

Customs Tariff (Anti-Dumping) Act 1975

Deep drawn stainless steel sinks

exported from the People's Republic of China

***Notice pursuant to subsection 10(3B) and 10(3D) of the Customs Tariff
(Anti-Dumping) Act 1975***

I, KAREN ANDREWS, Parliamentary Secretary to the Minister for Industry and Science, having decided to issue a notice pursuant to subsection 269 TJ(2) of the *Customs Act 1901* in respect of certain deep drawn stainless steel sinks described in that notice (the goods), DIRECT, pursuant to subsection 10(3B)(a) of the *Customs Tariff (Anti-Dumping) Act 1975* (the Dumping Duty Act), that the interim countervailing duty referred to in subsection 10(3A) of that Act in respect of deep drawn stainless steel sinks exported from the People's Republic of China to Australia be ascertained as a proportion of the export price of those particular goods.

Pursuant to subsection 10(3DA) of the Dumping Duty Act, I have not had regard to the desirability of fixing a lesser rate of interim countervailing duty under subsection 10(3D) of the Dumping Duty Act.

I have not had regard to the desirability of fixing a lesser amount of duty because the country in relation to which the countervailable subsidy has been provided has not complied with Article 25 of the World Trade Organisation Agreement on Subsidies and Countervailing Measures for the compliance period.

This notice applies to the goods and like goods entered for home consumption on and after the date of publication of this notice.

Dated this 19th day of March 2015.

KAREN ANDREWS
Parliamentary Secretary to the Minister for Industry and Science
