1 Name

This instrument is the *Fisheries Management (Logbooks for Fisheries) Determination 2018*.

2 Commencement

This instrument commences the day after registration on the Federal Register for Legislation.

3 Authority

This instrument is made under section 42 of the Act.

Note: It is a condition of a fishing concession that the holder will comply with the requirements made in this instrument, see subsection 42(2) of the Act.

4 Definitions

Note: A number of expressions used in this instrument are defined in definitions section of the Act, including the following:

- (a) AFMA;
- (b) AFZ;
- (c) Australian boat;
- (d) boat;
- (e) CEO;
- (f) fish;
- (g) fishery;
- (h) fishing;
- (i) fishing concession.

In this instrument, unless indicated otherwise:

Act means the *Fisheries Management Act 1991*.

AFMA official means persons who are ‘officials of the Authority’ as described in paragraph 5A(c) of the *Fisheries Administration Act*.

Bass Strait Central Zone Scallop Fishery means the area of waters described as the ‘area of the fishery’ in the *Bass Strait Central Zone Scallop Management Plan 2002*.

Commonwealth GAB Trawl Sector has the meaning given by section 3 of the SESSF Management Plan.

Commonwealth South East Trawl Sector has the meaning given by section 3 of the SESSF Management Plan.

Coral Sea Fishery means the area of waters with that name described in section 4B of the Regulations.

declared fishery means a fishery declared in a declaration made under subsection 91(1) of the Act.

East Coast Deepwater Trawl Sector has the meaning given by section 3 of the SESSF Management Plan.

Eastern Skipjack Fishery means the area of waters with that name described in section 4B of the Regulations.

Eastern Tuna and Billfish Fishery means the area of waters described as the ‘area of the fishery’ for an Australian boat in the *Eastern Tuna and Billfish Fishery Management Plan 2010*.

e-log means a logbook kept in electronic form which has the form and content of an electronic schema.

electronic schema has the meaning given by subsection 6(1).

High Seas Fishery permit means a fishing permit authorising the holder of the permit to fish in any area of waters any area of waters outside the AFZ and the Economic Exclusive Zone of another country that is specified in the fishing permit.

holder of a fish receiver permit means a person who holds a permit granted by AFMA under subsection 91(2) of the Act.

interaction has the meaning given by section 9ZQ of the Regulations.

listed marine species has the meaning given by the *Environmental Protection and Biodiversity Conservation Act 1999*.

logbook has the meaning given by section 6.

nominated boat means the boat:

- (a) nominated to a fishing concession by the holder that concession under section 9AB of the Regulations; or
- (b) specified in a fishing permit under subsection 32(1A) of the Act.

Northern Prawn Fishery means the area of waters described as the ‘Northern Prawn Fishery area’ in the *Northern Prawn Fishery Management Plan 1995*.

North West Slope Fishery means the area of waters described with that name in section 4B of the Regulations.

protected community has the meaning given by section 9ZQ of the Regulations.

protected species has the meaning given by section 9ZQ of the Regulations.

Regulations means the *Fisheries Management Regulations 1992*.

SESSF Management Plan means the *Southern and Eastern Scalefish and Shark Fishery Management Plan 2003*.

Small Pelagic Fishery means the area of waters described as the ‘area of the fishery’ in the *Small Pelagic Fishery Management Plan 2009*.

Southern and Eastern Scalefish and Shark Fishery means the area of waters described as the ‘area of the fishery’ in the SESSF Management Plan.

Southern Bluefin Tuna Fishery means the area of waters described as the ‘SBT Fishery area’ in the *Southern Bluefin Tuna Fishery Management Plan 1995*.

Southern Squid Jig Fishery means the area of waters described as the ‘area of the fishery’ in the *Southern Squid Jig Fishery Management Plan 2005*.

Victorian Coastal Waters Sector has the meaning given by section 3 of the SESSF Management Plan.

Western Deepwater Trawl Fishery means the area of waters with that name described in section 4B of the Regulations.

Western Skipjack Fishery means the area of waters described with that name in section 4B of the Regulations.

Western Tuna and Billfish Fishery means the area of waters described as the ‘area of the fishery’ for an Australian boat in the *Western Tuna and Billfish Fishery Management Plan 2005*.

5 Schedules

Each instrument that is specified in a Schedule to this instrument is amended or repealed as set out in the applicable items in the Schedule concerned, and any other item in a Schedule to this instrument has effect according to its terms.

6 E-logs and electronic schema

- (1) If a logbook is required by this instrument to be kept and maintained in electronic form (*e-log*) it must have a particular form and content (the *electronic schema*).
- (2) The electronic schema for the purposes of this Instrument are:
 - (a) EGNET;
 - (b) ELINE;
 - (c) EPRAWN;
 - (d) ESEINE;
 - (e) ETRAWL.
- (3) The content required to be kept and maintained for each electronic schema is prescribed in Schedule 2 to this instrument.
- (4) In Schedule 2, subject to contrary intention:
 - (a) length is to be recorded in metres;
 - (b) depth is to be recorded in metres;
 - (c) temperature is to be recorded in degrees centigrade;
 - (d) weight is to be recorded in kilograms;
 - (e) time is to be recorded in hours;
 - (f) latitude and longitude is to be recorded in decimal degrees.

-
- (5) Where person is required to keep and maintain an e-log in an electronic schema, it must be furnished to AFMA in a form that complies with detailed specifications available on the AFMA website:

Note: As of the date that this instrument is made, the detailed specifications for electronic schema are available on the AFMA website at www.afma.gov.au/fisheries-services/logbooks/e-logs-information/

7 Logbooks

- (1) A reference to a logbook in this instrument is a reference to that logbook described in an item in column 1 of the table in Schedule 3 to this instrument.
- (2) The form and content of the logbook described in an item in column 1 of the table in Schedule 3 is prescribed in the Gazette at the reference specified in column 2 of the table in Schedule 3.

8 Exemption from requirement to keep and maintain e-logs

- (1) This section applies to a holder of a fishing concession to which subsections (2), (4) or (5) apply to the holder.

Before 1 January 2019

- (2) This subsection applies to a holder of a fishing concession:
- (a) before 1 January 2019; and
 - (b) where the holder's fishing concession authorises the holder to take fish in a fishery to which subsection (3) applies.
- (3) This subsection applies to:
- (a) the Coral Sea Fishery; and
 - (b) the Eastern Skipjack Fishery; and
 - (c) the Eastern Tuna and Billfish Fishery; and
 - (d) the High Seas Fishery; and
 - (e) the North West Slope Fishery; and
 - (f) the Northern Prawn Fishery; and
 - (g) the Small Pelagic Fishery; and
 - (h) the Southern Bluefin Tuna Fishery; and
 - (i) the Western Deepwater Trawl Fishery; and
 - (j) the Western Skipjack Fishery; and
 - (k) the Western Tuna and Billfish Fishery.

Fishing for less than 50 days

- (4) This subsection applies to a holder of a fishing concession in a fishery when they have fished with a particular fishing method in the fishery for a total of:
- (a) less than 50 days in the current fishing season; and
 - (b) less than 50 days in the preceding fishing season for that fishery.

Holder has significant difficulty complying with electronic requirement

- (5) This subsection applies to a holder of a fishing concession when:

-
- (a) the holder provides an AFMA Licensing Officer with reasons and evidence that he or she has significant difficulty complying with the requirement to keep and retain an e-log in accordance with an electronic schema; and
 - (b) an AFMA Licensing Officer has considered the reasons and evidence as well as any further reasons and evidence provided under subsection (6); and
 - (c) the holder has received written notice from an AFMA Licensing Officer that this subsection applies.
- (6) Before declining to provide written notice under paragraph (5)(c), the AFMA Licensing Officer must notify the holder of the fishing concession that they intend to decline giving such notice and afford the holder a reasonable opportunity to provide further reasons and evidence.

(7) In this section:

AFMA Licensing Officer means an AFMA official with responsibility for managing or administering the licensing of fishing concessions.

9 Bass Strait Central Zone Scallop Fishery

- (1) A holder must keep and maintain:
- (a) Commonwealth Scallop Daily Fishing Log SCA01B logbook; and
 - (b) Commonwealth Scallop/Squid Catch Disposal Document SCQ02A logbook.
- (2) The holder must furnish the logbook required to be kept and maintained under this section to AFMA within 3 calendar days from the date that fish are unloaded from a nominated boat.

(3) In this section:

holder means a holder of a fishing concession authorising the person to take fish in the Bass Strait Central Zone Scallop Fishery.

10 Coral Sea Fishery

- (1) If a holder is authorised to use the fishing method specified in an item in column 1 of the table then:
- (a) the holder must keep and maintain an e-log in the electronic schema in column 2 of the table unless paragraphs (b) or (c) apply; or
 - (b) if there is no entry in column 2 of the table, the holder must keep and maintain the logbooks specified in column 3 of the table; or
 - (c) if section 8 applies to the holder, the holder must keep and maintain the logbooks specified in column 3 of the table.

Item	Column 1 Fishing method	Column 2 Electronic schema	Column 3 Logbooks
1	Fishing trap methods		(a) Trap Fishing Daily Fishing Log

Item	Column 1 Fishing method	Column 2 Electronic schema	Column 3 Logbooks
			TR01; and (b) Commonwealth Catch Disposal Document SESS2A and SESS2B.
2	Line fishing methods	ELINE	(a) Line Fishing Daily Log LM01B; and (b) Commonwealth Catch Disposal Document SESS2A and SESS2B.
3	Trawl fishing methods	ETRAWL	(a) Eastern Finfish Trawl Daily Fishing Log EFT01C; and (b) Commonwealth Catch Disposal Document SESS2A and SESS2B.

- (2) If a holder is authorised to take lobster, trochus or sea cucumber then the holder must keep and maintain:
 - (a) Hand Collection Daily Fishing Log HC911 logbook; and
 - (b) Hand Collection Catch Disposal Record HC02 logbook.
- (3) If a holder is authorised to take live rock then the holder must keep and maintain the Coral, Shell Grit & Sand Star Fisheries Logbook logbook.
- (4) If a holder is authorised to take live fish for use in aquaria then the holder must keep and maintain the Aquarium Fish Fishery Logbook AQ04 logbook.
- (5) The holder must furnish any e-log required to be kept and maintained under this section to AFMA before any fish are unloaded from the holder's nominated boat at the end of a trip.
- (6) The holder must furnish any logbook required to be kept and maintained under this section to AFMA within 3 calendar days from the date that fish are unloaded from a nominated boat.
- (7) In this section:

holder means a holder of a fishing concession authorising the person to take fish in the Coral Sea Fishery.

11 Eastern and Western Tuna Fisheries

- (1) This section applies to the following fisheries:
 - (a) the Eastern Skipjack Fishery; and
 - (b) the Eastern Tuna and Billfish Fishery; and
 - (c) the Western Skipjack Fishery; and
 - (d) the Western Tuna and Billfish Fishery.
- (2) If a holder is authorised to use the fishing method specified in an item in column 1 of the table then:
 - (a) the holder must keep and maintain an e-log in the electronic schema in column 2 of the table unless paragraphs (b) or (c) apply; or

- (b) if there is no entry in column 2 of the table, the holder must keep and maintain the logbooks specified in column 3 of the table; or
- (c) if section 8 applies to the holder, the holder must keep and maintain the logbooks specified in column 3 of the table.

Item	Column 1 Fishing method	Column 2 Electronic schema	Column 3 Logbooks
1	Minor line methods only (excluding pole)	ELINE	(a) Line Fishing Daily Fishing Log LN01B; and (b) Commonwealth Pelagic Fisheries Catch Disposal Record PT02B.
2	Minor line and gillnet fishing methods	EGNET	(a) Gillnet Fishing Daily Log NT01A; and (b) Commonwealth Pelagic Fisheries Catch Disposal Record PT02B.
3	Longline fishing methods	ELINE	(a) Australian Pelagic Longline Daily Fishing Log AL06; and (b) Commonwealth Pelagic Fisheries Catch Disposal Record PT02B.
4	Purse seine fishing methods		(a) Purse Seine Daily Fishing Log AL06; and (b) Commonwealth Pelagic Fisheries Catch Disposal Record PT02B.
5	Pole fishing methods		(a) Australian Purse Seine and Pole Daily Fishing Log TPB02; and (b) Commonwealth Pelagic Fisheries Catch Disposal Record PT02B.

- (3) If the holder exports any tuna caught under their fishing concession, the holder must keep and maintain the Australian Fish Export Statistical Document Program SDS01 for all tuna that is exported.
- (4) The holder must furnish any e-log required to be kept and maintained under this section to AFMA before any fish are unloaded from the holder's nominated boat at the end of a trip.
- (5) The holder must furnish any logbook required to be kept and maintained under this section to AFMA within 3 calendar days from the date that fish are unloaded from a nominated boat.
- (6) In this section:

holder means a holder of a fishing concession authorising the person to take fish in the fishery to which this section applies.

12 High Seas Fishery

- (1) If a holder is authorised to use the fishing method specified in an item in column 1 of the table then:

- (a) the holder must keep and maintain an e-log in the electronic schema in column 2 of the table unless paragraphs (b) or (c) apply; or
- (b) if there is no entry in column 2 of the table, the holder must keep and maintain the logbook specified in column 3 of the table; or
- (c) if section 8 applies to the holder, the holder must keep and maintain the logbook specified in column 3 of the table.

Item	Column 1 Fishing method	Column 2 Electronic schema	Column 3 Logbook
1	Trap fishing methods		(a) Trap Fishing Daily Fishing Log TRL01; and (b) Commonwealth Catch Disposal Document SESS2A and SESS2B.
2	Line fishing methods	ELINE	(a) either: (i) Line Fishing Daily Log LN01B; or (ii) Australian Pelagic Longline Daily Fishing Log AL06; and (b) either: (i) Commonwealth Catch Disposal Document SESS2A and SESS2B; or (ii) Commonwealth Pelagic Fisheries Catch Disposal Record PT02B.
3	Trawl fishing methods	ETRAWL	(a) either: (i) Eastern Finfish Trawl Daily Fishing Log EFT01C; or (ii) North West Slope Daily Fishing Log NWS04; or (iii) Southern and Western Finfish Trawl Daily Fishing Log SWT01B; and (b) either: (i) Commonwealth Catch Disposal Document SESS2A and SESS2B; or (ii) Great Australian Bight Trawl Fishery Catch Disposal Record GAB2C.

- (2) The holder must furnish any e-log required to be kept and maintained under this section to AFMA before any fish are unloaded from the holder's nominated boat at the end of a trip.
- (3) The holder must furnish any logbook required to be kept and maintained under this section to AFMA within 3 calendar days from the date that fish are unloaded from a nominated boat.

-
- (4) In this section:

holder means a holder of a High Seas Fishery permit.

13 Northern Prawn Fishery

- (1) Subject to subsection (2), a holder must keep and maintain an e-log that meets the requirements of ETRAWL.
- (2) If section 8 applies to the holder, the holder must keep and maintain the Northern and Torres Strait Prawn Fisheries Daily Fishing Log NP16 logbook.
- (3) The holder must furnish any e-log required to be kept and maintained under this section to AFMA before any fish are unloaded from the holder's nominated boat at the end of a trip.
- (4) The holder must furnish any logbook required to be kept and maintained under this section to AFMA within 3 calendar days from the date that fish are unloaded from a nominated boat.
- (5) In this section:

holder means a holder of a fishing concession authorising the person to take fish in the Northern Prawn Fishery.

14 North West Slope Fishery

- (1) Subject to subsection (2), a holder is authorised to fish in the North West Slope Fishery the holder must keep and maintain an e-log that meets the requirements of ETRAWL.
- (2) If section 8 applies to the holder, the holder must keep and maintain the North West Slope Daily Fishing Log NWS04 logbook.
- (3) The holder must furnish any e-log required to be kept and maintained under this section to AFMA before any fish are unloaded from the holder's nominated boat at the end of a trip.
- (4) The holder must furnish any logbook required to be kept and maintained under this section to AFMA within 3 calendar days from the date that fish are unloaded from a nominated boat.
- (5) In this section:

holder means a holder of a fishing concession authorising the person to take fish in the North West Slope Fishery.

15 Small Pelagic Fishery

- (1) If a holder is authorised to use the fishing method specified in an item in column 1 of the table then:
 - (a) the holder must keep and maintain an e-log in the electronic schema in column 2 of the table unless paragraphs (b) or (c) apply; or

- (b) if there is no entry in column 2 of the table, the holder must keep and maintain the logbooks specified in column 3 of the table; or
- (c) if section 8 applies to the holder, the holder must keep and maintain the logbooks specified in column 3 of the table.

Item	Column 1 Fishing method	Column 2 Electronic schema	Column 3 Logbooks
1	Purse seine fishing methods		(a) Purse Seine Daily Fishing Log PS01A; and (b) Great Australian Bight Trawl Fishery Catch Disposal Record GAB2C.
2	Trawl fishing methods	ETRAWL	(a) either: (i) Southern and Western Finfish Trawl Daily Fishing Log SWT01B; or (ii) Eastern Finfish Trawl Daily Fishing Log EFT01C; and (b) Great Australian Bight Fishery Catch Disposal Record GAB2C.
3	Jigging methods		(a) Squid Jigging Daily Fishing Log SQ05; and (b) Great Australian Bight Fishery Catch Disposal Record GAB2C.
4	Minor line methods		(a) Line Fishing Daily Fishing Log LN01B; and (b) Great Australian Bight Fishery Catch Disposal Record GAB2C.

- (2) The holder must furnish any e-log required to be kept and maintained under this section to AFMA before any fish are unloaded from the holder's nominated boat at the end of a trip.
- (3) The holder must furnish any logbook required to be kept and maintained under this section to AFMA within 3 calendar days from the date that fish are unloaded from a nominated boat.
- (4) In this section:

holder means a holder of a fishing concession authorising the person to take fish in the Small Pelagic Fishery.

16 Southern and Eastern Scalefish and Shark Fishery

- (1) If a holder is authorised to use the fishing method specified in an item in column 1 of the table then:
- (a) the holder must keep and maintain an e-log in the electronic schema in column 2 of the table unless paragraphs (b) or (c) apply; or

- (b) if there is no entry in column 2 of the table, the holder must keep and maintain the logbooks specified in column 3 of the table; or
- (c) if section 8 applies to the holder, the holder must keep and maintain the logbooks specified in column 3 of the table.

Item	Column 1 Fishing method	Column 2 Electronic schema	Column 3 Logbooks
1	Trap fishing methods		(a) Trap Fishing Daily Log TR01; and (b) Commonwealth Catch Disposal Document SESS2A and SESS2B.
2	Gillnet fishing methods	EGNET	(a) Gillnet Fishing Daily Log NT01B; and (b) Commonwealth Catch Disposal Document SESS2A and SESS2B
3	Line fishing methods	ELINE	(a) Line Fishing Daily Fishing Log LN01B; and (b) Commonwealth Catch Disposal Document SESS2A and SESS2B.
4	Trawl fishing methods in the Commonwealth South East Trawl Sector, East Coast Deepwater Trawl Sector and Victorian Coastal Waters Sector	ESEINE	(a) Eastern Finfish Trawl Daily Fishing Log EFT01C; and (b) Commonwealth Catch Disposal Document SESS2A and SESS2B.
5	Trawl fishing methods in the Commonwealth GAB Trawl Sector	ESEINE	(a) Southern and Western Finfish Trawl Daily Fishing Log SWT01B; and (b) Great Australian Bight Fishery Catch Disposal Record GAB2C.

- (2) The holder must furnish any e-log required to be kept and maintained under this section to AFMA before any fish are unloaded from the holder's nominated boat at the end of a trip.
- (3) The holder must furnish any logbook required to be kept and maintained under this section to AFMA within 3 calendar days from the date that fish are unloaded from a nominated boat.
- (4) In this section:

holder means a holder of a fishing concession authorising the person to take fish in the Southern and Eastern Scalefish and Shark Fishery.

17 Southern Bluefin Tuna Fishery

- (1) If a holder is authorised to use the fishing method specified in an item in column 1 of the table then:
- (a) the holder must keep and maintain an e-log in the electronic schema in column 2 of the table unless paragraphs (b) or (c) apply; or

- (b) if there is no entry in column 2 of the table, the holder must keep and maintain the logbook specified in column 3 of the table; or
- (c) if section 8 applies to the holder, the holder must keep and maintain the logbook specified in column 3 of the table.

Item	Column 1 Fishing method	Column 2 Electronic schema	Column 3 Logbook
1	Longline and minor line (excluding pole) fishing methods	ELINE	(a) Australian Pelagic Longline Daily Fishing Log AL06; and (b) Commonwealth Pelagic Fisheries Catch Disposal Record PT02B; and (c) Catch Monitoring Form CMAU02C; and (d) Catch Tagging Form CTAU02A.
2	Pole fishing methods		(a) Australian Purse Seine and Pole Daily Fishing Log TPB02; and (b) Southern Bluefin Tuna Catch Disposal Record CR4A; and (c) Commonwealth Pelagic Fisheries Catch Disposal Record PT02B; and (d) Catch Monitoring Form CMAU02C; and (e) Catch Tagging Form CTAU02A.
3	Purse seine fishing methods (where the fish are not landed to a farm)		(a) Purse Seine Daily Fishing Log PS01A; and (b) Southern Bluefin Tuna Catch Disposal Record CR4A; and (c) Commonwealth Pelagic Fisheries Catch Disposal Record PT02B; and (d) Catch Monitoring Form CMAU02C; and (e) Catch Tagging Form CTAU02A.

Item	Column 1 Fishing method	Column 2 Electronic schema	Column 3 Logbook
4	Purse seine fishing methods (where the fish are landed to a farm)		(a) Australian Purse Seine and Pole Daily Fishing Log for Farmed Southern Bluefin Tuna Only TPB03; and (b) Southern Bluefin Tuna Fishery Farm Catch Disposal Record SBT04B; and (c) Catch Monitoring Form CTAU02C; and (d) Catch Tagging Form CTAU02A; and (e) Southern Bluefin Tuna Fishery Farm Catch Disposal Record – Purse Seine Boat SBT02; and (f) Farm Stocking Form FSAU; and (g) Southern Bluefin Tuna Fishery Farm Transit Log SBT03B.

- (2) If the holder exports any tuna caught under their fishing concession, the holder must keep and maintain the Australian Fish Export Statistical Document Program SDS01 logbook for all tuna that is exported.
- (3) The holder must furnish any e-log required to be kept and maintained under this section to AFMA before any fish are unloaded from the holder's nominated boat at the end of a trip.
- (4) The holder must furnish any logbook required to be kept and maintained under this section to AFMA within 3 calendar days from the date that fish are unloaded from a nominated boat.
- (5) In this section:

holder means a holder of a fishing concession authorising the person to take fish in the Southern Bluefin Tuna Fishery.

18 Southern Squid Jig Fishery

- (1) A holder must keep and maintain:
 - (a) the Commonwealth Scallop/Squid Catch Disposal Record SCQ02A logbook; and
 - (b) the Squid Jigging Daily Fishing Log SQ06 logbook.
- (2) The holder must furnish any logbooks required to be kept and maintained under this section to AFMA within 3 calendar days from the date that fish are unloaded from a nominated boat.
- (3) In this section:

holder means a holder of a fishing concession authorising the person to take fish in the Southern Squid Jig Fishery.

19 Western Deepwater Trawl Fishery

- (1) Subject to subsection (2), a holder must keep and maintain an e-log that meets the requirements of ETRAWL.
- (2) If section 8 applies to the holder, the holder must keep and maintain the Southern and Western Finfish Trawl Daily Fishing Log SWT01B logbook.
- (3) The holder must furnish any e-log required to be kept and maintained under this section to AFMA before any fish are unloaded from the holder's nominated boat at the end of a trip.
- (4) The holder must furnish any logbook required to be kept and maintained under this section to AFMA within 3 calendar days from the date that fish are unloaded from a nominated boat.
- (5) In this section:

holder means a holder of a fishing concession authorising the person to take fish in the Western Deepwater Trawl Fishery.

20 Transportation of fish taken in a declared fishery

- (1) If subsection (2) applies, the holder of a fishing concession must keep and maintain the Commonwealth Managed Fisheries Transit Form CTF logbook.
- (2) This subsection applies where:
 - (a) the holder's fishing concession authorises the holder to take fish in a declared fishery; and
 - (b) the holder has taken fish from a declared fishery; and
 - (c) after landing the fish, transports the fish to a holder of a fish receiver permit; and
 - (d) transports the fish in more than one consignment.
- (3) The holder must furnish any logbook required to be kept and maintained under this section to AFMA within 3 calendar days from the date that fish are unloaded from a nominated boat.

Schedule 1—Repeals

Logbooks for Fisheries Determination 2017

1 The whole of the instrument

Repeal the instrument

Schedule 2—Content of e-logs

1 Content required for all electronic schema

For the purpose of section 6, all electronic schema must contain the following content described in column 1 of the table.

Item	Column 1
Content required to be kept and maintained	
1	Client information: (a) AFMA client ID; and (b) concession holder name; and (c) contact email address.
2	Vessel information about the boat being used for fishing: (a) AFMA boat identification number; and (b) the distinguishing symbol for the boat; and (c) the radio call sign for the boat; and (d) the name of the boat.
3	Whilst at sea for longer than 24 hours, with respect to any day(s) during which no fishing occurs: (a) the reason(s) why no fishing occurred; and (b) the date and time that the non-fishing period started; and (c) the date and time the non-fishing period ended.
4	For each trip undertaken: (a) the unique identification number for the trip (which may be automatically generated); and (b) the date and time of departure on the trip; and (c) the date and time of return on the trip; and (d) the port departed from; and (e) the port returned to; and (f) the date and time of return to port.
5	For each fishing activity undertaken during a trip: (a) the activity type; and (b) the date and time that the activity started; and (c) the date and time that the activity ended; and (d) the name of the fishery in which the boat was operating.
6	Listed marine species and threatened species interactions: (a) the species of animal; and (b) the date and time the interaction occurred; and (c) the latitude of the position of the boat when the interaction occurred; and (d) the longitude of the position of the boat when the interaction occurred; and (e) the total number of interactions with animals of the same species interacted with within the same date, time and location; and (f) the activity being undertaken at the time the interaction occurred; and (g) if the interaction occurred during a shot, the shot number; and

Item	Column 1
	Content required to be kept and maintained
	<ul style="list-style-type: none"> (h) the life status of the animal, or animals, interacted with; and (i) the number of individual animals, of the same species and life status, interacted with during the same interaction event; and (j) to the extent possible in the circumstances, if the animal has a band or tag record, the details of the record including any numbers or colours; and (k) to the extent possible in the circumstances: <ul style="list-style-type: none"> (i) the sex of the animal; (ii) whether the animal was a juvenline or an adult; and (iii) what part of the animal was tangled; and (iv) where in the gear the animal was tangled; and (v) how the animal was released.

2 Content required for specific electronic schema

For the purpose of section 6, the electronic schema described in an item in column 1 must have the content prescribed in column 2.

Item	Column 1	Column 2
	Electronic schema	Content required to be kept and maintained
1	EGNET	<ul style="list-style-type: none"> (a) the species name for all fish caught, including retained and discarded fish; and (b) for fish caught and retained: <ul style="list-style-type: none"> (i) the size of any fish bins being used; and (ii) the number of fish bins being used; and (iii) the estimated processed weight of retained fish; and (iv) the type of processing used, by species and processing type; and (v) the number of fish caught. Schedule 3—Form and content of logbooks

1 Logbooks

For the purpose of section 7, the form and content of a logbook described in an item in column 1 of the table is prescribed in the *Gazette* at the reference in column 2 in the table.

Item	Column 1 Logbook	Column 2 Reference to gazettal
1	AL06	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1227 – 1236
2	AQ04	Gazette No. GN 23, Wednesday, 15 June 2011 page 1237
3	CMAU02C	C2017G00101
4	Coral, Shell Grit & Sand Star Fisheries Logbook	Gazette No. GN 23, Wednesday, 15 June 2011 page 1254
5	CR4A	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1248 – 1253
6	CTAU02A	C2013G01762
7	EFT01C	C2016G00444
8	FSAU	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1275 – 1277
9	FTAU	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1278 – 1279
10	GAB2C	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1280 – 1287
11	HC01	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1288 – 1301
12	LN01B	C2016G00442
13	NP16	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1312 – 1327
14	NT01A	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1328 – 1337
15	NT01B	C2016G00443
16	NWS04	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1338 -1346
17	PS01A	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1347 – 1356
18	PT02B	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1357 – 1364
19	REAU02	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1365 – 1371
20	SBT02	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1372 -1376
21	SBT03B	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1377 – 1383
22	SBT04B	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1384 -1387
23	SDS01	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1384 -1387
24	SWT01B	C2016G00445
25	TPB02	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1436 – 1440
26	TPB03	Gazette No. GN 23, Wednesday, 15 June 2011 pages 1441 – 1448
