## Expenses

### Objective of this reporting standard

This Reporting Standard sets out requirements for the provision of information to APRA relating to expense reporting of each registrable superannuation entity, defined benefit registrable superannuation entity, pooled superannuation trust and eligible rollover fund.

It includes *Reporting Form SRF 332.0 Expenses* and associated specific instructions.

### Authority

1. This Reporting Standard is made under section 13 of the *Financial Sector (Collection of Data) Act 2001*.

### Purpose

2. Information collected under this Reporting Standard is used by APRA for the purposes of prudential supervision and publication. It may also be used by the Australian Securities and Investments Commission.

### Application

3. This Reporting Standard applies to each registrable superannuation entity (RSE) licensee (RSE licensee) in respect of each RSE, defined benefit RSE, pooled superannuation trust (PST) and eligible rollover fund (ERF) within its business operations<sup>1</sup>.

---

<sup>1</sup> For the purposes of this Reporting Standard, an 'RSE licensee's business operations' includes all activities as an RSE licensee (including the activities of each RSE of which it is the licensee), and all other activities of the RSE licensee to the extent that they are relevant to, or may impact on, its activities as an RSE licensee. For the avoidance of doubt, if the RSE licensee is trustee of more than one RSE, defined benefit RSE or ERF, the RSE licensee must separately provide the information required by the form for each RSE, defined benefit RSE or ERF within its business operations. An RSE licensee that does not have any RSEs, defined benefit RSEs or ERFs within its business operations is not required to provide information under this

8. For all other reporting periods, an RSE licensee to which this Reporting Standard applies must provide information required under paragraph 6, within 3 months after the end of the relevant reporting period.

## **Notices**

9. If, having regard to the particular circumstances of an RSE, defined benefit RSE, PST or ERF, APRA considers it necessary or desirable to obtain information more or less frequently than as provided by paragraph 5, APRA may, by notice in writing, change the reporting periods for the particular RSE, defined benefit RSE, PST or ERF.
10. Where APRA has changed the reporting periods under paragraph 9, the RSE licensee must provide the relevant information within the time specified by the notice in writing.
11. APRA may grant, in writing, an RSE licensee an extension of a due date with respect to one or more RSEs, defined benefit RSEs, PST or ERFs within its business operations, in which case the new due date for the provision of the information will be the due date specified on the notice of extension.

*Note:* For the avoidance of doubt, if the due date for a particular reporting period falls on a day other than a usual business day, an RSE licensee is nonetheless required to submit the information required no later than the due date.

## **Form and method of submission**

12. The information required by this Reporting Standard must be given to APRA in electronic format using an electronic method available on APRA's website or by a

  - (b) at least a limited assurance engagement consistent with professional standards and guidance notes issued by the Auditing and Assurance Standards Board as may be amended from time to time, to the extent that they are not inconsistent with the requirements of *Prudential Standard SPS 310 Audit and Related Matters* (SPS 310).
14. All information provided by an RSE licensee under this Reporting Standard must be subject to systems, processes and controls developed by the RSE licensee for the internal review and authorisation of that information. It is the responsibility of the Board and senior management of the RSE licensee to ensure that an appropriate set of policies, procedures and controls for the authorisation of information submitted to APRA is in place.

### Authorisation

15. When an officer or agent of an RSE licensee provides the information required by this Reporting Standard using an electronic format, the officer or agent must digitally sign the relevant information using a digital certificate acceptable to APRA.
16. If the information required by this Reporting Standard is provided by an agent who submits the information on the RSE licensee's behalf, the RSE licensee must:
  - (a) obtain from the agent a copy of the completed form with the information provided to APRA; and
  - (b) retain the completed copy.

  - (b) the instructions to a form, to clarify their application to the form,without changing any substantive requirement in the form or instructions.

## Expenses

## Instruction Guide

This instruction guide is designed to assist in the completion of *Reporting Form SRF 332.0 Expenses* (SRF 332.0).

### General directions and notes

#### Reporting level

SRF 332.0 must be completed by the RSE licensee for each RSE, defined benefit RSE, PST and ERF.

#### Reporting tables

Tables described in this reporting form list each of the data fields required to be reported. The data fields are listed sequentially in the column order that they will appear in the reported data set. Constraints on the data that can be reported for each field have also been provided.

The Unique identifier column indicates which field or fields form the primary key of the table. Where a field has 'Y' in the Unique identifier column, this denotes that this field forms part of the primary key for the table. A blank cell in the Unique identifier column means that the field does not form part of the primary key for the table. Any specific combination of values in the fields that form the primary key of a table must not appear on more than one row in that table when reported.

#### Reporting basis and unit of measurement

RSE licensees must report all items on SRF 332.0 in accordance with the Australian Accounting Standards unless otherwise specified.

The total **service arrangement** cost amounts and total **service arrangement** investment cost amounts reported in SRF 332.0 should reflect the total expenses in the RSE, defined benefit RSE, PST or ERF's financial statements. Amounts in SRF 332.0 should and are to be reported on an

accrual's basis.

Amounts in SRF 332.0 are to be reported on an APRA look-through basis.<sup>5</sup> The look-through chain will end with the expenses from the last ***connected entity*** to the first entity that is not a ***connected entity***.

Amounts in SRF 332.0 are to be reported as percentages or whole numbers. Percentages are to be reported as an unconverted number to two decimal places. For example, 12.34 per cent is to be reported as 0.1234.

Items on SRF 332.0 must be reported as at the end of the reporting period or with respect to transactions that occurred during the reporting period. Unless otherwise specified, report information with respect to transactions that occurred during the reporting period.

These instructions specify the reporting basis and unit of measurement that applies to each item.

---

<sup>5</sup> APRA look-through means where the expense is in relation to any money, consideration or other benefit given to an entity (the *receiving entity*):

- where the *receiving entity* is the RSE licensee: by the RSE (the *paying entity*);
- where the *receiving entity* is a ***connected entity***: by the RSE; RSE licensee or a ***connected entity*** (the *paying entity*); or
- where the *receiving entity* is not a ***connected entity***: by the RSE or RSE licensee (the *paying entity*);

APRA expects RSE licensees to obtain information about the following in order to report ***service provider*** details in Table 1 and classify relevant cost amounts under the relevant ***expense group type***, ***expense type*** and ***service arrangement engagement type*** categories for reporting in Table 2 and Table 3 of SRF 332.0 details of the *receiving entity*; the relationship between the *receiving entity* and the RSE licensee; the purpose for which the money consideration or other benefit is given (the purpose of the service provided to the RSE); and the way in which the money, consideration or other benefit is used by the *receiving entity*, and any entity with which that entity deals, including the extent to which, for the RSE licensee or a ***connected entity***, the *receiving entity's* profit is attributable to that money, consideration or other benefit in order to classify relevant amounts under the relevant ***expense group type***, ***expense type*** and ***service arrangement engagement type*** categories.

## Definitions

Terms highlighted in ***bold italics*** indicate that the definition is provided in *Reporting Standard SRS 101.0 Definitions for Superannuation Data Collections* (SRS 101.0).

- Service Provider Relationship Type is 'None';
- Responsible Person Service Provider Relationship Indicator is 'No'; and
