

Privacy (Credit Reporting) Code 2014 (Version 2.2)—variation approval

Decision and reasons for decision of Australian Information Commissioner, Ms Angelene Falk

Decision on variation under s 26T of the *Privacy Act 1988*

1. In accordance with s 26T(1) of the *Privacy Act 1988* (Privacy Act), I approve the *Privacy (Credit Reporting) Code 2014 (Version 2.2)* (CR Code v2.2), which varies the registered *Privacy (Credit Reporting) Code 2014 (Version 2)* (CR Code v2.1).
2. I direct that, in accordance with s 26T(5) of the Privacy Act, the existing CR Code v2.1 be removed and the CR Code v2.2 be included on the Codes Register and registered on the Federal Register of Legislation.
3. In making this decision to vary the registered CR Code v2.1, I have taken into account the requirements for variation of the registered CR Code set out in s 26T of the Privacy Act. I have also considered the matters specified in the *Guidelines for developing codes* issued under s 26V.¹
4. The CR Code v2.2 commences on 22 April 2022.

Angelene Falk
Australian Information Commissioner & Privacy Commissioner
10 March 2022
