7 Tariff rate quota certificates before trigger amount for quota year is reached

Application for tariff rate quota certificate

- (1) An exporter may apply to the Secretary for a tariff rate quota certificate for the export from Australia to the USA of a consignment of quota beef in a quota year.
- (2) The application must be made by making an entry in EXDOC for the consignment of quota beef.

Issue of tariff rate quota certificate

- (3) If an exporter applies under subsection (1) for a tariff rate quota certificate in relation to the export of a consignment of quota beef in a quota year, the Secretary must issue the certificate to the exporter if:
 - (a) the total weight of quota beef for which tariff rate quota certificates have already been issued for the quota year is not more than the access amount for the quota year; and
 - (b) issuing the certificate would not result in the access amount for the quota year being exceeded; and
 - (c) the trigger amount for the quota year has not been reached; and
 - (d) issuing the certificate would not result in the trigger amount for the quota year being exceeded.
- (4) If issuing the tariff rate quota certificate would result in the trigger amount for the quota year being exceeded, the Secretary may, to the extent that the trigger amount for the quota year is not exceeded, issue the certificate for part of the consignment.
- (5) If issuing the tariff rate quota certificate would result in the access amount for the quota year being exceeded, the Secretary may, to the extent that the access amount for the quota year is not exceeded, issue the certificate for part of the consignment.
- (6) If the Secretary issues a tariff rate quota certificate for the consignment or part of the consignment, the Secretary must:
 - (a) make an entry reflecting the issue of the certificate for the consignment, or part of the consignment, in an electronic system maintained by the Department; and
 - (b) notify the exporter of the issue of the certificate.

8 Notice of non-completion of export etc.

- (1) If:

Section 8

-
- (a) a tariff rate quota certificate in relation to a consignment of quota beef is issued under section 7; and
 - (b) the export of the consignment is not, or cannot be, completed by the export deadline for the export;

the exporter may give the Quota Unit notice of that fact and the reasons why the export could not be completed by the export deadline for the export.
 - (2) If the exporter gives the Quota Unit notice in accordance with subsection (1) before the export deadline for the export, the Secretary may vary the tariff rate quota certificate in any respect.

 - (b) notify the exporter of the variation.

-

Section 9

Part 3—Tariff rate quota certificates after trigger amount for quota year is reached

9 Notice of exporter's provisional tariff rate quota entitlement for quota year before trigger amount for quota year is reached

- (1) If the Secretary believes that the trigger amount for a quota year is likely to be reached, the Secretary must give a written notice to each exporter that has made an eligible export in relation to the quota year.
- (2) The notice must:
 - (a) state the amount (if any) of the exporter's provisional tariff rate quota entitlement for the quota year; and
 - (b) state that the exporter must acknowledge the notice before the date specified in the notice if the exporter wishes the provisional tariff rate quota entitlement to be allocated to the exporter after the trigger amount for the quota year is reached (if it is reached); and
 - (c) specify the way in which the notice is to be acknowledged.

10 Calculation of exporter's provisional tariff rate quota entitlement for quota year

- (1) Subject to subsections (2) and (3), the amount of an exporter's provisional tariff rate quota entitlement for a quota year is worked out using the following formula:

$$0.15 \times \text{access amount for the quota year} \times \frac{TE}{TA}$$

where:

TA is the total weight (in kilograms) of all exporters' eligible exports in relation to the quota year.

TE is the total weight (in kilograms) of the exporter's eligible exports in relation to the quota year.

- (2) If the amount of an exporter's provisional tariff rate quota entitlement for a quota year worked out under subsection (1) is less than 1 000 kilograms, the exporter's provisional tariff rate quota entitlement for the quota year is nil.
- (3) If the total amount of the provisional tariff rate quota entitlements of all exporters for a quota year (as determined under subsections (1) and (2)) is less than the amount equal to 15% of the access amount for the quota year, the difference between those amounts is to be apportioned to those exporters in proportion to each exporter's provisional tariff rate quota entitlement for the quota year.

11 Notice to exporters after trigger amount for quota year is reached

- (1) If the trigger amount for a quota year is reached, the Secretary must, as soon as practicable, give each exporter that made an eligible export in relation to the quota year a written notice stating:
 - (a) when the trigger amount for the quota year was reached; and
 - (b) if the exporter has acknowledged a notice given to the exporter under section 9—the exporter’s provisional tariff rate quota entitlement for the quota year.
- (2) If an exporter is notified of the exporter’s provisional tariff rate quota entitlement for a quota year under paragraph (1)(b), the exporter must, before the end of the tenth working day after being so notified, give the Quota Unit a written notice specifying:
 - (a) the amount (if any) of the exporter’s provisional tariff rate quota entitlement for the quota year that the exporter requests to have allocated under section 13 as the tariff rate quota entitlement of the exporter for the quota year; and
 - (b) the amount (if any) of the exporter’s provisional tariff rate quota entitlement for the quota year that the exporter intends to transfer to another exporter under section 12; and
 - (c) the amount (if any) of the exporter’s provisional tariff rate quota entitlement for the quota year that the exporter relinquishes.

12 Transfer of exporter’s provisional tariff rate quota entitlement for quota year

- (1) If an exporter gives a notice under paragraph 11(2)(b) in relation to the transfer of an amount of the exporter’s provisional tariff rate quota entitlement for the quota year, the exporter may transfer all or part of that amount to another exporter.
- (2) If an exporter transfers an amount of the exporter’s provisional tariff rate quota entitlement for the quota year under subsection (1), the exporter must give written notice of the transfer to the Quota Unit before the end of the tenth working day after being given the notice under paragraph 11(1)(b).
- (3) A transfer has no effect for the purposes of this instrument if notice of the transfer is not given in accordance with subsection (2).

13 Allocation of tariff rate quota entitlements for quota year

The Secretary must allocate to an exporter the following amounts as the exporter’s tariff rate quota entitlement for a quota year:

- (a) any amount of the exporter’s provisional tariff rate quota entitlement for the quota year requested in a notice given by the exporter under paragraph 11(2)(a);
