Special Gazettes Nos S 169, S 170, S 171, S 197, S 198, S 199,
S 200, and S 201 are herewith.

The date of publication of this Gazette is 18 June 2003
This Gazette is published by the Office of Legislative Drafting (OLD) on behalf of the Commonwealth of Australia.

OLD has experience over more than half a century as the specialist professional drafter of Commonwealth subordinate legislation.

OLD strives to maintain and enhance its reputation as a centre of drafting excellence. We produce legislative and administrative instruments of the highest standard through the innovative use of plain English, current technology and rigorous quality assurance procedures.

OLD has a working relationship with the Commonwealth’s drafter of primary legislation, the Office of Parliamentary Counsel. OLD is a member of the Parliamentary Counsel’s Committee of Australia and participates in relevant international forums.

OLD’s responsibilities
- drafting
- advising about drafting; preparing and formally notifying instruments; interpreting instruments created under a statutory power
- publishing the Government Notices Gazette
- providing ready public access to the law through SCALEplus (scaleplus.law.gov.au) and the Legislative Instruments Database (frli.law.gov.au)
- ensuring that Commonwealth legislation and explanatory material is available in easily accessible form, as it is made, and in consolidated form, as it is amended

Value-added services
We arrange the gazettal and tabling in Parliament of instruments in the Statutory Rules series, and can arrange gazettal and tabling of other instruments.

We consolidate into a principal legislative instrument any amendments made to an instrument, making copies available in hard and electronic format. On request, we can do the same for other instruments.

We publish legislative instruments drafted by OLD (including amendments and consolidations) on the Internet on SCALEplus and on the Legislative Instruments Database. On request, we can arrange the publication of other instruments in those media, assisting you to meet the Government’s policy of providing ready public access to the law.

Other assistance
We can provide advice on:
- the basis and role of delegated legislation and other instruments made under a statutory power
- the requirements and procedures for notification, tabling and disallowance of instruments
- sound techniques for developing efficient drafting instructions (important for efficient achievement of your legislative program)

Instructions for completing this document are overleaf.
What is this information used for?

A copy of this Statement of Affairs will be provided to the trustee of your estate, who will use the information in it to administer your estate.

- Part A of this document will remain confidential and will not be available to the public.
- Information from Part B of this document will be recorded on the National Personal Insolvency Index (NPII), a permanent record available to the public established by the Bankruptcy Regulations. It records personal information including the type of administration, your name (including previous names and aliases), address (including the business address and previous addresses), date of birth and occupation. These details provide a record of an individual's personal insolvency administration and assist in clearly identifying the bankrupt or debtor.
- Parts C, D and E form part of a public record and are available for public inspection. A summary of this information will be forwarded to your creditors.
- Under s 19 of the Bankruptcy Act 1966, a trustee is required to consider whether the bankrupt has committed an offence under the Act and refer to relevant law enforcement authorities any evidence of an offence by the bankrupt against this Act. Also, information may be used or disclosed if its use or disclosure is reasonably necessary for the enforcement of the criminal law (ie an offence punishable by fine or imprisonment) or of a law imposing a pecuniary penalty, or for the protection of public revenue. Information provided at Parts A to E may be used or disclosed for such purposes and provided to relevant law enforcement authorities including the Australian Federal Police and Australian Securities and Investment Commission.

Instructions for completing this form.

1. Ensure you have received and read the Prescribed Information booklet, signed the acknowledgement found in the booklet and attached it to this Statement of Affairs.
2. Complete one Statement of Affairs per person.
3. You must complete every question in Part A.
4. You must complete every question in Part B & C.
5. Go through the checklist on page 14 to determine if you need to complete Part D or E. You may need to complete D and/or E if you have been involved in a business or if you have any assets or items of value which are not exempt under the Bankruptcy Act.
6. You must complete and sign the declaration.
7. If you are bankrupt or applying to become bankrupt, lodge the completed form with ITSA.
8. If you require a fresh copy of this form to complete, you can download a copy from the ITSA website (www.itsa.gov.au) or contact your nearest ITSA office.
9. Place a tick in appropriate boxes (or where indicated).

You will be given an administration number when you lodge this document. Please retain this number and quote it in all correspondence.

If there is not enough space for you to answer a question either:
- Copy the page, provide further details and attach it to this document
- Provide any additional information on the back page

AMENDMENTS TO THE ADOPTED NATIONAL EXPOSURE STANDARDS FOR ATMOSPHERIC CONTAMINANTS IN THE OCCUPATIONAL ENVIRONMENT (SOURCE A UPDATES BATCH 3) 2003

TITLE

The amendments may be cited as Amendments to the Adopted National Exposure Standards for Atmospheric Contaminants in the Occupational Environment (Source A Updates Batch 3) 2003.

OBJECTIVE

The objective of these amendments is to update the National Exposure Standards maintained by the National Occupational Health and Safety Commission by replacing the existing standards for several substances and adding a standard for one substance.

In preparation for declaring amendments to the National Exposure Standards, NOHSC invited representations from any interested persons to identify issues of concern and those requiring attention. Representations were received between August 2002 and November 2002.

NOHSC has, after considering public representations, declared the amendments to the National Exposure Standards. The revised standards are for the following substances: dimethylamine; ethyl acetate; ethylamine; pentyl acetate isomers (namely n-amyl acetate, sec-amyl acetate, and isoamyl acetate); and (2-methoxymethylethoxy) propanol. The new standard is for 1-methoxy-2-propanol acetate.

AMENDMENT TO THE ADOPTED NATIONAL EXPOSURE STANDARDS FOR ATMOSPHERIC CONTAMINANTS IN THE OCCUPATIONAL ENVIRONMENT (SOURCE D UPDATE) 2003

TITLE

The amendment may be cited as Amendment to the Adopted National Exposure Standards for Atmospheric Contaminants in the Occupational Environment (Source D Update) 2003.

OBJECTIVE

The objective of this amendment is to update the National Exposure Standards maintained by the National Occupational Health and Safety Commission by replacing the existing exposure standard for benzene.

Benzene is a chemical used extensively in the synthesis of other chemicals, and which occurs naturally in fossil fuels. Large quantities of benzene are produced during the refining of petroleum and it is also retained as a component of petrol.

Benzene was the subject of a Priority Existing Chemical (PEC) assessment by the National Industrial Chemicals Notification and Assessment Scheme (NICNAS) in 2001. This report indicated that the exposure standard for benzene be lowered from the existing level of 5 parts per million (ppm), due to the possible adverse health effects that can result from exposure to benzene. These health effects include cancer. The PEC assessment forms the main scientific documentation that supports the amendment to the National Exposure Standard.

In preparation for declaring the amendment to the benzene exposure standard, NOHSC established a specialist advisory group that considered the PEC report and recommended an exposure standard (TWAs: time weighted average, 8 hours) 1 ppm (3.2 mg/m³). NOHSC invited representations from any interested persons to identify issues of concern and those requiring attention. Representations were received between May 2002 and November 2002.

NOHSC also sought additional comment on the possibility of further reducing the exposure standard to 0.5 ppm. Any such further amendment to the National Exposure Standard would take place at a later date, and would require another specific public comment process at that time.

NOHSC has, after considering public representations, declared the recommended amendment to the benzene exposure standard.

- to include the National List of Exemptions from the chrysotile prohibition, and
- the prohibition on the use of actinolite, anthophyllite and tremolite asbestos.

TITLE

This amendment may be cited as an Amendment to Schedule 2 of the National Model Regulations for the Control of Workplace Hazardous Substances (Prohibition of Asbestos) 2001.

OBJECTIVE

The objective of this amendment is to:

(a) introduce a prohibition on the use of chrysotile asbestos in Australia with effect from no later than 31 December 2003;

(b) introduce a prohibition on the use of actinolite, anthophyllite and tremolite asbestos with effect from no later than 31 December 2003; and

(c) consolidate current asbestos prohibitions and amend Schedule 2 further by including the National List of Exemptions from the chrysotile prohibition.

In preparation for declaring the National List of Exemptions, public comment was sought. The development of the List was guided by principles, which emphasised that exemptions are to be limited in scope; to operate usually for a time limited period and only where there are substantially greater risks to safety if chrysotile is not used.

Public comment was also sought in preparation for declaring a prohibition on the use of actinolite, anthophyllite and tremolite asbestos, and was in general support of the prohibition, as there are no known commercial uses.

NOHSC has, after considering public representations, declared an Amendment to Schedule 2 of the National Model Regulations for the Control of Workplace Hazardous Substances to include the National List of Exemptions from the chrysotile prohibition, and a prohibition on the use of actinolite, anthophyllite and tremolite asbestos.

NOTICE OF A DECISION UNDER SECTION 77(3)

Pursuant to section 77(3) of the *Environment Protection and Biodiversity Conservation Act 1999* and paragraph 16.02(1)(a) of the *Environment Protection and Biodiversity Conservation Regulations 2000*, notice is hereby given that, in deciding whether an action is a controlled action or not, the Minister for the Environment and Heritage or a delegate of that Minister, decided that a provision of Part 3 of the Act is not a controlling provision for each action identified in columns 1 and 2 of each row of the following table because of the manner specified in which the action will be taken.

| Reference No | Title of action                                                                 | Component Decision - Controlling Provisions and Manner of undertaking the action                                                                                                                                                                                                                                                                                                                                 |

- Disposal of dredge spoil will be managed to avoid impacts on coastal saltmarsh habitat at the southern end of the site (identified in Figure 2 of the Terrestrial Flora and Fauna Assessment of a proposed Port at Barry Beach, Victoria, December 2002 by Biosis Research). Management measures will include temporary fencing/signage to avoid inadvertent access and disturbance to this area during construction. In addition, specific measures will be implemented, if necessary, to ensure that spoil dewatering or runoff does not reach the coastal saltmarsh area (eg. temporary bunding, separation drainage or silt fences).  
- Clearing or disturbance of the heathy woodland area (identified in Figure 2 of the Terrestrial Flora and Fauna Assessment of a proposed Port at Barry Beach, Victoria, December 2002 by Biosis Research), located in the northeast of the site, will be avoided. Existing roads will be utilised through the area only.  
- Ancon Australia Pty Ltd will continue to maintain a fence between its access road along the corridor to the north of the Heathy Woodland and the Heathy Woodland itself, to avoid inadvertent access to the area.                                                                                                                                 |

s 12 World Heritage values of a declared World Heritage property

- The precise location of each site to be excavated will be identified prior to the excavation (including GPS coordinates).
- The volume of the potential resource (original and current) of each site to be excavated will be evaluated according to established methodology.
- No more than 25% of the potential (original) resource for a small site (less than 0.5m³) and no more than 50% of the potential (original) resource for a large site (greater than 15 m³) will be excavated.
- A report will be provided to Environment Australia, prior to the anticipated 2004 field season, detailing identification, evaluation and volume of excavated fossiliferous material for each site excavated in the 2003 field season (with particular reference to extraction of Oligo-Miocene stratigraphic sequences known as Systems A, B and C), and an estimate (where possible) of the percentage of the original resource remaining, to assist in quantification of the resource and understanding of the values of the Riversleigh component of the Australian Fossil Mammal Sites World Heritage property.

s 18 a listed threatened species or ecological community

- Infrastructure, including roads and wind turbines, will be located so that core potential habitat areas for the Southern Emu-wren and Western Whipbird are avoided to the greatest extent practicable.
- New roads required for construction and maintenance activities will be kept to the minimum width required for safe access purposes (for example, maximum of 5 metres for general access and 10 metres for construction access) within habitat areas for the Southern Emu-
wren and in areas identified as providing suitable habitat for the Western Whipbird. Any wider roads established within these areas for the construction phase (eg 10 metre width) will be rehabilitated to an acceptable width for general access and maintenance (eg 5 metres) following the conclusion of construction.

- Areas subject to temporary disturbance (eg road verges, cable trench-lines, blade laydown areas) will be minimised and revegetated within 12 months following disturbance to minimise the potential for habitat fragmentation.

- Areas of moderate quality habitat for the Southern Emu-wren will not be disturbed immediately prior to and during the breeding season (August to January inclusive), wherever possible.

- Vehicular traffic will be restricted to a maximum 40 km/hr on roads/access tracks within areas mapped as moderate habitat for the Southern Emu-wren and in areas identified as providing suitable habitat for the Western Whipbird (essentially where roads pass through dense thickets of low eucalypt, mallee and coastal scrub).

- Vehicular traffic will be restricted to a maximum 60 km/hr on roads/access tracks within areas mapped as poor habitat for the Southern Emu-wren and in areas providing potential opportunistic habitat for the Western Whipbird (essentially where roads pass through thickets of low eucalypt, mallee and coastal scrub of moderate or low density).

- The induction program for construction and maintenance workers will include information on specific measures required to avoid, or minimise, impacts on the Southern Emu-wren and Western Whipbird, and their habitat. In particular,
instructions will be provided on speed restrictions, avoidance of incidental damage to habitat areas, reporting procedures in the event of bird strike or other incident involving the Southern Emu-wren, Western Whipbird or their habitat, and procedures for notification of incidents to relevant State authorities.

• Firebreaks or other incidental clearing needed for ongoing management of the site will not occur in areas mapped as moderate quality habitat for the Southern Emu-wren or areas identified as providing suitable habitat for the Western Whipbird, except if absolutely necessary for safety or emergency requirements.

COMMONWEALTH OF AUSTRALIA
Environment Protection and Biodiversity Conservation Act 1999
DECLARATION OF AN
APPROVED WILDLIFE TRADE OPERATION

I, Ms Anne-Marie Josephine Delahunt, Assistant Secretary, Wildlife Branch, as Delegate of the Minister for the Environment and Heritage under the Environment Protection and Biodiversity Conservation Act 1999 as amended (the Act), am satisfied that an operation to harvest flora by Rich River Cut Flower Suppliers, Victoria is a small-scale operation as defined by regulation 9A.20 under Section 303FN (10) and hereby declare under subsection 303FN(2) that the operation is an Approved Wildlife Trade Operation.

Unless amended or revoked, this declaration has effect subject to the following conditions applied under S303FT:

1. Harvest is restricted to harvesting of flower stems of Pycnosorus globosus and Calocephalus soweri carried out by Rich River Cut Flower Suppliers of Torrumbarry, Victoria from private land in the Shires of Campaspe, Corowa and Wangaratta.

2. Harvesting operations are to be conducted in accordance with the harvest proposal submitted by Rich River Cut Flower Suppliers in November 2002 and in accordance with any relevant state permits.

3. A maximum of 50% of Pycnosorus globosus at each harvesting site may be harvested in any one season provided at least 50 viable culms per 10m² is retained. A maximum of 50% of Calocephalus soweri at each harvesting site may be harvested in any one season provided at least 50 viable culms per 10m² is retained.

4. Permission to clear native vegetation must be granted by the Shires of Campaspe, Corowa and Wangaratta.

5. For the harvest of both Calocephalus soweri and Pycnosorus globosus, photographic monitoring points are to be established on each Crown allotment. Pre and post harvesting photographs are to be taken on an annual basis and forwarded to the Senior Planner, Department of Sustainability and Environment, Bendigo.

6. Harvest figures are to be recorded and submitted annually to Environment Australia.

7. This declaration is valid for three years from the date of gazetted of this declaration.

Dated this day of June 2003

Deputy of the Minister for the Environment and Heritage

Subject to the Administrative Appeals Tribunal Act 1975, a person or persons whose interests are affected by this declaration may, within 28 days, make an application in writing to Environment Australia for the reasons for the decision. An application for independent review of the decision may be made to the Administrative Appeals Tribunal, on payment of the relevant fee, by or on behalf of the person or persons whose interests are affected, either within 28 days of receipt of the reasons for the decision, or within 28 days of this declaration if reasons for the decision are not sought. Environment Protection and Biodiversity Conservation Act 1999

Amendment of List of Exempt Native Specimens

I, DAVID ALISTAIR KEMP, Minister for the Environment and Heritage, pursuant to subsection 303DC(1) of the Environment Protection and Biodiversity Conservation Act 1999, hereby amend the list of exempt native specimens established under section 303DB of the Act by including in the list the following specimens:

- Specimens that are or are derived from fish or invertebrates, taken in the Northern Territory Timor Reef Fishery, as defined in the Northern Territory Fisheries Act 1988 and Fisheries Regulation, other than specimens belonging to an eligible listed threatened species.

with a notation that inclusion of the specimens in the list is subject to the following restrictions or conditions:

- the specimen , or the fish or invertebrate from which it is derived, was taken lawfully;
- The specimen is included on the list until 11 May 2008.

Dated this 13th day of May 2003

..........................David Kemp..........................
Minister for the Environment and Heritage
The following Determination is made under subsection 248 (1) of the Superannuation Act 1976, in accordance with a resolution of the CSS Board dated 4 June 2003. This Determination was signed under the common seal of the CSS Board on 4 June 2003 by P. Reynolds (Chairperson) and W. Hall (Member).

Citation
1. This Determination may be cited as Superannuation (CSS) Assets Transfer (PSS Fund) Determination No. 8.

Interpretation
2. In this Determination:

"exit day", in relation to a transferee, means the day before the transferee became a member of the Public Sector Superannuation Scheme established under the Superannuation Act 1990;

"relevant day" means 30 June 2001.

"the Act" means the Superannuation Act 1976;

"the PSS" means the superannuation scheme established under the Superannuation Act 1990 and known as the Public Sector Superannuation Scheme;

"the transfer day" means 30 June 2003; and

"transferee" means a person referred to in section 245 of the Act who became a member of the PSS in the period from 1 July 2001 to 30 June 2002.

Transfer of assets
3. For the purposes of paragraph 248(1)(a) of the Act, CSS Fund assets that at the end of the transfer day fairly and equitably represent as nearly as is practicable the sum of the transfer amounts calculated in accordance with the formula in clause 4 are to be transferred on the transfer day to the PSS Fund.

4. The formula for calculation of a transfer amount in respect of transferees is:

\[ \frac{((A+B+C) \times D)}{3} \]

Where:

"A" is calculated by the formula

\[ F \times (1+r) \]

in which, for each Schedule:
"F" is the share of CSS Fund assets as at the end of the relevant day that represented, after deduction of all known liabilities, the amounts specified in Column 3 of the Schedule, attributable to the number of transferees specified in Column 2 of the Schedule who became members of the PSS on the day following the exit day specified in Column 1 of the Schedule.

"r" is the rate of return of the CSS Fund for the period beginning on the day after the relevant day and ending on the exit day;

"B" is the amount specified in Column 4 of the Schedule;

"C" is the interest applicable to the amounts in Column 4 of the Schedule by applying the rate of return of the CSS Fund for the period beginning on the day after the relevant day and ending on the exit day;

"D" is calculated by the formula

$$1 + r^*$$

in which "r*" is the rate of return of the CSS Fund for the period beginning on the day following the exit day specified in Column 1 of the Schedule and ending on the transfer day.

COMMONWEALTH OF AUSTRALIA

THERAPEUTIC GOODS ACT 1989

SECTION 14 NOTICE

On 29 May 2003, the delegate of the Secretary of the Department of Health and Ageing for the purposes of subsection 14(1) of the Therapeutic Goods Act 1989 ("the Act") gave his consent for Sigma Pharmaceuticals Pty Ltd, 96 Merrindale Drive, Croydon VIC ("the Company") to supply the phenobarbitone 30 mg tablets in bottles which are exempt from compliance with Therapeutic Goods Order No 56 (TGO 56) "General standard for tablets, pills and capsules", specifically TGO clauses 9 and 14, which require that the tablets meet the dissolution requirements of the relevant USP monograph.

For the purposes of subsection 15(1) of the Act, the Company must adhere to the following conditions in supplying the product.

1. The exemption applies only to batch number 33225 (Expiry date: 5/08, 13,957 bottles).

2. No other changes have been made to the product.
COMMONWEALTH OF AUSTRALIA
National Health Act 1953
PHARMACEUTICAL BENEFITS
DETERMINATION UNDER SUBSECTION 84C(7)

I, ALLAN RAYMOND RENNIE, Assistant Secretary, Pharmaceutical Access and Quality Branch, Department of Health and Ageing and Delegate of the Minister for Health and Ageing, pursuant to subsection 84C(7) of the National Health Act 1953, having in accordance with subsection 84C(9) of the National Health Act 1953 obtained the written agreement of the Pharmacy Guild of Australia, hereby make the following Determination:

1. This Determination shall come into operation on 1 August 2003.

2. The Determination under subsection 84C(7) of the National Health Act 1953 made on 8 July 2002 with effect from 1 August 2002 is repealed.

3. In this Determination:

   “Act” means the National Health Act 1953;

   “extemporaneously-prepared pharmaceutical benefit” means a pharmaceutical benefit other than a ready-prepared pharmaceutical benefit;

   “ready-prepared pharmaceutical benefit” means a pharmaceutical benefit in respect of which there is in force a determination under subsection 85(6) of the Act;

3. Subject to paragraph 5, the agreed price for a pharmaceutical benefit shall be the sum of:

   (a) the Commonwealth price for the supply of the benefit by an approved pharmacist, ascertained in accordance with the determination under paragraph 98B(1)(a) of the Act that is in force on the day on which the pharmaceutical benefit is supplied, being ascertained in a manner that complies with the requirements of paragraphs 84C(8) (a), (b) and (c) of the Act; and

   (b) an additional fee, agreed, pursuant to subsection 84C(9) of the Act, with the Pharmacy Guild of Australia for the purposes of paragraph 84C(8)(d) of the Act, of:

   (i) $0.93 in the case of a ready-prepared pharmaceutical benefit, other than a ready-prepared pharmaceutical benefit that involves the admixture of ready-prepared ingredients and is determined as such in Schedule 1 of the determination in force under paragraph 98C(1)(b) of the Act; or
(ii) $1.32 in the case of an extemporaneously-prepared pharmaceutical benefit, or of a ready-prepared pharmaceutical benefit that involves the admixture of ready-prepared ingredients and is determined as such in Schedule 1 of the determination in force under paragraph 98C(1)(b) of the Act.

4. The agreed price of a pharmaceutical benefit shall not exceed the amount that the approved supplier may charge for the supply of a pharmaceutical benefit pursuant to subsection 87(2) or (3) of the Act.

Dated this 11th day of June 2003.

COMMONWEALTH OF AUSTRALIA

Trade Practices Act 1974

Consumer Protection Notice No 9 of 2003

INVITATION TO REQUEST THE AUSTRALIAN COMPETITION AND CONSUMER COMMISSION TO HOLD A CONFERENCE IN RELATION TO A PROPOSED DECLARATION OF UNSAFE GOODS

I, IAN GORDON CAMPBELL, Parliamentary Secretary to the Treasurer, pursuant to section 65J(1) of the Trade Practices Act 1974, INVITE any person who supplied or proposes to supply goods of a kind specified in the draft notice shown below to notify the Australian Competition and Consumer Commission (ACCC) in writing at the address shown below within the period of 10 days commencing on the day on which this notice is published or within such a longer period as the Commission allows, whether that person wishes the Commission to hold a conference in relation to the proposed publication of the notice under section 65C(5) of the Trade Practices Act 1974.

DRAFT NOTICE

"COMMONWEALTH OF AUSTRALIA

Trade Practices Act 1974

UNSAFE GOODS NOTICE

I, IAN GORDON CAMPBELL, Parliamentary Secretary to the Treasurer, pursuant to section 65C(5) of the Trade Practices Act 1974, hereby DECLARE that goods of the kind specified below are unsafe goods, in that it appears to me the goods will or may cause injury to a person.

The effect of this declaration is to ban the supply of these goods for a period of 18 months from the date of gazettal of this declaration.

Particulars of goods:

Yo yo water balls and similar products comprising a squeezable, soft synthetic, liquid-filled ball or other shape attached to a stretchable cord that is capable of extending to at least 500mm in length.

Dated this day of 2003

IAN CAMPBELL
Parliamentary Secretary to the Treasurer"

Summary of reasons for proposed publication:

There have been reports of the stretched cords wrapping around children's necks, resulting in a serious strangulation hazard. Sample testing of the forces generated by the synthetic cord at maximum stretch showed that the force exerted on a younger child's neck by the recoiling cord could be both frightening and potentially hazardous.

Serious adverse reactions have also been reported from contact with or ingestion of the liquid inside the ball. Sample testing showed levels of toluene (a component of petroleum) in significant but not
hazardous amounts. However any level of toluene or other hydrocarbons in a child’s toy which can be easily punctured is highly undesirable. The nature, composition and hazard levels of the liquid inside any particular ball may vary significantly.

Address for notification to the Australian Competition and Consumer Commission:

Dated this 29th day of January 2003

David Kemp
Minister for the Environment and Heritage
FISHERIES MANAGEMENT ACT 1991

DECLARATION UNDER SUBSECTION 4(2)

"AORAKI"

(Note. 3 of 2003)

1. GEOFFREY VINCENT ROHAN, delegate of the Australian Fisheries Management Authority:

(a) having been advised that the Aoraki will be lawfully imported into Australia for a limited period; and

(b) being satisfied that the extent of participation of citizens or residents of Australia either directly or indirectly, in the control of the operations of the boat in the Australian Fishing Zone during the period will be such as to justify me in declaring the Aoraki to be an Australian boat for the period:

make the following declaration under subsection 4(2) of the Fisheries Management Act 1991.

Date 29 May 2003

General Manager, Operations
Australian Fisheries Management Authority

Citation
1. This declaration may be cited as the Australian Boat Declaration No. 3 of 2003.

Commencement
2. This declaration commences on gazettal.

Interpretation
3. In this declaration:

"Aoraki" means the fishing boat known as the "Aoraki" the call sign for which is "VJT 6226".

[Note: Terms defined in the Fisheries Management Act 1991 have the same meanings in this declaration.]

Declaration that the Aoraki is taken to be an Australian boat
4. The Aoraki is, for the period commencing from date of gazettal of this notice to 1 September 2003, taken to be an Australian boat for the purposes of the Fisheries Management Act 1991.
