However, where inadequate, the *Medical Practitioner*, *Authorised Nurse Practitioner* or *Authorised Midwife* may seek *Prior Approval* to prescribe a quantity greater, or a greater number of repeats, than the maximum listed in the *RPBS Schedule* or *PBS Schedule*.

Note: an RPBS prescriber who is an *Authorised Midwife* or an *Authorised Nurse Practitioner* may only prescribe a *Pharmaceutical benefit* listed on the *PBS* and a prescription by an *Authorised Midwife* or an *Authorised Nurse Practitioner* for a *Pharmaceutical benefit* that is not available on the *PBS* is not recognised under the *Scheme*, even if the *Pharmaceutical benefit* is available under the *Scheme* on the prescription of, say, an *Approved Medical Practitioner*.

14 Prescribing outside the RPBS Schedule or PBS Schedule

If a *Medical Practitioner* is of the clinical opinion that there are no therapeutic alternatives available in the *RPBS Schedule* or *PBS Schedule* for the treatment of an *Eligible Person*, the *Medical Practitioner* may seek *Prior Approval* from the *Commission* to prescribe an item not contained in those Schedules.

15 Medical Practitioner subject to this Scheme

Where a *Medical Practitioner*, *Authorised Nurse Practitioner* or *Authorised Midwife* prescribes for an *Eligible Person*, the *Medical Practitioner*, *Authorised Nurse Practitioner* or *Authorised Midwife* shall be subject to the terms and conditions of this *Scheme* and the *Explanatory Notes*.

Note: The Commonwealth introduced medication chart prescribing (MCP) in stages. Firstly there was a trial of MCP in certain residential care services and then it was adopted for residential care services. Secondly, on 1 April 2015, a trial of MCP at certain hospitals commenced. The intention in the *MPBS* is to ensure MCP under the *MPBS* can only occur for patients in residential care services or hospitals where it could occur in respect of those patients under the *National Health (Pharmaceutical Benefits) Regulations 2017*.

16AA Supply of pharmaceutical benefit on basis of medication chart prescription

- (1) A *Pharmaceutical benefit* may only be supplied on the basis of a *medication chart prescription* by:

 - (b) ends on the last day of the third calendar month that starts after the first calendar month.

Example: The first prescription is written in a medication chart on 11 June. The period of validity of the medication chart starts on 11 June and ends on 30 September.

 - (b) the prescription indicates a stop date for the supply of the *Pharmaceutical benefit* and, based on the dose and frequency of administration of the *Pharmaceutical benefit* indicated in the prescription, more than one supply of a maximum quantity of the pharmaceutical item or *Pharmaceutical benefit* is needed before the stop date is reached.

Note: See paragraph 85A(2)(a) of the *National Health Act 1953*, the PBS Schedule, and the RPBS Schedule, in relation to maximum quantities of pharmaceutical items or pharmaceutical benefits.

- (5) If paragraphs (4)(a) and (b) do not apply, a *Community Pharmacist* may only supply the quantity of the *Pharmaceutical benefit* needed to give effect to the prescription, up to a maximum quantity of the pharmaceutical item or *Pharmaceutical benefit*.

- (10) For a *continued dispensing supply* a *Community Pharmacist* is to obtain, from the person receiving the *Pharmaceutical benefit* (whether or not for the person’s own use), a written acknowledgement that the person has received the benefits but if it is not practicable for the pharmacist to obtain, from the person a written acknowledgement, the pharmacist must write on the *repeat authorisation form* for the supply:

Where:

- (a) a *Community Pharmacist* charges an *Eligible Person* an amount in respect of the provision of a *Pharmaceutical benefit*; and
- (b) information indicating the person's eligibility under this *Scheme* was not supplied to the *Community Pharmacist*; and
- (c) the *Commission* is satisfied that, in the circumstances, the person should be treated as if the relevant information had been supplied,

the person is entitled to be paid by the Commonwealth an amount equal to any amount that the person paid that would not have been payable if the relevant information had been supplied.

23 Expenses incurred in obtaining Pharmaceutical Benefits while not in receipt of a pharmaceutical allowance

Where a person would have been eligible to receive a pharmaceutical allowance under section 300 of the *Act* during a period, but the *Department*:

- (a) did not have the information needed to enable the *Commission* to make payment of the pharmaceutical allowance; and
- (b) has obtained that information since that period; and

the person:

Section

- (c) was not in receipt of that allowance during that period; and
- (d) has incurred expenses in obtaining *Pharmaceutical benefits* during that period which could be obtained under this *Scheme*; and
- (e) has provided material which satisfies the *Commission* that the person has incurred those expenses,

the *Commission* may reimburse the person for any or all of those expenses. The maximum amount which may be reimbursed is the amount that the person would have been entitled to receive by way of pharmaceutical allowance during that period had the *Department* had the information needed to enable the *Commission* to make payment of the allowance.

Part 4—Claims by Community Pharmacists

24 Lodgement of Claims by Community Pharmacists

Claims by *Community Pharmacists* under this Part shall be made in accordance with section 99AAA of the *National Health Act 1953* as though references in that section, and in the rules made under that section which relate to the supply of and payment for *Pharmaceutical benefits* under that Act and its Regulations, were references to the supply of, and payment for, *Pharmaceutical benefits*, except that:

- (a) *prescriptions* for the supply of *Pharmaceutical benefits* under this Part shall be marked in the S section or S sections (as defined in those rules) with one or more serial numbers allotted in respect of each *Pharmaceutical benefit* commencing at “R1” in each claim and continuing consecutively in respect of that claim;
- (b) these *prescriptions* shall be collected into one bundle, separate to the four bundles provided for in those rules, with the *prescriptions* sorted into the order of the serial numbers allocated under subparagraph (a), with the least serial number at the top of the bundle; and
- (c) the information to be provided to the Secretary to the Department that administers the *National Health Act 1953*, in respect of each supply of a *Pharmaceutical benefit* shall include a Form Category (within the meaning of the schedule to those rules) with a value of “8” where the *Pharmaceutical benefit* was supplied on an original authority prescription or “9” where the *Pharmaceutical benefit* was supplied on a repeat authority prescription, and a Payment Category (within the meaning of that schedule) with a value of “4”.

Note (1): this provision incorporates into the *Scheme*, among other relevant “*National Health Act 1953* requirements” (particularly the requirements in the *claims rules* made under subsections 98AC(4) and 99AAA(8) of the *National Health Act 1953*), the requirement for a claimant to include a “supply certification form” with a claim (manual and electronic).

Note (2): if a claim is made electronically, the supply certification form is to be given electronically (*claims rules*).

Note (3): for electronic claims, prescriptions need not be provided (*claims rules*).

25 Claims Requirements and Payment

- (1) The payment of a claim under the *Scheme* is subject to:
 - (a) compliance with the *Scheme*, in particular section 24; and
 - (b) submission of a completed supply certification form under the *claims rules*.

Part 5—Payments to Community Pharmacists

26 Payment of Dispensed Price

The amount payable to a *Community Pharmacist* for the supply of a *Pharmaceutical benefit* under the *Scheme* is the *dispensed price*.

Note: the dispensed price includes a dispensing fee.

30 Fees not payable in some circumstances

The *dispensed price* may not be payable to a *Community Pharmacist* where that person does not satisfy the requirements of paragraph 18 and supplies *Pharmaceutical benefits* to a person who is not an *Eligible Person*.

31 Community Pharmacist not entitled to demand or receive payments

A *Community Pharmacist* is not entitled to demand of, or receive from, a person in receipt of a *Pharmaceutical benefit*, payment in money or a valuable consideration for goods and services rendered under this *Scheme* except:

- (a) for goods or services that are provided in an emergency; or
- (b) for payment of an after-hours fee; or
- (c) for payment for packaging material, postage or freight; or
- (d) for payment that represents the required payment under the *PBS* of the price difference between the drug prescribed and supplied and the lowest priced brand of the same drug listed on the *PBS Schedule*; or
- (e) where payment represents the difference between the Commonwealth's financial responsibility for the provision of the *Pharmaceutical benefit* and the dispensed price of the *Pharmaceutical benefit* supplied.

32 Community Pharmacist to issue receipt where certain payments received

Where a payment is received, under any of subparagraphs 31(a), (b), (c) or (d), from a person in receipt of a *Pharmaceutical benefit*, the *Community Pharmacist* is required to issue that person an official receipt which states:

- (a) the goods and/or services provided; and
- (b) the date of receipt of those goods and/or services by the person.

Part 5A—Pharmaceutical Reimbursement

Definitions:

In this Part:

member means an Eligible Person eligible for payment of a pharmaceutical reimbursement.

veteran means a person eligible under the Repatriation Pharmaceutical Benefits Scheme for the payment known as the “pharmaceutical reimbursement”.

33

The *Commission* may, subject to this Part, accept financial responsibility for the pharmaceutical reimbursement.

Note: if the *Commission* accepts financial responsibility for a cost in relation to the provision of a *Pharmaceutical benefit* to an *Eligible Person*, the Commonwealth pays that cost.

34

The pharmaceutical reimbursement is a financial amount that would compensate an *Eligible Person* for out-of-pocket expenses:

- (a) that the person incurred in respect of a *Pharmaceutical benefit* provided under this *Scheme*; or
- (b) that the person incurred in respect of a *Pharmaceutical benefit* provided other than under this *Scheme* but provided on or from a date when the *Commission* accepted liability to provide treatment to the person under the *Act*.

Note 1: under the *Acts Interpretation Act 1901* words in the singular number (e.g. *Pharmaceutical benefit*) include the plural and words in the plural number include the singular.

Note 2: paragraph (b) covers what are known as “MEPIs” (Medical Expenses Privately Incurred). Under the *Act* eligibility for treatment can be backdated for 3 months before a claim for pension is received and treatment costs incurred in that period e.g. *co-payments* for *Pharmaceutical benefits*, may be met by the *Department*.

35

The amount of pharmaceutical reimbursement is worked out under 39.

36 Eligibility for Payment of Pharmaceutical Reimbursement

- (1) To be eligible for payment of the pharmaceutical reimbursement an Eligible Person must:
 - (a) have rendered warlike service; and

Section 37

- (b) be entitled to compensation under section 68 or section 75 of the Act or suffer from a *SRCA disability*.

Note (1): warlike service is defined in subsection 6(1) of the Act.

Note (2): section 68 is about compensation for a service injury or disease that has resulted in an impairment likely to continue indefinitely and section 75 (interim compensation) is about compensation under section 68 or section 71 where an impairment has not stabilised.

Note (3): section 69 of the Act generally requires the degree of impairment to be at least 10 impairment points before compensation is payable under s.68 but in certain cases it can be 5.

37 Calculation of annual value of pharmaceutical allowance component of MRCA supplement, pension supplement, veterans supplement

The annual value of the pharmaceutical allowance is calculated as follows:

- (a) for a *member* in receipt of the *MRCA supplement* or *veterans supplement* at different times throughout the year, the amount of \$6 per fortnight, indexed according to section 198F of the *Veterans' Entitlements Act 1986*:
- (i) as if the amount of \$6 is the dollar amount in subsection 198F(1);
 - (ii) since September 2009 (i.e. once annually since 1 January 2010), calculated at a daily rate and valued according to the number of days in the calendar year the *MRCA supplement* or *veterans supplement* was payable;
- (b) Subject to (d), for a *member* in receipt of an *income support payment* or an *income support payment under the Social Security Act 1991* that attracts a *pension supplement* or a *social security pension supplement* greater than the basic amount of *pension supplement*, the amount of \$6 per fortnight, indexed according to Division 18 of Part IIIB of the *Veterans' Entitlements Act 1986*:
- (i) as if the amount of \$6 is an amount of PS rate (pension supplement rate) in Item 1A of the CPI Indexation Table in section 59B;
 - (ii) since September 2009 (i.e. each 20 March and 20 September commencing 20 March 2010), calculated at a daily rate and valued according to the number of days in the calendar year *pension supplement* was payable;
- (c) for a *member* in receipt of *pension supplement*, who is a *member of a couple* and whose partner is a *member* or *veteran*—50% of the amount in (b).

Note: "partner" is defined in section 5 of the Act.

- (d) for a *member* in receipt of *pension supplement* who is a *member of a couple* and whose partner does not receive an *income support payment* or an *income support payment under the Social Security Act 1991* that attracts a *social security pension supplement* greater than the basic amount of *pension supplement*—50% of the amount in (b).

Note: "partner" is defined in section 5 of the Act.

38 Payment of Pharmaceutical Reimbursement

- (1) On and after 1 January 2013 the *pharmaceutical reimbursement* is payable to a person eligible for it under this Part.
- (2) Subject to (3), the *pharmaceutical reimbursement* is payable in the first quarter in each calendar year in respect of *co-payments* the person made for a *Pharmaceutical benefit* under this *Scheme* in the previous calendar year - not being a calendar year before 1 January 2012.

Note 1: calendar year is defined in section 2B of the *Acts Interpretation Act 1901*.

- (3) The *pharmaceutical reimbursement* is not payable for a person in the first quarter in a calendar year as mentioned in (2) if the data necessary to calculate the payment for the person is not available to the *Department* in which case the *pharmaceutical reimbursement* is payable to the person as soon as practicable after the data is available.

38A Five Year Limit on Payment of Pharmaceutical Reimbursement

- (1) Unless the *Commission* is of the opinion that there are special circumstances, a *pharmaceutical reimbursement* shall not be paid in respect of *co-payments* incurred by a person more than 5 calendar years before the *Commission* decision to accept financial responsibility for the *pharmaceutical reimbursement* for the person.
- (2) If the *Commission* decides there are special circumstances in relation to a person, then it is to determine a date on and from which *co-payments* are to be counted for the *pharmaceutical reimbursement* for the person.

39 Pharmaceutical Reimbursement Calculator

- (1) The pharmaceutical reimbursement for an *Eligible Person* is worked out as follows:

Step 1 add the *co-payments* for the *Pharmaceutical benefits* incurred by the person in the previous calendar year (sum of *co-payments*) up to the threshold of payments according to the *safety net* and disregarding any uncounted *co-payment*.

Step 2 compare the sum of *co-payments* with the sum of the pharmaceutical allowance component of the *MRCA supplement*, *pension supplement*, *veterans supplement* and *war widow/war widower pension* payable to the person in respect of the previous calendar year.

Step 3 if the sum of *co-payments* (amount 1) exceeds the sum of the pharmaceutical allowance component of the *MRCA supplement*, *pension supplement*, *veterans supplement* and *war widow/war widower pension* payable

Section 40

(amount 2), the amount by which amount 1 exceeds amount 2 is the *pharmaceutical reimbursement* for the person.

Note: the amount of any of these supplements may be zero.

40

For the Pharmaceutical Reimbursement Calculator an uncounted *co-payment* is a *co-payment* for a *Pharmaceutical benefit* where the *co-payment* is not counted for the purposes of the *safety net* applying to the person.

Note: included here are co-payments for *Pharmaceutical benefits* dispensed under the “Safety Net 20 Day Rule” (subsection 84C(4AA)) of the *National Health Act 1953*.

Part 5B—Under Co-payment Data Collection

40A Giving information

- (1) A *Community Pharmacist* who gives information to the *Secretary* in relation to the supply, under the *Scheme*, of a *Pharmaceutical benefit* by the pharmacist to an *Eligible Person*, is taken to have given that information under, and for the purposes of, the *Scheme*, provided that:
- (a) no claim for payment is made by the *Community Pharmacist* on the *Commission* or *Department* for dispensing the *Pharmaceutical benefit*; and
 - (b) the dispensing price of the *pharmaceutical benefit* is less than, or equal to, the *co-payment* that would have been paid by the *Eligible Person* for the *pharmaceutical benefit* if it had been dispensed at a price for which a *co-payment* is payable; and
 - (c) the information is given in accordance with the requirements, to the extent applicable, that apply under section 98C of the *National Health Act 1953* to an *approved supplier* giving information to the *Secretary* in relation to the supply to a person of a pharmaceutical benefit, as if references in section 98C to an *approved supplier* and a pharmaceutical benefit are references to, respectively, a *Community Pharmacist* and a *Pharmaceutical benefit* and the pharmaceutical benefit has been supplied under the *Scheme*.

Note: a *Community Pharmacist* includes an *Approved Hospital Authority*.

Part 6—Miscellaneous

41 Standards

The minimum acceptable standard for a *Pharmaceutical benefit* is that described in the regulations under the *Therapeutic Goods Act 1989* which relate to specific standards for drugs.

Note: The document may be kept in an electronic form (see subsection 12(2) of the *Electronic Transactions Act 1999*).

- (3) In this section:

dangerous drug means a drug or medicinal preparation in respect of which the law of the State or Territory in which the prescription is written provides that a pharmacist who dispenses that drug or medicinal preparation, or who dispenses it on the last of a number of occasions of supply indicated in a prescription for its supply, must take possession of the prescription and cancel it or deliver it to the authority administering that law.

45A Keeping documents—continued dispensing

45B Keeping documents—medication chart prescriptions

- (1) If a Community Pharmacist supplies a Pharmaceutical benefit on the basis of a medication chart prescription, the pharmacist is to keep the medication chart, or a copy of the medication chart on which the Community Pharmacist wrote the details mentioned in 16AA(2)(c) in relation to the prescription, for at least 2 years from the date of supply.

Section 46

Note: The document may be kept in an electronic form (see subsection 12(2) of the *Electronic Transactions Act 1999*).
