294-1 What this Division is about

There is a cap on the total amount you can transfer into the retirement phase of superannuation (where earnings are exempt from taxation).

Credits are added to a transfer balance account when you transfer amounts.

If the balance in your account exceeds the cap, you will be required to remove the excess from the retirement phase, and you will be liable to pay excess transfer balance tax.

Note: Division 136 in Schedule 1 to the *Taxation Administration Act 1953* contains rules about excess transfer balance determinations and commutation authorities.

294-5 Object of this Division

The object of this Division is to limit the total amount of an individual's *superannuation income streams that receive an earnings tax exemption.

Subdivision 294-B—Transfer balance account

Guide to Subdivision 294-B

294-10 What this Subdivision is about

This Subdivision creates a transfer balance account for you, and credits it, if you have a superannuation income stream in the retirement phase.

It also provides for a transfer balance cap and identifies when you have excess transfer balance.

Table of sections

Operative provisions

294-15	When you have a transfer balance account
294-20	Meaning of retirement phase recipient
294-25	Transfer balance credits
294-30	Excess transfer balance
294-35	Your transfer balance cap
294-40	Proportionally indexed transfer balance cap
294-45	Transfer balance account ends
294-50	Assume pension rules and commutation authorities complied with

Operative provisions

294-15 When you have a transfer balance account

- (1) You have a ***transfer balance account*** if you are, or have at any time been, the *retirement phase recipient of a *superannuation income stream.
- (2) You start to have the *transfer balance account on the later of:
 - (a) 1 July 2017; and
 - (b) the day you first start to be a *retirement phase recipient of a *superannuation income stream.

294-20 Meaning of retirement phase recipient

- (1) You are the **retirement phase recipient** of a *superannuation income stream at a time if:
 - (a) the superannuation income stream is in the *retirement phase at that time; and
 - (b) a *superannuation income stream benefit from the superannuation income stream is payable to you at that time.
- (2) You are also the **retirement phase recipient** of a *superannuation income stream at a time if:
 - (a) the superannuation income stream is in the *retirement phase at that time; and
 - (b) the superannuation income stream is a *deferred superannuation income stream; and
 - (c) a *superannuation income stream benefit from the superannuation income stream will be payable to you after that time.

294-25 Transfer balance credits

- (1) The following table sets out when a credit arises in your *transfer balance account and the amount of the credit. The credit is called a **transfer balance credit**.

Credits in the transfer balance account			
Item	If:	A credit of:	Arises:
1	just before 1 July 2017, you are the *retirement phase recipient of a *superannuation income stream	the *value, just before 1 July 2017, of the *superannuation interest that supports the superannuation income stream	on the later of: (a) 1 July 2017; and (b) if you are a reversionary beneficiary—the last day of the period of 12 months beginning on the day a *superannuation income stream benefit first becomes payable

Schedule 1 Transfer balance cap**Part 1** Transfer balance cap**Credits in the transfer balance account**

Item	If:	A credit of:	Arises:
			from the income stream
2	on a day (the <i>starting day</i>) on or after 1 July 2017, you start to be the *retirement phase recipient of a *superannuation income stream	the *value on the starting day of the *superannuation interest that supports the superannuation income stream	(a) on the starting day, unless paragraph (b) applies; or (b) if you are a reversionary beneficiary—at the end of the period of 12 months beginning on the starting day
3	you have *excess transfer balance at the end of a day	your *excess transfer balance earnings for that day	at the start of the next day

Note 1: The amount of the transfer balance credit is modified for certain capped defined benefit income streams: see Subdivision 294-D.

Note 2: For the meaning of *excess transfer balance earnings*, see section 294-235.

Note 3: If a payment split applies to payments from the superannuation income stream, a debit arises under section 294-90.

No crediting of earnings if determination issued

- (2) Despite item 3 of the table in subsection (1), no credit arises in your *transfer balance account under that item because of *excess transfer balance at the end of a day if the day is in the period:
- (a) starting on the day the Commissioner makes an *excess transfer balance determination in respect of you; and
 - (b) ending on:
 - (i) unless subparagraph (ii) applies—the first day on which the sum of all *transfer balance debits arising in your *transfer balance account since the determination was issued equals or exceeds the *crystallised reduction amount; or

- (ii) if a *transfer balance credit arises in your transfer balance account before the day mentioned in subparagraph (i)—the day on which that credit arises.

Note: For provisions about excess transfer balance determinations, see Division 136 in Schedule 1 to the *Taxation Administration Act 1953*.

294-30 Excess transfer balance

- (1) You have **excess transfer balance** at a particular time if, at that time, the *transfer balance in your *transfer balance account exceeds your *transfer balance cap at that time. The amount of the **excess transfer balance** is the amount of the excess.

Note: There is a modification for certain capped defined benefit income streams: see Subdivision 294-D.

- (2) The **transfer balance** in your *transfer balance account at a time equals:
 - (a) the sum of the *transfer balance credits in the account at that time; less
 - (b) the sum of the *transfer balance debits (if any) in the account at that time.

Note 1: For **transfer balance debits**, see Subdivision 294-C.

Note 2: There is no consequence for having a negative transfer balance.

294-35 Your transfer balance cap

- (1) Your **transfer balance cap** for the *financial year in which you first start to have a *transfer balance account is equal to the *general transfer balance cap for that financial year.

Note: The amount of the transfer balance cap is modified for child recipients: see Subdivision 294-E.

- (2) Your **transfer balance cap** for a later *financial year is equal to your transfer balance cap for the previous year, subject to section 294-40 (which is about proportional indexation).

- (3) The **general transfer balance cap** is:
 - (a) for the 2017-2018 *financial year—\$1,600,000; or

- (b) for the 2018-2019 financial year or a later financial year—the amount worked out by indexing annually the amount mentioned in paragraph (a).

Note: Subdivision 960-M shows how to index amounts. However, annual indexation does not necessarily increase the amount of the cap: see section 960-285.

294-40 Proportionally indexed transfer balance cap

- (1) This section applies to increase your *transfer balance cap* for a *financial year (other than the financial year in which you first start to have a *transfer balance account) if:
- (a) the *general transfer balance cap is increased as a result of indexation for the financial year; and
 - (b) at no time before the start of that financial year has the *transfer balance in your transfer balance account at the end of a day exceeded your transfer balance cap.
- (2) Your *transfer balance cap* is increased for the *financial year by the amount worked out using the following formula:

Unused cap percentage × Indexation increase

where:

indexation increase means the amount by which the *general transfer balance cap for the *financial year increased as a result of indexation.

unused cap percentage is worked out by:

- (a) identifying the highest *transfer balance in your *transfer balance account at the end of any day up to the end of the previous *financial year; and
- (b) identifying the day on which the transfer balance account had that transfer balance at the end of the day, or, if your transfer balance account had that transfer balance at the end of more than one day, the earliest of those days; and
- (c) expressing the transfer balance identified in paragraph (a) as a percentage (rounded down to the nearest whole number) of your *transfer balance cap on the day identified in paragraph (b); and

- (d) subtracting the result of paragraph (c) from 100%.
- (3) However, if the highest *transfer balance mentioned in paragraph (a) of the definition of ***unused cap percentage*** in subsection (2) is less than nil, that unused cap percentage is taken to be 100%.

294-45 Transfer balance account ends

The *transfer balance account ceases when the *retirement phase recipient dies.

294-50 Assume pension rules and commutation authorities complied with

- (1) For the purposes of working out a matter mentioned in subsection (2) at a time:
 - (a) assume that an income stream will properly comply with any rules or standards under which it is, or is purported to be, provided; and
 - (b) disregard subsection 307-80(4).
- (2) The matters are:
 - (a) whether you are the *retirement phase recipient of a *superannuation income stream; and
 - (b) whether a *transfer balance credit arises in your *transfer balance account.

Subdivision 294-C—Transfer balance debits

Guide to Subdivision 294-C

294-75 What this Subdivision is about

A debit arises in your transfer balance account when superannuation income streams that were previously credited (because they receive the earnings tax exemption) are reduced (other than by draw-downs or investment losses) or lose the earnings tax exemption.

A debit also arises in your transfer balance account when you make a contribution relating to a structured settlement or personal injury, or where certain events occur that result in you having reduced superannuation.

Structured settlement contributions

- (2) Each of the following is a **structured settlement contribution** in respect of you:
- (a) a contribution to a *complying superannuation plan in respect of you that is covered under section 292-95 (about structured settlements or orders for personal injuries);
 - (b) a contribution to a complying superannuation plan in respect of you that would be covered under section 292-95 if:
 - (i) the section applied to contributions made before 10 May 2006; and
 - (ii) paragraphs 292-95(1)(b) and (d) were disregarded.

294-85 Certain events that result in reduced superannuation

- (1) A *transfer balance debit arises in your *transfer balance account if:
- (a) subsection (2) or (5) provides that the debit arises; and
 - (b) you notify the Commissioner in the *approved form that the debit has arisen.

Fraud or dishonesty

- (2) A debit arises if:
- (a) a loss is suffered by a *superannuation income stream provider; and
 - (b) as a result, the *value of the *superannuation interest that supports a *superannuation income stream of which you are the *retirement phase recipient is reduced; and
 - (c) the loss is a result of fraud or dishonesty; and
 - (d) an individual has been convicted of an offence involving that fraud or dishonesty.
- (3) The amount of the debit equals the amount by which the *value of the *superannuation interest is reduced as a result of the loss.
- (4) The debit arises at the time of the loss.

Payments under section 139ZQ of the Bankruptcy Act 1966

- (5) A debit arises if:

- (a) an amount is paid in compliance with a notice given under section 139ZQ of the *Bankruptcy Act 1966*; and
 - (b) as a result, the *value of a *superannuation interest that supports a *superannuation income stream of which you are the *retirement phase recipient is reduced.
- (6) The amount of the debit is the amount paid to the trustee in bankruptcy.
- (7) The debit arises at the time of the payment.

294-90 Payment splits

- (1) A *transfer balance debit arises in your *transfer balance account if:
 - (a) subsection (2) provides that the debit arises; and
 - (b) the Commissioner is notified in the *approved form that the debit has arisen.

Payment splits

- (2) A debit arises if:
 - (a) a *superannuation interest is subject to a *payment split but remains an interest of the *member spouse; and
 - (b) the superannuation interest supports a *superannuation income stream that is in the *retirement phase; and
 - (c) as a result of the payment split, a proportion of all *superannuation income stream benefits from the income stream is to be paid to a *non-member spouse; and
 - (d) as a result, the member spouse and the non-member spouse are both *retirement phase recipients of the superannuation income stream.
- (3) The amount of the debit is:
 - (a) if you are the *member spouse—the proportion mentioned in paragraph (2)(c); and
 - (b) if you are the *non-member spouse—the remaining proportion;
of the *value, on the day the debit arises, of the *superannuation interest that supports the *superannuation income stream affected by the *payment split.

- (4) The debit arises at the later of:
- (a) the operative time (within the meaning of Part VIIIB of the *Family Law Act 1975*) for the *payment split; and
 - (b) at the start of the day you first start to have a *transfer balance account.

294-95 Payment splits—no double debiting

If a *transfer balance debit, worked out by reference to a particular proportion, arises in your *transfer balance account because a *superannuation interest is subject to a *payment split, each of the following debits arising in your account at a later time in respect of the same interest is to be reduced by the same proportion:

- (a) a debit that arises under item 1 of the table in subsection 294-80(1) (about commutations), but only if the commuted income stream is a *capped defined benefit income stream;
- (b) a debit that arises under item 3 of that table (about events that result in reduced superannuation);
- (c) a debit that arises under item 5 or 6 of that table (about income streams that stop being in the retirement phase).

Subdivision 294-D—Modifications for certain defined benefit income streams

Guide to Subdivision 294-D

294-120 What this Subdivision is about

Certain defined benefit lifetime pensions that are subject to commutation restrictions cannot result in excess transfer balance (instead, Subdivision 303-A applies to the superannuation income stream benefits).

Certain commutation-restricted income streams started before 1 July 2017 are covered by the same modification.

- (2) A *superannuation income stream is also a ***capped defined benefit income stream*** if the income stream is prescribed by the regulations for the purposes of this subsection.

294-135 Transfer balance credit—special rule for capped defined benefit income streams

- (1) Section 294-25 applies in relation to a *capped defined benefit income stream as if a reference in that section to the *value of a *superannuation interest were a reference to the *special value of the superannuation interest.

Meaning of special value—lifetime products

- (2) The ***special value***, at a particular time, of a *superannuation interest that supports an income stream that is, or was at any time, a *capped defined benefit income stream covered by item 1 or 2 of the table in subsection 294-130(1), is the amount worked out using the formula:

Annual entitlement \times 16

where:

annual entitlement is worked out by:

- (a) dividing the amount of the first *superannuation income stream benefit you are entitled to receive from the income stream just after that time by the number of whole days to which that benefit relates; and
- (b) multiplying the result by 365.

Meaning of special value—life expectancy and market linked products

- (3) The **special value**, at a particular time, of a *superannuation interest that supports an income stream that is, or was at any time, a *capped defined benefit income stream covered by any of items 3 to 7 of the table in subsection 294-130(1), is the amount worked out using the formula:

Annual entitlement × Remaining term

where:

annual entitlement has the same meaning as in subsection (2) of this section.

remaining term means the number of years remaining at that time in the period throughout which *superannuation income stream benefits are payable under the income stream, rounded up to the next whole number.

Regulations

- (4) The regulations may specify a method for determining the **special value** of a *superannuation interest that supports a *superannuation income stream prescribed by regulations made for the purposes of subsection 294-130(2).

294-140 Excess transfer balance—special rule for capped defined benefit income streams

- (1) Despite section 294-30, you have **excess transfer balance** at a particular time if, at that time, the *transfer balance in your *transfer balance account:
 - (a) exceeds your *transfer balance cap at that time; and

- (b) exceeds your capped defined benefit balance from subsection (3) of this section at that time.
- (2) The amount of the **excess transfer balance** is the lesser of the 2 excesses.

Note: For modifications of the tax treatment of benefits paid from capped defined benefit income streams, see Subdivision 303-A.

Your capped defined benefit balance

- (3) You have an amount under this subsection (a **capped defined benefit balance**) at a time equal to:
 - (a) the sum of the *transfer balance credits in your *transfer balance account at that time in respect of *capped defined benefit income streams; less
 - (b) the sum of the *transfer balance debits (if any) in your transfer balance account at that time in respect of capped defined benefit income streams.

294-145 Transfer balance debits—special rules for capped defined benefit income streams

Debit for commutation

- (1) Item 1 of the table in subsection 294-80(1) applies in relation to a *capped defined benefit income stream as if the reference in column 2 of that item to the amount of the *superannuation lump sum were a reference to:
 - (a) for a commutation in full—the *debit value, just before the superannuation lump sum is paid, of the *superannuation interest that supports the capped defined benefit income stream; or
 - (b) for a commutation in part—the debit value mentioned in paragraph (a), multiplied by the fraction:

$$1 - \frac{\text{SV just after commutation}}{\text{SV just before commutation}}$$

where:

SV just after commutation means the *special value, just after the *superannuation lump sum is paid, of the *superannuation interest that supports the *capped defined benefit income stream.

SV just before commutation means the *special value, just before the *superannuation lump sum is paid, of the *superannuation interest that supports the *capped defined benefit income stream.

Debit for events that result in reduced superannuation

- (2) Item 3 of the table in subsection 294-80(1) (about events that result in reduced superannuation) applies in relation to a *capped defined benefit income stream as if the amount of the debit provided for in section 294-85 was the *debit value, just before the loss or payment reduces the *value of the *superannuation interest that supports the capped defined benefit income stream, multiplied by the amount worked out using the following formula:

$$1 - \frac{\text{SV just after event}}{\text{SV just before event}}$$

where:

SV just after event means the *special value, worked out just after the loss or payment reduces the *value of the *superannuation interest that supports the *capped defined benefit income stream.

SV just before event means the *special value, worked out just before the loss or payment reduces the *value of the *superannuation interest that supports the *capped defined benefit income stream.

Debit for payment split

- (3) Item 4 of the table in subsection 294-80(1) (about a debit for a payment split) applies in relation to a *capped defined benefit income stream as if the reference in section 294-90 to the *value of the *superannuation interest were a reference to the *debit value of the superannuation interest.

Debits for loss of earnings exemption

- (4) Items 5 and 6 of the table in subsection 294-80(1) apply in relation to an income stream that is, or was, a *capped defined benefit income stream as if the reference in the item to the *value of a *superannuation interest were a reference to the *debit value of the superannuation interest.

Meaning of debit value

- (5) The **debit value**, at a particular time, of a *superannuation interest that supports an income stream that is, or was at any time, a *capped defined benefit income stream covered by item 1 or 2 of the table in subsection 294-130(1), is:
- (a) the amount of the *transfer balance credit that arose in your *transfer balance account in respect of the income stream; less
 - (b) the amount of any *transfer balance debits (apart from debits arising under item 4 of the table in subsection 294-80(1)) that have arisen in your transfer balance account in respect of the income stream before that time.
- (6) The **debit value**, at a particular time, of a *superannuation interest that supports an income stream that is, or was at any time, a *capped defined benefit income stream covered by any of items 3 to 7 of the table in subsection 294-130(1) is the *special value of the interest at that time.

Regulations

- (7) The regulations may specify a method for determining the **debit value** of a *superannuation interest that supports a *superannuation income stream prescribed by regulations made for the purposes of subsection 294-130(2).

Subdivision 294-E—Modifications for death benefits dependants who are children

Guide to Subdivision 294-E

294-170 What this Subdivision is about

If you are a death benefits dependant, and a child, you are not required to use your retirement transfer balance cap to receive a death benefits income stream.

However, there is a cap on the total amount of your death benefits income streams that receives the earnings tax exemption.

This cap is based on the deceased's superannuation interests in the retirement phase, or, if the deceased did not have any superannuation interests in the retirement phase, on the transfer balance cap.

Table of sections

Operative provisions

294-175	When this Subdivision applies
294-180	Transfer balance account ends
294-185	Transfer balance cap—special rule for child recipient
294-190	Cap increment—child recipient just before 1 July 2017
294-195	Cap increment—child recipient on or after 1 July 2017, deceased had no transfer balance account
294-200	Cap increment—child recipient on or after 1 July 2017, deceased had transfer balance account

Operative provisions

294-175 When this Subdivision applies

- (1) This Subdivision applies to you if you are a *child recipient of a *superannuation income stream.
- (2) You are a ***child recipient*** of a *superannuation income stream if:

- (a) because of the death of a person, you are a *retirement phase recipient of the superannuation income stream; and
- (b) you are a *child, and a *death benefits dependant, of the deceased; and
- (c) you are covered by paragraph 6.21(2A)(b) of the *Superannuation Industry (Supervision) Regulations 1994* or paragraph 4.24(3A)(b) of the *Retirement Savings Accounts Regulations 1997* (which are about children who are under age 18, or under age 25 and financially dependent or who have a disability).

294-180 Transfer balance account ends

- (1) Despite sections 294-15 and 294-45, your *transfer balance account ceases at a time if:
 - (a) just before that time, you were a *child recipient of one or more *superannuation income streams; and
 - (b) just after that time, you are no longer a child recipient of any superannuation income stream; and
 - (c) no *transfer balance credits arose in the transfer balance account in respect of a superannuation income stream of which you were a *retirement phase recipient, but not a child recipient.
- (2) If you again start to have a *transfer balance account at a later time, this Division applies in relation to that later transfer balance account as if it were the only transfer balance account you have had.

294-185 Transfer balance cap—special rule for child recipient

- (1) Despite section 294-35, your ***transfer balance cap*** on a day is the sum of the cap increments that have arisen under this Subdivision on and before that day.

Note: Your transfer balance cap is not worked out on a financial year basis and it is not indexed.
- (2) However, if there are one or more *superannuation income streams of which you are, on that day, a *retirement phase recipient but not

a *child recipient, your ***transfer balance cap*** on that day is the sum of:

- (a) the sum of the cap increments that have arisen under this Subdivision on and before that day; and
- (b) your transfer balance cap for the *financial year in which the day falls, worked out disregarding:
 - (i) any cap increments that arise under this Subdivision; and
 - (ii) any *transfer balance credits or *transfer balance debits that have arisen in your *transfer balance account in respect of superannuation income streams of which you are a child recipient.

Note: Paragraph (b) is the transfer balance cap you would have if you were not a child recipient of any income stream. Disregarding credits, debits and cap increments allows this cap to be indexed appropriately under section 294-40 (which is about proportional indexation).

294-190 Cap increment—child recipient just before 1 July 2017

- (1) A cap increment arises if, just before 1 July 2017, you are the *child recipient of a *superannuation income stream.
- (2) The amount of the cap increment is the *general transfer balance cap.
- (3) The cap increment arises on 1 July 2017.

294-195 Cap increment—child recipient on or after 1 July 2017, deceased had no transfer balance account

- (1) A cap increment arises if:
 - (a) on a day (the ***starting day***) on or after 1 July 2017, you start to be the *child recipient of a *superannuation income stream; and
 - (b) the deceased did not have a *transfer balance account just before death.
- (2) The amount of the cap increment is:
 - (a) the *general transfer balance cap, unless paragraph (b) applies; or

- (b) if you are *not* the only person to receive a *superannuation death benefit because of the death of the person—the proportion of the general transfer balance cap that corresponds to your share of the deceased's *superannuation interests.

- (3) The cap increment arises on the starting day.

294-200 Cap increment—child recipient on or after 1 July 2017, deceased had transfer balance account

- (1) A cap increment arises if:
 - (a) on a day (the **starting day**) on or after 1 July 2017, you start to be the *child recipient of a *superannuation income stream; and
 - (b) the deceased had a *transfer balance account just before death.

Income stream fully funded by deceased's retirement phase interests

- (2) If the *superannuation interest that supports the *superannuation income stream is wholly attributable to one or more superannuation interests of the deceased that were in the *retirement phase, the amount of the cap increment equals the amount of the *transfer balance credit that arises in your *transfer balance account in respect of the *superannuation income stream.

Income stream fully funded by deceased's accumulation phase interests

- (3) If the *superannuation interest that supports the *superannuation income stream is wholly attributable to one or more superannuation interests of the deceased that were *not* in the *retirement phase, the amount of the cap increment is nil.

Note: A superannuation income stream covered by this subsection will generally result in excess transfer balance. The exceptions are: where you have additional cap increments under section 294-190 or 294-195, or where you have a higher cap under subsection 294-185(2) because you also receive a non-death benefit income stream.

Income stream partly funded by deceased's accumulation interests

- (4) If the *superannuation interest that supports the *superannuation income stream is:
- (a) in part (the ***retirement phase part***) attributable to a superannuation interest of the deceased that was in the *retirement phase; and
 - (b) in part attributable to a superannuation interest of the deceased that was *not* in the retirement phase;
- the amount of the cap increment is so much of the *transfer balance credit that arises in your *transfer balance account in respect of the superannuation income stream as represents the retirement phase part.

Note: A superannuation income stream covered by this subsection will generally result in excess transfer balance. The exceptions are: where you have additional cap increments under section 294-190 or 294-195, or where you have a higher cap under subsection 294-185(2) because you also receive a non-death benefit income stream.

Reduced increment for excess transfer balance

- (5) Despite subsections (2) and (4), the cap increment is reduced if there was *excess transfer balance in the deceased's *transfer balance account just before death. The amount of the reduction is:
- (a) the proportion of the excess transfer balance that corresponds to your share of the deceased's *superannuation interests that were in the *retirement phase; less
 - (b) the amount of any *superannuation lump sum paid to you, because of the death of the person from a superannuation interest of the deceased that was in the retirement phase.

When cap increment arises

- (6) The cap increment arises:
- (a) on the starting day, unless paragraph (b) applies; or
 - (b) if you are a reversionary beneficiary—at the end of the period of 12 months beginning on the starting day.

Treatment of investment earnings after death

- (7) For the purposes of working out under this section the extent to which a *superannuation interest is attributable to another superannuation interest, if:
- (a) a superannuation interest of the deceased was in the *retirement phase; and
 - (b) on or after the death of the deceased, an amount of investment earnings is added to the superannuation interest; the superannuation interest is taken to include that amount of investment earnings, except to the extent that the amount of investment earnings includes an amount paid under a policy of insurance on the life of the deceased or an amount arising from self-insurance.

Subdivision 294-F—Excess transfer balance tax

Guide to Subdivision 294-F

294-225 What this Subdivision is about

This Subdivision neutralises the earnings tax exemption on retirement phase income streams that result in excess transfer balance.

Table of sections

Operative provisions

294-230	Excess transfer balance tax
294-235	Your excess transfer balance earnings
294-240	When tax is payable—original assessments
294-245	When tax is payable—amended assessments
294-250	General interest charge

Operative provisions

294-230 Excess transfer balance tax

- (1) If there is an *excess transfer balance period for your *transfer balance account, you are liable to pay *excess transfer balance tax imposed by the *Superannuation (Excess Transfer Balance Tax) Imposition Act 2016* for the period.

Note: The amount of the tax is set out in the *Superannuation (Excess Transfer Balance Tax) Imposition Act 2016*.

- (2) An **excess transfer balance period** for a *transfer balance account is a continuous period of one or more days during which, at the end of each day, there is *excess transfer balance in the account.
- (3) Your *excess transfer balance tax is worked out by reference to the sum of:
- (a) your *excess transfer balance earnings for each day in the *excess transfer balance period; and
 - (b) for each day in the excess transfer balance period that is also a day in the period mentioned in subsection 294-25(2) (the **determination period**)—the amount worked out by multiplying the rate mentioned in subsection 294-235(2) for the day by the sum of your excess transfer balance earnings for each previous day in the determination period.

294-235 Your excess transfer balance earnings*

- (1) Your **excess transfer balance earnings** for a day is worked out by multiplying the rate mentioned in subsection (2) for that day by the amount of your *excess transfer balance at the end of that day.
- (2) The rate is the lower of:
- (a) the rate worked out under subsection 8AAD(1) of the *Taxation Administration Act 1953* for the day; and
 - (b) a rate determined under subsection (3) for the day.
- (3) The Minister may, by legislative instrument, determine a rate for a day.

294-240 When tax is payable—original assessments

Your *assessed excess transfer balance tax is due and payable at the end of 21 days after the Commissioner gives you notice of the assessment of the amount of the *excess transfer balance tax.

Note: For assessments of excess transfer balance tax, see Division 155 in Schedule 1 to the *Taxation Administration Act 1953*.

294-245 When tax is payable—amended assessments

If the Commissioner amends your assessment, any extra *assessed excess transfer balance tax resulting from the amendment is due and payable 21 days after the day the Commissioner gives you notice of the amended assessment.

294-250 General interest charge

If an amount of *assessed excess transfer balance tax that you are liable to pay remains unpaid after the time by which it is due to be paid, you are liable to pay the *general interest charge on the unpaid amount for each day in the period that:

- (a) begins on the day on which the amount was due to be paid; and
- (b) ends on the last day on which, at the end of the day, any of the following remains unpaid:
 - (i) the assessed excess transfer balance tax;
 - (ii) general interest charge on any of the assessed excess transfer balance tax.

Note: The general interest charge is worked out under Part IIA of the *Taxation Administration Act 1953*.

136-1 What this Division is about

If you have excess transfer balance in your transfer balance account, the Commissioner may require you and your superannuation income stream provider to reduce the total amount of your superannuation income streams that are in the retirement phase.

Subdivision 136-A—Excess transfer balance determinations

Guide to Subdivision 136-A

136-5 What this Subdivision is about

If your transfer balance account exceeds the transfer balance cap, the excess must be reduced by commuting in full or in part your superannuation income streams that are in the retirement phase.

If you have more than one superannuation income stream, you may choose which one to commute.

Table of sections

Operative provisions

136-10	Excess transfer balance determination
136-15	Review
136-20	Electing to commute a different superannuation income stream
136-25	Notifying Commissioner of transfer balance debits

Operative provisions

136-10 Excess transfer balance determination

- (1) If you have *excess transfer balance in your *transfer balance account at the end of a day, the Commissioner may make a written determination stating the amount of that excess transfer balance.

Note: It is not necessary for the Commissioner to issue a determination under this subsection if the Commissioner becomes aware that you no longer have an excess transfer balance. You are still liable to pay excess transfer balance tax if no determination is issued: see Subdivision 294-F of the *Income Tax Assessment Act 1997*.

- (2) A determination under this section is an ***excess transfer balance determination***.
- (3) The amount of *excess transfer balance stated in an *excess transfer balance determination is a ***crystallised reduction amount***.

- (4) The Commissioner may amend or revoke an *excess transfer balance determination at any time before a commutation authority relating to the determination is issued under section 136-55.
- (5) Notice of a determination given by the Commissioner under this section is prima facie evidence of the matters stated in the notice.

Determination to include default commutation notice

- (6) A determination made under subsection (1) must include a notice:
 - (a) stating that, if you do not make an election under section 136-20 within the period specified in that section, the Commissioner will issue one or more commutation authorities; and
 - (b) specifying:
 - (i) the *superannuation income stream provider or providers to whom a commutation authority will be issued; and
 - (ii) the *superannuation income stream or streams that the providers will be obliged to commute in full or in part; and
 - (iii) if more than one commutation authority will be issued—the amount to be stated in each commutation authority, or the method the Commissioner will use to work out the amount to be stated in each commutation authority.
- (7) A notice included with an *excess transfer balance determination in accordance with subsection (6) is a **default commutation notice**.

136-15 Review

- (1) If you are dissatisfied with an *excess transfer balance determination made in relation to you, you may object against the determination in the manner set out in Part IVC.
- (2) However, for the purposes of Part IVC, the *default commutation notice does not form part of the taxation decision.

136-20 Electing to commute a different superannuation income stream

- (1) This section applies to you if:
 - (a) you receive an *excess transfer balance determination under section 136-10; and
 - (b) you are the *retirement phase recipient of 2 or more *superannuation income streams.
- (2) You may elect which of those *superannuation income streams is to be fully or partially commuted for the purpose of reducing the *transfer balance in your *transfer balance account by the *crystallised reduction amount.

Requirements for election

- (3) You make an election under subsection (2) by:
 - (a) identifying the *superannuation income stream or streams to be commuted in full or in part and the *superannuation income stream provider for each such stream; and
 - (b) if you identify more than one superannuation income stream—stating the amount to be commuted from each such income stream.
- (4) The election must:
 - (a) be in the *approved form; and
 - (b) be given to the Commissioner within:
 - (i) 60 days after the *excess transfer balance determination or amended excess transfer balance determination is issued; or
 - (ii) a further period allowed by the Commissioner.

Election is irrevocable

- (5) An election under this section is irrevocable.

136-25 Notifying Commissioner of transfer balance debits

- (1) This section applies to you if you have received an *excess transfer balance determination.

- (2) You may notify the Commissioner in the *approved form of the amount of a *transfer balance debit that arises in your *transfer balance account if the debit arises in the period:
- (a) beginning when the determination is made; and
 - (b) ending at the earlier of:
 - (i) the time you made an election under section 136-20; and
 - (ii) the end of the period within which an election under section 136-20 may be made.

Subdivision 136-B—Commutation authorities

Issuing in response to a valid election

- (2) If you have made a valid election under section 136-20, the Commissioner must issue a commutation authority under this section to each *superannuation income stream provider identified in your election.

Issuing if you do not make a valid election

- (4) If you have not made a valid election under section 136-20, the Commissioner must issue a commutation authority to each *superannuation income stream provider specified in the *default commutation notice.

Requirements for commutation authority

- (5) Each commutation authority must:
 - (a) specify the *superannuation income stream that the *superannuation income stream provider is to commute, in full or in part; and
 - (b) state the amount (the **reduction amount**) by which the superannuation income stream is to be reduced; and

136-65 Issuing further commutation authorities

- (1) The Commissioner may issue a commutation authority under this section to one or more *superannuation income stream providers under this section if:
 - (a) a commutation authority (the **original commutation authority**) was issued under section 136-55; and

 - (i) paid a *superannuation lump sum that fell short of the reduction amount stated in the original commutation authority; or
 - (ii) did not comply with the original commutation authority.
- (2) A commutation authority issued under this section must include the matters set out in subsection 136-55(5).

- (3) The Commissioner may issue a commutation authority under this section to any *superannuation income stream provider of a *superannuation income stream of which you are the *retirement phase recipient.
- (4) The total of all reduction amounts stated in commutation authorities issued under this section relating to an *excess transfer balance determination must not exceed the difference between:
 - (a) the commutable amount mentioned in subsection 136-55(1); and
 - (b) the sum of:
 - (i) any *superannuation lump sums notified to the Commissioner under section 136-85 in respect of the determination; and

- (1) The Commissioner must notify you in writing if, at the end of a day after the Commissioner has issued an *excess transfer balance determination to you:
 - (a) the sum of all *transfer balance debits arising in your *transfer balance account since the determination was issued falls short of the *crystallised reduction amount; and
 - (b) you have *excess transfer balance in your transfer balance account; and
 - (c) either:
 - (i) the only *superannuation income streams of which you are a *retirement phase recipient are *capped defined benefit income streams; or
 - (ii) you are no longer a retirement phase recipient of any superannuation income stream.

Note: A debit arises in your transfer balance account when the Commissioner issues a notice under this section: see item 7 of the table in subsection 294-80(1) of the *Income Tax Assessment Act 1997*.

- (2) A notice under subsection (1) must state the amount of the *excess transfer balance mentioned in paragraph (1)(b).

Obligations of superannuation income stream providers

136-80 Obligations on superannuation income stream providers

- (1) A *superannuation income stream provider issued with a commutation authority under this Subdivision must, within 60 days after the commutation authority is issued, pay by way of commutation of the specified *superannuation income stream, a *superannuation lump sum equal to the lesser of:
- (a) the reduction amount stated in the commutation authority; and
 - (b) the *maximum available release amount for the *superannuation interest that supports the specified superannuation income stream.

Exception for capped defined benefit income streams

- (2) Despite subsection (1), if the specified *superannuation income stream is a *capped defined benefit income stream, the *superannuation income stream provider may choose not to comply with the commutation authority.

authority, the provider must notify the Commissioner of that choice.

- (3) A notice under this section must be in the *approved form and must be given within 60 days after the commutation authority is issued.

Note: Section 286-75 provides an administrative penalty for breach of this subsection.

136-90 Notifying you

 - (b) chooses under subsection 136-80(2) not to comply with the commutation authority.

- (2) A notice under this section must be in the *approved form and must be given within 60 days after the commutation authority is issued.

Guide to Division 303

303-1 What this Division is about

Under Subdivision 303-A, the tax treatment of superannuation income stream benefits that are defined benefit income can be less favourable to you if that income exceeds your defined benefit income cap.

Subdivision 303-B sets out special circumstances in which superannuation benefits are neither assessable income nor exempt income.

	Operative provisions
303-2	Effect of exceeding defined benefit income cap on assessable income
303-3	Effect of exceeding defined benefit income cap on tax offsets
303-4	Meaning of <i>defined benefit income cap</i>

Operative provisions

303-2 Effect of exceeding defined benefit income cap on assessable income

(1) Despite sections 301-10 and 302-65, if:

- (a) during a *financial year, you receive one or more *superannuation income stream benefits:
 - (i) that are *defined benefit income; and
 - (ii) to which either section 301-10 or 302-65 applies; and
 - (b) the sum of all of those benefits (other than any *elements untaxed in the fund of those benefits) exceeds your *defined benefit income cap for the financial year;
50% of that excess is assessable income.
- (2) **Defined benefit income** is a *superannuation income stream benefit that is paid from a *capped defined benefit income stream.

303-3 Effect of exceeding defined benefit income cap on tax offsets

Despite sections 301-100 and 302-85, if:

- (a) during a *financial year, you receive one or more *superannuation income stream benefits:
 - (i) that are *defined benefit income; and
 - (ii) in relation to which you are entitled, or apart from this section you would be entitled, to one or more *tax offsets under section 301-100 or 302-85; and
- (b) the sum of all of the superannuation income stream benefits you receive during the financial year:
 - (i) that are defined benefit income; and
 - (ii) to which section 301-10, 301-100, 302-65 or 302-85 applies;exceeds your *defined benefit income cap for the financial year;
the sum of those tax offsets is reduced (but not below zero) by an amount equal to 10% of that excess.

303-4 Meaning of *defined benefit income cap*

- (1) Your **defined benefit income cap** for a *financial year is the following amount (rounded up to the nearest dollar):

The *general transfer balance cap for the *financial year

16

- (2) Despite subsection (1) of this section, if a particular day in a *financial year is the first day in relation to which section 301-10, 301-100, 302-65 or 302-85:

(a) applies to you; or

(b) would apart from this Subdivision apply to you;

your *defined benefit income cap* for the financial year is the following amount (rounded up to the nearest dollar):

$$\frac{\text{The *general transfer balance cap for the *financial year}}{16} \times \frac{1 + \frac{\text{Number of days remaining in the *financial year after that day}}{\text{Number of days in the *financial year}}}{1}$$

- (3) Despite subsections (1) and (2) of this section, if:

(a) in a case where subsection (1) applies—during the *financial year, you receive any amounts of *defined benefit income to which none of sections 301-10, 301-100, 302-65 and 302-85 apply; or

(b) in a case where subsection (2) applies—during the financial year, you receive after the day mentioned in that subsection any amounts of defined benefit income to which none of sections 301-10, 301-100, 302-65 and 302-85 apply;

your *defined benefit income cap* for the financial year under subsection (1) or (2) (as the case requires) is reduced by the sum of those amounts.

The object of this Subdivision is to provide temporary relief from certain capital gains that might arise as a result of individuals complying with the following legislative changes:

- (a) the introduction of a transfer balance cap (as a result of Schedule 1 to the *Treasury Laws Amendment (Fair and Sustainable Superannuation) Act 2016*);
- (b) the exclusion of transition to retirement income streams (and similar income streams) from being superannuation income streams in the retirement phase (as a result of Schedule 8 to that Act).

294-105 Interpretation

In this Subdivision:

pre-commencement period means the period:

- (a) starting on the start of the day on which the Bill that became the *Treasury Laws Amendment (Fair and Sustainable*

- Superannuation) Act 2016* was introduced into the House of Representatives; and
(b) ending just before 1 July 2017.

294-110 Segregated current pension assets

- (1) This section applies if:
- (a) at the start of the pre-commencement period, a CGT asset of a fund is a segregated current pension asset of the fund; and
 - (b) at a time (the *cessation time*) in the pre-commencement period, the asset ceases to be a segregated current pension asset of the fund; and
 - (c) the fund held the CGT asset throughout the pre-commencement period (disregarding subsection (3)); and
 - (d) the fund is a complying superannuation fund throughout the period:
 - (i) starting at the start of the pre-commencement period; and
 - (ii) ending at the cessation time; and
 - (e) the trustee of the fund makes a choice for the purposes of this paragraph in respect of the asset in accordance with subsection (2).
- (2) A choice made for the purposes of paragraph (1)(e):
- (a) is to be in the approved form; and
 - (b) can only be made on or before the day by which the trustee of the fund is required to lodge the fund's income tax return for the 2016-17 income year; and
 - (c) cannot be revoked.
- (3) For the purposes of Parts 3-1 and 3-3 of the *Income Tax Assessment Act 1997*, the fund is taken:
- (a) to have sold, immediately before the cessation time, the asset for a consideration equal to its market value; and
 - (b) to have purchased the asset again at the cessation time for a consideration equal to its market value.

**294-115 Superannuation funds using the proportionate method—
deemed sale and purchase of CGT asset**

Application

- (1) This section applies in relation to a CGT asset of a fund if:
 - (a) the fund is a complying superannuation fund throughout the pre-commencement period; and
 - (b) the proportion mentioned in subsection 295-390(3) of the *Income Tax Assessment Act 1997* in respect of the fund for the 2016-17 income year is greater than nil; and
 - (c) the fund held the asset throughout the pre-commencement period; and
 - (d) throughout the pre-commencement period, the asset:
 - (i) was not a segregated current pension asset of the fund; and
 - (ii) was not a segregated non-current asset of the fund; and
 - (e) the trustee of the fund makes a choice for the purposes of this paragraph in respect of the asset in accordance with subsection (2).
- (2) A choice made for the purposes of paragraph (1)(e):
 - (a) is to be in the approved form; and
 - (b) can only be made on or before the day by which the trustee of the fund is required to lodge the fund's income tax return for the 2016-17 income year; and
 - (c) cannot be revoked.

Deemed sale and purchase

- (3) For the purposes of Parts 3-1 and 3-3 of the *Income Tax Assessment Act 1997*, the fund is taken:
 - (a) to have sold, immediately before 1 July 2017, the asset for a consideration equal to its market value; and
 - (b) to have purchased the asset again just after that sale for a consideration equal to its market value.

**294-120 Superannuation funds using the proportionate method—
disregard initial capital gain but recognise deferred
notional gain**

Application

- (1) This section applies in relation to a CGT asset of a complying superannuation fund if:
 - (a) section 294-115 applies in relation to the CGT asset; and
 - (b) as a result of paragraph 294-115(3)(a), the fund makes a capital gain in respect of the asset (disregarding this section); and
 - (c) the trustee of the fund makes a choice for the purposes of this paragraph in respect of the asset in accordance with subsection (2).
- (2) A choice made for the purposes of paragraph (1)(c):

 - (c) cannot be revoked.

Disregard initial capital gain

- (3) Disregard the capital gain mentioned in paragraph (1)(b).

Recognition of deferred notional gain

- (4) The **deferred notional gain** is the 2016-17 non-exempt proportion of the amount of the fund's net capital gain for the 2016-17 income year determined on the assumptions that:
 - (a) subsection (3) of this section does not apply; and
 - (b) the fund made no capital gains in that income year other than the gain mentioned in paragraph (1)(b); and
 - (c) the fund made no capital losses in that income year; and
 - (d) the fund had no previously unapplied net capital losses from earlier income years.

- (5) For the purposes of Division 102 of the *Income Tax Assessment Act 1997*, if a realisation event happens to the asset in an income year that starts on or after 1 July 2017:
- (a) treat the fund as having made a capital gain in that income year equal to the deferred notional gain; and
 - (b) disregard section 102-20 of that Act in respect of that capital gain; and
 - (c) treat that capital gain as not being a discount capital gain.
- (6) Subsection 295-390(1) of the *Income Tax Assessment Act 1997* does not apply to the amount by which a net capital gain is increased (or comes into existence) as a result of subsection (5).
- (7) In this section:
- 2016-17 non-exempt proportion** means 1 minus the proportion mentioned in subsection 295-390(3) of the *Income Tax Assessment Act 1997* in respect of the fund for the 2016-17 income year.

deferred notional gain has the meaning given by subsection (4).

You may request the Commissioner to require the release of an amount from your superannuation interests if you are given:

960-285 Indexation—superannuation and employment termination

- (1) This section applies in relation to the amounts listed at items 8 to 12 in section 960-265.

Indexing amounts

- (2) You index the amount by:
 - (a) first, multiplying its base amount mentioned in subsection (3) by its *indexation factor mentioned in subsection (5); and
 - (b) next, rounding the result in paragraph (a) down to the nearest multiple of its *rounding amount.

Example 1: An amount of \$140,000 is to be indexed, with a rounding amount of \$5,000. If the indexation factor increases this to an indexed amount of \$143,000, the indexed amount is rounded back down to \$140,000.

Example 2: An amount of \$140,000 is to be indexed, with a rounding amount of \$5,000. If the indexation factor increases this to an indexed amount of \$146,000, the indexed amount is rounded down to \$145,000.

-
- (3) The amount (the **base amount**) for an amount to which this section applies is:
- (a) unless paragraph (b) applies—the amount for the 2007-2008 income year or *financial year; or
 - (b) if the amount is mentioned in item 9 or 10A in section 960-265—the amount for the 2017-2018 financial year.

Indexation factor

- (5) For indexing an amount, its **indexation factor** is:

*Index number mentioned in subsection (7) for the *quarter
ending on 31 December just before the start of
the relevant income year or *financial year

*Index number mentioned in subsection (7) for the base quarter

where:

base quarter means:

- (a) unless paragraph (b) applies—the quarter ending on 31 December 2006; or
 - (b) if the amount is mentioned in item 9 or 10A in section 960-265—the quarter ending on 31 December 2016.
- (6) You work out the *indexation factor mentioned in subsection (5) to 3 decimal places (rounding up if the fourth decimal place is 5 or more).

Index number and rounding amount

- (7) For indexing an amount to which this section applies:
- (a) the **index number** for a *quarter is set out in column 2 of the relevant item in the following table; and
 - (b) the **rounding amount** is set out in column 3 of that item.

Concepts for indexing rounded caps

Item	Column 1 Item in section 960-265	Column 2 Index number	Column 3 Rounding amount
1	Items 8, 10, 11 and 12	the *index number mentioned in subsection 960-280(4) (which is about average weekly ordinary time earnings)	\$5,000
2	Item 9 (concessional contributions cap)	the *index number mentioned in subsection 960-280(4) (which is about average weekly ordinary time earnings)	\$2,500
