1 Name of Order

This Order is the *Imported Food Control Order 2001*.

2 Commencement

This Order commences on gazettal.

3 Definitions

In this Order:

beef means the flesh, bone, offal or any other tissue of cattle.

beef products means food prepared from or containing beef, but does not include gelatine, collagen, rendered fats, tallow or di-calcium phosphate.

4 Identification and classification of food

- (1) Food of a kind to which the Act applies that is mentioned in clause 1 of Schedule 1 is required to be inspected, or inspected and analysed, under the Scheme as risk food.
- (2) Food of a kind to which the Act applies that is mentioned in clause 1 of Schedule 2 is required to be inspected, or inspected and analysed, under the Scheme as active surveillance food.
- (3) If food of a particular kind is required to be inspected, or inspected and analysed, under the Scheme as a particular class of food, the food is classified as included in that class.

5 Previous Imported Food Control Orders — revocation

Each order made under regulation 7 or 8 of the *Imported Food Control Regulations 1993* that is in force immediately before this Order commences is revoked.
