## **Schedule**

*Reporting Standard GRS 117.0.G Asset Concentration Risk Charge* comprises the document commencing on the following page.

## Reporting Standard GRS 117.0.G

### Asset Concentration Risk Charge

#### Objective of this Reporting Standard

This Reporting Standard sets out the requirements for the provision of information to APRA relating to a Level 2 insurance group's Asset Concentration Risk Charge.

It includes associated specific instructions and must be read in conjunction with *Reporting Standard GRS 001 Reporting Requirements* (GRS 001), including the general instruction guide, and *Prudential Standard GPS 117 Capital Adequacy: Asset Concentration Risk Charge* (GPS 117).

#### Authority

1. This Reporting Standard is made under section 13 of the *Financial Sector (Collection of Data) Act 2001*.

#### Purpose

2. The information reported to APRA under this Reporting Standard is used by APRA for the purpose of prudential supervision, including assessing compliance with the capital standards.

#### Application and commencement

3. This Reporting Standard applies to a parent entity of a Level 2 insurance group as defined in *Prudential Standard GPS 001 Definitions* (GPS 001). This Reporting Standard applies for reporting periods ending on or after 1 July 2023. The parent entity of a Level 2 group must ensure that each requirement in this Reporting Standard is complied with.

#### Information required

4. The parent entity of a Level 2 insurance group must provide APRA with the information required by this Reporting Standard in respect of the Level 2 insurance group for each reporting period.

## Method of submission

5. The information required by this Reporting Standard must be given to APRA:
  - (a) in electronic format using an electronic method available on APRA's website; or
  - (b) by a method notified by APRA prior to submission.

## Reporting periods and due dates

6. Subject to paragraph 7, the parent entity of a Level 2 insurance group must provide the information required by this Reporting Standard:
  - (a) in respect of the first half year based on the financial year of the Level 2 insurance group on an unaudited basis; and
  - (b) in respect of each financial year of the Level 2 insurance group on an audited basis.

*Note:* The annual information required by paragraphs 4, 5 and 6(b), together with certain annual information required by other reporting standards, will form part of the Level 2 insurance group's annual accounts within the meaning of GPS 001. *Prudential Standard GPS 310 Audit and Related Matters* contains the relevant provisions governing audits.

7. If, having regard to the particular circumstances of a Level 2 insurance group, APRA considers it necessary or desirable to obtain information more or less frequently than as provided by subparagraph 6(a) or 6(b), APRA may, by notice in writing to the parent entity, change the reporting periods, or specify reporting periods, for the particular Level 2 insurance group.
8. The information required by this Reporting Standard in respect of a Level 2 insurance group must be provided to APRA:
  - (a) in the case of half yearly information, within three months after the end of the reporting period to which the information relates;
  - (b) in the case of annual information, within three months after the end of the reporting period to which the information relates; or
  - (c) in the case of information provided in accordance with paragraph 7, within the time specified by notice in writing.

*Note:* GPS 310 requires a Level 2 insurance group to ensure that its Group Auditor conducts a limited assurance review of the group's annual accounts. Accordingly, the Group Auditor's report(s) as required by GPS 310 (relating to the information required by paragraph 4) must be provided to APRA by the time specified in GRS 001 (unless an extension of time is granted under GRS 001).

9. APRA may, in writing, grant the parent entity of a Level 2 insurance group an extension of a due date in paragraph 8, in which case the new due date will be the date on the notice of extension.

*Note:* For the avoidance of doubt, if the due date for a particular reporting period falls on a day other than a usual business day, the parent entity of a Level 2 insurance group is nonetheless required to submit the information required no later than the due date.

10. On the written application of the parent entity of a Level 2 insurance group, APRA may by notice in writing to the parent entity exclude the requirement under subparagraph 6(a) to provide half yearly information.

### Quality control

11. The information provided by the parent entity of a Level 2 insurance group under this Reporting Standard must be the product of systems, processes and controls that have been reviewed and tested by the Group Auditor of the Level 2 insurance group. This will require the Group Auditor to review and test the Level 2 insurance group's systems, processes and controls designed to enable the group to report reliable financial information to APRA. This review and testing must be done on:
  - (a) an annual basis or more frequently if necessary to enable the Group Auditor to form an opinion on the reliability and accuracy of data; and
  - (b) at least a limited assurance engagement consistent with professional standards and guidance notes issued by the Auditing and Assurance Standards Board as may be amended from time to time, to the extent that they are not inconsistent with the requirements of *Prudential Standard GPS 310 Audit and Related Matters* (GPS 310).
12. All information provided by the parent entity of a Level 2 insurance group under this Reporting Standard must be subject to systems, processes and controls developed by the Level 2 insurance group for the internal review and authorisation of that information. It is the responsibility of the Board and senior management of the parent entity of the Level 2 insurance group to ensure that an appropriate set of policies and procedures for the authorisation of data submitted to APRA is in place.

### Authorisation

13. When an officer, or agent, of a parent entity of a Level 2 insurance group provides the information required by this Reporting Standard using an electronic format the officer, or agent, must digitally sign the relevant information using a digital certificate acceptable to APRA.
14. If the information required by this Reporting Standard is provided by an agent who submits the information on the parent entity of a Level 2 insurance group's behalf, the parent entity of a Level 2 insurance group must:
  - (a) obtain from the agent a copy of the completed information provided to APRA; and
  - (b) retain the completed copy.
15. An officer, or agent, of a parent entity of a Level 2 insurance group who submits the information under this Reporting Standard for, or on behalf of, the parent entity of a Level 2 insurance group must be authorised by either:
  - (a) the Principal Executive Officer of the parent entity of the Level 2 insurance group; or

- (b) the Chief Financial Officer of the parent entity of the Level 2 insurance group.

## Variations

16. APRA may, by written notice to the parent entity of a Level 2 insurance group, vary the reporting requirements of this Reporting Standard in relation to that Level 2 insurance group.

## Transition

17. A parent entity of a Level 2 insurance group must report under the old reporting standard in respect of a transitional reporting period. For these purposes:

*old reporting standard* means the reporting standard revoked in the determination making this Reporting Standard; and

*transitional reporting period* means a reporting period under the old reporting standard:

- (a) which ended before 1 July 2023; and
- (b) in relation to which the parent entity of a Level 2 insurance group was required, under the old reporting standard, to report by a date on or after the date of revocation of the old reporting standard.

*Note:* For the avoidance of doubt, if a parent entity of a Level 2 insurance group was required to report under an old reporting standard, and the reporting documents were due before the date of revocation of the old reporting standard, the parent entity of a Level 2 insurance group is still required to provide any overdue reporting documents in accordance with the old reporting standard.

Where the aggregate exposure to a group of related counterparties is over the 10 per cent threshold, report the exposure to each individual counterparty separately, even if the individual exposure is less than the threshold.

#### Collateral and guarantees

For exposures that are supported by collateral, guarantees or letters of credit (eligible credit support):

- If the exposure is covered by more than one collateral / guarantee / letter of credit, split the original exposure into multiple rows for each eligible credit support applicable.
- If the eligible credit support provided doesn't cover the full value of the exposure, split the original exposure into multiple rows: one for the part that is covered, and one for the part that remains uncovered.
