3.1 The Chair of the Academic Board is to convene all meetings of the Board and preside at all meetings of the Board at which he or she is present.

[Note: It is expected that the Board will meet at least 6 times per year.]
3.2 At a meeting of the Board, 50% of its members constitute a quorum, or, if that number is not a whole number, then the next whole number greater than the first-mentioned number.

3.3 The Chair of the Board must convene a meeting of the Board at any time if asked to do so by at least 50% of the members.

3.4 The procedures of the Board are to be determined by the Chair taking into account the advice of the members.

3.5 The Vice-Chancellor is to nominate officers of the University to provide secretariat and other support to the Board.

3.6 At a meeting of the Board, the Chair has a deliberative and a casting vote.

3.7 If the Chair is for any reason unable to convene or chair a meeting of the Board or otherwise perform the functions or duties of Chair of the Board, the Deputy Chair is to act in the place of the Chair.

4 Academic Board -- Alternates

4.1 If a Registrar is unable to attend a meeting, the Registrar may appoint, as an alternate to attend that meeting, a person who holds a senior management role in a Division for which the Registrar has direct responsibility.

4.2 If a Dean of an ANU College is unable to attend a meeting, the Dean may appoint, as an alternate to attend that meeting, an academic staff member who is a member of the College Executive Committee of the Dean’s College.

4.3 If the Dean of Medicine and Health Sciences is unable to attend a meeting, the Dean may appoint, as an alternate to attend that meeting, a senior member of the academic staff of the ANU Medical School.

4.4 If the University Librarian is unable to attend a meeting, the University Librarian may appoint, as an alternate to attend that meeting, a person who holds a senior management role in the University Library and who reports directly to the University Librarian.

4.5 If an elected academic staff member from a College is unable to attend a meeting, the Dean of that College may nominate an alternate to attend that meeting.

5.1 An alternate for a member of the Board:
   (a) counts towards the Board’s quorum;
   (b) may speak, move and vote on matters before the Board;
   (c) may not be nominated to hold the position of Deputy Chair or otherwise assume the Chair.

6 Academic Board -- Vacancies

6.1 If an elected or appointed member is absent for 3 meetings of the Board without the approval of the Chair, the member may be removed from the Board and the Chair may appoint a person who would otherwise be eligible for election or appointment to the position to complete the remainder of the former member’s term of office.

6.2 If an elected position of a member falls vacant due to:
   (a) the resignation of the member; or
   (b) the death of the member; or
   (c) the member ceasing to hold the requisite qualifications for the position;

the Chair may appoint a person who would otherwise be eligible to hold the position to complete the remainder of the former member’s term of office.

6.3 The Chair must consult with the Dean of the relevant College before making an appointment under this rule in relation to a position referred to in paragraphs 6.1(j) to (p) of the Statute.

7 Election to be conducted in accordance with Schedule

7.1 An election of a member of the Board must be conducted in accordance with the Schedule.

7.2 However, for paragraph 6(1)(j) to (p) of the Statute, a College Dean may adopt an alternative election procedure (in whole or part) for the election of academic staff from the Dean’s college.

8 Nominations not exceeding vacancies

8.1 If, at an election, the number of nominations does not exceed the number of seats to be filled, the Returning Officer must declare the persons nominated to be elected.

8.2 If, after all nominees have been declared elected, not all positions have been filled, the Returning Officer must re-open nominations for a further period not longer than 14 days.

8.3 If, at the end of that further period, there are still insufficient nominations to fill all positions, the Returning Officer is to declare the unfilled positions to be casual vacancies, to be filled in accordance with the Rules.

(c) voting papers for the election may be provided by email or on the internet; and
(d) the Schedule applies to an election with such modifications as the Returning Officer regards as necessary for the conduct of the election using the internet.

10.3 In spite of paragraph 10.2(d), if an election is to be conducted using the internet, the Returning Officer must ensure that the ballot is secret and that the identity of each person voting is kept separately from the person’s vote.

   (b) the candidate who has received the largest number of first preference votes must, if that number constitutes an absolute majority of votes, be elected;
   (c) if no candidate has received an absolute majority of first preference votes, the counting of votes must proceed as follows:
      (i) the candidate who has received the fewest first preference votes is to be excluded, and each voting paper counted to that candidate must be counted to the candidate next in the order of the voter’s preference;
      (ii) if a candidate then has an absolute majority of votes that candidate is elected, but if no candidate then has an absolute majority of votes, the process of excluding the candidate who has the fewest votes, and counting each of that candidate’s voting papers to the unexcluded candidate next in the order of the voter’s preference, must be repeated until 1 candidate has received an absolute majority of votes; and
      (iii) the candidate who has received an absolute majority of votes is elected.

14. In an election at which more than 1 candidate is to be elected, the result of the election must be determined in the manner following:
   (a) the first preference votes given for each candidate on all unrejected voting papers are to be counted;
(b) the aggregate number of such first preference votes is to be divided by 1 more than the number of candidates required to be elected, and the quotient increased by 1, disregarding any remainder, is to be the quota, and (except as provided in paragraph (j)) no candidate is to be elected until the candidate obtains a number of votes equal to or greater than the quota;

(c) any candidate who has, upon the first preference votes being counted, a number of such votes equal to or greater than the quota is to be declared elected;

(d) if the number of such votes obtained by any candidate is equal to the quota, the whole of the voting papers on which a first preference vote is recorded for such elected candidate must be set aside as finally dealt with;

(e) if the number of such votes obtained by any candidate is in excess of the quota, the proportion of votes in excess of the quota is to be transferred to the other candidates not yet declared elected, next in the order of the voter’s preferences, in the following manner:

(i) all the voting papers on which a first preference vote is recorded for the elected candidate must be re-examined, and the number of second preference votes, or (in the case provided for in clause 16) third or next consecutive preferences, recorded for each unelected candidate must be counted;

(ii) the surplus of the elected candidate must be divided by the total number of votes obtained by that candidate on the counting of the first preference votes, and the resulting fraction, truncated to 6 decimal places, is the transfer value;

(iii) the number of second or other preferences ascertained in subparagraph (i) to be recorded for each unelected candidate, must be multiplied by the transfer value and the calculated product expressed as an integer (ignoring any fraction);

(iv) the resulting number must be credited to each unelected candidate, and added to the number of votes obtained by each unelected candidate on the counting of the first preference votes;

(f) if on the counting of the first preference votes or on any transfer:

(i) more than 1 candidate has a surplus, the largest surplus is to be first dealt with; and

(ii) after subparagraph (i) has been complied with, more than 1 candidate has a surplus, the then largest surplus is to be dealt with, and so on; provided that if 1 candidate has obtained a surplus at a count or transfer previous to that at which another candidate obtains a surplus, the surplus of the former is to be first dealt with; and

(iii) more than 1 candidate has a surplus of the same number of votes, the highest on the poll at the count or transfer at which they last had an unequal number of votes is to be the first dealt with, and if they had an equal number of votes at all preceding counts or transfers, the Returning Officer must decide by lot which candidate’s surplus is to be first dealt with;

(g) if the number of votes obtained by a candidate is raised up to or above the quota by a transfer under paragraph (f):

(i) the candidate is to be declared elected, and in such case, notwithstanding the fact that the candidate may have reached the quota, such transfer is to be completed, and all the votes to which the candidate is entitled from the transfer must be transferred to the
candidate, but no votes of any other candidate are to be so transferred; then

(ii) the whole of the voting papers on which such votes are recorded are to be set aside as finally dealt with; then

(iii) the candidate's surplus must be transferred to the candidates next in the order of the voters' respective preferences, in the following manner:

(A) the voting papers on which are recorded the votes obtained by the elected candidate in the last transfer must be re-examined, and the number of third, or (in the case provided for in clause 16) next consecutive preferences recorded for each unelected candidate on each such voting paper counted;

(B) the surplus of the elected candidate must be divided by the total number of voting papers mentioned in subsubparagraph (A), and the resulting fraction, truncated to 6 decimal places, is the transfer value;

(C) the number of preferences, ascertained in subsubparagraph (A) to be recorded for each unelected candidate, must be multiplied by the transfer value and the calculated product expressed as an integer (ignoring any fraction);

(D) the resulting number must be credited to each unelected candidate, and added to the number of votes previously obtained by that candidate;

(h) if, after the first preference votes have been counted and all surpluses (if any) have been transferred in accordance with this Schedule, no candidate, or less than the number of candidates required to be elected, has or have obtained the quota:

(i) the candidate who is lowest on the poll is to be excluded, and all the votes obtained by that candidate are to be transferred to the candidates next in the order of the voters' respective preferences, in the same manner as is directed in paragraph (e); then

(ii) the votes obtained by such excluded candidate as first preference votes must first be transferred, the transfer value of each vote in this case being 1; then

(iii) the other votes of such excluded candidate must then be dealt with in order of the transfers in which, and at the transfer value at which, that candidate obtained them; and then

(iv) each of the transfers which takes place under subparagraphs (ii) and (iii) is to be regarded for all purposes to be a separate transfer;

(i) if a number of votes obtained by a candidate is raised up to or above the quota by any such transfer:

(i) the candidate must be declared elected, and, in such case, notwithstanding the fact that the candidate may have reached the quota, such transfer is to be completed, and all the votes to which the candidate is entitled from the transfer must be transferred to the candidate, but no other votes must be so transferred; then

(ii) the whole of the voting papers on which such votes are recorded must be set aside as finally dealt with; then

(iii) the surplus must be transferred to the candidates next in the order of the voters' respective preferences in the same manner as is directed in
subparagraph (g)(iii); provided that such surplus must not be dealt with until all the votes of the excluded candidate have been transferred; and then

(iv) if any surplus exists it must be dealt with before any other candidate is excluded;

(j) the same process of excluding the candidate lowest on the poll and transferring that candidate's votes to other candidates must be repeated until all the candidates, except the number required to be elected, have been excluded, and the unexcluded candidates who have not already been so declared, must then be declared elected.

15. If 2 or more candidates have the same number of votes and it becomes necessary to exclude 1 of them, then whichever of the candidates was lowest on the poll at the last count or transfer at which they had an unequal number of votes must be excluded and, if such candidates have an equal number of votes at all preceding counts or transfers or if there was no preceding count or transfer, the Returning Officer must decide by lot which candidate must be excluded.

16. In determining which candidate is next in the order of the voter's preference, any candidates who have been declared elected or who have been excluded must not be considered, and the order of the voter's preference must be determined as if the names of such candidates had not been on the voting paper.

17. If on any count or transfer it is found that on any voting paper there is no candidate next in the order of the voter's preference, that voting paper must be set aside as exhausted.

18. The Returning Officer may, on the request of any candidate setting forth the reasons for the request, or of the Returning Officer's own motion, recount the voting papers received in connection with any election.

19.(1) If, before the poll is declared at an election, the Returning Officer is satisfied that the election has been vitiated by reason of an irregularity in the course or conduct of the election, the Returning Officer may declare the election to be void from the commencement of the election or from such point in the proceedings of the election as the Returning Officer specifies in the declaration, being a point in those proceedings after the notification of the fact that the election was necessary but before the occurrence of the irregularity.

(2) If, under subclause (1), the Returning Officer declares an election to be void from the commencement of the election, the Returning Officer must, as soon as practicable after making the declaration, conduct a further election in accordance with these Rules in place of the void election.

(3) If, in pursuance of subclause (1), the Returning Officer declares an election to be void from a point in the proceedings after the notification of the fact that the election was necessary, the Returning Officer must determine what further proceedings in the election are necessary to ensure that the election will be regularly conducted and must, subject to subclause (4), conduct those further proceedings in accordance with these Rules in place of the void proceedings.

(4) In the conduct of any further proceedings in an election under subclause (3), the Returning Officer may, notwithstanding anything contained in clause 1, determine the intervals to be allowed between the occurrence of any events in the course of those further proceedings.
