

**EXPLANATORY STATEMENT**  
**CIVIL AVIATION REGULATIONS 1988**  
**CIVIL AVIATION ORDERS**  
**REVOCATION AND REPLACEMENT OF SECTION 20.3**  
**AIR SERVICE OPERATIONS**  
**MARSHALLING AND PARKING OF AIRCRAFT**

Subregulation 92 (2) of the *Civil Aviation Regulations 1988* (CAR 1988) states that the Civil Aviation Safety Authority (CASA) may, in relation to an aerodrome, issue directions relating to the safety of air navigation.

In accordance with subregulation 92 (2) of CAR 1988, section 20.3 of the Civil Aviation Orders contained requirements relating to the marshalling and parking of aircraft on aerodromes, the designation of parking areas and the use of standard hand signals.

Marshalling and parking are the responsibility of the aircraft operator, who must ensure that the standard hand signals set out in Appendix I are used. The aerodrome licence holder or proprietor is responsible for the designation of parking areas on the aerodrome.

This Order revokes and remakes section 20.3. This has been done as part of a scheme to review the Civil Aviation Orders, and, in particular, to ensure that they are in a position to meet the technical requirements of the *Legislative Instruments Act 2003* when it comes into effect on 1 January 2005. The remake does not involve any changes in existing law or policy in the Order. The Order is being remade solely for the purpose of ensuring compliance and consistency with the *Legislative Instruments Act 2003* when it commences on 1 January 2005. However, the opportunity has been taken to update outdated references to legislation in the Order and to introduce gender-neutral wording into the Order.

The Office of Regulation Review has stated that a Regulation Impact Statement is not necessary because the remake is of a minor or machinery nature.

The Order has been issued by the Director of Aviation Safety in accordance with subsection 84A (2) of the *Civil Aviation Act 1988*.

The Order came into effect on gazettal.
