

## **COMMONWEALTH OF AUSTRALIA**

### **Comptroller-General of Customs Instrument of Approval No. 5 of 2015**

#### ***Customs Act 1901***

I, ROMAN QUAEDVLIEG, Comptroller-General of Customs, under section 4A of the *Customs Act 1901*, approve the attached “IMPENDING ARRIVAL REPORT (AIR)” statement as an approved statement for the purposes of communicating to the Department, an electronic report of the impending arrival of an aircraft at an airport in Australia in accordance with subsection 64(10) of that Act.

This Instrument commences on 1 October 2015.

Dated: 18 September 2015

**ROMAN QUAEDVLIEG**  
**Comptroller-General of Customs**

## **IMPENDING ARRIVAL REPORT (AIR)**

### **Approved statement - *Customs Act 1901* subsection 64(10)**

<b>Item No.</b>	<b>Short title</b>	<b>Information required</b>
1	Sender Reference	The identifier assigned by the person communicating the report to identify (and distinguish from others) the report and all subsequent amendments to the report.
2	Sender Reference Version	The numeric identifier assigned by the person communicating the report to identify the version of the report or the sequence of related reports.
3	Flight Number	The airline code (as allocated by the International Air Transport Association (IATA)), and flight number (as assigned by the carrier to identify the journey of the aircraft) for the flight.
4	Last Overseas Departure Port Code	The UNLocode, as published by the United Nations Economic Commission for Europe (UN/ECE), for the last place outside Australia that the aircraft departed from prior to its arrival in Australia.
5	Last Overseas Departure Date	The date the aircraft departed from the place identified in item 4.
6	Last Overseas Departure Time	The time the aircraft departed from the place identified in item 4.
7	Aircraft Registration Number	The international registration code assigned by the appropriate aviation authority for the aircraft.
8	Responsible Party Client ID	The Australian Business Number (ABN), or code allocated by the Department (the Customs Client Identifier or CCID), that identifies the operator of the aircraft.
9	Responsible Party Name	The name of the operator of the aircraft.
10	Codeshare Airline Code	If part of the space used to carry goods on the aircraft has been leased to another airline - the IATA code of the other airline.
11	Codeshare Flight Number	If part of the space used to carry goods on the aircraft has been leased to another airline - the flight number used by the other airline to identify the flight.
12	Overseas Routing Port	For each place outside Australia that the aircraft stopped during the flight - the UNLocode for the place.
13	Arrival Port Code	The UNLocode for the place in Australia where the airport, to which the report relates, is located.
14	Estimated Arrival Date	The date that the aircraft is expected to arrive at the airport to which the report relates.
15	Estimated Arrival Time	The time that the aircraft is expected to arrive at the airport to which the report relates.

<b>Item No.</b>	<b>Short title</b>	<b>Information required</b>
16	Cargo Discharge Indicator	Indicate whether goods will be unloaded at the airport to which the report relates.
		YES If cargo is to be unloaded.
		NO If cargo is not to be unloaded.
