3 Authority
This instrument is made under subsection 92(2) of the Veterans’ Entitlements Act 1986.

5 Interpretation
In this instrument:

Act means the Veterans’ Entitlements Act 1986.

accepted mental health disability, in relation to a member or former member of the Australian Defence Force who is not a veteran, member of the Forces or a member of a Peacekeeping Force, means:

(a) a mental health disability of the person for which the Military Rehabilitation and Compensation Commission has accepted liability to pay compensation under the Military Rehabilitation and Compensation Act 2004; or

(b) a mental health disability of the person for which the person has received compensation under the Safety, Rehabilitation and Compensation Act 1988.

Note 1: A veteran, member of the Forces or a member of a Peacekeeping Force, with a mental health disability (whether a pension is paid for it or not) is eligible for counselling under section 92 of the Act, as affected by section 81, simply by virtue of being “a veteran”.

Note 2: Section 81 of the Act provides that for the purposes of Part V of the Act i.e. the Part containing section 92 under which counselling may be provided, “veteran” includes a “member of the Forces”, or a “member of a Peacekeeping Force”, as defined by subsection 68(1) of the Act.
**Australian or overseas disaster zone service** means service rendered by a member of the Australian Defence Force in an area in or outside Australia that, in the opinion of the Commission, was an area in which a natural or other disaster occurred and the service was rendered as part of the disaster relief effort.

**border protection service** means service rendered by a member of the Australian Defence Force in an area in or outside Australia that, in the opinion of the Commission, had the purpose of securing Australia’s borders against a potential or real threat by a State, person or persons.

**break-up date**, in relation to a former partner of a person, means the date on which a divorce-order takes effect in respect of the marriage between the former partner and the person or, as the case may be, the date on which the marriage-like relationship between the former partner and the person ceased to exist.

**Gold Card holder** means a person who has been provided by the Department with a Repatriation Health Card known as the Gold Card to indicate eligibility under veterans affairs law for treatment, subject to the Treatment Principles, for all injuries or diseases.

**family member** of a person, means:

(a) a parent, partner, child or sibling of the person; or

(b) another person, who in the opinion of the Commission, should be treated as a family member of the person for the purposes of this instrument.

**former child** means a person who was once a child within the meaning of subsection 5F(1) of the Act.

*Note:* "Child" as defined in the Act means someone who has not turned 16 years or, someone who is in full-time education has not turned 25 years but does not include such a person receiving certain benefits under the Social Security Act 1991 such as a disability support pension and carer payments – see subsection 5F(1) of the Act. A “former child” is, therefore, depending on their education circumstances, a child aged 16 years or over or aged 25 years or over.

**former partner** of a person means a person who was once a partner of the person within the meaning of subsection 5E(1) of the Act.

*Note:* “Partner” is defined in subsection 5E(1) of the Act, in relation to a person who is a member of a couple, to mean the other member of the couple. “Member of a couple” includes a person in a legal marriage or in a same sex or different sex relationship who is not living separately and apart from the other person in that marriage or relationship on a permanent basis – see subsection 5E(2) of the Act.

**killed in a service-related incident**, in relation to a service member, means:

(a) if the service member was rendering defence service under the Military Rehabilitation and Compensation Act 2004 at the time of being killed in the incident – the service member’s death is a service-death; or

(b) if the service member was rendering defence service under the Safety, Rehabilitation and Compensation Act 1988 (SRCA) at the time of being killed in the incident – the service member’s death resulted from an injury as defined in the SRCA.
**Note 1:** The definition of “defence service” is the same in both Acts.

**sibling** has the same meaning as it has in section 23 of the *Social Security Act 1991.*
