(2.) Where any such declaration is proposed to be made by the Board, the Board shall, by notice published in the Gazette, and in such other manner, as it deems fit, notify its intention to make that declaration.

(3.) Any notification made in pursuance of the last preceding sub-section shall specify a date before which representations may be made to the Board, by or on behalf of employers or employees in the trade, whether for or against the trade being declared to be an apprenticeship trade.

(4.) The Minister or the Board may, at any time, by notice published in the Gazette, revoke, amend or vary any notice published in pursuance of sub-section (1.) of this section, and any notice so amended or varied shall take effect accordingly.

17.—(1.) The Board shall make such investigations as are directed by the Minister, or as the Board thinks necessary, with respect to—

(a) the preparatory education required in the case of each apprenticeship trade in order to qualify a person to enter into apprenticeship in that trade;
(b) the apprenticeship course required in the case of each apprenticeship trade or part thereof, setting out the general and technical education and the trade experience necessary for that course;

18.—(1.) The Board, in every period of twelve months commencing on a date to be determined by the Minister, shall—

(a) estimate the maximum number of new apprentices to be taken in each apprenticeship trade or by any employer in that trade during the next ensuing period of twelve months having regard to—

(i) the number of apprentices in that trade or indentured to any such employer; and
(ii) the condition and prospects of the trade; and

(b) declare by notice published in the Gazette the maximum number of new apprentices that may be taken in that trade or by any such employer (as the case may be) during the next ensuing period of twelve months:

Provided that, if during any period to which a notice under paragraph (b) of this sub-section relates, conditions arise in the trade which, in the opinion of the Board (after conferring with the trade committee concerned or its representatives) make it undesirable to permit the taking of the maximum number of
apprentices prescribed in the notice for the trade or for any employer therein, the Board may, by notice published in the Gazette, amend or vary the notice in force, and any notice so amended or varied shall take effect accordingly.

(2.) When any such notice has been published, no new apprentice shall, during the period of twelve months to which the notice relates—

(a) be taken in the trade in excess of the number prescribed in the notice for that trade; or

(b) be taken by any employer in the trade in excess of the number prescribed in the notice for that employer.

Division 2.—Admission of Apprentices to Apprenticeship Trades.

19.—(1.) No minor who is not a journeyman shall, after the date fixed by the Board by notice in the Gazette, be employed or engaged in any apprenticeship trade except as an apprentice or trainee apprentice or in pursuance of this Ordinance.

(2.) For the purposes of this Ordinance, a minor shall be deemed to be employed or engaged in a trade when he customarily works with the recognized tools of trade at the request or under the direction of, or in association with, an employer, master, or journeyman in the trade.

(3.) This section shall not apply to any person who, prior to the date fixed pursuant to sub-section (1.) of this section, is engaged as a junior or improver in any apprenticeship trade, but nothing in this section shall prevent such person from applying for apprenticeship.

20.—(1.) Subject to this Ordinance, any person desiring to become an apprentice in any apprenticeship trade shall apply to the Board for permission to do so.

(2.) An application under this section shall be accompanied by a copy of the proposed indentures (if a copy is available) and satisfactory evidence of the applicant having the preparatory educational qualifications determined by the Board for entry into the apprenticeship trade.

(3.) On receipt of an application under this sub-section, the Board shall consider whether the proposed master has such qualifications and facilities as are necessary for teaching and instructing the applicant the trade specified in the application.

(4.) The Board may grant or refuse any such application or postpone it for further consideration.

(5.) The Board shall extend preference, all other things being equal, to the application of a trainee apprentice.

(6.) Where the Board grants the application—

(a) the applicant shall be employed for a period of three months on probation to determine his fitness or otherwise for the apprenticeship; and

(b) in the event of his becoming an apprentice upon the expiration of the probationary period, the probationary period shall be reckoned as part of the term of apprenticeship with the same master, but (unless otherwise determined by the Board) shall not be reckoned as part of the term of his apprenticeship with any other master.

(7.) Where an applicant who has been employed for the probationary period, does not become an apprentice upon the expiration of the probationary period, he shall not, if permission is subsequently granted for him to become an apprentice in the same apprenticeship trade, be employed on probation for a further period exceeding one month.

21.—(1.) Where the Board is satisfied that an applicant under the last preceding section has sufficient theoretical and practical knowledge to warrant his admission to some year of the apprenticeship course, other than the first, it may permit the applicant to be admitted to some year of the apprenticeship course other than the first year.
(2.) Where, in the opinion of the Board, an applicant has not had sufficient opportunity to obtain the preparatory educational qualifications determined by the Board for entry into the apprenticeship trade, the Board may grant the application subject to such conditions as it thinks fit.

(3.) Where an applicant does not submit with his application a copy of the proposed indentures the Board may record his name on a list to be kept for the purpose if satisfied that he had obtained the preparatory educational qualifications determined by the Board for entry into the apprenticeship trade.

(4.) Any applicant referred to in sub-section (2.) or (3.) of this section may, with the previous approval of the Board, work at any apprenticeship trade for such period and subject to such conditions as the Board thinks fit.

22.—(1.) Subject to this Ordinance, any person desiring to become a trainee apprentice in any apprenticeship trade shall apply to the Board for permission to do so.

(2.) An application under this section shall be accompanied by evidence that the applicant possesses the preparatory educational qualifications determined by the Board for entry into the apprenticeship trade and that he is enrolled under a vocational training scheme approved by the Board.

(3.) On receipt of an application under this sub-section, the Board shall consider whether the proposed master has such qualifications and facilities as are necessary for teaching and instructing the applicant the trade specified in the application.

(4.) The Board may grant or refuse any such application or postpone it for further consideration.

(5.) The Board shall extend preference to the applications of persons resident in the Territory.

(6.) Where the Board grants an application—
   (a) the applicant shall be employed for a period of three months on probation to determine his fitness or otherwise for the apprenticeship;
   (b) in the event of his becoming a trainee apprentice upon the expiration of the probationary period, the probationary period shall be reckoned as part of the term of apprenticeship; and
   (c) successive broken periods of employment of the applicant with one or more masters shall be recorded by the Registrar and reckoned by the Board as part of the trainee apprenticeship.

(7.) Where an applicant who has been employed for the probationary period does not become a trainee apprentice upon the expiration of the period of probation, he shall not, if permission be subsequently granted for him to become a trainee apprentice in the same apprenticeship trade, be employed on probation for a further period exceeding one month.

(8.) When a trainee apprentice has been employed in an apprenticeship trade for such period or periods as is or are equivalent to the period of apprenticeship applicable to that trade, the Board shall, where it is satisfied that the trainee apprentice has sufficient theoretical and practical knowledge, issue a certificate of completion of training and status as a tradesman.

(9.) The provisions of this Ordinance relating to apprentices shall, so far as they are in the opinion of the Board reasonably applicable, apply to trainee apprentices.

23. Where an apprentice has, prior to being indentured, been employed as a youth under any award made by the Industrial Board, the Board may, if it considers that the circumstances justify it, allow the apprentice to reckon that period or portion of that period as part of his apprenticeship period.
24.—(1.) Where a master and an apprentice in an apprenticeship trade are bound by a contract of apprenticeship entered into before the commencement of this Ordinance, they shall forthwith notify the Board thereof, and produce to the Registrar for registration the indentures or any writing evidencing the contract.

(2.) If the contract is not in writing, the master and apprentice and, if the Board so requires, the parent or guardian of the apprentice shall furnish to the Board a statement in writing of the facts of the case and shall execute indentures of apprenticeship in the form prescribed or determined by the Board, with such modifications as are necessary in the circumstances of each case, and shall produce the indentures to the Registrar for registration.

25.—(1.) Subject to this Ordinance, a master shall not take any person as an apprentice in an apprenticeship trade unless and until that person is bound by indentures of apprenticeship under this Ordinance.

(2.) An apprentice who is a party to any indentures of apprenticeship shall be bound thereby throughout the currency thereof, notwithstanding that the apprentice may have attained the age of twenty-one years; but, in the case of a female apprentice who marries before the expiration of the currency of the indentures, she may cancel her indentures by notice in writing to the master.

(3.) A parent or guardian of an apprentice who is a party to any such indentures shall be bound thereby until the apprentice attains the age of twenty-one years, or the expiration of the currency of the indentures, whichever first happens.

(4.) If any apprentice in an apprenticeship trade has not, during the currency of his indentures of apprenticeship, obtained the certificates of general and technical education and trade experience determined by the Board for his apprenticeship course—

(a) he may, with the approval of the Board, and the consent of his master, continue in the employment of the master for such period not exceeding six months as is specified by the Board under the like conditions and with the like rates of pay as if the indentures of apprenticeship were in force, provided no special provisions to the contrary made by the Industrial Board are in force; and

(b) if, within the period so specified, he complies with the requirements necessary for obtaining a final certificate, that certificate may be granted to him accordingly.

26.—(1.) All indentures of apprenticeship in apprenticeship trades shall be registered in the following manner:

(a) The master shall, within seven days after the execution thereof, produce the indentures in triplicate to the Registrar;

(b) If the form and term, covenants and conditions of the indentures comply with the requirements of this Ordinance, one copy shall be filed and a certificate in accordance with the form determined by the Board shall be endorsed on the other copies and signed by the Registrar;

(c) Where the parent or guardian of the apprentice is a party to the indentures, one of the copies so endorsed shall be retained by the master and the other by the parent or guardian; and

(d) Where the master and the apprentice are the only parties to the indentures, one of the copies so endorsed shall be retained by the master and the other by the apprentice.

(2.) Every copy of any indentures so endorsed and signed shall be received in evidence in any court or before any person having by law or consent of parties authority to receive and examine evidence.
Division 3.—Assignment and Cancellation of Indentures of Apprenticeship.

27.—(1.) It shall be deemed to be a condition of all indentures of apprenticeship in apprenticeship trades that any question or difference whatsoever arising between the master and the apprentice touching the indentures, or any clause or thing therein contained, or the construction thereof, or as to any matter in any way connected with or arising out of the indentures or the operation thereof or the rights, duties or liabilities of the master or apprentice in connexion therewith, shall be determined by the Board.

(2.) The Board may inquire into and determine any such question or difference and make such order as it thinks just, and, without limiting the generality of this provision, may exercise all or any of the following powers:—

(a) If it determines that any terms, covenants or conditions of the indentures were broken by the apprentice, the Board may, if it thinks fit, order that the indentures be cancelled or that the apprentice perform his duties under the indentures with or without forfeiture of so much of his wages as it determines; or

(b) If it determines that any of the terms, covenants or conditions of the indentures were broken by the master, the Board may, if it thinks fit, order that the indentures be cancelled or that they be assigned to another master, and arrange for that assignment, and may, in any case, under this paragraph, also, by order, refuse to permit the first-mentioned master to take a new apprentice for such period as it determines.

28.—(1.) In any apprenticeship trade, the Board, with the consent of the parent or guardian of the apprentice, may, for good cause shown, authorize the transfer of the apprentice, whether temporarily or permanently, from one master to another, and the assignment of the indentures of apprenticeship.

(2.) Where under this Ordinance an apprentice is transferred from one master to another, and the indentures of apprenticeship are assigned, the instrument of transfer and assignment—

(a) shall be in accordance with such form as is determined by the Board;

Examination centres—

New South Wales.—Canowindra, Griffith, Nowra, Tamworth.
Queensland.—Babinda, Mackay, Gladstone, Ipswich, Warwick.

Unless informed to the contrary, candidates should present themselves for examination at 1.45 p.m. on the date shown above, at the Post Office at which they desire appointment.

Persons Eligible to Enter.—Females (unmarried) who were born not earlier than 4th May, 1917, and not later than 3rd May, 1920, and are natural born or naturalized British subjects are entitled to apply.

Subject to good conduct, diligence and efficiency, every adult will be entitled to annual increments until a maximum of £170 is reached. Where the remuneration specified in this Notification is varied by the operation of Public Service Regulation 100a, the varied amount will replace the specified remuneration.

An officer required to live away from home may be paid a minimum remuneration of £100 per annum.

Applications—Application forms are obtainable from the Postmaster at each examination centre, and applications should be completed and lodged with the Postmaster at the centre chosen in New South Wales not later than 12 noon on Monday, the 27th April, 1936, and in Queensland not later than 6 p.m. on Thursday, the 30th April, 1936.

Applications received after the closing time and date will be rejected unless the applicant has advised the Postmaster in writing that she is forwarding an application and actually posts her application prior to the closing date.

Entrance Fee.—A postal note for 5s. made payable to the Collector of Public Moneys must accompany each application.

Eligibility.—It is anticipated that during the twelve months in which successful candidates will be eligible for appointment one vacancy will arise at each centre. At the following centres, however, it is estimated that two vacancies will arise:

New South Wales.—Tamworth.
Queensland.—Gladstone, Ipswich, Warwick.

Successful candidates will, during the period of twelve months following upon the publication of the results of the examination in the Commonwealth Gazette, be eligible for appointment as Telephonist, at the centre for which they qualify in the order of merit, provided there are no telephonists already in the Commonwealth Public Service available for transfer from other localities.

Subjects of Examination.—The subjects of examination will be:

</table>

Where two or more candidates secure the same total of marks, their order of merit shall be determined by marks obtained for (a) Arithmetic and (b) Spelling, and where those marks are equal, then by lot.

Appointment Subject to Certain Conditions.—A successful candidate must, upon appointment, produce evidence of the date of her birth and a medical certificate, certifying to the Board in such particulars as it may determine, of sound bodily health and freedom from physical defects. These certificates should not be obtained by a successful candidate until she is instructed to furnish them. Upon the confirmation of her appointment, an officer will also be required to contribute to the Commonwealth Superannuation Fund.

Qualified candidates, who on appointment are already temporarily employed, or who take up duty within fourteen days of the date of notification by the Chief Officer of their appointment, will be regarded by the Public Service Board as having entered the Service on the date of the Public Service Inspector's appointment certificate.

It should be noted by all candidates that unless they possess acute hearing, normal eyesight, a clear voice, distinct enunciation, freedom from any throat affection, and have the following arm reach, they should not enter for the examination:

If an appointee fails to pass this test her appointment will be annulled.

Text Books.—No text books are prescribed, but a booklet containing the papers prepared for a past examination may be obtained for 3d. (4d. by post) from the Commonwealth Inquiry Office, Commonwealth Bank Buildings, Martin-place, Sydney, and the Commonwealth Public Service Inspector, Brisbane.
