NOTICE OF APPLICATION FOR RENEWAL OF LICENCE UNDER SECTION 90(2) OF THE BROADCASTING SERVICES ACT 1992

In accordance with sub-section 90(2) of the Broadcasting Services Act 1992 (the Act), the Australian Communications and Media Authority (ACMA) hereby notifies that the companies listed below have lodged applications for the renewal of the following broadcasting service licences:

<table>
<thead>
<tr>
<th>Community Radio Licensees</th>

<th>Service Area</th>
<th>State</th>
</tr>
</thead>
<tbody>
<tr>

</tbody>
</table>

ACMA is required to renew these licences unless it decides that an applicant is no longer a suitable licensee. A company is a suitable licensee if ACMA does not decide that sub-section 83(2) of the Act applies to the company.

ACMA may decide that sub-section 83(2) of the Act applies to a licensee if it is satisfied that allowing the licensee to provide or continue to provide either a commercial or a community broadcasting service under a licence would lead to a significant risk of: (a) an offence against the Act or the regulations being committed; (b) or a breach of the conditions of the licence occurring.

In deciding whether these sub-sections apply, ACMA is required by sub-section 83(3) of the Act, to take into account: (a) the business record of the company; and (b) the company's record in situations requiring trust and candour; and (c) (commercial) the business record of each person who is, or would be, if a licence were allocated to the applicant, in a position to control the licence; or (community) the business record of the chief executive and each director and secretary of the applicant; and (d) the record in situations requiring trust and candour of each such person; and (e) whether the company, or a person referred to in paragraph (c) or (d), has been convicted of an offence against this Act or the regulations.

Under sub-section 91(2A) of the Act, ACMA may also refuse to renew a community broadcasting licence if, having regard to matters in paragraphs 84(2)(a) to (f), it considers that it would not allocate such a licence if it were deciding whether to allocate the licence to the licensee.

The Act does not require ACMA to hold an investigation or a hearing into whether a community licence should be renewed (sub-section 91(3)).

The ACMA is required to renew these licences unless it decides that an applicant is no longer a suitable licensee. A company is a suitable licensee if the ACMA does not decide that sub-section 41(2) of the Act applies to the company.

Assistant Secretary
Environment Protection Branch
Department of Sustainability, Environment, Water, Population and Communities
I, Ms Madeline Brennan, hereby give notice as follows:

The Minister for Sustainability, Environment, Water, Population and Communities, the Hon Tony Burke MP, responsible for the administration of the *Aboriginal and Torres Strait Islander Heritage Protection Act 1984* (the Act), has received an application made under section 10 of the Act seeking the protection of Bulahdelah (Alum) Mountain and a contact and encampment site at Bulahdelah, New South Wales. The applicant seeks protection of the mountain under the Act from construction of Option E route for the Bulahdelah Pacific Highway upgrade by the NSW Roads and Traffic Authority (RTA). Details of the application are outlined below.

**The applicant**

The application was lodged by Ms Estelle Carrall on behalf of Ms Cynthia Dungay Dates on 27 August 2009.

**The area sought to be protected**

The applicant describes the area in need of protection as ‘Bulahdelah Mountain and a contact and encampment site’. The area is identified on the map below.

**Claimed nature of significance**

The applicant states that Bulahdelah Mountain ‘... is a sleeping giant, a place of Tradition therefore a highly significant Aboriginal area of immeasurable cultural and spiritual significance to people of the past and present.’ She also states that ‘it contains numerous significant Aboriginal objects, archaeological sites, sacred sites, plants and animals that are an important part of Aboriginal culture and tradition’ including:

- sacred frog rock
- sacred lizard rock
- scarred trees
- guardian tree and other sacred trees
- burial trees
- ceremonial ring
- ochre ground
- healing stream
• plants used in traditional ways for foods, medicines, customs and in ceremonies
• sacred rocks
• sacred stones
• animals which are an important part of tradition, and
• artefacts and artefact scatter sites.

The applicant states that the sites are still places that people have a spiritual connection to and are still places where people of the past walked, and carried out traditions and these sites are still places that are important to Aboriginal culture and tradition today.

The applicant also notes that there is a contact and encampment site on the southern side of the river that ‘is important because it’s a documented place where Aboriginal people were camping and living in a traditional way of life even after white settlement. It’s a link to the past and the way things were, it is a highly significant place that Aboriginal people have a cultural connection to.’

**Claimed threat of injury or desecration**

The applicant states that the area specified and all of the sites identified above are under threat of injury and desecration by the construction of the Pacific Highway upgrade – Bulahdelah – Option E by the RTA. This includes the relocation of powerlines and construction of an access track.

The Minister will consider a report under section 10 of the Act in relation to the area identified for protection before deciding whether to make a declaration under section 10 of the Act. The report will deal with:

(a) the particular significance of the area to Aboriginals;
(b) the nature and extent of the threat of injury to, or desecration of, the area;
(c) the extent of the area that should be protected;
(d) the prohibitions and restrictions to be made with respect to the area;
(e) the effects the making of a declaration may have on the proprietary or pecuniary interests of persons other than the Aboriginal or Aboriginals on whose behalf the application is made;
(f) the duration of any declaration; and
(g) the extent to which the areas are or may be protected by or under a law of the State of New South Wales, and the effectiveness of any remedies available under any such law.

**Invitation to make representations**

Interested persons are invited to furnish representations in connection with my report to:

Some public notifications on the Internet and in the Gazette relating to the processing of referrals for approval under Chapter 4 of the *Environment Protection and Biodiversity Conservation Act 1999* may occasionally be missed in processing by the Department of Sustainability, Environment, Water, Population and Communities or may not meet timeframes for notification. The Department of Sustainability, Environment, Water, Population and Communities has implemented systems and ongoing quality assurance procedures to minimise any risk of missing a notification within the required timeframe. Where a missed notification is identified the practice will be to notify these even though the timeframe for notification has lapsed. This will ensure that the history of notifications for each referral is available to the public. The Department of Sustainability, Environment, Water, Population and Communities regrets any inconvenience that may be caused by a missed notification. Please note that late notifications have not affected subsequent processing of referrals or assessments and they do not affect decisions made.
