Australian Government

Auditing and Assurance Standards Board

Explanatory Statement

Reasons for Issuing ASA 500 *Audit Evidence*

The Auditing and Assurance Standards Board (AUASB) issues Auditing Standard ASA 500 *Audit Evidence*, due to the requirements of the legislative provisions explained below.

The *Corporate Law Economic Reform Program (Audit Reform and Corporate Disclosure) Act 2004* established the AUASB as an independent statutory body under section 227A of the *Australian Securities and Investments Commission Act 2001*, as from 1 July 2004. Under section 336 of the *Corporations Act 2001*, the AUASB may make Auditing Standards for the purposes of the corporations legislation. These Auditing Standards are legislative instruments under the *Legislative Instruments Act 2003*.

Process of making Auditing Standards

Section 1455 of the *Corporations Act 2001* and *Corporations Regulation 10.5.01* gave interim legal endorsement from 1 July 2004 to the majority of Auditing Standards made by the former Auditing & Assurance Standards Board of the Australian Accounting Research Foundation. The AUASB has reviewed the Auditing Standards and has proceeded to make them as legally enforceable Auditing Standards under the *Corporations Act 2001*.

The Auditing Standards have been made also in accordance with the Financial Reporting Council's Strategic Direction to the AUASB dated 6 April 2005, pursuant to section 225 of the *ASIC Act*.

The Strategic Direction, *inter alia*, provides that the AUASB develops Auditing Standards that:

- have a clear public interest focus and are of the highest quality;

- use the International Standards on Auditing (ISAs) of the International Auditing and Assurance Standards Board (IAASB) as a base;
- conform with the Australian regulatory environment; and
- are capable of enforcement.

In implementing the Strategic Direction, the AUASB has undertaken a process of thorough review and revision that has:

- addressed the enforceability of mandatory requirements;
- clarified auditors' obligations under the Auditing Standards;
- provided for sector neutrality in the Auditing Standards; and
- included other amendments as necessary.

Purpose of Auditing Standard ASA 500 *Audit Evidence*

The purpose of Auditing Standard ASA 500 is to establish mandatory requirements and to provide explanatory guidance on what constitutes audit evidence in an audit of a financial report, the quantity and quality of audit evidence to be obtained, and the audit procedures that auditors use for obtaining that audit evidence.

Auditing Standard ASA 500 is to be read in conjunction with the *Preamble to AUASB Standards*, which sets out the intentions of the AUASB on how the Auditing Standards are to be understood, interpreted and applied.

Operative Date

The Auditing Standard is operative for financial reporting periods commencing on or after 1 July 2006.

Main changes from Auditing Standard AUS 502 (February 2004) *Audit Evidence*

The main differences between ASA 500 and AUS 502 are that in ASA 500:

1. The word 'shall', in the **bold-type** paragraphs, is the terminology used to describe an auditor's mandatory requirements, whereas an auditor's degree of responsibility is described in AUS 502 by the word 'should'.
2. The explanatory guidance paragraphs provide guidance and illustrative examples to assist the auditor in fulfilling the mandatory requirements, whereas in AUS 502 some obligations are implied within certain explanatory paragraphs. Accordingly, such paragraphs have been redrafted to clarify that the matter forms part of the explanatory guidance.

Consultation prior to issuing this Auditing Standard

The AUASB has consulted publicly as part of its due process in developing this Auditing Standard. Exposure Draft ED 3/05 *Proposed Auditing Standard: Audit Evidence (Re-issuance of AUS 502)* was issued on 31 August 2005 with a 45 day comment period. Submissions were received by the AUASB and it has considered these submissions as part of the development and finalisation of this Auditing Standard.
