Amendment of the List of Exempt Native Specimens in accordance with Section 303DC

Section 303DB of the Environment Protection and Biodiversity Conservation Act 1999 (the EPBC Act) provides for the establishment of a list of exempt native specimens. Specimens included on the list are exempt from the trade control provisions that apply to regulated native specimens.

The effect of this instrument is to add the following specimens to the list of exempt native specimens and to make those inclusions subject to the notations specified below:

- Specimens that are or are derived from fish or invertebrates, other than specimens that belong to species listed under Part 13 of the EPBC Act, taken in the Northern Territory Spanish Mackerel Fishery, as defined in the Northern Territory Spanish Mackerel Fishery Management Plan 2005 in force under the Northern Territory Fisheries Regulations 1993 and the Northern Territory Fisheries Act 1988.

The inclusion of the specimens in the list is subject to the following notations:

- The specimen, or the fish or invertebrate from which it is derived, was taken lawfully; and
- The specimen is included on the list until 11 February 2013.

Listing of the specimens described above on the list of exempt native specimens will allow continued export of these specimens for the next five years.

In determining to include the specimens in the list of exempt native specimens regard was had to the Australian Government’s Guidelines for the Ecologically Sustainable Management of Fisheries – 2nd Edition. Those Guidelines establish the criteria for assessment of the ecological sustainability of the relevant fisheries management arrangements.

In accordance with section 303DC of the EPBC Act, consultation was undertaken with the following Ministers of the Commonwealth and of each State and self-governing Territory: the Hon Chris Natt MLA, Minister for Primary Industry, Fisheries and Mines.

Consultation was also undertaken in accordance with section 303DC(3)(c) of the EPBC Act. This extended to the Northern Territory Department of Primary Industry, Fisheries and Mines.
