## About this compilation

### This compilation

This is a compilation of the *Radiocommunications (Cellular Mobile Telecommunications Devices) Class Licence 2014* that shows the text of the law as amended and in force on 17 June 2021 (the *compilation date*).

The notes at the end of this compilation (the *endnotes*) include information about amending laws and the amendment history of provisions of the compiled law.

### Uncommenced amendments

The effect of uncommenced amendments is not shown in the text of the compiled law. Any uncommenced amendments affecting the law are accessible on the Federal Register of Legislation ([www.legislation.gov.au](http://www.legislation.gov.au)). The details of amendments made up to, but not commenced at, the compilation date are underlined in the endnotes. For more information on any uncommenced amendments, see the series page on the Federal Register of Legislation for the compiled law.

### Application, saving and transitional provisions for provisions and amendments

If the operation of a provision or amendment of the compiled law is affected by an application, saving or transitional provision that is not included in this compilation, details are included in the endnotes.

### Modifications

If the compiled law is modified by another law, the compiled law operates as modified but the modification does not amend the text of the law. Accordingly, this compilation does not show the text of the compiled law as modified. For more information on any modifications, see the series page on the Federal Register of Legislation for the compiled law.

### Self-repealing provisions

If a provision of the compiled law has been repealed in accordance with a provision of the law, details are included in the endnotes.

*Note 2* A radiocommunications device to which this Class Licence applies will not be afforded protection from interference caused by other radiocommunications services.

**8 Conditions —technical specifications applying before commencement of *Radiocommunications (Cellular Mobile Telecommunications Devices) Class Licence Variation 2009 (No. 1)***

- (1) This section applies to a radiocommunications device to which this Class Licence applies if the device compliance day for the device occurs before 11 February 2009.
- (2) The device must comply with each of the technical specifications mentioned in Schedule 1 that:
  - (a) applies to the device; and
  - (b) was published most recently before the device compliance day for the device.

*Note* Some of the technical specifications mentioned in Schedule 1 were published on the same day. The device may be required to comply with each of the specifications.

**8A Conditions applying after commencement of *Radiocommunications (Cellular Mobile Telecommunications Devices) Class Licence Variation 2009 (No. 1)***

- (1) This section applies to a radiocommunications device to which this Class Licence applies if the device compliance day for the device occurs on or after 11 February 2009.
- (2) The device must comply with each requirement of an instrument made under subsection 407 (1) of the *Telecommunications Act 1997* that applies to the device on the device compliance day.
- (3) The supplier of the device must have complied with each requirement of an instrument made under subsection 407 (1) of the *Telecommunications Act 1997* that applies to the supplier in respect of the device on the device compliance day.

*Note* To comply with the conditions in section 8A, the device or its packaging must be labelled by the supplier in accordance with an instrument made under subsection 407 (1) of the *Telecommunications Act 1997*. The instrument may provide for circumstances in which the instrument does not apply.

**9 Conditions — compliance with standards and equipment rules**

- (1) A person must not operate a radiocommunications device under this Class Licence unless the device complies with:
  - (a) if the device compliance day for the device occurs on or after 1 March 2003 but before the commencement of Part 1 of Schedule 4 to the *Radiocommunications Legislation Amendment (Reform and Modernisation) Act 2020* – any standard applicable to it, as in force on the device compliance day;

## Endnotes

### Endnote 1 – About the endnotes

The endnotes provide information about this compilation and the compiled law.

Endnote 2 (Abbreviation key) sets out abbreviations that may be used in the endnotes.

Endnote 3 (Legislation history) provides information about each law that has amended (or will amend) the compiled law. The information includes commencement details for amending laws and details of any application, saving or transitional provisions that are not included in this compilation.

Endnote 4 (Amendment history) provides information about the amendments at the provision (generally section or equivalent) level and includes information about any provision of the compiled law that has been repealed in accordance with a provision of the law.

It also includes information about any misdescribed amendment (that is, an amendment that does not accurately describe the amendment to be made). If, despite the misdescription, the amendment can be given effect as intended, the amendment is incorporated into the compiled law and the abbreviation “(md)” added to the details of the amendment included in the amendment history. If a misdescribed amendment cannot be given effect as intended, the abbreviation “(md not incorp)” is added to the details of the amendment included in the amendment history.
