**7 Kind of injury, disease or death to which this Statement of Principles relates**

Note: *terminal event* is defined in the Schedule 1 – Dictionary.

**8 Basis for determining the factors**

The Repatriation Medical Authority is of the view that there is sound medical-scientific evidence that indicates that suicide or attempted suicide and death from attempted suicide can be related to relevant service rendered by veterans, members of Peacekeeping Forces, or members of the Forces under the VEA, or members under the MRCA.

Note: *relevant service* is defined in the Schedule 1 – Dictionary.

Note 1: A category 2 stressor can arise in a variety of circumstances connected with service. Note 2: *category 2 stressor* is defined in the Schedule 1 – Dictionary.

- (2) that factor refers to an injury or disease in respect of which a Statement of Principles has been determined under subsection 196B(2) of the VEA;
