AD/PA-31/62

Flap Operation Placard - Installation

9/2008

Requirement: CANCELLED.

This AD is cancelled on 28 August 2008.

Background: This Australian AD required installation of a cockpit placard and insertion of a temporary amendment to the flight manual. The temporary amendment to the flight manual was supported by FAA AD 78-08-12 but the cockpit placard was unique to Australia. Permanent amendment of the flight manual was required in 1978. This AD is no longer required.
