

SCHEDULE OF AIRWORTHINESS DIRECTIVES

AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/AA-1/18.

Gulfstream (Grumman American/ American Aviation) AA-1 Series Aeroplanes

AD/AA-1/18

Glove Box - Modification

6/2009

Requirement: CANCELLED.

This AD is cancelled on 4 June 2009.

Background: This AD, issued in 1978, required modification of the aircraft by sealing the gap formed between the forward face of the glove box and instrument facia to prevent objects passing through. The AD compliance was within 100 hours time in service after 31 December 1978. As all aircraft would have been modified by now, the AD is no longer required.
