W. J. CLEMENS,  
Secretary,

D. C. McLACHLAN,  
Commissioner.

Office of the Commonwealth Public Service Commissioner,  
Melbourne, 29th January, 1915.

## COMMONWEALTH PUBLIC SERVICE.

## Examination No. 517.

FOR APPOINTMENT AS JUNIOR MECHANIC, POSTMASTER-GENERAL'S DEPARTMENT, NEW SOUTH WALES, VICTORIA, QUEENSLAND, SOUTH AUSTRALIA, WESTERN AUSTRALIA, AND TASMANIA.

(Held 5th December, 1914, to 21st January, 1915.)

THE following are the names of the candidates, in their order of merit, who were successful at the above Examination, and have thereby qualified for appointment to vacancies arising during the ensuing period of eighteen months, viz., until and including 28th July, 1916.

Successful candidates up to twice the estimated number of vacancies for each State have, where that number is available, been entered on the "Register of Qualified Candidates" in accordance with the Regulations; the names are also given of those who, though successful, were not sufficiently high on the list to be registered. In the event of the vacancies arising during the prescribed eighteen months being in excess of the number of candidates registered, such vacancies may be filled from the list of unregistered successful candidates.

Each candidate underwent the Practical Tests, but was allowed the choice of the remaining sections of the Examination, viz., Oral Examination or Written Examination. To pass the Examination a candidate was required to obtain at least 180 of the 300 marks allotted to the Practical Tests and at least 300 of the 500 marks available for the whole Examination.

A candidate from outside the Service was also required to pass a qualifying Examination in Handwriting, Spelling, and Arithmetic.

Where two or more candidates secure the same total number of marks their order of merit has been determined by the number of marks allotted for the Practical Tests, and, where such marks are equal, then by ballot.

Upon appointment, a successful candidate from outside the Service will be required to produce evidence of the date of his birth, and a medical certificate, satisfying the Commissioner in whatever particulars he may determine, of sound bodily health and freedom from physical defects. An appointee will also be required to assure his life in accordance with the Regulations.

Before a successful candidate who is subject to the universal training provisions of the Defence Act can receive appointment, he must produce evidence from the Area Officer of the Training Area in which he resides that he has fulfilled his obligations in that respect.

If a successful candidate decline to accept an appointment offered to him, or fail to reply within seven days to a communication from the Commissioner or a Public Service Inspector respecting his nomination to the Public Service, his name may be removed from the "Register of Qualified Candidates."

If a successful candidate change his address he should immediately notify the Commonwealth Public Service Inspector of his State.

## Commonwealth Public Service Act 1902.

## NOTIFICATION OF VACANCIES.

**A**PPPLICATIONS will be received by the Public Service Commissioner from persons qualified for appointment to the positions specified below.

Applicants outside the Public Service are eligible for appointment to the Administrative and Professional Divisions, but are not eligible for appointment to Clerical or General Division vacancies, unless they were in the service of a State on 1st January, 1901, or are at present permanent officers in the service of a State, or have retired from the service of the Commonwealth or of a State.

Applicants who are officers of the Public Service of a State should state the date of their appointment to the Service, present position, and salary.

Applicants from outside the Service should state their qualifications for the office they seek. Copies only of diplomas, references, testimonials, or certificates should be forwarded. If the originals are required they will be asked for.

Full names and date and year of birth should be stated, and applications must be in applicant's handwriting.

Applications should be addressed to the "Commonwealth Public Service Inspector" of the State in which the vacancy exists. If the applicant is an officer of the Commonwealth Public Service the application should be forwarded to the Inspector through the principal officer of the Department in the State in which the officer is located, *except when the vacancy is in another State, when the application should be forwarded direct by the applicant to the Inspector, a copy at the same time being forwarded to the principal officer of the Department.*

Minimum and maximum salaries where shown indicate the limits of the class or grade in which the position is classified. Subject to the provisions of the Public Service Act appointments may be made at any salary within those limits. Successful appointees must comply with the life assurance provisions of the Public Service Act and Regulations.

Officers of the Public Service should note that in any case where the minimum salary of a position in the Clerical Division is not the minimum salary of a Class, and the successful applicant is not eligible for the former by reason of not having received the salary of the next lower subdivision for twelve months, he will be granted an allowance equal to the difference between the salary for which he is eligible and the minimum salary of the position until he can be advanced by annual subdivisional increments to the latter salary.

Officers who may be transferred without promotion or increase of salary, as the result of an application for an advertised vacancy, will be required to pay their own expenses of removal unless the transfer comes within the conditions prescribed in Public Service Regulation No. 54.
