An Act to make a law for the government of certain Territories in relation to the evaluation, registration and control of agricultural and veterinary chemical products, and for related purposes

Recognising:

- (a) that the protection of the health and safety of human beings, animals and the environment is essential to the well-being of society and can be enhanced by putting in place a system to regulate agricultural chemical products and veterinary chemical products; and
- (b) that the principle of ecologically sustainable development requires a regulatory system that is designed to ensure that the use of such products today will not impair the prospects of future generations; and
- (c) that the furthering of trade and commerce between Australia and places outside Australia, and the present and future economic viability and competitiveness of primary industry and of a domestic industry for manufacturing and formulating such products, are essential for the well-being of the economy and require a system for regulating such products that is cost-effective, efficient, predictable, adaptive and responsive; and
- (d) that it is desirable to establish a regulatory system that is open and accountable and gives opportunity for public input with respect to the regulation of such products; and
- (e) that the system should, so far as practicable, be uniform throughout Australia; and
- (f) that uniformity could best be achieved by the enactment of legislation by the Parliament of the Commonwealth as a law for the government of the Australian Capital Territory and the adoption of that legislation by the Parliaments and legislatures of the States and the Northern Territory:

The Parliament of Australia enacts:

- (2) The provisions of that Code as so applying are in addition to, and do not affect, the *Industrial Chemicals (Notification and Assessment) Act 1989*, the *Food Standards Australia New Zealand Act 1991* and the *Therapeutic Goods Act 1989*.

- (4) The provisions of that Code as so applying that require the APVMA to give brief particulars of reasons for decisions do not affect the obligations of the APVMA under section 28 of the *Administrative Appeals Tribunal Act 1975* or section 13 of the *Administrative Decisions (Judicial Review) Act 1977*.
- (5) The provisions of that Code as so applying that relate to the disclosure of confidential commercial information do not affect the operation of the *Freedom of Information Act 1982*.

8 Application of Agvet Regulations in the participating Territories

Part 3—Citing the Agvet Code and the Agvet Regulations

11 References to Agvet Code and Agvet Regulations of other jurisdictions

- (1) This section has effect for the purposes of an Act, a law of a participating Territory, or an instrument made under an Act or such a law.
- (2) If a law of a State provides that the Code set out in the Schedule to the *Agricultural and Veterinary Chemicals Code Act 1994* as in force for the time being applies as a law of that State, the Agvet Code of that State is the Code so set out, applying as a law of that State.
- (3) If a law of a State provides that the regulations in force for the time being under section 6 of the *Agricultural and Veterinary Chemicals Code Act 1994* apply as regulations in force for the purposes of the Agvet Code of that State, the Agvet Regulations of that State are those regulations as so applying.

12 References to Agvet Codes and Agvet Regulations

- (1) The object of this section is to help ensure that the Agvet Code of the participating Territories can operate, in appropriate circumstances, as if that Code, together with the Agvet Code of each State, constituted a single national Agvet Code applying throughout Australia.
- (2) Subject to this section, a reference in an instrument to the Agvet Codes, or to the Agvet Regulations, is taken, for the purposes of the laws of the Commonwealth and of the laws of the participating Territories:
 - (a) to be a reference to the Agvet Code, or to the Agvet Regulations, as the case may be, of the participating Territories; and
 - (b) to include a separate reference to the Agvet Code, or to the Agvet Regulations, as the case may be, of each State.

- (3) Subsection (2) has effect except so far as the contrary intention appears in the instrument or the context of the reference otherwise requires.

Part 4—Application of Agvet Codes to the Crown

13 Agvet Code of the participating Territories

The Agvet Code of the participating Territories binds the Crown in all its capacities.

14 Agvet Code of other jurisdictions

The Agvet Code of each State binds the Crown in right of the Commonwealth, of the Australian Capital Territory and of Norfolk Island.

15 Crown not liable to prosecution

Nothing in this Part, or in the Agvet Code of any jurisdiction, renders the Crown liable to be prosecuted for an offence.

16 This Part overrides the prerogative

If, because of this Part, a provision of a law of the Commonwealth or of a State binds the Crown in right of the Commonwealth, of the Australian Capital Territory or of Norfolk Island, the Crown in that capacity is subject to that provision despite any prerogative right or privilege.

Part 5—Performance of functions that corresponding laws of States confer on Commonwealth authorities and officers

17 Ministers

A corresponding law may confer prescribed functions and powers on a Minister.

18 Commonwealth authorities and officers

- (1) A corresponding law of a jurisdiction may confer duties, functions and powers in respect of any matter arising in relation to the applicable provisions of the jurisdiction:
 - (a) upon the Administrative Appeals Tribunal; or
 - (b) upon an inspector appointed under subsection 69F(1) of the *Agricultural and Veterinary Chemicals (Administration) Act 1992*; or
 - (c) upon an analyst approved under section 69G of the *Agricultural and Veterinary Chemicals (Administration) Act 1992*.

Note: Subsection 7(2) of the *Agricultural and Veterinary Chemicals (Administration) Act 1992* deals with functions and powers conferred on the APVMA by State laws.

- (2) A corresponding law may confer such other duties, functions and powers as are prescribed upon authorities and officers of the Commonwealth.
- (3) In enacting subsections (1) and (2), it is the intention of the Parliament to rely on all powers available to it under the Constitution.

18A Conferral of duties, functions and powers

- (1) To the extent that an authority or officer of the Commonwealth (including a Minister) has a duty, function or power that is conferred, or taken to be conferred, by a corresponding law:

Section 19

- (a) that duty, function or power is not taken to be conferred by Commonwealth law; and
 - (b) section 18 is not taken to authorise the conferral of the duty, function or power;
- if the conferral or authorisation would contravene a constitutional doctrine restricting the duties that may be conferred on authorities or officers of the Commonwealth, or would otherwise exceed the legislative power of the Commonwealth.
- (2) If, to ensure the validity of the conferral of a duty, function or power purportedly conferred on an authority or officer of the Commonwealth (including a Minister) by a corresponding law, it is necessary that the duty, function or power be conferred by a law of the Commonwealth, rather than by a law of a State, the duty, function or power is taken to be conferred by this Act to the extent necessary to ensure that validity.
 - (3) If, because of subsection (2), this Act is taken to confer a duty, function or power upon an authority or officer of the Commonwealth (including a Minister), it is the intention of the Parliament to rely on all powers available to it under the Constitution to support the conferral of the duty, function or power.
 - (4) Subsections (2) and (3) do not limit section 18.

19 *Gazette* notices under corresponding laws

A corresponding law may require or permit a document, or a copy of a document, to be published in the *Gazette*.

- (3) Jurisdiction is conferred on the courts of the participating Territories with respect to all criminal matters arising under the Agvet Code of the participating Territories or the Agvet Regulations of the participating Territories.
- (4) The Federal Court of Australia may exercise jurisdiction (whether original or appellate) conferred on that Court by a law of the Northern Territory corresponding to this Part with respect to matters arising under the Agvet Code or the Agvet Regulations of the Northern Territory.

21 Exercise of jurisdiction under cross-vesting provisions

This Act does not affect the operation of a provision of any other law of the Commonwealth, or any law of a State or of a participating Territory, relating to cross-vesting of jurisdiction.

Part 7—Miscellaneous

22 Orders

Orders in force for the time being under section 7 of the *Agricultural and Veterinary Chemicals Code Act 1994* have the same effect for the purposes of the Agvet Code of the participating Territories as they would have if they were provisions of the Agvet Regulations of those Territories.

23 Manufacturing principles

- (1) The APVMA may determine for the purposes of Part 8 of the Agvet Code of the participating Territories written principles to be observed in the manufacture of chemical products that are consistent with the Agvet Codes, the Agvet Regulations and the laws of any jurisdiction that relate to occupational health or safety.
- (2) The manufacturing principles may relate to:

24 Repeal and transitional provisions

- (1) The *Agricultural and Veterinary Chemicals Act 1988* is repealed.

- (2) Despite subsection (1), section 47 of the repealed Act:
- (a) continues in force for the purposes of its application in relation to the period beginning on 1 July 1993 and ending immediately before the commencement of this Act; and
 - (b) if that period is shorter or longer than one year—applies as if that period were a year.

25 Regulations

The Governor-General may make regulations prescribing matters required or permitted by this Act to be prescribed.

Part 8—Imposition of fees and taxes

26 Fees (including taxes)

This section imposes the fees (including fees that are taxes) that the Agvet Regulations of the participating Territories prescribe.
