I, Nick Rayns, Executive Manager Fisheries, acting as a delegate of the Australian Fisheries Management Authority, make the following determination under subsection 42(1) of the Fisheries Management Act 1991.

Dated 1 December 2005
Nick Rayns

Executive Manager
Australian Fisheries Management Authority

Citation

1. This determination may be cited as Determination No. LN01.

Commencement

2. This determination commences on the day after it is registered on the Federal Register of Legislative Instruments.
Interpretation

3. In this determination:

“Southern and Eastern Scalefish and Shark Fishery” means all commercial fishing under a concession for the Southern and Eastern Scalefish and Shark Fishery in the sectors defined in Schedule 1 Part 2 (1) and (2) of the Southern and Eastern Scalefish and Shark Fishery Management Plan 2003.

“Southern Bluefin Tuna Fishery” means all commercial fishing under a concession for the Southern Bluefin Tuna Fishery in the area defined in Part 2, Section 4AA (3) of the Fisheries Management Regulations 1992.

“Eastern Tuna and Billfish Fishery” means all commercial fishing under a concession for the Eastern Tuna and Billfish Fishery in the area defined in Parts 1, 2 and 3 of Schedule 1 of the Eastern Tuna and Billfish Fishery Management Plan 2005.

“Western Tuna and Billfish Fishery” means all commercial fishing under a concession for the Western Tuna and Billfish Fishery in the area defined in Parts 1, 2 and 3 of Schedule 1 of the Western Tuna and Billfish Fishery Management Plan 2005.

“Coral Sea Fishery” means all commercial fishing under a concession for the Coral Sea Fishery in the area defined in Part 2 of Schedule 1A of the Fisheries Management Regulations 1992.

[Note: Terms defined in the Fisheries Management Act 1991 have the same meanings in this determination.]

Determination

4. That the Line Fishing Daily Fishing Log (LN01) (at Attachment A) be the form and content of logbook required for holders of relevant fishing concessions in the Southern and Eastern Scalefish and Shark Fishery. The logbook may also be issued for use in the Southern Bluefin Tuna Fishery, Eastern Tuna and Billfish Fishery, Western Tuna and Billfish Fishery and the Coral Sea fishery when AFMA is unable to issue the current form of logbook used by these fisheries.

5. That relevant concession holders in the Southern and Eastern Scalefish and Shark Fishery must keep and maintain the Line Fishing Daily Fishing Log (LN01).

6. If concession holders in the Southern Bluefin Tuna Fishery, Eastern Tuna and Billfish Fishery, Western Tuna and Billfish Fishery and Coral Sea Fishery are issued with the Line Fishing Daily Fishing Log (LN01) as their form of logbook, they must keep and maintain it.

Commonwealth Line Daily Fishing Log — LND1

General Information and Instructions
for Holders of Fishing Concessions

Purpose

This logbook is to be used when line fishing in Commonwealth Fisheries. It is designed to provide a continuous record of line fishing operations undertaken by Commonwealth fishing concession holders. Accurate data collected in this logbook is essential to provide information for research into and management of Australian fisheries.

Important Information and Instructions

Completing the logbook

- This logbook must be completed for every day that the fishing concession is in force, regardless of whether or not fishing takes place on that day (see the "How to Complete" section).
- All logbook information must be recorded on a sheet by sheet and daily basis and details for the last day of the trip must be recorded before the boat docks at the end of each trip.
- No carbon paper is required when completing these forms. Please use a ballpoint pen and place the "old-out" slip under the blue page to prevent marking the next set of forms.

Location of the logbook

- This logbook must be kept on board the boat that is nominated in respect of the fishing concession and named on the front of the logbook during fishing operations.
- This logbook must remain within a 50 metre radius of the boat.

Who should use this logbook?

- The holder of the fishing concession is responsible for ensuring that this logbook is completed and that it is certified as complete and correct. Alternatively, the holder can arrange for these things to be done on their behalf by a person authorised in writing to do so by the fishing concession holder in the approved form. Contact AFMA on phone 62 6772 5555 for details of how to authorise another person to complete the logbook.

Submitting logsheets

This logbook contains numbered pages in duplicate which are referred to as logsheets. Original copies must be submitted to AFMA in date order in either the reply paid envelope provided or posted to:

The Logbook Coordinator
Australian Fisheries Management Authority
Box 7061
Canberra Business Centre ACT 2610

For quota managed fisheries and/or fisheries that require the completion of a catch disposal record (CDR) the original copies of logsheets must be returned with the CDR for that trip within the time stipulated in the CDR instructions. For the Skid Pelagic Fishery (SPF) the original copies of logsheets must be returned within 7 days of the completion of each fishing trip.

For all other fisheries the original copies of logsheets must be returned by the 14th day of the following month, e.g., logsheets for March are due by the 14th of April.

All duplicate copies of logsheets should be retained.

Penalties

Concession holders and authorised persons completing this logbook on their behalf are advised that:

(i) a failure by a concession holder to ensure the completion of the logbook in accordance with these instructions;
(ii) the giving of false or misleading information in the logbook by the concession holder or an authorised person completing the logbook on their behalf;
(iii) the recording or communicating by the concession holder or anyone else of information in a logbook containing the affairs of another person, or the giving by the concession holder or anyone else to another person of a part of a logbook in which information is recorded, (unless the recording, communicating or giving is done in accordance with the Fisheries Management Act 1991, Fisheries Management Regulations 1992 or the Fisheries Management Regulations 2002 or an order of court, tribunal or a person authorised to receive evidence) may constitute serious offences under Commonwealth laws.

Concession holders are also advised that failure to ensure the completion of the logbook in accordance with the instructions may lead to suspension or cancellation of their concession.

Help Available

There is an example of a completed logsheet and further information and instructions about how to complete the logbook at the front of this logbook. If you have any questions or problems, please contact an AFMA Logbook Officer on 62 6772 5555.

Commonwealth Line Daily Fishing Log - LN01
Instruction Page

Yessel, Gear and Contact Details
The Yessel, Gear and Contact Details Form should be completed by the Consolation Holder or Authorised Person and submitted to AFMA within 14 days of receipt of the logbook. A second Yessel, Gear and Contact Details Form is located in the middle of the logbook. Please complete and submit this form if any of the yessel and/or gear details change, or if the authorised person for the yessel logbook has changed.

Catch and Effort Log Page
When fishing, record details on a shot by shot basis.

Page Header
Enter the Boat Name and Distinguising Symbol and Prior Landing Name here.

Trip Date
On the first sheet used for a trip record the date of departure, on the last page used for a trip record the date of return.

Non-Fishing Period
If you are not fishing for a period within the month(s), please specify the dates during which you did not work. This will reduce the number of logbook days needed to account for every day your fishing concession is valid. Do not use single pages for single sequential non-fishing days.

Non-Fishing Code
Circle the reason why you were not working during the dates you have indicated. If you were operating in another fishery please write in the name of the other fishery in the space provided.

Fishery
Circle the code for the fishery sector you are operating in, GHT (SBSB Gillnet, Hook and Trap Sector of GHSB), CSF (Coral Sea Fishery), NFO (Norfolk Offshore), HS (High Seas Fishery), SKJ (S Jillfish Fishery), ETBF (Eastern Tuna and Billfish Fishery) or SWBF (Southern and Western Tuna and Billfish Fishery). If you are not operating in any of these fishing areas write in the name of the fishery in the space provided.
- Subject to the concession conditions, if during the one trip you move operation from one fishery to another, you must start a new logpage and circle the new fishery.

Gear Type/Code guide
This is a guide to line fishing methods and their gear codes. Use this table to fill in the Gear Used codes on a shot by shot basis.

Fishing Details
Gear Used
Circle the code for the gear type you are using as seen in the Gear Type/Code guide.

Data
Each column refers to one fishing shot. Record the data for the shot.

Start Fishing Time
Record the time when starting to shoot each shot.

End Fishing Time
Record the time when finishing to shoot each shot.

Start and End Position
Record a start and end latitude and longitude that represents the area that your gear is set between.

Minimum and Maximum Depth
Circle depth units (meters or fathoms) and record the maximum and minimum of the depth range fished.

Bait Used
Record the type of bait being used and an approximate weight (kg).

Gear Lost
Record an estimated length of line lost in metres and number of hooks lost.

Longline (including autoline) and Trolino only
Record the total number of hooks and total length (m) of line used in the shot.

Dropline
Record the number of times the lines were lifted during the shot and the average number of hooks per line.

Pole and Minor Line
Record the number of lines used if you are fishing with any of the minor lines (Handline, Rod and Reel or Trolling or Paling).

#### Instruction Page (Continued)

<table>
<thead>
<tr>
<th>Catch Details</th>
<th>Listed Marine and Threatened Species</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Target Species</strong></td>
<td>Please circle YES or NO to indicate if your gear came into contact with or caught a listed marine or threatened species.</td>
</tr>
<tr>
<td>Place a tick in the space provided to show the main target species you were trying to catch for the day. If it is important that you specify what species you were trying to catch rather than what species you ended up catching.</td>
<td>If you did have an interaction with a listed marine or threatened species please complete the Listed Marine and Threatened Species Form at the back of this log book and submit it with the relevant log page.</td>
</tr>
<tr>
<td><strong>Catch Weight</strong></td>
<td></td>
</tr>
<tr>
<td>For each species caught and retained you must record the estimated weight (kg) kept.</td>
<td></td>
</tr>
<tr>
<td><strong>Catch Number</strong></td>
<td>Time Box</td>
</tr>
<tr>
<td>This is voluntary but is very useful to determine whether there has been a change in average fish size over time. Note: Shark numbers must be recorded.</td>
<td>All Commonwealth Departments are required to have time boxes included on their forms. This initiative forms part of the Government's regulatory reform strategy to reduce the paperwork and compliance burden on business.</td>
</tr>
<tr>
<td><strong>Form Code</strong></td>
<td><strong>Comments</strong></td>
</tr>
<tr>
<td>If the estimated weight you recorded refers to fish that have been processed in line with conservation requirements record the appropriate form code. GS = Grilled and Gutted, HB = Headed and Gutted, F = Filleted, TR = Trunked (shark).</td>
<td>This section is provided for any further information that you think may be important such as: gear failure, weather, damaged fish, size of fish, and loss of catch to seals etc.</td>
</tr>
<tr>
<td><strong>Discard Weight</strong></td>
<td>Signature and Date Box</td>
</tr>
<tr>
<td>For each species caught and not retained record the estimated weight (kg) discarded.</td>
<td>Each log sheet requires the date and signature of the Concession Holder or Authorised Person (person authorised to act on behalf of the concession holder). The signature verifies that the information recorded in the log book is an accurate record of the fishing operation including estimated landed weights.</td>
</tr>
<tr>
<td><strong>Discard Code</strong></td>
<td></td>
</tr>
<tr>
<td>For each discarded species indicate the reason(s) they were not kept using the following discard codes. NO = No Quota, MP = Market Price, US = Under Size, UN = Un-Marketable, DM = Damaged, TL = Trip Limit.</td>
<td></td>
</tr>
<tr>
<td><strong>Other Species</strong></td>
<td></td>
</tr>
<tr>
<td>If any species are caught that are not listed on the logsheet, specify their names in the blank space provided and record the estimated weights (kg) and form/discard codes for retained and discarded catch. Please be species specific and avoid recording fish as &quot;mixed fish.&quot;</td>
<td></td>
</tr>
</tbody>
</table>

### Comments:

Cut out large tangled end of line. Lost some line and hooks but recovered and repaced with new.

**Comments:**

Is there anything else that you believe to be important information, for example: Details of the fish, size, number, etc.? Where was the animal landed? (River, coastal, etc.)? How was the animal released? (Line, boat, etc.)? When was the animal released? (Line, boat, etc.)?

I certify the information which I have provided on this form to be complete and accurate.

**Concession Holder/Authorised Person Signature and Date:**

Please provide an estimate of the time taken to complete this form: __________________ minutes.
Please Remember

- In this logbook you must account for every day that your Fishing Concession is in force, regardless of whether or not you fish on that day.

- This logbook should be on your vessel and completed daily while you are fishing. The details for a shot must be recorded before hauling the next shot. Details for the last shot of the trip must be completed before the vessel enters port.

Line Fishing Daily Fishing Log – LN01
### Listed Marine and Threatened Species List

Under the *Environment Protection and Biodiversity Conservation Act 1999* the following species are listed as protected. This list is current at the date of publishing. For further information about Listed Marine and Threatened Species or to check updates to these lists please go to [www.deh.gov.au](http://www.deh.gov.au).

Please be as specific as you can with regard to the species identification.

#### LISTED MARINE SPECIES

**Fish**
- All species of Syngnathid (Pipefish, Seahorses & Sea Dragons).

**Marine Reptiles**
- All species of Turtle, Sea Snake and Crocodile.

**Seals**
- All species of Seal and Sea Lion.

**Cetaceans**
- All species of Dolphin, Whale, Porpoise and Dugong.

**Sea Birds**
- All species of Seabird.

#### THREATENED FISH SPECIES

- Grey Nurse Shark (*Carcharias taurus*) - East and west coast population
- Speartooth Shark (*Glyphis sp. A*)
- Northern River Shark (*Glyphis sp. C*)
- Great White Shark (*Carcharodon carcharias*)
- Freshwater Sawfish (*Pristis microdon*)
- Whale Shark (*Rhincodon typus*)
