4.1 If a residential college is established in accordance with this Statute, the Council may grant affiliation with the University to that college.

5 Colleges may be erected on land of the University
5.1 The Council may permit a residential college affiliated with the University to be erected on land the subject of a lease to the University.

6 Resident members
6.1 A residential college must not permit a person (other than a member of the staff of the college or the spouse or partner or a child of such a member of staff) to reside at the college unless the person is a resident member of the college.

6.2 A residential college must not admit a person to resident membership unless the person:

6.3 However, a residential college may admit to resident membership a person, not being a person to whom subsection 6.2 applies, who has reached an educational standard comparable, in the opinion of the Vice-Chancellor or his or her nominee, with the educational standard of a student admitted to candidature in, or enrolled for, a program of study leading to an award of the University.

6.4 Nevertheless, the number of persons admitted as residents under subsection 6.3 must not exceed 10% of the total number of residents of the college (other than members of the staff of the college or a spouse or partner or a child of such members of staff) at the time of the admission.

11 Withdrawal of affiliation

11.1 If, in the opinion of the Council, a residential college or its governing body has failed to comply with this Statute, the Council may withdraw the affiliation of a college with the University.

11.2 The Council must give the governing body of a residential college 2 months' notice in writing that it intends to withdraw the affiliation of the residential college with the University.

11.3 Before giving notice under subsection 11.2, the Council must:

   (a) notify the governing body of the residential college of the matters regarding which it is alleged that the college has failed to comply with this Statute; and

   (b) give the governing body of the residential college an opportunity to show cause why the affiliation should not be withdrawn.

12 Effect of withdrawal on property of college

12.1 If the Council withdraws the affiliation of a residential college to which section 5 applies, the Council may take over the whole, or such part as the Council determines, of the property and assets of the college and in that event, the Council must pay reasonable compensation to the college in respect of the property and assets so taken over.

12.2 The amount of the compensation in respect of the property and assets so taken over must, in the absence of agreement between the Council and the governing body of the residential college, be settled in accordance with the law in force in the Australian Capital Territory in relation to arbitration.
