2 Section 8 (Exempt car benefits)

2.1 Subsections 8(1) and (2):

Omit the subsections.

3 Section 9 (Taxable value of car fringe benefits—statutory formula)

3.1 Subparagraphs 9(2)(c)(i) and (ii):

Omit the subparagraphs, substitute:

‘(i) for the first contribution assessment period:

- (A) where the annualised number of whole kilometres travelled by the car during the year preceding the bankruptcy was more than 40,000—0.07; or
- (B) where the annualised number of whole kilometres travelled by the car during the year preceding the bankruptcy was not more than 40,000 and not less than 25,000—0.11; or
- (C) where the annualised number of whole kilometres travelled by the car during the year preceding the bankruptcy was less than 25,000 and not less than 15,000—0.20; or
- (D) where the annualised number of whole kilometres travelled by the car during the year preceding the bankruptcy was less than 15,000—0.26; and

(ii) for each subsequent contribution assessment period:

- (A) where the annualised number of whole kilometres travelled by the car during the previous contribution assessment period was more than 40,000—0.07; or
- (B) where the annualised number of whole kilometres travelled by the car during the previous contribution assessment period was not more than 40,000 and not less than 25,000—0.11; or

- (C) where the annualised number of whole kilometres travelled by the car during the previous contribution assessment period was less than 25,000 and not less than 15,000—0.20; or
- (D) where the annualised number of whole kilometres travelled by the car during the previous contribution assessment period was less than 15,000—0.26;’.

3.2 Paragraph 9(2)(d):

Omit the paragraph, substitute:

- ‘(d) the annualised number of whole kilometres travelled by the car during a contribution assessment period is:
 - (i) if records of the bankrupt show the number of kilometres travelled by the car during the year preceding that period—that number of kilometres; or
 - (ii) in any other case—the number of kilometres worked out in accordance with the following formula:

$$\frac{AB}{C};$$

where:

A is the number of whole kilometres travelled by the car during the period (in this subsection referred to as the ‘holding period’) constituting that part of the contribution assessment period during which the provider held the car; and

B is the number of days in the contribution assessment period; and

C is the number of days in the holding period; and’.

3.3 Sub-subparagraph 9(2)(e)(ia)(B):

Omit the sub-subparagraph.

3.4 Subsection 9(2):

Add at the end:

‘Examples:

1. **Assessment in the first contribution assessment period**

A car is purchased in June 1994 for Christopher’s use. The purchase price of the car is \$20,000. During the period up to till 30 June 1995, Christopher uses the car on 200 days and travels 10,000 kilometres in that period. Christopher is declared bankrupt on 1 July 1992. His contribution to expenses is \$300.

The annualised number of kilometres according to the formula $\frac{AB}{C}$ is

$$\frac{10\,000 \times 365}{200} = 18\,250 \text{ kilometres}$$

The figures to be inserted in the formula for calculating the value of the car benefit are:

- A (base value): \$20,000;
- B (statutory fraction [for 18,250 km.]): 0.20;
- C (days when benefit provided): 365;
- D (days in contribution assessment period): 365;
- E (bankrupt's contribution): \$300.

The value of the car benefit, according to the formula $\frac{ABC}{D} - E$ is:

$$\frac{\$20\,000 \times 0.20 \times 365}{365} - 300 = \$3,700$$

2. Assessment in the second contribution assessment period

Suppose that the same car is provided in the second contribution assessment period for the use of the bankrupt, and that during the first contribution assessment period the car travelled 40,000 kilometres. The annualised number of kilometres for the second contribution assessment period is then 40,000 kilometres. Suppose also that the bankrupt's contribution remains \$300. All figures will remain the same except the statutory fraction, which will be 0.11. According to the formula, the value of the benefit in the second contribution assessment period is:

$$\frac{\$20\,000 \times 0.11 \times 365}{365} - 300 = \$1,900.$$

4 Section 10 (Taxable value of car fringe benefits—cost basis)

- (a) in relation to a person of the age of 12 years or over—\$42; and
- (b) in relation to a person under the age of 12 years—\$21.

Example: **Calculation of the value of a living-away-from-home allowance.**

Assume that a bankrupt living away from his or her family is given a living-away-from-home allowance of \$220 a week. Of this amount, \$100 represents reasonable compensation for the costs of accommodation (i.e. the ‘exempt accommodation component’ is \$100), and \$80 represents reasonable compensation for the cost of food.

The remaining \$40 is compensation for the disadvantage of living away from home in a town where facilities that would be available at home are not available.

Under subsection 31(2), the exempt food component is \$80 minus \$42 (i.e. the compensation for increased food cost less the deducted home consumption expenditure). The value of the benefit is:

$$\$200 - 100 - (80 - 42) = \$82. ’.$$

Legislation history and amendment history—Endnotes 3 and 4

Amending laws are annotated in the legislation history and amendment history.

The legislation history in endnote 3 provides information about each law that has amended (or will amend) the compiled law. The information includes commencement details for amending laws and details of any application, saving or transitional provisions that are not included in this compilation.

The amendment history in endnote 4 provides information about amendments at the provision (generally section or equivalent) level. It also includes information about any provision of the compiled law that has been repealed in accordance with a provision of the law.

Editorial changes

The *Legislation Act 2003* authorises First Parliamentary Counsel to make editorial and presentational changes to a compiled law in preparing a compilation of the law for registration. The changes must not change the effect of the law. Editorial changes take effect from the compilation registration date.

If the compilation includes editorial changes, the endnotes include a brief outline of the changes in general terms. Full details of any changes can be obtained from the Office of Parliamentary Counsel.

Misdescribed amendments

A misdescribed amendment is an amendment that does not accurately describe the amendment to be made. If, despite the misdescription, the amendment can be given effect as intended, the amendment is incorporated into the compiled law and the abbreviation “(md)” added to the details of the amendment included in the amendment history.

If a misdescribed amendment cannot be given effect as intended, the abbreviation “(md not incorp)” is added to the details of the amendment included in the amendment history.
