Part 5—Place allocation

Division 1—Allocation of places to individuals

Subdivision A—Allocation of places to individuals

92-5 When allocation of places to individuals does not apply for classification type ongoing for service group home support

For the purposes of paragraph 92(1A)(b) of the Act, the circumstances for an individual are that the classification level CHSP class for the classification type ongoing for the service group home support has been established for the individual by a classification decision.

92A-5 When a place is in effect—period for start day

For the purposes of subsection 92A(2) of the Act, the period for a place allocated under subsection 92(1) of the Act to an individual is:

- (a) 56 days from the day the individual's access approval for the classification type takes effect; or
- (b) if, within the period referred to in paragraph (a) of this section, the individual notifies the System Governor that the individual needs an extension to that period—84 days from the day notice of the allocation of the place is given to the individual under subsection 92(3) of the Act.

92A-10 When a place ceases to have effect

For the purposes of subsection 92A(4) of the Act, the time when a place allocated under subsection 92(1) of the Act to an individual ceases to have effect is:

- (a) for a place for the classification type ongoing for the service group home support or assistive technology—the end of the day the individual dies; or
- (b) for a place for the classification type short-term for the service group home support, assistive technology or home modifications, allocated to an individual for whom a classification level has been established for the classification type for the service group by a classification decision—the end of the earlier of the following (as applicable):
 - (i) the period of effect for the classification level;
 - (ii) the day the individual dies.

Subdivision B—Method for allocation

93-5 Purpose of this Subdivision

For the purposes of subsection 93(2) of the Act, this Subdivision prescribes methods that the System Governor must follow in deciding the order of allocation under subsection 93(1) of the Act for:

- (a) the classification type ongoing for the service group home support; and

Section 93-10

- (b) the classification types ongoing and short-term for the service group assistive technology; and
- (c) the classification type short-term for the service group home modifications.

93-10 Classification type ongoing for the service group home support—method for deciding order of allocation

The method for deciding the order of allocation of a place to an individual for the classification type ongoing for the service group home support is as follows.

- | | |
|---------|---|
| Step 1: | Identify the individuals (if any) to whom the circumstances referred to in paragraph 64-10(d) of this instrument apply. |
| Step 2: | Allocate the place to the individual who has the longest current wait time. |
| Step 3: | Using the method in section 93-12, identify if a place is assigned to a priority category for the classification type for the service group. |
| Step 4: | Identify whether the place is a full place or an interim place. |
| Step 5: | Identify the individuals (if any) who have that priority category for the classification type for the service group and whether those individuals have an interim place in effect for the classification type for the service group. |
| Step 6: | If the place is a full place, allocate the place to the individual who, of the individuals to whom a place has not already been allocated under step 2, has the longest current wait time. |
| Step 7: | If the place is an interim place, allocate the place to the individual who, of the individuals who do not have an interim place in effect for the classification type for the service group and to whom a place has not already been allocated under step 2, has the longest current wait time. |

93-12 Classification type ongoing for the service group home support—method for assigning places to priority categories

The method for assigning a place to a priority category for the classification type ongoing for the service group home support on a day is as follows.

- | | |
|---------|---|
| Step 1. | For each priority category for the classification type for the service group, identify the number of waiting individuals for whom the current wait time is equal to or greater than the target priority category wait time for that priority category on the day. |
| Step 2. | Add up the numbers identified for each priority category under Step 1. |
| Step 3. | Identify the number of places that are available to be allocated to individuals for that service group on the day (as worked out in |

Section 93-13

	accordance with the method determined under subsection 91(1) of the Act).
Step 4.	If the number worked out under Step 2 is less than or equal to the number identified at Step 3, divide the number worked out under Step 2 by the number identified at Step 3.
Step 5.	If the number worked out under Step 2 is greater than the number identified at Step 3, divide the number identified at Step 3 by the number worked out under Step 2.
Step 6.	For each priority category: <ul style="list-style-type: none"> (a) multiply the number identified under step 1 by the result of Step 4 or 5 (as applicable) and round down to the nearest whole number; and (b) if the result under paragraph (a) is a number greater than zero, that number of places are assigned to that priority category on the day; and (c) if the result under paragraph (a) is zero, no places are assigned to that priority category on the day.

93-13 Classification type ongoing for the service group home support—method for working out wait time factor

The method for working out the *wait time factor* is as follows.

Step 1.	Reduce the target classification type wait time most recently determined by the System Governor under section 93-14 by the priority category waiting proportion for the priority category urgent.
Step 2.	For each remaining priority category, multiply the priority category waiting proportion by the queue rate.
Step 3.	Add up the results of step 2 for each priority category.
Step 4.	Divide the result of step 1 by the result of step 3.

93-14 Classification type ongoing for the service group home support—method for System Governor determination of target classification type wait time

The System Governor must, from time to time, determine the *target classification type wait time* (in months) for the classification type ongoing for the service group home support by considering:

- (a) on the first occasion the System Governor does so—the average of the old Act wait times; or
- (b) on any subsequent occasion:

Section 93-15

- (i) the weighted average of the current wait times for individuals who have been assigned priority categories for the classification type for the service group; and
- (ii) what change needs to be made to the previous target classification type wait time to ensure that, on and after 1 November 2027, the weighted average mentioned in subparagraph (i) is not more than 3 months.

93-15 Classification types ongoing and short-term for the service group assistive technology—method for deciding order of allocation

The method for deciding the order of allocation of a place to an individual for the classification type ongoing or short-term for the service group assistive technology is as follows.

- | | |
|---------|---|
| Step 1. | Identify the individuals (if any) who have, or have had, the classification level SAH end-of-life pathway for the classification type short-term for the service group home support in effect. |
| Step 2: | Allocate the place to the individual who has the longest current wait time. |
| Step 3: | Identify the waiting individuals (if any) who have the priority category immediate for the classification type for the service group and to whom a place has not already been allocated under step 2. |
| Step 4. | Of those individuals, allocate the place to the individual who has the longest current wait time. |
| Step 5. | If no individuals are identified under step 3, identify the waiting individuals (if any) who have the priority category high for the classification type for the service group and to whom a place has not already been allocated under step 2. |
| Step 6. | Of those individuals, allocate the place to the individual who has the longest current wait time. |
| Step 7. | If no individuals are identified under step 5, identify the waiting individuals (if any) who have the priority category medium for the classification type for the service group and to whom a place has not already been allocated under step 2. |
| Step 8. | Of those individuals, allocate the place to the individual who has the longest current wait time. |
| Step 9. | If no individuals are identified under step 7, identify the waiting individuals who have the priority category standard for the classification type for the service group and to whom a place has not already been allocated under step 2. |

93-20 Classification type short-term for the service group home modifications—method for deciding order of allocation

The method for deciding the order of allocation of a place to an individual for the classification type short-term for the service group home modifications is as follows.

| <p>Step 1: Identify the individuals (if any) who have had the classification level SAH end-of-life pathway for the classification type short-term for the service group home support in effect.</p> <p>Step 2: Allocate the place to the individual who has the longest current wait time.</p> <p>Step 3: Identify the waiting individuals (if any) who have the priority category immediate for the classification type for the service group and to whom a place has not already been allocated under step 2.</p> <p>Step 4: Of those individuals, allocate the place to the individual who has the longest current wait time.</p> <p>Step 5: If no individuals are identified under step 3, identify the waiting individuals (if any) who have the priority category high for the classification type for the service group and to whom a place has not already been allocated under step 2.</p> <p>Step 6: Of those individuals, allocate the place to the individual who has the longest current wait time.</p> <p>Step 7: If no individuals are identified under step 5, identify the waiting individuals (if any) who have the priority category medium for the classification type for the service group and to whom a place has not already been allocated under step 2.</p> <p>Step 8: Of those individuals, allocate the place to the individual who has the longest current wait time.</p> <p>Step 9: If no individuals are identified under step 7, identify the waiting individuals who have the priority category standard for the classification type for the service group and to whom a place has not already been allocated under step 2.</p> <p>Step 10: Of those individuals, allocate the place to the individual who has the longest current wait time.</p> |

Agreed amounts

- (2) A higher everyday living agreement must:
- (a) specify each agreed amount, the funded aged care service that it is charged for or in connection with, and the frequency at which it is charged; and
 - (b) for an agreed amount for a funded aged care service—specify the standard at which the provider must deliver the service; and
 - (c) for an agreed amount in connection with a funded aged care service—specify the additional service, connected to the funded aged care service, that the provider must deliver; and
 - (d) state that the agreed amounts are subject to indexation in accordance with section 284-15 of this instrument; and
 - (e) require the provider to notify the individual of the replacement agreed amounts as soon as practicable after each indexation day (within the meaning of section 284-15 of this instrument).

Note: An individual's accommodation agreement sets out when an individual may be required to move rooms on a non-voluntary basis: see section 294-5.

Agreement must be a standalone agreement

- (3) The agreement must not be incorporated into:
- (a) a service agreement; or
 - (b) an accommodation agreement.

284-11 Additional requirements—standing higher everyday living agreements

Agreements to be in writing

- (1) A standing higher everyday living agreement must be in writing.

Bundling the charging of higher everyday living fees

- (2) A standing higher everyday living agreement must not require the bundling of the charging of higher everyday living fees for one or more funded aged care services or additional services unless:
- (a) the bundled fee for each of the services is agreed between the registered provider and the individual in the agreement; and
 - (b) the total of the bundled fees does not exceed the total of the standalone cost of the services within those bundled services that the person is able to use.

Fixed term services

- (3) If a funded aged care service to which the agreement relates is to be delivered over a fixed term rather than on an ongoing basis, the agreement must specify the fixed term.

Annual review—individuals accessing ongoing funded aged care services

- (4) If the provider is delivering ongoing funded aged care services to the individual, the agreement must provide for an annual review of the funded aged care services for or in connection with which agreed amounts are charged.
- (5) If the agreement provides for an annual review, the agreement must also require the provider to keep a written record of:
 - (a) each annual review that has occurred; and
 - (b) the findings of each annual review; and
 - (c) if the individual and the provider agree to vary the agreement as a result of the annual review—the variations so agreed; and
 - (d) any other agreement with the individual that has been reached as a result of an annual review.

Note: For variations as a result of an annual review, see subsection (9).

Term of agreements—individuals accessing short-term funded aged care services

- (6) If the provider is delivering short-term funded aged care services to the individual, the agreement must provide that the term of the agreement is the period for which the provider delivers those services to the individual.

Variation and termination—general

- (7) A standing higher everyday living agreement must provide that:
 - (a) the individual may vary or terminate the agreement within 28 days after the agreement is entered into without giving notice to the provider and without the provider charging a fee for the variation or termination; and
 - (b) the individual or the provider may vary or terminate the agreement with 28 days' notice to the other party, and without the provider charging a fee for the variation or termination, at any time after the end of 28 days after the agreement is entered into.
- (8) The agreement must provide that a variation as mentioned in paragraph (7)(a) or (b) must not include a variation that consists only of a change to the agreed amount for a service.

Note: Examples of permitted variations include the addition of a funded aged care service or additional service connected to that service, the removal of such a service, or the frequency of such a service.

- (9) To avoid doubt, if the agreement is varied or terminated as mentioned in paragraph (7)(b), the provider may continue to charge fees (other than a fee for the variation or termination) under the agreement until the end of the 28-day notice period.

Variation—annual review

- (10) If the agreement provides for an annual review under subsection (4), the agreement must provide that the individual and the provider may agree to vary any part of the agreement as a result of the annual review, other than a variation that consists only of a change to the agreed amount for a service.

Section 284-11

Variation and termination—provider can no longer deliver a service at the specified standard

- (11) The agreement must provide that, if the provider can no longer deliver a funded aged care service at the specified standard:
- (a) the individual may terminate the agreement without giving notice to the provider and without the provider charging a fee for the termination; or
 - (b) the individual and provider may agree to vary the agreement to remove the service and the agreed amount for the service; or
 - (c) the individual and provider may agree to vary the agreement to specify a different standard at which the provider must deliver the service (which must still be a standard that is higher than the standard that the Act requires the service to be delivered at), and specify a different agreed amount for the service.

Variation and termination—provider can no longer deliver additional service

- (12) The agreement must provide that, if the provider can no longer deliver an additional service, connected to a funded aged care service:
- (a) the individual may terminate the agreement without giving notice to the provider and without the provider charging a fee for the termination; or
 - (b) the individual and provider may agree to vary the agreement to remove the additional service and the agreed amount in connection with the funded aged care service; or
 - (c) the individual and provider may agree to vary the agreement to specify a different additional service, and specify a different agreed amount in connection with the funded aged care service.

Suspension while individual is on leave

- (13) The agreement must provide that:
- (a) if the individual is on extended hospital leave, the agreement is suspended until the day the leave ends; and
 - (b) if the individual is on another kind of leave, the individual and the provider may agree:
 - (i) to suspend the agreement; and
 - (ii) the period for which the agreement is suspended.

Refunds relating to variation, termination or suspension—general

- (14) The agreement must provide that:
- (a) if the agreement is terminated as mentioned in subsection (7), the provider must, within 14 days after the agreement is terminated, refund to the individual any agreed amounts paid in advance in respect of a period after the agreement is terminated; and
 - (b) if the agreement is varied:
 - (i) as mentioned in subsection (7) or (10); and
 - (ii) in a way that reduces any of the agreed amounts;

- the provider must, within 14 days after the agreement is varied, refund to the individual the amount of the reductions in the agreed amounts paid in advance in respect of a period after the agreement is varied; and
- (c) if the agreement is suspended as mentioned in subsection (13), the provider must, within 14 days after the beginning of the suspension, refund to the individual any agreed amounts paid in advance in respect of the period of suspension.
- (15) However, if the agreement is varied or terminated on the initiative of the individual (other than as mentioned in paragraph (7)(a) or subsection (10), (11) or (12)), or the agreement is suspended as mentioned in subsection (13), the agreement must provide that the provider:
- (a) may recover from the individual any unavoidable service cost for the individual, including by deducting the unavoidable service cost from a refund the individual is entitled to under subsection (14); and
- (b) must provide evidence to the individual (if requested) supporting the provider's claim that a cost is an unavoidable service cost for the individual.
- (16) An **unavoidable service cost** for an individual is a cost that:
- (a) relates to a service that would have been delivered to the individual under the agreement, had the agreement not been varied, terminated or suspended; and
- (b) the registered provider is required to pay to another party whether or not the provider delivers the service to the individual.
- (17) A cost ceases to be an **unavoidable service cost** at the end of the period of 90 days from:
- (a) for a variation—the end of the applicable notice period (if any); or
- (b) for a termination—the day the termination takes effect.
- (18) The agreement must specify the unavoidable service costs for the individual.

Refunds relating to termination or variation referred to in subsection (11) or (12)

- (19) The agreement must provide that:
- (a) if the individual terminates the agreement as mentioned in paragraph (11)(a) or (12)(a), the provider must, within 14 days after the agreement is terminated, refund to the individual any agreed amounts paid in advance in respect of a period after the agreement is terminated; and
- (b) if the agreement is varied as mentioned in paragraph (11)(b) or (12)(b) to remove an agreed amount, the provider must, within 14 days after the agreement is varied, refund to the individual any amount of the removed agreed amount paid in advance in respect of a period after the agreement is varied; and
- (c) if the agreement is varied as mentioned in paragraph (11)(c) or (12)(c) in a way that reduces an agreed amount, the provider must, within 14 days after the agreement is varied, refund to the individual the amount of any reductions in the agreed amount paid in advance in respect of a period after the agreement is varied.

Section 284-13

Notification of variation or termination

- (20) The agreement must provide that:
- (a) if the individual initiates a variation or termination of the agreement without giving notice under paragraph (7)(a), (11)(a) or (12)(a); or
 - (b) the individual or the provider initiate a variation or termination under paragraph (7)(b) or subsection (10);
- the provider must, by written notice given to the individual by the end of the period of 14 days beginning on the day the relevant initiation occurs:
- (c) acknowledge the variation or termination, or the proposed variation or termination (as the case requires); and
 - (d) if the provider initiates the variation or termination—set out the reasons for doing so; and
 - (e) in the case of a variation—set out any changes to be made to the agreement; and
 - (f) set out any unavoidable service costs for the individual; and
 - (g) set out any refund payable to the individual under subsection (14) or subsection (19) (taking into account the effect of subsection (15) about unavoidable service costs).

284-13 Additional requirements—ad hoc higher everyday living agreements

Agreement may relate only to single service on single occasion

- (1) An ad hoc higher everyday living agreement may only contain an agreed amount for a single funded aged care service, or a single additional service, that is to be delivered on a single occasion.

Termination

- (2) An ad hoc higher everyday living agreement terminates when both of the following have occurred:
- (a) the funded aged care service or the additional service to which the agreement relates has been delivered to the individual;
 - (b) the individual has paid the agreed amount for the service.

284-15 Indexation of agreed amounts—all higher everyday living agreements

- (1) If the indexation factor on 1 July 2026 or a later 1 July (an ***indexation day***) is greater than 1, an agreed amount specified in a higher everyday living agreement is replaced by the amount worked out using the following formula:

$$\text{Agreed amount immediately before the indexation day} \times \text{Indexation factor for the indexation day}$$

- (2) The amount worked out under subsection (1) is to be rounded to the nearest whole dollar (rounding 50 cents upwards).

Indexation factor

- (3) The ***indexation factor*** for an indexation day is the number worked out using the following formula:

$$\frac{\text{Index number for the reference quarter}}{\text{Index number for the base quarter}}$$

where:

base quarter means the March quarter that has the highest index number of the March quarters before the reference quarter (but not earlier than the March quarter 2025).

index number, for a quarter, means the All Groups Consumer Price Index number (being the weighted average of the 8 capital cities) published by the Australian Statistician for that quarter.

March quarter means a period of 3 months starting on 1 January.

reference quarter means the last March quarter before the indexation day.

- (4) The indexation factor is to be worked out to 3 decimal places (rounding up if the fourth decimal place is 5 or more).

Changes to CPI index reference period and publication of substituted index numbers

- (5) Amounts are to be worked out under this section:
- (a) using only the index numbers published in terms of the most recently published index reference period for the Consumer Price Index; and
 - (b) disregarding index numbers published in substitution for previously published index numbers (except where the substitution is to transition to a new index reference period).

Application of replacement agreed amounts—services delivered on or after indexation day

- (6) If an agreed amount for or in connection with a funded aged care service is replaced on an indexation day in accordance with subsection (1), the replacement agreed amount applies to delivery of the funded aged care service on or after the indexation day.

284-20 Circumstances in which higher everyday living fee not to be charged to individuals—all higher everyday living agreements

Each of the following are circumstances in which a registered provider must not charge the individual a higher everyday living fee for or in connection with a particular funded aged care service:

- (a) the service is in the service type residential accommodation;
- (b) the fee is not agreed between the provider and the individual in a higher everyday living agreement that is in effect;
- (c) the provider charges the individual a higher everyday living fee for or in connection with the service under another higher everyday living agreement.

Section 284-25

284-25 Circumstances in which higher everyday living agreements not to be entered into—all higher everyday living agreements

The following are circumstances in which a registered provider must not enter into a higher everyday living agreement with an individual:

- (a) the agreement contains a higher everyday living fee for or in connection with a funded aged care service in the service type residential accommodation;
- (b) the registered provider has not entered into a service agreement with the individual.

Subdivision G—Other matters

285-5 Refund of amounts paid in advance if individual dies or stops accessing services

For the purposes of subsection 285(3) of the Act, if an individual dies or stops accessing funded aged care services, and has paid an amount that the individual may be charged under Division 2 of Part 3 of Chapter 4 of the Act in advance for a day occurring after the individual dies or stops accessing those services, the registered provider to whom the individual paid the amount must refund the amount:

- (a) if the individual has died:
 - (i) if, within 14 days after the provider becomes aware of the individual's death, the provider is shown the probate of the will of the individual or letters of administration of the estate of the individual—to the individual's estate within 14 days after the day on which the provider was so shown; or
 - (ii) if subparagraph (i) does not apply—to a person that the provider is reasonably satisfied, on the basis of other evidence shown to the provider, that it is appropriate to pay the refund to within 14 days after the provider was shown the other evidence; or
- (b) otherwise—to the individual within 14 days after the individual stops accessing those services.

285-10 Resident respite fees to be reduced by booking fee

For the purposes of subsection 285(4) of the Act, if a registered provider charges an individual a booking fee for or in connection with the delivery of short-term funded aged care services through the service group residential care to the individual for a period (the *respite period*), the total amount of the resident respite fees charged by the provider to the individual for the days in the respite period must be reduced by the amount of the booking fee.

Division 2A—Fees and contributions payable in an approved residential care home for transitional cohorts

Subdivision A—Prescribed amounts

285A-3 Purposes of this Subdivision

For the purposes of subsection 285A(1) of the Act, this Subdivision prescribes amounts that a registered provider delivering ongoing funded aged care services through the service group residential care to an individual in a class of individuals referred to in section 275A of the Act may charge the individual for a day for or in connection with those services.

285A-5 Contributions for delivery of funded aged care services

- (1) For the purposes of subsection 285A(1) of the Act, a registered provider delivering ongoing funded aged care services through the service group residential care to an individual in a class of individuals referred to in section 275A of the Act may charge the individual an amount (the ***transitional resident contribution***) for or in connection with those services.
- (2) Subject to section 285A-25, the transitional resident contribution charged to the individual for the day must not exceed the maximum daily amount of the transitional resident contribution worked out for the day under section 285A-10.
- (3) If the registered provider does not, or is taken not to, deliver funded aged care services to the individual on the day, the registered provider must not charge the individual a transitional resident contribution under this section for the day.

Note: The registered provider may charge an individual certain amounts for a day on which the provider does not deliver funded aged care services to the individual: see sections 285A-15 and 285A-20.

285A-10 Maximum daily amount of transitional resident contribution

- (1) The ***maximum daily amount of the transitional resident contribution*** payable by an individual for a day is the amount worked out as follows:

Method statement

- Step 1. Work out the transitional basic daily fee for the individual (see section 285A-11).
- Step 2. Add the transitional compensation payment fee (if any) for the individual for the day (see subsection (2)).
- Step 3. Add:
 - (a) for an individual in the pre-2014 residential contribution class—any income tested fee (see section 285A-13); or

Section 285A-11

- | |
|--|
| (b) for an individual in the post-2014 residential contribution class—any means tested care fee (see section 285A-14). |
|--|

- (2) The **transitional compensation payment fee** for the individual for the day is the amount equal to the transitional compensation payment reduction applicable to the individual on that day (see sections 242B-50 and 242B-55).

285A-11 Transitional basic daily fee

- (1) The **transitional basic daily fee** for an individual for a day is the amount worked out in accordance with this section.

Pre-2014 residential contribution class—general

- (2) If the individual is in the pre-2014 residential contribution class, the amount is whichever of the following applies:
- (a) if the individual was a protected resident within the meaning of the *Aged Care (Transitional Provisions) Act 1997* immediately before the transition time—the amount obtained by rounding down to the nearest cent an amount equal to 77.5% of the basic age pension amount (worked out on a per day basis);
 - (b) if section 58-3C of the *Aged Care (Transitional Provisions) Act 1997* applied to the individual immediately before the transition time—the amount obtained by rounding down to the nearest cent an amount equal to 96.5% of the basic age pension amount (worked out on a per day basis);
 - (c) for any other individual—the amount obtained by rounding down to the nearest cent the amount equal to 85% of the basic age pension amount (worked out on a per day basis).

Post-2014 residential contribution class

- (3) If the individual is in the post-2014 residential contribution class, the amount is the amount obtained by rounding down to the nearest cent the amount equal to 85% of the basic age pension amount (worked out on a per day basis).

285A-13 Income tested fee

- (1) Subject to subsections (2), (3), (4) and (5) the **income tested fee** for an individual in the pre-2014 residential contribution class is equal to the daily means tested amount for the individual for the day (see section 319-15).

Circumstances in which income tested fee is taken to be zero

- (2) Despite subsection (1), the individual's income tested fee is zero on a day if any of the following apply on the day:
- (a) the individual has one or more dependent children;
 - (b) the individual is an individual described in paragraph 85(4)(b) of the Veterans' Entitlements Act (which describes former prisoners of war);
 - (c) the individual:

Section 285A-14

- (i) was provided with residential care (within the meaning of the *Aged Care (Transitional Provisions) Principles 2014*, as in force before the transition time) at any time after 30 September 1997 and before 1 March 1998; or
- (ii) was, before 1 March 1998, on leave, as described in subsection 42-3(3) of the *Aged Care (Transitional Provisions) Act 1997* (as in force before the transition time).

Individual dies before being informed of the individual's income tested fee

- (3) If:
- (a) at a time that is after the transition time, the individual is accessing funded aged care services at an approved residential care home of a registered provider; and
 - (b) the individual dies before the registered provider is informed of the individual's income tested fee (as it would be but for the application of this subsection);
- then, despite subsection (1), the individual's income tested fee is zero on each day starting after that time.

Individual is not informed of the individual's income tested fee within 6 months

- (4) If, at a time that is within 6 months after the transition time, the individual is not informed of the individual's income tested fee (as it would be but for the application of this subsection) then, despite subsection (1), the individual's income tested fee is zero on each day starting after that time.
- (5) If:
- (a) at a time that is after the transition time, the individual is accessing funded aged care services at an approved residential care home of a registered provider on a day; and
 - (b) on a later day the individual ceases accessing funded aged care services at the approved residential care home without starting to access funded aged care services at another approved residential care home of the registered provider or any other registered provider; and
 - (c) the registered provider is not informed of the individual's income tested fee (as it would be but for the application of this subsection) before the later day;
- then, despite subsection (1), the individual's income tested fee is zero on each day starting after that time.

285A-14 Means tested care fee

- (1) Subject to subsections (2) to (8), the **means tested care fee** for an individual in the post-2014 residential contribution class for a day is worked out as follows:

Method statement

Step 1. Work out the daily means tested amount for the individual for the day (see section 319-20).

Section 285A-14

- | | |
|---------|--|
| Step 2. | Subtract from the amount worked out under Step 1 the amount referred to in subparagraph 230-15(1)(a)(i) (which is the highest maximum accommodation supplement amount that can apply in relation to an individual to whom Division 4 of Part 2 of Chapter 4 of the Act applies). |
| Step 3. | If the amount worked out under Step 2 is a negative amount, the means tested care fee for the individual for the day is nil. |
| Step 4. | If the amount worked out under Step 2 is greater than zero, work out the sum of the following amounts for the day (as if Division 4 of Part 2 of Chapter 4 of the Act applied in relation to the individual): <ul style="list-style-type: none">(a) the individual's base rate (see section 229-5);(b) the provider's base provider amount (see section 238-5) as if item 8 of the table in subsection 238-5(1) applies to the provider;(c) the oxygen supplement (see section 230-11) (if applicable);(d) the enteral feeding supplement (see section 230-12) (if applicable). |
| Step 5. | If the amount worked out under Step 2 does not exceed the amount worked out under Step 4, and the individual does not have means not disclosed status, the means tested care fee for the individual for the day is the amount worked out under Step 2. |
| Step 6. | If the amount worked out under Step 2 exceeds the amount worked out under Step 4, or the individual has means not disclosed status, the means tested care fee for the individual for the day is the amount worked out under Step 4. |

Circumstances in which the individual's means tested care fee is taken to be zero—contribution caps

- (2) The **annual cap period** for the individual is the period of 12 months starting on the day, in the 12 month period before the transition time, that is:
- (a) the day (the **first day**) on which the individual first entered an aged care service (within the meaning of the old Act) other than as a continuing care recipient (within the meaning of the old Act); or
 - (b) a day that is an anniversary of the first day.
- (3) Despite subsection (1), the individual's means tested care fee on a day is zero if:
- (a) the day occurs during the annual cap period for the individual; and
 - (b) on a previous day the sum of the individual's means tested care fees under this instrument and the combined care subsidy reductions under sections 44-21 and 48-7 of the Act during the annual cap period for the individual exceeded \$35,238.11.

Section 285A-14

- (4) Despite subsection (1), the individual's means tested care fee on a day is zero if, on a previous day, the sum of all the individual's means tested care fees under this instrument and the combined care subsidy reductions under sections 44-21 and 48-7 of the old Act exceeds \$84,571.66.

Circumstances in which the individual's means tested care fee is taken to be zero—other

- (5) Despite subsection (1), the individual's means tested care fee on a day is zero if any of the following apply on the day:
- (a) the individual has one or more dependent children;
 - (b) the individual is an individual described in paragraph 85(4)(b) of the Veterans' Entitlements Act (which describes former prisoners of war);
 - (c) the individual was a continuing home care recipient (within the meaning of the old Act) on 12 September 2024.

Individual dies before being informed of the individual's means tested care fee

- (6) If:
- (a) at a time that is after the transition time, the individual is accessing funded aged care services at an approved residential care home of a registered provider; and
 - (b) the individual dies before the registered provider is informed of the individual's means tested care fee (as it would be but for the application of this subsection);
- then, despite subsection (1), the individual's means tested care fee is zero.

Individual is not informed of the individual's means tested care fee within 6 months

- (7) If, at a time that is within 6 months after the transition time, the individual is not informed of the individual's means tested care fee (as it would be but for the application of this subsection) then, despite subsection (1), the individual's means tested care fee is zero on each day starting after that time.

- (8) If:
- (a) at a time that is after the transition time, the individual is accessing funded aged care services at an approved residential care home of a registered provider; and
 - (b) on a later day the individual ceases accessing funded aged care services at the approved residential care home without starting to access funded aged care services at another approved residential care home of the registered provider or any other registered provider; and
 - (c) the registered provider is not informed of the individual's means tested care fee (as it would be but for the application of this subsection) before the later day;
- then, despite subsection (1), the individual's means tested care fee is zero on each day starting after that time.

Section 285A-15

285A-15 Fees for transitional pre-entry period

- (1) For the purposes of subsection 285A(1) of the Act, a registered provider delivering funded aged care services through the service group residential care in an approved residential care home may charge an individual an amount (the ***transitional pre-entry fee***) for each day in the period set out in subsection (2) if:
 - (a) the individual is in a class of individuals referred to in section 275A of the Act; and
 - (b) the individual's access approval includes the ongoing classification type for the service group residential care.
- (2) The period (the ***transitional pre-entry period***) is the period:
 - (a) starting on the later of the following:
 - (i) the day the individual enters into a service agreement with the provider;
 - (ii) the day that is 7 days before the individual's start day; and
 - (b) ending at the end of the day before that start day.

Note: The registered provider is taken not to be delivering funded aged care services to the individual on a day in the transitional pre-entry period, so section 285A-5 does not apply to the day.
- (3) The maximum amount of the transitional pre-entry fee that the registered provider may charge the individual under this section for a day in the transitional pre-entry period is the amount of the transitional basic daily fee for the individual.

285A-20 Fees for reserving a bed

- (1) For the purposes of subsection 285A(1) of the Act, a registered provider delivering ongoing funded aged care services through the service group residential care to an individual in a class of individuals referred to in section 275A of the Act in an approved residential care home may charge the individual an amount (the ***transitional bed reservation fee***) for a day to reserve a bed if subsection (2) applies to the individual on that day.
- (2) This subsection applies to the individual on the day if the individual:
 - (a) is absent from the approved residential care home on the day; and
 - (b) is not on leave from the approved residential care home on the day (see section 244 of the Act); and
 - (c) would have been on social leave from the approved residential care home on the day except that the individual has previously been on social leave during the current financial year for 52 days.

Note: The registered provider is taken not to be delivering funded aged care services to the individual on a day if subsection (2) applies to the individual on the day, so section 285A-5 does not apply to the day.
- (3) The maximum amount of the transitional bed reservation fee that the registered provider may charge the individual under this section for the day is the sum of the following amounts:

Section 285A-25

- (a) the maximum daily amount of the transitional resident contribution that would have been payable by the individual for the day (see section 285A-10);
- (b) the individual's base rate (worked out as if Division 4 of Part 2 of Chapter 4 of the Act applied in relation to the individual);
- (c) the standard base provider amount for a day for the individual (worked out as if Division 4 of Part 2 of Chapter 4 of the Act applied in relation to the individual);

calculated as if the registered provider delivered an ongoing funded aged care service to the individual through that service group in that approved residential care home on the day and as if item 8 of the table in subsection 238-5(1) applied to the provider.

285A-25 Fees for higher everyday living

- (1) For the purposes of subsection 285A(1) of the Act, a registered provider that delivers funded aged care services through the service group residential care to an individual in a class of individuals referred to in section 275A of the Act may charge the individual an additional amount (the ***transitional higher everyday living fee***) for or in connection with a particular funded aged care service.
- (2) The transitional higher everyday living fee for the individual for the service is the amount agreed (the ***transitional agreed amount***) between the registered provider and the individual in an agreement (the ***transitional higher everyday living agreement***):
 - (a) entered into in accordance with the requirements prescribed by Subdivision F of Division 2 of Part 2 of this Chapter; and
 - (b) that meets the requirements prescribed by that Subdivision.

Note: See also subsection (7) for how that Subdivision applies to transitional higher everyday living fees.

- (3) The registered provider must not charge the individual the transitional higher everyday living fee for a service delivered on a day that occurs prior to the day the registered provider and individual enter into the transitional higher everyday living agreement.
- (4) The registered provider must not, before the individual's start day:
 - (a) ask the individual to pay a transitional higher everyday living fee for a service; or
 - (b) offer to enter a transitional higher everyday living agreement with the individual.
- (5) Despite subsection (1), the registered provider must not:
 - (a) charge the individual a transitional higher everyday living fee in circumstances prescribed by Subdivision F of Division 2 of Part 2 of this Chapter; or

- (b) the 2 following months.

Note: This subsection has effect subject to section 287-86.

Example: If a registered provider started delivering ongoing funded aged care services to an individual through the service group residential care at an approved residential care home of the provider on 20 January and the individual left on 3 March, the amount would be the amount the registered provider could have been expected to have derived if the provider delivered the services to the individual for the whole of January, February and March.

(5) If:

- (a) the individual pays the accommodation bond in whole or in part as a lump sum; and
- (b) the amount paid as a lump sum is refunded to the individual within 3 months after the individual's start day for the home;

the interest equivalent amount, in relation to the individual's accommodation bond balance, is the amount worked out in accordance with the following formula:

$$\frac{IR \times LS \times ND}{365}$$

where:

IR is the lower of:

- (a) the interest rate stated in the individual's accommodation bond agreement to which the payment relates; and
- (b) the pre-2014 maximum permissible interest rate for the individual's start day for the home.

LS is the amount of the lump sum.

ND is the number of days in the period:

- (a) beginning on the day when the lump sum was refunded; and
- (b) ending 3 months after the start day for the home.

(6) If the individual:

- (a) has agreed to pay the accommodation bond in whole or in part as a lump sum; and
- (b) does not pay the lump sum before the individual ceases to access ongoing funded aged care services in the home;

the interest equivalent amount, in relation to the individual's accommodation bond balance, is the amount worked out in accordance with the following formula:

$$\frac{IR \times LS \times ND}{365}$$

where:

IR is the lower of:

- (a) the interest rate stated in the individual's accommodation bond agreement; and
- (b) the pre-2014 maximum permissible interest rate for the individual's start day for the home.

LS is the amount of the lump sum.

ND is the number of days in 3 calendar months from the individual's start day for the home.

- (7) An individual cannot be required to pay the interest equivalent amounts worked out under both subsections (3) and (6).
- (8) The registered provider may require payment of an amount less than the interest equivalent amount required to be paid under subsection (2) or (4).

287-86 Restriction on retention of income derived

Despite subsections 287-80(2) and 287-85(1), (2) and (4), if a transitional fee reduction supplement under section 242B-27 applies to an individual and is reducing the individual's accommodation bond, a registered provider must not do either of the following in respect of the period for which the supplement applies to the individual:

- (a) retain income derived from the investment of the individual's accommodation bond balance in accordance with subsection 287-85(1);
- (b) require the individual to pay an interest equivalent amount under subsection 287-80(2) or 287-85(2) or (4) in relation to the individual's accommodation bond balance.

287-90 Amounts to be deducted from accommodation bond balance

- (1) A registered provider to whom an accommodation bond was paid by an individual for the delivery of ongoing funded aged care services to the individual through the service group residential care in an approved residential care home of the provider may deduct from the accommodation bond balance:
 - (a) an accommodation bond retention amount in respect of the accommodation bond (see section 287-95); and
 - (b) an amount owed to the registered provider by the individual under an accommodation bond agreement or a service agreement; and
 - (c) subject to subsection (3), an amount of interest on the amount referred to in paragraph (b) that does not exceed the pre-2014 maximum permissible interest rate for the individual's start day for the home.
- (2) The registered provider must not deduct any other amounts from the accommodation bond balance.
- (3) The registered provider may only charge interest for the period:
 - (a) beginning on the day that is 1 month after the day on which the amount was payable under the accommodation bond agreement or service agreement; and

Section 287-95

- (b) ending on the earlier of the following days:
 - (i) the day on which the amount was paid;
 - (ii) the day the provider ceased delivering the services to the individual at the home of the provider.

287-95 Accommodation bond retention amounts

- (1) The maximum accommodation bond retention amount that may be deducted, from an individual's accommodation bond balance, during a year (the **first year**) beginning on the individual's start day for an approved residential care home, or a year (a **later year**) beginning on the anniversary of the individual's start day for the home, is:
 - (a) if the accommodation bond is not more than the lower threshold amount—10% of the lower threshold amount; or
 - (b) if the accommodation bond is more than the lower threshold amount but not more than the higher threshold amount—10% of the accommodation bond; or
 - (c) if the accommodation bond is more than the higher threshold amount—10% of the higher threshold amount.
- (2) However, despite subsections (3) and (4), the maximum accommodation bond retention amount for the individual for a later year is the same as the maximum accommodation bond retention amount for the first year.
- (3) In subsection (1):

higher threshold amount is:

 - (a) for a year beginning in a financial year beginning on or after 1 July 1997 and before 1 July 2025—an amount equal to the amount Y worked out for the year in accordance with sections 97 and 98 of the *Aged Care (Transitional Provisions) Principles 2014*, as in force immediately before the transition time; or
 - (b) for a year beginning in a later financial year—the amount specified in column 3 of the table in subsection (4) for the financial year.

lower threshold amount is:

 - (a) for a year beginning in a financial year beginning on or after 1 July 1997 and before 1 July 2025—the amount equal to the amount X worked out for the year in accordance with sections 97 and 98 of the *Aged Care (Transitional Provisions) Principles 2014*, as in force immediately before the transition time; or
 - (b) for a year beginning in a later financial year—the amount specified in column 2 of the table in subsection (4) for the financial year.
- (4) For the purposes of paragraph (b) of the definitions of **lower threshold amount** and **higher threshold amount** in subsection (3), the amount for a financial year is specified in the following table:

Amounts for financial years beginning on or after 1 July 2025			
Item	Column 1 For the financial year beginning on ...	Column 2 the lower threshold amount is ...	Column 3 and the higher threshold amount is ...
1	1 July 2025	\$28,200	\$54,540

- (5) The maximum monthly accommodation bond retention amount is the amount worked out in accordance with subsection (1) divided by 12.

287-100 Restriction on deduction of accommodation bond retention amounts

- (1) If a transitional fee reduction supplement under section 242B-27 applies to an individual and is reducing the accommodation bond balance, the registered provider delivering ongoing funded aged care services to the individual through the service group residential care in an approved residential care home of the provider must not deduct any accommodation bond retention amounts from the individual's accommodation bond balance during the period for which the supplement applies to the individual.
- (2) Subject to subsections (3) and (5), a registered provider may deduct an accommodation bond retention amount from an accommodation bond balance for each month, or part of a month, during which the provider is delivering ongoing funded aged care services to the individual in an approved home of the provider in respect of which the accommodation bond was paid.
- (3) Subject to subsection (5), accommodation bond retention amounts may only be deducted during the period of 5 years beginning on the individual's start day for the first approved residential care home for which the individual paid an accommodation bond.
- (4) The 5 year period referred to in subsection (3) is extended by one day for each day during any period:
 - (a) for which a transitional fee reduction supplement under section 242B-27 applies to the individual and is reducing the accommodation bond balance; or
 - (b) during which the individual is not accessing ongoing funded aged care services in an approved residential care home.
- (5) If, before the accommodation bond was paid, amounts had already been deducted from an accommodation bond balance in respect of another accommodation bond previously paid by the individual for another approved residential care home, the period of 5 years referred to in subsection (3) is reduced by each month in respect of which an accommodation bond retention amount was so deducted.

Note: The effect of this subsection is that all periods spent accessing ongoing funded aged care services in the service group residential care after an accommodation bond is first paid will count towards the 5 year maximum under subsection (3) for deducting accommodation bond retention amounts.

Section 287-101

Example: If an individual initially receives 6 weeks of ongoing funded aged care services through the service group residential care in an approved residential care home and then moves to another home, accommodation bond retention amounts can be deducted for 3 months in respect of the 6 weeks (see subsection (6)), but after that only for up to 4 years and 9 months.

- (6) For the purposes of this section, if the registered provider delivers the services to the individual for 2 months or less, the individual is taken, for the purposes of working out the accommodation bond retention amounts payable, to have received the services during:
- (a) the whole of the month in which the provider started delivering the services to the individual; and
 - (b) the 2 following months.

Example: An individual who started receiving ongoing funded aged care services on 20 January and left on 3 March would be taken to have received care for the whole of January, February and March. Therefore, accommodation bond retention amounts could be deducted for each of these months.

287-101 Accommodation bonds to be used only for permitted purposes

- (1) A registered provider must not use an accommodation bond unless the use is permitted by this section.

Permitted uses

- (2) A registered provider is permitted to use an accommodation bond for the following:
- (a) for capital expenditure of a kind covered by subsection (3);
 - (b) to invest in a financial product (within the meaning of Division 3 of Part 7.1 of the *Corporations Act 2001*) covered by subsection (4);
 - (c) to make a loan in relation to which the following conditions are satisfied:
 - (i) the loan is not made to an individual;
 - (ii) the loan is made on a commercial basis;
 - (iii) there is a written agreement in relation to the loan;
 - (iv) it is a condition of the agreement that the money loaned will only be used as mentioned in paragraph (a), (b), (d) or (e) of this subsection;
 - (d) to refund, or to repay debt accrued for the purposes of refunding, accommodation bond balances, entry contribution balances or refundable deposit balances;
 - (e) to repay debt accrued for the purposes of capital expenditure of a kind covered by subsection (3);
 - (f) to meet reasonable businesses losses that are incurred in the course of delivering funded aged care services within the period of 12 months after the day the registered provider begins to deliver funded aged care services to the individual through the service group residential care;
 - (g) to invest in a fund, but not a controlling entity of a fund, listed in item 2 of the first Schedule to *Banking exemption No. 1 of 2021* made under the *Banking Act 1959*.

- (3) For the purposes of paragraphs (2)(a) and (e), the following kinds of capital expenditure are covered by this subsection:
- (a) expenditure to acquire land on which are, or are to be built, the premises needed for delivering funded aged care services through the service group residential care, but only to the extent that the expenditure relates to those premises;
 - (b) expenditure to acquire, erect, extend or significantly alter premises used or proposed to be used for delivering funded aged care services through the service group residential care, but only to the extent that the expenditure relates to the delivery of those funded aged care services;
 - (c) expenditure to acquire or install furniture, fittings or equipment for premises used or proposed to be used for delivering funded aged care services through the service group residential care, when those premises are initially erected or following an extension, a significant alteration or a significant refurbishment, but only to the extent that the expenditure relates to the delivery of those funded aged care services;
 - (d) expenditure that is directly connected to expenditure covered by paragraph (a), (b) or (c).
- (4) For the purposes of paragraph (2)(b), the following financial products are covered by this subsection:
- (a) any deposit-taking facility made available by an ADI in the course of its banking business (within the meaning of the *Banking Act 1959*), other than an RSA;
 - (b) a debenture, stock or bond issued, or proposed to be issued, by the Commonwealth, a State or a Territory;
 - (c) a security;
 - (d) any of the following in relation to a registered scheme (within the meaning of the *Corporations Act 2001*):
 - (i) an interest in the scheme;
 - (ii) a legal or equitable right or interest in an interest covered by subparagraph (i);
 - (iii) an option to acquire, by way of issue, an interest or right covered by subparagraph (i) or (ii);
 - (e) an interest in a scheme established for the purpose of investment in the delivery of funded aged care services through the service group residential care in an approved residential care home that:
 - (i) is a managed investment scheme within the meaning of the *Corporations Act 2001*; and
 - (ii) is not a registered scheme within the meaning of the *Corporations Act 2001*;
 - (f) a legal or equitable right or interest in an interest covered by paragraph (e);
 - (g) an option to acquire, by way of issue, an interest or right covered by paragraph (e) or (f).

Section 287-102

287-102 Refund of accommodation bond balance

Circumstances in which accommodation bond balance must be refunded

- (1) If an accommodation bond is paid to a registered provider, the provider must refund the accommodation bond balance if:
- (a) the individual dies; or
 - (b) both of the following apply:
 - (i) the registered provider ceases to deliver ongoing funded aged care services to the individual through the service group residential care in the approved residential care home to which the payment relates (other than because the individual is on leave);
 - (ii) the registered provider has not transferred, or is not required to transfer, the accommodation bond balance to another registered provider under section 287-103.

Period within which accommodation bond balance must be refunded

- (2) If paragraph (1)(a) applies, the accommodation bond balance must be refunded:
- (a) if the registered provider is shown the probate of the will of the individual or letters of administration of the estate of the individual—within 14 days after the day on which the provider was so shown; or
 - (b) if the registered provider is not shown the probate of the will of the individual or letters of administration of the estate of the individual and the registered provider is shown other evidence that satisfies the provider that the accommodation bond balance is to be refunded to a person—within 14 days after the other evidence is shown to the provider.
- (3) If paragraph (1)(b) applies, the accommodation bond balance must be refunded in accordance with the following table.

When an accommodation bond balance must be refunded if paragraph (1)(b) applies		
Item	Column 1 If ...	Column 2 the accommodation bond balance must be refunded ...
1	both of the following apply: <ul style="list-style-type: none">(a) the individual is to move to another approved residential care home to receive ongoing funded aged care services through the service group residential care;(b) the individual notified the registered provider of the move more than 14 days before the day on which the provider ceased delivering the services mentioned in subparagraph (1)(b)(i)	on the day on which the registered provider ceased delivering the services mentioned in subparagraph (1)(b)(i)

<p>(4) The agreement is an agreement between the individual and the registered provider to delay refunding the accommodation bond balance on condition that, if the individual requests re-entry to the approved residential care home, the registered provider must allow entry to the individual if:</p> <p>(a) a room, or part of a room, is vacant in the approved residential care home; and</p> <p>(b) the individual has an access approval in effect that includes the classification type ongoing for the service group residential care.</p>		

Section 287-103

287-103 Transfer of accommodation bond balance to another registered provider

- (1) This section applies if:
- (a) an accommodation bond was paid by an individual to a registered provider (the *outgoing provider*) for accommodation in an approved residential care home through which the provider delivers ongoing funded aged care services through the service group residential care to the individual; and
 - (b) the accommodation bond was paid in whole or in part as a lump sum; and
 - (c) the outgoing provider ceases to deliver ongoing funded aged care services through the service group residential care in the residential care home; and
 - (d) there is continuity of the delivery of those services to the individual through that service group in the same residential care home by another registered provider (the *incoming provider*).

- (2) The accommodation bond balance must not be transferred to the incoming provider if:
- (a) the incoming provider delivers ongoing funded aged care services through the service group residential care only under one or more specialist aged care programs; or
 - (b) the registered provider does not deliver any ongoing funded aged care services through the service group residential care.

Note: This means the accommodation bond balance is not required to be transferred under section 287-103 in these circumstances and instead must be refunded in accordance with section 287-102: see subparagraph 287-102(1)(b)(ii).

- (3) The outgoing provider must, by written notice, give the following information in relation to the individual to the incoming provider before the transfer day:
- (a) the transfer day;
 - (b) any amount of interest payable on or before the transfer day under section 287-103A in relation to the individual's accommodation bond balance and the amount of that interest;
 - (c) the entry in the refundable deposit register of the provider that relates to the individual.
- (4) The outgoing provider must give written notice to the individual of the proposed transfer of the individual's accommodation bond balance before the transfer day, including:
- (a) details of the incoming provider; and
 - (b) the transfer day.
- (5) If the transfer day is changed, the outgoing provider must give written notice to the individual of the new transfer day as soon as practicable before that day.
- (6) The outgoing provider must transfer the accommodation bond balance to the incoming provider on the transfer day, as notified to the individual in accordance with this section.

287-103A Payment of interest—refund of accommodation bond balances

- (1) A registered provider must pay an amount of interest relating to a refund of an accommodation bond balance, worked out in accordance with subsections (2) and (3), to an individual on the day on which the registered provider refunds the accommodation bond balance to the individual if the registered provider is required under section 287-102 to refund the accommodation bond balance to the individual.

Amount of base interest—balance refunded on or before last day of refund period

- (2) If a registered provider refunds an accommodation bond balance on or before the last day of the refund period, the amount of base interest on the accommodation bond balance is the amount worked out in accordance with the following formula:

$$\frac{BIR \times AB \times ND}{365}$$

where:

AB is the amount of the accommodation bond balance.

BIR is the base interest rate, calculated on the first day of the refund period.

ND is the number of days in the period beginning on the day after the day on which the refunding event occurred and ending on the day on which the accommodation bond balance is refunded.

Note: Subsection (2) does not apply in the situation described in item 1 of the table in subsection 287-102(3) because column 2 of item 1 does not specify a refund period.

Amount of base interest plus pre-2014 maximum permissible interest rate—balance refunded after last day of refund period

- (3) If a registered provider refunds an accommodation bond balance after the last day of the refund period, or after the day referred to in column 2 of item 1 of the table in subsection 287-102(3), the amount of interest on the accommodation bond balance is the amount worked out in accordance with the following formula:

$$\left(\frac{BIR \times AB \times ND(RP)}{365} \right) + \left(\frac{MPIR \times AB \times ND(PP)}{365} \right)$$

where:

AB is the amount of the accommodation bond balance.

BIR is the base interest rate, calculated on the first day of the refund period.

MPIR is the pre-2014 maximum permissible interest rate for:

- (a) if item 1 of the table in subsection 287-102(3) applies—the day after the day referred to in column 2 of item 1 of that table; or

Section 287-103A

- (b) if item 2, 3 or 4 of the table in subsection 287-102(3) applies—the day after the last day in the refund period.

ND(PP) is the number of days in the period:

- (a) beginning on:
 - (i) if item 1 of the table in subsection 287-102(3) applies—the day after the day referred to in column 2 of item 1 of that table; or
 - (ii) if item 2, 3 or 4 of the table in subsection 287-102(3) applies—the day after the last day of the refund period; and
- (b) ending on the day on which the accommodation bond balance is refunded.

ND(RP) is equal to:

- (a) if item 1 of the table in subsection 287-102(3) applies—zero; or
- (b) if item 2, 3 or 4 of the table in subsection 287-102(3) applies—the number of days in the period beginning on the day after the day on which the refunding event occurred and ending on the last day of the refund period.

Division 4—Accommodation charge agreements

287-104 Entry into accommodation charge agreement

A registered provider may enter into an accommodation charge agreement with an individual in the pre-2014 accommodation class after the transition time in relation to an approved residential care home (the *new home*) if:

- (a) one of the following applies to the individual:
 - (i) immediately before the transition time, an accommodation charge agreement (within the meaning of the *Aged Care (Transitional Provisions) Act 1997*, as in force immediately before the transition time) was in effect for the individual;
 - (ii) at the transition time, the most recent agreement that had been in effect for the individual was an agreement of the kind mentioned in subparagraph (i);
 - (iii) immediately before the transition time, the individual was eligible under the old Act to enter into an agreement of the kind mentioned in subparagraph (i); and
- (b) the individual ceased (whether before or after the transition time) accessing funded aged care services in another approved residential care home and will start, or has started, accessing funded aged care services in the new home.

Note 1: The new home and the former home may be approved in relation to the same registered provider.

Note 2: An individual in the pre-2014 accommodation class may change homes before the transition time and still be a member of that class: see paragraph (b) of the definition of *pre-2014 accommodation class*.

287-105 Information to be given before registered provider enters into an accommodation charge agreement with an individual

Before a registered provider enters into an accommodation charge agreement with an individual, the provider must:

- (a) give the individual a copy of the proposed accommodation charge agreement that meets the requirements set out in section 287-115; and
- (b) inform the individual of the following:
 - (i) that, if the individual has given the provider sufficient information to determine the value of the individual's assets, the provider is required to leave the individual with assets with a value at least equal to the individual's pre-2014 minimum permissible asset value;
 - (ii) the interest rate to be charged on amounts owed under the accommodation charge agreement;
 - (iii) the accommodation charge;
 - (iv) when an accommodation charge is not required;
 - (v) when an accommodation charge must not be charged at more than a specified daily amount because a transitional fee reduction supplement under section 242B-27 applies to the individual and is reducing the individual's accommodation charge;

Section 287-110

- (vi) if an accommodation charge is paid—when the charge is refundable.

287-110 Time within which registered providers must enter into accommodation charge agreement

A registered provider must enter into an accommodation charge agreement with an individual in relation to an approved residential care home before, or within 21 days after, the individual's start day for the home.

287-115 Accommodation charge agreements

An accommodation charge agreement between a registered provider and an individual for the delivery of ongoing funded aged care services to the individual through the service group residential care in an approved residential care home of the provider must set out the following:

- (a) the individual's start day, or proposed start day, for the home;
- (b) the accommodation charge that:
 - (i) will accrue for each day (including a day on which the individual is on leave from the home) if the individual starts accessing the services at the home; or
 - (ii) if the individual has already started to access the services at the home—has accrued and will accrue for each day (including a day on which the individual is on leave from the home);
- (c) how the accommodation charge is to be paid;
- (d) when the accommodation charge is payable;
- (e) the individual's room that the accommodation charge entitles the individual to be provided with;
- (f) any services that the accommodation charge entitles the individual to be provided with;
- (g) that a transitional fee reduction supplement under section 242B-27 may apply to the individual and reduce the accommodation charge, including to nil;
- (h) that if the individual wishes to move from the approved residential care home (the *original home*) of the provider to another approved residential care home (the *new home*) of another registered provider, the registered provider of the original home may ask the individual for permission to provide the following information to the registered provider of the new home:
 - (i) whether the individual has agreed to pay an accommodation charge;
 - (ii) if so, the payment agreed;
 - (iii) the number of days for which the payment accrued under the agreement.

287-120 Accommodation charge agreements may be incorporated into other agreements

For the purposes of this Division, an individual is taken to have entered into an accommodation charge agreement if the individual has entered into an agreement that contains the provisions required by section 287-115.

287-125 Accommodation charge agreements cannot affect requirements of this Division

The requirements of this Division apply despite any provision of an accommodation charge agreement, or any other agreement, to the contrary.

Section 287-130

Division 5—Accommodation charges

Subdivision A—Charging of accommodation charges

287-130 Charging of accommodation charges

A registered provider must comply with the following in relation to the charging of an accommodation charge to an individual for the delivery of ongoing funded aged care services to the individual through the service group residential care in an approved residential care home (the *new home*) of the provider:

- (a) subject to this section, an accommodation charge must be charged if:
 - (i) the individual ceased accessing the services in another approved residential care home (the *former home*) of the provider or another registered provider and started accessing the services in the new home; and
 - (ii) the individual paid an accommodation charge to access the services in the former home;
- (b) the daily amount at which the accommodation charge accrues must not exceed the maximum provided for by section 287-135, and the individual must not be charged more than one accommodation charge to access the services in the home;
- (c) the accommodation charge must not accrue after the day on which the registered provider ceases to deliver the services to the individual in the new home;
- (d) if a transitional fee reduction supplement under section 242B-27 applies to the individual—the accommodation charge must be reduced (but not below zero) to reflect any amount of the supplement that is applied towards the payment;
- (e) the registered provider must comply with the requirements of section 287-150 relating to payment of the accommodation charge;
- (f) the individual may be required to pay interest to the registered provider in accordance with section 287-155 if some or all of the accommodation charge is not paid within the time that section permits.

Subdivision B—Daily accrual amounts of accommodation charges

287-135 Maximum daily accrual amount of accommodation charge

- (1) Subject to subsection (2) and paragraph 287-130(d), the maximum daily amount at which an accommodation charge accrues is the lowest of the following:
 - (a) the amount of the daily accrual of the accommodation charge that was specified in the most recent accommodation charge agreement that was in effect for the individual;
 - (b) the amount (rounded down to the nearest cent) obtained by:
 - (i) taking the amount that, when subtracted from an amount equal to the value of the individual's assets at the start of the individual's start day for the approved residential care home to which the payment relates,

leaves an amount at least equal to the individual's pre-2014 minimum permissible asset value; and

(ii) dividing the result by 2,080;

(c) if sections 117 and 119, or section 118, of the *Aged Care (Transitional Provisions) Principles 2014*, as in force immediately before the transition time, applied to the individual as at that time—the amount worked out in accordance with whichever of those sections was applicable.

Note: The operation of this section may be modified if, before entering into an accommodation charge agreement, the individual gives the registered provider a determination under section 329 of the Act of the value of the individual's assets: see subsection (4).

(2) If an individual seeking to access ongoing funded aged care services through the service group residential care at an approved residential care home of a registered provider does not, before entering into an accommodation charge agreement, give the provider sufficient information about the individual's assets for the provider to be able to determine the amount referred to in paragraph (1)(b), the maximum daily amount at which the individual's accommodation charge accrues is:

(a) if sections 117 and 119, or section 118, of the *Aged Care (Transitional Provisions) Principles 2014*, as in force immediately before the transition time, applied to the individual as at that time—the lesser of:

(i) the amount referred to in paragraph (1)(a); and

(ii) the amount referred to in paragraph (1)(c); and

(b) otherwise—the amount referred to in paragraph (1)(a).

(3) The value of an individual's assets is to be worked out in accordance with section 330 of the Act, but:

(a) taking into account only the assets of the individual of the kinds referred to in subsection 44(2) of the *Aged Care (Transitional Provisions) Principles 2014* as in force immediately before the transition time; and

(b) disregarding subsection 330(7) of the Act (value of home).

(4) However, subsections (1) and (2) are modified as described in the following table, and subsection (3) does not apply, if, before entering into the accommodation charge agreement, the individual gives the registered provider a copy of a determination that:

2	the valuation time is at the start of the start day for the home	the value of the individual's assets at the start of the individual's start day for the home were the value specified in the determination

Subdivision C—Payment of accommodation charges

287-150 Accommodation charge may be payable not more than one month in advance

- (1) An individual may be required to pay an accommodation charge from the day that is one month before the day for which the payment will accrue.
- (2) If the accommodation charge does not in fact accrue, the individual is entitled to a refund of the amount paid.

287-155 Registered provider may charge interest

- (1) If:
 - (a) an individual is required, under an accommodation charge agreement, to pay an amount of accommodation charge to a registered provider; and
 - (b) the individual does not pay the required amount before the day that is one month after the day for which the payment accrues; and
 - (c) the agreement provides for interest to be charged on the balance outstanding at a specified rate;the individual may be required to pay interest to the registered provider from the day that is one month after the day for which the payment accrues while the balance remains unpaid.
- (2) However, the rate at which the interest is charged must not be more than twice the below threshold rate determined by the Minister under subsection 1082(1) of the Social Security Act.

Division 6—Entry contributions

287-160 Payment of interest—refund of entry contribution balances

- (1) A registered provider must pay an amount of interest relating to a refund of an entry contribution balance, worked out in accordance with subsection (2), to an individual in the pre-2014 accommodation class on the day on which the registered provider refunds the entry contribution balance to the individual if:

 - (b) either:
 - (i) the registered provider has not made an agreement with the individual to delay refunding the balance; or
 - (ii) such an agreement was made, but has ceased to be in effect between the registered provider and the individual.
- (2) If the registered provider refunds the entry contribution balance after the last day specified in the formal agreement for the entry contribution balance to be refunded to the individual (the **refund day**), the amount of interest on the entry contribution balance is the amount worked out in accordance with the following formula:

$$\frac{\text{MPIR} \times \text{ECB} \times \text{ND(PP)}}{365}$$

where:

ECB is the amount of the entry contribution balance.

MPIR is the pre-2014 maximum permissible interest rate for the day after the refund day.

ND(PP) is the number of days in the period:

- (a) beginning on the day after the refund day; and
 - (b) ending on the day on which the entry contribution balance is refunded.
- (3) Subsection (2) applies as if the reference in paragraph (a) of the definition of **ND(PP)** to the day after the refund day were a reference to the day after the day on which probate of the will of the individual is, or letters of administration of the estate of the individual are, shown to the registered provider if:
 - (a) the registered provider is required, under the formal agreement, to refund the entry contribution balance because the individual in relation to whom the entry contribution was paid has died; and
 - (b) the entry contribution balance is refunded after the refund day; and
 - (c) the entry contribution balance is refunded after the refund day because neither the probate of the will nor letters of administration of the estate were shown to the registered provider before the refund day.

Note: Although applications may be made under section 290 of the Act in relation to residential care homes that are not approved residential care homes, only a registered provider delivering funded aged care services through the service group residential care in an approved residential care home may charge, under Part 4 of Chapter 4 of the Act, an amount of accommodation payment.

Section 290-20

290-20 Restriction on application period

For the purposes of subparagraph 290(3)(b)(i) of the Act, the period of 4 months is prescribed.

290-25 Decision of Pricing Authority on application

Purpose and application of this section

- (1) This section is made for the purposes of subsections 290(6) and (12) of the Act and applies to an application, of any kind mentioned in subsection 290(2) of the Act, by a registered provider for approval of a higher maximum accommodation payment amount in relation to a room, or a part of a room, in a residential care home.

Matters that must be considered

- (2) In deciding whether to approve the higher maximum accommodation payment amount for the room, or the part of the room, the Pricing Authority must consider the following:
- (a) the proposed higher maximum accommodation payment amount;
 - (b) the location of the residential care home;
 - (c) the quality, condition, size and amenity of the room or the part of the room;
 - (d) whether the room has access to a shared bathroom or has a private ensuite;
 - (e) whether the room, or the part of the room, has any specific accommodation or design features;
 - (f) the number of individuals to whom ongoing funded aged care services may be delivered through the service group residential care in the room;
 - (g) the quality, condition, size and amenity of the common areas in the residential care home that would be accessible to those individuals;
 - (h) whether the residential care home has any specific accommodation or design features that would be accessible to those individuals.

Notification of decision

- (3) If the Pricing Authority makes a decision to approve the higher maximum accommodation payment amount for the room, or the part of the room, the Pricing Authority must include the following in the notice of the decision given to the registered provider:
- (a) the unique identification number that corresponds to the registered provider's application;
 - (b) if the approval is not subject to conditions:
 - (i) the day on which the approval takes effect; and
 - (ii) the period during which the approval is in effect (see subsection (8));
 - (c) if the approval is subject to conditions in accordance with section 290-30—the conditions to which the approval is subject.

Note 1: An approved higher maximum accommodation payment amount applies only to certain individuals: see subsections 290(8) and (9) of the Act.

Section 290-30

Note 2: If the application relates to a room, or a part of a room, that is subject to construction or refurbishment, the approval is subject to the condition in subsection 290-30(2).

- (4) If the Pricing Authority makes a decision not to approve the higher maximum accommodation payment amount for the room, or the part of the room, the Pricing Authority must include the following in the notice of the decision given to the registered provider:
- (a) details of the decision;
 - (b) reasons for the decision;
 - (c) details about how the provider may apply for the reconsideration of the decision.

Note: A decision of the Pricing Authority not to approve a higher maximum accommodation payment amount in relation to a registered provider is a reviewable decision under section 558 of the Act.

- (5) The notice may relate to more than one decision for a room or a part of a room.

Period within which decision must be made and notification given

- (6) The Pricing Authority must make, and give notice of, a decision on an application made in accordance with subsection 290(3) of the Act within 60 days after the Pricing Authority receives the application.
- (7) If the registered provider is required, under subsection 290(4) of the Act, to give the Pricing Authority further information for the purposes of making a decision on the application, the 60 day period referred to in subsection (6) of this section does not include the period beginning on the day the request was made and ending on the day that is 28 days after the day the information was received.

When approval is in effect—approval not subject to conditions

- (8) An approval of a higher maximum accommodation payment amount for a room, or a part of a room, that is not subject to conditions:
- (a) takes effect at the start of the day specified in the notice given to the registered provider (as mentioned in subparagraph (3)(b)(i)); and
 - (b) is in effect during the period of 4 years beginning on that day.

Note: See subsection 290-30(6) for the time when, and the period during which, an approval that is subject to conditions in accordance with section 290-30 is in effect.

290-30 Condition on approval relating to a room, or part of a room, subject to construction or refurbishment

Purpose and application of section

- (1) This section is made for the purposes of subsections 290(7) and (12) of the Act and applies if the Pricing Authority approves a higher maximum accommodation payment amount for a room, or a part of a room, that is being, or is proposed to be, constructed or refurbished.

Section 290-30

Condition on approval

- (2) The approval is subject to the condition that the approval does not take effect unless the requirements in subsection (3) are met.
- (3) The requirements are that, within the period of 4 years beginning on the day the Pricing Authority gave notice of the approval to the registered provider:
 - (a) the registered provider gives the following information, in writing, to the Pricing Authority:
 - (i) information showing that the construction or refurbishment of the room, or the part of the room, has been completed and that the completed or refurbished room, or the part of the room, is equivalent to or better than the proposal described in the application;
 - (ii) the total actual cost (the **actual cost**) of the completed construction or refurbishment; and
 - (b) the Pricing Authority notifies the registered provider, under subsection (4), that the Pricing Authority is satisfied, having regard to the information given under paragraph (a) of this section, that the requirements referred to in subparagraph (a)(i) have been met in relation to the room, or the part of the room, and that:
 - (i) the actual cost of the completed construction or refurbishment is not significantly lower than the proposed cost of the construction or refurbishment; or
 - (ii) if the actual cost of the completed construction or refurbishment is significantly lower than the proposed cost of the construction or refurbishment and if the lower actual cost had been provided to the Pricing Authority with the application as the proposed cost—the Pricing Authority would still have approved the higher maximum accommodation payment amount applied for.

Decision on information and notification of decision

- (4) If the registered provider gives the Pricing Authority information in accordance with paragraph (3)(a), the Pricing Authority must, within 28 days of receiving the information:
 - (a) decide whether the Pricing Authority is satisfied, as referred to in paragraph (3)(b); and
 - (b) notify the registered provider, in writing, of the decision.
- (5) If the Pricing Authority decides it is not so satisfied, the Pricing Authority must include the following in the notice of the decision given to the registered provider:
 - (a) details of the decision;
 - (b) reasons for the decision;
 - (c) details about how the provider may apply for the reconsideration of the decision.

Note: A decision of the Pricing Authority that it is not so satisfied, as referred to in paragraph (3)(b), is a reviewable decision under section 557 of the Act: see section 558-5 of this instrument.

When approval is in effect

- (6) If the Pricing Authority decides it is so satisfied:
- (a) the Pricing Authority must include the following in the notice of the decision given to the registered provider:
 - (a) the day on which the approval takes effect;
 - (b) the period during which the approval is in effect; and
 - (b) the approval of the higher maximum accommodation payment amount for the room, or the part of the room:
 - (i) takes effect at the start of the day specified in that notice; and
 - (ii) is in effect for the period of 4 years beginning on that day.

290-40 Indexation of higher maximum accommodation payment amount

- (1) For the purposes of subsection 290(11) of the Act, a higher maximum accommodation payment amount that may be charged by a registered provider (the **relevant registered provider**) may be indexed by the registered provider no earlier than the first day of the second, or a later, approval year (the **current approval year**) for the amount, by multiplying the amount by the amount worked out using the formula:

$$\frac{\text{Most recent index number}}{\text{Previous index number}}$$

where:

most recent index number means the index number for the most recent quarter ending before the first day of the current approval year.

previous index number means the index number for the most recent quarter ending before the first day of the previous approval year.

- (2) If a higher maximum accommodation payment amount is indexed under this section, the Act and this instrument have effect as if the indexed amount were substituted for the higher maximum accommodation payment amount.
- (3) If a higher maximum accommodation payment amount is indexed on a day under this section, the indexed amount applies only in relation to an individual if:
- (a) both of the following apply:
 - (i) the individual has not, before that day, entered into an accommodation agreement with the relevant registered provider;
 - (ii) the registered provider starts delivering funded aged care services to the individual in the approved residential care home on or after that day; or
 - (b) all of the following apply:
 - (i) the individual's start day occurred before the date of the approval by the Pricing Authority;
 - (ii) the individual had entered into an accommodation agreement with the registered provider before the date of the approval;

Section 291-5

- (iii) the individual moves to another bed, whether in another room (the ***new room***) or another part of a room (the ***new part***), in the residential care home and the move is voluntary;
 - (iv) the higher maximum accommodation payment amount applies in relation to the part of the residential care home that includes the new room or the new part of a room.
- (4) If, apart from this subsection, a higher maximum accommodation payment amount indexed under this section would be an amount of dollars and cents:
 - (a) the amount is to be rounded to the nearest whole dollar; and
 - (b) if the amount to be rounded is 50 cents, the amount is to be rounded down.
- (5) If, at any time (whether before or after the commencement of this section), the Australian Statistician publishes an index number for a quarter in substitution for an index number previously published by the Australian Statistician for that quarter, the publication of the later index number is to be disregarded for this section.
- (6) If, at any time (whether before or after the commencement of this section), the Australian Statistician changes the index reference period for the Consumer Price Index, then, in applying this section after the change is made, regard is to be had only to index numbers published in terms of the new index reference period.

Subdivision C—Notification and publication of accommodation payment amounts

291-5 Notification

- (1) For the purposes of subsection 291(1) of the Act, the requirements are that the registered provider must give the System Governor a notice setting out the following information in relation to an accommodation payment the registered provider proposes to charge an individual for a room or part of a room in the approved residential care home:
 - (a) a statement describing the key accommodation features of the room or the part of the room;
 - (b) the maximum accommodation payment amount (expressed as a refundable accommodation deposit amount, and as a daily accommodation payment amount worked out in accordance with section 294-10) that the provider could charge an individual for the room or the part of the room;
 - (c) if the registered provider proposes to charge an accommodation payment in relation to the room or the part of the room that exceeds the maximum accommodation payment amount—a copy of the notice given to the provider by the Pricing Authority under subsection 290(6) of the Act, and section 290-30 of this instrument (if applicable), that covers the charging of the higher amount.
- (2) For the purposes of paragraph (1)(a), the statement describing the key accommodation features of the room or the part of the room must include the following information:

Section 291-10

- (a) a description of the quality, condition, size and amenity of the room or the part of the room;

For the purposes of subparagraph 292(b)(ii) of the Act, the method for working out a daily accommodation payment amount in relation to a published accommodation payment amount (expressed as a refundable accommodation deposit amount) that an individual is informed of is as follows:

- Step 1. Work out the maximum permissible interest rate for the day the individual is informed of the published accommodation payment amount (expressed as a refundable accommodation deposit amount).
- Step 2. Multiply the rate worked out at step 1 by the published accommodation payment amount (expressed as a refundable accommodation deposit amount).
- Step 3. Divide the amount worked out at step 2 by 365 (rounding the result to 2 decimal places, rounding up if the third decimal place is 5 or more).

294-5 Accommodation agreements—other matters to be included in accommodation agreement

- (1) For the purposes of paragraph 294(1)(l) of the Act, this section prescribes other matters that must be set out in an accommodation agreement between a registered provider and an individual.

Note: An accommodation agreement between a registered provider and an individual to whom the provider is delivering funded aged care services under the MPSP must also comply with section 288-20.

General matters

- (2) The accommodation agreement must set out the following in relation to any accommodation payment the individual will pay:
- (a) the individual's room that the accommodation payment entitles the individual to be provided with;
 - (b) any services that the accommodation payment entitles the individual to be provided with;

Additional matters in relation to voluntary moves within the approved residential care home

- (3) The accommodation agreement must set out that, if the individual proposes to change the individual's room in the approved residential care home, and the move is voluntary:
- (a) the accommodation agreement must be varied, before the move occurs, to specify the new room; and

 - (d) the individual must not be charged an accommodation payment amount that is higher than the published accommodation payment amount for the individual's new room on the day the agreement is varied; and
 - (e) if the individual is to be charged a higher accommodation payment amount for the individual's new room—the individual may choose to pay the additional accommodation payment amount by:

- (a) the registered provider must, before the move occurs, notify the individual, in writing, of the change to the individual's room; and
 - (b) there will be no change to the individual's price agreement day for the approved residential care home; and
 - (c) the individual will continue to be charged the same accommodation payment amount that the individual is paying before the move.
- (5) The accommodation agreement must set out that, if the individual's room in the approved residential care home is to be changed for 28 days or longer, and the move is not voluntary:
- (a) the registered provider must, before the move occurs, notify the individual, in writing, of the change to the individual's room; and

 - (c) the individual must not be charged:
 - (i) an accommodation payment amount that is higher than the accommodation payment amount the individual is paying before the move; or
 - (ii) if the published accommodation payment amount for the individual's new room on the day the notice is given is lower than the amount the

Section 294-10

individual is paying before the move—an accommodation payment amount that is higher than that published accommodation payment amount.

- (6) For the purposes of subsections (4) and (5), a move by an individual to a new room in an approved residential care home is not voluntary if:
 - (a) the move is necessary on genuine medical grounds as assessed by:
 - (i) an approved needs assessor; or
 - (ii) at least 2 medical or other health practitioners who meet the criteria mentioned in subsection (7); or
 - (b) the move is necessary to carry out repairs or improvements to the premises of the approved residential care home.
- (7) For the purposes of subparagraph (6)(a)(ii), the criteria are:
 - (a) one practitioner must be independent of the registered provider and the approved residential care home, and must be chosen by the individual; and
 - (b) both practitioners must be competent to assess the aged care needs of the individual.

294-10 Accommodation agreements—daily accommodation payment amount

For the purposes of subparagraph 294(2)(b)(iii) of the Act, the method to work out an individual's daily accommodation payment amount in relation to an agreed accommodation payment amount is the method referred to in subsection 296-5(3).

294-15 Accommodation agreements—method for working out amounts payable as a combination of refundable accommodation deposit and daily accommodation payments

For the purposes of paragraph 294(2)(d) of the Act, the method for working out amounts that would be payable as a combination of refundable accommodation deposit and daily accommodation payments is the method referred to in subsection 296-5(4).

294-20 Accommodation agreements—method for working out amounts payable by refundable accommodation contributions

For the purposes of subparagraph 294(3)(c)(i) of the Act, the method for working out an individual's refundable accommodation contribution is the method referred to in subsection 298-10(3).

Division 4—Charging of accommodation payments

296-5 Charging of accommodation payments—requirements

- (1) For the purposes of paragraph 296(d) of the Act, this section sets out requirements a registered provider must comply with in relation to the charging of an accommodation payment to an individual.

Note: If the registered provider is delivering funded aged care services to the individual under the MPSP the registered provider must also comply with subsection 288-25(1).

- (2) The registered provider must ensure that there is equivalence between:
 - (a) the refundable accommodation deposit amount that the provider could charge the individual for a day (the **relevant day**); and
 - (b) the daily accommodation payment amount that the provider could charge the individual for the relevant day.
- (3) For the purpose of complying with subsection (2), the daily accommodation payment amount that the registered provider could charge the individual for the relevant day if the individual has paid no refundable accommodation deposit on or before that day is worked out as follows:

Step 1. Work out the maximum permissible interest rate for the individual's price agreement day.

Note: If the individual's accommodation agreement is varied because the individual's room changes, the individual's price agreement day and agreed accommodation payment amount may change for the purposes of this section.

Step 2. Multiply the rate worked out at step 1 by the agreed accommodation payment amount.

Step 3. Work out the individual's **maximum possible daily accommodation payment amount** by dividing the amount worked out at step 2 by 365 (rounding the result to 2 decimal places, rounding up if the third decimal place is 5 or more).

Step 4. Apply any applicable indexation to the step 3 amount in accordance with section 302-10.

Note: Indexation is not applied for certain classes of individuals: see section 302-17.

- (4) For the purposes of complying with subsection (2), the daily accommodation payment amount that the registered provider could charge the individual for the relevant day if the individual has paid a refundable accommodation deposit on or before that day is worked out as follows:

Step. 1 Work out under subsection (3) the amount the registered provider could charge as a daily accommodation payment amount (as if no refundable accommodation deposit had been made).

- (1) For the purposes of paragraph 298(c) of the Act, subsection (2) prescribes the circumstances in which that paragraph of the Act does not apply in relation to the charging of an accommodation contribution for the delivery of ongoing funded aged care services to an individual through the service group residential care in an approved residential care home.
- (2) The circumstances are that:
 - (a) the individual is in the post-2014 residential accommodation class; and
 - (b) immediately before the transition time, the individual was receiving residential care through a residential care service (within the meaning of the old Act); and
 - (c) since the transition time, the individual has not ceased accessing ongoing funded aged care services through the residential care service group in an approved residential care home.

298-10 Charging of accommodation contributions—requirements

- (1) For the purposes of paragraph 298(e) of the Act, this section prescribes requirements a registered provider must comply with in relation to the charging of an accommodation contribution to an individual for the delivery of ongoing funded aged care services to the individual in an approved residential care home.
- (2) The registered provider must ensure that, for a day (the *relevant day*), there is equivalence between:
 - (a) the individual's daily accommodation contribution amount; and
 - (b) the maximum refundable accommodation contribution amount that the individual may be charged.
- (3) For the purpose of complying with subsection (2), the maximum refundable accommodation contribution amount that the registered provider could charge the individual for the relevant day must be the amount worked out as follows:

- Step 1. Work out the maximum amount of daily accommodation contribution the individual could be charged for the relevant day having regard to paragraphs 298(b) and (c) of the Act.
- Step 2. Multiply the amount worked out at step 1 by 365 (rounding the result to 2 decimal places, rounding up if the third decimal place is 5 or more).
- Step 3. Divide the amount worked out at step 2 by the maximum permissible interest rate for the individual's start day for the classification type ongoing for the service group residential care in relation to the approved residential care home.

<p>Step 1. Work out the maximum permissible interest rate for the individual's start day for the classification type ongoing for the service group residential care in relation to the approved residential care home.</p> <p>Step 2. Work out the amount that is the difference between:</p> <ul style="list-style-type: none">(a) the maximum refundable accommodation contribution amount for the individual for the relevant day worked out under subsection (3); and(b) the individual's refundable deposit balance for the relevant day. <p>Step 3. Multiply the rate worked out at step 1 by the amount worked out at step 2.</p> <p>Step 4. Divide the amount worked out at step 3 by 365 (rounding the result to 2 decimal places, rounding up if the third decimal place is 5 or more).</p>

Division 6—Charging of daily payments

301-5 Charging interest

For the purposes of subsection 301(3) of the Act, the maximum rate for a day is worked out as follows:

- Step 1. Work out the general interest charge rate for the day under subsection 8AAD(1) of the *Taxation Administration Act 1953*.
- Step 2. Multiply the rate worked out at step 1 by the number of days in the calendar year in which the day falls.
- Step 3. Subtract 3 percentage points from the amount worked out at step 2.

302-10 Daily accommodation payments—indexation

- (1) For the purposes of paragraphs 302(b) and (c) of the Act, the maximum possible daily accommodation payment amount for an individual is indexed on an indexation day by replacing the amount with the amount worked out using the following method:

- Step 1. Work out the individual's maximum possible daily accommodation payment amount (disregarding any indexation previously applied to that amount in accordance with this section).
- Step 2. Work out the indexation factor by dividing the DAP index number for the indexation day by the DAP index number for the individual's reference indexation day (rounding the result to 4 decimal places, rounding up if the fifth decimal place is 5 or more).
- Note: For DAP index numbers see section 302-15.
- Step 3. Multiply the amount worked out under step 1 by the indexation factor worked out under step 2 (rounding the result to 2 decimal places, rounding up if the third decimal place is 5 or more).

- (2) In this section:

indexation day means:

- (a) 20 March; and
- (b) 20 September.

reference indexation day for an individual and an approved residential care home means the indexation day before the first indexation day that occurs after the later of the following:

- (a) the individual's start day in relation to the approved residential care home;
- (b) if the individual moves to a new room, or part of a room, in the approved residential care home—the day the individual occupies the new room or the part of the room.

Section 302-15

302-15 Daily payments—DAP index numbers

For the purposes of step 2 of the method in section 302-10, the **DAP index number** for an indexation day is worked out using the following table:

annual repayment is the amount of the recoverable amount that the System Governor believes would be recovered under Division 2 of Part 13 of Chapter 6 of the Act in a year if subsection 523(4) of the Act did not apply in relation to the recoverable amount.
