subdivision 900-B.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-100

Motor vehicle expenses excluded

- (5) A loss or outgoing to do with a *motor vehicle is not treated as a *business travel expense unless it is:
- (a) a loss or outgoing incurred, or a payment made, in respect of travel outside Australia; or
 - (b) a taxi fare or similar loss or outgoing.
- However, most *motor vehicle expenses are covered by the rules about *car expenses. See Division 28 and Subdivision 900-C.

Subdivision 900-E—Written evidence

Guide to Subdivision 900-E

900-100 What this Subdivision is about

This Subdivision tells you how you must get written evidence to support a claim for a deduction.

Table of sections

Operative provisions

900-105	Ways of getting written evidence
900-110	Time limits
900-115	Written evidence from supplier
900-120	Written evidence of depreciating asset expense
900-125	Evidence of small expenses
900-130	Evidence of expenses considered otherwise too hard to substantiate
900-135	Evidence on a payment summary

Operative provisions

900-105 Ways of getting written evidence

Each of the following sections has a set of rules for a particular way of getting written evidence to substantiate a deduction. Which

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

ones you can use depends on the type of expense. You only need to use one set of rules to support an expense.

900-110 Time limits

- (1) There is no time limit for getting written evidence of an expense (unless you want to record the expense yourself under section 900-125 or 900-130). But until you get written evidence of it, you are not entitled to a deduction for the expense.
- (2) If when you lodge your *income tax return for the income year you have good reason to expect to get written evidence of the expense within a reasonable time, you can deduct the expense without actually getting the evidence. But if you don't get the evidence within a reasonable time, your entitlement to the deduction ceases. If you have already deducted the expense, your assessment may be amended to disallow the deduction.
- (3) Even if you only get written evidence of the expense *after* the end of the income year, you deduct the expense for that income year, not the income year in which you get the evidence.

900-115 Written evidence from supplier

- (1) You may use this set of rules for any type of expense except the decline in value of a *depreciating asset.
- (2) You must get a document from the supplier of the goods or services the expense is for. The document must set out:
 - (a) the name or business name of the supplier; and
 - (b) the amount of the expense, expressed in the currency in which it was incurred; and
 - (c) the nature of the goods or services; and
 - (d) the day the expense was incurred; and
 - (e) the day it is made out.
- (3) There are 2 exceptions to these requirements:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-120

- (a) if the document does not show the day the expense was incurred, you may use a bank statement or other reasonable, independent evidence that shows when it was paid;
 - (b) if the document the supplier gave you does not specify the nature of the goods or services, you may write in the missing details yourself before you lodge your *income tax return for the income year.
- (4) The document must be in English. However, if the expense was incurred in a country outside Australia, the document can instead be in a language of that country.

900-120 Written evidence of depreciating asset expense

- (1) You may use this set of rules only for a *depreciating asset expense.
- (2) You must get evidence of the original acquisition of the *depreciating asset. It must be a document that you get from the supplier of the asset and that specifies:
 - (a) the name or business name of the supplier; and
 - (b) the cost of the asset to you; and
 - (c) the nature of the asset; and
 - (d) the day you acquired the asset; and
 - (e) the day it is made out.
- (3) However, if the document the supplier gave you does not specify the nature of the asset, you may write in the missing details yourself before you lodge your *income tax return for the income year in which you first claim a deduction for the decline in value of the asset.
- (4) If you don't get the document in time, for example because you only decided to use the asset for income-producing purposes several years after you acquired it, there are rules that might help you in Subdivision 900-H (Relief from effects of failing to substantiate).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (5) The document must be in English. However, if you *imported the asset into Australia, the document can instead be in a language of the country from which the asset was originally exported.

900-125 Evidence of small expenses

- (1) If your expense is small, and you have a small total of small expenses, you can make a record of the expenses instead of getting a document from the supplier.
- (2) Each expense must be \$10 or less, and the total of all your expenses that:
- (a) are each \$10 or less; and
 - (b) you incurred in the income year and wish to deduct; and
 - (c) you must get written evidence for under this Division;
- must be \$200 or less. These limits can be increased from time to time by regulations made under section 909-1.
- (3) If the expense is not the decline in value of a *depreciating asset, you must get a document with the same information as required by section 900-115, except that you may create the document and record all the details yourself. You must do so as soon as possible after incurring the expense.
- (4) If the expense is the decline in value of a *depreciating asset, you must, as soon as possible after the last day of the income year, record in a document the following:
- (a) the nature of the property;
 - (b) the amount of the decline in value;
 - (c) who made the record;
 - (d) the day the record is made.
- (5) A record must be in English.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-130

900-130 Evidence of expenses considered otherwise too hard to substantiate

- (1) If the Commissioner considers it unreasonable to expect you to have got written evidence of an expense in any other way permitted by this Subdivision, you can use the method in section 900-125 to get written evidence of your claim.
- (2) The expense may be more than \$10 and does not count towards the \$200 limit in section 900-125.

900-135 Evidence on a payment summary

- (1) If the nature and amount of a *work expense are shown on your copy of a *payment summary given to you by your employer, you can use the copy as written evidence of the expense.

Note: This Division also applies to entities that are *not* employers, but pay (or are liable to pay) withholding payments covered by subsection 900-12(3).

- (2) Expenses of the same nature need not be separately itemised; it is acceptable if they are totalled together on the *payment summary.

Subdivision 900-F—Travel records

Guide to Subdivision 900-F

900-140 What this Subdivision is about

This Subdivision tells you how to keep travel records. A travel record is a record of activities you undertake during your travel.

Table of sections

900-145 Purpose of a travel record

Operative provisions

900-150 Recording activities in travel records

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

900-155 Showing which of your activities were income-producing activities

900-145 Purpose of a travel record

The purpose of a travel record is to show which of your activities were undertaken in the course of producing your assessable income, so that your losses or outgoings, or portions of them, can be attributed to income-producing purposes.

Operative provisions

900-150 Recording activities in travel records

- (1) You record an activity by specifying in a diary or similar document:
 - (a) the nature of the activity;
 - (b) the day and approximate time when it began;
 - (c) how long it lasted;
 - (d) where you engaged in it.
- (2) An activity must be recorded before it ends, or as soon as possible afterwards. Each entry must be in English.

900-155 Showing which of your activities were income-producing activities

- (1) You need not record an income-producing activity. But if you don't, the activity cannot be taken into account in working out the extent to which you can deduct an expense you incur for the travel.

Example: If you fly to Los Angeles for the sole purpose of attending a 7 day conference, but you don't record the conference in your travel record, you cannot deduct the cost of the air fare. This is so even if you have written evidence that you paid the fare (eg a receipt), as required by Subdivision 900-E.

- (2) You don't need to record any other kind of activity, although you may do so.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-160

Subdivision 900-G—Retaining and producing records

Guide to Subdivision 900-G

900-160 What this Subdivision is about

This Subdivision tells you how long you need to retain records of an expense and when you have to produce those records.

Table of sections

900-165 The retention period

Operative provisions

900-170 Extending the retention period if an expense is disputed

900-175 Commissioner may tell you to produce your records

900-180 How to comply with a notice

900-185 What happens if you don't comply

900-165 The retention period

Whenever you are required to retain records of an expense under this Division or Division 28, you need to retain the records for 5 years.

Operative provisions

900-170 Extending the retention period if an expense is disputed

The *retention period is automatically extended if one of the following types of dispute relating to the expense is unresolved when the 5 years end:

- (a) an objection;
- (b) a review or appeal arising from an objection;
- (c) a request for amendment of an assessment.

The extension lasts until the dispute is resolved.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

900-175 Commissioner may tell you to produce your records

- (1) The Commissioner may give you a written notice telling you to produce records of expenses specified in the notice. The records must be ones that you have to retain for the *retention period: you do not have to produce records if the retention period for those records is over.
- (2) The notice must give you 28 days or more to comply, starting on the day after the notice is given. The Commissioner may allow you more time to comply with the notice.

900-180 How to comply with a notice

- (1) To comply with the notice, you must produce to the Commissioner, for each of the expenses, the material that this Division or Division 28 requires you to retain during the *retention period.
- (2) You must also produce a summary that, for each expense for which you produce written evidence (see Subdivision 900-E):
 - (a) notes the expense; and
 - (b) has a cross-reference to the written evidence of the expense; and
 - (c) summarises the particulars set out in the written evidence; and
 - (d) if the expense was in a foreign currency—shows the amount of the expense in Australian currency.

The summary must be in English in a form approved by the Commissioner.

900-185 What happens if you don't comply

- (1) If you do not comply with a notice for a particular expense, you cannot deduct the expense. If you have already deducted it, your assessment may be amended to disallow the deduction.
- (2) You do not commit an offence merely by not complying with the notice, despite section 8C of the *Taxation Administration Act 1953*.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-195

Subdivision 900-H—Relief from effects of failing to substantiate

Table of sections

900-195	Commissioner's discretion to review failure to substantiate
900-200	Reasonable expectation that substantiation would not be required
900-205	What if your documents are lost or destroyed?

900-195 Commissioner's discretion to review failure to substantiate

Not doing something necessary to follow the rules in this Division does not affect your right to a deduction if the nature and quality of the evidence you have to substantiate your claim satisfies the Commissioner:

- (a) that you incurred the expense; and
- (b) that you are entitled to deduct the amount you claim.

900-200 Reasonable expectation that substantiation would not be required

Not doing something necessary to follow the rules in this Division does not affect your right to deduct an amount if the only reason was that you had a reasonable expectation that you would not need to do it in order to be able to deduct that amount.

900-205 What if your documents are lost or destroyed?

- (1) If you have a *complete copy* of a document that is lost or destroyed during the **retention period*, it is treated as the original from the time of the loss or destruction.
- (2) If you don't have such a copy, but the Commissioner is satisfied that you took reasonable precautions to prevent the loss or destruction, the rest of this section explains what to do.
- (3) If the lost or destroyed document was a travel record, log book or other document that is *not* written evidence of an expense under Subdivision 900-E, you do not need to replace it; your deduction is not affected by your failing to retain or produce the document.

**To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.*

Section 900-210

- (4) If the lost or destroyed document *was* written evidence, you must try to get a substitute document that meets all the original requirements (except the time limit for getting the original).
- (5) If you succeed, your deduction is not affected by your failing to retain or produce the original document. The substitute document is treated as the original from the time of the loss or destruction.
- (6) If it is not reasonably possible to succeed, your deduction is not affected by your failing to retain or produce the original document.
- (7) If it is reasonably possible for you to get a substitute document, but you don't get one, this section does not protect you from the consequences of failing to retain or produce the original.

Subdivision 900-I—Award transport payments

Guide to Subdivision 900-I

900-210 What this Subdivision is about

This Subdivision tells you when you can deduct an expense related to an award transport payment without getting written evidence or keeping travel records.

Table of sections

Operative provisions

900-215	Deducting an expense related to an award transport payment
900-220	Definition of <i>award transport payment</i>
900-225	Substituted industrial instruments
900-230	Changes to industrial instruments applied for before 29 October 1986
900-235	Changes to industrial instruments solely referable to matters in the instrument
900-240	Deducting in anticipation of receiving award transport payment
900-245	Effect of exception in this Subdivision on exception for small total of expenses

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-215

900-250 Effect of exception in this Subdivision on methods of calculating car expense deductions

Operative provisions

900-215 Deducting an expense related to an award transport payment

The exception

- (1) If:
- (a) you are paid one or more *award transport payments in the income year; and
 - (b) the total of the *transport expenses, to the extent that they relate to the award transport payments, that you incur during any income year and claim as deductions for any income year is no more than the total amount of the payments; and
 - (c) those transport expenses qualify as a deduction under some provision of this Act outside this Division;
- then you can deduct those transport expenses without getting written evidence or keeping travel records.

To find out whether an expense qualifies as a deduction under this Act, see Division 8 (Deductions).

Increases to amounts payable under industrial instrument must be ignored

- (2) For each *award transport payment, you can deduct no more than the amount you could have deducted if the *industrial instrument the payment is under were still in force as it was on 29 October 1986. If your claim exceeds this amount, you cannot use the exception for the expenses.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

900-220 Definition of *award transport payment*

Award transport payment

- (1) An ***award transport payment*** is a *transport payment covering particular travel that was paid under an *industrial instrument that was in force on 29 October 1986.

Transport payment

- (2) A ***transport payment*** is an amount your employer pays you, or is to pay you, for travel by you in the course of working for the employer that is:
- (a) an allowance (or part of an allowance) for the sole or main purpose of covering your *transport expenses; or
 - (b) a reimbursement to which section 15-70 applies that is for the whole or a part of a *car expense. However, an amount is not a ***transport payment*** if it is, or is part of, a *travel allowance.

Note: This Division also applies to entities that are *not* employers, but pay (or are liable to pay) withholding payments covered by subsection 900-12(3).

Transport expense

- (3) A ***transport expense*** is a loss or outgoing to do with transport, including the decline in value of a *depreciating asset used in connection with transport, but not including a loss or outgoing for accommodation or for food or drink, or expenditure incidental to transport.

900-225 Substituted industrial instruments

An *industrial instrument that comes into force in substitution for another industrial instrument is taken to be a continuation of the original instrument.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-230

**900-230 Changes to industrial instruments applied for before
29 October 1986**

- (1) Changes made to an *industrial instrument after 29 October 1986 are taken to have been made on 29 October 1986 if they were made in response to an application made on or before 29 October 1986 that sought increases in *transport payments.
- (2) If the application was amended after 29 October 1986, the alterations made to the *industrial instrument count as being made on 29 October 1986 only if they did not result in increases in *transport payments that were greater than increases in those payments sought by the application as at 29 October 1986.

**900-235 Changes to industrial instruments solely referable to
matters in the instrument**

Changes made to an *industrial instrument after 29 October 1986 are taken to have been made on 29 October 1986 if the whole amount of the change is determined solely by reference to matters that were contained in the industrial instrument on 29 October 1986.

**900-240 Deducting in anticipation of receiving award transport
payment**

If:

- (a) you have incurred a *transport expense during an income year; and
- (b) when you lodge your *income tax return for the income year, you reasonably believe that you will later receive an *award transport payment to cover the expense;

you may deduct the expense without getting written evidence or keeping travel records.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

900-245 Effect of exception in this Subdivision on exception for small total of expenses

A *transport expense that section 900-215 lets you deduct without getting written evidence or keeping travel records does not count towards the \$300 limit in section 900-35.

Note: Section 900-35 tells you that if the total of all the work expenses that you want to deduct is \$300 or less, you can deduct them without getting written evidence or keeping travel records.

900-250 Effect of exception in this Subdivision on methods of calculating car expense deductions

- (1) If the exception in this Subdivision lets you deduct, without getting written evidence or keeping travel records, losses or outgoings (*exempt losses or outgoings*) that are or include *car expenses, or parts of *car expenses, your use of the 2 methods for calculating deductions for car expenses for the *car is affected.

You may elect not to use the exception

- (2) However, if you do not want your use of the 2 methods to be affected, you may elect not to use the exception in this Subdivision for the *award transport payments you are paid in the income year. If you so elect, the rest of this section does not affect you.

“Cents per kilometre” method

- (3) You can still use the “cents per kilometre” method (see Subdivision 28-C) of deducting *car expenses you incurred for the *car in the income year. However, the kilometres the car travelled during the income year in the course of travel covered by the *award transport payment or payments are not counted as *business kilometres.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 900-250

“Log book” method

- (5) You can still use the “log book” method (see Subdivision 28-F) of deducting *car expenses you incurred for the *car in the income year. If you do:
- (a) the kilometres the car travelled during the income year in the course of travel covered by the *award transport payment or payments are not counted as *business kilometres; and
 - (b) in working out the amount (if any) you can deduct for such a car expense that consists partly of an exempt loss or outgoing, Subdivision 28-F is applied to the whole of the car expense, without excluding the part that consists of an exempt loss or outgoing.

Part 5-35—Miscellaneous

Division 905—Offences

905-5 Application of the *Criminal Code*

Chapter 2 of the *Criminal Code* applies to all offences against this Act.

Note: Chapter 2 of the Criminal Code sets out the general principles of criminal responsibility.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Division 909—Regulations

909-1 Regulations

- (1) The Governor-General may make regulations prescribing matters that:
 - (a) this Act requires or permits to be prescribed; or
 - (b) are necessary or convenient to prescribe for carrying out or giving effect to this Act.
- (2) The regulations may prescribe penalties for offences against the regulations. A penalty may not exceed a fine of 5 penalty units.

Note: Section 4AA of the *Crimes Act 1914* deals with penalty units.

Chapter 6—The Dictionary

Part 6-1—Concepts and topics

Division 950—Rules for interpreting this Act

Table of sections

950-100	What forms part of this Act
950-105	What does <i>not</i> form part of this Act
950-150	Guides, and their role in interpreting this Act

950-100 What forms part of this Act

(1) These all form part of this Act:

- the headings of the Chapters, Parts, Divisions and Subdivisions of this Act;
- *Guides;
- the headings of the sections and subsections of this Act;
- the headings for groups of sections of this Act (group headings);
- the notes and examples (however described) that follow provisions of this Act.

(2) The asterisks used to identify defined terms form part of this Act. However, if a term is *not* identified by an asterisk, disregard that fact in deciding whether or not to apply to that term a definition or other interpretation provision.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 950-105

950-105 What does *not* form part of this Act

These do *not* form part of this Act:

- footnotes and endnotes;
- Tables of Subdivisions;
- Tables of sections.

950-150 Guides, and their role in interpreting this Act

- (1) A **Guide** consists of:
 - (a) sections under a heading indicating that what follows is a Guide to a particular Subdivision, Division etc.; or
 - (b) a Subdivision, Division or Part that is identified as a Guide by a provision in the Subdivision, Division or Part.
- (2) Guides form part of this Act, but they are kept separate from the operative provisions. In interpreting an operative provision, a Guide may only be considered:
 - (a) in determining the purpose or object underlying the provision; or
 - (b) to confirm that the provision's meaning is the ordinary meaning conveyed by its text, taking into account its context in the Act and the purpose or object underlying the provision; or
 - (c) in determining the provision's meaning if the provision is ambiguous or obscure; or
 - (d) in determining the provision's meaning if the ordinary meaning conveyed by its text, taking into account its context in the Act and the purpose or object underlying the provision, leads to a result that is manifestly absurd or is unreasonable.

Division 960—General

Subdivision 960-B—Utilisation of tax attributes

Table of sections

960-20 Utilisation

960-20 Utilisation

- (1) None of the following can be *utilised, to the extent it has already been utilised:
- (a) a *tax loss;
 - (b) a *net capital loss;
 - (c) *net exempt income.

Utilisation of losses

- (2) A *tax loss is **utilised** to the extent that:
- (a) it is deducted from an amount of assessable income or *net exempt income; or
 - (b) it is reduced by applying a *total net forgiven amount.
- (3) A *net capital loss is **utilised** to the extent that:
- (a) it is applied to reduce an amount of *capital gains; or
 - (b) it is reduced by applying a *total net forgiven amount.

Utilisation of net exempt income

- (4) *Net exempt income for an income year is **utilised** to the extent that:
- (a) it is subtracted:
 - (i) from deductions; or
 - (ii) under subsection 268-60(4) in Schedule 2F to the *Income Tax Assessment Act 1936* or subsection 165-70(4) or 175-35(4) of this Act;

- in determining a *tax loss for the income year; or
- (b) because of it, the extent to which a tax loss can be deducted in that income year is reduced; or
 - (c) because of it, an amount is reduced under subsection 35-15(2) (about deferral of deductions from non-commercial business activities); or
 - (d) because of it, a quarantined amount is reduced under subsection 26-47(8); or
 - (e) it is reduced under subsection 65-35(3) because of a *tax offset carried forward.

Subdivision 960-C—Foreign currency

Table of sections

960-49	Objects of this Subdivision
960-50	Translation of amounts into Australian currency
960-55	Application of translation rules

960-49 Objects of this Subdivision

The objects of this Subdivision are as follows:

- (a) to set out a basic rule requiring an amount in a *foreign currency to be translated into an Australian dollar amount (the basic rule is subject to the functional currency rules in Subdivision 960-D and to certain specific exclusions);
- (b) to ensure that the rules for identifying the exchange rate for the translation of a foreign currency amount into Australian dollars:
 - (i) reflect an appropriate prevailing exchange rate; and
 - (ii) take into account, as appropriate, commercial practices for the translation of foreign currency amounts into Australian dollars.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

960-50 Translation of amounts into Australian currency

- (1) For the purposes of this Act, an amount in a *foreign currency is to be translated into Australian currency.

Examples of an amount

- (2) The following are examples of an amount:
- (a) an amount of *ordinary income;
 - (b) an amount of an expense;
 - (c) an amount of an obligation;
 - (d) an amount of a liability;
 - (e) an amount of a receipt;
 - (f) an amount of a payment;
 - (g) an amount of consideration;
 - (h) a value.
- (3) The amounts set out in paragraphs (2)(b) to (h) may be amounts on revenue account, capital account or otherwise.

Amounts that are elements in the calculation of other amounts

- (4) In applying this section:
- (a) first, translate any amounts that are elements in the calculation of other amounts (except *special accrual amounts); and
 - (b) then, calculate the other amounts.

Special accrual amounts

- (5) In applying this section:
- (a) calculate a *special accrual amount without translation; and
 - (b) then, translate the special accrual amount.

Special translation rules

- (6) The table has effect:

Australian currency at the average exchange rate applicable for the period for which the statements are prepared.

(7B) For the purposes of subsection (7A):

(a) the entity must obtain:

- (i) all of the exchange rates that it will use to work out the average exchange rate; or
- (ii) an average exchange rate that has been worked out for the period referred to in that subsection;

from one or more sources that are not *associates of the entity, and not the entity itself, or from one or more sources specified by the Commissioner in a notice to the entity; and

(b) the entity must use the average exchange rate so worked out in translating into Australian currency any amount referred to in that subsection that is relevant to that period.

(7C) A notice under paragraph (7B)(a) is not a legislative instrument.

Regulations about translation

(8) An entity must comply with the regulations (if any) in translating an amount into Australian currency.

Note: For example, the regulations could require the use of a particular translation method and require consistency in the use of the translation method.

(9) Regulations made for the purposes of subsection (8) may make provision in relation to a matter by applying, adopting or incorporating (with or without modifications) matter contained in any of the *accounting standards:

- (a) as in force or existing at a particular time; or
- (b) as in force or existing from time to time.

(9A) Regulations made for the purposes of subsection (8) do not apply to translating an amount into Australian currency under subsection (7A), unless they provide otherwise.

- (a) that income year; and
 - (b) each later income year for which the choice is in effect;
- is the sole or predominant *foreign currency in which the establishment, unit or trust kept its accounts at the time when you made the choice.

Controlled foreign company

- (3) If you make a choice under item 4 of the table in subsection 960-60(1) in relation to a *controlled foreign company (CFC) with effect from the start of a particular *statutory accounting period, the ***applicable functional currency*** of the CFC for:
- (a) that statutory accounting period; and
 - (b) each later statutory accounting period for which the choice is in effect;

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

is the sole or predominant *foreign currency in which the CFC kept its accounts at the time when you made the choice.

Note: The attributable income of a controlled foreign company is calculated separately for each attributable taxpayer—see section 381 of the *Income Tax Assessment Act 1936*.

Calculating capital gains and losses on indirect Australian real property interests

- (3A) If subsection 960-61(2) applies, your **applicable functional currency** for the purposes of that subsection is the sole or predominant currency in which you keep your accounts at the time of the *CGT event.

Accounts

- (4) For the purposes of this section, **accounts** means:
- (a) ledgers; and
 - (b) journals; and
 - (c) statements of financial performance; and
 - (d) profit and loss accounts; and
 - (e) balance-sheets; and
 - (f) statements of financial position;
- and includes statements, reports and notes attached to, or intended to be read with, any of the foregoing.

960-75 What is a transferor trust?

A **transferor trust** is a trust where, having regard to all relevant circumstances, it would be reasonable to conclude that another entity is, or is likely to be, an attributable taxpayer in relation to the trust for the purposes of Division 6AAA of Part III of the *Income Tax Assessment Act 1936*.

Section 960-80

Translation rules

Item	In this case...	these rules apply...
6	(a) you are a *foreign resident who makes a *capital gain or *capital loss from a *CGT event in relation to an asset that is an *indirect Australian real property interest; and (b) you are required by subsection 960-61(2) to work out the amount of your capital gain or capital loss in the *applicable functional currency	(a) first, for the purpose of working out, for the income year, the amount of your capital gain or capital loss from the CGT event, an amount that is not in the applicable functional currency is to be translated into the applicable functional currency; and (b) second, the amount of the capital gain or capital loss is to be translated into Australian currency.

Note: The attributable income of a controlled foreign company is calculated separately for each attributable taxpayer—see section 381 of the *Income Tax Assessment Act 1936*.

Examples of an amount

- (2) The following are examples of an amount:
- (a) an amount of *ordinary income;
 - (b) an amount of an expense;
 - (c) an amount of an obligation;
 - (d) an amount of a liability;
 - (e) an amount of a receipt;
 - (f) an amount of a payment;
 - (g) an amount of consideration;
 - (h) a value;
 - (i) a monetary limit or other amount set out in this Act or any other law of the Commonwealth.
- (3) The amounts set out in paragraphs (2)(b) to (i) may be amounts on revenue account, capital account or otherwise.

Amounts that are elements in the calculation of other amounts

- (4) In applying this section:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 960-80

- (a) first, translate any amounts that are elements in the calculation of other amounts (except *special accrual amounts); and
- (b) then, calculate the other amounts.

Special accrual amounts

- (5) In applying this section:
 - (a) calculate a *special accrual amount without translation and without applying the first rule set out in the relevant item of the table in subsection (1); and
 - (b) then, translate the special accrual amount to Australian currency for the purposes of applying the second rule set out in the relevant item of the table in subsection (1).

Special translation rules

- (6) Subsection 960-50(6) has effect, in relation to the translation of an amount into the *applicable functional currency, as if each reference in that subsection to Australian currency were a reference to the applicable functional currency.

Regulations about translation

- (7) An entity must comply with the regulations (if any) in translating an amount into:
 - (a) the *applicable functional currency; or
 - (b) Australian currency.

Note: For example, the regulations could require the use of a particular translation method and require consistency in the use of the translation method.

- (8) Regulations made for the purposes of subsection (7) may make provision in relation to a matter by applying, adopting or incorporating (with or without modifications) matter contained in any of the *accounting standards:
 - (a) as in force or existing at a particular time; or
 - (b) as in force or existing from time to time.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

960-85 Special rule about translation—events that happened before the current choice took effect

Australian resident required to prepare financial reports under section 292 of the Corporations Act 2001

(1) If:

- (a) as the result of a choice (the **current choice**) made by you under item 1 of the table in subsection 960-60(1), subsection 960-80(1) requires that an amount be translated to the *applicable functional currency; and
- (b) the amount is attributable to an event that happened, or a state of affairs that came into existence, at a time (the **event time**) before the current choice took effect;

the table has effect:

Special rule about translation		
Item	In this case...	this is the result...
1	at the event time, no previous choice made by you under item 1 of the table in subsection 960-60(1) was in effect	the amount is to be translated first to Australian currency at the exchange rate applicable at the event time, and then to the *applicable functional currency at the exchange rate applicable when the current choice took effect.
2	at the event time, a previous choice made by you under item 1 of the table in subsection 960-60(1) was in effect	the amount is to be translated first to the previous *applicable functional currency at the exchange rate applicable at the event time, and then to the current applicable functional currency at the exchange rate applicable when the current choice took effect.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 960-90

Permanent establishment, offshore banking unit, CFC or transferor trust

(2) If:

- (a) as the result of a choice (the **current choice**) made by you under item 2, 3, 4 or 5 of the table in subsection 960-60(1), subsection 960-80(1) requires that an amount be translated to the *applicable functional currency; and
- (b) the amount is attributable to an event that happened, or a state of affairs that came into existence, at a time (the **event time**) before the current choice took effect;

the table has effect:

Special rule about translation		
Item	In this case...	this is the result...
1	at the event time, no previous choice made by you under section 960-60 in relation to the establishment, unit, CFC or trust was in effect	the amount is to be translated first to Australian currency at the exchange rate applicable at the event time, and then to the *applicable functional currency at the exchange rate applicable when the current choice took effect.
2	at the event time, a previous choice made by you under section 960-60 in relation to the establishment, unit, CFC or trust was in effect	the amount is to be translated first to the previous *applicable functional currency at the exchange rate applicable at the event time, and then to the current applicable functional currency at the exchange rate applicable when the current choice took effect.

960-90 Withdrawal of choice

- (1) The table has effect if you have made a choice under section 960-60:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 960-90

Withdrawal

Item	In this case:	you may withdraw your choice with effect from immediately after the end of...
1	(a) you are an Australian resident who is required to prepare financial reports under section 292 of the <i>Corporations Act 2001</i> ; and (b) your *applicable functional currency has ceased to be the sole or predominant currency in which you keep your accounts (within the meaning of section 960-70)	the income year in which you withdraw your choice.
2	(a) you are an Australian resident carrying on an activity or business at or through an *overseas permanent establishment or a foreign resident carrying on an activity or business at or through an *Australian permanent establishment; and (b) the *applicable functional currency of the permanent establishment has ceased to be the sole or predominant currency in which the establishment keeps its accounts (within the meaning of section 960-70)	the income year in which you withdraw your choice.
3	(a) you are an *offshore banking unit (OBU); and (b) the *applicable functional currency of the OBU has ceased to be the sole or predominant currency in which the OBU keeps its accounts (within the meaning of section 960-70)	the income year in which you withdraw your choice.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 960-90

Withdrawal		
Item	In this case:	you may withdraw your choice with effect from immediately after the end of...
4	(a) you are an attributable taxpayer (within the meaning of Part X of the <i>Income Tax Assessment Act 1936</i>) of a *controlled foreign company (CFC); and (b) you have made a choice under item 4 of the table in subsection 960-60(1) in relation to the CFC; and (c) the *applicable functional currency of the CFC has ceased to be the sole or predominant currency in which the CFC keeps its accounts (within the meaning of section 960-70)	the CFC's *statutory accounting period in which you withdraw your choice.
5	(a) you are a *transferor trust; and (b) the *applicable functional currency of the trust has ceased to be the sole or predominant currency in which the trust keeps its accounts (within the meaning of section 960-70)	the income year in which you withdraw your choice.

- (2) A withdrawal must be in writing.
- (3) Withdrawing a choice does not prevent you from making a fresh choice under section 960-60.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Subdivision 960-E—Entities

Table of sections

960-100	Entities
960-105	Certain entities treated as agents

960-100 Entities

(1) **Entity** means any of the following:

- (a) an individual;
- (b) a body corporate;
- (c) a body politic;
- (d) a partnership;
- (e) any other unincorporated association or body of persons;
- (f) a trust;
- (g) a *superannuation fund;
- (h) an *approved deposit fund.

Note: The term **entity** is used in a number of different but related senses. It covers all kinds of legal person. It also covers groups of legal persons, and other things, that in practice are treated as having a separate identity in the same way as a legal person does.

(1A) Paragraph (1)(e) does not include a *non-entity joint venture.

(2) The trustee of a trust, of a *superannuation fund or of an *approved deposit fund is taken to be an **entity** consisting of the person who is the trustee, or the persons who are the trustees, at any given time.

Note 1: This is because a right or obligation cannot be conferred or imposed on an entity that is not a legal person.

Note 2: The entity that is the trustee of a trust or fund does not change merely because of a change in the person who is the trustee of the trust or fund, or persons who are the trustees of the trust or fund.

(3) A legal person can have a number of different capacities in which the person does things. In each of those capacities, the person is taken to be a different **entity**.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 960-105

Example: In addition to his or her personal capacity, an individual may be:

- sole trustee of one or more trusts; and
- one of a number of trustees of a further trust.

In his or her personal capacity, he or she is one entity. As trustee of each trust, he or she is a different entity. The trustees of the further trust are a different entity again, of which the individual is a member.

- (4) If a provision refers to an **entity** of a particular kind, it refers to the entity in its capacity as that kind of entity, not to that entity in any other capacity.

Example: A provision that refers to a company does not cover a company in a capacity as trustee, unless it also refers to a trustee.

Note: Under section 87-35, certain parts of Australian governments and authorities are treated as separate entities for the purposes of ascertaining whether another entity is conducting a personal services business.

960-105 Certain entities treated as agents

- (1) This Act applies to an entity as if the entity were an agent of another entity (the **principal**) if:
- (a) the principal is outside Australia; and
 - (b) the entity is in Australia and, on behalf of the principal, holds money of the principal or has control, receipt or disposal of money of the principal.
- (2) This Act, or a provision of this Act, applies to an entity as if the entity were an agent of another entity if the Commissioner determines in writing that the entity is the agent or sole agent of the other entity for the purposes of this Act or of that provision.
- (3) A determination under subsection (2) is not a legislative instrument.

Subdivision 960-F—Distribution by corporate tax entities

Table of sections

960-115 Meaning of *corporate tax entity*

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

960-120 Meaning of *distribution*

960-115 Meaning of *corporate tax entity*

An entity is a ***corporate tax entity*** at a particular time if:

- (a) the entity is a company at that time; or
- (b) the entity is a *corporate limited partnership in relation to the income year in which that time occurs; or
- (d) the entity is a *public trading trust in relation to the income year in which that time occurs.

960-120 Meaning of *distribution*

- (1) What constitutes a ***distribution*** by various *corporate tax entities is set out in the following table:

Distribution		
Item	Corporate tax entity	Distribution
1	company	a dividend, or something that is taken to be a dividend, under this Act
2	*corporate limited partnership	(a) a distribution made by the partnership, whether in money or in other property, to a partner in the partnership, other than a distribution, or so much of a distribution, as is attributable to profits or gains arising during an income year in relation to which the partnership was not a corporate limited partnership (b) something that is taken to be a dividend by the partnership under this Act

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 960-130

Distribution		
Item	Corporate tax entity	Distribution
4	*public trading trust	a unit trust dividend, as defined in section 102M of the <i>Income Tax Assessment Act 1936</i>

- (2) A *corporate tax entity **makes a distribution** in the form of a dividend on the day on which the dividend is paid, or taken to have been paid.

Subdivision 960-G—Membership of entities

Table of sections

960-130	Members of entities
960-135	Membership interest in an entity
960-140	Ordinary membership interest

960-130 Members of entities

- (1) The following table sets out who is a **member** of various entities.

Members		
Item	Entity	Member
1	company	a member of the company or a stockholder in the company
2	partnership	a partner in the partnership
3	trust (except a *public trading trust)	a beneficiary, unitholder or object of the trust
5	*public trading trust	a unitholder of the trust

- (2) If 2 or more entities jointly hold interests or rights that give rise to membership of another entity, each of them is a **member** of the other entity.
- (3) An entity is *not* a **member** of another entity just because the entity holds one or more interests or rights relating to the other entity that

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

are *debt interests. This subsection has effect despite subsections (1) and (2) of this section.

Example: An entity is *not* a member of a company as defined in this section merely because it is a member of the company in the ordinary sense of the term because it holds a finance share in the company, if the finance share is a debt interest. However, if the entity holds other shares in the company that are not debt interests, it will be a member because of those other shares.

960-135 Membership interest in an entity

If you are a *member of an entity:

- (a) each interest, or set of interests, in the entity; or
- (b) each right, or set of rights, in relation to the entity;

by virtue of which you are a member of the entity is a ***membership interest*** of yours in the entity.

Note: In conjunction with subsection 960-130(3), this means that a debt interest is *not* a membership interest.

Example: A member of a company holds a finance share in a company that is a debt interest and some other shares in the company that are not debt interests. Only the other shares are membership interests in the company. The finance share is not, because the member is not a member of the company because of that share (see subsection 960-130(3)).

960-140 Ordinary membership interest

A *membership interest in a *corporate tax entity is an ***ordinary membership interest*** if:

- (a) in the case of a membership interest in a company—it is an ordinary share; and
- (b) in the case of a membership interest in a *corporate limited partnership—it is an interest in the income of the partnership; and
- (c) in the case of a membership interest in a *public trading trust—it is a unit in the trust.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 960-180

Subdivision 960-GP—Participation interests in entities

Table of sections

960-180	Total participation interest
960-185	Indirect participation interest
960-190	Direct participation interest
960-195	Non-portfolio interest test

960-180 Total participation interest

An entity's ***total participation interest*** at a particular time in another entity is the sum of:

- (a) the entity's *direct participation interest in the other entity at that time; and
- (b) the entity's *indirect participation interest in the other entity at that time.

960-185 Indirect participation interest

- (1) Work out the ***indirect participation interest*** that an entity (the ***holding entity***) holds at a particular time in another entity (the ***test entity***) by multiplying:
 - (a) the holding entity's *direct participation interest (if any) in another entity (the ***intermediate entity***) at that time;by:
 - (b) the sum of:
 - (i) the intermediate entity's direct participation interest (if any) in the test entity at that time; and
 - (ii) the intermediate entity's indirect participation interest (if any) in the test entity at that time (as worked out under one or more other applications of this section).
- (2) If there is more than one intermediate entity to which paragraph (1)(a) applies at that time, the holding entity's ***indirect participation interest*** is the sum of the percentages worked out under subsection (1) in relation to each of those intermediate entities.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

960-190 Direct participation interest

- (1) Use the following table to work out the *direct participation interest* that one entity holds in another entity.

Direct participation interest		
	If the other entity is this kind of entity:	the direct participation interest that the first entity holds in the other entity is:
1	A company (within the meaning of Part X of the <i>Income Tax Assessment Act 1936</i>)	the direct control interest (within the meaning of section 350 of the <i>Income Tax Assessment Act 1936</i>) that the first entity holds in the other entity
2	A trust (within the meaning of Part X of the <i>Income Tax Assessment Act 1936</i>)	the direct control interest (within the meaning of section 351 of the <i>Income Tax Assessment Act 1936</i>) that the first entity holds in the other entity
3	A partnership	the direct control interest (within the meaning of section 350 of the <i>Income Tax Assessment Act 1936</i>) that the first entity would hold in the other entity, if the assumptions in subsection (3) of this section were made

- (2) For the purposes of subsection (1):
- (a) apply sections 350 and 351 of the *Income Tax Assessment Act 1936* as if those sections apply for the purposes of this Division rather than only for the purposes of Part X of that Act; and
 - (b) do not apply subsections 350(6) and (7) and 351(3) and (4) of that Act.
- (3) For the purposes of item 3 of the table in subsection (1), assume that:
- (a) the *partnership is a company; and

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 960-195

- (b) the partners in the partnership are shareholders in the company; and
- (c) the total amount of assets or capital contributed to the partnership is the total paid-up share capital of the company; and
- (d) a partner's right of distribution of capital, assets or profits on the dissolution of the partnership is a shareholder's right to distribution of capital or profits of the company on winding-up; and
- (e) a partner's right of distribution of capital, assets or profits otherwise than on the dissolution of the partnership is a shareholder's right to distribution of capital or profits of the company otherwise than on winding-up.

960-195 Non-portfolio interest test

An interest held by an entity (the *holding entity*) in another entity (the *test entity*) passes the non-portfolio interest test at a time if the sum of the *direct participation interests held by the holding entity and its *associates in the test entity at that time is 10% or more.

Subdivision 960-H—Abnormal trading in shares or units

Table of sections

960-220	Meaning of <i>trading</i>
960-225	Abnormal trading
960-230	Abnormal trading—5% of shares or units in one transaction
960-235	Abnormal trading—suspected 5% of shares or units in a series of transactions
960-240	Abnormal trading—suspected acquisition or merger
960-245	Abnormal trading—20% of shares or units traded over 60 day period

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

960-220 Meaning of *trading*

Shares in a listed public company

- (1) There is a ***trading*** in *shares in a company if there is an issue, redemption or transfer of those shares, or any other dealing in those shares, but only if it changes the respective proportions in which all the registered holders of shares in the company:
- (a) can exercise the voting power in the company; or
 - (b) have the right to receive, as registered holders (whether or not for their own benefit) any dividends that the company may pay; or
 - (c) have the right to receive, as registered holders (whether or not for their own benefit) any distribution of capital of the company.

Note: A special rule applies in working out whether an asset has stopped being a pre-CGT asset: see section 149-10.

Units in a unit trust

- (2) There is a ***trading*** in units in a unit trust if there is an issue, redemption or transfer of those units, or any other dealing in those units, but only if it changes the respective proportions in which all the registered holders of units in the trust hold (whether beneficially or not) interests in the trust income or trust capital.

Note: A special rule applies in working out whether an asset has stopped being a pre-CGT asset: see section 149-10.

960-225 Abnormal trading

- (1) There is an ***abnormal trading*** in *shares in a company, or in units in a unit trust, if a *trading in the shares or units is abnormal having regard to all relevant factors, including these:
- (a) the timing of the trading, when compared with the normal timing for trading in the company's shares or in the trust's units;

Section 960-230

- (b) the number of shares or units traded, when compared with the normal number of the company's shares, or the trust's units, traded;
 - (c) any connection between the trading and any other trading in the company's shares or in the trust's units;
 - (d) any connection between the trading and a *tax loss or other deduction of the company or trust.
- (2) There may also be an abnormal trading under any of the following provisions.

960-230 Abnormal trading—5% of shares or units in one transaction

There is an *abnormal trading* in *shares in a company, or in units in a unit trust, if 5% or more of the shares or units are *traded in one transaction.

960-235 Abnormal trading—suspected 5% of shares or units in a series of transactions

- (1) There is an *abnormal trading* in *shares in a company, or in units in a unit trust, if the company or trustee knows or reasonably suspects that an entity (or an entity and one or more of the entity's *associates) has acquired (or redeemed) 5% or more of the shares or units in 2 or more transactions and would not have done so if the company or trust did not have a *tax loss or other deduction.

Time when abnormal trading happens

- (2) The *abnormal trading happens at the time of the particular transaction that causes the 5% figure to be exceeded.

960-240 Abnormal trading—suspected acquisition or merger

There is an *abnormal trading* in *shares in a company, or in units in a unit trust, if a *trading in those shares or units happens which the company or trustee knows or reasonably suspects is part of an

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

acquisition or merger of the company with another company, or of the trust with another trust.

960-245 Abnormal trading—20% of shares or units traded over 60 day period

- (1) There is an *abnormal trading* in *shares in a company or units in a unit trust if more than 20% of the shares or units are *traded during a 60 day period.

Time when abnormal trading happens

- (2) The *abnormal trading happens at the end of the 60 day period concerned.

Subdivision 960-J—Family relationships

Guide to Subdivision 960-J

960-250 What this Subdivision is about

This Subdivision has 2 principles for defining family relationships.

The first principle is to treat an unmarried couple (whether of the same sex or different sexes) in the same way as a married couple if:

- (a) their relationship is registered under particular State or Territory laws; or
- (b) they live together on a genuine domestic basis.

The second principle is to treat anyone who is defined to be an individual's child in the same way as the individual's natural child would be treated.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 960-252

Both principles extend to tracing other family relationships, including beyond couples and children and their parents.

Table of sections

Operative provisions

- 960-252 Object of this Subdivision
960-255 Family relationships

Operative provisions

960-252 Object of this Subdivision

- (1) The first object of this Subdivision is to ensure that the same consequences flow under this Act and the other Acts to which this Subdivision applies from the relationship between 2 people who are an unmarried couple (whether of the same sex or different sexes) as from a marriage, if:
 - (a) the relationship is registered under a *State law or *Territory law (as mentioned in paragraph (a) of the definition of *spouse* in subsection 995-1(1)); or
 - (b) they live together on a genuine domestic basis.
- (2) The second object of this Subdivision is to ensure that under this Act and the other Acts to which this Subdivision applies, anyone who is defined to be an individual's *child is treated in the same way as if he or she were the individual's natural child.

960-255 Family relationships

Relationships between couples

- (1) If one individual is the *spouse of another individual because of the definition of *spouse* in subsection 995-1(1), relationships traced to, from or through the individual, and family groups of which either individual is a member, are to be determined in the same way as if the individual were legally married to the other individual.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 960-260

Example: George and Angelika are not legally married but live together on a genuine domestic basis in a relationship as a couple. This Act treats them as part of each other's family.

Relationships involving children

- (2) If one individual is the *child of another individual because of the definition of **child** in subsection 995-1(1), relationships traced to, from or through the individual, and family groups of which either individual is a member, are to be determined in the same way as if the individual were the natural child of the other individual.

Example: Clare's stepfather Frank has a sister Angela. This Act applies as if Angela were Clare's aunt because Clare is defined to be Frank's child. That is, Clare's relationship to Angela is determined on the basis that Clare is Frank's natural child.

Application

- (3) Subsections (1) and (2) apply for the purposes of this Act. They also apply for the purposes of a provision of another Act if one or more of the following applies for the purposes of that provision (or would apply if it were used in the provision):
- (a) the definition of **child** in subsection 995-1(1);
 - (b) the definition of **parent** in subsection 995-1(1);
 - (c) the definition of **relative** in subsection 995-1(1);
 - (d) the definition of **spouse** in subsection 995-1(1).

Subdivision 960-M—Indexation

Guide to Subdivision 960-M

960-260 What this Subdivision is about

There are a number of provisions that require amounts to be indexed. This Subdivision shows you:

- how to index those amounts; and

Note: There are provisions of the *Income Tax Assessment Act 1936* dealing with indexation that have not yet been rewritten.

Operative provisions

960-270 Indexing amounts

- (1) Some provisions of this Act require amounts to be indexed. You index an amount by multiplying it by its *indexation factor.
- (2) You do not index the amount if its *indexation factor is 1 or less.
- (3) This section does not apply in relation to amounts mentioned in the provisions listed at items 8 to 12, or at item 14, in section 960-265.

Note: For the indexation of those amounts, see sections 960-285 and 960-290.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 960-275

960-275 Indexation factor

- (1) For indexation of amounts on an annual basis, the ***indexation factor*** is:

$$\frac{\text{Sum of the *index numbers for the *quarters in the year ending on 31 March just before the start of the relevant *financial year}}{\text{Sum of the *index numbers for the *quarters in the year ending on the previous 31 March}}$$

- (1A) However, for indexation of the amounts mentioned in the provisions listed at items 5, 6 and 7 in section 960-265, the ***indexation factor*** is:

$$\frac{\text{*Index number for the *quarter ending on 31 December just before the start of the relevant income year}}{\text{*Index number for the *quarter ending on the previous 31 December}}$$

- (2) For indexation of the *cost base of a *CGT asset (except the first element of the cost base of an asset covered by subsection (3)), the ***indexation factor*** for expenditure in an element of the cost base is:

$$\frac{\text{*Index number for the *quarter ending on 30 September 1999}}{\text{*Index number for the *quarter in which the expenditure was incurred}}$$

The expenditure can include giving property: see section 103-5.

Note 1: This rule does not apply to expenditure incurred after 11.45 am on 21 September 1999 or any expenditure relating to a CGT asset acquired after that time: see section 114-1.

Note 2: This rule applies even if you do not actually pay some of the expenditure until a later time (for example, under a contract to purchase an asset by instalments).

Note 3: There are rules affecting when the expenditure was incurred: see sections 114-15 and 114-20.

- (3) For indexation of the first element of the *cost base of a *CGT asset that is:
- (a) a *share in a company; or

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

(b) a unit in a unit trust;
the ***indexation factor*** for an amount in the first element of the *cost base of the asset that was paid to the company or trust at a time after it was *acquired is:

*Index number for the *quarter ending on 30 September 1999

*Index number for the *quarter in which the amount was paid

The payment can include giving property: see section 103-5.

Example: Peter acquires shares in a company. The shares are partly-paid, and the company makes a call on the shares. Peter sells the shares to Narina before he is liable to pay the call.

The amount Narina paid to Peter for the shares is indexed under subsection 960-275(2) from the quarter in which she incurred the expenditure to acquire the shares.

The amount Narina later pays for the call on the shares is indexed in accordance with subsection 960-275(3) from the quarter in which she made that later payment.

Note 1: This subsection does not apply to shares or units you acquired before 16 August 1989: see section 960-275 of the *Income Tax (Transitional Provisions) Act 1997*.

Note 2: This subsection does not apply to an amount paid after 11.45 am on 21 September 1999 or an amount paid in relation to a CGT asset acquired after that time: see section 114-1.

(4) However, you cannot index expenditure in the third element of the *cost base of a CGT asset (costs of ownership).

(5) You work out the *indexation factor to 3 decimal places (rounding up if the fourth decimal place is 5 or more).

Example: If the factor is 1.102795, it would be rounded up to 1.103.

(6) This section does not apply in relation to amounts mentioned in the provisions listed at items 8 to 12, or at item 14, in section 960-265.

Note: For the indexation of those amounts, see sections 960-285 and 960-290.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 960-280

960-280 *Index number*

- (1) In most cases, the ***index number*** for a *quarter is the All Groups Consumer Price Index number (being the weighted average of the 8 capital cities) first published by the Australian Statistician for the quarter.

Car limit

- (2) For calculating the *car limit, the ***index number*** for a *quarter is the index number for the motor vehicle purchase sub-group of the Consumer Price Index, being the weighted average of the 8 capital cities, first published by the Australian Statistician for the quarter.
- (3) If the Australian Statistician changes the index reference period for an *index number, only index numbers published in terms of the new index reference period are to be used after the change.

Genuine redundancy, early retirement schemes, pre-1 July 88 funding credits

- (4) For calculating the amounts mentioned in the provisions listed at items 5, 6 and 7 in section 960-265, the ***index number*** for a *quarter is the estimate of full-time adult average weekly ordinary time earnings for the middle month of the quarter first published by the Australian Statistician in respect of that month.
- (5) Subsection (3) does not apply to the index numbers mentioned in subsection (4).

Exceptions

- (6) This section does not apply in relation to amounts mentioned in the provisions listed at items 8 to 12, or at item 14, in section 960-265.

Note: For the indexation of those amounts, see sections 960-285 and 960-290.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

960-285 Indexation—superannuation and employment termination

- (1) This section applies in relation to the amounts listed at items 8 to 12 in section 960-265.

Indexing amounts

- (2) You index the amount by:
- (a) first, multiplying its base amount mentioned in subsection (3) by its *indexation factor mentioned in subsection (5); and
 - (b) next, rounding the result in paragraph (a) down to the nearest multiple of its *rounding amount.

Example 1: An amount of \$140,000 is to be indexed, with a rounding amount of \$5,000. If the indexation factor increases this to an indexed amount of \$143,000, the indexed amount is rounded back down to \$140,000.

Example 2: An amount of \$140,000 is to be indexed, with a rounding amount of \$5,000. If the indexation factor increases this to an indexed amount of \$146,000, the indexed amount is rounded down to \$145,000.

- (3) The amount (the **base amount**) for an amount to which this section applies is:
- (a) unless paragraph (b) applies—the amount for the 2007-2008 income year or *financial year; or
 - (b) if the amount is mentioned in item 9 or 10A in section 960-265—the amount for the 2017-2018 financial year.
- (4) You do not index the amount if the *indexation factor is 1 or less.

Indexation factor

- (5) For indexing an amount, its **indexation factor** is:

*Index number mentioned in subsection (7) for the *quarter
ending on 31 December just before the start of
the relevant income year or *financial year

*Index number mentioned in subsection (7) for the base quarter

where:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 960-290

base quarter means:

- (a) unless paragraph (b) applies—the quarter ending on 31 December 2006; or
 - (b) if the amount is mentioned in item 9 or 10A in section 960-265—the quarter ending on 31 December 2016.
- (6) You work out the *indexation factor mentioned in subsection (5) to 3 decimal places (rounding up if the fourth decimal place is 5 or more).

Index number and rounding amount

- (7) For indexing an amount to which this section applies:
- (a) the **index number** for a *quarter is set out in column 2 of the relevant item in the following table; and
 - (b) the **rounding amount** is set out in column 3 of that item.

Concepts for indexing rounded caps			
Item	Column 1 Item in section 960-265	Column 2 Index number	Column 3 Rounding amount
1	Items 8, 10, 11 and 12	the *index number mentioned in subsection 960-280(4) (which is about average weekly ordinary time earnings)	\$5,000
2	Item 9 (concessional contributions cap)	the *index number mentioned in subsection 960-280(4) (which is about average weekly ordinary time earnings)	\$2,500
3	Item 10A (general transfer balance cap)	the *index number mentioned in subsection 960-280(1) (which is about the CPI)	\$100,000

960-290 Indexation—levy threshold for the major bank levy

- (1) You index, on a *quarterly basis, the amount mentioned in the provision listed at item 14 in section 960-265 by:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (a) first, multiplying the amount by its *indexation factor mentioned in subsection (3); and
 - (b) next, rounding the result in paragraph (a) down to the nearest multiple of \$1,000,000.
- (2) You do not index the amount if the *indexation factor is 1 or less.
- (3) For indexation of the amount, the ***indexation factor*** is:

$$\frac{\text{GDP number for the preceding quarter}}{\text{GDP number for the base quarter}}$$

where:

GDP number for the base quarter is the estimate that is, at the end of the *quarter to which the indexation is to be applied, the estimate of the Gross Domestic Product: Current Prices-Seasonally Adjusted most recently published by the Australian Statistician for the *quarter ending on 30 June 2017.

GDP number for the preceding quarter is the estimate of the Gross Domestic Product: Current Prices-Seasonally Adjusted first published by the Australian Statistician for the *quarter preceding the quarter to which the indexation is to be applied.

- (4) You work out the *indexation factor mentioned in subsection (3) to 3 decimal places (rounding up if the fourth decimal place is 5 or more).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 960-400

Subdivision 960-S—Market value

Guide to Subdivision 960-S

960-400 What this Subdivision is about

The expression “market value” is often used in this Act with its ordinary meaning.

However, in some cases that expression has a meaning affected by this Subdivision.

The Commissioner may approve methods to use for working out the market value of assets or non-cash benefits.

Table of sections

Operative provisions

- 960-405 Effect of GST on market value of an asset
- 960-410 Market value of non-cash benefits
- 960-412 Working out market value using an approved method
- 960-415 Amounts that depend on market value

Operative provisions

960-405 Effect of GST on market value of an asset

- (1) The *market value* of an asset at a particular time is reduced by the amount of the *input tax credit (if any) to which you would be entitled assuming that:
 - (a) you had *acquired the asset at that time; and
 - (b) the acquisition had been solely for a *creditable purpose.
- (2) Subsection (1) does not apply:
 - (a) to an asset the *supply of which cannot be a *taxable supply;
 - or

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (b) in working out the *market value of economic benefits, or of *equity or loan interests, for the purposes of Part 3-95 (about value shifting).

Note: Some assets, such as shares, cannot be the subject of a taxable supply.

960-410 Market value of non-cash benefits

In working out the *market value* of a *non-cash benefit, disregard anything that would prevent or restrict conversion of the benefit to money.

960-412 Working out market value using an approved method

- (1) The *market value of an asset or *non-cash benefit that you work out using a method approved under subsection (2) for that kind of asset or benefit binds the Commissioner in relation to you.

Note: You do not have to use the method.

- (2) The Commissioner may, by legislative instrument, approve methods for working out the *market value of assets or *non-cash benefits. A method may include conditions.

Note 1: Different methods may be approved for different kinds of assets or non-cash benefits (see subsection 13(3) of the *Legislation Act 2003*).

Note 2: Any approved method would need to be consistent with the other rules about market value in this Subdivision.

960-415 Amounts that depend on market value

To avoid doubt, apply the rules in this Subdivision to the *market value component of any calculation that involves market value.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 960-500

Subdivision 960-T—Meaning of Australia

Guide to Subdivision 960-T

960-500 What this Subdivision is about

This Subdivision includes rules about the meaning of Australia when used in a geographical sense.

The ordinary meaning of Australia includes each State and internal Territory of Australia and their internal waters and any islands that are part of those State and Territories.

This Subdivision extends the ordinary meaning of Australia to include each external Territory of Australia (other than the Australian Antarctic Territory) and certain offshore areas and certain offshore installations.

Table of sections

Operative provisions

960-505 Meaning of Australia

Territories

- (1) ***Australia***, when used in a geographical sense, includes each of the following:
- (a) Norfolk Island;
 - (b) the Coral Sea Islands Territory;
 - (c) the Territory of Ashmore and Cartier Islands;
 - (d) the Territory of Christmas Island;
 - (e) the Territory of Cocos (Keeling) Islands;

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

(f) the Territory of Heard Island and the McDonald Islands.

Note: Section 15B of the *Acts Interpretation Act 1901* provides that an Act is taken to have effect in the coastal sea of Australia as if the coastal sea were part of Australia.

Offshore areas

(2) **Australia**, when used in a geographical sense, includes an offshore area for the purposes of the *Offshore Petroleum and Greenhouse Gas Storage Act 2006*.

Note 1: The offshore area includes all things located in that area, including all installations and structures such as oil and gas rigs. The area also extends to the airspace over, and the sea-bed and subsoil beneath, that area.

Note 2: The offshore area includes the exclusive economic zone and the continental shelf of Australia.

Subdivision 960-U—Significant global entities

Guide to Subdivision 960-U

960-550 What this Subdivision is about

Generally speaking, a significant global entity is:

- (a) a global parent entity with an annual global income of \$1 billion or more; or
- (b) any member of such a global parent entity's group.

Table of sections

Operative provisions

960-555	Meaning of <i>significant global entity</i>
960-560	Meaning of <i>global parent entity</i>
960-565	Meaning of <i>annual global income</i>
960-570	Meaning of <i>global financial statements</i>

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Operative provisions

960-555 Meaning of *significant global entity*

- (1) An entity is a *significant global entity* for a period if the entity is a *global parent entity:
 - (a) whose *annual global income for the period is \$1 billion or more; or
 - (b) in relation to whom the Commissioner makes a determination under subsection (3) for the period.
- (2) An entity is also a *significant global entity* for a period if:
 - (a) the entity is a member of a group of entities that are consolidated for accounting purposes as a single group; and
 - (b) one of the other members of the group is a *global parent entity:
 - (i) whose *annual global income for the period is \$1 billion or more; or
 - (ii) in relation to whom the Commissioner makes a determination under subsection (3) for the period.
- (3) The Commissioner may make a determination under this subsection in relation to a *global parent entity for a period if:
 - (a) *global financial statements have not been prepared for the entity for the period; and
 - (b) on the basis of the information available to the Commissioner, the Commissioner reasonably believes that, if such statements had been prepared for the period, the entity's *annual global income for the period would have been \$1 billion or more.

The Commissioner must give a notice of the determination to the global parent entity, or to another entity that becomes a *significant global entity as a result of the determination.
- (4) An entity who is dissatisfied with a determination made in relation to the entity may object against the determination in the manner set out in Part IVC of the *Taxation Administration Act 1953*.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

(5) However, if:

- (a) there has been a taxation objection (within the meaning of section 14ZL of the *Taxation Administration Act 1953*) against an *assessment relating to the entity; and
- (b) the assessment involved the application of section 177DA of the *Income Tax Assessment Act 1936* (schemes that limit a taxable presence in Australia) in relation to the entity;

the right of objection under subsection (4) of this section is unaffected, but the outcome of that objection has no effect on the assessment or on the outcome of the taxation objection.

Note: Section 14ZVA of the *Taxation Administration Act 1953* excludes from a taxation objection to an assessment any grounds (or potential grounds) for an objection to a determination under subsection (3) of this section.

(6) A determination under subsection (3) is not a legislative instrument.

(7) Section 175 of the *Income Tax Assessment Act 1936* (validity) applies to a determination under subsection (3) of this section in the same way as it applies to an *assessment.

960-560 Meaning of *global parent entity*

A ***global parent entity*** is an entity that, according to:

- (a) *accounting principles; or
- (b) if accounting principles do not apply in relation to the entity—commercially accepted principles relating to accounting;

is not controlled by another entity.

Note: A global parent entity may be a single entity that is not a member of a group of entities.

960-565 Meaning of *annual global income*

The ***annual global income*** of a *global parent entity for a period is:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 960-570

- (a) if the entity is a member of a group of entities that are consolidated for accounting purposes as a single group—the total annual income of all the members of the group; or
 - (b) otherwise—the total annual income of the entity;
- as shown in the latest *global financial statements for the entity for the period.

960-570 Meaning of *global financial statements*

Global financial statements for a *global parent entity for a period (the ***relevant period***) are the financial statements that:

- (a) have been prepared and audited in relation to that entity, or that entity and other entities, in accordance with:
 - (i) *accounting principles and *auditing principles; or
 - (ii) if such principles do not apply—commercially accepted principles, relating to accounting and auditing, that ensure the statements give a true and fair view of the financial position and performance of that entity (or that entity and the other entities on a consolidated basis); and
- (b) are for the most recent period ending:
 - (i) no later than the end of the relevant period; and
 - (ii) no earlier than 12 months before the start of the relevant period.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 961-5

Entitlement to the notional tax offset

961-5 Who is entitled to the notional tax offset

- (1) You are entitled to a notional tax offset for an income year if:
 - (a) you are an individual; and
 - (b) you are an Australian resident; and
 - (c) during the year you contribute to the maintenance of another individual (the *dependant*) who:
 - (i) is less than 25 years of age, and is a full-time student at a school, college or university; or
 - (ii) if subparagraph (i) does not apply—is less than 21 years of age; and
 - (d) during the year:
 - (i) the dependant is an Australian resident; or
 - (ii) you had a domicile in Australia.
- (2) You may be entitled to more than one notional tax offset for the year under subsection (1) if you contributed to the maintenance of more than one dependant during the year.

Note: The amount of the notional tax offset in relation to each subsequent dependant may only be part of the full amount: see subsection 961-15(1).

- (3) The notional tax offset only affects your income tax liability as provided for by sections 23AB, 79A and 79B of the *Income Tax Assessment Act 1936*.

Note: Section 23AB of that Act provides a tax offset for service with an armed force under the control of the United Nations; section 79A provides a tax offset for residents of isolated areas; section 79B provides a tax offset for members of the Defence Force who are serving overseas.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Amount of the notional tax offset

961-10 Amount of the dependant (non-student child under 21 or student) notional tax offset

- (1) The amount of the notional tax offset to which you are entitled in relation to a dependant under section 961-5 for an income year is \$376.
- (2) However, if you are entitled to 2 or more such notional tax offsets for the income year in relation to individuals covered by subparagraph 961-5(1)(c)(ii), the amount of the notional tax offset under section 961-5 is:
 - (a) in relation to the oldest of those individuals—\$376; and
 - (b) in relation to each of the others—\$282.

961-15 Reduced amounts of the dependant (non-student child under 21 or student) notional tax offset

- (1) The amount of the notional tax offset under section 961-10 is reduced by the amount in accordance with subsection (2) of this section if one or more of the following applies:
 - (a) paragraph 961-5(1)(c) applies during part only of the year;
 - (b) paragraph 961-5(1)(d) applies during part only of the year;
 - (c) during the whole or part of the year, 2 or more individuals contribute to the maintenance of the dependant;
 - (d) the dependant only meets the description of the individual covered by subparagraph 961-5(1)(c)(i) or (ii) for part of the year.
- (2) The amount of a notional tax offset is reduced to an amount that, in the Commissioner's opinion, is a reasonable apportionment in the circumstances, having regard to the applicable matters referred to in paragraphs (1)(a) to (d).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 961-20

961-20 Reductions to take account of the dependant's income

The amount of the notional tax offset under sections 961-10 and 961-15 in relation to the dependant for the year is reduced by \$1 for every \$4 by which the following exceeds \$282:

- (a) if you contribute to the maintenance of the dependant for the whole of the year—the dependant's *adjusted taxable income for offsets for the year;
- (b) if paragraph (a) does not apply—the dependant's adjusted taxable income for offsets for that part of the year during which you contribute to the dependant's maintenance.

Subdivision 961-B—Dependant (sole parent of a non-student child under 21 or student) notional tax offset

Guide to Subdivision 961-B

961-50 What this Subdivision is about

This Subdivision provides for a notional tax offset for an income year if you are the sole contributor to the maintenance of a non-student child or a student dependant. The notional tax offset can only be taken into account in working out certain tax offsets under the *Income Tax Assessment Act 1936*.

Operative provisions

961-55 Who is entitled to the notional tax offset

- (1) You are entitled to a notional tax offset for an income year if:
 - (a) during the year you have the sole care of another individual (the *dependant*) who:
 - (i) is less than 25 years of age, and is a full-time student at a school, college or university; or
 - (ii) if subparagraph (i) does not apply—is less than 21 years of age; and
 - (b) you are entitled to a notional tax offset under Subdivision 961-A for the dependant; and
 - (c) during the year you did *not* have a *spouse.
- (2) Paragraph (1)(c) does not apply if, in the opinion of the Commissioner, because of special circumstances, the paragraph should not apply.
- (3) The notional tax offset only affects your income tax liability as provided for by sections 79A and 79B of the *Income Tax Assessment Act 1936*.

Note: Section 79A of that Act provides a tax offset for residents of isolated areas; section 79B provides a tax offset for members of the Defence Force who are serving overseas.

961-60 Amount of the dependant (sole parent of a non-student child under 21 or student) notional tax offset

The amount of the notional tax offset to which you are entitled under section 961-55 for an income year is \$1,607.

Note: The amount of the offset under this section applies regardless of whether you have one or more dependants that satisfy section 961-55.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 961-65

961-65 Reductions to take account of change in circumstances

- (1) The amount of the notional tax offset under section 961-60 is reduced in accordance with subsection (2) if:
 - (a) paragraph 961-55(1)(a) applies during only part of the year;
or
 - (b) paragraph 961-55(1)(c) does not apply because of subsection 961-55(2).
- (2) The amount of the notional tax offset is reduced to an amount that, in the Commissioner's opinion, is a reasonable apportionment in the circumstances, having regard to the matters referred to in paragraphs (1)(a) and (b).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Subdivision 974-A—General

Guide to Division 974

974-1 What this Division is about

This Division tells you whether an interest is a debt interest, or an equity interest, for tax purposes. An interest that could be characterised as both a debt interest and an equity interest will be treated as a debt interest for tax purposes (except for certain interests that fund returns on equity interests).

Whether an interest is a debt interest or an equity interest matters because returns on debt interests are not frankable but may be deductible while returns on equity interests are not deductible but may be frankable.

This Division extends beyond shares the range of interests that are recognised as equity in a company. An interest that is an equity interest in a company but is not a share will be treated in the same way as a share for some tax purposes (particularly in relation to the determination of the tax treatment of returns on the interest).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-5

This Division also tells you how to work out which distributions made in respect of a non-share equity interest in a company will be non-share dividends and which will be non-share capital returns. Those that are non-share dividends will be treated, for most tax purposes, in the same way as dividends.

Table of sections

974-5 Overview of Division

Operative provisions

974-10 Object

974-5 Overview of Division

Test for distinguishing debt and equity interests

- (1) The test for distinguishing between debt interests and equity interests focuses on economic substance rather than mere legal form (see subsection 974-10(2)). The test is designed to assess the economic substance of an interest in terms of its impact on the issuer's position.

Debt interests

- (2) Subdivision 974-B tells you when an interest is a debt interest in an entity. The basic test is in section 974-20.

Equity interests

- (3) Subdivision 974-C tells you when an interest is an equity interest in a company. The basic test is in section 974-75.

Tie breaker between debt and equity

- (4) If an interest satisfies both the debt test and the equity test, it is treated as a debt interest and not an equity interest.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Distributions in relation to equity interests that are not shares

- (5) If you have an equity interest in a company that is not a share, Subdivision 974-E tells you what will count as a non-share distribution, a non-share dividend and a non-share capital return in relation to the interest.

Concepts used in the debt and equity tests

- (6) Subdivision 974-F defines a number of concepts that are used in the debt and equity tests (financing arrangement, effectively non-contingent obligation, benchmark rate of return and converting interest).

Operative provisions

974-10 Object

- (1) An object of this Division is to establish a test for determining for particular tax purposes whether a *scheme, or the combined operation of a number of schemes:
- (a) gives rise to a *debt interest; or
 - (b) gives rise to an *equity interest.

Note 1: The test is used, for example, for:

- (a) identifying distributions that may be frankable and which may be subject to dividend withholding tax; and
- (b) identifying returns that may be deductible to the company making the return; and
- (c) resolving uncertainty as to the proper tax treatment for debt/equity hybrid interests (interests that have some debt qualities and some equity qualities); and
- (d) identifying debt capital for the purposes of Division 820 (thin capitalisation rules).

Note 2: Subdivision 167-A has special rules for working out rights to dividends and capital distributions in a company whose shares do not all carry the same rights to those matters. Those rules include disregarding debt interests.

- (2) Another object of this Division is that the test referred to in subsection (1) is to operate on the basis of the economic substance

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-10

of the rights and obligations arising under the *scheme or schemes rather than merely on the basis of the legal form of the scheme or schemes.

Note 1: The basic indicator of the economic character of a debt interest is the non-contingent nature of the returns. The basic indicator of the economic character of an equity interest, on the other hand, is the contingent nature of the returns (or convertibility into an interest of that nature).

Note 2: The test is intended to operate, for example, to:

- (a) deny deductibility (but allow franking) for “interest” in relation to a scheme that has the legal form of a loan if the economic substance of the rights and obligations arising under the relevant scheme gives the interest characteristics that are the same as or similar to those of a dividend on an ordinary share (and thereby prevent deductible returns on equity); and
- (b) allow a deduction (but not franking) for a “dividend” in relation to a scheme that has the legal form of an ordinary share if the economic substance of the rights and obligations arising under the relevant scheme gives the dividend characteristics that are the same as or similar to those of deductible interest on an ordinary loan (and thereby prevent frankable returns on debt).

This will not happen if a provision in this Act specifically provides for a different treatment for the interest or dividend.

- (3) Another object of this Division is that the combined effect of *related schemes be taken into account in appropriate cases:
 - (a) to ensure that the test operates effectively on the basis of the economic substance of the rights and obligations arising under the schemes rather than merely on the basis of the legal form of the schemes; and
 - (b) to prevent the test being circumvented by entities merely entering into a number of separate schemes instead of a single scheme.
- (4) Another object of this Division is to identify the distributions and credits made in respect of *non-share equity interests in a company that are to be treated as *dividends (***non-share dividends***) and those that are to be treated as returns of capital (***non-share capital returns***).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-10

Note: Non-share dividends will generally be included in the recipient's assessable income and may be frankable.

- (5) The Commissioner must have regard to the objects stated in subsections (1) to (3) in exercising the power to make a determination under any of the following provisions:

- (a) subsection 974-15(4);
- (b) subsection 974-60(3), (4) or (5);
- (c) section 974-65;
- (d) subsection 974-70(4);
- (e) subsection 974-150(1).

Note: An entity can apply to the Commissioner to have a determination made and can object under Part IVC of the *Taxation Administration Act 1953* if it is dissatisfied with a determination (see section 974-112).

- (6) Regulations may also be made under the provisions of this Division:

- (a) to clarify the meaning of certain words and phrases in the light of emerging commercial practices, conditions and products; and
- (b) to give guidance on the detailed operation of particular provisions.

The regulations must be consistent with the objects stated in subsections (1) to (3).

- (7) Without limiting subsection 13(3) of the *Legislation Act 2003*, the regulations made for the purposes of this Division may specify different rules for different classes of circumstances.

974-15 Meaning of *debt interest*

Single scheme giving rise to debt interest

- (1) A * scheme gives rise to a ***debt interest*** in an entity if the scheme, when it comes into existence, satisfies the debt test in subsection 974-20(1) in relation to the entity.

Note 1: A debt interest can also arise under subsection (2) (related schemes) or section 974-65 (Commissioner's discretion).

Note 2: Section 974-55 defines various aspects of the debt interest that arises.

Related schemes giving rise to debt interest

- (2) Two or more *related schemes (the ***constituent schemes***) together give rise to a ***debt interest*** in an entity if:
- (a) the entity enters into, participates in or causes another entity to enter into or participate in the constituent schemes; and
 - (b) a scheme with the combined effect or operation of the constituent schemes (the ***notional scheme***) would satisfy the debt test in subsection 974-20(1) in relation to the entity if the notional scheme came into existence when the last of the constituent schemes came into existence; and
 - (c) it is reasonable to conclude that the entity intended, or knew that a party to the scheme or one of the schemes intended, the combined economic effects of the constituent schemes to be the same as, or similar to, the economic effects of a debt interest.

This is so whether or not the constituent schemes come into existence at the same time and even if none of the constituent

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-15

schemes would individually give rise to that or any other *debt interest.

Note: Section 974-105 explains the effect, for tax purposes, of actions taken under the schemes.

- (3) Subsection (2) does not apply if each of the *schemes individually gives rise to a *debt interest in the entity.
- (4) Two or more *related schemes do not give rise to a **debt interest** in an entity under subsection (2) if the Commissioner determines that it would be unreasonable to apply that subsection to those schemes.
- (5) Without limiting subsection 974-10(5), the Commissioner must, in exercising the power to make a determination under subsection (4), have regard to the following:
 - (a) the purpose of the *schemes (considered both individually and in combination);
 - (b) the effects of the schemes (considered both individually and in combination);
 - (c) the rights and obligations of the parties to the schemes (considered both individually and in combination);
 - (d) whether the schemes (when considered either individually or in combination) provide the basis for, or underpin, an interest issued to investors with the expectation that the interest can be assigned to other investors;
 - (e) whether the schemes (when considered either individually or in combination) comprise a set of rights and obligations issued to investors with the expectation that it can be assigned to other investors;
 - (f) any other relevant circumstances.
- (6) If:
 - (a) 2 or more *related schemes give rise to a *debt interest in an entity; and
 - (b) one or more of those schemes (the **hedging scheme or schemes**) are schemes for hedging or managing financial risk; and

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-20

- (c) the other scheme or schemes give rise to a debt interest in the entity even if the hedging scheme or schemes are disregarded;

the debt interest that arises from the schemes is taken, for the purposes of Division 820 (the thin capitalisation rules), not to include the hedging scheme or schemes.

Note: This means that in these circumstances the losses associated with the hedging scheme or schemes are not debt deductions under section 820-40.

974-20 The test for a debt interest

Satisfying the debt test

- (1) A *scheme satisfies the debt test in this subsection in relation to an entity if:
 - (a) the scheme is a *financing arrangement for the entity; and
 - (b) the entity, or a *connected entity of the entity, receives, or will receive, a *financial benefit or benefits under the scheme; and
 - (c) the entity has, or the entity and a connected entity of the entity each has, an *effectively non-contingent obligation under the scheme to provide a financial benefit or benefits to one or more entities after the time when:
 - (i) the financial benefit referred to in paragraph (b) is received if there is only one; or
 - (ii) the first of the financial benefits referred to in paragraph (b) is received if there are more than one; and
 - (d) it is substantially more likely than not that the value provided (worked out under subsection (2)) will be at least equal to the value received (worked out under subsection (3)); and
 - (e) the value provided (worked out under subsection (2)) and the value received (worked out under subsection (3)) are not both nil.

The scheme does not need to satisfy paragraph (a) if the entity is a company and the interest arising from the scheme is an interest

Section 974-20

covered by item 1 of the table in subsection 974-75(1) (interest as a member or stockholder of the company).

Note: Section 974-30 tells you when a financial benefit is taken to be provided to an entity.

(2) The ***value provided*** is:

- (a) the value of the *financial benefit to be provided under the *scheme by the entity or a *connected entity if there is only one; or
- (b) the sum of the values of all the financial benefits provided or to be provided under the scheme by the entity or a connected entity of the entity if there are 2 or more.

Note: Section 974-35 tells you how to value financial benefits.

(3) The ***value received*** is:

- (a) the value of the *financial benefit received, or to be received, under the *scheme by the entity or a *connected entity of the entity if there is only one; or
- (b) the sum of the values of all the financial benefits received, or to be received, under the scheme by the entity or a connected entity if there are 2 or more.

(4) For the purposes of paragraph (1)(b) and subsections (2) and (3):

- (a) a *financial benefit to be provided under the *scheme by the entity or a *connected entity is taken into account only if it is one that the entity or connected entity has an *effectively non-contingent obligation to provide; and
- (b) a financial benefit to be received under the scheme by the entity or a connected entity is taken into account only if it is one that another entity has an effectively non-contingent obligation to provide.

Multiple financial benefits

(5) Paragraphs (1)(b) and (c) apply to 2 or more *financial benefits whether they are provided at the same time or over a period of time.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-25

Regulations

- (6) The regulations:
- (a) may specify circumstances in which paragraph (1)(d) is satisfied or not satisfied; and
 - (b) may otherwise specify rules to be applied in determining whether or not paragraph (1)(d) is satisfied.

974-25 Exceptions to the debt test

Short term schemes

- (1) A *scheme does not satisfy the debt test in subsection 974-20(1) in relation to an entity if:
- (a) at least a substantial part of a *financial benefit mentioned in that subsection does not consist of either of the following or a combination of either of the following:
 - (i) a liquid or monetary asset;
 - (ii) an amount of money; and
 - (b) the scheme requires the financial benefit mentioned in paragraph 974-20(1)(c) to be provided within a period of no more than 100 days of the receipt of the first financial benefit mentioned in paragraph 974-20(1)(b); and
 - (c) the financial benefit mentioned in paragraph 974-20(1)(c):
 - (i) is in fact provided within that period; or
 - (ii) is not provided within that period because the entity required to provide the benefit neglects to provide the benefit within that period (although willing to do so); or
 - (iii) is not provided within that period because the entity required to provide the benefit is unable to provide the benefit within that period (although willing to do so); and
 - (d) the scheme is not one of a number of *related schemes that together are taken to give rise to a *debt interest under subsection 974-15(2).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Regulations

- (2) The regulations may make provision in relation to the application or operation of subsection (1). Without limiting this, the regulations may:
- (a) specify what constitutes a substantial part of a *financial benefit for the purposes of paragraph (1)(a); or
 - (b) specify a period to be substituted for the period referred to in paragraph (1)(b).

974-30 Providing a financial benefit

Issue of equity interest

- (1) The following do not constitute the provision of a *financial benefit by an entity or a *connected entity of the entity:
- (a) the issue of an *equity interest in the entity or a connected entity of the entity; or
 - (b) an amount that is to be applied in respect of the issue of an equity interest in the entity or a connected entity of the entity.

Providing a financial benefit to an entity

- (2) A *financial benefit is taken to be provided to an entity if it is provided:
- (a) to the entity; or
 - (b) on the entity's behalf; or
 - (c) for the entity's benefit.

Obligation to provide future financial benefit

- (3) For the avoidance of doubt, if you have a present obligation to provide a *financial benefit to an entity at some time in the future:
- (a) the financial benefit is taken to be a financial benefit to be provided in the future; and
 - (b) the obligation to provide the financial benefit is taken not to be a financial benefit being provided at the present.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-35

974-35 Valuation of financial benefits—general rules

Value in nominal terms or present value terms

- (1) For the purposes of this Subdivision:
 - (a) the value of a *financial benefit received or provided under a *scheme is its value calculated:
 - (i) in nominal terms if the performance period (see subsection (3)) must end no later than 10 years after the interest arising from the scheme is issued; or
 - (ii) in present value terms (see section 974-50) if the performance period must or may end more than 10 years after the interest arising from the scheme is issued; and
 - (b) the regulations may make provisions relating to the valuation of a financial benefit.

Assume scheme runs its full term

- (2) The value of a *financial benefit received or provided under a *scheme is calculated assuming that the interest arising from the scheme will continue to be held for the rest of its life.

Note 1: Section 974-40 makes specific provision for cases in which there is a right or option to terminate the interest early.

Note 2: Section 974-45 makes specific provision for cases involving convertible interests.

Performance period

- (3) The **performance period** is the period within which, under the terms on which the interest is issued, the *effectively non-contingent obligations of the issuer, and any *connected entity of the issuer, to provide a *financial benefit in relation to the interest have to be met.
- (4) An obligation is treated as having to be met within 10 years after the interest is issued if:
 - (a) the issuer; or

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

(b) the *connected entity of the issuer;
has an *effectively non-contingent obligation to terminate the interest within that 10 year period even if the terms on which the interest is issued formally allow the obligation to continue after the end of that 10 year period.

Benefit dependent on variable factor

- (5) If:
- (a) a *financial benefit received or provided in respect of an interest depends on a factor that may vary over time (such as a variable interest rate); and
 - (b) that factor is one commonly used in commercial arrangements; and
 - (c) it would be unreasonable to expect any of the parties to the *scheme to know, or to anticipate accurately, the future value of that factor; and
 - (d) that factor has a particular value (the **starting value**) when the scheme is entered into;
- the value of the financial benefit is calculated assuming that the factor's value will retain the starting value for the whole of the life of the scheme.

Note: For example, the value of a return based on a floating interest rate is calculated on the basis that the interest rate remains the interest rate that is applicable when the scheme is entered into.

Scheme wholly in foreign currency etc.

- (6) If all the *financial benefits provided and received under a *scheme are denominated in a particular foreign currency or in terms of quantities of a particular commodity or other unit of account, they are not to be converted into Australian currency for the purpose of comparing their relative values for the purposes of this Subdivision.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-40

974-40 Valuation of financial benefits—rights and options to terminate early

- (1) This section deals with the situation in which a party to a *scheme has a right or option to terminate the scheme early (whether by discharging an obligation early, converting the interest arising from the scheme into another interest or otherwise).

Note 1: An example of terminating a scheme early by discharging an obligation early is terminating a loan by discharging the obligation to repay the principal (and any outstanding interest) early.

Note 2: In certain circumstances, conversion of an interest into another interest can terminate its life (see section 974-45).

- (2) The existence of the right or option is to be disregarded in working out the length of the life of the interest arising from the *scheme for the purposes of this Subdivision if the party does not have an *effectively non-contingent obligation to exercise the right or option.
- (3) If the party does have an *effectively non-contingent obligation to exercise the right or option, the life of the interest ends at the earliest time at which the party will have to exercise the right or option.
- (4) This section does not limit subsection 974-35(2).

974-45 Valuation of financial benefits—convertible interests

- (1) This section deals with the situation in which a *scheme gives rise to an *interest that will or may convert into an *equity interest in a company.
- (2) The life of the interest ends no later than the time when it converts into that *equity interest.
- (3) The possibility of the conversion is to be disregarded in working out the length of the life of the interest arising from the *scheme for the purposes of section 974-35 if it is uncertain:
- (a) whether the interest will ever convert; or

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

(b) when the interest will convert.

Note: Section 974-40 deals with the situation in which a party to the scheme may exercise a right or option to convert the interest.

(4) This section does not limit subsection 974-35(2).

974-50 Valuation of financial benefits—value in present value terms

- (1) Subject to the regulations made for the purposes of subsection (5), the value in present value terms of a *financial benefit to be provided or received in respect of an interest (the **test interest**) is calculated under subsection (4).
- (2) If you need to calculate the values in present value terms of a number of *financial benefits, the value of each financial benefit is to be calculated separately.
- (3) The value of a *financial benefit is to be calculated assuming that all amounts to be paid by an entity in respect of the test interest are paid at the earliest time when the entity becomes liable to pay them.
- (4) The value of a *financial benefit in present value terms is:

$$\frac{\text{Amount or value of *financial benefit in nominal terms}}{[1 + \text{Adjusted benchmark rate of return}]^n}$$

where:

adjusted benchmark rate of return is 75% of the *benchmark rate of return on the test interest.

n is the number of years in the period starting on the day on which the test interest is issued and ending on the day on which the *financial benefit is to be provided. If the period includes a part of a year, that part is to be expressed as the fraction:

$$\frac{\text{Number of days in that period}}{\text{Number of days in the year}}$$

year means a period of 12 months.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-55

- (5) The regulations may provide for the method of calculating the value in present value terms of a *financial benefit.
- (6) Without limiting subsection (5), the regulations may:
 - (a) provide for an entirely different method of calculating the present value of the *financial benefit; or
 - (b) specify the adjusted *benchmark rate of return; or
 - (c) provide for a different method of determining the adjusted benchmark rate of return; or
 - (d) specify rules for determining whether a *debt interest is an *ordinary debt interest.

974-55 The debt interest and its issue

- (1) If a *scheme, or 2 or more *related schemes, give rise to a *debt interest in an entity, the debt interest:
 - (a) consists of the interest that carries the right to receive a *financial benefit that the entity or a *connected entity has an *effectively non-contingent obligation to provide under the scheme or any of the schemes; and
 - (b) is taken, subject to section 974-60, to be a debt interest in the entity; and
 - (c) is taken to be issued by the entity; and
 - (d) is **issued** when the entity (or a connected entity of the entity) first receives a *financial benefit under the scheme or any of the schemes; and
 - (e) is **on issue** while an effectively non-contingent obligation of the entity (or a connected entity of the entity) to provide a financial benefit under the scheme or any of the schemes remains unfulfilled.
- (2) The interest referred to in paragraph (1)(a) may take the form of a proprietary right, a chose in action or any other form.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

974-60 Debt interest arising out of obligations owed by a number of entities

- (1) This section deals with the situation in which a *scheme, or a number of *related schemes together, would, apart from this section, give rise to the same *debt interest in 2 or more entities.

Note: A scheme may give rise to the same debt interest in 2 or more entities if each of those entities has non-contingent obligations to provide financial benefits under the scheme.

- (2) The *debt interest:
- (a) is a debt interest in the entity identified under subsection (3) or (4); and
 - (b) is not a debt interest in the other entity or entities.
- (3) The *debt interest is a debt interest in the entity identified using the following method statement:

Method statement

- Step 1. Work out, for each of the entities, the total value of the *financial benefits that the entity is under an *effectively non-contingent obligation to provide under the *scheme or schemes: this is the entity's **obligation value**.
- Step 2. The *debt interest is taken to be a debt interest in the entity with the greatest obligation value.
- Step 3. If it is not possible to determine which entity has the greatest obligation value (whether because of an equality of, or uncertainty as to, obligation values or otherwise), the *debt interest is taken to be a debt interest in the entity agreed on by all the entities.
- Step 4. If the entities do not agree, the interest is taken to be a *debt interest in the entity determined by the Commissioner.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-65

- (4) Despite subsection (3), the Commissioner may determine that the *debt interest is a debt interest in the entity specified in the determination.
- (5) The Commissioner may make the determination only if satisfied, having regard to the economic substance of the relevant transactions, that the *debt interest is properly considered from a commercial point of view to be an interest in the entity specified in the determination.

974-65 Commissioner's power

- (1) Despite subsection 974-20(1) (the debt test), the Commissioner may determine that a *scheme gives rise to a **debt interest** in an entity if the Commissioner considers that:
 - (a) the scheme would satisfy paragraphs 974-20(1)(a), (b), (c) and (e); but
 - (b) instead of satisfying paragraph 974-20(1)(d), the scheme would satisfy all the following subparagraphs:
 - (i) it is substantially more likely than not that the value of the *financial benefit to be provided by the entity (or a *connected entity of the entity) under the *effectively non-contingent obligation will be at least equal to the substantial part of the value of the financial benefit received or to be received by the entity (or its connected entity) under the scheme;
 - (ii) it is substantially more likely than not that other financial benefits will be provided by the entity (or its connected entity) to one or more entities under the scheme;
 - (iii) it is substantially more likely than not that the sum of the values of the financial benefits mentioned in subparagraphs (i) and (ii) will be at least equal to the value of the financial benefit received by the entity (or its connected entity) under the scheme.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-70

- (2) In making the determination, the Commissioner must have regard to the following:
- (a) the difference between the value of the *financial benefit received and the value of the financial benefit to be provided under the *effectively non-contingent obligation;
 - (b) the degree of likelihood of other financial benefits being provided under the *scheme;
 - (c) the degree of likelihood of the sum of the value of the financial benefits mentioned in subparagraphs (1)(b)(i) and (ii) being equal to or greater than the value of the financial benefit received under the scheme;
 - (d) the particular circumstances surrounding the scheme (including circumstances of the parties to the scheme and their purposes for entering into the scheme).
- (3) If the Commissioner determines under this section that a *scheme gives rise to a *debt interest, the scheme has that effect for all purposes of this Division.

Subdivision 974-C—Equity interests in companies

Table of sections

974-70	Meaning of <i>equity interest</i> in a company
974-75	The test for an equity interest
974-80	Equity interest arising from arrangement funding return through connected entities
974-85	Right or return contingent on aspects of economic performance
974-90	Right or return at discretion of company or connected entity
974-95	The equity interest

974-70 Meaning of *equity interest* in a company

Scheme giving rise to equity interest

- (1) A *scheme gives rise to an ***equity interest*** in a company if, when the scheme comes into existence:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-70

- (a) the scheme satisfies the equity test in subsection 974-75(1) in relation to the company because of the existence of an interest; and
- (b) the interest is not characterised as, and does not form part of a larger interest that is characterised as, a *debt interest in the company, or a *connected entity of the company, under Subdivision 974-B.

Note 1: An equity interest can also arise under subsection (2) if a notional scheme with the combined effect of a number of related schemes would give rise to an equity interest under this subsection. To do this, the notional scheme would need to satisfy paragraph (b). This means that the related schemes will not give rise to an equity interest if the notional scheme would be characterised as (or form part of a larger interest that would be characterised as) a debt interest in the company or a connected entity.

Note 2: An equity interest can also arise under section 974-80 (arrangements for funding return through connected entities).

Note 3: Section 974-95 defines various aspects of the equity interest that arises.

Related schemes giving rise to equity interest

- (2) Two or more *related schemes (the **constituent schemes**) are taken together to give rise to an **equity interest** in a company if:
 - (a) the company enters into, participates in or causes another entity to enter into or participate in the constituent schemes; and
 - (b) a scheme with the combined effect or operation of the constituent schemes (the **notional scheme**) would give rise to an *equity interest in the company under subsection (1) if the notional scheme came into existence when the last of the constituent schemes came into existence; and
 - (c) it is reasonable to conclude that the company intended, or knew that a party to the scheme or one of the schemes intended, the combined economic effects of the constituent schemes to be the same as, or similar to, the economic effects of an equity interest.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-70

This is so whether or not the constituent schemes come into existence at the same time and even if none of the constituent schemes would individually give rise to that or any other equity interest.

Note: Section 974-105 explains the effect, for tax purposes, of actions taken under the schemes.

- (3) Subsection (2) does not apply if each of the constituent *schemes individually gives rise to an *equity interest in the company.
- (4) Two or more related *schemes do not give rise to an *equity interest in a company under subsection (2) if the Commissioner determines that it would be unreasonable to apply that subsection to those schemes.
- (5) Without limiting subsection 974-10(5), the Commissioner must, in exercising the power to make a determination under subsection (4), have regard to the following:
 - (a) the purpose of the *schemes (considered both individually and in combination);
 - (b) the effects of the schemes (considered both individually and in combination);
 - (c) the rights and obligations of the parties to the schemes (considered both individually and in combination);
 - (d) whether the schemes (when considered either individually or in combination) provide the basis for, or underpin, an interest issued to investors with the expectation that the interest can be assigned to other investors;
 - (e) whether the schemes (when considered either individually or in combination) comprise a set of rights and obligations issued to investors with the expectation that it can be assigned to other investors;
 - (f) any other relevant circumstances.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-75

974-75 The test for an equity interest

Basic test for equity interest

- (1) A *scheme satisfies the equity test in this subsection in relation to a company if it gives rise to an interest set out in the following table:

Equity interests	
Item	Interest
1	An interest in the company as a member or stockholder of the company.
2	<p>An interest that carries a right to a variable or fixed return from the company if either the right itself, or the amount of the return, is in substance or effect *contingent on aspects of the economic performance (whether past, current or future) of:</p> <p>(a) the company; or</p> <p>(b) a part of the company's activities; or</p> <p>(c) a *connected entity of the company or a part of the activities of a connected entity of the company.</p> <p>The return may be a return of an amount invested in the interest.</p>
3	<p>An interest that carries a right to a variable or fixed return from the company if either the right itself, or the amount of the return, is at the discretion of:</p> <p>(a) the company; or</p> <p>(b) a *connected entity of the company.</p> <p>The return may be a return of an amount invested in the interest.</p>
4	<p>An interest issued by the company that:</p> <p>(a) gives its holder (or a *connected entity of the holder) a right to be issued with an *equity interest in the company or a *connected entity of the company; or</p> <p>(b) is an *interest that will, or may, convert into an equity interest in the company or a connected entity of the company.</p>

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-75

This subsection has effect subject to subsection (2) (requirement for financing arrangement).

Note: Section 974-90 allows regulations to be made clarifying when a right or return is taken to be at discretion of a company or connected entity.

Financing arrangement

- (2) A *scheme that would otherwise give rise to an *equity interest in a company because of an item in the table in subsection (1) (other than item 1) does not give rise to an equity interest in the company unless the scheme is a *financing arrangement for the company.

Form interest may take

- (3) The interest referred to in item 2, 3 or 4 in the table in subsection (1) may take the form of a proprietary right, a chose in action or any other form.

Exception for certain at call loans—until 30 June 2005

- (4) If:
- (a) a *financing arrangement takes the form of a loan to a company by a *connected entity; and
 - (b) the loan does not have a fixed term; and
 - (c) either:
 - (i) the loan is repayable on demand made by the connected entity, and repayment is required immediately on the making of the demand, or is required at the end of a particular period after the demand is made (being a period that is not longer than is reasonably necessary to arrange repayment); or
 - (ii) the loan is repayable on the death of the connected entity (if the connected entity is an individual); and
 - (d) the arrangement was entered into on or before 30 June 2005; the arrangement does not give rise to an **equity interest** in the company. Instead, the arrangement is taken, despite anything in

Section 974-75

Subdivision 974-B, to give rise to a **debt interest** in the company.
This subsection ceases to have effect on 1 July 2005.

Note: If this subsection ceases to have effect in relation to an interest that is, according to the other provisions of this Division, an equity interest immediately after the cessation, an adjustment to the company's non-share capital account will occur at that time (see subsection 164-15(2)).

- (5) If, while subsection (4) applies to a *financing arrangement, a circumstance occurs that would otherwise have attracted the operation of subsection 974-110(1) or (2) in relation to the arrangement:
- (a) that subsection of section 974-110 does not apply to change the result that subsection (4) of this section produces in relation to the arrangement; but
 - (b) for the purpose of applying this Division in relation to the arrangement after subsection (4) of this section has ceased to have effect, that subsection of section 974-110 is taken to have produced the result that it would have produced if subsection (4) of this section had not applied to the arrangement.

Further exception for certain related party at call loans

- (6) In applying this Division in relation to a particular *scheme and a particular income year (which may be the income year in which the scheme is entered into or a later income year), the scheme is taken not to give rise to an **equity interest** in a company, and instead to give rise to a **debt interest** in the company, if:
- (a) the scheme takes the form of a loan to the company that satisfies paragraphs (4)(a), (b) and (c); and
 - (b) the company's *GST turnover (worked out at the end of the income year) is less than \$20,000,000.

Note: If this subsection does not apply in relation to the previous income year or the next income year, and the scheme gives rise to an equity interest according to the other provisions of this Division, an adjustment to the company's non-share capital account will occur at the end of the previous income year or the start of the next income year (see subsections 164-15(2) and 164-20(3)).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (7) For the purpose of paragraph (6)(b), the question whether a company's *GST turnover (worked out at the end of an income year) is less than \$20,000,000 is to be determined in accordance with subsection 188-10(2) of the *GST Act, as if that amount of \$20,000,000 were a turnover threshold for the purposes of that subsection of the GST Act.

974-80 Equity interest arising from arrangement funding return through connected entities

- (1) This section deals with the situation in which:
- (a) an interest carries a right to a variable or fixed return from a company; and
 - (b) the interest is held by a *connected entity of the company; and
 - (c) apart from this section, the interest would not be an *equity interest in the company; and
 - (ca) the *scheme that gives rise to the interest is a *financing arrangement for the company; and
 - (d) there is a scheme, or a series of schemes, designed to operate so that the return to the connected entity is to be used to fund (directly or indirectly) a return to another person (the *ultimate recipient*).
- (2) The interest is an *equity interest* in the company if:
- (a) the amount of the return to the ultimate recipient is in substance or effect *contingent on aspects of the economic performance (whether past, current or future) of:
 - (i) the company; or
 - (ii) a part of the company's activities; or
 - (iii) a *connected entity of the company or a part of the activities of a connected entity of the company; or
 - (b) either the right itself, or the amount of the return to the ultimate recipient, is at the discretion of:
 - (i) the company; or
 - (ii) a connected entity of the company; or

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-80

- (c) the interest in respect of which the return to the ultimate recipient is made or another interest that arises from the scheme, or any of the schemes, referred to in paragraph (1)(d):
 - (i) gives the ultimate recipient (or a connected entity of the ultimate recipient) a right to be issued with an *equity interest in the company or a connected entity of the company; or
 - (ii) is an *interest that will, or may, convert into an equity interest in the company or a connected entity of the company;

and if the interest does not form part of a larger interest that is characterised as a *debt interest in the entity in which it is held, or a *connected entity, under Subdivision 974-B. The return may be a return of an amount invested in the interest.

Note 1: Section 974-90 allows regulations to be made clarifying when a right or return is taken to be at the discretion of a company or connected entity.

Note 2: Paragraphs (a), (b) and (c) parallel items 2, 3 and 4 of the table in subsection 974-75(1).

Example: Company A, Company B1, Company B2 and Company B3 are connected entities.

Company B1 operates Trust Fund C. An interest in Trust Fund C is issued to person H and the return on that interest is contingent on aspects of the economic performance of Company A.

Trust Fund C lends the money paid by H for the purchase of the interest to Company B1 which lends the money to Company B2 which lends the money to Company B3 which lends the money to Company A.

Under the arrangements under which the interest is issued and the loans made, payments of interest by Company A on the loan that Company B3 makes to Company A are intended to pass back through Company B2 and Company B1 to fund the return on H's interest in Trust Fund C.

Under subsection (2), Company B3 will have an equity interest in Company A. If the return to Company B3 were itself contingent on Company A's performance, Company B3's interest would be an

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

equity interest in Company A under item 2 of the table in subsection 974-75(1) (and not under subsection (2) of this section).

Company B2 has an equity interest in Company B3 and Company B1 has an equity interest in Company B2. This is because the returns they get are intended to fund the return on H's interest in Trust Fund C and that return is contingent on aspects of the economic performance of Company A (which is related to both Company B3 and Company B2).

- (3) The interest referred to in paragraph (1)(a) or (2)(c) may take the form of a proprietary right, a chose in action or any other form.

974-85 Right or return contingent on aspects of economic performance

- (1) A right, or the amount of a return, is *contingent on aspects of the economic performance* of an entity, or a part of the entity's activities, if the right or return is contingent on the economic performance of that entity, or that part of those activities, but not solely because of one of the following:
- (a) the ability or willingness of an entity to meet the obligation to satisfy the right to the return;
 - (b) the receipts or turnover of the entity or the turnover generated by those activities.
- (2) The regulations may specify circumstances in which a right or return is to be taken to be contingent, or not contingent, on aspects of the economic performance of an entity or a part of an entity's activities.
- (3) The regulations may provide that paragraph (1)(b) does not apply in the circumstances specified in the regulations.
- (4) The regulations may provide that an interest that:
- (a) is covered by item 2 in the table in subsection 974-75(1) or paragraph 974-80(2)(a); and
 - (b) arises in the circumstances specified in the regulations;
- is not an *equity interest* because of:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-90

- (c) the limited extent to which the right or return that the interest carries is *contingent on aspects of the economic performance of an entity or a part of the entity's activities; or
- (d) the practical insignificance of the right or return that the interest carries being contingent on that performance.

974-90 Right or return at discretion of company or connected entity

The regulations may specify circumstances in which a right, or the amount of a return, is to be taken to be *at the discretion* of a company or a *connected entity of the company.

974-95 The equity interest

- (1) If a *scheme gives rise to an *equity interest in a company because of an item of the table in subsection 974-75(1), the equity interest consists of the interest referred to in that item.
- (2) If 2 or more *related schemes give rise to an *equity interest in a company because of an item of the table in subsection 974-75(1), the equity interest consists of the combination of interests under the schemes that satisfy the requirements of that item.
- (3) Subsection 974-80(2) also provides that certain interests are *equity interests in a company.
- (4) If the returns on a *non-share equity interest in a company are payable to 2 or more entities:
 - (a) each entity is taken to be the holder of a non-share equity interest in the company; and
 - (b) each entity's non-share equity interest consists of the interests that:
 - (i) constitute the non-share equity interest; and
 - (ii) are held by that entity.
- (5) The company in which an *equity interest exists is taken to be the issuer of the interest.

Subdivision 974-D—Common provisions

Table of sections

974-100	Treatment of convertible and converting interests
974-105	Effect of action taken in relation to interest arising from related schemes
974-110	Effect of material change
974-112	Determinations by Commissioner

974-100 Treatment of convertible and converting interests

- (1) If a *debt interest is an *interest that will or may convert into an *equity interest, the conversion is taken, for the purposes of this Division to give rise to a new interest (and is not treated merely as a continuation of the debt interest).
- (2) If an *equity interest is an *interest that will or may convert into a *debt interest, the conversion is taken, for the purposes of this Division to give rise to a new interest (and is not treated merely as a continuation of the equity interest).

974-105 Effect of action taken in relation to interest arising from related schemes

- (1) If:
 - (a) a *scheme, or schemes, give rise to a *debt interest in an entity or an *equity interest in a company; and
 - (b) the entity or company pays a return, or undertakes any other transaction, in respect of any of the following (the **component element**):
 - (i) the scheme; or
 - (ii) a part of the scheme; or
 - (iii) one of those schemes; or
 - (iv) a part of one of those schemes;then, for the purposes of the provisions that subsection (2) covers, the return is taken to be paid, or the transaction to have been

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-110

undertaken, in respect of the debt interest or equity interest and not in respect of the component element.

Example: Company A issues a convertible note to Company B. Company C, a connected entity of Company B, provides a binding collateral undertaking to Company A that Company B will exercise the option to convert the note into shares in Company A. The convertible note and the undertaking are related schemes that may give rise to an equity interest in Company A if their combined effect satisfies section 974-70. If so, the returns on the note are taken to be returns in respect of the equity interest.

- (2) This subsection covers:
- (a) the provisions of this Division (other than this section); and
 - (b) any other provision of this Act whose operation depends on an expression whose meaning is given by this Division.

974-110 Effect of material change

Change to existing scheme—general rule

- (1) If:
- (a) a *scheme or schemes give rise to a *debt interest (or an *equity interest) in a company; and
 - (b) the scheme, or one or more of the schemes, are subsequently changed, including where one or more (but not all) of the schemes cease to exist; and
 - (c) the scheme or schemes as they exist immediately after the change would give rise to an equity interest (or a debt interest) in the company if they came into existence when the change occurred; and
 - (d) subsection (1A) does not apply to the change;
- this Division applies after the change as if the scheme or schemes as they exist immediately after the change came into existence when the change occurred.

Note 1: This will mean that the characterisation of the interest will change at that time.

Note 2: This section can apply to an interest a number of times so that, for example, an interest that is equity when issued may change to debt

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-110

because of one subsequent change and then back to equity because of a later change.

Note 3: There will be an adjustment to the company's non-share capital account when the change occurs (see subsections 164-15(2) and 164-20(3)).

Change to existing scheme—special rule for changing a related party at call etc. loan to a private company from equity to debt

(1A) If:

- (a) a *scheme takes the form of a loan that satisfies paragraphs 974-75(4)(a), (b) and (c); and
- (b) the scheme gives rise to an *equity interest (disregarding the effect this subsection has on the characterisation of the interest because of the change referred to in paragraph (c) of this subsection); and
- (c) the scheme is subsequently changed; and
- (d) the change occurs in the period starting immediately after the end of a particular income year (the **year of effect**) and ending at the end of the earlier of the following days:
 - (i) the due date for lodgment of the company's *income tax return for the year of effect;
 - (ii) the date of lodgment of the company's income tax return for the year of effect; and
- (e) the scheme, as it exists immediately after the change, would give rise to a *debt interest in the company if the interest came into existence when the change occurred; and
- (f) the company is a *private company in relation to the year of effect; and
- (g) subsection 974-75(6) does not apply in relation to the loan and the year of effect; and
- (h) the company elects that this subsection is to apply to the change;

this Division applies as if the scheme, as it exists immediately after the change, had come into existence at the start of the year of effect, and as if no other change of a kind referred to in subsection (1) had occurred in relation to the interest in the period

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-110

commencing at the start of the year of effect and ending when the first-mentioned change was made.

Note 1: This will mean that:

- (a) the characterisation of the interest will change, with effect back to the start of the year of effect; and
- (b) that characterisation will not be affected by other changes that occurred after the start of the year of effect and before the change to which this subsection applies.

Note 2: This section can apply to an interest a number of times so that, for example, an interest that is an equity interest when issued may change to debt because of one subsequent change and then back to equity because of a later change.

Note 3: An adjustment to the company's non-share capital account will be taken to have occurred at the start of the year of effect (see subsection 164-20(3)).

(1B) An election for the purposes of paragraph (1A)(h):

- (a) must be in writing; and
- (b) can only be made in the period referred to in paragraph (1A)(d); and
- (c) cannot be revoked.

Entering into a new related scheme

(2) If:

- (a) a *scheme or schemes give rise to a *debt interest (or an *equity interest) in a company; and
- (b) the company subsequently enters into, participates in or causes another entity to enter into or participate in a new *related scheme; and
- (c) the scheme or schemes, together with:
 - (i) the new related scheme; and
 - (ii) any other related scheme that the entity (or company) enters into, participates in or causes another entity to enter into or participate in before the new related scheme is entered into;

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-112

would give rise to an equity interest (or a debt interest) in the company if they all came into existence when the new related scheme is entered into;

this Division applies after the new related scheme is entered into as if all the schemes referred to in paragraph (c) had come into existence when the new related scheme is entered into.

Note 1: This will mean that the characterisation of the interest will change at that time.

Note 2: This section can apply to an interest a number of times so that, for example, an interest that is equity when issued may change to debt because of one subsequent change and then back to equity because of a later change.

Note 3: There will be an adjustment to the company's non-share capital account when the change occurs (see subsections 164-15(2) and 164-20(3)).

All prior changes to be taken into account

- (3) In applying paragraphs (1)(c), (1A)(e) and (2)(c) to the *scheme or schemes, take into account:
- (a) all changes to the scheme or schemes that occur before the change or before the new related scheme is entered into; and
 - (b) all *related schemes entered into before the change or before the new related scheme is entered into; and
 - (c) all changes to related schemes referred to in paragraph (b) that occur before the change or before the new related scheme is entered into.

974-112 Determinations by Commissioner

Determinations covered by this section

- (1) This section covers a determination by the Commissioner under any of the following provisions:
- (a) subsection 974-15(4);
 - (b) subsection 974-60(3), (4) or (5);
 - (c) section 974-65;

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-112

- (d) subsection 974-70(4);
- (e) subsection 974-150(1).

Determination on own initiative or on application

- (2) The Commissioner may make a determination covered by this section:
 - (a) on his or her own initiative; or
 - (b) on an application made under subsection (3).

Application for determination

- (3) An entity may apply to the Commissioner for a determination covered by this section in relation to:
 - (a) an interest of which the entity is the issuer; or
 - (b) an interest of which the entity would be the issuer:
 - (i) if the determination were made; or
 - (ii) if the determination were not made.

Note: Paragraph (b) may apply, for example, if the effect of the determination applied for would be to allow, or to prevent, a number of related schemes giving rise to a debt interest or an equity interest.

- (4) The application:
 - (a) must be in writing; and
 - (b) must set out the grounds on which the applicant thinks the determination should be made; and
 - (c) must set out any information relevant to deciding whether to make the determination.

Review of determinations

- (5) A taxpayer who is dissatisfied with a determination covered by this section may object against the determination in the manner set out in Part IVC of the *Taxation Administration Act 1953*.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Subdivision 974-E—Non-share distributions by a company

Table of sections

974-115	Meaning of <i>non-share distribution</i>
974-120	Meaning of <i>non-share dividend</i>
974-125	Meaning of <i>non-share capital return</i>

974-115 Meaning of *non-share distribution*

A company makes a ***non-share distribution*** to you if:

- (a) you hold a *non-share equity interest in the company; and
- (b) the company:
 - (i) distributes money to you; or
 - (ii) distributes other property to you; or
 - (iii) credits an amount to you;as the holder of that interest.

974-120 Meaning of *non-share dividend*

- (1) Subject to subsection (2), all *non-share distributions are ***non-share dividends***.
- (2) A *non-share distribution is not a ***non-share dividend*** to the extent to which the company debits the distribution against:
 - (a) the company's *non-share capital account; or
 - (b) the company's *share capital account.

974-125 Meaning of *non-share capital return*

A ***non-share capital return*** is a *non-share distribution to the extent to which it is not a *non-share dividend.

Subdivision 974-F—Related concepts

Table of sections

974-130	Financing arrangement
---------	-----------------------

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-130

974-135	Effectively non-contingent obligation
974-140	Ordinary debt interest
974-145	Benchmark rate of return
974-150	Schemes
974-155	Related schemes
974-160	Financial benefit
974-165	Convertible and converting interests

974-130 Financing arrangement

- (1) A *scheme is a ***financing arrangement*** for an entity if it is entered into or undertaken:
- (a) to raise finance for the entity (or a *connected entity of the entity); or
 - (b) to fund another scheme, or a part of another scheme, that is a *financing arrangement under paragraph (a); or
 - (c) to fund a return, or a part of a return, payable under or provided by or under another scheme, or a part of another scheme, that is a financing arrangement under paragraph (a).
- (2) The following are examples of *schemes that are generally entered into or undertaken to raise finance:
- (a) a bill of exchange;
 - (b) income securities;
 - (c) a *convertible interest that will convert into an *equity interest.
- Note: Paragraph (a) is likely to be relevant for debt interests, paragraph (b) for equity interests and paragraph (c) for both.
- (3) The following are examples of *schemes that are generally not entered into or undertaken to raise finance:
- (a) a derivative that is used solely for managing financial risk;
 - (b) a contract for personal services entered into in the ordinary course of a business.

Note: These may be relevant for both debt interests and equity interests.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (4) For the purposes of subsection (1), the following *schemes are taken not to be entered into or undertaken to raise finance:
- (a) a lease or bailment that satisfies all of the following:
 - (i) the property leased or bailed is not property to which Division 16D of Part III of the *Income Tax Assessment Act 1936* (arrangements relating to the use of property) applies;
 - (ii) the lease or bailment is not a relevant agreement for the purposes of section 128AC of that Act (deemed interest in respect of hire-purchase and certain other arrangements);
 - (iii) the lease or bailment is not an *arrangement to which Division 240 of this Act (about arrangements treated as a sale and loan), or Division 242 of this Act (about luxury car leases), applies;
 - (v) the lessee or bailee, or a *connected entity of the lessee or bailee, is not to, and does not have an obligation (whether contingent or not) or a right to, acquire the leased or bailed property;
 - (vi) Division 250 of this Act does not apply to a person and the property leased or bailed;
 - (b) a securities lending arrangement under section 26BC of the *Income Tax Assessment Act 1936*;
 - (c) a life insurance or general insurance contract undertaken as part of the issuer's ordinary course of business;
 - (d) a scheme for the payment of royalties (within the meaning of the *Income Tax Assessment Act 1936*) other than:
 - (i) a qualifying arrangement for the purposes of Division 16D of Part III of the *Income Tax Assessment Act 1936*; or
 - (ii) a relevant agreement for the purposes of section 128AC of that Act; or
 - (iii) a scheme or arrangement for the payment of royalties in relation to an asset if Division 250 of this Act applies to a person and the asset.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-135

- (5) The regulations may:
- (a) specify that particular *schemes are not ***financing arrangements***; and
 - (b) specify circumstances in which a scheme will not be a ***financing arrangement***.

974-135 Effectively non-contingent obligation

- (1) There is an ***effectively non-contingent obligation*** to take an action under a *scheme if, having regard to the pricing, terms and conditions of the scheme, there is in substance or effect a non-contingent obligation (see subsections (3), (4) and (6)) to take that action.
- (2) Without limiting subsection (1), that subsection applies to:
- (a) providing a *financial benefit under the *scheme; or
 - (b) terminating the scheme.
- (3) An obligation is ***non-contingent*** if it is not contingent on any event, condition or situation (including the economic performance of the entity having the obligation or a *connected entity of that entity), other than the ability or willingness of that entity or connected entity to meet the obligation.
- (4) The existence of the right of the holder of an *interest that will or may convert into an *equity interest in a company to convert the interest does not of itself make the issuer's obligation to repay the investment not non-contingent.
- (5) An obligation to redeem a preference share is not contingent merely because there is a legislative requirement for the redemption amount to be met out of profits or a fresh issue of *equity interests.
- (6) In determining whether there is in substance or effect a non-contingent obligation to take the action, have regard to the artificiality, or the contrived nature, of any contingency on which the obligation to take the action depends.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-140

Note: The artificiality, or the contrived nature, of a contingency would tend to indicate that there is, in substance or effect, a non-contingent obligation to take that action.

- (7) An obligation of yours is not ***effectively non-contingent*** merely because you will suffer some detrimental practical or commercial consequences if you do not fulfil the obligation.

Note: For example, a contingent obligation to make payments in respect of an income security issued by an approved deposit-taking institution (ADI) is not effectively non-contingent merely because of the detrimental effect non-payment would have on the ADI's business.

- (8) The regulations may make further provisions relating to the following:
- (a) what constitutes a non-contingent obligation;
 - (b) what does not constitute a non-contingent obligation;
 - (c) what constitutes an ^{*}effectively non-contingent obligation;
 - (d) what does not constitute an effectively non-contingent obligation.

974-140 Ordinary debt interest

- (1) A ^{*}debt interest arising from a scheme is an ***ordinary debt interest*** if none of the obligations under the scheme is in substance or effect ^{*}contingent on aspects of the economic performance of:
- (a) the issuer of the interest; or
 - (b) a ^{*}connected entity; or
 - (c) a part of the operations of the issuer or a connected entity.
- (2) The regulations may specify rules for determining whether a ^{*}debt interest is an ^{*}ordinary debt interest.

974-145 Benchmark rate of return

- (1) The ***benchmark rate of return*** for an interest (the ***test interest***) in an entity is the annually compounded internal rate of return on an ^{*}ordinary debt interest that:

^{*}To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-150

- (a) is issued, immediately before the test interest is issued, by the entity, or an equivalent entity, to an entity that is not a *connected entity; and
 - (b) has a comparable maturity date; and
 - (c) is in the same currency; and
 - (d) is issued in the same market; and
 - (e) has the same credit status; and
 - (f) has the same degree of subordination to debts owed to the ordinary creditors of the issuer.
- (2) If there is no interest that satisfies subsection (1), the **benchmark rate of return** for the test interest is the annually compounded internal rate of return on an interest that is closest to the test interest in the respects referred to in that subsection (adjusted appropriately to take account of the differences between that interest and the test interest).
- (3) The regulations may:
 - (a) specify the meaning to be given to an expression used in this section; or
 - (b) provide for a different method of determining the *benchmark rate of return.

974-150 Schemes

- (1) The Commissioner:
 - (a) may determine that what would otherwise be a single *scheme is to be treated for the purposes of this Division as 2 or more separate schemes; and
 - (b) may determine that the schemes are to be taken for the purposes of this Division to not be *related schemes.
- (2) Without limiting subsection 974-10(5), the Commissioner must, in exercising the power to make a determination under subsection (1), have regard to the following:
 - (a) the purpose of the *scheme (considered both as a whole and in terms of its individual components);

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (b) the effects of the scheme and each of its components (considered both as a whole and in terms of its individual components);
 - (c) the rights and obligations of the parties to the scheme (considered both as a whole and in relation to its individual components);
 - (d) whether the scheme (when considered as a whole or in terms of its individual components) provides the basis for, or underpins, an interest issued to investors with the expectation that the interest can be assigned to other investors;
 - (e) whether the scheme (when considered as a whole or in terms of its individual components) comprises a set of rights and obligations issued to investors with the expectation that it can be assigned to other investors;
 - (f) any other relevant circumstances.
- (3) The regulations:
- (a) may provide that, in the circumstances specified in the regulations, what would otherwise be a single *scheme is to be treated for the purposes of this Division as 2 or more separate schemes; and
 - (b) may provide that the schemes are to be taken for the purposes of this Division to not be *related schemes.

974-155 Related schemes

- (1) Subject to subsection (3), 2 *schemes are **related** to one another if they are related to one another in any way.
- (2) Without limiting subsection (1), 2 *schemes are **related** to each other if:
 - (a) the schemes are based on stapled instruments; or
 - (b) one of the schemes would, from a commercial point of view, be unlikely to be entered into unless the other scheme was entered into; or
 - (c) one of the schemes depends for its effect on the operation of the other scheme; or

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 974-160

- (d) one scheme complements or supplements the other; or
 - (e) there is another scheme to which both the schemes are related because of a previous application or applications of this subsection.
- (3) Two *schemes are not ***related*** to one another merely because:
- (a) one refers to the other; or
 - (b) they have a common party.
- (4) The regulations may specify circumstances in which 2 *schemes:
- (a) are taken to be related to one another; or
 - (b) are taken not to be related to one another.

974-160 Financial benefit

- (1) In this Act:
- financial benefit***:
- (a) means anything of economic value; and
 - (b) includes property and services; and
 - (c) includes anything that regulations made for the purposes of subsection (3) provide is a financial benefit;
- even if the transaction that confers the benefit on an entity also imposes an obligation on the entity.
- (2) In applying subsection (1), benefits and obligations are to be looked at separately and not set off against each other.
- (3) The regulations may provide that a thing specified in the regulations is a ***financial benefit*** for the purposes of this Act.

974-165 Convertible and converting interests

An interest (the ***first interest***) is an ***interest that will or may convert into another interest*** (the ***second interest***) if:

- (a) the first interest, or a part of the first interest, must be or may be converted into the second interest; or

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

- (b) the first interest, or a part of the first interest, must be or may be redeemed, repaid or satisfied by:
 - (i) the issue or transfer of the second interest (whether to the holder of the first interest or to some other person); or
 - (ii) the acquisition of the second interest (whether by the holder of the first interest or by some other person); or
 - (iii) the application in or towards paying-up (in whole or in part) the balance unpaid on the second interest (whether the second interest is to be issued to the holder of the first interest or to some other person); or
- (c) the holder of the first interest has, or is to have, a right or option to have allotted or transferred to the holder or to some other person, or for the holder or some other person otherwise to acquire:
 - (i) the second interest; or
 - (ii) a right or option to acquire the second interest.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Division 975—Concepts about companies

Table of Subdivisions

975-A	General
975-G	What is a company's share capital account?
975-W	Wholly-owned groups of companies

Subdivision 975-A—General

Table of sections

975-150	<i>Position to affect rights</i> in relation to a company
975-155	When is an entity a <i>controller</i> (for CGT purposes) of a company?
975-160	When an entity has an <i>associate-inclusive control interest</i>

975-150 *Position to affect rights in relation to a company*

- (1) A person is ***in a position to affect rights*** of a company in relation to another company if the person has a right, power or option:
 - (a) to acquire those rights from one or other of those companies;
or
 - (b) to do something that would prevent one or other of those companies from exercising its rights for its own benefit, or from receiving any benefit arising from having those rights.
- (2) It does not matter whether the person has the right, power or option because of the *constitution of one or other of those companies, any agreement or otherwise.
- (3) However, the right, power or option of an owner of *ownership interests in the *head entity of a *demerger group to *acquire, under a *demerger, ownership interests in the *demerged entity is not a right, power or option covered by subsection (1).

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

975-155 When is an entity a controller (for CGT purposes) of a company?

An entity (the **first entity**) is a **controller (for CGT purposes)** of a company if:

- (a) the first entity has an *associate-inclusive control interest in the company of at least 50%; or
- (b) the first entity has an associate-inclusive control interest in the company of at least 40% and entities other than the first entity or associates of the first entity do not control the company; or
- (c) the first entity controls the company (alone or with an *associate).

975-160 When an entity has an associate-inclusive control interest

- (1) An entity has an **associate-inclusive control interest** in a company in the circumstances set out in Subdivision A of Division 3 of Part X of the *Income Tax Assessment Act 1936*.
- (2) However, in working out whether an entity has an associate-inclusive control interest of a particular percentage for the purposes of section 975-155, there are these modifications to the way Part X of that Act operates:
 - (a) that Part is applied to any company, including one acting as a trustee; and
 - (b) subsection 349(4) applies in all cases in working out which entity holds a direct control interest or a control tracing interest equal to 100%; and
 - (c) subsections 350(6) and (7) and 355(1) are ignored; and
 - (d) despite subsection 352(2), an interposed entity may be taken into account in calculating an indirect control interest if the interposed entity is:
 - (i) a company of which the first entity or an *associate is a controller; or
 - (ii) a partnership or a trust; and

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 975-300

- (e) section 354 applies as if it referred to partnerships rather than CFP's; and
- (f) section 355 applies as if it referred to trusts rather than CFT's.

- Note 1: Part X of the *Income Tax Assessment Act 1936* defines company to exclude a company in the capacity of a trustee.
- Note 2: The terms direct control interest and control tracing interest are relevant to working out associate-inclusive control interests in a company: see sections 350, 351, 353, 354 and 355 of that Act.
- Note 3: Under subsection 349(4) of that Act, if 2 or more entities would have a direct control interest or a control tracing interest in a company or trust equal to 100%, only one of them holds the interest.
- Note 4: Subsections 350(6) and (7) of that Act deal with direct control interests in a company. They deal with interests held by Australian entities. Under subsection 355(1), certain entities are taken to hold a control tracing interest in a trust equal to 100%.
- Note 5: Paragraphs (2)(d), (e) and (f) of this section are necessary because Part X of the *Income Tax Assessment Act 1936* applies only to CFE's (which comprise CFC's, CFP's and CFT's).

Subdivision 975-G—What is a company's share capital account?

Table of sections

975-300 Meaning of *share capital account*

975-300 Meaning of *share capital account*

- (1) A company's *share capital account* is:
 - (a) an account that the company keeps of its share capital; or
 - (b) any other account (whether or not called a share capital account) that satisfies the following conditions:
 - (i) the account was created on or after 1 July 1998;
 - (ii) the first amount credited to the account was an amount of share capital.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 975-500

- (2) If a company has more than one account covered by subsection (1), the accounts are taken, for the purposes of this Act, to be a single account.

Note: Because the accounts are taken to be a single account (the ***combined share capital account***), tainting of any of the accounts has the effect of tainting the combined share capital account.

- (3) However, if a company's *share capital account is *tainted, that account is taken not to be a share capital account for the purposes this Act, other than:
- (a) subsection 118-20(6); and
 - (b) Division 197; and
 - (ba) paragraph 202-45(e); and
 - (c) the definition of ***paid-up share capital*** in subsection 6(1) of the *Income Tax Assessment Act 1936*; and
 - (d) subsection 44(1B) of the *Income Tax Assessment Act 1936*; and
 - (f) subsection 159GZZZQ(5) of the *Income Tax Assessment Act 1936*.

Subdivision 975-W—Wholly-owned groups of companies

Table of sections

975-500	Wholly-owned groups
975-505	What is a 100% subsidiary?

975-500 Wholly-owned groups

Two companies are members of the same ***wholly-owned group*** if:

- (a) one of the companies is a *100% subsidiary of the other company; or
- (b) each of the companies is a *100% subsidiary of the same third company.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 975-505

975-505 What is a 100% subsidiary?

- (1) A company (the **subsidiary company**) is a **100% subsidiary** of another company (the **holding company**) if all the *shares in the subsidiary company are beneficially owned by:
 - (a) the holding company; or
 - (b) one or more 100% subsidiaries of the holding company; or
 - (c) the holding company and one or more 100% subsidiaries of the holding company.
- (2) However, the subsidiary company is *not* a **100% subsidiary** of the holding company if a person is *in a position to affect rights, in relation to the subsidiary company, of:
 - (a) the holding company; or
 - (b) a 100% subsidiary of the holding company.
- (3) The subsidiary company is also not a **100% subsidiary** of the holding company if at some future time a person will be *in a position to affect rights as described in subsection (2).
- (4) A company (other than the subsidiary company) is a **100% subsidiary** of the holding company if, and only if:
 - (a) it is a 100% subsidiary of the holding company; or
 - (b) it is a 100% subsidiary of a 100% subsidiary of the holding company;because of any other application or applications of this section.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Division 976—Imputation

Table of sections

976-1	Franked part of a distribution
976-5	Unfranked part of a distribution
976-10	The part of a distribution that is franked with an exempting credit
976-15	The part of a distribution that is franked with a venture capital credit

976-1 Franked part of a distribution

The *franked part* of a *distribution is an amount worked out using the formula:

*Franking credit on the dividend \times Applicable gross-up rate

where:

applicable gross-up rate means the *corporate tax gross-up rate of the entity making the distribution for the income year in which the distribution is made.

976-5 Unfranked part of a distribution

The *unfranked part* of a *distribution is the amount that is left after deducting the *franked part of the distribution from the total distribution.

976-10 The part of a distribution that is franked with an exempting credit

The part of a distribution that is franked with an exempting credit is worked out using the formula:

*Exempting credit on the distribution \times Applicable gross-up rate

where:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 976-15

applicable gross-up rate means the *corporate tax gross-up rate of the entity making the distribution for the income year in which the distribution is made.

976-15 The part of a distribution that is franked with a venture capital credit

The part of a distribution that is franked with a venture capital credit is worked out using the formula:

*Venture capital credit on the distribution \times Applicable gross-up rate
where:

applicable gross-up rate means the *corporate tax gross-up rate of the entity making the distribution for the income year in which the distribution is made.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Division 977—Realisation events, and the gains and losses they realise for income tax purposes

Table of sections

977-5	Realisation event
977-10	Loss realised for income tax purposes
977-15	Gain realised for income tax purposes

Trading stock

977-20	Realisation event
977-25	Disposal of trading stock: loss realised for income tax purposes
977-30	Ending of an income year: loss realised for income tax purposes
977-35	Disposal of trading stock: gain realised for income tax purposes
977-40	Ending of an income year: gain realised for income tax purposes

Revenue assets

977-50	Meaning of <i>revenue asset</i>
977-55	Loss or gain realised for income tax purposes

CGT assets

977-5 Realisation event

For a *CGT asset, a *realisation event* is a *CGT event (except CGT event E4, CGT event E10 and CGT event G1).

977-10 Loss realised for income tax purposes

- (1) A loss is *realised for income tax purposes* by a *realisation event that happens to a *CGT asset if, and only if, an entity makes a *capital loss from the event. That capital loss is the loss realised by the event.

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 977-15

- (2) If a provision of this Act reduces the loss that would, apart from that provision, be *realised for income tax purposes by the event, the *capital loss is reduced by the same amount.

977-15 Gain realised for income tax purposes

- (1) A gain is **realised for income tax purposes** by a *realisation event that happens to a *CGT asset if, and only if, an entity makes a *capital gain from the event. That capital gain is the gain that is realised by the event.
- (2) If a provision of this Act reduces the gain that would, apart from that provision, be *realised for income tax purposes by the event, the *capital gain is reduced by the same amount.

Trading stock

977-20 Realisation event

For an item of *trading stock, a **realisation event** is a disposal of the item or the ending of an income year.

977-25 Disposal of trading stock: loss realised for income tax purposes

- (1) A loss is **realised for income tax purposes** by a *realisation event consisting of disposal of an item of *trading stock if, and only if:
 - (a) the item is disposed of, for less than its *cost, in the same income year in which it became part of the trading stock on hand of the entity disposing of it; or
 - (b) the item is disposed of in a later income year for less than its *value as trading stock of the entity on hand at the start of the later income year.
- (2) The loss that is realised for income tax purposes by the event is the difference between the amount included in the entity's assessable income because of the disposal and:

*To find definitions of asterisked terms, see the Dictionary, starting at section 995-1.

Section 977-30

- (a) the amount that the entity can deduct for the item's *cost; or
 - (b) the item's *value as *trading stock on hand at the start of the later income year;as appropriate.
- (3) If a provision of this Act reduces the loss that would, apart from that provision, be *realised for income tax purposes by the event:
 - (a) the amount that the entity can deduct for the item's *cost; or
 - (b) the item's *value as *trading stock on hand at the start of the later income year;as appropriate, is reduced by the same amount.

977-30 Ending of an income year: loss realised for income tax purposes

- (1) A loss is *realised for income tax purposes* by a *realisation event that happens to an item of *trading stock and consists of the ending of an income year if, and only if, the *value of the item, as trading stock of an entity on hand at the end of that income year, is less than:
 - (a) its *cost, if it became part of the trading stock on hand of the entity during that income year; or
 - (b) otherwise, its value as trading stock of the entity on hand at the start of that income year.
- (2) The loss that is realised for income tax purposes by the event is the difference between the *value of the item, as *trading stock of the entity on hand at the end of that income year and:
 - (a) the amount that the entity can deduct for the item's *cost; or
 - (b) the item's *value as trading stock on hand at the start of the income year;as appropriate.
- (3) If a provision of this Act reduces the loss that would, apart from that provision, be *realised for income tax purposes by the event:

- (b) the item's *value as *trading stock on hand at the start of the income year;
as appropriate, is reduced by the same amount.

977-35 Disposal of trading stock: gain realised for income tax purposes

- (1) A gain is *realised for income tax purposes* by a *realisation event consisting of disposal of an item of *trading stock if, and only if:
 - (a) the item is disposed of, for more than its *cost, in the same income year in which it became part of the trading stock on hand of the entity disposing of it; or
 - (b) the item is disposed of in a later income year for more than its *value as trading stock of the entity on hand at the start of the later income year.
- (2) The gain that is realised for income tax purposes by the event is the difference between the amount included in the entity's assessable income because of the disposal and:
 - (a) the amount that the entity can deduct for the item's *cost; or
 - (b) the item's *value as *trading stock on hand at the start of the later income year;
as appropriate.
- (3) If a provision of this Act reduces the gain that would, apart from that provision, be *realised for income tax purposes by the event, the amount that is included in the assessable income of the entity because of the disposal is reduced by the same amount.

977-40 Ending of an income year: gain realised for income tax purposes

- (1) A gain is *realised for income tax purposes* by a *realisation event that happens to an item of *trading stock and consists of the ending of an income year if, and only if, the *value of the item, as trading stock of an entity on hand at the end of that income year, is greater than:

- (2) The gain that is realised for income tax purposes by the event is the difference between the *value of the item, as *trading stock of the entity on hand at the end of that income year and:
- (a) the amount that the entity can deduct for the item's *cost; or
 - (b) the item's *value as trading stock on hand at the start of the income year;
- as appropriate.
- (3) If a provision of this Act reduces the gain that would, apart from that provision, be *realised for income tax purposes by the event:
- (a) the amount that the entity can deduct for the item's *cost; or
 - (b) the item's *value as *trading stock on hand at the start of the income year;
- as appropriate, is increased by the same amount.
