Clause 210

Division 5—Example of annual fees and costs

210 Example of annual fees and costs

The example of annual fees and costs:

- (a) must contain fees and costs in accordance with the table in clause 211 or 212; and
- (b) must be set out using the headings and the form in clause 211 or 212; and
- (c) must be included in the 'Fees' section of a Product Disclosure Statement, following the fees and costs template.

211 Superannuation products—Example of annual fees and costs for a MySuper product

This table gives an example of how the fees and costs for the generic MySuper product for this superannuation product can affect your superannuation investment over a 1 year period. You should use this table to compare this superannuation product with other superannuation products.

EXAMPLE—MySuper product		BALANCE OF \$50 000
Investment fees	1.6%	For every \$50 000 you have in the MySuper product you will be charged \$800 each year
PLUS Administration fees	\$52 (\$1 per week)	And, you will be charged \$52 in administration fees regardless of your balance
PLUS Indirect costs for the MySuper product	1.2%	And, indirect costs of \$600 each year will be deducted from your investment
EQUALS Cost of product		If your balance was \$50 000, then for that year you will be charged fees of \$1 452 for the MySuper product.

Note: * Additional fees may apply.

212 Collective investment products—Example of annual fees and costs for a balanced investment option

Example of annual fees and costs for a balanced investment option

This table gives an example of how the fees and costs in the balanced investment option for this product can affect your investment over a 1 year period. You should use this table to compare this product with other products offered by *[managed investment schemes / retail CCIVs]*.

EXAMPLE—the Balanced Investment Option		BALANCE OF \$50 000 WITH A CONTRIBUTION OF \$5 000 DURING YEAR
Contribution Fees	0-4%	For every additional \$5 000 you put in, you will be

Clause 213

		charged between \$0 and \$200.
PLUS Management Costs	1.3%	And , for every \$50 000 you have in the balanced investment option you will be charged \$650 each year.
EQUALS Cost of balanced investment option		If you had an investment of \$50 000 at the beginning of the year and you put in an additional \$5 000 during that year, you would be charged fees of from: \$650 to \$850* What it costs you will depend on the investment option you choose and the fees you negotiate.

* Additional fees may apply:

Establishment fee—\$50

And, if you leave the *[managed investment scheme / retail CCIV]* early, you may also be charged **exit fees** of between 0 and 5% of your total account balance (between \$0 and \$2 500 for every \$50 000 you withdraw)

213 Defined benefit funds

An example of fees and costs is not required in a Product Disclosure Statement for a defined benefit fund.

Note: **Defined benefit fund** is defined in subregulation 1.03(1) of the SIS Regulations.

Division 6—How to fill in the example of annual fees and costs

214 Fees and costs must be ongoing amounts

The fees and costs stated in the example must be typical ongoing fees that apply to the MySuper product or investment option.

Note: The example should not be based on “honeymoon rates”. It must be consistent with the statement for an existing member or product holder having the stated balance and level of contributions each year.

214A Example of annual fees and costs for a MySuper product—lifecycle MySuper product

If the example of fees and costs for a MySuper product uses a lifecycle MySuper product, the investment fee quoted in the example must be the highest investment fee for a lifecycle stage of the lifecycle MySuper product.

215 Minimum entry balance rule

If the minimum balance required to enter a superannuation entity, a managed investment scheme or a retail CCIV is greater than \$50 000, the example of annual fees and costs must be based on an amount that is the lowest multiple of \$50 000 that exceeds the minimum entry balance.

Example: If a superannuation entity, a managed investment scheme or a retail CCIV has a minimum entry balance of \$65 000, the relevant amount for the example of annual fees and costs is \$100 000.

216 Exit fees

If an exit fee may be charged in relation to a collective investment product, the fee must be described in footnote to the table, based on:

- (a) a balance of \$50 000; or
- (b) if clause 215 applies—an amount that is a multiple of \$50 000.

217 Contribution fees

- (1) The amounts of contribution fees to be inserted in the example of annual fees and costs for a collective investment product, are applied against a \$5 000 investment.
- (2) If a Product Disclosure Statement relates to a product:
 - (a) that is paid for by a single lump sum amount; and
 - (b) for which no additional contributions can be made;the example of annual fees and costs should be modified by removing references to contributions or contribution fees.
- (3) The example must be based on a balance:

- (a) of \$50 000; or
- (b) worked out in accordance with clause 215.

Note: If there is a fee paid for the initial contribution, it should be described as the establishment fee.

218 Administration fees and investment fees for a superannuation product

Administration fees

- (1) The example of administration fees for a MySuper product or an investment option offered by a superannuation entity is applied to an amount of \$50 000 or an amount that is a multiple of \$50 000 if clause 215 applies.

Note: In calculating the amount, do not include contributions that may be made during the year.

- (2) If there is a range in the amount of administration fees that may be charged for a MySuper product or an investment option offered by a superannuation entity, the example must use the highest administration fees in the range.

Investment fees

- (3) The example of investment fees for a MySuper product or an investment option offered by a superannuation entity is applied to an amount of \$50 000 or an amount that is a multiple of \$50 000 if clause 215 applies.

Note: In calculating the amount, do not include contributions that may be made during the year.

- (4) If there is a range in the amount of investment fees that may be charged for a MySuper product or an investment option offered by a superannuation entity, the example must use the highest investment fees in the range.

Indirect costs for a MySuper product or investment option

- (5) The example of indirect costs for a MySuper product or an investment option offered by a superannuation entity must be worked out by applying the indirect cost ratio for the MySuper product or the investment option to an amount of \$50,000 or an amount that is a multiple of \$50,000 if clause 215 applies.

218A Management costs for a collective investment product

- (1) The example of management costs for an investment option offered by a managed investment scheme or a retail CCIV is applied to an amount of \$50 000 or an amount that is a multiple of \$50 000 if clause 215 applies.

Note: In calculating the amount, do not include contributions that may be made during the year.

- (2) If there is a range in the amount of management costs that may be charged for an investment option offered by a managed investment scheme or a retail CCIV, the example must use the highest management costs in the range.

Schedule 10 Disclosure of fees and other costs

Part 2 Fees and Costs Template, example of annual fees and costs and Consumer Advisory Warning for Product Disclosure Statements

Division 6 How to fill in the example of annual fees and costs

Clause 219

- (3) Management costs that are not deducted directly from a product holder's account must be calculated using the indirect cost ratio for the relevant investment option offered by the managed investment scheme or the retail CCIV.
- (4) Any percentage based management costs that are deducted directly from a product holder's account should be added to the percentage amount calculated under subclause (3).
- (5) Any dollar based management costs that are deducted directly from a product holder's account must be shown separately in the management costs cell.

Example 1: Management costs: 2 % deducted directly from your account + 1.6% deducted indirectly.

Example 2: Management costs: \$52 per year (\$1 per week) deducted directly from your account + 1.6% deducted indirectly.

Example 3: Management costs: \$52 per year (\$1 per week) + 1% deducted directly from your account + 1.6% deducted indirectly.

219 Withdrawal fees and exit fees

- (1) The example of a withdrawal fee or an exit fee for a collective investment product is applied against an amount of \$50 000 or an amount that is a multiple of \$50 000 if clause 215 applies.
- (2) In calculating the amount, do not include contributions that may be made during the year.

220 If there is no generic MySuper product or balanced investment option

Superannuation entities

- (1) If a superannuation entity does not offer a generic MySuper product, the example should be based on:
 - (a) where the superannuation entity offers a balanced investment option—the balanced investment option under which most assets of the superannuation entity are invested; and
 - (b) where the superannuation entity does not offer a balanced investment option—the investment option under which most assets of the superannuation entity are invested.

Managed investment schemes

- (2) If a managed investment scheme does not offer a balanced investment option, the example should be based on:
 - (a) where the scheme offers a default investment option—that option; and
 - (b) where the scheme does not offer a default investment option—the investment option under which most assets of the scheme are invested.

CCIVs

- (3) If a retail CCIV does not offer a balanced investment option, the example should be based on:
- (a) where the CCIV offers a default investment option—that option; and
 - (b) where the CCIV does not offer a default investment option—the investment option under which the CCIV has the most funds invested.

Division 7—Consumer Advisory Warning

221 Consumer advisory warning

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100 000 to \$80 000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

Your employer may be able to negotiate to pay lower administration fees. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.moneysmart.gov.au) has a *[superannuation or managed investment fee]* calculator to help you check out different fee options.

222 Where to place the Consumer Advisory Warning

The Consumer Advisory Warning must be located at the beginning of the fees section of the Product Disclosure Statement.

Part 3—Fees and costs in periodic statements

Division 1—Other Management Costs

301 Indirect costs related to investment and administration of accounts

- (1) The following text and the appropriate amount, in dollars, must be inserted after the part of the periodic statement that itemises transactions during the period.

Indirect costs of your investment

This approximate amount has been deducted from your investment and includes amounts that have reduced the return on your investment but are not charged directly to you as a fee.

- (2) The amount inserted must include:
- (a) for a MySuper product or an investment option offered by a superannuation entity—the indirect costs for the MySuper product or investment option; and
 - (b) for an investment option offered by a managed investment scheme or a retail CCIV—all management costs not deducted directly from a product holder's account during the reporting period.
- (3) The amount must be shown as a single total amount in dollars.
- (4) The amount for a collective investment product must be calculated by multiplying the indirect cost ratio for the relevant investment option by the product holder's average account balance for the option over the reporting period.

Division 2—Total fees

302 Total of fees in the periodic statement

- (1) The following text and the appropriate amount, in dollars, must be displayed:
 - (a) at the end of the part of the periodic statement that itemises transactions during the period; or
 - (b) in a summary part of the periodic statement.

TOTAL FEES YOU PAID

This approximate amount includes all the fees and costs which affected your investment during the period.

- (2) The total fees you paid are the total of all fees and costs disclosed in the periodic statement.

Division 3A—Short-Form Product Disclosure Statements

1017H Short-Form PDS

Short-Form PDS may be given instead of a Product Disclosure Statement in most cases

- (1) If a regulated person is required or obliged by this Act to give a Product Disclosure Statement for a financial product (but see subsection (4)) to another person, the regulated person may instead provide a Short-Form PDS for the product.

Product Disclosure Statement must be given in certain circumstances

- (2) However, if the regulated person is requested by the other person to provide the Product Disclosure Statement the regulated person must provide the Product Disclosure Statement.

Responsible person

- (3) The **responsible person** for a Short-Form PDS for a financial product is the person who is the responsible person for the Product Disclosure Statement for the product.

Short-Form PDS not to be given for certain products

- (4) Subsection (1) does not apply in relation to the following:
 - (a) a general insurance product;
 - (b) a managed investment product in relation to an Australian passport fund;
 - (ba) a security in a retail CCIV that is referable to a sub-fund of the CCIV that is an Australian passport fund;
 - (c) a foreign passport fund product.
- (5) To avoid doubt, nothing in Division 5AB of Part 7.9 of the regulations or in Part 3 of Schedule 10BA to the regulations permits a regulated person to give a Short-Form PDS or a Supplementary Short-Form PDS in relation to a financial product mentioned in subsection (4).

1017I Contents of a Short-Form PDS

Contents

- (1) The Short-Form PDS for a financial product must contain the following:
 - (a) a summary of the statements and information referred to in paragraphs 1013D(1)(a), (b), (c), (d), (e), (g) and (i) that were included in a Product Disclosure Statement for the product;
 - (b) a statement:
 - (i) notifying the retail client in relation to the product that the client may ask for the Product Disclosure Statement for the product; and
 - (ii) setting out the means by which the client may ask for the Product Disclosure Statement.

Extra contents for certain products

- (2) If the Short-Form PDS is for a superannuation product, managed investment product or a security in a retail CCIV the Short-Form PDS must also set out in full the information in:
 - (a) any regulations made for the purposes of paragraph 1013D(4)(c) relating to the details of fees and costs; and
 - (b) any regulations made for the purposes of paragraph 1015C(5)(b) that relate to the presentation, structure and format of information required by paragraphs 1013D(1)(d) and (e).

Other information may be included in Short-Form PDS

- (3) The Short-Form PDS may also:
 - (a) include other information; and
 - (b) refer to other information that is set out in the Product Disclosure Statement or Financial Services Guide for the product.

Reference to identify incorporated information

- (4) If under paragraph (3)(b) information is referred to in the Short-Form PDS, the reference must identify the document or the part of the document that contains the information.

Incorporated document forms part of Short-Form PDS

- (5) The document or part referred to in subsection (4) is taken to be included in the Short-Form PDS.

Rule as to statements in a Short-Form PDS

- (6) If a Product Disclosure Statement for a financial product may include a statement made by a person (see section 1013K), the statement may also be included in the Short-Form PDS for the product.

1017J Title of Short-Form Product Disclosure Statement

- (1) The title “Short-Form Product Disclosure Statement” must be used on the cover of, or at or near the front of, a Short-Form PDS.
- (2) In any other part of a Short-Form PDS, “Short-Form Product Disclosure Statement” may be abbreviated to “Short-Form PDS”.

1017K References in sections to Product Disclosure Statement to include references to Short-Form PDS

The following provisions apply to a Short-Form PDS and so apply as if a reference to a Product Disclosure Statement in the provisions included a reference to a Short-Form PDS:

- (a) sections 942DA, 947E, 1012F, 1012G, 1012H, 1012J, 1013A, 1013G, 1013H, 1013I, 1013L, 1013M, 1016A, 1016B, 1016C, 1016D, 1016E and 1017A and subsections 1013C(3) and 1013C(4) to (7);
- (b) any regulations made under those sections or subsections;
- (c) any regulations that modify those sections or subsections.

Division 3B—Supplementary Short-Form Product Disclosure Statements

1017L What a Supplementary Short-Form Product Disclosure Statement is

A *Supplementary Short-Form PDS* is a document by which a person who has prepared a Short-Form PDS can:

- (a) correct a misleading or deceptive statement in the Short-Form PDS; or
- (b) correct an omission from the Short-Form PDS of information it is required to contain; or
- (c) update, or add to, the information contained in the Short-Form PDS; or
- (d) change a statement of a kind referred to in paragraph 1016E(1)(a) or (b) (as applied by section 1017K).

1017M Title of Supplementary Short-Form Product Disclosure Statement

- (1) The title “Supplementary Short-Form Product Disclosure Statement” must be used on the cover of, or at or near the front of, a Supplementary Short-Form PDS.
- (2) In any other part of a Supplementary Short-Form PDS, “Supplementary Short-Form Product Disclosure Statement” may be abbreviated to “Supplementary Short-Form PDS”.

1017N Form of Supplementary Short-Form Product Disclosure Statement

At the beginning of a Supplementary Short-Form PDS there must be:

- (a) a statement that it is a Supplementary Short-Form PDS; and

- (b) an identification of the Short-Form PDS that it supplements; and
- (c) a statement that it is to be read together with that Short-Form PDS and any other specified Supplementary Short-Form PDS.

1017O Effect of giving person a Supplementary Short-Form Product Disclosure Statement

If:

- (a) a person is given a Short-Form PDS; and
- (b) at the same time, or later, they are given a Supplementary Short-Form PDS that supplements the Short-Form PDS;

the Short-Form PDS is taken, from when the Supplementary Short-Form PDS is given to the person, to include the information and statements contained in the Supplementary Short-Form PDS.

1017P Situation in which only a Supplementary Short-Form Product Disclosure Statement need be given

If:

- (a) apart from this section, a person would be required to give another person (the *client*) a Product Disclosure Statement (the *new PDS*) relating to a financial product; and
- (b) the client has, because of some previous conduct, already received a Short-Form PDS (the *earlier Short-Form PDS*) relating to the financial product; and
- (c) the earlier Short-Form PDS contains summaries of some, but not all, of the information that the new PDS is required to contain (see paragraph 1017I(1)(a));

the person may, instead of giving the client the new PDS, give the client a Supplementary Short-Form PDS that contains summaries of the additional information.

1017Q Application of other provisions in relation to Supplementary Short-Form Product Disclosure Statements

The following provisions apply in relation to a Supplementary Short-Form PDS in the same way as those provisions apply to a Product Disclosure Statement:

- (a) sections 1013A, 1013G, 1013H, 1013K and subsections 1013C(3) and 1013C(4) to (7);
