Amendment Statement of Principles concerning Depressive Disorder (Reasonable Hypothesis) (No. 29 of 2016) Veterans’ Entitlements Act 1986

Authorised Version F2016L00257 registered 08/03/2016
This management may include, but is not limited to, assistance with activities of daily living; bed rest; dietary modification; drug therapy; nursing care; oxygen therapy or physiotherapy. This management must be supervised by a registered health practitioner.

Severe, chronic medical conditions do not usually resolve spontaneously, are rarely cured completely and may progress to life threatening illnesses. Examples of these conditions include poorly controlled asthma, chronic obstructive pulmonary disease, poorly controlled diabetes mellitus, inflammatory bowel disease, pemphigus, psoriasis and rheumatoid arthritis.
