 - (b) in any other case—refuse to grant a new aerodrome certificate to the operator.
- Note: Under regulation 201.004, an application may be made to the Administrative Appeals Tribunal for review of:
- (a) a decision refusing to grant a new aerodrome certificate; or
 - (b) a decision imposing a condition on a new aerodrome certificate.
- (8) Without limiting the application of any other provisions of Part 11, the following provisions of Part 11 apply (or do not apply) as follows in relation to the decision under subregulation (7) to grant, or to refuse to grant, a new aerodrome certificate to the operator of an aerodrome:

Note: An application for review of a decision by the Administrative Appeals Tribunal must generally be made within 28 days after the applicant is notified of the decision (see section 29 of the *Administrative Appeals Tribunal Act 1975*). For stay orders by the Tribunal, see section 41 of that Act.

Certificate transition period

- (10) The **certificate transition period**, in relation to a transitional aerodrome certificate, is the period starting at the commencement time or when it was granted or taken to have been granted (whichever is later), and ending:

Regulation 202.703

-
- (a) if the operator of the aerodrome fails to give CASA a new manual before the end of the new manual day—at the end of the new manual day; or

202.703 Certified air/ground radio services and operators

Air/ground radio services

- (1) If, immediately before the commencement time, a certification of an air/ground radio service was in force for an aerodrome for the purposes of Division 139.F.3 of the old Part 139 Regulations then, at and after that time:
 - (a) the operator of the aerodrome is taken to hold an approval granted for the purposes of regulation 139.155 of the new Part 139 Regulations for that service:

- (2) If, before the commencement time, a person had made a request to CASA in accordance with regulation 139.410 of the old Part 139 Regulations for the certification of an air/ground radio service, but CASA had not made a decision on the request immediately before that time:
 - (a) Division 139.F.3 of the old Part 139 Regulations, and the old Part 139 Manual of Standards, continue to apply in relation to the request and CASA's decision on the request; and

 - (c) such a certification has effect as if it were an approval granted for the purposes of regulation 139.155 of the new Part 139 Regulations; and
 - (d) the new Part 139 Regulations otherwise apply in relation to the service.

Operators of air/ground radio services

- (3) If, immediately before the commencement time, a certification of a person as the operator of an air/ground radio service was in force for an aerodrome for the

Regulation 202.704

purposes of Division 139.F.3 of the old Part 139 Regulations then, at and after that time:

- (a) the operator of the service is taken to hold an approval granted for the purposes of regulation 139.160 of the new Part 139 Regulations to operate the service:

 - (b) the new Part 139 Regulations otherwise apply in relation to the approval.
- (4) If, before the commencement time, a person had made an application to CASA in accordance with regulation 139.430 of the old Part 139 Regulations for certification as the operator of an air/ground radio service for an aerodrome, but CASA had not made a decision on the application immediately before that time:
- (a) CASA must (subject to regulation 11.055) grant an approval to the applicant under regulation 139.010 of the new Part 139 Regulations for the purposes of regulation 139.160 of the new Part 139 Regulations, if CASA is satisfied that the person meets the requirements for operating a certified air/ground radio service prescribed by the new Part 139 Manual of Standards as in force immediately after the commencement time; and
 - (b) subregulation 11.055(1B) applies to the granting of the approval.
- (5) At and after the commencement time, a person who holds, or who is, under this regulation, taken to hold, an approval granted for the purposes of regulation 139.160 of the new Part 139 Regulations to operate an air/ground radio service for an aerodrome is taken also to be approved for the purposes of paragraph 120(1)(b) of CAR (weather reports not to be used if not made with authority).

202.704 Transitional authorisations

Scope

- (1) This regulation applies if:
- (a) an instrument (the ***transitional instrument***) was made under these Regulations for the purposes of Part 139 or the old Part 139 Manual of Standards, or under the old Part 139 Manual of Standards, before the commencement time; and
 - (b) the transitional instrument was in force immediately before the commencement time, or is expressed to commence at a later time; and
 - (c) the transitional instrument would (apart from the amendments made by Schedule 1 to the *Civil Aviation Safety Amendment (Part 139) Regulations 2019*, and the repeal of the old Part 139 Manual of Standards) have had the effect, on or after the commencement time, of authorising or allowing a person, in particular circumstances, to do a thing in relation to

Regulation 202.704

an aerodrome that the person would not otherwise have been authorised or allowed to do because of Part 139 of the old Part 139 Regulations or the old Part 139 Manual of Standards.

Example: *CASA EX128/19—Approved VASIS (Charter Operations—Relevant Runway Ends for Certified Aerodromes) Exemption 2019*. This transitional instrument was made under regulation 11.160, and exempted the aerodrome operators of certified aerodromes from compliance with subregulation 139.190(1) of the old Part 139 Regulations in relation to runway ends in particular specified circumstances. Immediately before the commencement time, the instrument had the effect that such operators were allowed not to provide an approved visual approach slope indicator system (VASIS) for runway ends in those circumstances.

Authorisation

- (2) On and after the commencement time, or the time the transitional instrument is expressed to commence, whichever is later, until the end time for the transitional instrument, the person is authorised or allowed to do that thing in those circumstances:
 - (a) despite any provision to the contrary in the new Part 139 Regulations or the new Part 139 Manual of Standards; but
 - (b) subject to any conditions provided in the transitional instrument.
- (3) The **end time** for a transitional instrument is the earliest of the following times:
 - (a) if the instrument is, by its own terms, expressed to be repealed, or to cease to have effect, at a particular time—that time;
 - (b) if paragraph (a) does not apply—the end of 31 December 2021;
 - (c) in any case:
 - (i) if the instrument is repealed—the time the repeal takes effect; or
 - (ii) if the instrument cannot be repealed because it lapsed at the commencement time—a time determined for the instrument by a determination under subregulation (4).
- (4) CASA may, by legislative instrument, determine a time for an instrument for the purposes of subparagraph (3)(c)(ii).
- (5) This regulation does not apply to an instrument that is:
 - (a) an aerodrome certificate; or
 - (b) a certification of an air/ground radio service; or
 - (c) a certification of a person as the operator of an air/ground radio service.

The abbreviation key sets out abbreviations that may be used in the endnotes.

Legislation history and amendment history—Endnotes 3 and 4

Amending laws are annotated in the legislation history and amendment history.

The legislation history in endnote 3 provides information about each law that has amended (or will amend) the compiled law. The information includes commencement details for amending laws and details of any application, saving or transitional provisions that are not included in this compilation.

The amendment history in endnote 4 provides information about amendments at the provision (generally section or equivalent) level. It also includes information about any provision of the compiled law that has been repealed in accordance with a provision of the law.

Editorial changes

The *Legislation Act 2003* authorises First Parliamentary Counsel to make editorial and presentational changes to a compiled law in preparing a compilation of the law for registration. The changes must not change the effect of the law. Editorial changes take effect from the compilation registration date.

If the compilation includes editorial changes, the endnotes include a brief outline of the changes in general terms. Full details of any changes can be obtained from the Office of Parliamentary Counsel.

Misdescribed amendments

A misdescribed amendment is an amendment that does not accurately describe the amendment to be made. If, despite the misdescription, the amendment can be given effect as intended, the amendment is incorporated into the compiled law and the abbreviation “(md)” added to the details of the amendment included in the amendment history.

If a misdescribed amendment cannot be given effect as intended, the abbreviation “(md not incorp)” is added to the details of the amendment included in the amendment history.
