Automatic Mutual Recognition (New South Wales) (Notification Requirement—Various) Determination 2025

This explanatory statement provides notes on the operation of the Automatic Mutual Recognition (New South Wales) (Notification Requirement—Various) Determination 2025 (the Determination). The specific provisions in the Determination are outlined in Attachment A. The information in the explanatory statement is an aid to understanding the Determination and should not be substituted for the Determination.

Context and purpose

Part 3A of the *Mutual Recognition Act 1992* of the Commonwealth (the MRA) provides for the automatic mutual recognition of occupational registrations (AMR). AMR will provide an entitlement for an individual to carry on an activity in a second State, under the registration covering the activity in their home State through Automatic Deemed Registration (ADR).

Part 3A of the MRA provides for the making of a determination that requires a person who intends to carry on an activity in reliance on ADR to notify the local registration authority for the occupation before the person begins to carry on the activity. The *Legislation Act 2003* of the Commonwealth provides for the making of legislative instruments.

Summary

Through this Determination, the Treasurer of New South Wales requires a person to notify a local registration authority before the person begins to rely on ADR to carry out the activity under the occupation in New South Wales. The Determination is for the period 1 July 2025 to 1 October 2035, being the first 1 October falling on or after the tenth anniversary from registration of the instrument on the Federal Register of Legislation (consistent with Part 4 of Chapter 3 (sunsetting) of the *Legislation Act 2003*).

Consultation

New South Wales consulted with the relevant New South Wales regulators which registers individuals for registration as described in section 6. This is appropriate consultation to have undertaken regarding whether a notification requirement for interstate workers is appropriate to meet the governments obligation to protect consumers, workers and the environment, and to ensure compliance and enforcement activities by regulators.
