For the purposes of this Act, notional transactions between Agencies are to be treated as if they were real transactions.

Note: This section applies, for example, to a “payment” between Agencies that are both part of the Commonwealth. One of the effects of this section is that the payment will be debited from an appropriation for the paying Agency, even though no payment is actually made from the Consolidated Revenue Fund.

## Part 2—Appropriation items

### 6 Summary of appropriations

The total of the items specified in Schedule 2 is \$10,628,628,000.

Note 1: Items in Schedule 2 can be adjusted under Part 3 of this Act.

Note 2: Sections 30 to 32 of the *Financial Management and Accountability Act 1997* also provide for adjustments of amounts appropriated by this Act.

### 7 State, ACT, NT and local government items

- (1) The amount specified in a State, ACT, NT and local government item for an outcome for an Agency may be applied for the purpose of making payments to or for the States, the Australian Capital Territory, the Northern Territory and local government authorities for the purpose of contributing to achieving that outcome.

Note: The Finance Minister manages the expenditure of public money through the issue of drawing rights under the *Financial Management and Accountability Act 1997*.

- (2) If the Portfolio Statements indicate that activities of a particular kind were intended to be treated as activities in respect of a particular outcome, then expenditure for the purpose of carrying out those activities is taken to be expenditure for the purpose of contributing to achieving the outcome.

### 8 Administered items

- (1) The amount specified in an administered item for an outcome for an Agency may be applied for expenditure for the purpose of contributing to achieving that outcome.

Note: The Finance Minister manages the expenditure of public money through the issue of drawing rights under the *Financial Management and Accountability Act 1997*.

- (2) If the Portfolio Statements indicate that activities of a particular kind were intended to be treated as activities in respect of a particular outcome, then expenditure for the purpose of carrying

out those activities is taken to be expenditure for the purpose of contributing to achieving the outcome.

## **9 Administered assets and liabilities items**

- (1) The amount specified in an administered assets and liabilities item for an Agency may be applied for expenditure for the purpose of contributing to achieving any outcome specified for the Agency:
- (a) in Schedule 2 to this Act; or
  - (b) in Schedule 1 to the *Appropriation Act (No. 1) 2009-2010*.

Note: The Finance Minister manages the expenditure of public money through the issue of drawing rights under the *Financial Management and Accountability Act 1997*.

- (2) If the Portfolio Statements indicate that activities of a particular kind were intended to be treated as activities in respect of a particular outcome, then expenditure for the purpose of carrying out those activities is taken to be expenditure for the purpose of contributing to achieving the outcome.

## **10 Other departmental items**

The amount specified in an other departmental item for an Agency may be applied for the departmental expenditure of the Agency.

Note: The Finance Minister manages the expenditure of public money through the issue of drawing rights under the *Financial Management and Accountability Act 1997*.

## **11 CAC Act body payment items**

- (1) The amount specified in a CAC Act body payment item for a CAC Act body may be paid to the body to be applied for the purposes of the body.

Note: The Finance Minister manages the expenditure of public money through the issue of drawing rights under the *Financial Management and Accountability Act 1997*.

- (2) If:
- (a) an Act provides that a CAC Act body must be paid amounts that are appropriated by the Parliament for the purposes of the body; and
  - (b) Schedule 2 contains a CAC Act body payment item for that body;

Section 11

---

then the body must be paid the full amount specified in the item.

## **Part 3—Adjusting appropriation items**

### **12 Reducing State, ACT, NT and local government items and administered items**

- (1) If:
  - (a) an annual report for an Agency for the current year is tabled in the Parliament; and
  - (b) the report specifies the amount required by an Agency in respect of:
    - (i) a State, ACT, NT and local government item for the Agency; or
    - (ii) an administered item for the Agency; and
  - (c) the required amount is less than the amount of the item; the item is taken to be reduced to the required amount.
- (2) The Finance Minister may, by writing, determine that subsection (1):
  - (a) does not apply in relation to the item; or
  - (b) applies as if the amount specified in the annual report were the amount specified in the determination.
- (3) A determination made under subsection (2) is a legislative instrument and, despite subsection 44(2) of the *Legislative Instruments Act 2003*, section 42 (disallowance) of that Act applies to the determination. However, Part 6 (sunsetting) of that Act does not apply to the determination.

### **13 Reducing administered assets and liabilities items and other departmental items**

- (1) A written request to reduce an administered assets and liabilities item or an other departmental item for an Agency may be made to the Finance Minister by:
  - (a) the Minister who is responsible for the Agency; or
  - (b) if the Finance Minister is responsible for the Agency—the Chief Executive of the Agency.

Section 14

---

- (2) If a request is made under subsection (1), the Finance Minister may, by writing, determine that the item is to be reduced by the amount specified in the request.
- (3) However, the determination has no effect to the extent that it would reduce the item below nil, after subtracting amounts that have been applied under Part 2 in respect of the item.
- (4) The item is taken to be reduced in accordance with the determination.
- (5) A request made under subsection (1) is not a legislative instrument.
- (6) A determination made under subsection (2) is a legislative instrument and, despite subsection 44(2) of the *Legislative Instruments Act 2003*, section 42 (disallowance) of that Act applies to the determination. However, Part 6 (sunsetting) of that Act does not apply to the determination.

**14 Reducing CAC Act body payment items**

- (1) A written request to reduce a CAC Act body payment item for a CAC Act body may be made to the Finance Minister by:
  - (a) the Minister who is responsible for the body; or
  - (b) if the Finance Minister is responsible for the body—the Secretary of the Department.

Note: For **Department**, see subsection 19A(3) of the *Acts Interpretation Act 1901*.

- (2) If a request is made under subsection (1), the Finance Minister may, by writing, determine that the item is to be reduced by the amount specified in the request.
- (3) However, the determination has no effect to the extent that it would reduce the item below nil, after subtracting amounts that have been paid to the body in respect of the item.
- (4) The item is taken to be reduced in accordance with the determination.
- (5) Subsection 11(2) does not limit the reduction of a CAC Act body payment item under this section.
- (6) A request made under subsection (1) is not a legislative instrument.

- (7) A determination made under subsection (2) is a legislative instrument and, despite subsection 44(2) of the *Legislative Instruments Act 2003*, section 42 (disallowance) of that Act applies to the determination. However, Part 6 (sunsetting) of that Act does not apply to the determination.

### **15 Advance to the Finance Minister**

- (1) This section applies if the Finance Minister is satisfied that there is an urgent need for expenditure, in the current year, that is not provided for, or is insufficiently provided for, in Schedule 2:
- (a) because of an erroneous omission or understatement; or
  - (b) because the expenditure was unforeseen until after the last day on which it was practicable to provide for it in the Bill for this Act before that Bill was introduced into the House of Representatives.
- (2) This Act has effect as if Schedule 2 were amended, in accordance with a determination of the Finance Minister, to make provision for so much (if any) of the expenditure as the Finance Minister determines.
- (3) The total of the amounts determined under subsection (2) cannot be more than \$380 million.
- (4) A determination made under subsection (2) is a legislative instrument, but neither section 42 (disallowance) nor Part 6 (sunsetting) of the *Legislative Instruments Act 2003* applies to the determination.

## Part 4—General drawing rights limits
