#### NOTIFICATION OF VACANCIES.

APPLICATIONS will be received by the Public Service Commissioner from persons qualified for appointment to the positions specified below.

Applicants outside the Public Service are eligible for appointment to the Administrative and Professional Divisions, but are not eligible for appointment to Clerical or General Division vacancies, unless they were in the service of a State on 1st January, 1901, or are at present permanent officers in the service of a State, or have retired from the service of the Commonwealth or of a State.

Applications must be in applicant's handwriting, and should show fully qualifications for the position sought.

In the case of applicants who are officers of the Public Service of the Commonwealth or of a State the following particulars should be set out at the foot of the application:—

Designation.....  
Office or Branch.....  
Age last birthday (in years).....  
Length of service (in years).....  
Salary (per annum).....  
Date of receipt of present salary.....

Applicants from outside the Service should state full name and date and year of birth. Copies only of diplomas, references, testimonials, or certificates should be forwarded. If the originals are required they will be asked for.

Applications should be addressed to the "Commonwealth Public Service Inspector" of the State in which the vacancy exists. If the applicant is an officer of the Commonwealth Public Service the application should be forwarded to the Inspector through the principal officer of the Department in the State in which the officer is located, *except when the vacancy is in another State, when the application should be forwarded direct by the applicant to the Inspector, a copy at the same time being forwarded to the principal officer of the Department.*

Minimum and maximum salaries where shown indicate the limits of the class or grade in which the position is classified. Subject to the provisions of the Public Service Act appointments may be made at any salary within those limits. Successful appointees must comply with the life assurance provisions of the Public Service Act and Regulations.

Officers of the Public Service should note that in any case where the minimum salary of a position in the Clerical Division is not the minimum salary of a Class, and the successful applicant is not eligible for the former by reason of not having received the salary of the next lower subdivision for twelve months, he will be granted an allowance equal to the difference between the salary for which he is eligible and the minimum salary of the position until he can be advanced by annual subdivisional increments to the latter salary.

Officers who may be transferred without promotion or increase of salary, as the result of an application for an advertised vacancy, will be required to pay their own expenses of removal unless the transfer comes within the conditions prescribed in Public Service Regulation No. 54.

Particulars of existing quarters are furnished merely for the information of officers. It is not incumbent on Departments to provide quarters, which, if provided, may be wholly or partially withdrawn at any time.
