202.704 Transitional authorisations

Scope

- (1) This regulation applies if:
- (a) an instrument (the **transitional instrument**) was made under these Regulations for the purposes of Part 139 or the old Part 139 Manual of Standards, or under the old Part 139 Manual of Standards, before the commencement time; and

 - (c) the transitional instrument would (apart from the amendments made by Schedule 1 to the *Civil Aviation Safety Amendment (Part 139) Regulations 2019*, and the repeal of the old Part 139 Manual of Standards) have had the effect, on or after the commencement time, of authorising or allowing a person, in particular circumstances, to do a thing in relation to

Regulation 202.704

an aerodrome that the person would not otherwise have been authorised or allowed to do because of Part 139 of the old Part 139 Regulations or the old Part 139 Manual of Standards.

Example: *CASA EX128/19—Approved VASIS (Charter Operations—Relevant Runway Ends for Certified Aerodromes) Exemption 2019*. This transitional instrument was made under regulation 11.160, and exempted the aerodrome operators of certified aerodromes from compliance with subregulation 139.190(1) of the old Part 139 Regulations in relation to runway ends in particular specified circumstances. Immediately before the commencement time, the instrument had the effect that such operators were allowed not to provide an approved visual approach slope indicator system (VASIS) for runway ends in those circumstances.

Authorisation

- (2) On and after the commencement time, or the time the transitional instrument is expressed to commence, whichever is later, until the end time for the transitional instrument, the person is authorised or allowed to do that thing in those circumstances:
 - (a) despite any provision to the contrary in the new Part 139 Regulations or the new Part 139 Manual of Standards; but
 - (b) subject to any conditions provided in the transitional instrument.
- (3) The **end time** for a transitional instrument is the earliest of the following times:
 - (a) if the instrument is, by its own terms, expressed to be repealed, or to cease to have effect, at a particular time—that time;
 - (b) if paragraph (a) does not apply—the end of 31 December 2021;
 - (c) in any case:
 - (i) if the instrument is repealed—the time the repeal takes effect; or
 - (ii) if the instrument cannot be repealed because it lapsed at the commencement time—a time determined for the instrument by a determination under subregulation (4).
- (4) CASA may, by legislative instrument, determine a time for an instrument for the purposes of subparagraph (3)(c)(ii).
- (5) This regulation does not apply to an instrument that is:
 - (a) an aerodrome certificate; or
 - (b) a certification of an air/ground radio service; or
 - (c) a certification of a person as the operator of an air/ground radio service.

Legislation history and amendment history—Endnotes 3 and 4

Amending laws are annotated in the legislation history and amendment history.

The legislation history in endnote 3 provides information about each law that has amended (or will amend) the compiled law. The information includes commencement details for amending laws and details of any application, saving or transitional provisions that are not included in this compilation.

The amendment history in endnote 4 provides information about amendments at the provision (generally section or equivalent) level. It also includes information about any provision of the compiled law that has been repealed in accordance with a provision of the law.

Editorial changes

The *Legislation Act 2003* authorises First Parliamentary Counsel to make editorial and presentational changes to a compiled law in preparing a compilation of the law for registration. The changes must not change the effect of the law. Editorial changes take effect from the compilation registration date.

If the compilation includes editorial changes, the endnotes include a brief outline of the changes in general terms. Full details of any changes can be obtained from the Office of Parliamentary Counsel.

Misdescribed amendments

A misdescribed amendment is an amendment that does not accurately describe how an amendment is to be made. If, despite the misdescription, the amendment can be given effect as intended, then the misdescribed amendment can be incorporated through an editorial change made under section 15V of the *Legislation Act 2003*.

If a misdescribed amendment cannot be given effect as intended, the amendment is not incorporated and “(md not incorp)” is added to the amendment history.
