

# STATUTORY RULES

1967 No.

REGULATIONS UNDER THE NATIONAL HEALTH ACT 1953-1967.\*

**I**, THE GOVERNOR-GENERAL in and over the Commonwealth of Australia, acting with the advice of the Federal Executive Council, hereby make the following Regulations under the *National Health Act* 1953-1967.

Dated this *twenty-fourth*  
day of *August*, 1967.

**CASEY**

Governor-General.

By His Excellency's Command,

(SGD.) **A. J. FORBES**

Minister of State for Health.

## AMENDMENTS OF THE NATIONAL HEALTH (PHARMACEUTICAL BENEFITS) REGULATIONS†

1. These Regulations shall come into operation on the first day of September, 1967. Commence-  
ment.

2. The First Schedule to the National Health (Pharmaceutical Benefits) Regulations is amended— First  
Schedule.

- (a) by inserting after the words "Almond Oil." the words "Aluminium Hydroxide Tablets."; and
- (b) by inserting after the word "Chlorpropanide." the words "Cholera Vaccine."

3. The Second Schedule to the National Health (Pharmaceutical Benefits) Regulations is amended— Second  
Schedule.

(a) by omitting the words—

" Lissapol .. .. .	Lissapol with Spearmint Oil B.P.C. and Cetrimide B.P. Hexachlorophane B.P. with Lissapol "
--------------------	---

(b) by omitting the words—

" Neomycin Sulphate, B.P. .. .	Hydrocortisone Acetate, B.P. with Neomycin Sulphate B.P. Polymyxin B. Sulphate B.P. with Bacitracin B.P. and Neomycin Sulphate B.P. Neomycin Sulphate B.P. with Kaolin B.P. Polymyxin B. Sulphate B.P. with Neomycin Sulphate B.P. and Gramicidin "
--------------------------------	--

and inserting in their stead the words—

" Neomycin Sulphate, B.P. .. .	Hydrocortisone Acetate B.P. with Neomycin Sulphate B.P. Neomycin Sulphate B.P. with Gramicidin, Thonzonium Bromide, Thonzylamine Hydrochloride and Hydrocortisone Acetate B.P. Neomycin Sulphate B.P. with Kaolin B.P. Polymyxin B. Sulphate B.P. with Bacitracin B.P. and Neomycin Sulphate B.P. Polymyxin B. Sulphate B.P. with Neomycin Sulphate B.P. and Gramicidin "
--------------------------------	---

\* Notified in the *Commonwealth Gazette* on 1967.  
† Statutory Rules 1960, No. 17, as amended by Statutory Rules 1960, Nos. 90 and 102; 1961, Nos. 59 and 137; 1962, Nos. 34, 101 and 114; 1963, Nos. 34, 69 and 107; 1964, Nos. 12, 57 and 135; 1965, Nos. 51, 151 and 152; 1966, Nos. 80 and 144; and 1967, No. 67.

(c) by inserting before the words—

"Methylprednisolone, B.P. . . | — "

the words—

"Polyvinyl Alcohol . . . | — "; and

(d) by inserting before the words—

"Tetanus Vaccine Purified Toxoid (Aluminium Phosphate Ad- sorbed) B.P.		Diphtheria and Tetanus Vaccine Purified Toxoid (Aluminium Phosphate Adsorbed) B.P."
--	--	--

the words—

"Terric . . . . .		Hexachlorophane B.P. with Terric Terric with Spearmint Oil B.P.C. and Cetrimide B.P."
-------------------	--	---

4. The Third Schedule to the National Health (Pharmaceutical Benefits) Regulations is amended— Third Schedule.

(a) by omitting the word "Aloxidone.";

(b) by inserting after the words—

"Ferrous Succinate."

the words—

"Fluphenazine Hydrochloride.  
Fluphenazine Oenanthate.";

(c) by omitting the word "Lissapol.";

(d) by inserting after the word—

"Polythiazide."

the words—

"Polyvinyl Alcohol.";

(e) by inserting after the words and figures—

"Tartrazine, B.P.C. 1954."

the word—

"Terric."; and

(f) by inserting after the word—

"Thiotepa."

the words—

"Thonzonium Bromide.  
Thonzylamine Hydrochloride."

5. The Fourth and Fifth Schedules to the National Health (Pharmaceutical Benefits) Regulations are repealed and the following Schedules inserted in their stead:— Fourth and Fifth Schedules.

#### FOURTH SCHEDULE

Regulation 12.

##### ADDITIVES

Acetone, B.P.C.  
Alcohol (95%), B.P.  
Arachis Oil, B.P.  
Amethocaine Hydrochloride, B.P.  
Camphor, B.P.  
Caraway Oil, B.P.C.  
Carmine Solution, A.P.F.  
Citronella Oil, B.P.C.  
Chloroform, B.P.  
Cottonseed Oil, B.P.  
Dextrose, B.P.

## FOURTH SCHEDULE—continued

Dextrose Monohydrate, B.P.  
 Dilute Alcohols, B.P.  
 Ether Anaesthetic, B.P.  
 Honey—Purified  
 Maize Oil, B.P.  
 Olive Oil, B.P.  
 Pilocarpine Hydrochloride  
 Saccharin Sodium, B.P.  
 Sodium Thiosulphate, B.P.C.  
 Solution of Burnt Sugar, B.P.C. 1959  
 Spirit Methylated, Industrial  
 Xylene, B.P.C. 1949

## FIFTH SCHEDULE

## Regulation 14.

## PHARMACEUTICAL BENEFITS THE PRESCRIBING OF WHICH IS SUBJECT TO CONDITIONS AND RESTRICTIONS

Pharmaceutical Benefits	Purpose for which, and the Conditions subject to which, the Pharmaceutical Benefit may be prescribed (including any restrictions as to the persons for whose treatment it may be prescribed) for supply under Part VII. of the Act
Acetylcysteine .. .. .	Fibrocystic Disease
Acetylsalicylic Acid Tablets, B.P. ..	Any disease or condition in a pensioner
Soluble Acetylsalicylic Acid Tablets B.P. .. .. .	
Acetylsalicylic Acid with Paracetamol and Caffeine Tablets	
Acrylic Resin .. .. .	Ileostomy or colostomy conditions
Aldosterone .. .. .	With the written authority of the Director-General, treatment of an acute crisis in— Addison's disease Salt-losing congenital adrenal hypoplasia
Allopurinol .. .. .	Chronic gout not responding to other pharmaceutical benefits
Aminocaproic Acid .. .. .	Any disease or condition in a patient receiving treatment in or at an approved hospital
Amino Acids .. .. .	
Amitriptyline Tablets, B.P. ..	Any disease or condition in a pensioner
	Any disease or condition in a patient receiving treatment in or at an approved hospital
	With the written authority of the Director-General, the treatment of a mental disorder in a person who has been discharged from an approved hospital at which he received treatment for a mental disorder and who is living in a place remote from an approved hospital
	The treatment of a mental disorder in a person who has, after treatment for a mental disorder, been discharged from an approved hospital if a medical officer of the hospital gives a certificate certifying that that person received treatment at the hospital and may require further treatment with Chlorpromazine Hydrochloride, Trifluoperazine Hydrochloride, Thioridazine Hydrochloride, Amitriptyline Hydrochloride, Imipramine Hydrochloride or Nortriptyline Hydrochloride
Amphetamine Sulphate Tablets, B.P.	Any disease or condition in a pensioner
Amphotericin B .. .. .	Systemic fungal infection
Ampicillin Capsules, B.P. ..	With the written authority of the Director-General— Gram-negative infections in pregnant women Infections, in children under the age of five years, in which penicillin and sulphonamides are not effective.
Ampicillin Injections, Tablets and Suspension	
Aneurine Hydrochloride Tablets B.P.	Any disease or condition in a pensioner
Angiotensin Amide .. .. .	Any disease or condition in a patient receiving treatment in or at an approved hospital
Ascorbic Acid Tablets, B.P. ..	Any disease or condition in a pensioner

**National Health (Pharmaceutical Benefits) Regulations**

**FIFTH SCHEDULE—continued**

Pharmaceutical Benefits	Purpose for which, and the Conditions subject to which, the Pharmaceutical Benefit may be prescribed (including any restrictions as to the persons for whose treatment it may be prescribed) for supply under Part VII. of the Act
Azathioprine .. .. .	Any disease or condition in a patient receiving treatment in or at an approved hospital Ileostomy and Colostomy conditions With the written authority of the Director-General, a disease or condition specified in this column in relation to Prednisolone Tablets Intra-articular use
Beclamide .. .. .	
Benzoin Compound Tincture, B.P.C. ..	
Betamethasone Tablets .. ..	
Betamethasone Sodium Phosphate Injection, B.P.	Leukaemia
Busulphan Tablets, B.P. ..	
Calciferol Tablets, B.P. ..	Any disease or condition in a pensioner With the written authority of the Director-General— Hypoparathyroidism Chronic hypoparathyroid tetany Vitamin D-resistant rickets
Calciferol, B.P. .. ..	
Calcium Aminosalicylate ..	
Calcium Gluconogalactogluconate Effervescent Tablets	
Carbamazepine .. .. .	Tuberculosis Hypoparathyroidism
Carbenoxolone Sodium .. ..	
Cephaloridine .. .. .	Epilepsy Trigeminal neuralgia Any disease or condition in a patient receiving treatment in or at an approved hospital
Chlorambucil Tablets, B.P. ..	
Chloramine Deodorant Tablets and Powder	Malignant lymphoma and related conditions Ileostomy or colostomy conditions Bacterial meningitis Haemophilus influenzae infections Intra-ocular infections Rickettsial infections Salmonella septicaemia Typhoid and paratyphoid Other serious infections sensitive only to Chloramphenicol
Chloramphenicol Capsules, B.P. ..	
Chloramphenicol Injections ..	
Chloramphenicol Tablets ..	
Chloramphenicol Oral Suspension ..	
Chlorotrianisene Tablets ..	
Chlorpromazine Hydrochloride ..	
Chlortetracycline Capsules, B.P. ..	A disease or condition specified in this column in relation to Chloramphenicol Capsules Carcinoma of the prostate Any disease or condition in a pensioner Any disease or condition in a patient receiving treatment in or at an approved hospital With the written authority of the Director-General— Late-stage malignancy Radiation sickness Huntington's chorea With the written authority of the Director-General, the treatment of a mental disorder in a person who has been discharged from an approved hospital at which he received treatment for a mental disorder and who is living in a place remote from an approved hospital The treatment of a mental disorder in a person who has, after treatment for a mental disorder, been discharged from an approved hospital if a medical officer of the hospital gives a certificate certifying that that person received treatment at the hospital and may require further treatment with Chlorpromazine Hydrochloride, Trifluoperazine Hydrochloride, Thioridazine Hydrochloride, Amitriptyline Hydrochloride, Imipramine Hydrochloride, or Nortriptyline Hydrochloride Brucellosis Herpes zoster ophthalmicus Intestinal amoebiasis Leptospirosis Lymphogranuloma venereum Psittacosis Rickettsial infections

## FIFTH SCHEDULE—continued

Pharmaceutical Benefits	Purpose for which, and the Conditions subject to which, the Pharmaceutical Benefit may be prescribed (including any restrictions as to the persons for whose treatment it may be prescribed) for supply under Part VII. of the Act
Chlortetracycline Capsules B.P.— <i>continued</i>	Any bacterial infections or actinomycosis or trachoma where these cannot be treated safely and effectively by sulphonamides or penicillins
Chlortetracycline Hydrochloride Granules	Pre-operative and post-operative therapy where there are reasonable grounds for believing that infection may occur
Cloxacillin Sodium, B.P. ..	A disease or condition specified in this column in relation to Chlortetracycline Capsules
Cloxacillin Capsules, B.P. ..	
Codeine Phosphate with Acetyl-salicylic Acid Soluble Tablets	Any disease or condition in a patient receiving treatment in or at an approved hospital
Codeine Phosphate with Acetyl-salicylic Acid Tablets	
Codeine Phosphate with Acetyl-salicylic Acid and Paracetamol soluble Tablets	
Codeine Phosphate with Acetyl-salicylic Acid, Paracetamol and Caffeine Tablets	
Cod Liver Oil Emulsion ..	Any disease or condition in a pensioner
Colistin Sulphomethate Injection, B.P.	Any disease or condition in a child under the age of twelve years or in a pensioner
Corticotrophin Injection, B.P. ..	Pyocyanus infection and Gram-negative infections where no other drug is effective
Corticotrophin Gelatin Injection, B.P.	With the written authority of the Director-General— A disease or condition specified in this column in relation to Cortisone Injection
Corticotrophin Zinc Hydroxide Injection, B.P.	
Cortisone Injection, B.P. ..	<p>The prevention of side effects of corticosteroid therapy</p> <p>With the written authority of the Director-General—</p> <p>Acute exophthalmic ophthalmoplegia</p> <p>Acute heart block complicating myocardial infarction</p> <p>Anaemia, acquired haemolytic</p> <p>Addison's disease</p> <p>Adrenocortical hypoplasia</p> <p>Adrenalectomy, total</p> <p>Adrenogenital syndrome</p> <p>Agranulocytosis</p> <p>Behcet's syndrome</p> <p>Benign intracranial hypertension</p> <p>Cerebral tumours and cerebral oedema</p> <p>Cranial arteritis</p> <p>Cushing's syndrome, including hyperadrenocorticalism</p> <p>Dermatitis, acute exfoliative</p> <p>Dermatomyositis</p> <p>Encephalitis</p> <p>Encephalomyelitis</p> <p>Encephalomyelitis, acute disseminated</p> <p>Guillain-Barré syndrome</p> <p>Hamman-Rich syndrome—diffuse interstitial pulmonary fibrosis</p> <p>Hansen's disease</p> <p>Hepatitis, progressive or continuing, proven by biopsy or biochemistry</p> <p>Hodgkin's disease</p> <p>Idiopathic hypercalcaemia</p> <p>Inflammatory conditions of the uveal tract and retina</p> <p>Interstitial Keratitis due to syphilis or vernal conjunctivitis</p> <p>Keratoplasty</p> <p>Leucine-sensitive hypoglycaemia</p> <p>Leukaemia</p> <p>Lymphosarcoma and follicular lymphoma</p> <p>Meningitis</p> <p>Metastatic breast cancer</p>

## FIFTH SCHEDULE—continued

Pharmaceutical Benefits	Purpose for which, and the Conditions subject to which, the Pharmaceutical Benefit may be prescribed (including any restrictions as to the persons for whose treatment it may be prescribed) for supply under Part VII. of the Act
<b>Cortisone Injection, B.P.—continued</b>	Mycosis fungoides Nephrosis or nephrotic syndrome Neuromyelitis optica Oedema of the spinal cord following trauma or infection Opticneuritis following removal of tumor of the brain Panhypopituitarism Pemphigus Periarteritis nodosa Progressive transverse myelitis Pseudohermaphroditism Purpura, Henoch's Purpura, thrombocytopenic Regional ileitis (Crohn's disease) Reticulum cell sarcoma Rheumatic carditis, acute Sarcoidosis Scleroderma Severe reactions of the skin and mucosa following X-ray therapy Splenic neutropenia Status asthmaticus Steroid therapy prior to operation in patients under steroid therapy Stevens-Johnson syndrome Still's disease in a child under the age of sixteen years Sympathetic ophthalmitis Systemic lupus erythematosus Temporal arteritis Treatment of malignancy in conjunction with radiotherapy or chemotherapy Tropical and non-tropical sprue and all forms of malabsorption associated with those diseases Type II Nephritis Ulcerative colitis proven by sigmoidoscopy or radiological report
<b>Cortisone Tablets, B.P. . . . .</b>	With the written authority of the Director-General, a disease or condition specified in this column in relation to Cortisone Injection
<b>Cyanocobalamin Injection, B.P. . .</b>	Established megalocytic anaemia Neuroblastoma Subacute combined degeneration of the cord
<b>Cymogran . . . . .</b>	With the written authority of the Director-General, phenylketonuria
<b>Cycloserine Tablets, B.P. . . . .</b>	Any disease or condition in a patient receiving treatment in or at an approved hospital
<b>Cycloserine Capsules, B.P. . . . .</b>	Any disease or condition in a patient receiving treatment in or at an approved hospital
<b>Demethylchlortetracycline Capsules, B.P.</b>	A disease or condition specified in this column in relation to Chlortetracycline Capsules, except herpes zoster ophthalmicus
<b>Demethylchlortetracycline Hydrochloride Oral Paediatric Drops and Oral Suspension</b>	Any disease or condition specified in this column in relation to Oxytetracycline Hydrochloride with a buffering agent and Nystatin
<b>Demethylchlortetracycline Hydrochloride with Nystatin</b>	Any disease or condition specified in this column in relation to Oxytetracycline Hydrochloride with a buffering agent and Nystatin
<b>Deodorant Detergent Solution (Tertric with Spearmint Oil and Cetrimide)</b>	Ileostomy or colostomy conditions
<b>Deoxycortone Aqueous Injections</b>	Addison's disease
<b>Deoxycortone Acetate Injection, B.P.</b>	Adrenalectomy, total
<b>Deoxycortone Trimethylacetate Injection, B.P.</b>	Adrenalectomy, total
<b>Deoxycortone Acetate Implants, B.P.</b>	Adrenalectomy, total
<b>Deoxycortone Acetate Tablets . . .</b>	Adrenalectomy, total

## FIFTH SCHEDULE—continued

Pharmaceutical Benefits	Purpose for which, and the Conditions subject to which, the Pharmaceutical Benefit may be prescribed (including any restrictions as to the persons for whose treatment it may be prescribed) for supply under Part VII. of the Act
Desferrioxamine .. ..	Any disease or condition in a patient receiving treatment in or at an approved hospital
Dexamethasone Tablets, B.P. ..	With the written authority of the Director-General, a disease or condition specified in this column in relation to Prednisolone Tablets
Dexamethasone Sodium Phosphate Injections	Intra-articular use
Dexamphetamine Tablets, B.P. ..	Any disease or condition in a pensioner
Diazepam Injection, Syrup and 10 mg. tablet	Epilepsy
Diazepam Tablets 2 mg. and 5 mg.	Epilepsy
Dienoestrol Cream .. ..	Treatment in multiple sclerosis
Dienoestrol Tablets, B.P. ..	Any disease or condition in a pensioner
	Carcinoma of the prostate
	Mammary carcinoma
	Any disease or condition in a pensioner
Dihydrostreptomycin Sulphate Injection	As an alternative to Streptomycin Sulphate in the case of a person who is being treated for a disease or condition specified in this column in relation to Streptomycin Sulphate and who is allergic to Streptomycin Sulphate
Dihydrotachysterol .. ..	Parathyroid deficiency
Diloxanide Furoate Tablets, B.P. ..	Amoebic dysentery
Dimethicone .. ..	Ileostomy or colostomy conditions
Disodium Stilboestrol Diphosphate	Carcinoma of the prostate
Dithiazanine Iodide .. ..	Infestations of <i>Trichuris trichiura</i> or <i>Strongyloides stercoralis</i>
Ditophal .. ..	Any disease or condition in a patient receiving treatment in or at an approved hospital
Erythromycin .. ..	Brucellosis
	Intestinal amoebiasis
	Leptospirosis
	Lymphogranuloma venereum
	<i>Mycoplasma pneumoniae</i> (Eaton's Agent)
	Psittacosis
	Rickettsial infections
	Staphylococcal septicaemia or staphylococcal pneumonia
	Any bacterial infections or spirochaetal infection or actinomycosis or trachoma where these cannot be treated safely and effectively by sulphonamides or penicillins
	Pre-operative and post-operative therapy where there are reasonable grounds for believing that infection may occur
Ethinylloestradiol Tablets, B.P. ..	Any disease or condition in a pensioner
	Hereditary telangiectasis
	Pre-menopausal castration syndrome
	Turner's syndrome
Ethionamide .. ..	Tuberculosis
Ethisterone Tablets, B.P. ..	Turner's syndrome
Ethylloestrenol .. ..	With the written authority of the Director-General, intermittent use for corticosteroid-induced osteoporosis
Fludrocortisone Tablets, B.P. ..	Addison's disease
	Adrenocortical hypoplasia
	Total adrenalectomy
Fluorouracil Sodium .. ..	Carcinoma of the colon and rectum
Fluoxymesterone Tablets, B.P. ..	Castration syndrome (male)
	Mammary carcinoma
	With the written authority of the Director-General, intermittent use for corticosteroid-induced osteoporosis
Fluphenazine Oenanthal Injection	A disease or condition specified in this column in relation to Chlorpromazine Hydrochloride
Fluphenazine Hydrochloride Elixir	
Fluphenazine Hydrochloride Tablets and Injection	Macrocytic anaemia
Folic Acid Injection .. ..	
Folic Acid Tablets, B.P. ..	Sprue or the sprue-like syndrome
Folinic Acid .. ..	Any disease or condition in a patient receiving treatment in or at an approved hospital
Framycetin Sulphate Tablets ..	Bowel sterilization preparatory to major surgery

## FIFTH SCHEDULE—continued

Pharmaceutical Benefits	Purpose for which, and the Conditions subject to which, the Pharmaceutical Benefit may be prescribed (including any restrictions as to the persons for whose treatment it may be prescribed) for supply under Part VII. of the Act
Fusidic Acid (Sodium Salt or Diethanolamine Salt) ..	With the written authority of the Director-General, infections where positive bacteriological evidence confirms that Fusidic Acid (Sodium Salt or Diethanolamine Salt) is the only appropriate antibiotic
Galactomin Formula No. 11 ..	With the written authority of the Director-General— Galactosaemia Conditions needing an extreme restriction of lactose in the patient's diet, in children under the age of four years
Goats Milk, dehydrated. . .	With the written authority of the Director-General, cows milk allergy in children under the age of four years
Griseofulvin Tablets, B.P. . .	With the written authority of the Director-General, for use in severe tinea infections due to Microsporum, Trichophyton or Epidermophyton species which have been proven by laboratory examination
Halibut Liver Oil Capsules ..	Any disease or condition in a pensioner
Hexachlorophane with Entsufo . .	{ Any disease or condition in a patient receiving treatment in or at an approved hospital
Hexachlorophane with Lissapol ..	
Hexachlorophane in Soap Solution ..	
Hydrocortisone Injection ..	With the written authority of the Director-General, a disease or condition specified in this column in relation to Cortisone Injection
Hydrocortisone Acetate Injection, B.P.	Intra-articular use
Hydrocortisone Sodium Succinate Injection	Acute adrenal failure due to medical or surgical crises Prophylaxis of adrenal insufficiency during and after major surgery for patients already on steroid therapy Stevens-Johnson syndrome
Hydroxocobalamin Injection, B.P.	{ Established megalocytic anaemia Neuroblastoma Sub-acute combined degeneration of the cord Endometrial carcinoma
Hydroxyprogesterone ..	{ Habitual abortion Progesterone deficiency proven by hormonal assay of lateral wall smear
Idoxuridine ..	Infections caused by Herpes Simplex Virus
Imipramine Tablets, B.P. . .	Any disease or condition in a pensioner
	Any disease or condition in a patient receiving treatment in or at an approved hospital
	With the written authority of the Director-General, the treatment of a mental disorder in a person who has been discharged from an approved hospital at which he received treatment for a mental disorder and who is living in a place remote from an approved hospital
	The treatment of a mental disorder in a person who has, after treatment for a mental disorder, been discharged from an approved hospital if a medical officer of the hospital gives a certificate certifying that that person received treatment at the hospital and may require further treatment with Chlorpromazine Hydrochloride, Trifluoperazine Hydrochloride, Thioridazine Hydrochloride, Amitriptyline Hydrochloride, Imipramine Hydrochloride or Nortriptyline Hydrochloride
Indomethacin Capsule ..	Rheumatoid arthritis or osteoarthritis not responding to salicylates
Isoniazid Tablets, B.P. . .	Acute attacks of gout Tuberculosis
Kanamycin Sulphate Capsules, Injections and Oral Solution	With the written authority of the Director-General, infections where positive bacteriological evidence confirms that Kanamycin Sulphate is the only appropriate antibiotic
Kitasamycin ..	Any disease or condition in a patient receiving treatment in or at an approved hospital
Levorphanol Tartrate ..	Obstetrical use Severe intractable pain

## FIFTH SCHEDULE—continued

Pharmaceutical Benefits	Purpose for which, and the Conditions subject to which, the Pharmaceutical Benefit may be prescribed (including any restrictions as to the persons for whose treatment it may be prescribed) for supply under Part VII. of the Act
Lincomycin Hydrochloride ..	Osteomyelitis
Liothyronine Tablets, B.P. ..	Pneumococcal Meningitis
Lipopancratin .. ..	Myxoedema
Lofenalac .. ..	Myxoedema coma
	Any disease or condition in a patient receiving treatment in or at an approved hospital
	With the written authority of the Director-General, phenylketonuria
Medroxyprogesterone Acetate Tablets	Endometrial carcinoma
Medroxyprogesterone Acetate Injections	Endometrial carcinoma
	Progesterone deficiency proven by hormonal assay of lateral wall smear
Melphalan .. ..	Malignant melanoma
	Multiple myeloma
Mercaptopurine Tablets, B.P. ..	Allergic angitis
	Leukaemia
	Lupus erythematosus
	Nephrosis or Nephrotic syndrome
	Periarteritis
Mestanolone .. ..	Mammary carcinoma
	With the written authority of the Director-General, intermittent use for corticosteroid-induced osteoporosis
Methacycline .. ..	A disease or condition specified in this column in relation to Chlortetracycline Capsules, except herpes zoster ophthalmicus
Methandione Tablets, B.P. ..	} With the written authority of the Director-General, intermittent use for corticosteroid-induced osteoporosis
Methenolone Acetate .. ..	
Methicillin Sodium .. ..	} Any disease or condition in a patient receiving treatment in or at an approved hospital
Methicillin Injection, B.P. ..	
Methotrexate Tablets .. ..	Leukaemia and neoplastic disease
Methotrexate Injections ..	Any disease or condition in a patient receiving treatment in or at an approved hospital
Methylamphetamine Injection, B.P.	} Any disease or condition in a pensioner
Methylamphetamine Tablets, B.P.	
Metyrapone .. ..	Any disease or condition in a patient receiving treatment in or at an approved hospital
Minafen .. ..	With the written authority of the Director-General, phenylketonuria
Morphine Sulphate, B.P. with Tartrate Tablets	Severe intractable pain
Mustine Hydrochloride Injection ..	Malignant lymphoma and related conditions
Nalidixic Acid .. ..	With the written authority of the Director-General, urinary tract infections
Nandrolone Phenylpropionate Injection, B.P.	With the written authority of the Director-General, intermittent use for corticosteroid-induced osteoporosis
Nandrolone Decanoate .. ..	Mammary carcinoma
	With the written authority of the Director-General, intermittent use for corticosteroid-induced osteoporosis
Neomycin Sulphate, B.P. with Gramicidin, Thonzonium Bromide, Thonzylamine Hydrochloride and Hydrocortisone Acetate, B.P.	} Any disease or condition in a pensioner
Neomycin Tablets, B.P. ..	
Nicotinic Acid Tablets, B.P. ..	} Bowel sterilization preparatory to major surgery
Nitrofurantoin Tablets, B.P. ..	
Nitrofurantoin Oral Suspension ..	} Portal-systemic encephalopathy
Nitromin .. ..	
	Any disease or condition in a pensioner
	Urinary tract infections
	Malignant lymphoma and related conditions

## FIFTH SCHEDULE—continued

Pharmaceutical Benefits	Purpose for which, and the Conditions subject to which, the Pharmaceutical Benefit may be prescribed (including any restrictions as to the persons for whose treatment it may be prescribed) for supply under Part VII. of the Act
Nortriptyline Hydrochloride, B.P. Nortriptyline Tablets, B.P. .. Nortriptyline Capsules, B.P. ..	<p>Any disease or condition in a pensioner</p> <p>Any disease or condition in a patient receiving treatment in or at an approved hospital</p> <p>With the written authority of the Director-General, the treatment of a mental disorder in a person who has been discharged from an approved hospital at which he received treatment for a mental disorder and who is living in a place remote from an approved hospital</p> <p>The treatment of a mental disorder in a person who has, after treatment for a mental disorder, been discharged from an approved hospital if a medical officer of the hospital gives a certificate certifying that that person received treatment at the hospital and may require further treatment with Chlorpromazine Hydrochloride, Trifluoperazine Hydrochloride, Thioridazine Hydrochloride, Amitriptyline Hydrochloride, Imipramine Hydrochloride or Nortriptyline Hydrochloride</p>
Nutramigen .. .. .	<p>With the written authority of the Director-General—</p> <p>Cows milk allergy in children under the age of four years</p> <p>Galactosaemia</p> <p>Lactose intolerance</p> <p>Fibrocystic disease of the pancreas in children under the age of four years</p>
Nystatin Tablets, B.P. .. .	Monilia infections
Orciprenaline Sulphate Injection .. Orciprenaline Sulphate Solution for Inhalation ..	Any disease or condition in a patient receiving treatment in or at any approved hospital
Oxycodone Pectinate .. .. .	Late-stage malignancy
Oxymesterone .. .. .	With the written authority of the Director-General, intermittent use for corticosteroid-induced osteoporosis
Oxytetracycline Hydrochloride Capsules .. .. . Oxytetracycline Tablets, B.P. .. Oxytetracycline Injections .. Calcium di-Oxytetracycline Oral Suspension .. Calcium di-Oxytetracycline Paediatric Drops ..	<p>A disease or condition specified in this column in relation to Chlorotetracycline Capsules except herpes zoster ophthalmicus</p>
Oxytetracycline Hydrochloride with a buffering agent and Nystatin	<p>Broad spectrum antibiotic therapy of premature infants, of patients under steroid therapy or of cases complicated by intestinal moniliasis</p> <p>A second or repeated course of broad spectrum antibiotic therapy for a disease or condition specified in this column in relation to Chlorotetracycline Capsules except herpes zoster ophthalmicus</p>
Pancreatin, B.P. .. .. . Pancreatin Enzyme U.S.N.F. XI ..	<p>Fibrocystic disease</p> <p>Pancreatico-duodenectomy</p> <p>Pancreatic steatorrhoea</p>
Para-Aminosalicylic Acid .. .. . Paracetamol Suspension .. .. . Paracetamol Tablets, B.P. .. .. . Paracetamol with Codeine Phosphate and Pentobarbitone Sodium .. .. .	<p>Tuberculosis</p> <p>Any disease or condition in a pensioner</p> <p>Any disease or condition in a pensioner</p>
Paramethasone Acetate .. .. .	With the written authority of the Director-General, a disease or condition specified in this column in relation to Cortisone Injection
Paraffin Liquid Emulsion .. .. . Paraffin Liquid Emulsion with Phenolphthalein .. .. . Pargyline Hydrochloride .. .. .	<p>Any disease or condition in a pensioner</p> <p>Any disease or condition in a patient receiving treatment in or at an approved hospital</p>

## FIFTH SCHEDULE—continued

Pharmaceutical Benefits	Purpose for which, and the Conditions subject to which, the Pharmaceutical Benefit may be prescribed (including any restrictions as to the persons for whose treatment it may be prescribed) for supply under Part VII. of the Act
Penicillamine .. .. .	With the written authority of the Director-General— Cystinosis Cystinuria with calculus formation Treatment of cold agglutinin haemoglobinuria Acute heavy metal intoxication Wilson's Disease (hepatolenticular degeneration)
Penicillin Benzathine Tablets and Capsules	Prevention of recurrent streptococcal infections, including rheumatic fever
Penicillin Benzyl Tablets, B.P. ..	
Penicillin Benzyl Capsules ..	Bacterial endocarditis or septicaemia
Benzylpenicillin injection 5,000,000 units and 10,000,000 units	
Benzylpenicillin with Streptomycin Sulphate	Endocarditis due to <i>Streptococcus faecalis</i> or <i>Streptococcus viridans</i>
Benzylpenicillin with Procaine Penicillin and Streptomycin Sulphate	
Pethidine Hydrochloride with Levallorphan Tartrate	Obstetrical use
Phenylbutazone Tablets B.P. ..	Acute attacks of gout Osteoarthritis or Rheumatoid Arthritis not responding to salicylates
Phenylbutazone Capsules ..	
Phytomenadione Injection, B.P. ..	Antidote to anticoagulants
Pituitary, Posterior Lobe, Insufflation	Diabetes insipidus
Polymyxin B. Sulphate Injection ..	Any disease or condition in a patient receiving treatment in or at an approved hospital
Polyoestradiol Phosphate ..	Carcinoma of the prostate
Prednisolone Sodium Phosphate Retention Enema and Suppository	With the written authority of the Director-General— Ulcerative colitis proven by sigmoidoscopy or radiological report Proctitis proven by sigmoidoscopy
Prednisolone Tablets, B.P. ..	With the written authority of the Director-General— Cerebral oedema; Cerebral tumors; Acute exophthalmic ophthalmoplegia; Interstitial keratitis due to syphilis or vernal conjunctivitis; Malignancy treatment in conjunction with radiotherapy or chemotherapy; Acute heart block complicating myocardial infarction; Benign intracranial hypertension; Encephalitis; Malignant exophthalmos; Meningitis; Nodular non-suppurative panniculitis (Christian-Weber disease); Oedema of the spinal cord following trauma or infection; A disease or condition specified in this column in relation to Cortisone Injection except total adrenalectomy or Addison's disease or adrenocortical hypoplasia
Prenisolone Acetate Injection ..	Intra-articular use
Prednisolone Methyl Acetate Injections	
Prednisolone Tertiary Butyl Acetate Injections	
Prednisolone Trimethylacetate Injections	With the written authority of the Director-General, a disease or condition specified in this column in relation to Prednisolone Tablets
Methylprednisolone Tablets, B.P.	
Methylprednisolone Capsules ..	Acute adrenal failure due to medical or surgical crises Prophylaxis of adrenal insufficiency during and after major surgery for patients already on steroid therapy Stevens-Johnson syndrome
Prednisolone Sodium Hemisuccinate	
Prednisone Tablets, B.P. ..	With the written authority of the Director-General, a disease or condition specified in this column in relation to Prednisolone Tablets

## FIFTH SCHEDULE—continued

Pharmaceutical Benefits	Purpose for which, and the Conditions subject to which, the Pharmaceutical Benefit may be prescribed (including any restrictions as to the persons for whose treatment it may be prescribed) for supply under Part VII. of the Act
Procarbazine Hydrochloride ..	Any disease or condition in a patient receiving treatment in or at an approved hospital
Progesterone .. .. .	Habitual abortion Progesterone deficiency proven by hormonal assay of lateral wall smear
Propranolol Hydrochloride ..	Any disease or condition in a patient receiving treatment in or at an approved hospital
Pyrazinamide .. .. .	
Pyridostigmine Injection, B.P. ..	Myasthenia gravis
Pyridostigmine Tablets, B.P. ..	
Pyridoxine Hydrochloride Tablets	Peripheral neuritis due to isoniazid therapy Radiation sickness
Quinine Bisulphate Tablets, B.P. ..	Dystrophia myotonica
Quinine Dihydrochloride Tablets ..	Malaria
Quinine Hydrochloride Tablets ..	Myotonia atrophica
Quinine Sulphate Tablets, B.P. ..	Myotonia congenita
Riboflavine Tablets .. .. .	
Senna Fruit Extract (Standardised)	Any disease or condition in a pensioner
Sobee .. .. .	With the written authority of the Director-General— Galactosaemia Homocystinuria Lactose intolerance Milk allergy in children under the age of four years
Sodium Aminosalicylate Tablets, B.P.	
Sodium Aminosalicylate Injection	
Sodium Aminosalicylate Cachets	Tuberculosis
Sodium Aminosalicylate Granules	
Sodium Aminosalicylate with Isoniazid B.P. .. .. .	
Sodium Folate .. .. .	Macrocytic anaemia Sprue or the sprue-like syndrome
Spiramycin .. .. .	Serologically proven active toxoplasmosis Staphylococcal septicaemia or staphylococcal pneumonia Any gram-positive bacterial infections where these cannot be treated safely and effectively by sulphonamides or penicillins
Spironolactone Tablets, B.P. ..	With the written authority of the Director-General: to supplement other diuretics when these have proved inadequate
Stanolone .. .. .	Myasthenia Gravis Mammary carcinoma
Stanozolol .. .. .	With the written authority of the Director-General, intermittent use for corticosteroid-induced osteoporosis With the written authority of the Director-General, intermittent use for corticosteroid-induced osteoporosis
Stilboestrol Injection .. .. .	Carcinoma of the prostate Mammary carcinoma
Stilboestrol Tablets, B.P. ..	Any disease or condition in a pensioner Hereditary Telangiectasis
Streptomycin Sulphate Injections ..	Bacillary dysentery that is resistant to the Sulphonamides Brucellosis Chancroid Endocarditis due to Streptococcus faecalis or Streptococcus viridans Friedlander bacillus infections Haemophilus influenzae infections Plague Pseudomonas pyocyanea infections Rat-bite fever (Streptobacillus moniliformis) Salmonella infections Surgical conditions of the bowel (pre-operative and post-operative) Surgical conditions of the thoracic organs Tuberculosis

## FIFTH SCHEDULE—continued

Pharmaceutical Benefits	Purpose for which, and the Conditions subject to which, the Pharmaceutical Benefit may be prescribed (including any restrictions as to the persons for whose treatment it may be prescribed) for supply under Part VII. of the Act
Streptomycin Sulphate Injections— <i>continued</i>	Tularaemia
Sulphasalazine .. ..	Urinary tract infections that are resistant to the Sulphonamides
Sulphomycin Sodium .. ..	Ulcerative colitis
Sultiame .. ..	Any disease or condition in a patient receiving treatment in or at an approved hospital
Surgical Cement .. ..	For use where other anticonvulsants have failed
Surgical Cement Solvent .. ..	Ileostomy or colostomy conditions
Sustanon .. ..	Castration syndrome (male)
Testosterone Implants, B.P. ..	
Testosterone Oenanthate .. ..	
Testosterone Propionate Injection, B.P. ..	
Methyltestosterone Tablets, B.P. ..	Klinefelter Reifstein Albright syndrome
Methyltestosterone, B.P. ..	
Tetanus Antitoxin, B.P. (Bovine) ..	Mammary carcinoma
Tetanus Immune Globulin (Human)	Patients known to be sensitive to horse serum
	With the written authority of the Director-General, where patients are known to be sensitive to horse serum and cattle serum
Tetracosactide .. ..	Any disease or condition in a patient receiving treatment in or at an approved hospital
Tetracycline Capsules, B.P. ..	A disease or condition specified in this column in relation to Chlortetracycline Capsules except herpes zoster ophthalmicus
Tetracycline Tablets, B.P. ..	
Tetracycline Injections .. ..	A disease or condition specified in this column in relation to Oxytetracycline Hydrochloride with a buffering agent and Nystatin
Rolitetracycline .. ..	
Tetracycline Hydrochloride Granules, Paediatric Drops and Syrup	
Tetracycline with a buffering agent	
Tetracycline with a buffering agent and Amphotericin B	Hansen's disease
Tetracycline with a buffering agent and Nystatin	
Thiambutosine Tablets, B.P. ..	With the written authority of the Director-General— Radiation sickness
Thiambutosine Injection .. ..	
Thiethylperazine Tablets and Suppositories .. ..	Any disease or condition in a pensioner
	Any disease or condition in a patient receiving treatment in or at an approved hospital
	With the written authority of the Director-General— Late-stage malignancy
	Radiation sickness
	With the written authority of the Director-General, the treatment of a mental disorder in a person who has been discharged from an approved hospital at which he received treatment for a mental disorder and who is living in a place remote from an approved hospital
Thioridazine Tablets, B.P. ..	The treatment of a mental disorder in a person who has, after treatment for a mental disorder, been discharged from an approved hospital if a medical officer of the hospital gives a certificate certifying that that person received treatment at the hospital and may require further treatment with Chlorpromazine Hydrochloride, Trifluoperazine Hydrochloride, Thioridazine Hydrochloride, Amitriptyline Hydrochloride, Imipramine Hydrochloride or Nortriptyline Hydrochloride
Thioridazine .. ..	
Thyrotrophin .. ..	Any disease or condition in a patient receiving treatment in or at an approved hospital
Tragacanth, Indian (Gum Karaya)	Ileostomy or colostomy conditions
Trasylol .. ..	Any disease or condition in a patient receiving treatment in or at an approved hospital
Tretamine .. ..	Malignant lymphoma and related conditions

## FIFTH SCHEDULE—continued

Pharmaceutical Benefits	Purpose for which, and the Conditions subject to which, the Pharmaceutical Benefit may be prescribed (including any restrictions as to the persons for whose treatment it may be prescribed) for supply under Part VII. of the Act
Triamcinolone . . . . .	With the written authority of the Director-General, a disease or condition specified in this column in relation to Prednisolone Tablets
	Any disease or condition in a pensioner
	Any disease or condition in a patient receiving treatment in or at an approved hospital
	With the written authority of the Director-General—
	Late-stage malignancy
	Radiation sickness
Trifluoperazine Tablets, B.P. . . . .	With the written authority of the Director-General, the treatment of a mental disorder in a person who has been discharged from an approved hospital at which he received treatment for a mental disorder and who is living in a place remote from an approved hospital
Trifluoperazine Hydrochloride, B.P. . . . .	The treatment of a mental disorder in a person who has, after treatment for a mental disorder, been discharged from an approved hospital if a medical officer of the hospital gives a certificate certifying that that person received treatment at the hospital and may require further treatment with Chlorpromazine Hydrochloride, Trifluoperazine Hydrochloride, Thioridazine Hydrochloride, Amitriptyline Hydrochloride, Imipramine Hydrochloride or Nortriptyline Hydrochloride
Trimetaphan Injection, B.P. . . . .	Hypotensive for anaesthesia
Vadrine . . . . .	Any disease or condition in a patient receiving treatment in or at an approved hospital
Vasopressin Nasal Spray . . . . .	Diabetes insipidus
Velactin . . . . .	With the written authority of the Director-General—
	Galactosaemia
	Homocystinuria
	Lactose intolerance
	Milk allergy in children under the age of four years
Vinblastine Sulphate . . . . .	Hodgkin's disease
Vincristine Sulphate . . . . .	Any disease or condition in a patient receiving treatment in or at an approved hospital
Viomycin Sulphate . . . . .	Tuberculosis
Viomycin Sulphate Injection, B.P. . . . .	
Vitamin A with Aneurine Hydrochloride, Riboflavine, Nicotinamide, Ascorbic Acid and Vitamin D . . . . .	Any disease or condition in a pensioner
