EXPLANATORY STATEMENT

Issued by the authority of the Minister for Agriculture, Fisheries and Forestry

Export Control (Orders) Regulations 1982

Export Control (Plants and Plant Products) Amendment Orders 2006 (No.1)

Section 3 of the Export Control Act 1982 (‘the Act’) defines ‘prescribed goods’ to mean goods, or goods included in a class of goods, that are declared by the regulations to be prescribed goods for the purposes of the Act. Section 7 of the Act provides that the regulations may prohibit the export of prescribed goods from Australia absolutely or to a specified place or unless specified conditions or restrictions are complied with or to a specified place unless conditions or restrictions are complied with.

Subsection 25(1) of the Act provides that the Governor-General may make regulations, not inconsistent with the Act, prescribing matters required or permitted by the Act to be prescribed; or necessary or convenient to be prescribed for carrying out or for giving effect to the Act. The matters that the regulations may make provision for include:

- under paragraph 25(2)(f) of the Act, the prescribing of penalties not exceeding 50 penalty units for offences against the regulations; and
- under paragraph 25(2)(g) of the Act, subject to subsection 25(3) of the Act, empowering the Minister to make orders, not inconsistent with the regulations, with respect to any matter for or in relation to which provision may be made by the regulations.

Subsection 25(3) of the Act states that an order shall not be made prescribing any penalty for an offence.

Regulation 3 of the Export Control (Orders) Regulations 1982 provides that the Minister may, by instrument in writing, make orders, not inconsistent with regulations made under the Act, with respect to any matter for or in relation to which provision may be made by regulations made under the Act.

The Export Control (Plants and Plant Product) Orders 2005 (‘the Principal Orders’) regulate the export of plants and plant products that are prescribed goods.

The purpose of the Export Control (Plants and Plant Products) Amendment Orders 2006 (No.1) is to amend the Principal Orders to insert a new suborder 46.1A to clarify that the export of prescribed goods is prohibited unless an export permit for the export of the goods is in force.

No consultation has occurred because the amendments are of a minor or machinery nature and do not substantially alter existing arrangements.
The Amendment Orders are a legislative instrument for the purposes of the *Legislative Instruments Act 2003*.
