

Department of Climate Change, Energy the Environment and Water

*Environment Protection and Biodiversity Conservation Act 1999*

Notice under Section 275

**Invitation for public comment on three draft National Recovery Plans**

The Australian Government Department of Climate Change, Energy, the Environment and Water is inviting comment on the draft National Recovery Plans for:

- **Australian lungfish** (*Neoceratodus forsteri*)
- **Golden sun moth** (*Synemon plana*)
- **Sandhill dunnart** (*Sminthopsis psammophila*)

The draft recovery plans are proposed to be made under the *Environment Protection and Biodiversity Conservation Act 1999*. They set out the research and management actions necessary to stop the decline and support the recovery of these threatened species.

The draft recovery plans are available at:

<http://www.dcceew.gov.au/environment/biodiversity/threatened/recovery-plans/comment>

Comments must be received by **2 October 2025** and should be sent to:

**Email:** [recoveryplans@dcceew.gov.au](mailto:recoveryplans@dcceew.gov.au)

**Postal address:**
